Floyd M. Stovall New Game Warden

Rushing back from Ontario, Canada, when he heard the game warden's position in the San Angelo district was open, Floyd M. Stovall of Sterling City Tuesday assumed duties in that capacity with the State Game Department. Stovall enlisted in the Royal Canadian Air Force when he originally failed to get into the American Air Force.

Warden Stovall and his wife plan to reside in Sterling City. Tom Green, Sterling, Glasscock, Reagan, Irion, and Coke Counties comprise the district.

Stovall had been warden in the 11-county Lamesa district which extended west toward New Mexico, North into the Panhandle.

Receiving his discharge some time ago because of an eye trouble Stovall had been a sergeant gunner in the RCAF and was a gunnery instructor at Maxwell Field, Alabama, after being given a transfer to the United States Air Force while in Halifax, Nova Scotia.

Mr. and Mrs. George Campbell, Jr. and children of Ft. Worth are here visiting Mrs. Campbell's parents, the Jeff Davises.

Scrap Paper

Please put waste paper in the bin across the street from the postoffice after it has been either bundled or baled. A. Patrick Flood, State Salvage Manager, has been advised that the paper mills, because they are overworked and understaffed, cannot handle loose paper during this paper crises. Bundles should be tied securely with strong wire or cord.

Lions Club

Major Roger Williams of the United States Army Air Corps spoke briefly at the Lions Club luncheon Wednesday. Major Williams, son of Mr. and Mrs. Green Williams, is a veteran fighter pilot of World War II.

Mrs. Roy Foster and Mrs. D. Hall served the luncheon.

Union Service

Rev. B. B. Hestir will bring the message at the Union Service at the tabernacle Sunday evening. The time has been changed from 9:00 to 8:30 p. m. Last Sunday evening a good crowd was present in spite of the weather.

War Chest Drive

The United War Chest Drive will open in Sterling County next month with Judge Chappell Murrell as chairman. His committee-men to help in the drive are Mrs. Tommie Johnson, S. M. Bailey, and Jack Douthit. Mrs. Johnson has been designated treasurer of the committee.

With this year's quota set at \$1350 the money will go to the different war relief societies, U.S.O. etc., as it did last year.

Selective Service Official Visits Here

Harold C. Benedict, USNR, with the manpower Division State Headquarters for Selective Service, discussed classifications with the Local Board on August 25.

He put before the board the necessity of complying strictly with the Selective Service Regulation and making available younger men who are physically fit for military service.

The local board in reviewing agricultural deferred registrants must be governed on the agricultural needs, (of the Nation and Armed Forces) in full appreciation that the manpower needs of our armed forces must be met, and by the and by the considerations of the essentiality of agricultural manpower to win this war.

Young men 18 through 25 years of age in agricultural occupations and endeavors must prove beyond any doubt A REPLACEMENT FOR HIM CANNOT BE OBTAINED, AND IRREPLACEABILITY OF SUCH REGISTRANT MUST BE ESTABLISHED BY AFFIRMATIVE EVIDENCE.

The armed forces must have the physically fit younger men who have been having agricultural deferrals.

Tatums Honored At Bridge

Mr. and J.E. Tatum were honored with a Mexican supper at the home of Mrs. Harold Kautz, with Mr. and Mrs. A. T. Bratton, Mrs. C. E. Sproul and Mrs. Kautz as hosts on Monday night. The Mexican motive was carried out in the decorations, and games of bridge and forty-two were played. A gift was presented to Mr. and Mrs. Tatum, who are leaving on September 1 to make their home in Eden, where Mr. Tatum will be connected with the Soil Conservation Service.

Those present were Messers. and Mmes. Foster S. Price, G. C. Murrell, Will Durham, H. G. Garlington, Riley J. King, W.B. Welch, L. R. Knight, Bennie Green, John Walraven, Fred Hodges, Trion Revell, Mrs. Dayton Barrett, Mrs. Tommy Johnson, and Misses Lucille and Freda Hodges.

Mrs. Hank Davis is in the Shannon hospital in San Angelo suffering from arthritis and other ailments.

Moisture penetration checks on Roy Foster's, Foster Conger's and Mims Bros.' ranches following the rain last week show that on range land with a good cover of Buffalo and other desirable grasses the moisture has penetrated 21 to 26 inches whereas on areas with a poor cover of grass the moisture has penetrated only 8 to 14 inches. There is considerable more growth on areas with a good cover of grass than on the poorly covered areas. This will mean more feed production before frost on ranges in good condition and a larger reserve of moisture for future growth of plants.

George Broome has plowed to his terraces in his regular land preparation operation. He plans to drill his small grain on the contour to hold all possible moisture where it falls.

Alfred Thieme made application for assistance in working out a conservation plan on E. H. Juergensen irrigated farm.

Rainfall for the week as recorded by rain gauges in the county is as follows:

Name	Inches
J. T. Davis	.82
H. G. Garlington	1.27
W. N. and L. R. Reed	1.08
Bade Bros.	.71
J. I. Cope	.37
George Case	1.14

W. N. and L. R. Reed had a truck load of Rambouillet lambs on the Ft. Worth market last week which weighed 72 pounds and sold for 12 1/2c per pound. These lambs were out of a group of 300 two year old ewes running in a two section pasture which has been very dry this year.

Daughter to Mr. and Mrs. David Glass

A daughter was born to Mr. and Mrs. David Glass early Monday morning in a San Angelo hospital. The baby weighed seven and one half pounds and has not yet been named.

Grandparents are Mr. and Mrs. J. L. Glass and Mr. and Mrs. W. M. Key.

Both mother and daughter are doing nicely.

Mrs. Elliott Mendenhall and her two children, Eleanor and Elliott, Jr. spent the first of the week here visiting her parents, the Claude Collinses, and other relatives. They left Wednesday for Roscoe to visit her uncle and his family, the Ralph Collinses,

REV. ED. H. LOVELACE

Rev. Ed. H. Lovelace Is a Songster

Rev. Ed. H. Lovelace, pastor of the First Methodist Church, was caught in a singing pose by the artist. Singing and "song-hist-ing" is one of Ed's long suits. He's an old glee-clubber and songster of note.

A native of Allen County, Kentucky, Lovelace was graduated from high school in Nashville, Tennessee. From Emory University in Atlanta, Georgia he received his Bachelor of Philosophy, Master of Arts, and Bachelor of Divinity degrees. Ed also has done summer work in the University of Chicago, and studied choir work at Westminster Choir School at Berkeley, Calif., and at Christensen School at Lake Forest, Ill. While in Emory U. he was assistant to the director in hymnology for five years. In 1926 he went to Europe with the glee club from the university.

In June 1925 Ed and Miss Helen Christie of Decatur, Ga. were married in Decatur. They both taught one year at Sullins College in Bristol, Va. after graduation. Mrs. Lovelace is a graduate of Georgia State College for Women and the Atlanta Conservatory of Music. She is an organist.

Rev. Ed joined the Methodist Conference while he was Methodist director of student work at the University of Arizona. He was associate pastor of Laurel Heights Methodist Church in San Antonio for 12 years, and also director of Christian education and church music. Then he went to the Hackberry Street Methodist Church there as pastor. In February of this year he was moved to Sterling City as pastor of the First Methodist Church.

Somewhere down the line Ed has lost his southern accent, but Mrs. Ed's is still with her.

JOIN GULF'S "Anti-Breakdown" Club TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America . . .

1. those who can still get to work in automobiles,
2. those who are forced to walk.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job.

Gasoline powers the attack... Don't waste a drop!

Here's Gulf's Protective Maintenance Plan

1 Protects your car at 39 danger points...

GULF'S Protective Maintenance Plan includes Gulflex Registered Lubrication which reaches up to 39 vital points with six different Gulflex Lubricants that reduce wear, and lengthen your car's life.

2 Guards your bearings and piston rings...

IT'S IMPORTANT to give your car a good motor oil and change regularly. Gulf offers two outstanding oils . . . Gulfpride, "The World's Finest Motor Oil," and Gulfube, an extra-quality oil costing a few cents less.

3 Helps gas coupons go a little further...

AIR-FILTER and spark-plug cleaning, and radiator flushing help give better gas mileage. A clean air filter makes gas burn more economically; clean plugs increase power; a clean radiator prevents over-heating.

4 Get an appointment at your Gulf station

HELP YOUR Gulf Dealer do a thorough job—and save your time—make an appointment in advance. Phone or speak to him at the station. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan . . . 15 services in all!

Overseas Xmas Mailing

Now is the time to start saving strong string and box material and start to plan shopping—for your Christmas overseas mailing. Gifts for the Army and Navy must be mailed this year between September 15 and October 15. After October 15 no gift may be mailed to a soldier without a written request from him.

More care in wrapping and packing parcels securely must be used this year. Many gifts never reach the soldier because they come apart, have faulty addresses, etc.

DON'T use a shoe box! Use a strong box of metal, wood, solid fiber board, or strong double-faced corrugated fiberboard reinforced with strong gummed tape or twine—or BOTH, and wrap the boxes in strong heavy paper. Address both the box and outside wrapper.

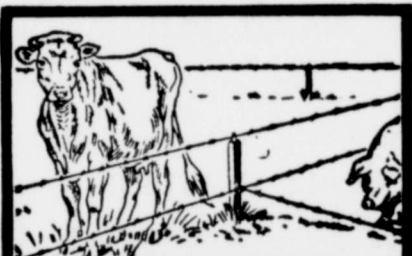

The parcel shall not exceed 5 pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas Parcel". Only one parcel a week may be mailed to the same person by mailer.

Perishable goods, intoxicants, matches, poisons, inflammable goods are prohibited.

Mail early if your soldier is at a far distant point. Don't disappoint him.

Taken from the files of the News Record, September 7, 1917.

C. L. Coulson and Jeff Davis returned last Saturday from Bowie, Louisiana where they went with a shipment of cattle. They report fine crops in Louisiana. They say the rice and sugar cane crops are immense, Jeff says there is no danger of a rice famine in Uncle Sam's domain.

R. P. Brown's Century Plant

Pictured here is the century plant growing at the R. P. Brown residence in Sterling City. The plant (when little) was dug up by Mr. Brown in Brewster County in 1930 while on a hunting trip.

It bloomed this spring—when it was fourteen years old. Mr. Brown took the largest part of the towering stalk and made a hat-rack from it. Smaller sections were made into pin cushions. Clear shellac was put on over the articles.
