## Lions Bid \$300 At Christmas Auction

The Sterling City Lions Club held its annual Christmas auction at the Wednesday luncheon. More than \$300 was bid in on the gifts by Lions and their guests. Lion H. M. Carter acted as auctioneer.

There will be no meeting next week, because it is Christmas week. Guests at the Wednesday luncheon were Rufus Foster, Chuck Oldham, Earl Bailey, Pug Garrett, Roy Foster, A. L. Davis, Aaron Clark, Worth B. Durham, Mrs. A. L. Berryman, Joe Mims, Hinton Emery, Mrs. Trinton Revell, Tommie Johnson, George Garner and John Brock. The prize went to George Garner.

Money raised at the auction will go to the Boys Ranch, needy families and shut ins, and to pay for the Christmas cards to the men and women in the armed forces.

Sgt. Fred Thieme, son of the Alfred Thiemes, is on his way home from Guam, and will soon be discharged. He had been in the service four years last June.

### Tale of the Town:

NBC's Ben Grauer reports that Albert Einstein, the top mathematician and atomic bomb authority, likes to relax with a violin. Recently he invited the renowned pianist, Arthur Schnabel, to his home for a musical week-end.

They were running through a rather involved Mozart sonata and Einstein was having some trouble playing. Finally, after several explanations, Schnabel got irritated. He banged his hands down on the keyboard and groaned: "No, no, Albert. For heaven's sakes, can't you count? One, two, three, four."

**Ain't It the Truth:** On One 5th Avenue, a patron was telling a bartender his views on the atomic world. "Jet planes, sky highways and there'll even be machines as bartenders! These machines will do everything you do!"

"Mebbeso," said the bartender, "but those machines wouldn't last a week. They might mix you a drink and hand it to you—but no machine would ever put up with some of the luses we meet!"

**Quiteso, Quiteso:** Marie MacDonald, just arrived for the premiere of her latest film ("Getting Gertie's Garter"), was asked if she wasn't bored with people who keep calling her The Body.

"No," said Marie, "I found out that in Hollywood a gal can't get anywhere by being referred to as The Brain."

**Arlene Francis** relays the one about the Hollywood producer who squawked when he got an estimate depicting Civil War scenes. It was for \$1,000,000. "Why, you money wasters!" barked the producer. "The battle between the North and the South didn't cost \$750,000!" "The original battle," snapped an accountant, "was a flop."

**Boo, Y'self!** Boris Karloff met Bela Lugosi the other middle-of-the-night and compared notes. "I had a wonderful day," said Karloff, "I picked up three more corpses!" "Y'don't say!" said Lugosi. "That's wonderful. You must come to my house some time and see my bathtub full of blood!" "I'd love to," exclaimed Boris. "What's your phone number?" "Call me any time," giggled Bela. "I'm at PLazma 9-2259."

## Special Union Christmas Service

A special Christmas service will be held by the Methodist and Presbyterian Churches Sunday evening beginning at 7:00. A program of Christmas music from outstanding oratorios and cantatas will be presented by electrical transcription and carol singing by the congregation will feature the first 30 minutes.

Following the song service a two reel sound motion picture on the birth and childhood of Jesus will be shown. The public is cordially invited to this service which will be held at the Methodist Church.

## Baptist Christmas Program

A Christmas tree and program will be held Sunday evening at 7:30 at the Baptist Church. A tree with gifts for the younger pupils, singing Christmas carols, readings and a film, "The Child of Bethlehem" will round out the scheduled program.

The film is the life of Christ through the age of 12, and was secured in connection with the Methodist Church.

Coast "Dorothy Parker" haven't talked for years. They met at a party the other day, and the actress purred: "The critics all say my latest picture is a must." "That makes two in a row," said the other. "You mused up the last one, too!"

**New Yorkers are talking about** President Truman's very good friend from Missouri, who recently went to the White House for a favor. "My boy is overseas, and his old mother may not live. Can you help me bring him home right away?" Mr. Truman obliged. . . . A few weeks later the same old pal went to see the President for another "break." . . . He hoped Mr. Truman could arrange the transfer of some factories (in the reconversion manner) for him. "It would put me on Easy Street," said the old pal. . . . "Now look here," said Truman sternly, "helping get your boy back to see his ailing mother was human. Don't ask me to fix anything in which money is involved. I'm not going to be part of any Harding administration!"

**New Yorkers are talking about** the headaches Paul McNutt will inherit when he lands in the Philippines. . . . Blanche Faye's new understudy role (to G. Niesen) in "Follow the Girls," a funny show. . . . The digest mag which expects to have a circulation of forty million one day. If Russia permits it there. . . . Greta Garbo's spurning of the leading role in "Bella Donna" because, she said, she will never again play the part of a sinful woman. . . . The exciting Warner short titled: "Hitler Lives?" . . . The record night at a midtown spot: \$10,000 (on the Sat. night of the army game). . . . Burl Ives and Helen Payne, who cancelled their merger plans recently, deciding to wed in the next fortnight. . . . Playwright Lillian Hellman switching producers after all those successful years! . . . The backers of a flop show who complained to the D. A. Saturday about the alleged misuse of their monies. A producer and associates will be investigated. . . . The fact that if you dial the letters MAE WEST on your phone (tee-hee), you always get a busy signal!

**New Yorkers Are Talking About:** The \$100,000 per annum offer J. Edgar Hoover turned down recently to quit the FBI. He didn't want to be "window dressing" for the firm's product. . . . That fight in an East Side swank spot, which ended humorously. The tuxedoed fellow and his elegant Mrs. (who started the fracas) were both knocked flat. . . . The much publicized glamour girl, once wed to a millionaire, who hocked her mink coat for \$300. She was the one wife (of his many) who refused any settlement or alimony.

## DECORATE THE HOLIDAY HAM

Simple decorations add a festive touch to the delicious, slow baked, Christmas ham. These flowers, decorating the glazed fat surface of the ham, are made of shiny green pepper, with a bright red cranberry in the center of each. It's easy to do, and so colorful.

## Mrs. E. L. Bailey Bridge Hostess

Mrs. E.L. Bailey included three tea guests when she was hostess to her bridge club Thursday afternoon with a Christmas party at her home.

The guests were Mrs. Johnnie Hornbuckle, of Washington, D.C., Mrs. T. Sjdolom of Vancouver, Canada, and Mrs. John Hornbuckle of Sterling City. Mrs. Johnnie Hornbuckle and Mrs. Sjdolom were presented with gifts.

Mrs. Templeton Foster took high club score, Mrs. H. S. Nelson won the floating prize, Mrs. Joe Emery high for guests, and Mrs. Hal Knight cut low.

A salad course was served 22 members and guests.

## Unique Air Service

WASHINGTON—"The sky is the limit," is a phrase being proved extra true in aviation. The amazing progress of air transportation is vividly shown in the plans for broadening the scope of commercial operations as soon as the transition to peace-time conditions permits.

Delivery of new automobiles by huge glider trains of the sky is only one of the more striking enterprises for which applications are just waiting to be given the green light by the Civil Aeronautics Board. The list according to the Air Transport Association of America, includes:

- Flying ambulances and funeral planes.
- Armored airships for safe dispatch of currency and valuables.
- Big tank planes for shipment of gasoline and oil.
- Bus and taxi service, using both helicopters and conventional models.
- Deliveries of medicine, of food, and of department store merchandise.
- Sightseeing specialists.
- Fly-yourself systems.
- Delivery of new or "used" airplanes to buyers or dealers.

Many war veterans who have gained invaluable experience flying in the war are in the forefront of these projects. There are some whole groups which served together in battle and plan to stick together as partners in the airline business.

Dr. Wm. J. Swann, the only doctor here, was confined to his home with a touch of flu the first part of the week.

## Miss Ethel Foster Heads Sesame Club

On December 8 a meeting of the Sesame Club was called by Mrs. Frank Cole, vice-president, to take in the following new members: Mrs. Kenneth Garms, Mrs. W. R. Hudson, Mrs. Lura McClellan, Mrs. Minta Phillips, Mrs. Riley King, Mrs. Herman Garlington, Mrs. Robert Foster, Mrs. Darrell Garrett, Mrs. Joe Emery, Mrs. Ruth Allen and Mrs. Robin Burns.

On December 15 another meeting was called at the public library for the purpose of electing officers for the term December 1945 to May 1947. New officers are Ethel Foster, president; Mrs. George Case, 1st vice-president; Mrs. Lura McClellan, 2nd vice-president; Mrs. H. Garlington, secretary; Mrs. Frank Cole, treasurer.

The Sesame Club was organized in 1938, the membership consisting mostly of the teachers in the public school. Miss Pearl Ferris was the president. When the war came, many of the members moved away, some withdrew because travel was difficult. The membership decreased each year until last year there were few if any meetings. Mrs. Case and Mrs. Cole, regretting to see the club disband, volunteered to put forth an effort to get new members.

Miss Foster announced there would be a meeting during Christmas week in her home to discuss changes in By-Laws and program for this administration. The membership of the club prior to the taking in of new members are Mrs. Tommie Johnson, Mrs. Cole, Mrs. Jack Mims, Mrs. Homer Pearce, Miss Foster, Mrs. Gene Carr, Mrs. Foster Sims Price, Mrs. Will Meyer and Mrs. Case.

## Slight Fire

A fire caused slight damage at the Roy Martin residence Wednesday afternoon. The kitchen was scorched and damaged somewhat by water. Tillie Martin put the fire out before the fire trucks arrived.

## Flu Closes The Sterling School

The Sterling School's dismissed on Monday afternoon of this week because so many students were absent due to flu. Upwards of 60 pupils were absent on Monday. Between forty and fifty had been absent last week.

The volleyball and basketball tournament scheduled for last Saturday here at the high school gym was called off for the same reason.

Many schools over the state have dismissed classes due to the flu. School here will resume January 2.

## Captain Worth Durham Back

Captain Worth Durham, son of the D. C. Durhams, is now on terminal leave from the U. S. Air Forces and will be discharged in the next few months. Serving as intelligence officer for a heavy bombardment group, Captain Durham served in the Pacific war, all the way from Guadalcanal to Okinawa.

Worth, a practicing attorney before he went into the Air Forces, has come back to Sterling-back home-he says. He plans to practice law here, work in the abstract and insurance business that his father established, and ranch on the divide.

Captain Durham was a law partner of George T. Wilson in San Angelo before he joined the services, but now he plans to reside and practice law here.

## Many Flu Cases

The flu, although of a mild form, has Sterling in its grip—and has had for the past two weeks. Conservative estimates would put the number of cases between 150 and 200. The school finally closed with too many pupils out. Even Dr. Swann finally had to give up to the little germ.

Preventative measures call for proper diet, plenty of sleep, no exposure to large crowds and proper clothing.

## Foster Home Soon

Cpl. Ross Foster, son of the Rufus W. Fosters, who has been overseas (Europe) for two years, is looking forward to returning home within a few months. Another son, Pvt. Reynolds Foster, now at Camp Roberts, California, expects to be discharged soon.

## Taking It Easy

Oscar Findt, who sold his cafe and building to Horace Donalson last week, is taking life easy for a few days before he gets into something else. Oscar said he built the cafe sixteen years ago. He leased it for a time, but he has operated it uninterruptedly for the past eight years.

Donalson, who had a cook lined up to run the cafe, but a hitch in plans makes it necessary for him to consider leasing it. It is reported that Johnny Garner is considering leasing it.

### Plan a Bathroom to Please Entire Family

CALL a family consultation when you're planning that new bathroom is the advice given farm folks in an article in nationally circulated Capper's Farmer. Then you'll not be forever after wishing the fixtures had been installed some other way. Juggle space and fixtures on paper, then when the final decision is reached, the work of installing the bathroom may go ahead without confusion.

If the family is large, you'll need more than one bathroom. Or if there can be only one, it should be planned to accommodate more than a single person at a time. Simple partitions, like those used in the bathroom pictured above, will do the trick. The lavatory and toilet are separated from the tub. Further convenience is provided by the extra stool in the tub compartment.

Between adjoining bathrooms a partition bath may have a stool and

lavatory available to each room and a tub compartment connection with both. If there are several children to get ready for school at once, have two lavatories in the bathroom. Better still, put one of the lavatories with a stool downstairs. Make a complete second bathroom by adding a prefabricated shower cabinet.

A bathroom ought to be pretty as well as utilitarian, the Capper's Farmer article points out. That will be easy enough with the good-looking fixtures now being manufactured. Porcelain enamel will be made in almost any shade your artistic heart desires. You'll also have a wide variety of wall finishes to choose from—plastic-finished wall-board, wallpaper, tile, tile board, paint, wall linoleum, structural glass. Linoleum and tile are the most popular floor coverings. All these are available in many colors and designs.

**Here's How to Banish Washday Stooping**

IT IS the stooping, bending and toting that make washday tiring. Dorothy Holladay points out in nationally circulated *Copper's Farmer*.

Among many homemakers who have changed their washday habits to eliminate fatiguing motions, she cites Mrs. Carl Frey of Iroquois county, Ill., in the magazine read by

can also be sorted on a table or counter or from the table to several baskets placed on chairs.

Mrs. Frey's sliding clothes-basket saves time and bending. Holes were bored in each end of a sturdy wooden clothes hanger. From these holes wires are fastened. At the end of the wires are hooks to hold the handles of an ordinary basket. The top of the basket is then waist-high.

1,250,000 farm families. Mrs. Frey says that time and energy saving methods make washing easier, beside saving an hour each washday. Here are some of the tips she gives other housewives:

The washing machine should be high enough for ease in working. Mrs. Frey has elevated hers by putting bricks under the legs. A wooden platform built to fit would serve the additional purpose of insulating the washing machine.

Sorting clothes on the floor requires constant stooping. Mrs. Frey separates clothing into several baskets set on wooden crates. Laundry

A clothespin apron snaps over the hanger. The hanger hook slides along the clothesline as she pushes the contrivance ahead of her.

In planning for veal in the meal a good many home food buyers are in the habit of not thinking much further than veal roasts or chops. But veal has other cuts to offer—cuts which may be less well known but, nevertheless, are just as desirable, if properly prepared. An idea as to what can be done toward injecting variety into the menu with veal is set forth by the recipes given above. There are, of course, many other cuts of veal and many possibilities for their preparation that may be used to advantage.

# Help them get home for Christmas

Make only essential trips during the holidays

528,000 home-bound members of our victorious forces will reach West Coast ports this month

The biggest gift that thousands and thousands of the men and women in our fighting forces could get is a chance to spend the Christmas holidays with the folks at home.

But getting them home is far more than a matter of discharge papers or a holiday leave—there's the problem of getting them to wherever home is.

Tens of thousands are now in California ports waiting to get home.

The Army and Navy tell us that better than a half million service personnel will be returning in December. That means 17,000, on the average, must be taken care of each day.

Our trains are already overcrowded. We don't want to disappoint a single soldier, sailor, marine, coast guardsman, Wac, Wave or Spar we can possibly find space for.

So won't you help us to do our share in playing Santa Claus to them by postponing your trip until after the holidays—unless it has to be made.

You'll get—we'll bet—a little glow out of knowing that you're making it possible for somebody in the service to be home. So again we ask, in all friendliness, won't you postpone your trip until we can serve you in the traditional Santa Fe manner.

**Your BABY**  
By Edna Mae McIntosh

A definite schedule is a great help to you and your baby appreciates regularity. But, schedules must be changed at times. If the routine upsets the family life seriously, it may be adjusted enough to make every one happy. It requires common sense and not slavish adherence to exact hours and minutes.

When your baby seems willing to sleep instead of having the night feeding, let him sleep, if he will. Babies vary in the age when the night feeding becomes unnecessary.

The feeding schedule may be varied to suit your convenience and your baby's. Baby may have breakfast any time from 7 or so until 9 or thereabouts. Orange juice and water may be enough until after the family breakfast is over. If it isn't then change to some other plan.

Usually new foods are introduced at the noon meal which may come anywhere from noon until two o'clock, depending upon the sleeping schedule your baby seems to prefer. After cereal has been fed at noon for awhile and other foods begin to take its place, then move the cereal to breakfast. About the same time, cereal may be given again for the evening meal.

The important thing is to keep your baby healthy and happy whether or not the schedule is the same as other baby schedules.
