[COMMUNICATED.] Stranger's Views upon Advertising-

Editor Express: It is a fact thoroughly proved by experience that no city or business was ever success without advertising. Among the first peculiarities that engaged my attention here was the scant amount of "ads, in your papers. V hat there are, are mostly rail roads, and those from a distance. Your business men seem to have neglected or be ignorant of, I do not know which, this fussiamental basis of commer cial prosperity. Either being the case, can they expect complete success ? I think not. Ge amongst them to-day and each is complaining of a curtailing of his busi ness. One says want of rail transportstion does it. Another that the roads com ing inte other sections have carried the trade there. While others do not prognosticate the reason but merely reiterate the fact. Wrong they all are! the reason is plain, your sister cities have men who appreciate the value of advertising, they in their papers make known their goods, and invite custom, while you"lie supinely upon their backs" and await its coming San Antonio is as well known to-day as she was ten years back, but your competing cities are better known to this era than ever before, thanks to the medium ofthe press and their sensa to see it, I eay to the citizens of your city if they ever expect to do ought to recover their loss, and loss it is as they all acknowledge, they must advertise. They must remember that their city does not stand "monarch of all she surveys" as was once her wont, but that competition with life and strength in it, has risen to battle with her for the supremacy and that to battle successfully she must too use the improved arm that is now used against her with such sad havoc. No business or farther no city, can be a success where her leader of trade makes it a subject of boast that be has never advertised in any form. Yet such was the boast made to me a short time since, by one of your merchants. He should have blushed to have acknowledged his rail road ever be completed, and a few live business men come amongst you, such as he will soon Jwindle to a mere figure, stoy he werer thought was in this. THE ORIGINAL HOWE!

The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a meas complete system, combining perfection of workmanship with the largest productions at the smallest cost.

In order to obtain these results, time, labor, money, and the experience of my Liffer, as a practical mechanic, have been freely contributed, and I believe, with success. Further to facilitate the manufacture and sale of my Machines, The Howe Machine Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial Trade Mark, a Medallion, having in the centre the profile of the Inventor surrounded by the legend, "Ellas Hows, Jr., Inventor and Market, New York, U. S. A." This medallion is embedded in each Machine, andnose are the production of the Howe Machine Company unless they hear this distinguishing Trade Mark.

RUN OVER .- A young man named Robt. Davidson fell from his wagon yesterday evening on the road from Luling, near the city, and was serionely injured by the wheels passing over his body. Mr. David sor lives at Pleasanton and was hadling lumber for the new Masonie Hall to be erected in that place. He was brunght to the city this morning by a relative and taken to the Catholic hospital where he received immediate medical attention from Drs. Cupples and Herff.

THE EPISCOPALIANS.—The opening entertainment of the Episcopalians given at the Alamo Literary Hall yesterday evening, was a perfect success. The Hall was crowded with happy people who seemed bent upon having a good time. The music was fine, and the stage performance more than worth the price of admission; we forbear mentioning names, but the acting was excellent. One feature of the enter-tainment given by the hallos of a. Mark's Church is worthy of especial notice, they more than repay their visitors for coming. Their supper was not only elegant, but it was substantial and abundant. There is no sham in anything gotten up by these ladies. The tables were attended upon by ladies whose modest headgear would remind us of the old pictures of our grandmothers, but they looked pretty, as our great - grandmothers must have looked. The receipts from this opening entertainment were more than the most sanguine

expected.

THE CATHOLIC FAIR. - Last night the different Roman Catholic congregations of the esty aponed their fair in the Value buildings on the west side of the Alamo Square. At an early hour the long halls come thronged with visitors and the happy crowds surged to and fro from attraction to attraction, spending their money and having a good time. At the entrance, to the left, was a booth devoted to the handiwork of the German Catholics,the nest and elegant little articles displayed would do honor to an Eastern berar, Opposite this stand was Mrs. Twobig's stand, similar in its display, containing work of the nimble fingered convent girls; no one could pass this stand without wishing to become possessor of

some sonvernir.

The flour stand of the Misses Florian would have done credit to a Broadway connoisseur, and was the freshest, prettiest and most attractive spot of the fair. In the adjoining hall, to which there was a wide arch eponing, Miss Kate Twohig served an elegant punch stand, where

the Bishop sat tranquil and happy. Mrs. Howard, and Mrs. Braden had tables ladourd with autotiming Breides there Departures to Lating. — A Wolf, 2 so were lee-pream saloous, and an out and of F Groot, J L Boyd, W 8 Bagandshal. out beer har at the gerther end.

The unusual display of Chas Sauer. cheap engravings, of those sturdy Protestants Robert E. Lee, Jeff Davis and Stonewall Jackson, attracted some attention, particularly as they came in close contact with some of the saints of the church. Abraham Lincoln with his god-like motto "charity to all," would have been a pleasant break in the monotony.

The Bishop and the leading Catholic clergymen of this city were present and anybody else.

The number of beautiful young ladies who throught the place, and offered all sorts of attractive inducations to spend money, was marvelous.

This is to certify that my babe seven mouths old, was afflicted with what physicians called MILK-CRUST. They treated is lightly, and made but teeble attempts to cure it, thinking it only a skin disease. The child grew werse, until its arms, legs and face were entirely covered with sores, attended with an itching which very nearly threw it into spasms. I was almost worn out from less of rest and sleep. I called on MRS. HENRY; she immediately began her treatment, and in two mouths called on MRS. HENRY; she immediately began her treatment, and in two mouths the babe was entirely well. Many thanks to Mrs. Henry, and I recommend her to the public. I have also found her Salve an invaluable remedy in the household. R. A. DEATS.

Consumerates, Take Rothes.—Every moments of delay makes your care hopelous, and flutch depends on the judicious choice of a remedy. The august of destining in favor of Dr. Sceenck's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenck's Aimanas, containing the certificates of many persons of the highest recepetability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenck's Pulmonic Syrup alone has sured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies which Dr. Schenck provides for the purpose. These additional remedies are Schench's Sea Weed Tonic and Mandrake Pills. By the timely use of these medicinea, according to directions, Dr. Schenck certifies that most any case of consumption may be cured. any case of cohamption may be cured.

DR. WHITTER, No. 617 St. Charles Street, St. Louis, No. The second secon MARRIAGE CUIDE,

Every year increases the populari-ty of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-BATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

Buckingham's Dye. FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO.,

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arms from malarious, marsh, or missmatic

No one remedy is louder called for by the necessities of the American people than a sure and age. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease and with assurement, founded on proof, that no harm can arise from its use in any quantity.

certainty that it will eradicate the disease, and with assurance, founded on prooff that no harm-can arise from its use in any quantity.

That which protects from or prevents this disorder mant be of language service in the communities where it prevails. Prevension is better than cure, for the patient escapes the risk which his must run in violent attacks—of this lasten the interper. This "Cure" expels the miasmatic poison of Fever AND AGUS from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this elase of complaints, but also the cheapest. The large guantity we supply for a dollar brings it within this reach of everybody; and in billious districts, where Fever AND AGUS prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place fivelishin the reach of all—the poor as well as the rich. A great superiority of this reasedy over any other ever discovered for the speedy and certain ours of intermitisatis is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious affects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Agus is not alone the consequence of the miasmatic poison. A great variety of disorders arised to the infection, that will be exceeded the consequency of the constitution of the blood, and consequently cures them all alike. It is an invention of the spiece, if taken occasionally or delity while exposed to the infection, that will be exceeded from the system, and cannot accumulate in sufficient quantity to ripon into disease. Hence it is even more valuable for protection than remedy affords.

For Liver Consideration to immigrants and persons travelling or temporarity reciding in the maismost districts. If taken occasionally or delity while exposed to the infection, that will be exceeded to the infection, that will

A Word of Advice to Travelers. The Missouri, Kansas & Texas Railway has become so well known to the people of Texas, as one of the finest and most com-fortable Roads on the continent to travel on, that it seems almost unnecessary that we should say aught in its praise. Yes we cannot ever get back from a trip over this line without saying something in praise of the management, who always seem to be striving to make their parrons comfortable, while traveling over their road. The track is always in the best possible condition and trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping. trains are at all times run at uniform speed. Pullman's finest Drawing Room Sleeping Cars accompany all through passenger trains, and if you are going north or east, by making your wants known, you can go either via Hannihal or St. Louis. And for Kansas City, Denver, California, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Dining Stations and Hours for Mesis are all that a treveler could wish for, and are all that a treveler could wish for, and in fact there seems to be nothing left un-

done to render a trip over this line pleasant. 28 1-75 why L121
