THE health of Prince Bismarck is improving.

THE MOHAMEDS are praying against President Grant, while the Democratic politicians are howling against him. Par nobis fratrum.

SENATOR W. R. BAKER of the Central railroad voted steadily for the International railroad compromise bill. Yes, and "Luling is a nice place." Both, however, "in a horn."

THE Galveston News says that the timber on our school lands is being cut down and sold in vast quantities by immigrants who settle near the forests and are untroubled by fear of the law, which is too mild to alarm them. A colony from Illinois has put up saw mills in Clay county, and the timber appropriated is said to amount to many thousands in value monthly.

THE DEMONSTRATIONS in favor of the International railroad in nearly all parts of the State are tremendous, and Coke will have a "sweet time" of it if he vetoes the compromise bill. He is "done for," however, no matter which horn of the dilemma he takes, and that is one consolation in the midst of our wrongs and troubles. The author of them is a "dead duck."

SPEAKER Guy Bryan of Galveston, and Representative Mordella S. Munson, of Brazoria, are "catching thunder" from their constituents for their course against the International railroad. They deserve it. Two more pig-headed, big-headed, blatant, bladdery demagogues were never spawned by the sham Democracy of these modern and corrupt days. Capt. Barzies, of Houston, our old friend, is a fine fellow, and full of ability, but his head is not sufficiently "flat on top" for these great questions. He had better stay at home, practice law, make orations on set occasions, and keep out of the atmosphere of demagoguism and railroad monopolies.

THE Matrimonial News, a journal devoted to the promotion of marriage and conjugal felicity, has a wide circulation all over Great Britain. There are more than 300 advertisements in its last issue for husbands and wives. Clergymen, army officers, members of Parliament, manufacturers, merchants, physicians, chemists, farmers, university men, an earl's son, a reporter, gentlemen with expectations and gentlemen without any, bachelors and widowers, Roman Catholic and Protestant, all urge their suits through this convenient journal, which contains full announcement of characteristics, physical and spiritual, the condition, property and family connections.

THE Austin Statesman says that if the Immigration Bureau be practically knocked on the head, as proposed by the bill now pending, each town and county must do its own advertising and make the press their agents. Local newspapers will be in demand, to be sent abroad by letter-writers, and pamphlets must be published by towns and counties, and those best advertised will make most money. The Express has earnestly and persistently urged the organization of an Immigration Association for Western Texas, with headquarters in San Antonio. We shall have to come to that yet. This Democratic Legislature and administration have killed our railroad hopes, our public schools, and devoted the whole power of the Immigration Bureau to divert immigrants from the West to other parts of the State. With an organization of our own, and with the help of our own Western journals, we can do more for immigration to Western Texas than the State Bureau will ever do.

THE REPUTATION ATTITUDE and tendencies of a large part of the Democratic party of Texas, with Gov. Coke at their head, in relation to the International railroad bonds, give point to the remark of the St. Louis Democrat, that reputation is a chronic ailment of modern Democracy. Whether the obligation was created by the Union, by a State, or by a county or municipality, Democratic demagogues are always found ready to appeal to the supposed self-interest of the ignorant mob, and hatred of tax-eaters called creditors is precisely the feeling of all others which jobbers called officials and jobbers always prefer to arouse. To keep the dear people from seeing the money which goes into their pockets, these patriots never fail to call attention loudly to the money which goes into the pockets of creditors. Consequently, next to "Damn a nigger," the favorite Democratic battle-cry is "Damn a bondholder."

THE Brooklyn Eagle notices the present tendency of fashionable women to the stage, and in support of its assertion that this tendency is growing, it says that in New York the stage has lately been crowded by accessions from the drawing-rooms of society. Since the opening of the Fifth Avenue Theater, a large number of women of fashion have made their debuts on its boards. There was Agnes Ethel, who achieved quite a popularity; Miss Kellogg, who became leading lady at the Brooklyn Theater; the two Dietz sisters, Linda and Ella, the latter the wife of Edward Clymer, brother of Helster Clymer, of Philadelphia; Sarah Jewett, now at Daly's; Mrs. Foster, who lately played a star engagement at the Park Theater in Brooklyn. The latest addition is the widow of a late Brooklyn and Cincinnati minister, Mrs. Gaddis.

General News. In suit for divorce of Mrs. Reese, one wife of Reese, the latter has to pay \$1000 lawyers' fees, and \$5000 alimony per year until the decision. A \$50,000 fire at Chattanooga on February 27th. A \$75,000 fire at Wichita, Kansas, on Feb. 27th. De Witt C. Seaman was killed by the care of Erie, Pa., on 27th Feb. A \$50,000 incendiary fire at the Shaker Village, Hudson, N. Y. on Feb. 27th. New York bank statement: Loans decreased \$2,833,100; specie increase, \$3,267,600; legal tenders decrease, \$249,200; deposits decrease, \$2,616,300; circulation decrease, \$1,019,900; reserve increase, \$1,425,475. Raphael Semmes, the captain of the Alabama, is lecturing in Georgia on the subject of his experiences during the rebellion. Prof. Forebay has written a letter to the Senate transportation committee in favor of the South Pass, instead of the Southwest Pass, for jetty experiments. Mr. Beecher will likely be the first witness called by the defense. He will be examined by Everts and Porter, and cross-examined by Fullerton. It is expected he will be on the stand six or twelve days. Sir Charles Lyell was buried in Westminster Abbey with great pomp. The grave is next to that of Ben Jonson. Mr. Elijah Thien Foh Laisin, a native of Shanghai, China, has been chosen class poet for the class of 1877, in the Sheffield Scientific School at Yale. Of the sum of \$50,000 required to start the mission proposed to be established on Lake Nyansa, in memory of the late Dr. Livingston, \$30,000 has been subscribed in Glasgow. Bishop Meade, of Virginia, some time since gave a piece of the carriage of Washington to a citizen of Columbus, Ohio, who has just presented it as a curiosity to the library of the State.

Latest by Mail. LOUISIANA. New Orleans, Feb. 27.—There is much dissatisfaction among the compromisers in reference to the mode of adjustment. They object to only four members of the Congressional Committee acting instead of the whole committee. It is said that members not passed upon by the Returning Board will refuse to sign the agreement demanded by Mr. Wheeler. JOHN BARKER. Topeka, Feb. 27.—Dispatches from Florence, Arizona, to Gov. Osborn, state that old John Barker has been captured there. A man answering his description was arrested at Bander, and since his arrest he has admitted that he is the veritable old Barker. The Governor has sent a requisition to Gov. Safford, of Arizona, for the delivery of the alleged Barker to the authorities of Kansas, and he is expected here in a few days.

FATAL STREET FIGHT. Cairo, Ill., Feb. 28.—Another killing-scrape occurred here to-day. In this case it is a negro woman killed by a white man in a street fight. The man struck the woman with his fist, she retaliated with a razor, and he came back at her with three pistol shots, which killed her and stopped the fight. The man is one armed, named Jack Ross, from Mound City. The woman was from Memphis, and named Alice Gibbs. Ross is not hurt much, but has been committed to jail.

JUDICIAL TROUBLES. Jeffersonville, Ind., Feb. 28.—The singular position of the Criminal Court in this and Floyd counties is the all-absorbing topic in both counties, from the fact that four-fifths of the voters and nine-tenths of the actual tax-payers are in favor of its abolishment, and yet the State senate fails to take up and pass the bill, which has passed the House. The County Commissioners are fearful that the expense of the court will bankrupt the County Treasury, and the strange conduct in the treatment of the oldest and best known attorneys, coupled with the entire absence of legal education, on the part of the Judge, has added much to the feeling of opposition to the court. The excitement in the County of Clarke is becoming so intense that the taxpayers are not slow in expressing their opinion that it would be a wise policy, if the Senate does not pass the bill to abolish the court, for the Judge to abandon his position.

WHAT BUTLER THINKS OF IT. Washington, Feb. 28.—Gen. Butler is preparing for publication in a newspaper a review of the present political situation, and the necessity for stringent legislation to protect life and property in the South. The effect of the passage of the force bill will have a disastrous consequence which will issue from its defeat. His reflections concerning the forthcoming Presidential contest, and other points are of general political importance.

CAPTAIN EAD'S OPINION. Washington, Feb. 28.—While Captain Eads is not at all pleased with the action of the Senate Transportation Committee, with reference to the improvement of the Mississippi River, he is willing to go on with the work. He thinks it a mistake to select the South instead of the Southwest Pass, and for the reason that it will take eight months longer to get the channel, and it will not be as wide.

A WOODEN COMMISSION. Washington, Feb. 28.—The House Committee on Public Lands has instructed Mr. Orr, of Iowa, to report a general bill for the protection of timber on the public lands of the West, the general features of which authorize the appointment by the President of men of approved attainments to prosecute investigations and inquiries with a view of ascertaining the annual amount of consumption, and other forest products, the probable supply for future wants, and the best means to be adopted for the preservation and restoration or planting of forests. This action was taken by the committee in accordance with the suggestions contained in the annual message of President Grant, and has the endorsement and recommendation of the American Association for the Advancement of Science.

Foreign News. HAVANA, March 3.—Captain Gen. Concha has sailed for Spain. He issued a proclamation before his departure, in which he says: "I leave you less prosperous than you still were in 1868 and 1869, as the insurance you still devastate extensively, though principally in the barren portions of the island. I did not promise you on my arrival to liberate you from the evil, for I then said the war had lasted and might be prolonged, owing to its peculiar condition, but the character of the war has changed." The Captain-General then refers to foreigners commanding the enemy, terms the insurgents bandits and declares their plans in the Cinco Villas district have been frustrated. He closes by telling the people that in order to restore peace in the island it will be necessary for them to sacrifice a part of their fortune to pay the public debt and maintain the army and navy in an efficient condition. The soldiers, volunteers and firemen are complimented for their patriotic sacrifices. Gen. Figueroa retains command of the island as acting Captain-General.

Professional opinions are not infallible; and they are never wider of the mark than when they pronounce Chronic Dyspepsia an incurable disease. It is cured by its pangs, the faculty usually prescribes air, exercise, and brandy. The first two are God's medicines; the last is a naturally potent medicine. The only medicine needed in Dyspepsia and its concomitants is Dr. J. WALKER'S CALIFORNIA VINEGAR BITTERS, the great vegetable tonic of the age.

To the Sickened. No matter under what form of ailments you labor, there is no great truth you should keep in mind: All disease originates in an impure condition of the blood. LOCAL AFFAIRS.

We call attention to advertisement of three horses stowed or stolen, by Mr. J. C. Myers, with reward offered.

MR. ECKENROTH, next door West of the Express office, is a skilled artist in all kinds of hair work, and those who wish any work in that line would do well to call upon him, whether they be ladies or gentlemen. We can assure them that they will not be disappointed.

Mrs. C. C. GILLESPIE, on Soledad street, at Mrs. Judge Paschal's place, furnishes, at her own table, as good meals as can be found in the city at \$3.50 a week. dif

THE SONGER heretofore advertised to take place at the Casino on Saturday night next, has been postponed. The members of the Association will take due notice and govern themselves accordingly.

ST. PATRICK'S DAY occurs on the 17th, and will be celebrated by the Irish-American Association in fine style, as we have been informed. These old festivals of the olden time should not be allowed to fall into disuse, whether they be of Celtic, Teutonic, or Latin origin.

PANCOAST & SON keep up with all the latest styles for their CUSTOMERS. Keep first class goods and do first class work. Give them a call.

THE WEATHER is charming. The nights and mornings are cool, and the days are warm and sunny. All nature is beginning to be veiled in a thin and delicate mantle of green, preparatory to coming out in the gorgeous robes and resplendent and variegated colors of the later season. The plows and the spades are actively at work in all directions, and the humble seeds from which are shortly to spring our healthful vegetables, our beautiful and fragrant flowers, and our delicious fruits, are now being rapidly put in the ground.

L. ENYART next Tuesday or Wednesday will have Harper's Weekly and Bazar, and those who wish those tasteful and valuable journals would do well to call promptly, as they sell in the shortest sort of order. The last Weekly was a very fine one, and so was the Bazar, but the latter sold off so quickly that we could not get one. We notice that the splendid magazines produced in the United States, and which cannot be surpassed in any part of the world, do not sell here as they ought. They are absolutely necessary to a refined and large culture, and those who neglect them do themselves and their families great damage.

A LOT of choice HATS, of the very latest styles, just received at PANCOAST & SON, Nov. 4th, 1874.

THE VAUDEVILLE THEATRE is now having a splendid run. The performance last night was a great success. The company is a highly talented one, the performances are all tasteful, and cannot offend the most scrupulous or fastidious. The proprietor, Mr. D. G. Broussard, has displayed great skill and energy, and has been ably supported by the versatile genius of Mr. P. H. Seaman, Manager and General Performer. Miss Mollie Sommers is a special favorite with all who have heard her, and Miss Annie Sommers, Miss Mary Olive and the other ladies, are very popular, especially Johnny Smith, Johnny Pierce Gayner, Butler, McFotyre, are all favorite players. Miss Viola Stanley, a new Song and Dance lady, and Miss Mattie Roger, a renowned serio-comic Jig Dancer, are engaged, and will soon appear.

SPR that though by using CLAYTON'S WILD CHERRY and RHEUMATISM. For sale by J. CLAYTON and A. DREISS.

THE FRUIT CROP in all this region of country will be a most abundant one, should we escape an untimely frost. Potatoes especially will be plentiful. We do not know of much success as yet in the production of apples. The figs are apt to be fine anyway. What a pity that there are not thousands of fig trees where there are only hundreds! Grapes also are produced in profusion, and of the best quality, in all this country, but like the fig trees, the grape vines and vineyards are entirely too few. This country could be equal to California in the production of grapes and wine were sufficient enterprise, labor, skill, and capital invested in the business.

JUDON URSON is carpentering and gardening at a tremendous rate. The ditches all around his place are open, ready for irrigation as soon as needed. Trees and shrubs and vines are being planted out about his home. And he has actually made with his own hands, several circular pieces of ornamental lattice work for the vines to run on. We are glad that the Judge has concluded to add the useful to the ornamental. We rather suspect that he is intrigued with politics and politicians, since his favorites, Coke and Ireland, have turned out so badly as since they inveigled him and his Western brethren into that Cuke "indorsement" and Scholcher nomination at Goliad. Be that as it may, the Judge is a true friend of San Antonio and Western Texas, and is setting a good example in the way of establishing those beautiful homes which are so appropriate in this glorious climate.

GRAND OPENING ON THE 10th of March, 1875.

MICHAEL & Co. will open on the 10th of March next, a first class Billiard Saloon and Bar-Room, in Levenson's Bazar, opposite the National Bank. It will be a pleasant place of resort for gentlemen who wish to pass a leisure hour.

The very best and best Wines, Brandy, Whiskies, and other liquors, with delightful cigars, tobaccos, lunches, and all other comforts, will be kept constantly on hand. 27-3-25

THE LUNCH spread by the devoted and enterprising ladies of the Presbyterian Church, to assist in raising some very necessary funds for the benefit of that church, of which we spoke yesterday, was repeated to-day, and will also be continued to-morrow. It is to be found in the building on Commerce street, on the South side, opposite Moke & Bro. The price of admission is only 50 cents, the fare is excellent, the company is most agreeable, and the funds are to be applied to a most laudable purpose. Let all the ladies and gentlemen, who can possibly do so, go there and eat dinner to-morrow, at any time between 12 and 3 o'clock.

FLANNELS and Merino, Under Wear, and a good stock of first class furnishings, goods at PANCOAST & SON.

"ANY NEWS from Austin?" That is the question that one hears every ten steps in perambulating the streets. "Has Coke signed the international compromise bill?" is another question that everybody is asking everybody else. Another question continually asked is, "Do you think he will veto the bill?" The discussion goes on from morning till night, and until late in the night. The opinions expressed are as various and different as the faces of the men engaged in the discussion. Should Coke veto the bill, the reputation of the city for good morals and a "pure speech" would suffer disastrously. The swearing of the "army in Flanders" was nothing compared to what would be heard here. The suspense is becoming intolerable, and there is a feverish excitement observable everywhere. Some say that if Coke allows the bill to become a law without his signature, by mere lapse of time, he is "no man at all." Others say that they do not care a cent how it becomes a law, so we get the railroad. It is evident that nobody here has any use for Coke, whether he approves or vetoes the bill; they only want that railroad. Ireland should come here after the veto, and make a speech in support of it. It would be "rich."

THE BLACK HILLS Reports of a Returned Explorer. SIOUX CITY, IOWA, Feb. 27.—A Sioux City Journal special from Yankton says that Eph Wichee, a well known citizen of Sioux City, member of the recent expedition to the Black Hills, arrived in Yankton to-day. He reports having left his companions at the stockade of the expedition, within two miles of Harney's Peak, on Box Elder Creek, on the 3d instant. Wichee says the expedition was composed of twenty-seven men and one lady and her son. There were six wagons, well armed, some mounted and supplied with provisions and mining tools.

The expedition left here October 6th, struck the Niobrara about 120 miles above its mouth and followed that stream some distance, then struck across the country to a point east of the Black Hills, on the Cheyenne River. Met a party of 100 mounted Indians, and held peaceable parley with them. After reaching an apparently passable pass at the foot of the hills, they struck into the mountains, and, after picking their way, reached a point within two miles of Harney's Peak in fifteen days from the date of their entry into the hills. They erected a stockade eighty feet long, and built log cabins from the abundant timber; they found that cold weather greatly impeded their prospecting. They sunk twenty-five prospecting holes and struck gold in every instance, from grass to bed-rock. They found numerous gold and silver bearing quartz lodes, and specimens Mr. Wichee has brought back are pronounced very rich. The party never saw an Indian while in the Hills. Mr. Wichee describes the parts of the Hills they saw as having magnificent valleys, seemingly limitless forests of pine—spruce, spruce, oak, deer and other game. The greater portion of the return trip was made through snow drifts, over a trackless country, in most stormy and severe weather. They discovered in coming out of the Hills, what has been called the Wichee Pass, a good natural road. This shortens the way out of the Hills by thirteen days. Their animals lived on grass they found beneath the snow. Wichee says he can take loaded ox teams into the Hills from Sioux City in thirty days. The members left in the Hills are in good health and spirits. Wichee returned for reinforcements. He says there is no evidence of other parties being in the Hills. Gordon, who came with him part of the way, was delayed by his horse giving out. Nothing heard or seen of the two disastrous army expeditions sent out to intercept them.
