Oil Well Blows In Last Sunday; Production Found In Ellenburger

After several attempts (shallow tests) in the past two decades, oil was finally discovered in Sterling County. Ellenburger production was found at 8,376 feet in the Plymouth Oil Co.'s No. 1 Georgia Frost 1 1/2 miles northwest of Sterling City on the Colorado City highway.

Flows Eight Barrels Per Hour

On Saturday Plymouth had completed the 25-foot deepening and casing of the wildcat. The plugs had been drilled out and Sunday morning the perforations were made. At about 1:00 p. m. the well began flowing at the rate of approximately 8 barrels per hour with a gas ration of 900-1. When the drilling mud, etc. is cleaned out the well is expected to flow more, it is said. Flow is through a 3/4 inch bottomhole choke and a one inch opening.

More Wells to Be Drilled

The Plymouth Co. plans to skid the rig and drill close by, as well as move in more rigs for further exploration.

The Plymouth Co. No. 1 Georgia Frost dominates the country side setting on an elevation which can be seen for miles. On land owned by Mr. and Mrs. F. M. Williams, and who willed it to Mrs. Frost of Wynnewood, Okla. and S. M. Kennedy of Elmore, Okla., the divided section, and the well is located on Mrs. Frost's half. The Williamses also left the Church of Christ and the Foster Cemetery a section in their will.

Steady Leasing

As a result of the Plymouth strike, all landowners who had not leased for oil, were approached and the land was grabbed up at \$5.00 per acre to \$10.00 bonuses, with some rentals at \$1.00 per year. The land left in Sterling County unleased is very little, and the owners are now in no hurry to lease.

Royalty Offers

Mrs. Frost sold half of her royalty on a \$50 per acre price or \$8,000.00, which leaves her with a 1/16 royalty. Her brother sold half of his on a \$100.00 acre basis, or \$16,000.00. He still retains a 1/16 royalty.

Many other offers to buy royalty from the ranchers and landowners are reported each day, some being higher than the \$100.00 price. Claude Collins, who has part of the Plymouth block has been offered \$250.00 per acre base for some royalty by a Midland group. He had not sold any this week. Plymouth will have to drill 2 wells on his place within the next nine

Foster To Build 18-Unit Tourist Courts

W. L. Foster is letting bids for an eighteen-unit super deluxe tourist court, which will be located on the highway between the Humble service station and Bill Pool's garage. So reported H. L. Hildebrand Thursday of this week.

Mr. Foster had the plans drawn up two years ago and bids were let at that time, but costs were so high he called it off. Now he is going ahead and do the building, it was said.

The courts will be constructed of concrete tile and stuccoed on the outside. There will be tile baths and modern construction throughout.

Swabbing Well

Bill Lane of the Plymouth Company told the News-Record by phone Thursday that they were going to have to swab out the Georgia Frost well on Thursday. They haven't got the well to flowing like they want it yet.

The company had been engaged in cleaning out the well on Wednesday, too.

months to hold the lease, he said.

Crowds Visit Well

Numbers of interested oil people of West Texas, plus hundreds of Sterling Countians went out to the well Sunday to see the new well.

The Plymouth Co. and R. L. Pete Ainsworth, who ranches the G. G. Ainsworth ranch of six sections near the new well, were hosts at a barbecue for Plymouth personnel and neighboring ranchmen Tuesday night.

An estimated 500 persons were present and partook of the barbecue supper. The supper consisted of barbecued beef and goat, beans, pickles, onions, bread, and drinks. People were present from Midland, Odessa, Sterling, Colorado City and other parts of West Texas.

New Well for Gas?

It is being talked that a well will be drilled towards Coke County possibly on the Bob Mims ranch by a carbon black company of Amarillo—to get the gas for carbon black manufacture.

OIL SPRAYS CLAUDE COLLINS' NEW CAR SUNDAY

Claude Collins, who has land in the Plymouth block was at the new well Sunday in a new Chevrolet. When the well blew in oil was sprayed on his new car, messing up the finish of the car.

Claude said that he would have to make something off the oil business so he could have his car cleaned up and simonized. Maybe he will at that!

OIL AND GAS LEASE ASSIGNMENTS

Recent oil and gas lease assignments on record in the office of the County Clerk, are as follows:

W. R. Davis, et ux, et al, to G. W. Strake.

Ralph Collins, et al, to Reese Cleveland.

Parramore Estate to Ray Albaugh to the Hunt Oil Co.

G. G. Ainsworth et al to G. W. Strake.

Phillip Maverick, et al to the Sun Oil Co.

George T. Wilson to G. W. Strake (Mineral in Joe Davis land.)

Earl Bailey, et al (Fred Counsel, Hannah Bailey and Mrs. Geo. Hull) to C. H. Davis to Stanolind Oil Co.

W.B. Welch and wife to G. W. Strake.

Neill Munn to G. W. Strake.

Claude Collins to Cities Service.

Mable Crawford to C. H. Davis.

R. C. Bynum to A. R. Austin.

Daisey Mae Hull Barbee to the Hunt Oil Co.

Knight Estate to Bob Brennand.

AMENDMENT ELECTION GOES IN STERLING COUNTY

The special amendment election that was voted on last Saturday in Texas carried in Sterling County as well as over the state.

Malcom Black, who reported the returns to the Texas Election Bureau, said the vote was 38 for and 25 against here in the county.

The new law goes into effect right away and the tax will be collected in the state ad valorem taxes and turned over to the state supported colleges for building and improvements. Texas University and Texas A. & M. will be allowed to issue bonds for their respective building programs.

It has been reported that Horace Donaldson, owner of the Palace Theater, has bought the business lot next to his City Cafe building, for \$1,000.00 from O. D. Collins.

W. A. Davis, 75, Dies Tuesday

W. A. Davis, 75, died at his home in Schleicher County Tuesday night. Funeral services were held at the First Baptist Church in Eldorado Thursday afternoon.

Mr. Davis, well known rancher of Schleicher, Sterling and Sutton Counties, owned 10,000 acres of land here in Sterling County, northwest of Sterling City. He had donated the army building from the bombing range on his land to the American Legion here for their hall.

Owning land close by the Plymouth oil well here, he first refused to lease, but the Plymouth wouldn't drill without leasing some of his land, and he finally yielded to friends here, so the Plymouth would drill.

Football Boys To Camp

Some six lettermen, two coaches, a group of squadmen, and a cook will leave Sterling at 8:00 a. m. Monday for one week of intensive football training. There will be two workouts daily at 6:30 a. m. and 4:30 p. m. Between workouts the boys will have a chance to fish, swim and relax.

The boys will meet at the 3:00 p. m. Sunday at the high school gym. There will be no football equipment issued until 7:00 a. m. Monday. Sunday's meeting will be devoted to a discussion of plans for the coming season.

Coaches Tillerson and Duff will be pointing the boys to the opening game here on September 12 with Whiteface. There will be 10 days of workout before the opening game. The first conference game will be September 19 at Coahoma.

Lions Club Receives Softball Trophy

Softball team manager, H. A. Chapple presented the trophy that the Lions Club team won in the city softball league to the Lions Club at the Wednesday luncheon. He introduced the members of the team that did not belong to the club as guests of the club. The team had beat the American Legion for the summer's championship of the Sterling Softball Tournament.

Lion G. W. Tillerson, high school football coach, introduced the all-stars of the District that will play Whiteface (District 7) in an all-star game in Forsan Friday night.

Guests other than the football boys were H. M. Knight, Foster S. Price, Allen Rollins, Billy Vern Davis and C. J. Copeland.

The club voted to sponsor the 4-H Club boys trip to the Dallas Fair, taking some lambs for exhibit.

STORES TO CLOSE NEXT MONDAY, LABOR DAY

The grocery stores, Lowes, Baileys, the bank, the post office, etc. will close next Monday in observance of Labor day. So—buy your grocery and other needs Friday or Saturday.

Cannons To See Son Get B.A. Degree from Texas University

Mr. and Mrs. G. H. Cannon are spending the week-end in Austin visiting their son and daughter-in-law, Mr. and Mrs. Garland Cannon. Garland will receive his Bachelor of Arts degree as an English major from the University of Texas at 7:30 Sunday evening, August 31.

He has signed a contract for the school year as an English instructor at the Allen Academy, which is a junior college at Bryan, Texas. He will also assist with the school paper and annual.

Fred Hodges, registered Rambouillet breeder of Sterling, and his son, Clinton, are in Salt Lake City, Utah, attending the National Ram Sale.

Miss Eleanor Mendenhall of Dallas and Bob Seet of Indianapolis, Ind. spent the week-end here as guests at the Claude Collins home. They went on to visit the Ralph Collines, Roscoe, Monday night from here.

The Henton Emerys returned last week from a vacation trip spent in north Texas.

STERLING SCHOOLS TO OPEN TUESDAY, SEPTEMBER 9

The Sterling Public Schools will open Tuesday, September 9, with a general assembly in the high school auditorium, announced superintendent O. T. Jones this week.

The faculty has several changes from last year. The faculty will be as follows, according to superintendent Jones:

O. T. JONES, superintendent. He has a B. S. degree from North Texas State Teachers College at Denton and a M. A. degree from Texas Tech at Lubbock.

G. W. TILLERSON, high school principal and head coach. He has a B. S. degree from North Texas State Teachers College at Denton and was grade school principal last year. He also served as assistant football coach and head basketball coach last year.

MISS EVELYN VERNON, English and Spanish teacher, has a B. S. degree from N.T.S.T.C., Denton.

MARJORIE MANNING, home-making instructor. She received her degree from Texas University this year.

MRS. G. W. TILLERSON, with a bachelor's degree from North Texas State Teachers College, will teach social sciences and commercial work.

GRAMMAR SCHOOL

WALTER DUFF, who also has a degree from North Texas State, will be the new grammar school principal, replacing G. W. Tillerson. He will handle the 8th grade.

MRS. BENA DAVIS (7th grade) has a degree from Southwest Texas State Teachers College at San Marcos, and attended Baylor University at Waco.

MRS. GEORGE BLACKBURN, wife of the new shop instructor, will teach the 6th grade. She has a B. S. from N.T.S.T.C. at Denton.

MISS NETTIE McMASTER (5th grade) will be back. She has a B. A. from A. & I. in Kingsville.

MISS KNOXINE CAMPBELL, new 4th grade teacher, received her B. S. degree from Hardin-Simmons University in Abilene this year.

MRS. MARY CROSSNO, teacher of the 3rd grade, North Texas State Teachers College and Southwest Texas State Teachers College.

MRS. A. A. BERRYMAN (2nd grade) has studied at Stephen F. Austin College, Texas A. & M. and Abilene Christian College.

MRS. FAY LITTLE BROWN (1st grade) has a B. S. from East Texas State Teachers College at Commerce.

MRS. Ed. H. LOVELACE will teach the public school music.

MRS. RAY LANE will teach the Latin-American school. She has studied at Sul Ross College, Alpine, and is a senior there now.

Roy Martin is the building custodian.

Since vocational agriculture is not to be taught, courses in shop work (industrial education) will be offered all high school boys. George Blackburn, with a degree from N. T.S.T.C. at Denton, has been elected to fill the job as instructor. He and his wife will both teach and are both summer graduates of N. T.S.T.C.

DAN RITTER DIDN'T TREAT MIKE GRIFFITH RIGHT!

Mike Griffith, vice-president of the Plymouth Oil Company, got together at the barbecue at the Ainsworth ranch Tuesday night and recalled old times.

Mike said once back in the 20's he was out on Dan's ranch working "for free" or maybe room and board. Anyway, Mike said Dan would call him each morning about 3:30 and tell him it was time to get up get to stirring. Griffith said then they would sit around sipping coffee waiting for daylight to come so they could get to work. (No breakfast, mind, you.)

Mike said he got hungry before dinner time, and one morning he snitched three of Dan's biscuits and slipped them in his pockets for a morning nibble when the pangs of hunger hit him. Along in the morning he got hungry and pulled out one of Dan's biscuits and took a bite. Wow!

He slipped over to a windmill and soaked the biscuits for a short while, so he could bite in to them—and doggone if Dan didn't catch him at it!

STERLING'S FIRST WELL IN ACTION—Sterling County's first commercial oil producer and the initial Ellenburger lime discovery in the northeast part of the Permian Basin is shown as it flowed high gravity oil to pits Sunday afternoon. It is Plymouth Oil Co.'s No. 1 Mrs. Georgia Frost, 1 1/2 miles north and slightly west of Sterling City. Plymouth representatives and visitors are in the background.

"Covering the County"

By Byron W. Frierson, Sterling County Agent

It seems as though this column ought to be about oil this week. That subject seems to be the one I hear the most about since returning from a few day's vacation. But all I know about oil is that my car uses a lot of it, so we will stay off that subject.

We have just a word or so of news that might be of interest to the veterans. Eighteen men have now signed the information blanks and prospects look pretty good that the vocational class is going to materialize. All veterans who are planning to attend the class are reminded of be present at the Legion building at 8 p. m. on September 11.

According to U.S.D.A. figures the 1947 wheat crop in Texas was estimated at 129,420,000 bushels as of August 1. Last year production was 62,916,000 bushels. The average for 1936-45 was 41,287,000 bushels. In spite of this tremendous increase in production, people are still starving in some countries, and wheat is still demanding a high price. Its about time now to start thinking about next year's wheat crop in Sterling County. Three new varieties, Westar, Comanche and Wichita are excellent quality milling wheats which the Agricultural Experiment stations have had a major hand in developing. All three show good promise for this section of Texas. Treatment of your seed wheat with New Improved Ceresan will control Covered Smut and improve the stand and vigor of the plants. It doesn't cost much and can be treated easily at home. There is a need for another big wheat crop next year. Let's make the most of the small acreage we do put in wheat in this county.

It looks as though the days of the prairie dogs are numbered in Sterling County. Fred Council has been doing some poisoning on a little bunch he has and plans to keep it up until they are eradicated. There aren't many left in the

county and now would be a mighty good time to finish them off. Poisoned maize and oats or cyanide flakes are available through this office from Fish and Wildlife Service.

Vernon Blackman from the Hackberry Ranch did a little checking up on what I told him about ear ticks. He looked in the dirt around a salt trough to see if there were any ear ticks there. He brought 112 ticks to my office that he picked up on an area of about 2 or 3 square yards. This is the source of reinfestation of livestock. As was stated in this column a week or so ago, 50% kerosene and 50% crude oil mixed and sprayed around the troughs will kill these ticks.

Dennis Reed, a member of the Sterling 4-H Club, has purchased an excellent Duroc sow pig raised by R. B. Mitchell, another 4-H member. He will keep the pig for a brood sow as his 4-H demonstration. Dennis has fed lambs before, and is now going to try his hand in the hog business.

Lee Newcomb and Herman Garlington are planning to plant some vetch this fall. Vetch has gained widespread popularity the past few years as a cover crop, as a winter pasture, and soil builder. Vetch does its best when mixed with other plants. It has provided excellent pasture where mixed with rye. It is new to this particular locality and will be watched with interest.

When you need paper drinking cups or dispensers, see and buy them at the News-Record.

Plastic Diaper Cover Cuts Baby's Washing

HOME-MADE plastic diaper covers fashioned out of the same kind of material used in shower curtains can save young mothers an endless amount of washing, Mrs. Robert C. Miller points out in Capper's Farmer, a leading farm magazine.

Mrs. Miller says that before she thought of this idea, that everything in her young son Cleo's bed had to be changed almost as often as his diaper.

"I tried rubber pants," she writes, "but they cut his fat little legs."

"So I bought three-fourths yard of plastic material. The 40 inch fabric was cut in half lengthwise. Each 20 x 27 inch piece was doubled

to a 20 x 13 1/2 size and sewed together at the edge opposite the fold. The narrow seam was turned to the inside. Then a three-quarter inch hem was stitched at each end. Through these turn-downs I threaded cotton tape.

"Each of the two finished articles measured about 13 inches wide and 18 1/2 inches long. After I pin the diaper on the baby, I put the cover on and tie at each side. The material is soft and folds between the legs. The extra width is gathered in at the top by the drawstrings. The covering is no more binding than the diaper; yet it keeps his sleepers and bed dry at night and his rompers clean during the day."

This simple device, writes Mrs. Miller, has greatly reduced washing.

To Help Administer The Taft-Hartley Labor Law

WASHINGTON, D. C.—(Soundphoto)—Three new members of the National Labor Relations Board, recently appointed to help administer the Taft-Hartley Labor Law, are sworn in by Judge Geo. D. Neilson of the D. C. Municipal Court. Left to right: NLRB members J. Copeland Gray, Abe Murdock, NLRB General Counsel Robert N. Denham and Judge Neilson officiating.

Presbyterian Bible Class Honored With Barbecue

Mr. and Mrs. David Glass entertained the Malcom Black Bible Class of the Presbyterian Church with a barbecue super and all the trimmings at their ranch home on Tuesday evening of this week.

Those present and enjoying the occasion were Rev. B. B. Hestir, Rev. Malcom Black, Mr. and Mrs. Earl Bailey, Mr. and Mrs. Hal Knight and Hal, Jr., Mr. and Mrs. W. B. Allen, Mr. and Mrs. Alvie Cole, Mr. and Mrs. Aaron Clark, Mr. and Mrs. Jim Bob Clark and Barbara, Mr. and Mrs. Byron W. Frierson, Mrs. Fowler McEntire and Clarence Mogford.

Paper Cups at the News-Record.

Filed for record this week at the office of county clerk were—Lot just south of the Ford Co. building from Templeton Foster to Martin C. Reed.

Lula Gonzales deeded the east half of lot 9 in block 20 to the Mexican Baptist Church.

Betty Jane Donalson, daughter of Mr. and Mrs. H. F. Donalson, had her tonsils removed last week in San Angelo.

The Church of Christ has been offered more than \$250 per acre base on their half section of land, for royalty rights. Should they sell any, it would possibly be only one-fourth or one-half royalty on the land. Some offers were as high as \$275 base.

**True Stories of West Texans
FIRST SCHOOL OF THE
PANHANDLE**

(Copyright, N. H. Kincaid, 1947)
The gentleman from Iowa, sitting on the porch of Clarendon's one hotel, was enjoying the arrival of the Mobeetic stage. Never, at least during his own three month's residence here, had that stage managed to slip in quietly!
There was always the shrill ex-

citement of the children, the happy barking of their dogs, and, on occasion, an escort of hilarious cowhands. In the background waited the more staid adult population of some two dozen trying in vain to curb their interest in the unloaded mail bags.

As Judge White stroked his little pointed Van Dyke beard and watched the clamoring, dusty youngsters, including his own two sons, his mind was jerked back to

its immediate problem. A school must be started; and somehow, somewhere, the necessary funds raised. Donley County was not yet organized and he knew that the money must come through individual subscriptions. And there were only five families with scholastics!
"How about asking the cattlemen to help out?" his wife queried, but he had vetoed this idea immediately. They were slightly older men with no young children, and were of the rugged individual type that preferred to do things alone.

There was Charles Goodnight, for instance. He had already become a legend to the people of Palo Pinto country with his drives through New Mexico. Having am-

assed a fortune, only to lose it in the crash of '73, he was now on the way towards another. As the first cattle baron on the plains, he had located his Old Home ranch in the Palo Duro canyons in 1876, and the J. A. the following spring. He was also a leader of the Stockmen's Association, which organization was slated to meet in Clarendon quite soon. As went Goodnight, so would likely go the other cattlemen.

Judge Benjamin Horton White, who later became known as the beloved father of Donley County, knew that he had hesitated long enough. As this was a community project, there was only one thing worthy of doing. And he must

beard the lion, and do it.

Charles Goodnight listened attentively to the judge, and then offered to personally present the need to the assembled stockmen. That organization immediately adopted a resolution to establish a school fund. T. R. Dickson, the secretary, was instructed to figure the cost per capita and to mail individual bills to each member.

And thus was instigated the first public school in the Panhandle of Texas. In a picket house and on planks nailed across dry goods boxes, sat the first class: the White boys, the Phillips boys, the Allen girls, the Wagner children, and Wally Parks.

Tips for Labor Day

By BETTY BARCLAY

Something new is in order for Labor Day meals when the entire family can sit down together. Here are a few tips that should enable you to make this Labor Day a real "stand-out".

Quick-Frozen Fish for Chowder

Such chefs' favorites as haddock, cod or ocean perch filets in quick-frozen form are available everywhere with all their ocean-fresh flavor sealed in by quick-freezing within four hours after the fishing boats dock. So you can be sure of delicious surfline treats at home if you use quick-frozen fish. Fish chowder is a delicious shore dinner treat. You'll need two packages (about two pounds) quick-frozen fillet of cod, frozen or thawed; one-quarter cup diced fat salt pork; three-quarters cup sliced onions; two cups hot water; two cups sliced potatoes; two and one half teaspoons salt; dash of pepper; and four cups milk. Cut filets crosswise in two-inch strips. Fry salt pork in kettle until crisp and delicately browned. Add onions and saute slowly. Add water and potatoes and cook five minutes or until potatoes are partially done. Then add fish. Cook until fish can be separated into large flakes with fork. Add remaining ingredients. Reheat and serve. Makes 6 servings.

Here's a Magically Failure-Proof Pie

Here's a tip for brides. If your husband yearns for a luscious lemon meringue pie, you can cater to his taste, even if you're strictly a beginner cook. The magic trick is to use sweetened condensed milk as a base. This creamy smooth blend

of sweet whole milk and sugar is the base of a luscious extra smooth lemon pie filling that needs no cooking and is magically failure-proof. Just blend 1 1/2 cups (15-oz. can) sweetened condensed milk, 1/2 cup lemon juice, grated rind of lemon (or 1/4 teaspoon lemon extract) and 2 egg yolks. Pour into baked pie shell (8-inch). Cover with meringue made by beating 2 egg whites until foamy, then adding 2 tablespoons sugar gradually, beating until stiff. Bake in moderate oven (350° F.) 10 minutes or until brown. Chill.

Fresh Peach Ice Cream

(Hand freezer)

- 2 cups sliced, fresh peaches
- 2 rennet tablets
- 2 tablespoons cold water
- 2 1/2 cups cold milk (not canned)
- 1 1/2 cups heavy cream
- 1 cup sugar
- 1 teaspoon vanilla
- Pinch salt

Heat peaches over low flame for 2 to 3 minutes; mash while heating. (This develops flavor and prevents ice lumps of peach pulp in the ice cream.) Cool. Dissolve rennet tablets by crushing in cold water. Combine milk, cream, sugar, vanilla and salt. Warm slowly, stirring constantly. When COMFORTABLY WARM, (110° F.) not hot, remove at once from heat. Add dissolved rennet tablets and stir quickly for a few seconds only. Pour at once, while still liquid, into freezer can. Do not move until set—about 10 minutes. Freeze in ice and salt mixture, 4 parts ice to 1 part salt. When frozen to the mushy stage add mashed peaches. Finish freezing.

But It's True

NEW YORK IS THE SMALLEST COUNTY IN THE U.S. !!!

THE TWELVE CITIES BUILT ON TOP OF EACH OTHER!! IN THE GAWRA, MESOPOTAMIA, SEARCHERS RECENTLY DUG INTO A MOUND, FOUND A DOZEN DESERTED COMMUNITIES, THE LOWEST 6,000 YEARS OLD. IN THE LATTER THEY FOUND A LAMB STEW, LEFT UNFINISHED WHEN THE COOK FLED FOR HER LIFE DURING AN ATTACK...

WHEN THE STEAMSHIP PASSENGER RATE ACROSS THE ATLANTIC DROPPED TO TEN DOLLARS A PERSON... IT WAS DUE TO A RATE WAR IN 1904!

RAMON IBANEZ, OF EL POBO, SPAIN, SPENT HIS ENTIRE LIFE SAVING UP 20,000 PESETAS (\$3,000), THEN CALLED ALL HIS FAMILY TOGETHER, BURNED THE FORTUNE, SAID HE WAS DOING IT SO NONE WOULD PROFIT BY HIS LABORS!

an old-timer and asked him. "Did you know Mark Twain?" The native replied, "Yes, I did; and I saw just as many stories as he did; the only difference is he writ 'em down."

Fritz Kreisler was going to give a concert and the newspapers wrote up the \$50,000 Stradivarius he owned. On the night of the concert, he came out and gave a number superbly. He bowed again and again at the applause; the he held up the violin and the audience applauded the instrument; then he snapped the violin into a dozen pieces. It was not the costly "Strad" but just a violin he had picked up for \$5. It's not the instrument but the artist—brains, fingers and soul expressing itself through the instrument—that is most important.

LEGAL NOTICE

ACTING by virtue of order of the Commissioners' Court of Sterling County, Texas, made on the 11th day of August, A.D. 1947, notice is hereby given that a public hearing will be had on the budget of Sterling County, Texas as prepared for the year 1948, at 10:00 o'clock A. M. on September 8, 1947, at the Court House, Sterling City, Texas, at which time any taxpayer of Sterling County, Texas shall have the right to be present and participate in said hearing.

Given under my hand and seal of office, this 12th day of August, A. D. 1947.

Boyce House "GIVES YOU TEXAS"

Have been getting so many invitations to speak and it costs to jump around over the state and my work suffers back in the office, so your columnist has had to begin to make a moderate charge (depending on distance) for speeches. We appreciate what we have to pay something for as a general rule. Speeches made recently or soon to be made include: National Peanut Council, National Editorial Association; "ladies night" of numerous civic clubs; annual dinners of the Chamber of Commerce in

Lampasas, Tulia, Nocona and Schulenburg. Then the high school commencement addresses range from Pecos to San Augustine with Bastrop, Midland, Santa Anna and Roscoe between.

Seen the "Jolson Story" yet? It's a mighty fine picture. Jolson wanted to get close to his audience, he wanted to see their faces, and he lived to sing.

Jolson sang because he wanted to—because he had to, because of some insistent demand within him, just a s a bird sings or a flower blooms—because that is what the bird or flower was created for.

Protecting Our Investment in 1,193,000 Acres of Agricultural Land

The rotation deferred grazing system which Claude Collins, Jr. has been following on his ranch northeast of Sterling City is giving side oats grama, buffalo and other good grasses a chance to produce abundant forage and mature seed during the two months rest period. This system is being followed on four two section pastures. All cattle are grazed in the second pasture for a period of 30 days and during the same period all sheep are grazed in the first pasture while the third and fourth pastures are resting. At the end of the 30 day period all cattle are moved to the third pasture and all sheep to the second, which keeps the cattle and sheep separated at all times and grazes the sheep on the pasture from which the cattle have been removed at the end of each 30 day period. Approximately 120 cattle and 600 sheep are grazed on the eight sections included in this system. Not only is there a definite advantage to range improvement evident in the rotated pastures as compared to pastures being grazed yearlong, but there is considerably less time required to look after the livestock.

Soil Conservation Service engineers have made a topography map of the area recently cleared of heavy mesquite by Steve Currie on his ranch east of Garden City. Currie is planning to seed 90 acres to tame pasture grasses and irrigate from his well located just below the large dam across Lacy

draw. The topography map is being used to work out a detailed irrigation system which will utilize the water to the best advantage of the whole area. The channel is built and borders constructed on 20 acres of the original 30 acre irrigated area. The system on the remaining 70 acres will be an extension of this older system.

Bill Currie, cooperater with the North Concho River Soil Conservation District, advised Jerry, his son, to remove his sheep this year from one pasutre on the ranch because the grass was getting too short. As a result of the rest that this pasutre received, this spring and summer, the buffalo has made excellent growth and side oats grama is now beginning to seed out. This observation by Currie is typical of the watch that he keeps over his range grasses and his advice to rest the pasture is a practice that has been followed on a number of pastures on his ranch. A two section pasture near the south side of the ranch has been partially deferred this summer and for several growing seasons in the past. As a result the composition of side oats grama on many areas is 50 per cent of the total grasses. The cover afforded by the growth and spread of this good grass and other grasses is protecting the soil from excessive erosion and holding on the land most of the rain that falls. Currie is convinced of the value of providing a rest period for the range grasses during the growing season to the extent that he is

Army Buddy Visits Jim Bob Clark

Ken Graff of Iowa, former M.P. in the Army with Jim Bob Clark, spent last week here visiting the Clarks. Jim Bob and Ken were stationed together in England.

The Jim Butlers returned home Tuesday from a vacation trip spent in Corpus Christi, Beeville, and other south Texas points.

The G. C. Murrells are visiting in East Texas this week.

For typewriter ribbons, adding machine paper, and stationery supplies, see the News-Record.

planning to establish a definite rotation deferred system on three two section pastures next year.

Vigorous buffalo grass in pastures where it made good growth during the spring growing season has greened up two thirds the way to the end of the leaf following recent showers. Plants with plenty of stored food will react quickly to moisture and with sufficient rainfall will produce a heavy yield of forage before frost.

MAYBE it's travel you want—in exotic foreign lands. Or thrilling adventure along new frontiers in electronics, aviation, medical science. Perhaps the chance to learn a useful, modern skill.

If you are 18 to 34 (17 with parents' consent) and otherwise qualified, you can get them all in the Regular Army. Yes, it's true: only 3 out of 5 applicants are good enough to make it. That means you'll serve your country with an outfit you can be proud of.

Study the pay chart below. That pay is clear. You don't pay a cent for food, lodging, clothing. Sound good? Then—get the full facts today at your nearest U. S. Army Recruiting Station.

NEW, HIGHER PAY FOR ARMY MEN

	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER: Per 20 Years' Service	Per 30 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$107.25	\$185.63
Technical Sergeant	135.00	87.75	151.88
Staff Sergeant	115.00	74.75	129.38
Sergeant	100.00	65.00	112.50
Corporal	90.00	58.50	101.25
Private First Class	80.00	52.00	90.00
Private	75.00	48.75	84.38

In addition to column one of the above: 20% increase for service overseas. 50% increase, if member of flying crew. 50% increase, up to \$50 maximum per month, if member of glider crew. \$50 per month for parachutists (not in flying-pay status) while engaged upon parachute duty. 5% increase in pay for each 3 years of service.

Letter From China

By **GEORGE S. BENSON**
President of Harding College
Searcy, Arkansas

IT COST \$7,000 for my friend So Tin Wong to write me from Canton, China. He wanted to explain that it now takes 5,000 Chinese dollars to buy one meal for one person. Mr. So philosophizes that it isn't how many dollars one gets, it is what he can buy with these dollars that really counts. Do you wonder that Mr. So has decided to leave China, if he can, and go abroad?

Mr. So wants to leave his native country, even though he makes several thousand dollars a day. Mr. So's trouble is inflation. It is so bad that his wages will not permit him to live in China and care for his family. The value of the stamps that brought me his air mail letter, amounting to \$7,000, would make the \$5,000 meal worth only two-thirds of the value of the postage. Certainly, Mr. So was not discussing a very extravagant meal.

Your **THIS CHANGE** has Dollars taken place since I was in China in 1925 to 1936. Then one American dollar, according to the rate of exchange would buy only three or four Chinese dollars. While we do not have that kind of inflation in this country, America is actually moving slowly in that direction. It is said that the American dollar will buy less, right here in America, than at any time since Abraham Lincoln was president.

Although American workingmen have the highest wages that they ever earned, they are complaining that they cannot buy much with those dollars. From 1920 to 1940, when American dollars had purchasing power, an

American workman could buy an automobile and could buy a home. Today he can probably buy neither, yet he has far more dollars than he had then. Inflation does not help working people. It burdens them.

A Solid **I WANTED** to buy a Economy new automobile this year. But when I found that it would take in the neighborhood of \$2,000 to buy even an average car, I decided to have my old one overhauled and get along with it. However, the overhauling cost half as much as it used to cost to buy a new automobile. It's hard to tell, under inflation, whether one is wise or foolish.

If we would like to increase inflation and have more dollars in our pockets but be able to buy less with them, then we should encourage a high federal budget, high federal taxes, and still higher wages. All these things have an inflationary influence on our economy. If we want a solid economy, where dollars will buy more and we can actually live better, then we must do these things:

- (1) Work for lower taxes, which would leave more in the purchasing stream and would stop discouraging investment in new industries and new tools for workmen,
- (2) Oppose the high budget with extravagant federal spending, and
- (3) Work for stable industrial relations. Industry, labor, agriculture, and all other American groups should understand these facts. With shoulders to the wheels we must work for a stabilized America that can lend stability to a confused world.

Held Orders

Just about two years ago the war ended—remember? Then everyone thought there would be all kinds of equipment and materials available. However, that hasn't been the case for your telephone company. Even though manufacturers have been working at top speed, they are handicapped by the continued lack of raw materials. Copper and steel are still in short supply, wood for telephone poles is hard to get, and lead is still very scarce. Record progress has been made in spite of these shortages. As more needed equipment is delivered, your telephone company will work with all possible speed to meet the evermounting demands for new telephone service.

Decorative Glass Streamlines Modern Room

Glass blocks around a fireplace surmounted by a mirror add sparkle to large, modern living rooms.

"WHETHER you're planning to build or remodel, you'll be interested in the new ways glass can bring beauty into your home," says Betty Swan in an article in Capper's Farmer, a leading farm magazine.

"Glass blocks and decorative flat glass, now so popular, may be used to streamline any room," she de-

clares.

"As windows, doors, partitions or partial screens they are practical as well as ornamental. They let in light from outdoors, or another room but cannot be seen through readily. They are easy to clean.

"Used as a semipartition or in archways, glass blocks give a modern touch and reflect light.

SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

(USDA)—Lower prices for cotton and some livestock and vegetables marred otherwise steady to strong prices for southwest farm products last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Most grains advanced steadily last week, influenced by continued dry weather in much of the Corn Belt, and by anticipated large export requirements of wheat. No. 1 hard ordinary wheat reached \$2.50 per bushel Friday at Fort Worth and Galveston and white corn rose to \$3.05 to \$3.09. No. 2 milo sold at \$3.42 to \$3.47 per 100 pounds. Oats gained some, but yellow corn and barley changed little.

New crop rough rice advanced about \$1 per barrel last week under active demand. In irregular feed markets, cotton seed meal sold \$5 to \$8 higher, while bran

and shorts lost \$3 to \$5. Alfalfa and Johnson grass hays rose to higher levels in the southwest. Showers slowed South Texas peanut harvest, but other areas need rain. Mohair contracting got under way, but wool buying awaited Australian fall auctions.

Light supplies of top quality eggs sold firm to slightly higher last week, and lower grades held up fairly well. Best eggs brought from 47 to 54 cents per dozen at principal southwest markets. Poultry prices stayed about the same. Heavy hens drew 22 to 25 cents per pound at Fort Worth and Dallas, and fryers 35 to 37.

Most cattle classes sold strong to higher last week, but grass steers and yearlings lost 50 cents to a dollar at some places, and beef cows weakened at Ft. Worth and Houston. Good beef cows brought \$13 to \$15.50 at Houston and San Antonio, \$15.50 to \$17 at Fort Worth and Wichita, and up to \$19 at Oklahoma City and Denver.

Hogs gained generally 25 cents to \$1 or more for the week, but butcher hogs and sows dropped 25 to 50 cents at San Antonio, while stocker pigs fell sharply lower at Oklahoma City and Wichita. Late top was \$26.75 at San Antonio, \$27.75 at Fort Worth, \$28 at Oklahoma City, \$28.25 at Wichita, and \$29.50 at Denver.

Sheep markets remained largely about steady to a little stronger, but spring lambs dropped 50 cents at Wichita and \$1 or more at Denver. Medium to good spring lambs brought \$18 to \$20.50 at San Antonio, \$19 to \$22 at Fort Worth, \$18 to \$21.50 at Oklahoma City, \$21 to \$22.50 at Wichita, and \$23 at Denver.

to \$5.50 last week, as liberal new crop offerings in South Texas eased the most urgent demand. Farmers sold less readily in Central and North Texas, where picking of some drought-opened cotton got started.

Spot cotton prices declined \$3.75

Deviled Egg-Noodles Casserole Tasty Dish

"Folks will be asking for the recipe after they've tasted this deviled egg and noodle casserole," says Marjorie Griffin, Rural Home editor of Capper's Farmer, one of the leading farm magazines.

"You'll tell them there's no trick to making it," she writes in the magazine read by 1,300,000 farm families.

DEVILED EGGS AND NOODLES

- 2 c. uncooked noodles
- 6 hard-cooked eggs
- 2 tbsp. mayonnaise
- 1 tsp. vinegar
- 1/4 tsp. paprika
- 1/2 tsp. dry mustard
- Salt and pepper
- 4 tbsp. butter
- 4 tbsp. flour
- 1 tsp. salt
- 2 c. milk
- 1 c. cheese cracker crumbs
- 2 tbsp. melted butter

Drop noodles into boiling salted water and cook until tender. Drain in strainer and rinse with cold water. Place in buttered casserole or six individual baking dishes. Cut eggs in half. Remove and mash yolks, mix in mayonnaise, vinegar, paprika, mustard, salt and pepper. Fill egg whites and place on top of noodles. To make white sauce, melt butter, blend in flour and salt. Add milk and cook until thickened, stirring constantly. Pour sauce over eggs and noodles. Top with crumbs mixed with melted butter. Bake in moderate oven (350°F.) 20 minutes. Six servings.

CITATION BY PUBLICATION

THE STATE OF TEXAS TO: J. H. Burroughs, Greeting: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 20th day of October, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Sterling County, at the Court House in Sterling City, Texas.

Said plaintiff's petition was filed on the 25th day of August, 1947. The file number of said suit being No. 493.

The names of the parties in said suit are: Jessie Burroughs as plaintiff, and J. H. Burroughs as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for divorce by Jessie Burroughs from J. H. Burroughs.

Issued this the 25th day of August, 1947.

Given under my hand and seal of said Court, at office in Sterling City, Texas, this the 25th day of August A. D., 1947.

W. W. DURHAM,
 Clerk of District Court, Sterling County, Texas.

Searching Immigrants

HAIFA, PALESTINE—(Sound-photo)—A British trooper searches through the baggage of a Jewish immigrant who holds his child in his arms. Note how interested the child is in the trooper's actions as he goes through the immigrant's belongings in search of contraband. In the background can be seen the immigrants lining the deck of the ship "S.S. Fourteen Victims of Assib Bridge" which was intercepted by the British navy off Haifa, and taken to port along with another vessel which was intercepted named the "S.S. Return to Zion". There were no outbreaks by the immigrants when the British boarded the ships. The Jewish immigrants were then trans-shipped to Cyprus and not back to the countries of embarkation.

PIGS IS PIGS AGAIN. Randy Russell, Battle Creek, Mich., found out that his neighbor had been hunting for several hours for some lost sows and pigs. Randy took off from the landing strip of his Farmport, and within five minutes had spotted the missing stock.

STICKING TO PIGS, Earl Gehman of the Michigan Flying Farmers tells about the time he found two of his sows sick. Earl's wife was away with the car for the day so he flew to Charlotte, taking off from his own Farmport, went to the veterinary hospital next to the airport and within half an hour after discovering the sickness was back home administering medicine.

IF YOU'RE NOT a Flying Farmer but would like to get some friendly information about how easy it is to start flying, write your State "Ag" College, or stop by the nearest airport. The fellows there will be pleased to talk over this business of flying.

CLIFF COFFMAN, president of the Ohio Flying Farmers says: "I use my plane to call on my hybrid seed corn dealers and customers, whenever possible." "Last Fall we arranged an airplane tour of the county for the soil conservation district supervisors to study the progress of and the need for more soil conservation practice. The tour was a great success. I also use my plane to take my farmer customers for rides over their farms. This proves very educational to these men."

You can have personal calling cards, informal notes, and personal stationery printed at the local News-Record shop.

*A pattern to live with...
 a pattern to love... for keeps*

Morning Star Community
 THE FINEST SILVERPLATE

A new pattern different from any you have ever seen. Morning Star is perfect for either the modern or the traditional home. And its beauty will STAY perfect, for each precious piece is protected at the table-touch point by an extra overlay of pure silver.
