

## STERLING RODEO SET FOR AUGUST 12-13

At a called meeting held June 25, officials of the Sterling City Rodeo Association selected August 12 and 13 as the dates for this year's show. Two night performances are planned with a dance to be held the night following the rodeo performances.

A free barbecue will be staged at the city park preceding the rodeo on August 12. Time set for the barbecue is 5 o'clock. The public is invited to attend. Bill Green, Butler and Louis Bade are in charge of the arrangements for the barbecue.

Plans are to use the profits derived from the rodeo for improvement of the rodeo installations and improvement of the High School Athletic Field and school grounds.

At the Tuesday meeting Hal Douthit was appointed treasurer of the rodeo association. Other officials include John Reed, Chairman; Taylor Garrett, Vice-Chairman; Le Hansen, Pete Ainsworth, Bill Foster, Foster Conger, Robert Foster, King, Hal Knight, Templeton and Will Foster, directors; Byron W. Frierson, secretary.

Sterling County roping club has been formed, and roping calves were recently purchased from the De Ranch. Taylor Garrett is ramrod of the roping club.

## BUSINESSES WILL CLOSE ON JULY 5th FOR HOLIDAY

A poll of the bank, post office, grocery stores, and other businesses show that the stores and businesses will observe July 4th on Monday, July 5, this year. This is the custom when the holiday falls on a Friday.

## MAGNOLIA STATION

Robert Neill, Jr. and Wilburn Davis, two veterans, have bought the Magnolia Service Station from Lindsev. They began operation last week.

Featuring Magnolia products, tires, tubes, accessories, drinks, cans, etc. the boys have a service department for washing and greasing flats fixing, and other features. They invite your trade.

## CRUITER NOT TO BE HERE DURING JULY

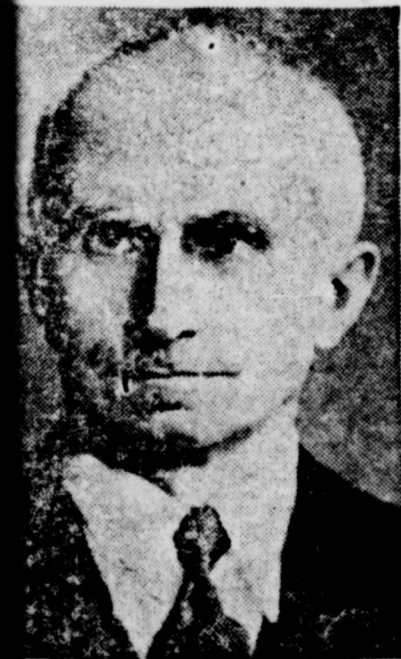

Corporal Jimmy Tyra of the Big Army Recruiting Station, such a heavy schedule during the month of July that he will not be able to make his regular Friday trips to Sterling during the month informed us last week.

Oscar Findts left for their home near Green Forest, Arkansas Thursday, Roland Edwards followed them in his truck.

## RAINS LAST FRIDAY

Heavy rainfall over most of the county helped the drought conditions last Friday. One and three-quarters inches was gauged in Sterling City, and some of the county reported as much as five or six inches. The rain was beneficial, came too late in the year to do much good making summer grass.

## Italian President

ROME, ITALY — (Soundphoto) Photo shows Luigi Einaudi, 74, premier and director of the Italian Republic. Einaudi, a banker, was elected on the 15th ballot by a joint session of the Senate and Chamber of Deputies. He is a Liberal.

## Manning-Davis Wedding Last Friday in Austin

The University Methodist Church in Austin was the scene of the wedding of Miss Marjorie Barton Manning, daughter of Mr. and Mrs. L. P. Manning of Austin, and Thomas Dee Davis, son of Mr. and Mrs. Jeff Davis of Sterling City.

The Rev. Robert E. Ledbetter, pastor, read the double-ring ceremony June 25 before an altar centered with white gladioli and tall tapers. Nuptial music was furnished by Miss Bertie Heard, organist, and Damon Weber, soloist.

The bride was given in marriage by her father. She wore a white organza gown with a fitted basque of eyelet embroidery and a full overskirt of ballerina length. Her shoulder length illusion veil extended from a bandeau embroidered with seed pearls. The bride's bouquet was of daisies.

Miss Dorothy Manning of Dallas, maid of honor, wore a pale pink crepe dress with navy accessories, and carried a bouquet of daisies.

Robert M. Neill, Jr. of Sterling City attended the groom as best man, and ushers were Frank Manning of Dallas and Joe Pierce of Austin.

The reception was held at the home of the bride's sister, Mrs. T. R. Melton, 2523 Winsted Lane. White gladioli covered the mantel, and spring flowers were used as decorations throughout the home. The bride's cake was two-tiered and topped with miniature bride and groom.

For the wedding trip to San Antonio and New Mexico the bride chose a grey linen suit with brown and white spectators, panama hat, and a corsage of red roses.

Attending the wedding from here were Mr. and Mrs. Jeff Davis and family, Mr. and Mrs. Edwin Aiken and family, Robert Neill, Jr., who served as best man, and Tom McKnight of Odessa.

Mrs. Davis is a graduate of Austin High School and the University of Texas, where she received her BS degree in home economics in 1947. She has been a teacher of homemaking in Sterling City since September, 1947.

Mr. Davis was graduated from Sterling City High School and served three years in the Navy. He is now attending Texas Tech in Lubbock.

The big rain of last Friday evening caught Will Meyer as he was going out to his ranch west of town. The rain, amounting to about six inches, was accompanied by a small tornado. The water got so deep that his pick-up stopped on the ranch road. As he sat there he said the wind nearly blew the pick-up over. As the truck would blow one way he would get over on the other side to steady it, and finally the wind and rain stopped. Lee Hunt, who ranches next to Meyer's place, said the water got knee deep in his front yard, and after the rain next day he had to haul out drift wood and cows chips from his lawn. He said the high wind uprooted trees and fences in his pasture.

## PFC. WILLIE HINSHAW REBURIED LAST WEEK

The body of Pfc. Willie L. Hinshaw, brother of Jim Hinshaw of this city, was shipped from North Africa to the states, and buried at the Military Cemetery at Ft. Sam Houston, Texas, Thursday afternoon at 3:00. He was the son of Mr. and Mrs. W. D. Hinshaw of Salesville, Texas, and saw action in North Africa with the Tank Destroying Corps from September, 1942 until April 30, 1943, when he was killed at the age of 21 in the North African Campaign.

Mr. and Mrs. Jim Hinshaw attended the funeral, and were accompanied by Mr. and Mrs. Sam Farmer of San Angelo, having left here Wednesday for San Antonio to join the Hinshaw family who assembled there for these last rites.

## WEBB HUDSON UNDERGOES SURGERY WEDNESDAY

Webb Hudson, local manager of the San Angelo Telephone Co., returned home from a vacation Tuesday night, and was taken to a San Angelo hospital Wednesday for an operation on his stomach. Webb got sick while he was in Colorado visiting a brother.

He was doing as well as could be expected Thursday.

## Henton Emery Is New Lions Club President

R. H. Emery was installed as the new president of the Sterling City Lions Club when Rev. B. B. Hestir acted as installing officer for the new officials Wednesday at the regular luncheon in the Community Center building.

Other officers were installed included—Roland Lowe, 1st vice-president; Claude Collins, 2nd vice-president; B. B. Hestir, secretary; H. M. Knight, treasurer; W. D. Farnsworth, tail twister; G. C. Murrell, Lion tamer; and S. M. Bailey and O. E. Deal, directors. Holdover directors are E. H. Lovelace and A. T. Bratton.

Jack Douthit is the outgoing president, and G. C. Murrell, who served for six years as secretary, is retiring secretary.

Murrell gave an annual secretary report. Douthit mentioned a few things that would make the club work smoother.

## Congressman O.C. Fisher Reports on Ended Session

The strong peace-with-security policy the Administration has been following got strong bi-partisan backing from the 80th Congress, reports Congressman O. C. Fisher upon his return from a busy six months in Washington.

While expressing hope our stepped-up preparedness program will deter the Russians and prove to be a positive force for peace, Fisher warned against complacency at a time when the Soviets are building up a tremendous military machine and have been gradually extending the iron curtain.

"We know from experience that strength is the only language the dictators understand," he said.

Congressman Fisher is making a series of reports to the people on the highlights of the recent session and expects to visit in each county in the district soon.

Representative Fisher listed some of the highlights of the session as follows:

1. The doom of the isolationists and the appeasers was spelled out.
2. The Reciprocal Trade Act was extended.

3. More was done for expansion of rural electrification than has been done in a similar period in history. Soil conservation, so vital to our Nation's economy, received encouragement.
4. Highway aid was continued for two additional years. About one-third of this is earmarked for farm-to-market roads.

5. The agriculture program was extended for another year.
6. A number of bills were enacted to improve the rehabilitation program for war veterans, including an increase in subsistence allowances for students, an increase in the ceilings for on-the-job trainees, and an increase in benefits for widows and orphans of the deceased veterans. The Courts Martial system was overhauled, designed to improve equal justice and assure fair trials.

7. A housing bill, giving veterans preference in the purchase of war housing units, resuming the insurance on home mortgage loans, and authorizing RFC to set up a secondary market for GI loan obligations, was enacted.

8. Government costs for the next year were cut by nearly \$2 billion under budget requests.

Representative Fisher expressed disappointment over the failure of the Senate to act on the Tidelands bill, the Mundt-Nixon bill to further curb Communism, and the measure to repeal Federal taxes on oil-margarine. All of these passed the House, he pointed out.

He opposed the so-called Civil Rights bills, and said they pertain to subjects the States, and not the Federal Government should deal with.

## WORD OF THANKS

To our good neighbors and friends: We accept with highest gratitude and appreciation the cards, fruit, flowers, prayers and uplifting words during our recent illness and crisis at the Shannon hospital.

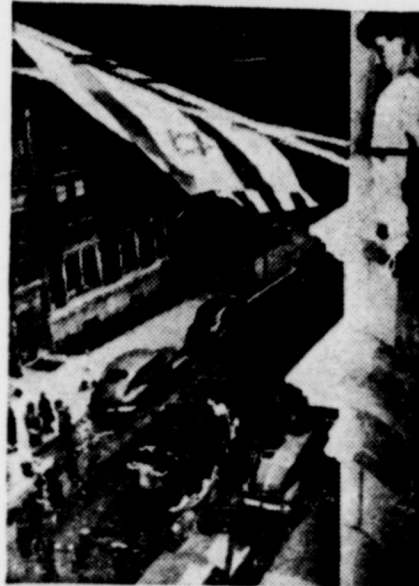

May the blessings of our Master be unfolded on you all.

Mr. and Mrs. Owen Armstrong

Mr. and Mrs. Harold McCabe and children have gone to Colorado (Mancos) where Harold has his stock pastured.

## Politics Shaping Up As Primary Draws Close

### Hail Jewish State

NEW YORK — (Soundphoto) — Cheers and tears and dancing in the streets marked the unfurling of the banner of the new Jewish state in Palestine from the window of the Jewish Agency for Palestine here. As Haim Shertok, 14 year old son of Moshe Shertok, Jewish foreign minister, raised the flag next to the American flag, crowds broke into the native Palestine dance "Hora." The new state of Israel came into being eight hours before the British mandate terminated.

## Wildcat Spudded

Cole-Darden Oil Co. and Westlund & Johnson, Inc., both of Midland, have spudded and set casing in No. 1 R. T. Foster, proposed 5,000-foot wildcat in southeastern Sterling County.

A rotary will be moved in by the end of the week for drilling ahead to explore the Wichita-Albany. Location is the C SE SW 26-13-SPRR, 2 1/2 miles northwest of Anderson-Prichard and Vickers Petroleum Co. No. 1 Miss Marvin Frances Foster, Wichita-Albany pool opener, 7 1/2 miles south of Sterling City.

L. G. Yarborough & Son of Midland No. 1 Rufus W. Foster, two miles west of the Apco-Vickers strike, injected 2,000 gallons of acid through casing perforations at 4620-50 feet. The acid channeled through cement back of the pipe and the treatment was unsatisfactory.

The perforations were to be sealed, and more cement was to be squeezed back of the pipe. The casing was then to be reperforated at the same place and the section recalcified. The wildcat is in the C NE NE 10-13-SPRR.

Plymouth No. 1 John C. Reed, dated 5,000-foot wildcat in northwestern Sterling County, C NE SE 42-2-H&TC, was drilling at around 4,000 feet.

## OUR WASHINGTON NEWS LETTER

By Congressman O. C. Fisher

### PECAN OUTLOOK

One of the basic money crops in southwest Texas is pecans and, like mohair, the market for pecans has been unstable and the future uncertain at the moment.

The Department of Agriculture informs me that an average price of 18c was paid for seedlings last year and that shellers accumulated a considerable surplus. Presently, a survey is being made to determine the amount of pecans, as well as walnuts, almonds and filberts, on hand in warehouses. With that information, a forecast will be made later in the summer of what the supply picture will look like, added to the current crop prospects.

The forecasters claim they will then be able to estimate the price prospects, based upon the normal consumption balanced against the supply.

The pecan market in Texas at this time is quite depressed. Bill Millican of Bend, in San Saba County, who is a leader in the industry, says the average price now is probably around 8c, which is entirely too low, considering the cost of production.

The School Lunch program uses a considerable amount of pecans each year, and we are urging that

With only one local contested race, the Democratic Primary is beginning to shape up. Absentee balloting starts next Monday, and the ballots are in the hands of the printer for printing.

There are three in the race for Sterling County treasurer. They are O. M. Cole, incumbent, Mrs. Sallie Wallace and Robert Brown. Mrs. Wallace once held the office, and Brown is former owner of the Sterling Feed & Fuel Co.

Incumbent Congressman O. C. Fisher is opposed by Charles L. South of Coleman, who had the office when Fisher was elected in 1942.

Cecil Barnes of San Angelo is back in the race to beat out Peppy Blount for the state legislative post. Blount is rooting for the second term usually accorded office holders.

District Judge John F. Sutton and District Attorney Ralph Logan are lucky and have no opponents.

The local office holder listed here have no opponents to worry about: R. H. Emery, sheriff; G. C. Murrell, county judge; W. W. Durham, the county and district clerk; the four candidates for the commissioners' posts, R. T. Foster, Foster Conger, E. F. McEntire and Dan Ritter. A. W. Dearen has a clear field for the Justice of the Peace as does T. J. Ayers, constable.

Homer Pearce, county Democratic Chairman, did not place his name on the ticket for the honorary job, but it is generally conceded that he deserves another term.

The state race drawing the most attention is the race for the junior U. S. Senator. Eleven are in the race, but the field narrows down to three—Coke R. Stevenson, Lyndon Johnson, and George Pedy of Houston. The polls give Stevenson, former governor, a lead, but Johnson supporters have rallied and it looks like Johnson will lead the ticket. Pedy is expected to be the third man in the race.

Governor Beauford Jester has 7 opponents, but he is expected to get a second term handily.

Alan Shivers, lieutenant governor, is opposed by Turner Walker, of Harris County, an unknown.

Attorney General Price Daniel, has no opponent.

Little interest is being shown in the various races for the higher judges and other state offices, and it is expected that most, if not all of the incumbents will be returned.

DRESSED Fryers for sale, \$1.25. Call Harry Blanek, 168.

an even larger amount be used during the next school year. Some surplus pecans may find a place in the foreign aid program, though none are listed in pending requests. New listings are made quarterly, and I have been assured our pecan surplus situation will be kept before those who administer the program.

There may be good reason to have pecans included in the Government support program, if the price does not stabilize. The Government purchase of peanuts resulted in very little, if any loss, to Uncle Sam, yet has been a big help to the growers. Already southeastern pecan growers and some shellers have been urging a Government program, and so have Oklahoma growers. Texas growers will hold their annual convention at Seguin on July 13, and will likely discuss their market problems at that time and make recommendations.

If the Government should undertake to support pecan prices, the amount paid would probably range between 60 and 90 per cent of parity. Right now the parity on seedlings is about 25c. Sixty per cent would be around 15c a pound. During the past year the Government bought some walnuts at 41% of parity and some filberts at 49%.

## SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

(USDA)—Strength of firmness in some products varied the generally dull to weak farm market situation in the southwest during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hogs advanced largely \$1 to \$1.50 including Monday's rise of 75 cents to \$1. Good and choice medium weight butchers sold up to \$27 at San Antonio, \$27.50 at Ft. Worth, and \$28.50 to \$29.50 at other southwest terminals. Most markets took lows at \$22 to \$23.50 or a little better.

Texas sheep markets showed net gains of around 50 cents for the week, but Denver averaged some decline. Medium and good spring lambs brought \$20 to \$22.50 at San Antonio, \$25 to \$26 at Fort Worth, and \$27 to \$30 at Denver. Oklahoma City paid \$29 for top spring lambs, while good and choice lots made \$30 at Kansas City. Average French combing Texas wools began to move to manufacturers at around \$1.60 per clean pound.

Cows and calves sold \$1 to \$2 lower at Houston, and as much as \$1 lower at Kansas City and Denver. Medium grass steers went down some at San Antonio. Other southwest cattle and calves averaged around steady to 50 cents higher. Common and medium cows turned Monday at \$15.50 to \$18.50 at Houston and San Antonio, and ranged from \$17 to \$21.50 at Fort Worth, Wichita and Kansas City. Oklahoma City paid \$20 to \$23 for medium and good grades, and Denver took common to good from \$19 to \$23.25.

Current receipt eggs sold generally unchanged at close to support levels. Top quality eggs held especially firm at premium prices. Poultry markets continued firm also. Spring chickens moved mainly at 40 to 42 cents a pound, and heavy hens at 25 to 28. Denver paid up to 30 cents for heavybreeds and New Orleans to 36.

Tomato shipments from East and North Texas dropped off sharply over the week-end, after heavy loadings for several weeks. Prices to growers were on the downgrade. Fort Worth received liberal supplies of watermelons and cantaloupes at lower prices, but green beans, cabbage, spinach and bunched vegetables remained scarce.

New crop sorghum grains from South Texas pushed prices down 25 to 33 cents a hundred since a week ago. Oats lost 11 to 12 cents a bushel, and barley and yellow corn fell two to six cents. Wheat closed unchanged from last Monday, and white corn recorded the only gain of 3½ cents. No. 2 yellow milo closed Monday at \$2.92 to \$3.10 at Texas common points, and white oats \$1.17 to \$1.19 at Fort Worth.

Seasonal dullness gripped rice markets the past week, and interest centered on the excellent crop conditions which prevail. Most feeds showed little change, but oilseed meals and meat scraps made general advances. Hay found increased demand. Prices held firm on scarce peanut supplies.

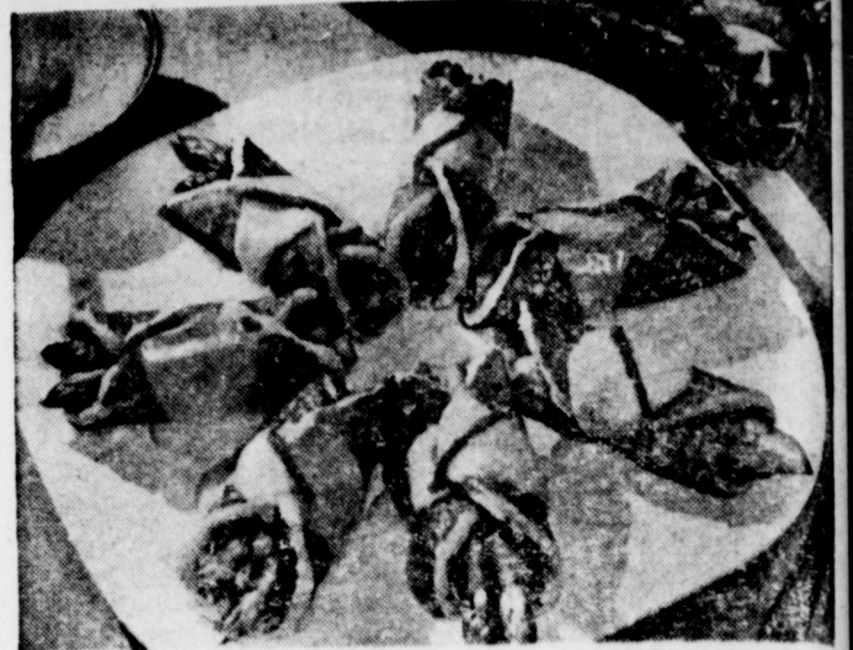

Cotton declined \$3 to \$5.50 a bale for the week. Spot middling 15/16 inch closed Monday at 36.15 cents a pound at Dallas, 35.80 at Houston, and 35.90 at Galveston and New Orleans.

If you want real good hay delivered to your ranch, at the best price in West Texas, see T.H. Murrell or Chas. Heacock here in Sterling City.

## Asparagus Roll-Ups For Summer

Now that summer time is on the way, and the markets are brimming with fresh vegetables, it's a temptation to buy all the green things in sight. But, if limited to a few, do buy some fresh asparagus and plan to serve Asparagus Roll-Ups for lunch or supper.

This recipe favorite is asparagus spears wrapped in a tender golden pancake and topped with a tangy cheese sauce—a dish that fairly shouts the nearness of summer!

Asparagus Roll-Ups are just the thing for a luncheon that needs to be special, without long hours of preparation. The pancakes for this dish can be stirred up in just a matter of minutes from a pancake ready-mix. Cook fresh asparagus until tender, make a cheese sauce, and lunch is ready.

### Asparagus Roll-Ups

2 cups pancake ready-mix  
2¼ cups milk

1. Just add milk to unsifted pancake mix all at once and stir lightly.
2. Pour ¼ cup batter for each pancake onto a hot lightly greased griddle.
3. Bake to a golden brown, turning only once.
4. Place several spears of cooked fresh asparagus across center of each baked pancake. Roll up. Serve immediately with cheese sauce. Garnish with a strip of pimento or sprinkle with paprika.

## Boyce House "GIVES YOU TEXAS"

Little deeds that cost a slight amount of effort and yet show consideration — how important they are.

A good many years ago, your columnist was on a Fort Worth good will trip. When our bus arrived in Garland, the welcoming delegation said, "All of you boys come over to the cafe and have coffee with us." It was a cold and gloomy day and a cup of coffee was welcome and the opportunity to visit with Garland citizens while having the coffee made it doubly pleasant.

That was the first time I ever met Bill Bradfield, publisher of the Garland News, by the way.

Another time, or it may have been on that same trip, our bus rolled into the picturesque little city of Palo Pinto. Just as we stepped off the bus, there was a series of sharp, crackling explosions. Gib Abernathy had given our arrival an appropriate touch of the Wild West by setting off a string of firecrackers. At least, they told me that it was my friend, Gib, who is a former sheriff and Texas Ranger.

You see, I still remember the visit to those towns because somebody did something that showed they were glad we came.

I wonder how an old pioneer who wore a coonskin cap and fired a muzzle-loading rifle would feel if he could return and see a beautiful high school named for him?

Or how Jean Lafitte, the pirate, would feel if he could re-visit Galveston Island and see a hotel bearing his name?

One of fate's greatest ironies is exemplified by Austin, a lovely city named for "the Father of Texas", with a beautiful hotel there,

the Stephen F. Austin, with air-conditioning, steam heat, paintings, and swift elevators.

Stephen F. Austin died from pneumonia contracted from working for the advancement of Texas in a log house in the winter time without a fire.

Like everything else, oil rushes these days are "streamlined".

One of the "hottest spots" on the oil map of Texas today centers around Eastland.

You can walk out of the Connelley Hotel lobby, step into a car and, in a few minutes, glide over a paved road to the northwest part of the county where old wells of the big boom of 30 years ago are being deepened to a new pay or you can drive over a modern road in the other direction to the south-eastern part of the county where there some two dozen wells in the new Kirk pool.

How different to the travel conditions in the Eastland County rush of 1918-20! Roads were blinding with dust or deep in mud and traffic moved along at a snail's pace much of the time because of the long line of wagons loaded with pipe.

In those days, Jess Willard was the world's heavyweight champion. He and Frank Day who is still active in the oil business in Eastland were partners. They set out to drive to one of their wells and met a wagon that would not pull over and give them part of the road so Day, who was driving the car, slightly side-swiped a mule.

With a bellow, the teamster and his two husky companions piled off the wagon. Willard and Day likewise alighted. Day was a powerful man—220 pounds of brawn and sinew—but the gigantic Willard waved him back and advanced to fight all three, single-handed. Willard was "much of a man"—six feet four inches and 240 pounds.

Suddenly, the leader of the trio stopped and asked, "Ain't you Jess Willard?"

"Yes." The other exclaimed, "Good heavens, boys, it's the world's champion!" And they jumped back on the wagon and pulled clear over into the ditch.

Gone now are the alternate mud and dust, when it sometimes took eight hours to travel 30 miles. The oil rush in Eastland County today is streamlined.

## Serve Your Own Home-Canned Tomato Juice

—Photo courtesy Ball Bros. Co.

For a party drink, cocktail, or any-hour health drink, tomato juice is always appetizing and satisfying. It rates high in Vitamin C (ascorbic acid) which we must have to maintain good health. When making tomato juice it is important to cook the tomatoes always below the boiling point in order to preserve vitamin content as well as flavor and the luscious red color which gives this juice added appeal. Cooking below the boiling point is a rule to follow in the making of all fruit juices, according to the Ball Blue Book, famous home canning guide.

In giving instructions for making tomato juice, the Ball Blue Book points out that the juice may be put up unsalted if it is to be used in infant feeding. Otherwise, salt may be added to season. You can season your tomato juice according to the

way your family likes it, including celery salt, Worcestershire sauce, pepper, minced onion, lemon juice, one or all as you desire, either when putting up the juice or opening it, to make a "fancy" tomato juice cocktail.

Use firm, red-ripe, freshly picked tomatoes, discarding any which are bruised or specked with decay or fungus. Wash carefully. Leave whole and bake in an oven; or steam; or cut into small pieces and cook until soft. A higher percentage of vitamins is retained, some authorities maintain, when the tomatoes are baked or steamed.

Press the hot tomatoes through a fine, preferably cone-shaped, sieve. Reheat to simmering (195-205 degrees F.). Pour into hot Ball Jars. Process 20 minutes in hot-water bath at simmering.

**A REALLY "FANCY" SPREAD!**

—Photo courtesy Ball Bros. Co.

A conserve which brings summer-time delicacies to winter tables is Cantaloupe-Peach Conserve, easy to make but really a "fancy" spread with its blanched almonds and grated orange rinds to lend piquant flavors. This recipe from the famous Ball Blue Book of home canning tells you how to make the conserve.  
4 cups diced cantaloupe  
4 cups diced peaches  
6 cups sugar

½ cup blanched almonds  
4 tablespoons lemon juice  
½ teaspoon nutmeg  
¼ teaspoon salt  
1 teaspoon grated orange rind  
Cook the cantaloupe and peaches together 20 minutes. Add sugar and lemon juice. Boil rapidly until thick. Add almonds, nutmeg, salt and grated orange rind. Boil three minutes, then pour, boiling hot, into hot Ball Jars. Seal.

**"Covering the County"**

By Byron W. Frierson, Sterling County Agent

Here are some facts from recent range research at the Experiment Station:

1. "Mesquite seed which had been stored for 44 years were planted and came up." This emphasizes how our mesquite problem is working like a snowball rolling downhill.

2. "Perennial grass production was measured under several degrees of mesquite thinning. On the check plots there were an average of 115 trees and 90 pounds of grass forage produced per acre. On the completely eradicated plots 295 pounds of grass forage was produced, over three times as much, where mesquite was eradicated." If you love mesquite trees, you will probably say, "Yes, but look how much the leaves and beans helped out." Look at the next paragraph then.

3. "On the Santa Rita Experimental Range, Tuscon, Arizona the annual production of mesquite beans from a stand of 80 trees per acre is usually less than 10 pounds per acre. Foliage production from mesquite within reach of cattle is estimated to be about 40 pounds per acre annually. Even counting this 50 pounds of feed from mesquites as equal to grass, the total forage production on mesquite areas was less than 1/2 that on cleared land."

You remember the hog that got loose at the county show and cut such monkey shins? Well, she has quieted down a lot now. She is the mother of 9 (count 'em) pigs. She belongs to Dennis Reed, local 4-H-

er. Due to feed scarcity and drouth conditions, it seems inadvisable for club members to start feeding projects at this time. Most of the club feeding consequently is going to be postponed until fall.

The club members are continuing to get scrap iron for their summer trip. We still don't have enough, however, and will welcome any contributions. Just call me or a club member.

We sent the horticulturist at A. & M. some samples of ailing arborvitae. The plant was turning brown. He diagnosed the trouble as fungus blight, and suggested that the plant be wet thoroughly with a hose, then dusted immediately with dusting sulphur. After the treatment, the plants should be watered thoroughly and regularly for a few weeks to increase the plant's vigor. If the trouble does not disappear in three or four weeks, a second sulphur treatment should be given. (P. S. wear goggles while you are dusting.)

There are several arborvitae around town that seem to have this same trouble. If yours are ailing, you might try it.

Remember that this office has free bulletins on almost every subject except "The Love Life of a Bull Frog."

**Declaration of Independence!**

He's on his own. It's a wonderful feeling. He can go places now. And he'll keep on going places all his life—as long as he keeps his sense of independence.

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers opened up an "electric frontier" when in 1915 they strung the first transmission power lines in West

Texas. People of faith and vision risked their savings. Other folks combined skill and hard work to produce better and better service—at lower and lower costs—creating more and more jobs—and carrying the benefits of electric living to more and more West Texans.

That's the American way of progress. Free enterprise, vision, and hard work. They are what built America and the American way of life, which is the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

**West Texas Utilities Company**

From where I sit ... by Joe Marsh

**Pampered Farmers**

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer... but tolerant in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

**Army Recruiters Special At Big Spring July 8-10**

Big Spring, Texas will play host to a special recruiting team composed of members of the 11th Airborne Division and the 1st Cavalry Division on 8-9-10 of July, it was learned today from Captain Oscar T. Ham, Commanding Officer of the U. S. Army and U. S. Air Force Recruiting Station at the P. O. Building in Big Spring. Veterans of the 11th Airborne Division proudly point to the record of the Division attained during World War II.

Known as the "Angels", the 11th Airborne Division was originally the 11th Infantry Division in World War I. It was reactivated in February 1943 under Airborne Command and stationed at Camp Polk, La., participating in the Louisiana maneuvers in 1944 and finally going overseas as a unit to the South west Pacific in April 1944.

The Division went into action as ground troops on November 18, 1944, landing at Leyte; followed by an amphibious landing at Luzon, 60 miles from Manila on January 26, 1945.

The first combat parachute jump was made by the Division on February 3, 1945 to a ridge near the Manila Hotel annex. By the middle of February the 11th had reached the Manila Polo Club and Division patrols contacted the 1st Cavalry Division.

After the surrender of the Japanese government, the 11th was assigned occupation duties and is currently stationed in Japan.

**Billie Jean House Becomes Bride of Robert Ferguson**

Before an archway of huckleberry foliage entwined with white satin ribbon and flanked by large baskets of white gladioli and white asters and tall candelabra holding graduated tapers, Miss Billye Jean House of Junction became the bride of Robert Boal Ferguson, Jr. of Big Lake, on Thursday evening, June 24. The bride is the daughter of Mr. and Mrs. William Watson House of Junction, formerly of Big Lake and Sterling City. The bridegroom is the son of Mr. and Mrs. Robert B. Ferguson, Sr. of San Angelo. He is a grandson of Mrs. R. C. Ferguson of San Angelo and Mrs. Harry Gardner of Sherman.

The Rev. B. O. Wood, pastor of the First Presbyterian Church, performed the double ring ceremony in the Presbyterian Church, U.S.A. in San Angelo at eight-thirty o'clock in the evening.

Candles were lighted by Marvin and Melvin Foster, twin sons of Mr. and Mrs. Forrest Foster of Sterling City. Mrs. Tecah Leonard, organist, played the nuptial music and accompanied Miss Barbara Statlard of Tucumcari, N.M., who sang "Beloved, It Is Morn" and the "Lord's Prayer." Mrs. Leonard played "Cantilene Nuptial" by DuBois, "Lebestraum" by Liszt and "On Wings of Morn" by Mendelssohn.

Mr. House gave his daughter in marriage. She wore a model gown of candlelight slipper satin. The bodice was designed with high round neckline and long closely molded sleeves that tapered to points over the hands, a panel of imported chantilly lace extended waist line in back and front and the lace was embroidered in iridescent paillettes. The skirt worn over hoops, extended into a graceful cathedral train, with bustle back effect.

Her tiered veil of French illusion was attached to a pointed calot of illusion applied in medallion of the same lace used on the gown. She carried an arm bouquet of white orchids and showers of stephanotes and phoeonapsis on a background of white illusion. For something old she carried a Bible eighty years old belonging to her maternal grandmother; something borrowed and blue—a pair of garters belonging to her cousin, Lula Mae Cole of Amarillo, and something new—her wedding gown.

Carrying out the theme of all white, the bride's attendants were also gowned in white. Mrs. T. C. Douglas of Odessa attended as matron of honor; Miss Marilyn Tankersley of Oklahoma City, Miss Nancy Lehmann or Boerne, a roommate of the bride at the University of Texas, and Miss Sunni Campbell of Corpus Christi were bridesmaids. They wore bouffant gowns of white mousseline with capes and hoods of chantilly lace.

A double ruche of lace edged the skirt. They carried large silver wedding rings entwined with green English ivy and red rose buds and showers of ribbon looped over their arms with silver ribbon.

Junior bridesmaids were Judy Cole of McCamey and Elizabeth Lynn Cole of Sterling City, cousins of the bride. They wore white net dresses fashioned with full ruffled skirts and large bow in the back and carried small wedding rings fashioned as the older attendants.

Richard Hartgrove, five-year-old son of Mr. and Mrs. Horace Hartgrove of Big Lake was ring bearer. Serving as best man was Harry C. Ferguson of Big Lake, brother of the bridegroom, and ushers were Augustine Celaya, Jr. of Brownsville, Henry Midgby, Johnny McMullen, both of Big Lake, and Ray Knight of Mason.

A reception followed the ceremony in the Crystal ballroom of the Hotel Cactus. Presiding at the three-tiered cake was Mrs. Lula Mae Cole of Amarillo, Mrs. J. S. Cole, Jr. of Sterling City poured punch and Miss Ruth Cole of Phoenix, Arizona, presided at the bride's book. All are cousins of the bride.

Following a two-week's wedding trip to Colorado, the couple will live on the Ferguson ranch near Big Lake.

For traveling the bride wore a kelly green gabardine suit with navy accessories and an orchid corsage.

The bride attended Hockaday in Dallas and is a graduate of the University of Texas, where she pledged Delta Gammas Sorority.

The bridegroom attended Texas A&M, where he received his degree in June. He served two and one-half years in the Army, one of which was spent in Alaska.

Out of town guests, other than the surrounding towns were Mrs.

Earl Tankersley, Oklahoma City; Miss Margaret Brown, Edinburg; Mr. and Mrs. Forrest Currell, Tucumcari, N.M.; Mrs. Ray Darwin and sons, Tommy and Jimmy of El Paso; Mrs. Warren Henry and Lady Jane of Clovis, N. M.; Mrs. Ben Mansker of Slaton; and Mrs. Harry Gardner of Sherman; Miss Ruth Cole of Phoenix; and Miss Lula Mae Cole of Amarillo.

For typewriter ribbons, adding machine paper, and stationery supplies, see the News-Record.

**All Star Football Game**

Coach G. W. Tillerson said this week that he had been selected to coach the all-star team from this district to play against John Prude's all-star team from District 5 at Fortsan on August 27th. Billy Hudson, Jack Tweedle, R. T. Smith and Bobby King have been selected to play from Sterling City. Training will begin on August 23rd and be held at night during that week. This will be in connection with the annual six-man football coaching school, sponsored by the ABC Club of Big Spring. The coaching school will be held in Big Spring on August 26 and 27.

You can have personal calling cards, informal notes, and personal stationery printed at the local News-Record shop.
