\$90,000 Hospital Bond Election Set For Oct. 8

The Sterling County Commissioners' Court has set October 8, as a date for a special election, to decide on a \$90,000 hospital bond issue. The Court acted last Friday after a petition bearing the names of more than ten per cent of the qualified voters was laid before it.

The election will be held in the regular voting precincts of the county with Hal Knight to be the presiding officer at the courthouse; Robert Foster at the R.T. Foster Ranch House in Mulberry; Mrs. T. H. Humble to preside at the Humble Ranch House box; Mrs. Riley King to preside at the box at Moon's Chapel Church; and N. H. Reed to preside at the voting box at his ranch house.

It is the intent of the court to take advantage of the one-third federal and state aid that is available at this time. Such intention is pointed out in the election order.

Events moved swiftly and the court has set the date for the election Saturday, October 8. The court can then canvass the returns on the following Monday, which will be regular court day.

Only property-owning taxpayers will be eligible to vote in the election. That is, those who have property rendered on the tax rolls of Sterling County.

Mrs. Ellen Sims and Mrs. Philip Thompson will be here next Tuesday, September 27, to conduct a 2-hour school of instruction at the school auditorium. This P.T.A. school of instruction was announced this week by the local president Mrs. Joe Emery.

LIONS TOLD OF HOSPITAL PLANS

H. L. Hildebrand talked on the county hospital bond issue that is scheduled for October 8, as the Lions met for their regular luncheon Wednesday at the Community Center. He said a twelve bed hospital had been suggested by the state department engineer for this county. As Lion Bratton's guest, Hildebrand said that action was made necessary by Dr. Swann nearly leaving, but that Swann had reconsidered and everyone was glad he planned to stay. Worth Durham said the county, under the statutes, underwrote any losses in operating such hospital. The bond issue calls for \$90,000. This would be the county's two-thirds of the money for a \$120,000 hospital. Federal money is available for a third of such hospital, it was pointed out.

The Lions Club voted to draft a letter recommending such a project and backing the hospital.

Lion Chapple Murrell, County Polio Chairman, announced that the emergency drive had raised \$160.00 to date on the special drive. Mrs. Tommie Johnson is head of the special drive.

Lion Henton Emery, who had been a one-man committee to raise Sterling's quota on the USO Drive, reported that he had raised the quota and mailed the check into headquarters. \$105 was our quota.

G. W. Tillerson told of last week's football game and of the approaching game Friday night with Christoval.

Guest were Boots Williams, Mr. Alben, and H. L. Hildebrand, who rejoined the club.

Polio Epidemic Emergency Drive

The National Foundation for Infantile Paralysis has just announced that it must ask for more money.

It wants you to know WHY. For the second time in two years polio has struck the nation with unusual violence. Last year was the blackest polio year since 1916—and this year the toll will be even greater.

At this moment, in hundreds of hard-hit communities from coast to coast, local funds raised in the 1949 March of Dimes are wiped out in caring for stricken children and adults.

Before the end of the year, these communities are expected to call upon the Chapter's Epidemic Aid Fund at National Headquarters for additional millions of dollars.

ALREADY, THIS FUND HAS REACHED THE DANGER POINT.

And the bills have just begun to come in.

The total amount that will be needed is more money than the national office received from the 1949 March of Dimes.

It MUST continue to provide fund for care of thousands of children stricken in this epidemic.

It must continue to pay for the treatment of thousands of last year's victims who still need help.

THIS IS AN EMERGENCY APPEAL!

The stricken need your help NOW.

Please give this vital matter your immediate attention, as this fund must be sent to headquarters by not later than September 30, 1949.

Everyone is asked to give to this great cause. If you will, mail in a check to the committee or leave your donation at the bank with Sue Nelson, or at the post office.

Eagles Win Over Courtney 32-6

The Sterling City Eagles started the 1949 season with lots of hustle against the Courtney Eagles Friday at Courtney. It took only four plays from scrimmage for the Eagles to drive across for their first touchdown. After Grosshan carried the ball for the 1st down then L. Butler backed up and passed to Grosshan for a 50 yard gain, before he was run out of bounds on the 8 yard line. Bliznak then started around end and then cut back over center and went over standing up. The clubs battled on even terms the rest of the quarter. At the middle of the 2nd quarter Hollis Kennemer broke through the middle and blocked a punt. Larry Glass fell on the ball and it was Sterling's ball on the third yard line. Bliznak carried the ball over again for the second touchdown to bring the halftime score to 12-0.

Sterling started the half fast and scored in the first three minutes. Larry Glass carried the ball over from the 8 yard line and Elroy Butler made the extra point. A few plays later Bliznak broke in the clear and went some 50 yards for a touchdown, but Sterling was off-side on the play and the score was nullified. Pascal Brown then circled left end for the 4th touchdown to bring the score to 25-0. Coach Tillerson let his third string play most of the 4th quarter. Courtney scored about the middle of the 4th quarter to make the score 25-6. In the fading minutes of the fourth quarter Henry Bliznak passed to Pascal Brown from their own 30-yard line. Brown caught the ball on the 25 yard line and outran the safety man to score his second touchdown of the day. Edmund Heacock made the extra point. Final score 32-6.

Some 100 people followed the Eagles to Courtney.

All the boys looked good Friday. Coaches Tillerson and Blackburn have been polishing up on the Eagles blocking in preparation for the Friday afternoon encounter this week with Christoval. The boys all came through Friday's game in good condition and will be at full strength this week. Those Eagles making the trip Friday were Capt. D. Grosshans, Capt. J. Lindsey, E. Butler, L. Butler, H. Bliznak, L. Glass, D. Gann, L. Mitchell, W. Blair, E. Heacock, P. Brown, H. Kennemer, R. Harris, R. Huff and Bill Cole.

Eagles To Christoval Today

The Sterling Eagles will take off Friday at 11 o'clock for Christoval to meet the Cougars in a battle starting at 2 p.m. The game was originally scheduled for night, but the lights have not been completed at Christoval. Some 15 Eagles will make the trip.

It looks as though Rankin, Forsan and Sterling will battle right down to the last this year for the championship. Rankin defeated Imperial last week 56-13. Forsan received a forfeit game from Mertzon and Paint Rock beat Garden City 36-24. Water Valley beat Christoval 26-8.

SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

(USDA)—Price trends at southwest farm markets formed a patchwork of ups and downs during the past week, the U.S. Department of Agriculture's Production and Marketing Administration reports.

Wheat lost a cent or two for the week, but white corn advanced 3 to 4 cents a bushel, yellow corn 5 to 7, and oats and barley a fraction. Milo gained 4 cents a hundred pounds. No. 1 hard wheat closed Monday at \$2.30 3/4 to \$2.36 3/4 at Texas common points. No. 2 yellow milo sold from \$2.21 to \$2.26.

More new crop rice on the market lowered prices a little last week. Most feedstuffs brought lower prices too, but wheat millfeeds advanced. Hay prices rose \$1 to \$3 a ton as wet weather slowed hay-making. Peanuts showed little change.

Cotton closed Monday unchanged to 10 cents lower than a week earlier. Spot middling 15/16 inch brought 29.15 cents a pound at Dallas, 29.30 at Houston, 29.35 at Galveston, and 29.90 at New Orleans.

Livestock marketings increased last week over the week before which was cut short by a holiday. Beef and veal sold higher and pork and lamb lower for the week.

Cattle gained early last week but lost later. Monday's closing prices were mostly the same as a week earlier, but some classes held gains up to \$1 while others showed similar losses. Good calves sold up to \$21.50 at Houston, \$23 at San Antonio, and \$22 at Oklahoma City. Good and choice made \$22 at Fort Worth and \$24 at Denver.

Hog prices also moved both up and down during the week, and closed Monday largely 25 to 50c lower at Texas markets and \$1 to \$1.50 lower at Oklahoma City and Denver. Feeder pigs sold steady. Butchers topped at \$21.50 at Fort Worth.

Spring lambs sold steady to strong for the week at Texas markets but somewhat lower at Oklahoma City and Denver. Ewes showed little change. Good ewes sold around \$10 at San Antonio, and \$8 to \$8.50 at Fort Worth. Goats lost 50 cents to \$1 at San Antonio. Common and medium goats sold Monday at \$6.50 to \$6.75.

Wool interest last week centered in the Denver auctions, where prices held firm. Mohair remained fairly steady in Texas trading.

Colorado cauliflower sold stronger this week at \$1.90 to \$2 a crate. Onions also moved up to \$1.75 a sack for 2 to 3 inch Sweet Spanish. New Mexico apples and Colorado cabbage were in liberal supply at Fort Worth, but lettuce remained scarce. Louisiana sweet potatoes steadied after early weakness, as wet weather slowed digging. Most U.S. No. 1 Porto Ricans loaded on trucks at \$3 per crate.

Egg prices rose several cents per dozen as cool weather spurred demand. Candler white eggs reached 60 cents at Dallas, and large candled eggs brought 55 to 58 at Fort Worth. Denver paid 54 to 59 for large whites. Poultry held steady in the southwest despite lower prices in other areas.

LOOPHOLES in the Law

By WILL WILSON

Past President, Texas District
and County Attorneys Association

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson of Dallas, is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

Burglar Joe admitted that he broke into a store operated by Mrs. Fred Smith in Prairie Hill, Texas. He confessed that on September 27, 1941 he broke in the back door of the store building, entered and stole several articles of merchandise.

Since there was no doubt of Joe's guilt, he was convicted and sentenced to five years in the penitentiary. But on appeal the verdict was reversed.

At the trial Mrs. Smith testified that she was the wife of Fred Smith and that she lived with him at Prairie Hill, where they operated a store. The indictment pointed out that the store, at the time of the burglary, was under the control and ownership of Mrs. Smith.

The reversal was solely on a technicality involving ownership of the store. Although Mrs. Smith was operator of the store, it was community property belonging jointly to her and Mr. Smith. In the eyes of the law the husband was the owner. The indictment charging Joe should have alleged that the husband, instead of the wife, was the owner of the property.

If the State Bar is successful in its efforts to bring about revision of Texas' criminal statutes, such loopholes in the law can be closed. Under the present system too many criminals escape justice, even when there is no doubt of their guilt, breeding disrespect for the law and subjecting good citizens to constant threats from lawbreakers.

God Wants You to Know

1st. That you need a Savior. There is not a just man upon the earth, that doeth good and sineth not. (Eccles. 7:20) For all have sinned and have come short of the glory of God. (Rom. 3:23). 2nd. That you cannot save yourself. There is a way that seemeth right unto a man, but the end thereof are the ways of death. (Prov. 14:12). Jesus saith unto him, I am the way, the truth and the life; no man cometh unto the Father, but by me. (John 14:6). 3rd. God wants you to be saved. For Christ also hath once suffered for sins, the just for the unjust, that he might bring us to God. (1 Peter 3:18). Come unto me all ye that labor and are heavy laden and I will give you rest. (Matt. 11:28). 4th. He has provided for your salvation. For God so loved the world that he gave His only begotten Son that whosoever believeth in him should not perish but have everlasting life. (John 3:16). He that believeth and is baptized shall be saved (Mark 16:16). You are invited to attend services at the

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act...."

Obviously the railroads cannot be run

efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employes, and are the most highly paid of all employes on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employes of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

A sandwich plate, followed with cake and ice cream composed the refreshments.

The program could be gotten on radios at about 600 or 60, as the case might be. Many shutins were listening to the program.

HOW TO SHOOT A RIFLE

By ARTHUR E. COOK
National and Olympic Rifle Champion

Sighting

Gun sights are used to point the rifle at the target and it is important to learn to sight perfectly. An error of 1/10 inch in sight alignment will place the bullet two inches from the center of a target only 50 feet away—a bad miss.

If you have the rear peep and front post sight combination on your rifle, aim as shown at top left, centering the top of the post in the peep hole. With an open rear sight (right above) center the top of the post on a level with the top of the rear sight before directing the aim on the target. Notice that when shooting at bullseye targets

you aim at the bottom of the bull rather than at the center. That is because you are likely to lose sight of the black post within the black bullseye.

Aiming and shooting at bullseye targets is not only a great sport with many thousands of adherents throughout the world, but it is also the finest training for any kind of shooting. If you can't hit a bullseye that is standing still how can you expect to hit a live target that is moving?

Rice Makes the Stew

By FRANCES BARTON

Rice makes the stew. Or should we say that rice makes the stew go further? There are many ways to concoct a stew—you can start from scratch, with one of the less expensive cuts of meat, and raw vegetables. Or you can take leftovers and make up a stew that's quick, easy and a meal in itself. Either way, the addition of a rice base adds greatly to the looks and over-all appetite appeal, especially if the rice is white and fluffy. And the quantities of necessary ingredients can be s-t-r-e-t-c-h-e-d to go a lot further when served on a bed of rice.

A one-dish meal of stew with rice is as simple as A,B,C to prepare, thanks to a new pre-cooked rice—Texas grown and Texas processed—now on the market in this area. And the rice that results is wonderfully light and fluffy—perfect rice every way with each grain separate. No

washing, no rinsing, no draining, no steaming necessary. Home-makers in the Lone Star State who know how well rice combines with other foods, will find this new pre-cooked rice the perfect mainstay for quick-quick meals.

Quick Stew with Rice

Serve a mound of fluffy rice with stew made from leftover meat and vegetables for a thrifty, speedy meal. Simply heat the cooked diced or cubed meat with gravy. Mix with cooked vegetables such as carrot slices or small white onions and continue cooking until heated through.

Pre-cooked Rice

To prepare enough rice for 4 or 5 servings, place contents of one package (5½ ounces) of pre-cooked rice in saucepan. Add 1¼ cups cold water and ¼ teaspoon salt. Bring to a full rolling boil. Remove from heat, cover, and let stand in a warm place about 10 minutes. Before serving fluff rice gently with a fork.

The fox whistle worked Yessir. Last Friday afternoon Tom Bunch and Earl Brownrigg came down from Big Spring and were to show me that Earl could whistle on his "fox whistle" and make foxes come right up to him. They showed up at the appointed time. We tried to get a few others to go with us, but Worth Durham was busy and Doc Swann was looking for a patient and so we went by ourselves.

We first drove over across the Big Lake road bridge and tried in the big draw just on top of the hill. No foxes.

We drove out the Big Lake road for four or five miles where Earl saw a likely looking place. We got out of the car and sat down on the hill side on some rocks. Earl blew the whistle several times. No foxes appeared from down the draw where we were looking.

Earl said, "No foxes" here." We got up and started to leave. As we stood up and started walking toward the car, two foxes took off right behind us. They had been standing there behind us looking.

We came back into town and drank another of Deal's root beers.

Brownrigg, a government trapper, said that the whistles would call up coyotes, bobcats, badgers, and foxes. It can be heard for at least a half-mile on a good day, or a quarter mile at any time. He said that Monday of last week he got a bobcat up to ten feet of him and shot him between the eyes.

The whistle sounds somewhat like a rabbit in trouble, or a little goat when it is caught. At any rate, the animals want to see what it is.

With the announcement that Dr. Swann was leaving Sterling a week ago events began to move swiftly to not be caught napping around Sterling on the medical situation. Consternation at the thought of the popular Doc leaving plus the fact that the town might not be able to attract another doctor, made the citizens get busy. A group met with

a State Department of Health Engineer and talked over the hospital situation. Facts were learned and the ball got started rolling.

Petitions were made up and the required signers were contacted in a hurry. The petitions were presented to the Commissioners' Court on Friday afternoon. The court called a special election for Saturday, October 8, calling for the issuance of \$90,000.00 bonds for such hospital.

As it now looks, the issue will pass by 90 to 96 per cent of the votes cast—maybe more.

Doc Swann is one more popular man. The gloom settled on the people last week when it was thought he was long-gone. He got out of the Robert Lee move and things seemed brighter for folks. We hope he never leaves here.

Little Jack Clark, son of the Jim Bob Clarks, has been going around with his face bandaged up, the result of an encounter with a large dog. He was bit on the chin and nose.

**Kisses With
A Different Flavor**

By BETTY BARCLAY

Kisses—the culinary type—vary in kind; but all call for beaten egg whites and sugar. Some are flavored with vanilla extract, some with almond, some use coconut, nuts, or chocolate. These Toasties Kisses, made with cereal, are flavored with grated orange rind. Just a little variation that you will find most intriguing. We can recommend them highly.

Toasties Kisses
1/4 teaspoon salt
2 egg whites
1 cup sugar
1 teaspoon grated orange rind
3 cups corn toasties

Add salt to egg whites and beat until foamy; add sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in peaks. Add flavoring; fold in toasties. Drop from teaspoon on greased baking sheet. Bake in moderate oven (350° F.) 15 minutes, or until done. Makes 3 dozen cookies.
