The voluntary testimony of thousands establishes beyond all doubt a fact of vital importance to the sick and debilitated, viz., that Hostetter's Stomach Bitters is an absolute specific for remittent and intermittent fever, dyspepsia, constipation, billoseness, mental slopression, alcopiessness, chronic diarrhos, and all diseases of the stomach, liver and bowels. The unuedicated stimulants usually prescribed in these cases only aggravate the symptoms, instead of removing them. The Bitters, on the contrary, act as a correct ive and invigorant, without producing the unpleasant and dangerous consequences of the old school practice. The action is mild and soothing to the irritated atomach and bowels, promoting digestion and preventing flatulence, names, headsole and all intestinal irregularities. A wineglassful-before meals greatly assists digestion. The convalence in many use them with great benefit, as a means of restoring strength and cheerinlness.

ty of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY.
OR FADED HATE to its youthful colors making it soft, lustrous, and silken, The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or missinatio poisons.

Ro one remedy is londer called for by the necessities of the American people than a sure and aske care for Fever and Agne. Such we are now enabled to offer, with a perfect certainty that it will cradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of issuesses service in the communities, where it prevails. Prevention is better than cure, for the patient escapes USF Tak which he must run in violent attacks of this bateril distemper. This "GURE" expels the missmalle poison of FEURE AND AGUE from the system, and provents the development of the disease, it takes on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapes. The large quantity we supply for a dellar brings it within the reach of everybody; and in billous districts, where FEURE AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. As great superiority of this remedy over any other were discovered for the speedy and certain cure of Intermittents is, that it centains no Quinism or other injurious effects whatever upon the constitution. Those curst by it are best as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the minematic poison. A great variety of disorders arise from its irritation, among which are Neurald? Hacumatism, Gout, Headachs.
