Rue Cole, 56, Dies

Funeral services for Rue Cole, 56, were conducted from the First Methodist Church here Thursday afternoon and burial followed in the City Cemetery. Rev. Ed Lovelace officiated and Lowe Funeral Directors were in charge of arrangements.

A railroad man, Mr. Cole, was found dead of a heart attack at the Amarillo Veteran's Hospital October 10. He died in his sleep. A veteran of World War I, he had spent the past three years in veterans' hospitals in Denver and Amarillo. He was with Pershing's first army and remained in the army of occupation. He was gassed and wounded. In spite of his illness, he was cheerful and uncomplaining.

He is survived by his widow, a son, William; a step-son, Kenneth; a step-daughter, Elaine; his father, J. B. Cole of Amarillo; a sister, Mrs. W. W. House of Big Lake; and five brothers, Jack of Stamford, Frank of Sterling City, Irving of Kermit, John of McCamey, and Odell of Ranger.

Pallbearers named were W.B. (Mud) Allen, Clarence Sparkman of Garden City, Rhude Mathis of San Angelo, and Vern Davis, Templeton Foster, and Charley Coulson of Sterling City.

Mr. Dodd, being a discharged war veteran, took advantage of the educational opportunities offered under the G.I. Bill of Rights.

Ted Brown's Car Stolen And Stripped

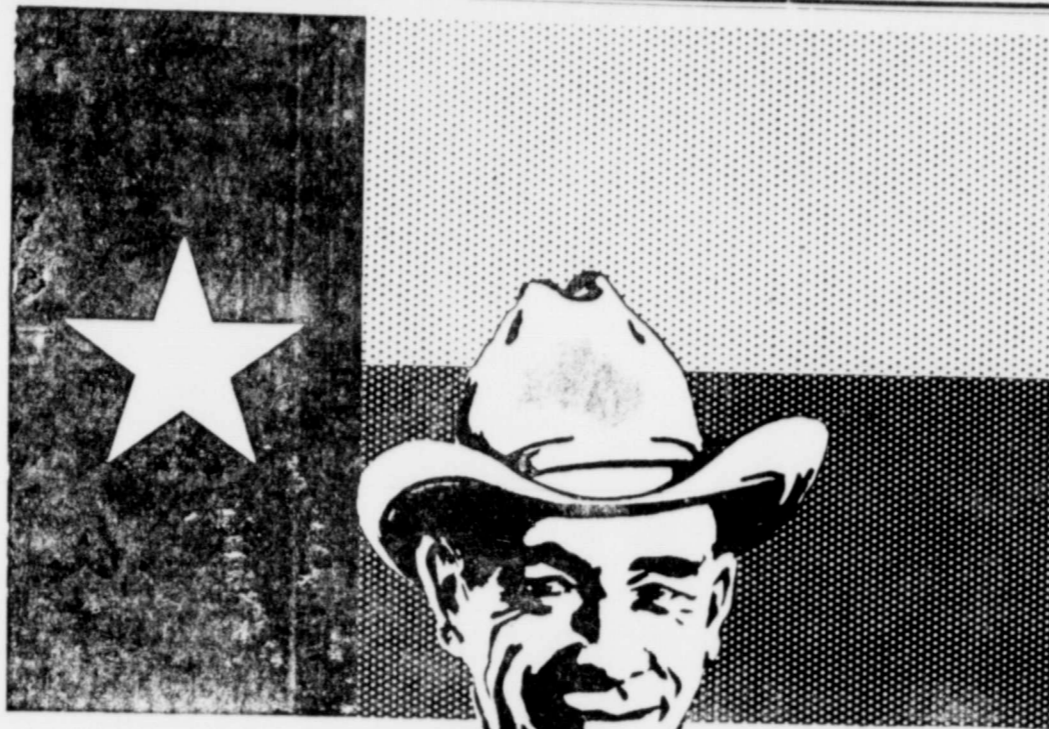

Last Saturday while Ted Brown was attending the Cole Bros. circus in Angelo someone stole the green Chevrolet sedan. The thief (or thieves) later abandoned the car on the Ballinger highway—but the car had been stripped of all five wheels and tires. Boy, howdy, what tough luck.

Johnny Garner, U.S. Navy Sea Bee, home on leave, had some new luggage in the car and it was gone, too, when the car was found.

L.R. Knight Buys Ranch

Your
BABY

By Lillian B. Storms

Mothers seem to be much more concerned about variety in the foods they feed to the baby, than do the babies. Have you noticed there are many routine things about your baby's care which work beautifully if you don't try to change them? Have you noticed how many people eat exactly the same breakfast day after day with no complaint about monotony? We don't advise too much sameness, but neither do we advise too much variety.

One mother we met thought her six months old daughter should have variety. So, she fed strained spinach one day, carrots the next, green beans the next, peas the next, asparagus the next and was proud that there was not a single "repeat" in a week's time. She probably was confusing the child. Learning to like a wide variety of foods is desirable but should be accomplished over a period of many months.

When starting the first semi-solid foods, whether it is one of the special baby cereals, or one of the strained vegetables, feed only a taste the first day. These more solid foods are not liquids and don't slide down the throat as do milk or water. They take a different method of handling them in the mouth and have to be consciously and deliberately swallowed. Milk doesn't slide down and is swallowed without effort. The second day, feed another taste, or perhaps two tastes, of the same vegetable. In fact, when introducing a new food, why not feed the same food for several days until the baby becomes accustomed to its taste and the feel of it in his mouth? The "feel" is probably much more important than taste to a young baby, so don't be too concerned about variety at first.

WHAT LANGUAGE IS THAT?

Prof. Tsk is a philologist. Words are his meat: Chinese, Sanskrit or Aztec. He can even understand his freshman daughter and soldier son!

But the talk he's hearing now has him baffled.

You, too? ... Well, it's simply the everyday speech of the line crews who keep your home and community supplied with electricity—come what may.

A "shoo-fly," for example, is a temporary line built around a tree fall, washout or construction job.*

These men don't coin curious words just for the fun of it. They use them, as a kind of oral shorthand—to speed their work and help bring you better electric service.

Lots of folks take the linemen's work for granted. But they are an essential part of the industry which—under experienced business management—has met every war demand for electricity—without shortage or rationing—at low prewar prices.

That's an accomplishment in any man's language.

*A "clumbsome" is an apprentice lineman. A "gandidancer" is a laborer. A "how eye" is a dead-end tye. "Snoble goble" is anything you can't remember by its name.

Just Patter

Home on leave—Scooter Carr, who was here for the week-end before going to radio school. Home on furlough—Tommy Augustine, who is stationed at Camp Hood. Almost everyone went to the circus Saturday, and from all reports had a pretty good time. But the fun has stopped for about a week for six-week exams. Come on kids, this is the first step. Let's make it good.

S. H. S. is beginning to have that Halloween atmosphere. We elected our candidates for queen. The senior princess will be Annie Lou Knight; junior, Betty Jane Donaldson; sophomore, Bonnie Ruth King; freshman, Jeane Ward.

Seen yelling for the Bobcats Friday night were Mutt, Paula, and Beth. Say Beth, was that the Bobcats you were yelling at or other wise? Oh, this younger generation!

We Wonder

Whom Joe wanted to Scoot over Saturday night and why.

If Paula was disappointed Saturday night.

Whom Annie Lou will choose as her escort.

If Douglas had a good time Saturday and where he was.

Why so many girls are reforming.

Why Mary Ann was angry at the circus.

Where the saying, "My shoes are just big enough for me", came from.

Why Jerrie couldn't go with the crowd Saturday night, and how long she had to wait.

What Beth and Billy Vern had on their minds Saturday night.

Why Ruby didn't get an answer to her letter.

Who went to the carnival Friday night.

Students Attend Circus

The high school students were well represented at the Cole Brothers' Circus in San Angelo Saturday afternoon. The senior class, their sponsor and two room mothers went as a group. Some of the seniors invited guests.

The junior class also went as a group. There were also a few sophomore students and fewer freshmen. The students really enjoyed the circus, though it was rather crowded.

Grade School News

The eighth grade has selected Wanda Cook, Margaret Ritter and Trinabeth Reed as its candidates for the princess race. Trinabeth and Margaret saw the circus in San Angelo last Saturday.

The seventh grade pupils are making production maps of Texas. They are putting raw materials and finished products that Texas produces on the map. Fern Garrett and La Verne King are running for princess.

Quite a few boys and girls from the sixth grade attended the circus Saturday. Those on the absent list last week were Alvin Moore, Clinton Hodges and Lynelle Ward.

The third grade regrets very much to lose Carolyn Sue Stovall, who is moving to Stanton this week.

The first grade has a new pupil, Geneva Joy, who last went to school at Big Lake. The first grades have four girls in the running for princess—Opal Ann Stovall, Luanne Davis, Bernice Ann Green, and Geneva Joy.

School Lunchbox Gets Zip With Citrus

A LUNCHBOX can be as full of zip as the tangerine or orange tucked in. Marjorie Griffin, Home Editor of Capper's Farmer, advises mothers faced with the daily problem of making their school-age youngsters' noon lunch zestful.

"It can be just as refreshing as the thermos of grapefruit juice," she writes in the Country Cooking section of the magazine read by 1,250,000 farm families. "Citrus fruit supplies vitamin C as well as interest to the lunchbox."

Another citrus delicacy that can perform the twofold assignment of providing a tempting dessert for home meals or a toothsome addition to the lunchbox, is Orange Bread. It is simple to make and quickly becomes a family favorite.

This bread requires only 1/2 cup of sugar and may be served with or without frosting.

Orange Bread.

- 1 large orange
- Hot water
- Raisins
- 1/2 cup nuts
- 2 tablespoons shortening
- 2 eggs, beaten
- 1 teaspoon vanilla
- 1/2 cup white sugar
- 2 cups flour
- 1 1/2 teaspoons baking powder
- 1/2 teaspoon soda
- 1/4 teaspoon salt

Squeeze juice from orange and add hot water to make 1 cup. Put rind and pulp of orange through food chopper and add raisins to make 1 cup. Combine liquid, fruit, nuts and melted shortening. Add eggs and flavoring. Add sifted dry ingredients in 3 portions. Mix only enough to dampen flour. Bake in a moderate oven (350-F.) from 50 to 60 minutes.

This recipe for Orange Bread was selected from hundreds sent in by readers of the Country Cooking department of the farm magazine, which invites homemakers to submit practical, wartime recipes each month.

BECAUSE THEY KNOW what USO, War Prisoners Aid and other agencies of the National War Fund are doing for their buddies abroad, these wounded veterans of fighting overseas were among the first to contribute to the Texas war fund campaign. The war fund never solicits gifts from service men, but these Texas veterans asked war fund officials to call on them at McCloskey General Hospital, Temple, where they are recovering from wounds, and insisted upon contributing on behalf of their comrades in Italy and France. Ingenious Centralized Traffic Control Systems have been installed at important points so the same rails can carry 50 per cent more traffic.

A new Santa Fe bridge is now being built across the Colorado River.

We have enlarged our capacity to meet the increasing loads of war. There will be no slackening of our job until the war is completely won.

North Concho River Soil Conservation District News

Board of Supervisors:
 Zach Jones, Chairman
 L. R. Reed, Vice Chairman
 Foster S. Price, Secretary
 J. R. Mims, Supervisor
 J. W. Cox, Supervisor

Ranchers in this district, having recognized prairie fires as the most destructive fire hazard in this area, have taken measures to prevent spread of such fires. Systems of fireguards have stopped or retarded the spread of fires in many instances. These systems have been extended to give further protection during the past year by L. R. Stringer, Riley King, Fred Hedges, Forest Foster, Clyde Reynolds, W.N. and L.R. Reed, W.B. Welch, Claude Collins and a number of other cooperators.

Ranchers have found that three fourths to one mile per section on most ranch units will provide sufficient protection to prevent excessive loss of grass from any one fire.

Riley J. Welch stated that more small grain had been planted on the divide this year than any other one year he could recall. Over 1,000 acres of small grain has been planted by 7 men this community. This grain is up and with additional rain, will produce much winter feed.

Other cooperators who have small grain growing are George Broome, 155a; L. R. Reed, 175a; and Forest Foster, 67a.

W. N. and L. R. Reed shipped one truck load of lambs to Fort Worth last week. They weighed 76 pounds and sold for 12 1/2 cents per pound. Lee Reed stated that 2/3 of their lambs had been shipped to Fort Worth direct from the range and marketed as fat lambs this year.

Robert Foster is building a diversion terrace to divert excess water away from his headquarters this week.

In just 10 minutes they'll need your help

Back home, the headlines read—60 U. S. Planes Lost.

The full news account may mention that 600 airmen were shot down with them. But nowhere will you find mention about how many of those men landed alive and are now in enemy prison camps. There is no way of knowing.

Actually, about 60 per cent of all American airmen shot down over enemy territory survive—as prisoners of war.

Some prison camps are devoted exclusively to airmen. But these camps are little different from the others. In all, the men behind the barbed wire live the same empty life. There is nothing to do but wait—wait—and try to hold on to your sanity while you wait.

That's why War Prisoners' Aid was formed. It provides the wherewithal to buy for prisoners of war the things that will help them hold on to their sanity during those empty

days of waiting. Books, Games, Athletic equipment. Make-up kits for amateur theatricals. Musical instruments.

It takes money to buy these things. More and more money as more and more of our men wind up in prison camps. The only way War Prisoners' Aid can get that money is through your contribution to your local community drive. Your gift is also shared by war refugees, the U.S.O., Merchant Seamen, and war sufferers all over the world. Give once for all of these.
