Wimodausis Club Reassembly Luncheon

The women's club season got underway this week with the reassembly luncheon of the Wimodausis Club at Mrs. R. P. Brown's home Wednesday.

Mrs. L. E. Dudley of Abilene, president of the 6th District TFWC, was guest speaker of the day. Mrs. Roy Foster, president of the Wimodausis Club, greeted the clubwomen as the program opened. Mrs. Clyde Davis gave a reading and music was furnished by Mrs. C. A. Bowen.

The luncheon committee was composed of Mmes. L. R. Reed, Joe Barton, C. N. Crawford, Roy Morgan, Ray Lane, E. H. Lovelace, Harvey Glass, Rogers Hefley, John Reed, N. H. Reed, R. P. Brown and Miss Ethel Foster.

Last Sunday night concluded the union Sunday evening services for all four churches but the Methodist and Presbyterian Churches will continue in union services at the tabernacle for the remainder of September. Rev. Ed H. Lovelace will preach Sunday evening. The service will begin at 8:30. The U. of L. study will begin at 7:45.

While Walter Winchell is away, this month, his column will be conducted by guest columnists.

Crowdway and Elsewhere

Whispered in Washington
Impending changes—Lt. Gen. Kenney to succeed Gen. Arnold as chief of Army Air forces. . . . Admiral Nimitz to get Admiral King's cushy Navy post when King is ready to retire, which won't be right away. . . . Undersecretary Sullivan is regarded as having the best chance to fill in when Secretary of the Navy Forrestal steps down. . . . Secretary of Commerce Wallace isn't as sure of sticking as he and his "liberal" friends think he is. . . . A labor bloc in the Senate, prodded by CIO's Sidney Hillman and Rep. Vito Marcantonio, is organizing to demand that President Truman veer sharply left or not only face a legislative fight, but possibly a new, third party on a nucleus of the American Labor Party and Political Action Committees. . . . In this group are Senators Wagner, Kilgore, Pepper, Hill, Guffey and Murray, and they are working on Magnuson, Thomas and Mead, who haven't yet decided to go all out.

Congress will get a battle from the Army. . . . The legislators, fresh from their home constituencies, will whop it up for more and quicker discharges. . . . The Army will resist. . . . The lawmakers will claim that on the present 85-point system, only about 1,000,000 are eligible for release, and they will propose militantly that the basic minimum be reduced at once to 60 points or less. . . . The army will argue that keeping men in uniform is the perfect answer to unemployment during the reconversion interim. . . . But, in its secret councils, the Army doesn't monkey much with economic strategy — just wants to keep a big Army.

East Coast, West Coast—Clark Gable's real name is William — William Clark Gable. . . . Warners have settled on the man to play Will Rogers — Joel McCrea. . . . Lt. Henry Fonda, in the Navy since '42, has won the Bronze Star for heroism in the Mariannas. But they say his domestic affairs are

Crit Clark's Father Dies

L. T. Clark, veteran Texas ranchman with interests in the Sterling City country, died Sunday afternoon at his home in Quanah, according to word received here. He was 92.

Mr. Clark operated with his son, Crit, a 35,000 acre ranch near Water Valley, two at Garden City and one north of Rankin, and was also interested in banks at Quanah and Fort Worth. He was actively engaged in operating his businesses until ill health brought a retirement last year.

Son To The A. L. Davises

A son was born to Mr. and Mrs. A. L. Davis last Friday, September 14, in the Shannon hospital in San Angelo.

The baby, named Danny, weighed six pounds and thirteen ounces. Time of birth was 1:45 p. m.

Papa Davis is Sterling high school principal and athletic coach. The Davises have another child, Lou Ann.

not too happy. . . . MGM's official biography of Robert Donat says, with no amplification or footnotes: "—Returning to England, he resumed his film career in '39 Steps' and 'Night Without Armor,' with Marlene Dietrich, then took a six months' leave of absence to regain his health." . . . Jack Dempsey and his two daughters are living in a house rented from Estelle Taylor, where Jack and Estelle spent their honeymoon. There is talk since she divorced Paul Small, she may rewed the Old Mauler.

Many who saw the sharp and striking MGM newsreel reporting of the plane crash against the upper stories of the Empire State Building may have admired the enterprise which made these releases by far the best. Therefore, they may be interested in the story behind the story. . . . "Newsreel" Wong, the famous Chinese photographer who has been with Metro 21 years and has covered every battlefield and the far reaches of the globe for news subjects, was given a furlough while attached to Gen. MacArthur on Luzon. . . . He decided to spend it in New York, the only place of interest and importance he had never before visited. . . . He arrived on a Saturday morning, in uniform and with his cameras, looked up the Metro Manhattan office in the phone book, and went there. The place was closed for the day, but some scrubwomen were at work and so the door was open. . . . Wong was about to leave, when a telephone, hooked on through the switchboard, rang. He picked it up. An excited voice reported the crash. . . . Wong grabbed a cab. Police lines were closed, but because of his uniform and a breastful of service ribbons he was allowed through. . . . He did his stuff with his usual vigor and sped back to the office. . . . By that time, the executives had heard of the hot story and were in and phoning for photographers frantically, when Wong, whom they had never seen, whose presence on this continent was news to them, entered with the whole thing in his bag. . . . They slapped him on the back, hugged him, etc. . . . "That's quite all right," said Wong. "I always did want to see the Empire State Building!"

Investigators of two Congressional committees are in Hollywood, looking into the activities of the Communist groups in that area. With the "degradation" of Earl Browder by his monkey-glanded party, a lot of the boys and girls in the picture colony and its offshoots felt they had to get furiously busy to prove their Red loyalty. . . . When a resolution condemning communism was presented to the Central Labor Council of California, the motion picture crafts were in the foreground voting it down.

SO TALES

THE DOG KNEW

Animals are supposed to ascertain things - possibly by an animal instinct unknown to humans - and the old-timers and darkies and some of us nowadays are not at all surprised. Such as dogs and as this SO TALE illustrates.

On the night of May 6 this year, a dog belonging to Marine Pvt. Harry Gann, son of the George Ganns, howled. It woke up the George McEntires, owners of the ranch where Gann is foreman. McEntire went out to see what was the matter with the little fox terrier. He went back and told Mrs. McEntire that nothing was wrong with the dog.

Very soon the Ganns got a telegram from the Navy Department saying that Harry had been wounded by a blast concussion. Later Harry was returned to the U. S. Naval Hospital in Norman, Oklahoma.

The first part of the month the Ganns went up to visit with Harry, and McEntire asked Gann to ask Harry exactly the time that he got hurt. Gann reported back that Harry said "May 6 - late at night". McEntire showed Gann in his day book that he had written down the date-night of May 6.

Unusual? Not to some people. It's a SO TALE.

SCHOOL DAYS WRITING PAID OFF TO ROSS FOSTER

When Pvt. Ross Foster, son of the Rufus Fosters, was in high school here, the English class students wrote to students in foreign countries. Miss Marjorie Smith, the teacher, had no idea what her letter writing schemes would turn into.

Ross corresponded with a girl in Holland named Mariet Kokl. Came World War II and Ross goes to the European theater with the U. S. Army Air Forces. He was stationed in England, France, Holland and - yep, you've guessed it. He calls on Mariet Kokl. She said as she met him at the door - "And you're Ross Foster". They had exchanged pictures. Mariet can talk English - which of course made things easier. It's a small world.

Ross says he wants to see Berlin, Austria and Switzerland and then he will be ready to come home. Twenty-one years old, Ross has been in the air forces three years.

Daughter to Mr. and Mrs. H.S. Saunders

A daughter was born to Mr. and Mrs. H. S. Saunders in a San Angelo hospital last Friday at 9:27 a. m. The baby weighed six pounds and four and one-half ounces.

Mr. Saunders works on the Riley King ranch on the Divide.

District Club Appointments

Mrs. Roy Foster and Mrs. Clyde Davis of Sterling City have been appointed to district club offices recently. Mrs. L. E. Dudley of Abilene, President of the 6th District-Texas Federation of Women's Clubs appointed Mrs. Foster to be literature chairman and Mrs. Davis to be youth conservation chairman.

OUR MEN IN SERVICE

Captain Royal T. Foster, Jr., son of the Roy Fosters, landed in New York Sunday on the SS E. B. Alexander. He phoned his parents and said he would be in San Antonio by Thursday and home by next week. Capt. Foster has been stationed in Germany.

1st Lt. R. D. Garrett, son of the R. A. Garretts, arrived home Tuesday morning from Europe. R. D. was wearing the European campaign ribbon with three stars, the purple heart and the bronze star.

Mrs. Wayne Jarrett visited her husband at the Kerrville Veterans Hospital last week-end. Wayne, honorably discharged from the U. S. Navy, is now a nurse in the Veterans Hospital.

Reported Killed; Found In Prison Camp

Pvt. Ralph Payne of Cornville, Arizona, nephew of the R. E. Martins of Sterling City, who had been reported killed in action in the Philippines earlier in the war, has been discovered alive in a Japanese prison camp in Tokyo.

Pvt. Payne's parents, Mr. and Mrs. Thomas R. Payne of Cornville, received word from the Red Cross to that effect.

County Judge G. C. Murrell attended the West Texas County Judges' Convention in Abilene last week-end.

The E. F. McEntires will go to Temple today to see their son, Pvt. Ewing F. McEntire, who is stationed at Camp Hood, Texas.

Levi Garrett, Sterling horse trainer, put on a show at the Latin-American "dies y seis" celebration in San Angelo last Sunday.

Miss Eloise Luckett of Lubbock was a visitor in the Marvin Churchill home this week.

Joe Emery, butane dealer, went to a Railroad Commission meeting Monday in Austin, where the new butane regulations were discussed.

Behind Your Bonds

LIVESTOCK IN KANSAS

Despite the general opinion, livestock, and not wheat, is a chief source of income in Kansas. This state also has the largest broom corn market and is first among all states for flour milling, averaging more than 13,000,000 barrels each year. Such diversified production helps build the wealth of a great nation. The Bonds of that nation are the world's soundest investment.

U. S. Treasury Department

Lions Club Hears Chinese Officers

Major Ching, commandant of the Chinese Cadets at Big Spring Army Air Field, spoke to the Sterling City Lions Club at the Wednesday luncheon. Major Ching, speaking through an interpreter, Capt. Nee, extended the formal courtesies from China, invited all present to visit China sometime, and said he wanted to organize such clubs in China when he returned. Lt. Lee, U. S. Army officer, attached to the Chinese contingent as administrative officer, spoke on China and origin of names. Capt. Nee and Tone of the Chinese Air Force spoke briefly, helping to make things about China clearer to Americans.

Other guests present were Lt. C. T. Ducote, S-Sgt. Dale Hall, Lt. S. L. Augustine, and Lt. R. D. Garrett visiting relatives here. And from Big Spring were Marvin Miller-vice-president of Cosden Petroleum Co., Abe Carcher-secretary-treasurer of Cosden, Jack Smith-personnel manager of Cosden and president of the Big Spring Lions Club, Shine Phillips-who is well-known here (author of "Big Spring"), Boyd Kelly-manager of KVST, Glenn Bennett-manager of C. R. Anthony Co., Dewey Martin of Big Spring Hdwe., Gene Thomas-owner of Thomas Typewriter Exchange, and Charley White of Iva's Credit Jewelers.

Following the luncheon at the Lions Club, the group went out to D. D. (Levi) Garrett's ranch, where Mr. and Mrs. Garrett put on a trained horse show. Levi put Hogarth, Jr., a little mule and a white mare through their best stunts. He had a little two-week-old calf, born with only three legs and it gets around as well as if it had all four legs.

The group enjoyed the luncheon and the horse show. The Chinese officers expressed a desire to return and ride horses.

Locals

The H. L. Hildebrands this week-end took Mr. Hildebrand's mother, Mrs. M. L. Hildebrand, back to her home in Sherman. She had been here visiting the Hildebrands. Hilde plans to go to Lake Texhoma at Denison to fish while in North Texas.

George McEntire, Jr. and John Scott Sanderson spent last week-end here at the George McEntires. Little George and Sanderson are with the Lockheed Aircraft Factory. George had gone to Georgia for a transport plane to return to California and Sanderson, who had been attached to the U. S. Air Corps overseas, returned home with George.

W. T. Mills has bought the house he has been occupying and the house just west of his on the corner from Mrs. E. B. Butler. He sold the one he has been living in to J. B. Atwell.

Mrs. F. M. Williams suffered a stroke last week and is very low at the home of her niece, Mrs. C. O. Magee, in San Angelo.

AMERICAN HEROES
by WOODY COWAN

A LIBERTY SHIP has been named for James G. Squires of Everett, Mass., second cook on the torpedoed S. S. Malantic, and a Merchant Marine Distinguished Service Medal awarded posthumously. Squires clung to a rope thrown to the life boat in which he, the ship's master and nine other crewmen floated on rough seas until the other ten were safe on a British rescue craft after the torpedoing. Then he lapsed into unconsciousness and was swept away. Investment in Victory Bonds to support living heroes is a testimonial, too, to such men.

Your Home
By Frances Ainsworth

I wonder if you are aware of the magic thrill that awaits you when the marvelous new post-war radios come on the market. I have been privileged to see — and, yes — to hear some of these new radios. Just a few weeks ago I was visiting Mr. George Oehlsen, chief engineer of Stewart-Warner.

I told him that because radio is so much a part of enjoyable American living it must be at its best even under the most difficult conditions. I receive so many letters from women living on farms and in rural communities, complaining about poor radio reception. Mr. Oehlsen not only agreed with me completely, but let me sit in on some tests of new models they had designed for just such listeners. I wouldn't have believed it if I hadn't heard it with my own ears. I felt I could reach out and touch the announcer, he came through so clearly and naturally. And mind you, this wasn't a high priced expensive console, but a beautifully neat and inexpensive table model you can place almost anywhere in your home. What impressed me so greatly was its quietness—no hum, no crackling, no frying in the background.

Then I heard — and saw — their jealously guarded table model phono-radio combination. I could hardly believe that the full-bodied music with almost unbelievable volume could come from this small set. There was enough power and tonal clarity to do justice to any symphonic recording or to carry clearly above noise and chatter.

And now for the big news—I am sure you will be seeing these radios for yourself before Christmas!

Lies the Might of America

FRUITS OF GOOD EARTH

Orange consumers have been familiar with California's fruit for years but few realize that the crop of 1940 was valued at 48 millions while that of 1944 brought 154 millions, an increase of 224 percent. Potato growers tripled their output and peaches jumped from a 10 million dollar harvest to 41½ millions. Small crops like prunes and apricots had several hundred percent increase. For years California soil will help feed the world and add to the Nation's wealth behind War Bonds.

But It's True

In July, 1922, the seven Hallowells gathered under the same roof, but they were not allowed to see each other. Their crimes consisted of a choice collection of homicides, robberies and assaults.

SAYS SECRETARY OF AGRICULTURE:

Despite Victory Used Fat Saving Must Go On!

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

Clinton P. Anderson

RAILS AND RODS

Very early in the steel industry in this country, mills arose at Joliet, Ill., which produced rods, rails and wire, important to the agricultural West. These items could be efficiently made there because of the city's proximity to soft coal fields. While the great plants near Chicago have since overshadowed the Joliet industry, this steel center stands high as an asset in the might of America, insuring full payment of all War Bonds. U. S. Treasury Department

Jeff Davis shipped 4 cars of lambs to Kansas City Sunday. They had been contracted earlier from Will Edwards (300), E. F. McEntire (320), Bob Davis (200), W. B. Welch (300) and Riley King.

Pat Jackson shipped 6 cars of ewes to the Fort Worth market last Sunday.

W. Y. Bengé bought around 175 aged ewes from Clyde Reynolds this week.

M. C. Mitchell and Ted Brown delivered 223 yearling and two-year old steers to Kansas buyers this week.

M. C. Mitchell, local feed dealer, says there'll be no cake for feed this winter.

University of Life

The U. of L. met at the tabernacle last Sunday evening.

Mrs. Tommie Johnson led the discussion and Rev. B. B. Hestir brought the message.

After the services the young people went to the Methodist Church for refreshments. They were served by Mrs. Harvey Glass and Mrs. Herman Everitt.

Those present were Jacqueline Everitt, Ruby Langford, Edith Fowler, Carolyn Foster, Trinabeth Reed, Billy Verne Davis, Bobby Ivy, R. T. Smith, Joe Snead, J. D. Fowler, and Gene Fowler.

Class Party

Mrs. Ray Turner entertained her Sunday School class with a hobo party last Friday evening.

The group hiked to the river where they enjoyed a picnic supper.

Those present were Winona Ware, Sarah Fowler, Wanda Cook, Charles Ray Turner, Bill Cole, Buddy Cole, and Harry Blank.

PLUG IN... I'M REDDY INSTANTANEOUSLY!

© REDDY KILOWATT Your Electric Servant

Reddy Kilowatt travels at the speed of light—186,000 miles per second! That's why it is possible for Reddy to respond so quickly when you flick a switch or plug in an electric appliance. All you have to do to get this amazing speedy service is to give Reddy proper wiring to travel over and he'll go to work for you instantly in any part of your house or all parts at once.

When you hire him, a (Reddy) Kilowatt of electricity, you are buying power equivalent to the labor of thirteen strong servants. But that's not all—you get his service 24 hours a day. He's here . . . there . . . and everywhere you have an electric outlet, ready to do any and all of your jobs—instantly.

He'll wash your clothes, do the ironing, clean your rugs, do the cooking, wash your dishes, refrigerate the food, time your clock, furnish plenty of good light, give you radio entertainment and do a host of other tasks. All this for but a few pennies a day.

Just remember—whether you are a millionaire or in moderate circumstances you can always have the instant services of Reddy Kilowatt.
