## Amendment, Education Board Election Tuesday

A statewide election on ten proposed amendments to the constitution and members of the new state board of education, will be held next Tuesday, November 8. The ten amendments are perhaps the most changes proposed for the state constitution in over a decade.

The new state board of education is the new set-up for state education, created by the Gilmer-Aiken bill. Such board will replace the state superintendent of public instruction in duties, etc.

Names on the ticket for the board from this district include Gordon Griffin, an attorney of Brownwood, George D. Morgan, an oil man of San Angelo, and John T. Rowntree, a rancher of Lampasas.

The constitutional amendments as on the ballot, read (for and against) as follows:

1. The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein.

2. The Constitutional Amendment relative to sessions of the Legislature and to compensation of its members. (This one raises the pay of Legislators and makes the sessions continuous, year in and year out.)

3. The Constitutional Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts.

4. The Amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law.

5. The Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof.

6. The Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees.

7. The Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law.

8. The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts.

9. The Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in

## Lions Vote to Improve Community Center

The Lions voted to go into a program to re-roof and redecorate the inside of the community center building at the luncheon meeting Wednesday. A committee report, made by George Blackburn, estimated the work will cost \$1,500. A negro minstrel as a money raising project was discussed, and a committee composed of G. W. Tillerson, H. A. Chapple and W. B. Everitt, was named by President R. L. Lowe. A finance committee was named, composed of Henton Emery, Horace Donalson, H. L. Hildebrand and W. R. Hudson.

Lion Tillerson told of the progress of the local football team and the coming game with Paint Rock.

Worth B. Durham discussed the election of next Tuesday, talking about the amendments as well as the school board election.

A. D. Albin of Big Spring joined the club. A Mr. Fitzgerald of Midland was a guest.

## Changes on Wool Style Show Contest

The last week's paper carried a story about the "Make It Yourself With Wool-Mohair" contest that would be held in San Angelo at the St. Angelus. Now it has been changed to the San Angelo College auditorium.

Judging of the garments will begin at 1:30 p.m. in the college auditorium. Practice modelling will start at 1:30 (please wear shoes you plan to wear in the style show). The show itself will be held in the college auditorium at 7:30 on Nov. 7. The public is cordially invited to attend the show, free of charge.

## DAUGHTER TO THE HARRY GANNS

A daughter was born to Mr. and Mrs. Harry Gann on November 1 at the hospital in Kermit. It was a nine pound girl, reported granddaddy Webb Hudson.

Grandparents are Mr. and Mrs. Webb Hudson and Mr. and Mrs. George Gann.

A slight freeze was noticed here Sunday night and Monday morning. A skim of ice was noticeable on water outside.

lunacy cases.

10. The amendment to the State constitution qualifying women as grand and petit jurors.

## Legion Oyster Supper November 21

The local post of the American Legion is having their annual oyster supper on November 21 at 7 p.m. at the Legion Hut. The invitation reads: "All You Can Eat." A plate costs \$1.25. Everyone is invited to the affair.

Reservations should be made now with Mrs. Tommie Johnson at the post office, before November 9, said Ross Foster, Legion Vice-Commander.

## "Covering the County"

By Garlyn Hoffman, Co. Agent.

Now is the time to start controlling cattle grubs. The grubs are now on the backs of cattle and are eating holes in the skins. When the holes first appear is the correct time to do the first spraying. Spraying should be done at three week intervals for four sprayings. This will greatly reduce the number of grubs for the year.

A number of Sterling County ranchers have sprayed during the past week. Among these are Foster Conger, Ross Foster, Robert Foster and Sims Price. These men have been spraying for the past several years, and examination of their stock revealed very few grubs. Anyone who conducts this spraying for one year will notice an increase in thriftiness, weight, and general good health of his stock.

The mixture to be used is 7½ pounds of rotenone in 100 gallons of water. The pressure on the spray should be at least 200 pounds, and preferably 300-400 pounds. The cattle should be run through a chute for a complete and satisfactory application. The nozzle of the spray should be close to the animal's back, not more than four inches above, so that the rotenone will come into contact with the skin. Use one gallon per animal. Rotenone is not harmful to any warm blooded animal. If the cattle are lousy, eight pounds of DDT can be added to the spray and a complete coverage of the animals can be accomplished in one spraying. As the cattle are already in the chute it is a good practice to dope their ears for ear ticks, using 1029. One gallon of 1029 will dope 125 head of cattle.

The little yellow eggs that the now on horses legs and bodies are bott eggs. The bott is a lot like the cattle grub in appearance, but it works entirely different. The horse licks the bott eggs off his legs and swallows them. Once inside the stomach, the egg hatches and the bott attaches itself to the walls of the stomach. Here the bott continues to develop, eating holes in the stomach which will usually cause a horse to look thin and unthrifty. The eggs cannot be killed by rubbing a rag with kerosene on it over the hair where the eggs are attached. To remove the bots from the stomach a carbon disulfide capsule can be given during January and February.

The 4-H Club Achievement barbecue will be held at 7:30 p.m. on Nov. 12 at the Community Center. Special awards and membership pins will be presented. All 4-H Club members and their dads are urged to attend.

The frost Monday morning made it look as if summer had ended. The old timers say the frost was a little early. It did quite a bit of damage to tender plants.

All Legionnaires and others are reminded to turn in \$1.25 to Anna Lee Johnson before Nov. 9 if they want to attend the annual oyster supper sponsored by the American Legion. There will be all the oysters you can eat, and it will be held Nov. 21 at the Legion Hut.

Judge Chappel Murrell has studied House Bill 420, which regulates the sale and use of 2, 4-D and other Hormone type herbicides, and he has found that those counties comprising the Twenty-Fifth Senatorial District of Texas are exempt from the provisions of this act. Sterling County lies on the northern edge of this district. This will mean a lot less red tape when bitterweed spraying begins. Although this law does not apply to this county, 2, 4-D should be used with utmost precaution. It is known to have drifted as far as 25 miles when applied with an airplane.

Mrs. Claude Collins entered the Malone-Hogan hospital in Big Spring Wednesday evening for an operation.

## P.T.A. HALLOWEEN CARNIVAL IS BIG SUCCESS

ELIZABETH HILDEBRAND CROWNED QUEEN

The Sterling P.T.A. Halloween Carnival, held here Monday night, netted around \$1,300, reported the treasurer on Wednesday of this week. Climaxed that night with the crowning of Elizabeth Hildebrand as Queen, the affair drew throngs of people to the school.

A Mexican dinner was served at the first part of the festivities. The various booths were busy all the while. The meal was served under the direction of Miss Katherine Nelson and the homemaking classes with others helping serve.

Gross take of the carnival and all events was \$1,468.57. After expenses, the net should be around \$1300.

Elizabeth Hildebrand was the winner of the queen contest, and she was crowned queen and her escort, Henry Bliznak, was named king of Halloween. Named Duchess was Elizabeth Lynn Cole and her escort, Don Reed McDonald, was named Duke.

Other princesses and their princes were Kay McEntire and Charley Davis, Darlene Mitchell, Fern Garrett and Billy Ralph Bynum. Other duchesses and dukes were LeRuth Reed and Tony Allen, Sandra Williams, Christine McCarty and Jackie Cole, LaFern Barnes and R. D. Garrett, Winona Blair and Joe Davis, Billy Nadine Green and Marshall Blair, and Betty Dunn and Earl Blair.

This coronation and related events was under a title of "Far Away Places" under the direction of Mrs. Bill Barbee, music instructor. In the costume parade, prizes were awarded as follows:

Girls' Division:

1st. Claudia Collins

2. Willene Clark

Boys' Division:

1st Jodie Green

2. Ricki Green.

Other activities included a ducking pond, a fish pond, game rooms, white elephant sale, a country store, cat chunking, bingo room, spook house, and a cake walk.

Films were shown in the school auditorium. Crowds thronged the places and traffic was thick through out the entire time.

The P.T.A. expressed thanks to all who helped in any way to make the affair such a success.

## Son to the Manuel Gonzales'

A son, named Nick Gonzales, was born to Mr. and Mrs. Manuel Gonzales here early Monday morning. Weighing eight pounds and three ounces, the baby was named for Manuel's father, Nick Gonzales.

The child is a grandson of Mrs. Lula Gonzales.

## Sterling Drops Non-Conference Game To Grandfalls

The Sterling Eagles went down in defeat for their first time Friday night at Grandfalls in a non-conference affair. The Grandfalls six were not long in getting their first touchdown. A pass from half-back to the right end on fourth down was good for 30 yards and their first touchdown. Sterling then took the ball and went to the 20 yard line where a pass, Butler to Lindsey, was intercepted and ran 70 yards for another touchdown. Cox did the scoring. After the beginning of the second quarter Cox intercepted another pass and Sterling ran him out of bounds at mid-field. Another pass from the half-back to Cox was good for 40 yards and another touchdown.

Sterling took the kickoff and munched for a first down and then a pass from L. Butler to Grosshan was good for a touchdown. Grandfalls scored again on the last play before the half to bring the half time score to 24-6.

Sterling kicked off to Grandfalls and Grandfalls fumbled with Sterling recovering on the 30 yard line. Sterling marched to the 5 and on 4 tries failed to score. Each team battled in mid-field until the final quarter. Grandfalls scored again in the latter part of the 4th quarter with Cox again going over from the 20. Final score, Grandfalls 31, Sterling 6.

## Sterling Leads District

The Sterling Eagles became the district leader as a result of Rankin losing to Forsan at Rankin. Sterling is still undefeated in conference play with Forsan and Rankin suffering one loss. The Sterling Eagles will journey to Paint Rock Friday to meet the Indians in a game beginning at 2 p. m. Sterling must win Friday in order to stay at the top. A large delegation is expected to go to the game. The game will be broadcast.

## REV. B.B. HESTIR TO HOSPITAL

The Rev. B. B. Hestir, pastor of the First Presbyterian Church here, was taken to a San Angelo hospital last Sunday night about eleven o'clock, with a heart attack. He was not critically ill, but was taken for further examination and observation. Bro. Hestir was doing fine later in the week.

## Wimodausis Club Next Wednesday

The Wimodausis Club will meet in the Community Center building next Wednesday afternoon for a fine arts program, reminded president Mrs. Harvey Glass this week.

FOR SALE—Boys roller skates. Good condition, cheap. See Mrs. Clevis Smith at Garrett & Bailey.

## RED CROSS CHAPTERS MEET VARIED NEEDS OF SERVICEMEN

The Red Cross Home Service worker looked up from her desk to find an old man holding a telegram and twenty-five dollars.

"My boy wants to come home, but he hasn't got the money for such an expensive trip," the old gentleman said. "He has just returned from 2 years overseas service and is getting a leave before reassignment. His mother has been very sick and I think he might help her to get well. We are living on our family allowance and whatever money my son can send, but I've scraped together this \$25. Can you give me enough more to bring him home?"

After verifying the facts, the Home Service worker sent a telegram to the Red Cross field director at the boy's camp, telling of the father's request and of the offer of the twenty-five dollars he could so ill afford. The following day she received an answering wire from the field director:

Under federal statute and regulations of the Army, the Navy, and the Air Force, the American Red Cross furnishes volunteer aid to the sick and wounded of the armed forces and acts in matters of voluntary relief and as a medium of communication between the people of the United States and their armed forces.

"Return twenty-five dollars to father. Army granting emergency leave and arranging for air transportation home. We are arranging for maintenance and return transportation."

It was only one item in a busy worker's day, but to two old people and a long-absent son it meant a lot. Often the need is not for financial aid but for help with the unexpected problems that may hit any family and are more acute when the head of the family is thousands of miles away.

It was so with an Air Force sergeant who reenlisted after overseas combat service. He left his wife and children in Kentucky on a farm with his mother-in-law. He also left 25 head of cattle, through which the family income would be supplemented. He thought his family secure for the 3 years of his new enlistment. Then disaster struck. The wife's mother became ill and was compelled to sell the farm and go to live with a distant sister. This left the sergeant's family without housing, and 25 head of cattle without care.

The Red Cross helped the soldier get emergency leave, helped him find suitable living quarters for his wife, and arranged for quick sale of his livestock. The sergeant then returned to duty, content in the knowledge that his wife and two small children were provided for.

Often, the need for help extends beyond the time a man is separated from the service. If, as a veteran the man and his family continue to need aid, the chapter is ready to help.

That is Red Cross Home Service—a friend and counselor to the perplexed, to those in need, to men and women with problems.

## THE AMERICAN WAY

The Bottomless Drain

## Saturday Is Poppy Day

Poppies which the people of Texas will wear in honor of the war dead on Memorial Day, are being shipped from the Legion Hospital in Kerrville and the Veterans Administration Hospital in Waco, where the little red flowers are being made by disabled veterans of both world wars, working under supervision of the Texas Department of the American Legion Auxiliary. Shown in the picture are: Guy Bridges (in wheel chair), World War II Veteran, who has been making poppies for four years while in the Legion Hospital and Philip Whittlesey (in bed), World War I Veteran, who has been making poppies for several years while in the hospital there.

"Making these flowers has provided interesting employment for veterans at the hospitals during the winter and spring months," explained Mrs. Frank Sheffield, Poppy Chairman of the Department. "It has helped keep their hands and minds busy, relieving them of long hours of tedium and contributing its occupational therapy value toward their recovery."

"Poppy making has given these veterans the encouraging experience of being able to earn money again, often after many months of idleness. They are paid by the Auxiliary for each Poppy they make and are able to earn helpful amounts during the poppy making season."

"Much of the money is sent home by the veterans to help support their wives and children, who often have a difficult time when the veterans require hospitalization and are unable to work for long periods. It gives the veterans a decided lift in morale when they are able to send something to their families. Those without dependents use the money to create a nest egg for themselves against the day when they leave the hospitals and endeavor to re-establish themselves in life."

"The poppies are fashioned by hand, veterans working in their beds, in wheel chairs or in occupational therapy shops. Materials are provided by the Auxiliary and the finished products collected regularly by Auxiliary workers. The flowers are made of crepe paper in replica of the little wild poppies of France and Flanders, which grew on the battlefields and cemeteries of the two world wars."

Buy a poppy from a member of the American Legion Auxiliary on Poppy Day to honor the war dead and to help living disabled veterans. Wear your poppy with pride. You'll be remembering—and serving.

This is your opportunity to help insure better educational facilities to your district and your state.

Dr. Morgan's great natural ability, his wide experience, his high ideals, his comprehensive training and his consuming desire to help young men and young women—these outstanding characteristics combine to insure his highest possible service as member of this new Board of Education.

Dr. Morgan has proved his ability as a leader by his service as a member of the Board of Regents of the University of Texas and the Board of Directors of San Angelo College as well as many other organizations.

This advertisement is paid for by men who know, respect and trust Dr. Morgan.

**Had RHEUMATISM So BAD That He Had To Quit Working**

\*Caused by dietary deficiency.

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money: buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

Fifteen years of valuable experience goes into every job of printing at the News-Record.

**SWING OF SOUTHWEST FARM MARKETS**

By United States Department of Agriculture

(USDA)—Higher prices for some farm products about balanced lower trends on others at southwest markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat, yellow corn and sorghums declined 3 to 4 cents, as Texas white corn advanced 2 cents and barley 5 to 6. No. 1 hard wheat closed Monday at \$2.31 1/4 to \$2.37 1/4 cents per bushel in bulk carlots at Texas common points. No. 2 white corn sold at \$1.53 1/2 to \$1.57 1/2. No. 2 yellow milo brought \$2.14 to \$2.19 a hundred pounds.

Fairly active demand for light offerings raised prices of both rough and milled rice during the past week. Most feedstuffs brought firm to higher prices. Light movement of hay to market met with slow demand at little change in price. Peanut markets held steady under price supports, but oil and meal sold lower.

Heavy haulings of sweet potatoes in Louisiana met with light demand in a weak market. Most U. S. No. 1 Porto Ricans loaded at \$2.25 per 50 pound crate.

Egg prices fell about 2 cents a dozen during the week. Current receipts sold largely from 3 6/10 to 43 cents at Denver, and 43 to 45 at Dallas. Rehandled current receipts brought 50 to 53 at New Orleans. Spring chickens went up about 2c a pound. Growers in Northwest Arkansas received mostly 30 cents at the farm for broilers under 3 pounds. Dallas paid 31 to 32 cents for best shipped-in fryers.

Other poultry held about steady. A few turkeys sold at near support level.

Mohair prices rose 2 cents a pound for the week, and ran 9 to 12 cents above a year ago. Texas sales averaged 47 cents a pound for adult and 67 for kid. Wool prices held firm. Good French combing 12-months Texas wool sold at \$1.40 in Boston.

Slaughter lambs were unchanged to a little lower for the week at most markets, and ewes and feeder lambs steady to a little higher. Cull to medium ewes ranged from \$7.50 to \$9.50. Mature goats sold a little higher, and kids about unchanged.

Slaughter hogs lost around \$1 on all classes at all markets. Feeder pigs fell \$1 at San Antonio but held steady elsewhere. Top butchers closed around \$17.50.

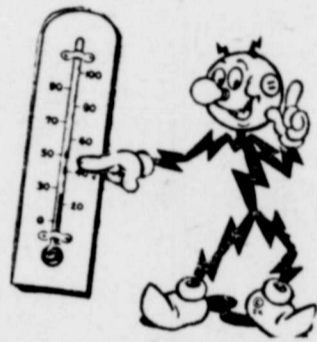

Week's trend on cattle and calves varied unevenly from \$1 lower to \$1 higher, with most changes within 50 cents up or down. Good and choice killing calves sold \$1 lower at Fort Worth and \$1 higher at Oklahoma City.

Except for sheep, last week's livestock receipts came close to the week before despite heavy rains in the southeast early this week.

Wholesale dressed pork lost \$2 to \$5 for the week at New York, while medium and lower grades of steer beef were weak to lower. Other meats were little changed.

Cotton advanced \$1.25 a bale since a week earlier at most southwest farm markets. Spot middling 15/16 inch closed Monday at 29.05 cents a pound at Dallas, 29.25 at Houston, and 29.45 at New Orleans and Little Rock.

*It all Starts*  
 with the weather

If the weather didn't change, you could sleep in comfort all night with ordinary blankets... BUT, THE WEATHER DOES CHANGE, and that's why with ordinary blankets sometimes you wake up unbearably hot... sometimes you wake up cold and shivering.

**Select your "Personal Zone" of Sleeping Comfort...**

With the General Electric Automatic Blanket, you can have the personal warmth you like best despite changes in the weather.

It's easy. Just set the dial on the bedside control to the warmth you desire. This "just-right" warmth is automatically maintained... regardless of temperature changes... all night long.

When you have determined your "personal comfort zone," you may leave the dial unchanged. Actually, the control need be set only once a season.

THE AUTOMATIC ELECTRIC BLANKET gives you perfect sleeping comfort. It automatically keeps you at the same cozy temperature all night long, your sleeping comfort no longer disturbed by the changeable whims of West Texas Weather.

**With an Automatic Blanket you enjoy:**

- Warmth Without Weight
- Just-Right Warmth All Night Long
- Eliminate Extra Bedding
- Prewarmed Bed
- Sleep All Winter in Summer-Weight Night Clothes
- G-E Automatic Blanket is Washable

For additional information concerning "sleeping comfort" see your local dealer or any West Texas Utilities Co. employee

Sizes to fit any bed available in four colors—rose, blue, green, or coral

Rev. and Mrs. C. D. McEntire attended the State Baptist Convention in El Paso this week. Rev. McEntire is the pastor of the Baptist church here.

Little Carol West of Lubbock is here on a two week's visit with her grandparents, Mr. and Mrs. A. H. Fulcher and great-grandmother, Mrs. G. A. Stockton.

### Mrs. Martin Reed Is Noratadata Hostess

Mrs. Martin Reed entertained the Noratadata Club at her home on Thursday evening of last week with five tables of bridge.

Mrs. G. C. Murrell talked on "Let's Have a Hospital in Our Community" and Mrs. Chesley McDonald talked on "Hope for Millions."

High score was won by Mrs. J. Q. Foster, second high by Mrs. Finis Westbrook and bingo by Mrs. Alvie Cole.

The next meeting will be with Mrs. Reynolds Foster.

R. P. Brown of this city and D. L. Slaton of San Angelo left Friday on a deer hunt to Presidio. This is the 36th year the two have gone deer hunting together, said Brown.

Pete Easley, who formerly was on the Mendenhall ranch, went to work in the post office Tuesday of this week.

For your home—use paper drinking cups. Cheap to use—cleaner, less work in dish washing. Don't spread germs in your home—use paper cups. Get cups and dispensers at the News-Record.

Rubber Stamps at News-Record.

Don't wash so many water glasses—use paper cups. 5,000 cups for \$11.95 and dispenser \$2.50. Get them at the News-Record.

### HOW TO SHOOT A RIFLE

By ARTHUR E. COOK  
National and Olympic Rifle Champion

#### Trigger Control

Control of the trigger can make or break you as a shooter. The accepted movie hero technique of yanking at the trigger with hardly more than a glance at the target is bosh. You can't hit anything consistently that way.

When your sights are aligned on the target the only way to get off the shot is to squeeze the trigger with such a smooth and steady motion that you do not disturb that aim. The trigger is squeezed by a steady movement of the forefinger only.

Speed and smoothness in the trigger squeeze can be combined but it takes practice and the best way to practice is with an empty gun. Aim at a small bullseye across the room and carefully let-off each shot. Since the rifle does not actually fire you can see your mistakes.

Another thing—while squeezing the trigger stop breathing and relax. The rise and fall of the chest while breathing will throw your sights off the target. Relaxation will reduce your pulse beat, which is another disturbing factor in precision aiming.

One final hint—always follow through. By that I mean keep looking through the sights at the target even after the shot is fired. This prevents movement of the gun before the shot has left the muzzle and often enables you to see where your shot hit when you are shooting in the field.

(This instruction based on the booklet, "HOW TO SHOOT A RIFLE," published by the National Rifle Association, Washington, D. C.)

Be sure of your target!
