"MY COUNTRY!"

Wasn't it old Stephen Decatur who offered this toast at a banquet? My Country: may she always be right and just in her dealings with other nations, but right or wrong, My Country!"

Several years ago I had a row with some smart elic students of the University of Texas because their official paper reported that a majority of the student body had vowed that they would not serve their country in case of war with a foreign nation. For this, I said that they were a set of "yellowbellies" and unworthy of the name of Americans.

Some of these boys got sore at me and wrote me some nasty things. One of them wrote me that I was like the ancient machine on which the News-Record was printed—out of date, that patriotism went out of style 40 years ago.

This young sprout volunteered the information that the old sea captain's toast was wrong. That no one should serve his country when he has his opinion he thought it was wrong. He seemed to think that I was a very bad person because I presented the teaching of Red doctrine in publicly supported schools.

You don't hear any more about these boys in these days. Dr. Rainey, the President of the University assures the public that no such things exist now in the University, and I am taking his word for it.

"But right or wrong, my country," is a fine, brave sentiment and ought to be the sentiment of every American. It is his duty to help defend the country and if it commits a wrong, try to correct it.—Uncle Bill

School Board Re-elects All Teachers

The Board of Trustees met Monday evening with all members present. The returns of the trustee election were canvassed and S. L. Augustine and J. C. Reed were re-elected for a three year term. The Board was reorganized and the same officers were re-elected and the same committees were reappointed for the ensuing year.

All the teachers were re-elected for the school year 1941-42. The Board adopted a unanimous vote of appreciation and thanks to O. T. Jones for the successful management of the affairs of the schools as Superintendent and to all the teachers for their faithful, efficient and successful work in the interest and welfare of the schools.

There are 277 in the scholastic census this year, which is a gain of six over the previous year. While there was a falling off from 57 to 50 in the Mexican census, there was a gain of 13 in the American. There was only one six year old Mexican and 24 American. There are 150 boys and 127 girls and last year 144 boys and 127 girls. There had been a falling off in the scholastic census for four consecutive years until this year.

O. T. Jones is to attend the administrators' meeting in Temple and Miss Ferrell and four of her students expect to attend the Home Economics rally in San Antonio. The school is planning to get out a nice annual this year.

Major improvements in Sterling Public Schools, 1937-41:

1. Addition of well equipped gymnasium in 1938.

2. Steam heat for both new and old building at approximate cost of \$8500.

T. C. Davis Is Buried Here Saturday

The funeral services for Tom C. Davis who died suddenly near Fort Stockton last Friday afternoon, were conducted at 2 o'clock at the Sterling City Baptist church on Saturday April 5, by Rev. C. B. Stovall, local Baptist pastor. All business of the town was suspended during the funeral hour.

Lowes Funeral Directors had charge of the funeral and burial program. The pallbearers were Foster Conger, Taylor Garrett, Oran Ballou, V. E. Davis, Clyde Reynolds and E. F. McEntire.

Burial was made at the City Cemetery where the father and mother of the deceased are buried.

All the members of his immediate family were present at the funeral which include Mesdames Henry Bade and J. H. Blackburn of Sterling City, John B. and J. H. Ayers of Pampa Texas and Miss Ada Davis of Fort Stockton and a brother J. L. Davis of Carter, Oklahoma.

3. Remodeling of old building for shop and manual vocational work.

4. Addition of new typewriters, six new and one reconditioned.

5. Double roller shades for all East, West and South windows.

6. A modern and well equipped H. Eco. dept in 1938 in new building.

7. Addition of new science dept and addition of chemistry to the curriculum which is affiliated with the State Department of Education.

8. In summer of 1940, repainting of all walls and ceilings in old building and revarnishing of all woodwork.

9. Addition of motion picture projector.

10. General improvement in athletic plant.

11. Large addition of choice books to the grade and high school libraries, and an ample supply of the best magazines, like the Geographic, Readers' Digest and others, for the benefit of teachers and pupils.

Wimodausis Sponsors Gift Shower

Wednesday afternoon the Wimodausis Club met in the home of Mrs. Lee Reed with twenty two members present. The subject for the study was "International Good Will and Government". Mrs. O. T. Jones, delegate to the Sixth District Convention which met in Ballinger last week, gave a splendid report. The Club won second place on the year book and honorable mention on club report. The club voted to send ten pounds of home made candies to the soldiers at Camp Bowie each month. A resume of "Out of the Night" was given by Mrs. Pat Kellis. Mrs. Harvey Glass told of "Women's Part in our Neighbor Policy" concluding with an original poem on "Our Southern Neighbors". Miss Ethel Foster read a paper on "Laws pertaining to women and children".

After the adjournment of the club the president, Mrs. Rogers Hefley, was honored with a gift shower. At the beautifully decorated dining table Mrs. John Reed poured punch and cookies were served. Tea guests were Mrs. W. S. Nelson and Mrs. David Green of Bryan.

The tax on chain stores is paid by those who buy the goods.

D. C. Durham Is Entertained on His 75th Birthday

D. C. Durham, long time resident of Sterling City, was honored with a dinner on his 75th birthday anniversary Friday.

Born in Holmes County, Miss., in 1866, Dewitt Clinton Durham moved with his parents to Texas when he was four years old. He moved to Hunt County in 1872. In 1888 he was graduated from the State Normal School for Teachers in Huntsville.

Mr. Durham spent the next ten years teaching in Hunt, Hamilton, and Coleman Counties. He married Annie Frances Kennedy of Coleman in 1895—he was superintendent of the public schools there for seven years.

In 1898, the Durhams came to Sterling County to live. He served as superintendent of the public school of Sterling City for many years. He served as county treasurer from 1904 to 1908 as tax assessor from 1909 to 1912, as county and district clerk from 1912 to 1929. At present he is manager of the Durham Abstract Co., secretary treasurer for the Federal Land Bank of Houston and agent for fire insurance companies.

Those present for dinner were Mrs. Durham and their children and their families, Mrs. Clyde Davis of Kilgore, Mr. and Mrs. Durham K. Durham and daughter Rachel Ann and Mr. and Mrs. Worth B. Durham all of San Angelo, Miss Prebble Durham of Sterling City, Mrs. Charles Harris of Waco and Miss Pearly Gordon Faires of Sterling City a visitor.

Mrs. Davis gave a toast to the honored guest. The white birthday cake was lighted with pink candles, Mr Durham was presented with a gift.

Jay Nixon who recently enlisted with the medical department of the aviation service and now stationed at San Antonio, spent last week end here visiting his aunt and uncle, Mr. and Mrs. E. B. Butler and his many friends here. Jay says he likes the army. He says the boys are enjoying the best of treatment.

SWAT THE FLY

Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

Control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and individual in the State," urges Dr. Geo. W. Cox, State Health Officer.

"Most effective measure for control is to prevent breeding," he said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her lifetime of several months one housefly lays from 600 to 1,000 eggs. Thus it can easily be seen that in a season, which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. The flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with food and drink and by unwashed hands and utensils. See that your windows, doors, and porches are screened so that the stray fly from careless neighbor will not molest your family. Also, see that your grocer keeps his meat, vegetables, and fruits free from flies.

"Organized health measures to destroy the breeding places, control of flies' access to your home and food, and established standards of cleanliness in your community will eliminate the fly. The number of flies is an index to the cleanliness of any community, and they can be entirely eliminated."

T. A. Revell and Miss Archie Marie Garrett Are Married

Mr. T. A. Revell and Miss Archie Marie Garrett were married last Saturday, March 5 at the Immanuel Baptist Church at San Angelo, Rev. C. B. Stovall, pastor of the Sterling City Baptist Church officiating.

The bridegroom is the son of Mrs. J. A. Revell. He has been in the confectionary business for many years.

The bride is the youngest daughter of Mr. and Mrs. R. A. Garrett of this city. She was born, reared and educated here. She has been an employe of the Sharp & Bailey dry-goods concern for several years.

Both bridegroom and bride are graduates of the Sterling City High School.

Mr. and Mrs. Revell expect to make their future home in Sterling City.

Hostesses to Their Bridge Clubs

Mrs. Rufus Foster and Mrs. W. N. Reed were co-hostesses in the Reed home, to their bridge clubs, Tuesday afternoon. Seven tables of players assembled. Prize rewards fell to Mrs. N. H. Reed and Mrs. Pat Kellis for clubs and Mrs. W. S. Nelson, guest. An ice course with cake was served the guests.

THAT MUDHOLE IS GONE

That cuss provoking mudhole of which so much has been said and written in the last few months is now gone "yan".

Last Wednesday the county road crew began laying down caliche and the Mudhole is now only an unpleasant memory.

Every Main Streeter joins me in hearty thanks to Roy, Herbert, Dick and Bill of the Commissioners Court and Pleas and Ray of the road crew in giving us the long hoped for and needed relief. They got to it as soon as circumstances would permit.

Yes, there will be some white dust for awhile but the traffic and a few showers will soon settle that. Later on they will sprinkle it with oil and there will be no dust.—Uncle Bill

RETRIBUTION

Addis Ababa, the capital of Ethiopia, has fallen into the hands of the combined forces of the British and Ethiopia.

In 1935 and 1936, Mussolini, without just cause, invaded Ethiopia and took over the country with much bloodshed.

Haile Selassie, King of Ethiopia was driven away in exile. Today, his kingdom has been restored to him. He and his warriors are helping the British to mop up on the invading Italians. These robbers had no just cause for taking those people's lands and goods away from them.

Retribution is now following swiftly on the heels of Mussolini. He had no just cause to invade Ethiopia, murder its people and take over their lands and goods.

This heartless bandit has been brought very low, and let up hope that Hitler and his wolfpack will share the same fate.—Uncle Bill

FIFTH COLUMN

We have no just cause to fear the possible and probable enemies from without. It is our enemies within our borders who are thriving on the protection of our laws and flag that we have cause to fear.

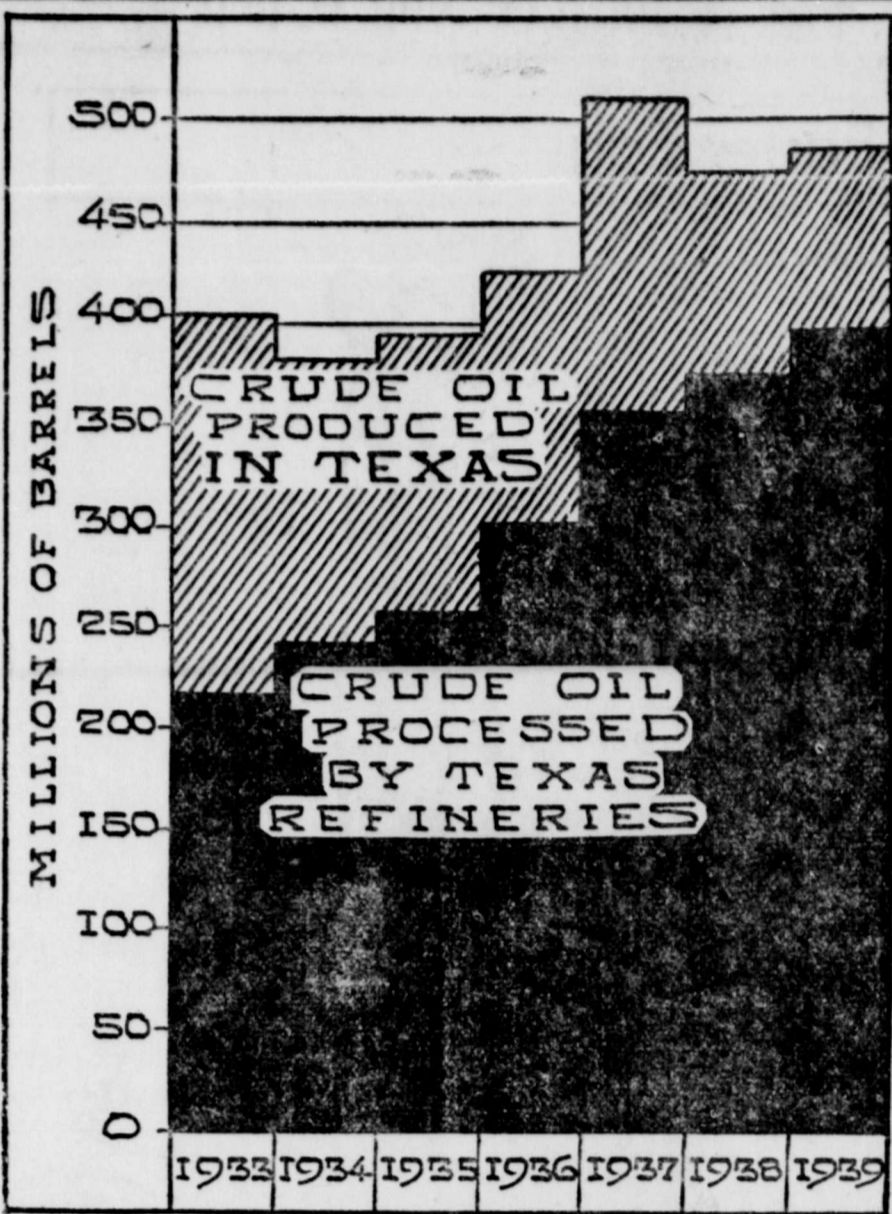

The time has come when every American must be on his guard and do his duty or suffer the consequences.

These enemies within must be made to realize that they must cease their troubling. They must not by act or word obstruct or delay the common defense of the country.

When the people of these United States are thoroughly aroused over the activities of the enemies within, God help the man or group of men who are now active in obstruction and delay of preparedness. If they persist in their hellish designs, there will be a great boom in the undertaker business.—Uncle Bill

Most of the leaders of the labor unions who are agitating strikes in the munitions plants are Hitler agents, Bridges and John L. Lewis for instance.

Texas Refines Most of Its Oil

Game Department Notes

Trappers employed by the Texas Game Department reduced the coyote family in the Lone Star State by 6,391 during the last ninety days and will continue their predator control work at least another 30 days, the executive secretary of the Game Commission announces.

Trapping of coyotes is carried on in regions where it is believed the coyotes are so numerous that they are doing considerable damage to game. It is recognized that it is practically impossible to completely eradicate coyotes, but the work the Department is doing along those lines helps keep the predators under control.

Coyotes are trapped by the Game Department at an extremely low cost. It amounts to 50 cents per animal plus the slight cost of the traps.

An East Texas resident recently found it was rather costly to deliberately run down a deer. He was fined \$21 and costs in court and it was also necessary for him to pay \$19.50 for repairs to his automobile.

A small, frightened deer was running down the right-of way. The motorist left the high way and struck the deer while it was 30 feet from the road. Within a half hour a state game warden was picking up deer, glass and parts of a car showing evidence of a damaged radiator. A check of garages was made, the damaged car was found and then its owner was located in a town 70 miles away. He probably will think a long time before running down another deer in Texas.

When you hear the range bulls bellowing in the morning and see the wild cows scattered over the range: When you hear the old ewe calling to her lamb that is straying among the blossoming tallow weeds: When you hear the mockingbird singing: "Shuffle, shuffle, shuffle; deal, deal, deal; whatchegot, whatchegot, whatchegot; two pair, two pair, two pair; sucker, sucker, sucker," you may be sure that winter has went and spring has come even if it did thunder in February.

The Mudhole at the Junction of Third Avenue and Main Street was not mentioned in last week's issue.

The study of Spanish is all the rage now, but if somebody doesn't whip Hitler, we will all be learning to speak German soon.

IF YOU LIVE IN West Texas YOU'RE IN THE OIL BUSINESS

This Advertisement Paid for by Various Units of the Industry and Sponsored by TEXAS MID-CONTINENT OIL AND GAS ASSOCIATION

I am a rancher who knows what oil means to West Texas.

Each year, West Texas ranchers and farmers get from the oil man nearly

27 cents extra for every dollar we receive for our livestock and crops. Over 12 million acres of West Texas land are now under lease and nearly one million already produce oil. Our income from this source alone amounts to 28 million dollars a year.

Over 50,000 West Texans, including oil workers and their families, get their entire living from oil. The wage earners of this group are paid 16 million dollars a year. Tax collectors receive an additional 10 millions. All told, this industry pays out 86 million dollars a year in West Texas.

This money is spent and respent until every merchant and business and professional man... in fact everyone... in our section gets his share of it.

Every West Texan has an important stake in the oil industry and its future in Texas.

THE RECORD..... Facts That Concern You No. 26 of a Series

ARE YOU SEEING ONLY PART OF THE PICTURE?

The great majority of beer retail establishments are clean wholesome places.

Yet it is the once-in-a-while exception—the anti-social, law-violating tavern that everybody notices.

Such undesirable retailers give beer a bad name it doesn't deserve. Furthermore, by arousing public indignation, retailing abuses endanger your right to enjoy good beer, the beverage of moderation. They also endanger the benefits that beer has brought to Texas—31,165 persons employed since re-legal-

ization, an annual payroll of \$22,076,182 and \$2,273,968.64 taxes paid last year.

While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell it under wholesome conditions, nevertheless the brewing industry wants anti-social retailing eliminated entirely.

You can help us by (1) patronizing only the legal and reputable places where beer is sold and (2) by reporting any law violations you may observe to the duly constituted law enforcement authorities.

The Junior Play

The characters in the Junior play "Mr. Cook Takes Over" are:

Mr. Cook is a professor of mathematics in the local high school. His attempts to straighten out family difficulties prove to be more than he bargained for in the beginning. Louis Blandk plays this part.

Mrs. Cook is a modern, affectionate mother of three children. She is very sympathetic and tolerant. Nan Findt plays this part.

Thelma Cook is a lovely and charming girl of eighteen. She is so modern she has more than one beau. Mitzi Broome plays this part.

Giadys Cook is a hearty, wholesome girl of fifteen who is somewhat of a tomboy and is not interested in boys. Beatrice Smith plays this part.

Ralph Cook—played by Freda Hodges is a regular boy of 14. He delights in teasing his sisters and is the apple of his father's eye.

Donald Cook—played by Winston Churchill is a nephew of Mr. Cook. He is a high powered fire insurance salesman and at the drop of a hat can deliver a non-resistant sales talk.

Bessie Cook—played by Sue McEntire is an attractive girl of twenty. She is the wife of Donald Cook and is a very capable housewife and manages to keep her husband from disrupting her household routine.

This play is to be put on April 25. The other characters will be described next week.

P. T. A. Elects Officers

The P. T. A. met Thursday, April 10, in the High School auditorium for a Style Show by the Home making classes and the regular business session. Mrs. Herman Everitt, president, presided.
