The German Parliament has vot ed an appropriation of \$75,000 to pay expenses of representatives to our Centennial.

Judge Divine is reported to have made a speech at Galveston in favor of St. Patrick.

It is not very consistent for Democratic newspapers in Texas to keep up their denunciation of strangers as carpet-baggers and in the same issues invite immigration to settle up our waste places.

Only one month is allowed in which to make the returns of the vote on the Constitutional Convention,-to issue the proclamation and to meet at Austin. It was evidently the intention to defeat the measure by not allowing sufficient time to execute the law.

THE Pension business is a fraud It can be proven that pensions have been secured for persons who fought against the cause of the Texas Republic, Not only have persons not entitled to pensions received them, but honds have been issued twice over to the same party. Coke's reform government is a swindle from beginning to end. Pay your

This is taken to be a bid for the nomination of the Democratic party for the Presidency. As a native of Massachusetus, the ex. President of the Confederacy no doubt feels a natural Bay State.

We stand shoulder to shoulder.

Will it Carry!

The Constitutional Convention nopolize this agitation, as Republimus regard it as the special pet of that party. From Coke down to the Democratic ward bummer, the cry has been a Constitutional Convention; they put it in their State platform, and every Democratic office-hunter pledged himself to bring about a Constitutional Convention; almost every Democratic newspaper has declared the present Constitution to be an enermity, forced upon them by Federal bayo nets, only to be tolerated until it could be done away with by a convention called under Democratic auspices / This agitation permestes the rank and file of the Democratic party, and those who bave sawn to the wind will reap the whirlwind.

The Democratic office holders,

trom Coke down, regard the Consti tutional Convention as a bitter pill, as it will end their official terms, for many of them, embracing Coke, are quite assurred that they will be left out in the new deal. Conseshow on the part of these officeholders of favoring the Convention, they are secretly working to defeat it : party pledges and party platforms sink out of sight in view of a fat office: with this army of officeholders opposing the calling of a retire eighty per cent. of the new nationconvention, will it carry ? The question of Division can no longer be blinked—it will have to be met—and division of the State, with Western Sexas as a distinct autonomy, is a foregone conclusion. Nothing can prevent it; it may be retarded, but the people of Western Texas are too intelligent, too enterprising, to be trammeled much longer by the shackles imposed by a foreign population—aye, not only foreign to them in feeling and in interest, but positively hostile to them in their every relation in life. We, of course, refer to the people beyond the Colorade.—San Antonio

What has the State of Texas ever done for education in our midst, the endowments for seminaries, colleges and universities have been all con-centrated East of the Celorado ri-ver, even of the lands granted by Congress to the several States, Texas sold her portion, put in the pocket of her agent, and then after the amount had been sweated by commissions, etc., etc., the balance she sunk in some villiage or town in Northern or Central Texas .-- 8.

The barber examined her long. glossy, chestnut locks, and hegan the bar gain. He could give eight guilden and me more. Hair was plentiful this year; the price had fallen; there was less demand and other phrases of this kind. The little maiden's eyes filled with tears, and she hesitated a moment while threading he fingers through her chestnut looks. She finally threw herself into a chair. "In God's name," she gasped," take B. guick ly." The barber, satisfied with his bar gain, was about to clinch it with his thears, when a gentleman who sat half chaved looking on, told him to stop. "My child," he said, "why do you want to sell your beautiful hair?" "My mother bas seen nearly five months ill; I can't work mongh to support us; everything has seen sold or pawned, and there is not a penny in the house. ' "No, no, my child. said the stranger; "if that is the case, I will buy your bair, and will give you t hundred guilden for it." He gave the poes firl the note, the sight of which had dried her tears, and took up the barber's shears. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfect-ed preparation for restoring Gray or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all cruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PRETAMENTATION for its intended purposes."

A Word of Advice to Travelers. The Missouri, Kanans & Texas Railway has become so well known to the people of Texas, as one of the finest and most comfortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught, in its praise. Yet we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be atriving to make their patrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go of the rwis Hammibal or Sh. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Meals are all that a treveler could wish for, and in fact there seems to be nothing left andone to render a trip over this line pleasant.

It is produced by an extra set of reeds, peculiarly yologd, from which the effect is most charming, and its imitation of the human voice is suphery.
