Sterling Beats Rankin

In Five-Way Tie for Lead

The Sterling City Eagles stepped into a 5-way tie for the District 7 six-man championship Friday night with a 16-0 victory over the Rankin Red Devils.

The Eagles were not long in getting started Friday night and scored on the 4th play of the game. Baker went over from the 8 yard line. The Eagles drove again to the 2 yard line to lose the ball on the end zone for the end zone for an automatic safety, giving Sterling an 8-0 lead. Rankin then kicked to Sterling and in five plays Sterling scored again with Tweedle scoring from the 30-yard line. King then kicked the extra point and the score stood at half time 16-0.

The Sterling team stayed on the ground the entire last half and threatened several times but never scored. One touchdown was called back due to a holding penalty on Sterling. The Rankin team was never inside the 20-yard line. Bell was easily the outstanding player for the losers and King and Baker stood out for Sterling on defense. Tweedle and Smith look good on offense.

The next conference game will be the all important game with the Courtney club there on Friday, October 17 at 3:00 p. m. The team that is defeated in this game will be eliminated from the chance at a share in the district crown. With all the boy's injuries about healed it is expected that Sterling will turn their running and passing attack loose on Courtney.

PLAY ACKERLY HERE TONIGHT

The strong Ackerly six will come here Friday night to take on the Sterling City Eagles. They are coming to town with the best record that any team has come to town with. They are undefeated for the season. They have won over Sparenburg 19-7, Loop 47-0, and Klondike 27-6.

Sterling's record so far this season is three wins against one loss. They have won over Forsan 19-0, Whiteface 25-0, and Rankin 16-0. Their only loss was to the Coahoma team there 31-20.

The game tonight with Ackerly is a non-conference affair and a large crowd is expected from adjoining schools in this district. Let's

Mrs. O. T. Jones discussed, "Probing Our Individual Prejudices", and Mrs. N. H. Reed talked on "Drama: A Matter of Eyesight". "The Long Look the Fair Look" was discussed by Mrs. W. N. Reed.

Present at the meeting were Mrs. L. R. Reed, Mrs. O. T. Jones, Mrs. N. H. Reed, Mrs. E. F. McEntire, Mrs. J. C. Reed, Mrs. H. H. Everitt, Mrs. D. Hall, Mrs. H. A. Chapple, Mrs. W. N. Reed, Mrs. R. T. Foster, Mrs. Sterling Foster, Mrs. R. H. Emery, Mrs. V. E. Davis, Mrs. C. D. McEntire, and Mrs. Brown, the hostess.

North Concho River Soil Conservation Column

Robert Foster extended his conservation plan to cover his two additional sections of range this week. Salt will be placed away from the water in the northeast part of these two sections to help in attracting livestock to this lightly grazed area. Pasture Ten north of Foster's headquarters was rested during the growing season last summer. It has an abundance of cured grass on the ground which will furnish good winter grazing.

Western wheat, yellow bluestem and blue grama have been seeded in small areas of tobosa grass at a number of locations in the South and Dipping Vat Pastures on W. N. and L. R. Reed's ranch.

Bill Currie of Garden City asked his neighbors to meet at his ranch last Thursday for the purpose of studying range conditions and production of range grasses. The range grasses and livestock produced by these grasses was observed in four pastures. Permanent pasture grasses seeded on irrigated land by Marshall Cook and Steve Currie are coming up.

Irrigated pastures were planned to be established this year on one half of 174 irrigated farms in Lubbock, Hockley, Hale, Floyd, and Swisher Counties, which are cooperating with the Texas Agricultural Experiment Station in a special study of water use and other management problems on irrigated farms of the high plains.

W. B. Welch has rested his 600 acre pasture again this year. Side oats grama continues to spread each year in spite of the extended drought. Much of this grass has produced good seed this year and the growth of young plants in clumps of old needle grass, tobosa and other places where cover is present, is evident over the entire pasture. This pasture is an outstanding example of the benefit of giving range grasses an opportunity to grow and produce seed during the growing season.

"Crimes of Carelessness", a fire safety campaign picture, will be shown at the Palace Theater here October 22-23. Don't fail to see this, property owners.

Demands List From NLRB of "Red" Front Organizations

WASHINGTON, D. C. — (Soundphoto) — The NLRB said that if any list of communist front organizations is issued in connection with the Taft-Hartley law, it will have to come from the Justice Department. A demand for such a list issued by the NLRB was made by George Q. Lynch (above), General President of the Pattern Makers League of North America (AFL). Lynch said that the risk of fines and prison terms for false statements, on the affidavit required of union officials before their unions can get NLRB services, was too great unless the NLRB identifies the organizations and activities covered in the affidavit's reference to "any organization that believes in or teaches the overthrow of the U.S. Government." Lynch is shown reading the required affidavit which he refuses to sign and will use as a test case.

BILLY VERN DAVIS TAKES A FIRST PLACE AT STATE FAIR WITH CROSSBRED LAMB

LIONS CLUB

County Agent Bryon W. Frierson told of Billy Vern Davis winning a first place with his crossbred lamb at the State Fair at the Lions Club luncheon Wednesday of this week. Frierson also told the club of the money used for expenses of the boys that had been raised by the club for that purpose.

Coach G. W. Tillerson told of the football game of last Friday night with Rankin and of the approaching game with Ackerly.

Tillerson told the club of the extensive training that the football boys are put through and he demonstrated a few of the calisthenics by using Billy Hudson as a model. The prize went to Lion Ed. H. Lovelace.

J. T. Davis attended a business meeting of the directors of the Brazos Valley Cotton Oil Company in Waco last week. He left for a trip to the State Fair at Dallas this week-end.

SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

(USDA)—Southwest farm markets paid mostly firm to higher prices for livestock, grains, and many other products last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Hogs scored gains of mainly 50 cents to \$1. San Antonio and Fort Worth established new all-time high prices of \$28.25 and \$29.50 respectively. Week's top at Oklahoma City was \$29.75, Wichita \$29.60, and Denver \$30.50.

Cattle closed the week generally strong to 50 cents higher, although Houston and San Antonio netted losses on steers and yearlings. Houston paid a top of \$22 for medium and good caked grass steers. San Antonio bought low to average medium steers at \$20. Fort Worth took good fed steers and yearlings at \$23 to \$27.50. Oklahoma City paid \$27 to \$29 for good and choice steers, and Wichita gave \$20 to \$25 for medium light steers and yearlings. Denver set a new all time high of \$33 for choice steers, while other medium to choice kinds brought \$25 to \$31.

Most markets paid steady to higher prices for sheep last week, but sheep and goats declined at San Antonio. Medium to good lambs brought \$18 to \$19.25 at San Antonio, and \$19 to \$21 at Fort Worth. Good and choice sold at \$21.50 down at Oklahoma City, around \$22 at Wichita, and up to \$23.50 at Denver.

Eggs and poultry sold firm to a little higher in the southwest last week. Seasonally best white graded eggs brought around 55 to 58 cents per dozen at most places, and mixed colors 50 to 55. Most

Billy Vern Davis carried away top honors in the crossbred lamb class at the State Fair of Texas Monday. His lamb, a Suffolk-Rambouillet cross, bred by Templeton Foster, competed in a class of 60 fat lambs, which was the largest class in the show. Duard Grosshans took 14th place in the same class with one of his lambs.

Billy Hudson placed one of his fine wool lambs in 12th place in that class.

Billy Vern competed with his lamb against the champion fine wool lamb and the champion of the Southdown and the Southdown cross class and was beaten out by a Delaine-Southdown cross for Grand Championship. A Southdown carried away the Reserve Champion ribbon.

The crossbred county carlot entered by Sterling County carried away second honors. A carlot of Southdown crosses from Kerr County carried away top honors in this class.

The grand champion lamb of the State Fair sold for \$6.00 per pound at the auction sale Tuesday, and the reserve champion brought \$3.25 per pound. All other lambs in the show sold for 32 cents per pound.

While in Dallas the local 4-H club members, Jack Tweedle, Bill Hudson, and Billy Vern Davis attended the Ice Cycles of 1947, the S.M.U.-Missouri football game, and a banquet in the Adolphus Hotel. The banquet was given by the Sears Foundation in honor of the State 4-H and FFA members. Jimmy Jeffreys was in charge of an entertainment program which followed.

The local Lions Club sponsored the trip to Dallas for the 4-H members. Members of the Lions Club solicited over \$100 to provide the money for the boys travel, freight to Dallas on the lambs and the feed expenses on the lambs while at Dallas.

The club members and County Agent Byron W. Frierson returned to Sterling late Tuesday night.

markets paid 37 to 40 cents per pound for good quality full sized fryers, 24 to 28 for heavy hens, and 10 to 15 for roosters.

Continued good domestic and export demand kept grain markets strong most of the week. Wheat and corn netted gains of 5 to 15 cents, while oats, barley and sorghum grains advanced about 5 cents. No. 1 hard ordinary wheat closed Friday at \$2.94 per bushel at Texas points; while No. 2 hard corn brought \$2.55 to \$2.60.

Further declines in rough rice prices during the past week reflected slow demand for milled rice. Feed markets appeared more settled and most prices remained unchanged. Hap demand exceeded supply at principal markets, and alfalfa advanced about \$1 per ton. Light offerings of shelled peanuts found slow demand. Average-to-good staple fine wools sold in Tex-

All in A "Day's" Work

7:30 p.m.: Pre-game strategy discussion.

2 a.m.: At Work in the Bank.

An eight-hour shift as night mail teller in one of the world's leading banks would be enough work for most people. But not so with Andrew Benedict, who lives in Cresskill, N. J. From two a.m. until ten in the morning he concentrates on his duties in the bank and from six p.m. until midnight he carries out his chores as owner and general manager of a fast semi-pro baseball team.

For 17 years Andy has been an employee of the Chase National Bank in New York, the last nine of them on the night shift. Seven years ago he acquired the franchise of the Union City (N.J.) Reds of the Metropolitan Baseball Association.

The Reds play in a fast-moving loop—one step below organized baseball, and their four-and-a-half-month schedule includes 70 contests, comprising two night games a week and a Sunday double header. Home games are played in modern Roosevelt Stadium.

This sports undertaking is pretty much of a family affair. The stadium refreshment concession is operated by the Benedicts on a year-round basis. Mrs. B. runs the central refreshment counter and their thirteen-year-old son Bob operates the score board. A nephew is secretary of the ball club.

The Reds' franchise was taken

over by Andy after he had played two seasons with the team. The club won the pennant in 1942 and usually finishes near the top of the league.

Andy's career as an athlete covered a span of twenty years during which time he played both professional baseball and basketball. He toured the country playing basketball for the New York Nationals and put in two seasons in the Eastern Carolina Baseball League as well as playing on several semi-pro baseball teams.

Scouting for the American League's Boston Red Sox is another of his activities. Each Spring he holds a four-day try-out for hopeful Red Sox aspirants. He is a licensed basketball official and manages to find time to referee an occasional high school or college game.

Andy started work at Chase in November 1929 and since 1938 has been on the 2 a.m.-10 a.m. shift. He gets home around 11:30 a.m., sleeps until 5 p.m., and usually is at the stadium by six o'clock on nights when a game is scheduled.

Son Bob operates the scoreboard. Mrs. B. gets a tip on coffee making.

Cut Out The Climb!

No need any more to chase the tilt cords on your Venetian blind when they climb up.
 New blinds are now out, with a free-wheeling device that keeps the cords level, saves wear, tear and ladder-climbing. Blinds with the "Levolor-action" have two small metal beads fastened to the tilt cords.
 They show that the cords can't get very far out of alignment — and if they do fail to level completely, you simply pull the short cord — and, "click", they're level again.

The other two were, Flor De Oro Trujillo, daughter of the President of the Dominican Republic and French actress Danielle Darrieux. Both were divorced. This is Miss Duke's second marriage. Glass Bricks, Chrome
Modernize Bathroom

GLASS bricks, black and white tileboard and shiny chrome trimmings can help modernize rooms in even the oldest farm house, points out the Rural Home Editor of Capper's Farmer, one of the best known farm magazines.
 Here a glass brick wall separates the bathroom from a small powder room adjoining. Plastic curtains repeat the green in the wallpaper.
 Both bathroom and powder room were part of a remodeling job that

transformed an old-fashioned farm home into an up-to-the-minute residence, giving the family the most modern conveniences.

Lengthening Skirts

If hem creases are a problem when you lengthen skirts this fall, try steam-pressing, advises the Rural Home editor of nationally circulated Capper's Farmer. Press lightweight wool on the wrong side; a thick wool on the right side, she tells the readers of the farm magazine reaching 1,300,000 families.

Apostle of Better Things

Lesson for October 12, 1947

THIS lesson opens, Hebrews 3:1-8, with the explanation that Jesus Christ is the minister of better things in that he is the apostle and high priest of our profession, perfectly faithful to him that appointed him. The comparison is made with Moses, who was also faithful, but within a very small circle as contrasted with the Son of God.

Called to God a high priest after the order of Melchisedec, Christ, the author of eternal salvation, dealt no longer with symbols, but offered himself as the perfect lamb to take away our sins. "And for this cause he is the mediator of the new covenant (testament), that by means of death, for the redemptions of the transgressions that were under the first testament, they which are called might receive the promise of eternal inheritance," Hebrews 9:15.

Dr. Newton

Jesus and the Bible

JESUS is introduced in Matthew 4:1-4, as he quotes the Old Testament to Satan in the wilderness temptation. Having been reared by a God-fearing mother, Jesus was familiar with the Bible as a child.

What is the best thing any parent can do for his or her child? I would answer without hesitation: Teach them to hide God's words in their hearts in the impressionable years of youth. A Bible verse learned in youth will serve through all life's testing situations.

"I will not forget Thy Word," Psalms 119:16.

He Helps Us Use the Bible

THE better ministry of Jesus is reflected in the fact that, "We have a great high priest, that is passed into the heavens, Jesus the Son of God. . . . For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin. Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need," Hebrews 4:14-16.

Study the example of Jesus in his answers to Satan in the wilderness temptation, and He will teach us when and what to say to Satan. We are not dependent upon our wisdom and words. Our great high priest will supply wisdom and words to match any situation that Satan ever presents.

I think of a story of a junior boy, recently accused of stealing. The boy was the victim of a wicked man who sought to turn circumstantial evidence upon him to cover his own sin. The boy told me that he was innocent. I went with him to the juvenile court. The judge asked him if he was guilty. He looked straight into the eyes of the judge and said:

"Sir, I have not sinned. Who convicteth me of this charge?"

The man dropped his head, and said: "Your honor, I ask for the privilege of withdrawing the charge."

His Laws in Our Hearts

"I WILL put my laws on their hearts, and upon their minds also will I write them," Hebrews 10:16. Jesus declares, "I do always the things that please him," and he enables us, by his grace, to do the father's will by his indwelling in our hearts. Thus, his will becomes the law of our lives, through the grace of Jesus Christ.

It is impossible for us to keep the law perfectly, but Christ, the better Christ, becomes our righteousness, and then his law is kept by his grace. In the olden times, men claimed to keep the letter of the law, without the spirit, as in the case of Moses. Now, through the offering of Christ, we are enabled to satisfy the spirit of the law.

The Sufficient Christ

THIS lesson should enhearten every trusting child of God, since it makes clear that, "He is able to save unto the uttermost them that draw near unto God through him," Hebrews 7:25.

He is not only able, but yearns to save unto the uttermost. He wills to save everyone. God has done everything he can do to save every sentient soul on this earth. Those who go to hell do so because they decide to go to hell. It is not the pleasure of God that any should perish, but that all should repent and be saved.

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste

of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

as at grease prices of 44 to 54 cents per pound.

Slight ups and downs during the week left cotton \$1.25 to \$2.50 lower Friday. Growers in all sections called for more pickers as harvesting conditions were ideal.

Colorado cauliflower weakened toward the end of last week, but potatoes and onions strengthened materially. Denver received good supplies of nearby fruits and vegetables due to absence of severe early frosts. Fort Worth was cleaning up heavy supplies of New Mexico and Colorado tomatoes, and bunched carrots sold stronger. Cucumbers and onions moved higher at Denver, St. Louis and Kansas City, where tomatoes, cabbage and cantaloupes remained unchanged. New Orleans held mostly steady.

Line Forms To The Right

(New York World Telegram Photo by Fred Palumbo)

NEW YORK, N. Y.—The difficulties of living in a model house were uncovered recently by the New York World Telegram when the metropolitan daily sent staff writer Norton Mockridge to interview George Peabody of Westport, Conn., who has constructed an all-aluminum house, reported by the Aluminum Association to be the first in the New York metropolitan area.

Mr. Mockridge discovered that although Mr. Peabody, his wife and two sons are well satisfied with their sparkling new home, they feel more like they're living in a goldfish bowl than a solid structure sealed from the public eye by walls of durable metal. "Practically every day we've had lines of people clamoring to see the house," says Mrs. Peabody, shown above as she attempts to ward off another invasion by the curious public. In their first four months of residence the Peabodys have had 2,000 visitors, all of whom were under the impression that the house had been built for display purposes.

Mr. Peabody adds: "There isn't an hour of the day, and only a few of the night, when someone isn't pecking in the windows, pushing open the doors or actually poking through the house. They come by the carload and wander all over. They carry off pieces of aluminum from the backyard. They open and close the windows, test the bathroom fixtures and crawl through the cellar."

The harassed Mr. Peabody has driven off would-be-buyers, salesmen, real estate agents and just plain curiosity seekers. He has made one mistake; he attempted to oust a tax appraiser.

Mrs. Peabody sums up the whole situation by saying, "If I had to do it again, I'd build with aluminum all right. But I'd give the builder a picture and then go away for six months."

The Right Road

Today, all over the world, irreligion marches shoulder to shoulder with violence and unrest. Totalitarian Revolution, imbued with godless ideologies, sweeps the globe in arrogant, unholy triumph.

If we are to preserve what we believe is the essence of civilization, to regain and hold the full measure of sacred liberties and maintain the dignity of man, we must encourage, aid and abet a more sober realization of the indispensable influence of the Word of God in our every day life.

For his own sake, his family, community, State and the Nation, National Bible Week merits the recognition of every American who, irrespective of class, creed or color, loves liberty and would do his full part under God. Sponsored by the Laymen's National Committee, Vanderbilt Hotel, New York.
