DREADEUL OCCURRENCE. - & lamentable soone was witnessed on Sunday evening, about 4:30 o'clock, immediately after religions services in Brushy Chapel, Williamcon county. A youth by the name of Harris was returning home, and, as he passed the residence of a Mr. Yaney, the house dog ran out and caught the boy by the ancle, not causing much injury, however. The young man went to his uncle's residonce. His uncle, Mr. Harris, on hearing of the occurrence, took his gun and procorded to or nest the residence of Mr. Y aney, and shot the animal. Mr. Yaney, observing what had been done, advanced toward Mr. Harris, when the latter remarked that he had better not come any nearmor he would shoot him too. Mr. Yancy toplied, "Oh, I rockon not," and continued to advance toward Mr. Harris, when the latter shot him through the breast; causing death in a few moments, The parties had been in attendance at a two days' meeting held by Dr. Brush, Rev. A. Lockett and son. Mr. Harris immediately-left for parts unknown. He was pursued by the young men of the neighborhood, but had not been overtaken at last

HORRIBCE ROMANCE IN PARKER COUR-TY .- The Dailas Hereld says: The northwestern portion of Parker county is sparse-iy settled, and the country is broken and hilly. A physician of that locality, on a professional tour, discovered a cave of saltpetre. In his examination he found that a human being was confined therein and he at once set to work to liberate him, if possible. After a long and laborious effort he succeeded in doing so, though for some time he dispaired of saving life. The poor prisoner when he first came to the light uttered a cry of joy, that pierced the heart of the good physician. The appearance of the individual was strange in the exteeme. From his long captivity he was anable to bear the strong light of the sun, nor seals he utter intelligible sounds. He had not a particle of clothing, and but little hair was on his head, and that of s thin scraggy nature. His long confinement had rendered becomotion impossible. The physician, who takes great interest in his protoge, hopes that in time he will obtain

ATTEMPTION MCHORE.-The Fort Worth Demoural says : Mr. Lanneelet Thomason, son of Judge J. M. Thomason, shot and sevecely wounded a negro man named Butler. Butler was riding a mule along the public road which passes Judge Thomasen's place, and when about opposite the house the mule stopped and refused to procond. Butler commenced urging hisanule to go on. In doing so raised a cloud of dust which blew toward the house. Young Thomseon came out and told the negro to go on. He replied that he was trying to do so. Thomsson retorted that he had better go on, made some throats and pick ed up a pole and started toward the negro who dismounted and picked up a rock with which to defend himself. Thomason threw down the pole and walked off, and Butler threw down the rock, and turning his back toward the house, commenced fixing his saddie preparatory to remountwhich, without any word any word of warning, he discharged and shot the negro in the back and side. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accom-junied with a dull, heavy sensation in the back part. There is generally a considerable lost of memory, ac-companied with a painful sensation of having left undone something which ought to have been done. A light, dry cough is sometimes an attendant. The patient complains of warings and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensa-tion of the skin; his spirits are low; and although he is estisfied that exercise would be beneficial to him, yet, he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the

shove symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged. AGUE AND FEVER. The war which John Ireland instigated and headed some years ago against Republicans and Re-publican officials in Guadalape ounty, seems not even now to be finally closed. This war was first ommenced on Judge Maney, one of the best Judges, and one of the worst treated men in this State. Not by any strictly legal course, but by buttying, backed by a John Ireland bar, Judge Maney was kept in constant trouble, and, when the Coke Legislature and administra-tion came in, he had no chance whatever, and had to yield to the

Everybody who knows the egotistic selfishness and partizan and person-al bitterness of John Ireland, can well imagine the rage he is in about the present time.

The result was that the triends Court of Guadaloupe county are in very great danger of being punished for contempt of the decree of the Sapreme Court in this persistent persecution of the lawfully elected Sheriff of that county. ### Magnificent Wedding Last Night

It removes all cruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age.
