Rainfall, Temp Lows Highs Recorded

At 10:05 p.m. Wednesday, summer ended its official reign and fall weather was heralded into the South Plains area. Although temperatures ran below normals for the month of September, a gradual warming trend has settled over the area to see out the summer months.

June proved to be a short month as far as

Schools Will Dismiss Early Monday

Mr. Harold Horne, superintendent, announces that the Muleshoe Schools will dismiss at 2:15 p.m. Monday, September 28 so students may attend the Fair at Lubbock. This will be the only day that students will be excused from school to attend the Fair.

The principals announce that if parents will write a note stating that the student is going to the Fair, he will be excused from school for Monday, September 28. Notes must be turned into individual campus principals before dismissal time on Friday, September 25.

rainfall was concerned for the Muleshoe area with .47 being received for that month total. The high temperature for June was 109 degrees with the low being .46.

July rainfall total was 2.04 inches with temperatures running to 104 degrees and the low of .59. Humidity made the high temperatures seem even hotter.

With 5.62 inches of rain recorded in the Muleshoe area in August, temperatures stayed down somewhat with a 95 degree being the recorded high and .57 recorded low.

September brought with it, more rain in the amount of 4.50 total inches and a high temperature of 94 and a low of 48.

According to Jeff Peeler, the high for September was reached on the 21st. The usual high is hit in the first fifteen days of September.

The total rainfall for this area since June 1 to September 22 is recorded at 12.63 inches.

Meeting Set For "DOOM"

There will be a "DOOM" (Drugs Out Of Muleshoe) meeting on September 24 in the Tri County meeting room at 7 p.m. The purpose of this meeting will be the appointment of a steering committee for the project. All interested persons (adult, youth, parents) are urged to attend.

Baptist Observes Anniversary Sunday

A special service is planned for September 27 in observance of the 35th anniversary of the Calvary Baptist Church of Muleshoe.

The Watchmen Quartet of the Arlington Baptist College, Arlington, Texas, will be performing in the 10:00 o'clock Sunday School hour and again during the 11:00 o'clock worship service.

The Rev. E.L. Merriott of Littlefield, founding pastor of the church will be bringing the morning worship service. Lunch will be served at the church.

The Watchmen Quartet will present a gospel concert at the church from 2:00 until 3:00 in the afternoon and everyone is invited to come out and enjoy their inspiring mes-

PASSING OF A LANDMARK.....The old city water tower is currently being dismantled due to the uneconomical aspects of use. The tower which is some 55 years old was in use until 1980. It was built in 1926.

Football Contest Still "Up In Air"

The Journal's Football contest is now entering the fourth week. With three contests already past, no one yet has a decisive lead that could not be matched in the next contest.

This week's winners are Marilyn Engelking, first place, gaining ten points and tying her for first place with Raymond Villalobos and Margrethe Taylor who each have ten points.

Second place winner this

week is Jerry Roddam, capturing six points and tying with David McVicker for second place.

Third place for this week presented a tie between Hazel Gilbreath and Donnie McDonald. Because of the tie, split points left them behing in the overall contest. Third place in the contest is shared by James Byers and L.C. Roddam each with four points.

So, there is still plenty of time for you readers to get your winners in and have a chance for the tickets to the Cotton Bowl along with expense money. The contest gets more suspenseful with each week that passes. Who knows, the next winning entry could be yours.

Ten Local Students On Deans' Honor Roll

More than 2,300 students at Texas Tech University qualified for the deans' honor rolls in the six colleges during the second term of the 1981 summer session.

They include the following nine students from Muleshoe: Randall O. Burrows of Box 462, Christine and Elizabeth Isaac of 706 W. 20th Street, Judy Lust of Rt. 3, Candy Moore of Rt. 1, Lisa G. Redwine of Rt. 2, Curtis Shafer of 117 E. Fir, Richard L. Sudduth of 1726 W. Ave. F and Gary Wrinkle of 322 Ave.

J. They include Maria Snitker of Rt. 1, Enochs, Texas. To qualify for a dean's honor roll a student must have a grade point average of 3.0 or more on a 4.0 scale and must have taken at least six semester hour of work. This list may not be complete since many students who live out of town list Lubbock as their official address.

Sundown Zips Lazbuddie 33-0

Lazbuddie Longhorns suffered a 33-0 defeat at the hands of the Sundown Roughnecks Friday night in Lazbuddie.

Brad Nance, Roughneck quarterback, ran in a 12 yard TD racking up the first score in the opening quarter. PAT failed for the Roughnecks.

Sundown tailback, Ronnie Whitaker made a long run in the second quarter for another TD and a two point conversion was made on a Terry Spray run.

Spray ran a 20 yard sprint for a touchdown later in the first half with the extra point try failing.

School Renovations Proposed In Study

Texas Cotton Producers May Get Grading Break

U.S. Sen. John Tower (R-Texas) today announced he will introduce an amendment to the farm bill which would prevent a loss to Texas cotton farmers of from \$30 to \$50 million a year.

The amendment deals with the ration of grade to staple in determining cotton loan rates. "This is money loaned to farmers but repaid when the farmer is able to sell his crop," Tower noted.

The farm bill under consideration by the Senate includes a provision to change the grade-to-staple ration in a way unfavorable to producers of short-staple cotton, the variety produced in most of Texas, Tower explained. Short Staple cotton sometimes is not as much in demand as other types grown in the

United States. Nonetheless it does have a substantial market, particularly with the advent and expanded use of open-end spinning. Traditionally, short staple cotton seeks the export market.

"The administration opposed this change in procedure before the Agriculture Committee," Tower said.

Cont. Page 6, Col. 2

New Dimension Grand Opening

Jerri Nell and Jo Pat Wagon have announced the grand opening of New Dimension, the only complete game room in Muleshoe, will be held today (Thursday, Sept. 24) at 3 p.m.

New Dimensions, located at 107 East Ash (old library building), will feature domino rooms, backgammon, the latest electronic games, pool tables and music, directed for all youth in the area. There will also be a refreshment center.

All activities will be supervised at all times.

Bartholf Terminates Pastorate Duties

Reverend Walter M. Bartholf, Sr., minister of the First Christian Church of Muleshoe has announced his resignation effective Sept. 30 to assume ministerial duties with the First Christian Church in Raton, New Mexico. His duties there will begin October 1, 1981. September 30 will be his last day as the Muleshoe church's pastor.

Bond Issue Needed For Improvements

One of the first steps in effective school plant management and planning is the development of a comprehensive school plant inventory system which locates, identifies, classifies and describes all of the elements of the total school plant facilities of the district. This inventory system should also include the value, adequacy, and general condition of all of the school plant including buildings, properties, equipment and materials. This school plant inventory system should be kept on a current and continuous basis.

In a continuing effort to keep Muleshoe schools up-to-date and efficient, the Muleshoe School Board last November authorized a comprehensive study of the Muleshoe facilities.

In establishing priorities of renovation, the study looks at the buildings most in need of renovation. The proposed renovations are based with energy conservation in mind and is followed throughout all the schools in the Muleshoe plant.

Some of these proposed renovations will include in-

stallment of insulation, closing of existing windows lowering present ceilings and installing individual room air and heat. Plans have been entertained to provide comfort and eye appeal for both students and personnel.

Not all proposed changes will affect all schools, as some facilities are older, some are more up-to-date and individual school needs must be considered.

This comprehensive plan is designed to meet the present and future needs of the schools for the next ten year period. "As in all plans, there will be changes and revisions, as the progression takes place," stated Harold Horne, Muleshoe School Superintendent. And he added, "Not all of the comprehensive plan is applicable to our particular situation here in the Muleshoe School systems. We do, however, feel the need of recognizing these proposed changes in the event they might become feasible at a later date."

In discussion of the high school, which is listed as the number one priority on the comprehensive study, Horne stated, "We have a tremendous energy costs at this time what would be lowered drastically with the installation of insula-

Cont. Page 6, Col. 3

FUEL SPECIALIST.....Robert A. Bartholf, son of Rev. and Mrs. Walter Bartholf has completed his basic training and was transferred to Chante, Ill. for fuel specialist training, where he graduated in Sept. He is currently on 15 day leave before reporting to Carswell AFB.

Youth skating will be sponsored by Muleshoe Ag Boosters Saturday night from 7 to 10 p.m. Admission will be \$1.00.

There will be skating Friday, Sept. 25, from 7 to 10 p.m. at the civic center. It will be sponsored by the Richland Hills Baptist Church youth. Admission is \$1.00 and there will be a concession stand.

Jennyslippers (Womens Division of the Chamber of Commerce) will meet Tuesday, Sept. 29 from 12-1 p.m. at the XIT Restaurant. Officers will be elected and a constitution adopted.

Everyone turning in applications for membership at this meeting will be charter members.

On Tuesday, the Rotary Club had as their guest Harold Horne, Superintendent of Muleshoe Schools who gave a report on the 10 year comprehensive plan for the Muleshoe School.

Cont. Page 6, Col. 1

CALVARY BAPTIST TO OBSERVE ANNIVERSARY.....The Calvary Baptist Church of Muleshoe will celebrate its 35th anniversary with a special observance of thanksgiving on September 27. Following the morning service, lunch will be served at the church for all members and guests. The Watchmen Quartet of Arlington will be bringing special music during the day.

BIRDS EYE VIEW.....This layout of downtown Muleshoe was snapped from atop the old city water tower behind the fire station. The tower is being torn down due to cost of maintenance.

Story Hour Off To Good Start

Storyhours for preschoolers have gotten off to a good start this fall with some 91 children attending the three held in September.

At last weeks session children got to see the new filmstrip series, "Career Kits for Kids" with the one this week on "What Does a Fireman Do?" this included a lively filmstrip and song and also a fireman's hat, exactly like a fireman wears for the children to take turns wearing.

"Throughout this season, we will include others from this series, such as a letter carrier, a nurse, a policeman and others, each with the appropriate hat to go with it. Each of these is very informative and entertaining for this age level," Ann Camp said.

"For the display case, we now have some excellent wire sculpture created by Jess Bryant; and now

Bread Fair Scheduled Sept. 29-30

Texas Agriculture Extension Service is sponsoring a bread fair Sept. 29-30. On Sept. 30 the program will be from 7-9 p.m. and Sept. 30 from 1-3 p.m.

There is no charge for the program which is tentatively scheduled to meet in the Coliseum meeting room.

On Oct. 1 from 4-6 p.m. a bread fair is scheduled to be held at the Three Way School for residents in that area.

Please call the Extension office at 272-4583 by Friday, Sept. 25 to register.

we are happy to show his work."

Next week new memorial books will be on the shelves, and these are large print books in Westerns, Mysteries, Poetry and Romance.

The Library has just received a 1981 edition of Encyclopaedia Britannica, the highest rated encyclopedia of them all, this set brings our Reference section up to date; and will free one of the older sets to be put into circulation-so for the first time you can check out this valuable reference work, as needed.

"Sixteen millimeter films will be arriving about the 15th of each month now and we now have a collection of 24 which are ready to be used by the public. If you would like to see any of these we will be glad to preview them with you," she continued.

Ruth Class Has Salad Supper And Installation

The Ruth Sunday School Class of the FBC met Monday for a salad supper in the home of Mrs. Esther Meeks with Sue Chester and Sara Woods as co-hosts.

Jean Harvey gave the benediction and following the meal a short business meeting, presided over by the outgoing president, Mary Harper, was held.

Plans were made for the September birthday party held Thursday, Sept. 17th at the Amherst Manor.

Officers were elected and Mrs. Meeks was the installing officer. She used flowers and their meanings as a challenge to each new officer.

Jean Harvey was installed as the teacher for the upcoming year with Matt Hanna, the assistant teacher; Rosemary Seymore,

Mrs. Bob Graves Honored With Pink & Blue Shower

Mrs. Bob Graves (Rene Alexander) was honored Saturday with a pink and blue shower held in the home of Mrs. Halbert Harvey.

The serving table was covered with a white crocheted cloth over yellow and centered with "Mr. Stork" surrounded by babies nestled in greenery.

Hostess gift was a bassinet and other baby needs, which were on display with the other gifts.

The honoree was presented a baby sock corsage of yellow and white.

Spiced tea, coffee and breads along with a fruit plate were served from white milk appointments.

Special guests included

her mother, Mrs. Geneta Anderson and her sister, Mrs. Kay Speck and Heather of Littlefield and her mother-in-law and grandmother-in-law, Mrs. Roy Graves and Mrs. Annie Glasscock of Sudan.

Hostesses for the occasion included Rosie Snow, Sara Woods, Pill Bellar, Pee Wee Lance, Elsie Seymore, Sue Chester, Mutt Hanna, Evelyn Ritchie, Madge Beauchamp, Jean Harvey, Ann Hill, Arlene Provence, Ruth Newman and Bonnie Roberts.

Bride Elect Honored With Bridal Shower

Crystal Rudd, bride elect of Kelly Rexrode was honored Monday, Sept. 14 with a bridal shower held in the home of Mrs. Don Horner in Brownfield.

Hostesses for the occasion included Mrs. Don Horner, Mrs. Gerald Hopkins, Mrs. J.C. Seaton, Mrs. Scott Randy, Mrs. Ed Stokum, Mrs. Ken Young, Mrs. Steve Sandlin, Mrs. Thomas Cargill, Mrs. Kenneth Cranfill, Mrs. Gene Duke, Mrs. P.A. Coleman, Mrs. Weedon Hays, Mrs. Don Godwin, Mrs. Conrad Cabe, Mrs. Doyle Love, and Mrs. Delton Young.

Libyan officials predict more incidents with U.S.

ABOUT YOUR HOME
By April Rhodes
With Fire Prevention Week in October, play it safe, get your home heating system checked.

Beat the heat with a cool, creamy pie studded with diced fresh apricots. You can make it in minutes using fruit flavor gelatin and frozen whipped topping.

Cool 'n Easy Fruited Pie

- 1 package (3 oz.) Jell-O gelatin, any flavor
- 2/3 cup boiling water
- 2 cups ice cubes
- 1 container (8 oz.) Cool Whip non-dairy whipped topping, thawed
- 1 cup diced peeled fresh apricots
- 1 baked 9-inch graham cracker crumb crust or pie shell, cooled

Dissolve gelatin completely in boiling water, stirring about 3 minutes. Add ice cubes and stir constantly until gelatin is thickened, about 2 to 3 minutes. Remove any unmelting ice. Using wire whip, blend in whipped topping; then whip until smooth. Fold in apricots and chill, if necessary, until mixture will mound. Spoon into pie shell. Chill 2 hours. Garnish with additional fruit, if desired.

Other suggested fruits:

- 1 cup fresh raspberries or blueberries
- 1 cup diced peeled fresh peaches or pears; or halved pitted dark sweet cherries
- 1 cup diced orange sections, banana or fresh peaches or strawberries
- 1/2 cup each diced fresh or frozen peaches or toasted slivered almonds and halved seedless grapes
- 1/2 cup each sliced or diced strawberries and sliced banana
- 1/2 cup each sliced banana, diced pear and halved seedless grapes

Tempt tired summer appetites with this luscious fruited pie you can whip up in short order with the help of reliable kitchen standbys — fruit flavor gelatin and frozen whipped topping.

The star of the pie is juicy fresh fruit. Though shown here with fresh apricots, it works equally well with other fruits and fruit combinations. You also have a choice of gelatin fruit flavors. Create your own "signature" dessert... or treat members of the family to their personal favorites on special occasions.

While you're creating your "own" pie, choose your "own" crust. The photograph features a crumb crust which you can prepare yourself, or purchase frozen for convenience. Or... you may want to experiment with the delicious varieties offered here.

Crumb Crust

- 1-1/4 cups fine graham cracker, zwieback, chocolate wafer or gingersnap crumbs*
- 1/4 cup sugar*
- 1/4 cup butter or margarine, melted

*Or use vanilla wafer or shortbread crumbs and reduce sugar to 4 teaspoons.

Combine crumbs and sugar. Mix in butter. Press firmly on bottom and sides of a 9-inch pie pan. Bake at 375° for 8 minutes. Cool thoroughly before filling.

For ease in serving, dip pie pan in warm water for a few seconds; then cut and serve.

Hargroves Honored On 25th Anniversary

Mr. and Mrs. Jim Bob Hargrove were honored Saturday, September 6 on their 25th wedding anniversary with a dinner held in the home of their daughter and son-in-law, Mr. and Mrs. Curtis Chester and boys.

Following the meal a blue and white cake was served. The cake was decorated with a "Happy 25th Anniversary".

Attending the dinner were their daughter and grandson, Mr. and Mrs.

Dennis Flowers and Garrett, Mr. and Mrs. Tommy Moss and Mr. and Mrs. Clyde Flowers, and their other children Scott and Kristy.

SMILES

Good Ones Too!

"I represent the Mountain Wool Company, madam. Would you be interested in some coarse yarns?"
"Gosh, yes. Come in and tell me a couple."

What's The Use?

If a man runs after money, he's money-mad; if he keeps it, he's a capitalist; if he spends it, he's a play-boy; if he doesn't get it, he's a ne'er-do-well; if he doesn't try to get it, he lacks ambition; and if he accumulates it after a lifetime of hard work, people call him a fool who never got anything out of life.

New Poetry Contest

A \$1,000 grand prize will be awarded in the upcoming poetry competition sponsored by World of Poetry, a quarterly newsletter for poets.

Poems of all styles and on any subject are eligible to compete for the grand prize or for 99 other cash or merchandise awards, totaling over \$10,000.

Says Contest Chairman, Joseph Mellon, "We are encouraging poetic talent of every kind, and expect our contest to produce exciting discoveries."

Rules and official entry forms are available from the World of Poetry, 2431 Stockton Blvd. Dept. D. Sacramento, Calif. 95817.

Muleshoe Area Retired Teachers Meeting Held

The regular meeting of Muleshoe Area Retired Teachers was held in the home of Carrie Lee Bishop. Mrs. Bishop called the meeting to order. Mrs. Blackburn lead in prayer.

Mrs. Witherspoon was in charge of the program. She introduced Mr. and Mrs. Paul Hilburn. Hilburn is assistant state NRTA director for West Texas.

He explained the teachers retirement system. Hilburn stated, "We have the best system in the U.S. We have six billion dollars in the system. Some of it is loaned to the banks at 18 and 19% interest."

"Most of the influence on our lives comes from Washington. We need a voice in Washington. We have twice as many members in NRTA as we have in our state organization," he continued.

Some of the services of the NRTA include insurance, automatic 10% reduction on hotel and motel services, car rentals at 35% reduction, and RTA money market for teachers.

Hilburn said "in Texas 73,000 drew retirement checks, 30,000 are members of NRTA, 15,000 are members of TRTA. That is one out of five or 80% non members."

"The 15,000 members working for all retired

teachers have won through the legislature in nine years, 50% increase in your retirement check."

"We got an increase in February (one month) that would more than pay your dues for the year. The October checks will have

Lisa Seymore

Honored

On Birthday

Lisa Seymore was honored Thursday afternoon on her 8th birthday with a party in the home of her parents, Mr. and Mrs. Van Seymore, north of Bull Lake.

Her cake a "doll at the piano" was baked and decorated by her mother and was served along with punch and ice cream to the guests.

Attending were Linda, Vonda and Chris Hall, Sara and Jeremie all of Littlefield, Benner Baker, Amy, Kay Lynn Adams, Jamie Gatewood, Donnie Danny and Dusty Harper, Sabrina Faus, Chris Kelp, Heather and Heath Pierce, Barbara Harper, Yvonne Pierce, the honoree's great grandmother, Mrs. Muriel Grouch, her "meme" Elsie Seymore and Doyleene Scymore and Alysha.

the rest of the raise by the effects of the National and State Organization. Our needs are heard through these organizations."

"Our only purpose is to help our members and local community in which we live and to keep current on what is happening, he continued.

In the business meeting a motion was made by Raneta Dawson to use a sheet of paper to list the programs instead of a book. The motion carried.

Mrs. Blackburn made a motion that the group take the Senior Citizen recreation room needs for their project. The motion carried.

Those present included, Edna Willoughby, Ester Coppock, Adelyn Swafford, Carrie Lee Bishop, Beatrice Blackburn, Raneta Dawson, Pauline Guinn, Blanche Johnson and Mr. and Mrs. Hilburn.

Mrs. Bishop served refreshments. The next meeting will be Oct. 16 in the Muleshoe State Bank. "All retired teachers and aids in the adjoining counties are welcome to visit or join", Edna Willoughby said.

For quick white sauces, blend one cup soft butter and one cup flour. Spread in ice cube tray, chill well and cut into 16 cubes. Store in plastic bag in freezer. To make sauce, add one cube to a cup of milk and heat slowly, stirring.

WOTS

Weekly Meeting

W.O.T.S. (Women of Tolk Station) held their weekly covered dish lunch at Tri-County on Sept. 17 with Kay Madry and Ramona Ingram as the hostesses.

Plans were finalized for the Family Picnic to be held on Sept. 19 at the Wildlife Refuge from noon until 7.

On Sept. 24 the group

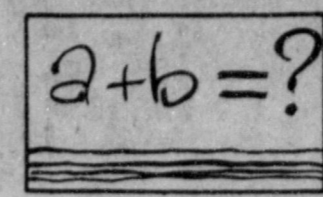

will "eat-out" at the XII Restaurant.

Members present were: Mary Ann Ramirez and Josh Scott, Mildred Williams, Kay Madry, Charlena Lindt, Ramona Ingram, Betty Barker, Zelma Toler, Ruth Simpson, Marv Smith, Lois Martinec, Rhonda Hugg and Aimee, Theresa Todd, Tammy Fletcher and Tiffany, Eva Cruz, Betty Ovale.

The next covered dish luncheon will be held on Oct. 1 at Tri-County with Mary Ann Ramirez and Ruth Simpson as the host-

esses.

For more information on W.O.T.S. please call Mildred Williams at 272-5260 or Lois Martinec at 272-3019.

The first equals sign denoted by = was used by Robert Record in his algebra text *The Wheelstone of Witte*, London, 1557. He chose the symbol because "no two things can be more equal" than two parallel straight lines.

All Parents Urged To Join PTA

Join PTA! That's what all officers and members are encouraging other parents of students in elementary grades to do. "We have a great year set up," says president Robin Neptune, "and we want all parents to have the advantage of being involved." A whole new way of doing things has been planned with new programs and meeting dates. There will be five meetings this year held every other month. Each meeting will be held at 7:00 p.m. in the Mary DeShazo cafeteria.

The first meeting was held September 21. A Meet the Teachers and Get Acquainted coffee was the first program. Parents and teachers get to know one another and teachers explained projects and studies for the year as well as answered questions.

November 16 is the date of the second meeting. It will deal with the new Math Leveling Program that has been introduced in to the school system this year. Linda Marr and a math panel will help par-

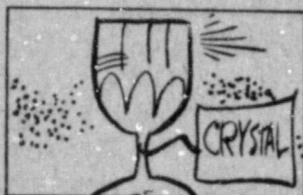

ents understand the new program and answer any questions presented to them.

Tonie Eagle and members of her P.E. exercise class will perform at the third meeting to be held January 18. Aerobic dances and exercises will be demonstrated.

For the fourth meeting there will be an election of officers and Jo Jinks and her music class from Dillman Elementary will perform musical numbers they have learned throughout the year.

The last meeting will be a salad supper and the installation of new officers for the 1982-1983 year.

The PTA members hope all parents will come and enjoy the meetings with us this year so that we can work together and make each year a better school year for our children today and for the future.

The word "crystal" came from a Greek word meaning both ice and rock crystal since the ancients believed that rock crystal was a modified and permanent form of ice.

BIRTHDAY CELEBRATION.....April Franklin celebrated her sixth birthday September 21 with a party. Pictured is April and her guest who helped her celebrate.

Muleshoe 4-H Club First Meeting

The first meeting of the Muleshoe 4-H Club was held Monday, September 14 at the 16th and Avenue D Church of Christ.

As new members arrived they were welcomed by returning members. A short business meeting was called to order by incoming president, Mandy Plank.

Shelley Sain led the pledge to the American Flag and Ronnie Logsdon led the 4-H pledge.

Zanna Huckaby reported on Teen Leader Lab. The group played games which included a fun wild west skit.

New officers are Chantel Robinson, vice-president; Kristi Taylor, secretary; Zanna Huckaby, treasurer; Pam Plank, reporter; Tim Sain and Shelley Sain, County Council delegates; Holly Huckaby, song leader; and Terri Whitecotton, game leader.

Refreshments were provided by Crystal Cox and Terri Whitecotton.

Muleshoe 4-H has numerous activities planned for its members this year and

encourages all boys and girls between the ages of nine and 19 to join.

You may learn more about the 4-H program by calling 272-4583, the Bailey County Extension Office.

Members present were Terri Whitecotton, Kyle Taylor, Kristi Taylor, Misty Taylor, Christy Self, Tim Sain, Shelley Sain, Collin Robison, Chantel Robison, Tadd Young, Tisha Young, Pam Plank, Mandy Plank, Tina Pierce, Eric Perez, Britta O'Tay, Ronnie Logsdon, Zanna Huckaby, Polly Huckaby, Shelly Howard, Parker Gregory, Brandi Estep, Crystal Cox, Willie Coleman, Thurman Coleman, Theresa Coleman, Nettie Coleman, Lisa Coleman and Edmund Clements.

SMILES Obliging

Bus Conductor (calling from upper deck)—Is there a mackintosh down there big enough to keep young ladies warm?

Voice from Below—No, but there's a MacPherson that's willing to try.

Stranger

"Haven't you missed the folks that used to live next door?"

"No. The reason is that they never borrowed anything so we hardly knew them."

April Franklin Celebrates Sixth Birthday

On Monday, Sept. 21, April Franklin had her sixth birthday party. The party started at 3:30 when the children started arriving at April's house on 1915 W. Avenue H. As the children arrived Karen Price put name tags on them, gave them their party hats and party horns.

Then at 4:00 April opened her presents with help from all the other children. Then at 4:30 the children went outside to do the pinada, everyone got to hit it at least once, starting little ones first.

When they finally busted it, all of them fell to the ground trying to get some candy. When all the candy was picked up off the ground, April's mom, Mary Franklin, handed out candy to the ones who didn't get any from the pinada.

At 4:45 everyone went in for cake and ice cream. The cake was a Miss Piggy face, the cups and napkins were also of Miss Piggy along with a tablecloth of Miss Piggy, the ice cream was Rocky Road flavored, they were served Kool-Aid to drink.

The mothers came around 5:00 to pick up their children. As they left they were handed a sack of party favors. Some of the children were from April's kindergarten class and other friends and relatives.

The children who attended were: Chanoë Bruns, Leah Bruno, Wendi Carpenter was sick but sent a present, Amanda Clements, Cheree Copley, Gail Copley, Tiffany Copley, Evan Kelley, Courtney Tanksley, Samantha Rogers, Jarrod Little, Josh and Jake Scotts Jackie. Amy McManis, Julie and Katie

Crittendens, Heather Matt and Christina Smith, Charla and Kristi Holt, Jeannie

Cox, Sarah Street and Billy, Gage and Jeremiah all nephews of April's. April's

sisters, Karen, Linda, and Renee were there to help her mother with the party.

Harper Family Reunion In Littlefield

The annual reunion of the Jeff and Nancy Harper family was held in the Lamb County Electric Room Sunday, Sept. 13 with approximately 75 persons registering.

The highlight of the day was the bountiful spread picnic table, where plenty of good food, extra-tasting and exchanging of recipes took place.

Word was received from the Thad and Dorsey (Harper) Fowler family in Galt, California that they would be unable to attend, but they sent a notice that their son, Charlie Fowler, had retired as bus foreman of the Galt School where he had served for 28 years.

The oldest couple in attendance were Mr. and Mrs. W.F. Harper of Muleshoe and the youngest, Shanaë Bishop of Amherst, daughter of Charlie and Alane Bishop. She is the great granddaughter of Edith Williams of Sudan.

Those who traveled the farthest were Ivan and Ella (Harper) Gresham of Munday, Texas and Harold and Dorell (Harper) Woodson of San Angelo; Butch and Billie (Cook) Duncan and children of Quanah and Rita Mae (Munger) Katsuda of Santa Barbara, California.

Attending were Mr. and Mrs. Dale Weaver of Amherst who hosted the event Charlie and Alane Bishop, Chris and Shanaë and Armando and Gaye DeLeon, Brandi and Trent all of Amherst; Bill and Lillian Cook and Nancy Foust of Littlefield, Lois Chamers and family, Anita King, Shane and Patricia of Sta-

ton; Mr. and Mrs. Roy Lee Harper, Danny and Margaret Phillips and children, Stafford and Mozelle Spruill, and daughter Dean and Nell all of Amarillo; Edd and Gennie Fowler of Hereford, Lee Holtcamp of Littlefield and those from Sudan included Mr. and Mrs. L.M. Harper, Mr. and Mrs. Raymon Harper, Lori, Dale and David, Mr. and Mrs. Donny Harper and children, Mr. and Mrs. Edwin Harper and Chris, Mrs. Joan Nix, Mr. and Mrs. Kenneth Harper and Lee, Allen and Ethel Beale, Verna Beadle and Edith

Williams, Buddie and Adelia Downs, Deann and Wyletta.

Plans for a second publication and updating of the "Berry hill Family In America" book were discussed and orders taken.

This book is the genealogy of Jeff Harpers mother's family who came from Scotland-Ireland and settled in America in the early 1600's. His forefather Mr. Hill, became a grower of berries in Ireland and acquired the name Berry-hill.

Sen. Howard Baker supports AWACS sale.

Diet facts & fallacies

These nutritional tips brought to you by **DIET CENTER**

Current research indicates that you, as a parent, may have the greatest influence over whether or not your child becomes obese. We learn the what, where, when, and why's of eating as children, and carry these habits into adulthood.

Parents can help their children develop good eating habits by using nutritionally sound judgment. What your children should eat depends upon their size and how quickly they put on weight.

Control between-meal snacks by providing milk, juices, fresh fruits and raw vegetables instead of sweets. You decide "what"—let them decide how much! Make meals a special time where the whole family can sit down, relax and share the day's events. Eat only at the table, not in front of the television. Make eating fun and easy with nutritious finger foods, (an assortment of crisp vegetables and a tofu dip). Diet Center feels that it is very important to show your children, through your own behavior, the importance of nutritious and good eating habits.

Other guests were: John Bowers, Barry Cowart, Brad Poyner, Ken Carber, Shorty Lancaster, Lane Holmes, Louis Kelly, Charlie Aycock, John Atkinson and Jack Griffen.

Steven C. Ritchie, son of Mr. and Mrs. G.C. Ritchie of Sudan has completed the Naval Science Institute (NSI) Program.

The six-week NSI program is conducted at the Naval Education and Training Center in Newport, Rhode Island. The program is designed to provide instruction for college students who are joining the Naval Reserve Officer Training Corps (NROTC) unit for their last two years of college.

He is a 1978 graduate of Sudan High School, attended LCC in Lubbock and Crofton Jr. College in Redlands, Calif. and is now enrolled in classes.

Football...

Cont. From Page 1

They played well both offensively and defensively and were prepared for the Hornets. We learned a lot about some of our players by being able to send them in a varsity game. Jeff Hamilton did nicely filling in for injured Mule quarterback, Sam Gonzales, who sustained a sprained ankle. Gonzales is expected to play in the bout with Idalou.

The Wildcats will be relatively free of injury when they take on the Mules Friday. The quarterback spot will be filled by Henry Vega, who according to all reports handles himself well in that slot. Vega is also adept at running with the ball and picking up yardage when it counts the most.

James Sherman and Randall Reid, offensive backs, seem to be in just the right spots when a pass is thrown, and they are just as good on the short yardage tries as on the long ones.

Idalou coach Tom Ritchey stated that he "depends entirely on team work and unity" as does Coach Windy Williams, head coach for the Mules.

Starting offensive line up for the Cats include: Terry Francis, and Billy Sisk, ends; Tim Barnes and Terry Hall at tackle; guards, Rosenda Esquibel, and Scott Harmon, center; Bradley Dotson; quarterback, Henry Vega; fullback, Allen Johnson; tailback, James Sherman and wingback, Randall Reid.

Coach Ritchey in a conversation with Journal reporter, expressed a great deal of respect for the Mules and Coach Williams and his staff.

ber of the Youth Activities Committee.

The Barthol's are the parents of one daughter and three sons.

Cotton...

Cont. From Page 1

"My amendment would direct the Secretary of Agriculture to review the procedures for determining quality differences in the cotton loan program, and to revise these procedures to more accurately reflect actual market value," the Senator said.

"Simply put, my amendment would give the Secretary of Agriculture the discretion he needs to implement a cotton loan policy which is fair to all producers. Texas farmers, and other producers of short-staple cotton, provide a vital product both to United States textile mills and to the export market--a market which provides much needed help to our balance of payments," Tower said.

Tower also noted the need for prompt action on the farm bill.

"This bill will establish farm policy for the next four years. This action comes at a time when our nation's economy is stumbling, and the nation's farm sector is experiencing troubled times," Tower said.

"Net farm income in 1980 fell to approximately \$20 billion down 39 percent from 1979, and the lowest in constant dollars since 1964. If 1981 is as poor a year as current projections indicate, this will be the worst two year period in 45 years, a crisis situation for U.S. agriculture by any standard," Tower said.

Tower pointed out that producers are accustomed to hard times and are prepared to accept their fair share of budget cuts in the interest of reducing federal spending as part of the economic recovery program. But, he noted, "many of our producers have their backs to the wall," and must have a reasonable farm policy to survive economically.

Annual Allsup's Marathon October 1

The Allsup's Marathon will feature some world class runners this year on October 3rd, its 7th annual running.

Over 500 runners are expected to enter the race in Clovis to include: Matthew Sequera, with a personal best time of 29:19:00 in the 10 kilometer and 2:20:00 in the full marathon; Dennis Williams, former track and field standout with Eastern New Mexico University and first place winner of the 1975 Fiesta Bowl Marathon; Jack Anderson, first place winner of the 1980 Navajo Nation Cross Country Championship; Web Loudat, winner of the old Santa Fe Run earlier this year and Marlow Eldridge, who took first place in the 1981 AAU 15 kilometer run.

The Allsup's Marathon, sponsored by Allsup's Convenience Stores, Inc.,

School ...

Cont. From Page 1

tion and individual heat and air. Whereas, we now have to leave the heating facilities on almost on a 24-hour basis, the changes would enable a teacher to come in and turn on the individual heat and have the room comfortable in a few minutes time." Lowering of ceilings, some of which are now 13 to 14 feet in height, would help with the conservation of energy also.

After the high school, Dillman Elementary would come next as the second priority. "There has long been a need for an indoor play area for Dillman students," Horne stated, "and, our proposed changes for that school include the enclosure of the area between the two wings, to provide an indoor activity center and play area for the students."

While the renovations would not be so drastic for the DeShazo and Junior High schools, the comprehensive study does include the same type of conservation changes for these schools as for the others.

There is little plant improvement possible for the Muleshoe schools without the passage of a bond issue. The voters of the community must approve funds to be spent upon the buildings to insure future excellence in education as it has experienced in the past.

At some time in the near future, and possibly by the first of 1982, there will be a bond election for the proposed school renovations. The total cost of the proposed renovations will be approximately \$2,000,000 and will be totally dependent upon the passage of the bond by the citizens of the Muleshoe School District. With the rising cost of energy and building materials, the quick implementing of this plan is a

necessity. While, as stated previously, this is a suggested plan, it does meet the needs of the Muleshoe schools as they now stand.

Further articles will include in-depth discussion of individual school renovations.

Better Business Bureau Warns Of Ad Fraud

THE WEBSTER PUBLISHING CO., LTD.: Advertising currently being run in local newspaper classifieds by the Webster Publishing Company, Ltd. of Toronto, Canada tends to be misleading, according to the Better Business Bureau of the South Plains. The ads offer work at home opportunities to consumers. The consumer is asked to send in \$35 and in return receives a free dictionary and instructions for selling at home. Claims made by the company, in regards to potential earnings, have not been substantiated. The greatest problem is that consumers are confusing this company with the company that sells the famous Webster Dictionary; however, there is no connection between the two companies.

ILLEGAL HEATERS MARKETED LOCALLY:

Windbreak Seedling Applications Available

Applications are now being accepted for windbreak seedlings from the Texas Forest Service.

These seedlings, grown from seed collected in West Texas and eastern New Mexico, are produced in the Service's greenhouse in Lubbock and in a field nursery near Halfway.

Conifer species available this season included Arizona cypress, Eastern Red Cedar, Austrian pine and Ponderosa pine. These containerized seedlings cost \$1 each and are sold only in multiples of 30 seedlings.

Hardwood species include bur oak, Shumard oak, Russian olive, native plum, hackberry, mulberry, honeylucust and green ash. These bare root seedlings are priced at \$20 per hundred, minimum order. The price includes the state sales tax.

Seedlings ordered now will be ready for pickup and planting in March 1982. Trees sold by the Texas Forest Service may

Myasthenia Gravis Clinic Will Be Conducted October 2,3

Myasthenia gravis is a disease that weakens the muscles. It worsens with exercise and gets better with rest.

"MG can be extremely difficult to diagnose", says Van Green of Lubbock who is chairman of the Northwest Texas Chapter of the Myasthenia Gravis Foundation. The chapter will co-sponsor the 11th Annual Melba Bancy Masters MG Clinic with Hi Plains Hospital, Hale Center when it is held Friday and Saturday, Oct. 2 and 3 at the Hi Plains Hospital. Gordon Russell, hospital administrator and a member of the Northwest Texas Chapter

Board of Directors says, "Appointments will be necessary, and you may make one by calling 806-839-2471 ext. 36."

Dr. J.E. Tether of Indianapolis has been coming to Hale Center to conduct these clinics, free for myasthenia gravis patients, since 1961, and he will be returning again this year for the 2-day clinic. Dr. Tether is a favorite speaker of the chapter and he will be their guest speaker at the chapter meeting scheduled for Thursday evening, Oct. 1 at 7:00 p.m. This meeting will be open to the public-- anyone who is interested in knowing more about MG. It will be held in the Sanctuary of the First Baptist Church in Hale Center. Jenne McVicker, Secretary of the Chapter, stated that there will be a question and answer period following Dr. Tether's lecture, and you will have a chance to have your questions about MG answered. She said, "we especially urge those to attend who have MG or have a member of their family with it."

What is myasthenia gravis? It is a neuro-muscular disease characterized by spells of extreme, sometimes fatal, weakness. It is one of the most insidious afflictions known to man and may masquerade as a vitamin deficiency, anemia, neuritis, or psycro-neurosis. Reputable physicians have mis-diagnosed it more often than any other disease.

Thousands have died from it without knowing they had it. It sneaks up on you. Today you may feel

kind of droopy, seem to have trouble keeping your eyes open or you may not be able to chew your food or, you may be slurring your speech. You could suddenly begin having trouble breathing.

While it is called neuro-muscular, myasthenia gravis is not a disease of either the nerves or the muscles. It literally lies between the two. In this baffling affliction, it is communication between nerve and muscle that is lacking. The healthy nerve cannot send its message to the healthy muscle because the myasthenic's body lacks a substance which acts like an electrical conductor between nerve and muscle.

One of the factors that make the malady so insidious and has caused it to be so long undiscovered, so rarely diagnosed until recently, is that the physician's standard formula for the patient enfeebled by a puzzling illness, is "get plenty of bed rest" which does help the myasthenic temporarily, often misleading the doctor into concluding that the sufferer was merely "run down."

Although the picture has looked bleak, myasthenia gravis appears to be yielding steadily to improved management over the last two decades. Long term death rates for the neuro muscular disease have been cut by two thirds and twice as many patients as before improve after the first difficult years. Current therapy of this serious disorder has changed the 80% mortality of untreated myasthenia to a mortality of

close to zero. Early diagnosis is very important and the Northwest Texas Chapter hopes to alert all the people in the area who may be suspected of having MG and are undiagnosed.

Dr. J.E. Tether is one of the foremost authorities, in the world, on the diagnosis and treatment of myasthenia. His private practice is devoted exclusively to this disease which he became vitally interested in when he was a young medical student at John Hopkins in Baltimore in 1938.

He has been Associate Professor of Neurology at the University of Indiana School of Medicine since 1952, and is currently serving as a member of the Medical Advisory Board of the MG Foundation.

Dr. Tether first came to Hale Center to conduct an MG clinic in 1961. At that time he was treating Mrs. E.E. Masters of Cotton Center, who was a victim of MG. She died in 1961. Through a friendship that developed between the Masters, their family physician, Dr. D.R. Foster, and Dr. Tether, the clinic was started at the Hi Plains Hospital in Hale Center and has continued successfully for these 20 years.

The Masters family of Cotton Center and Amarillo, have established a Trust Fund, set up at the First National Bank of Hale Center, for the continuation of this annual MG clinic in memory of Mrs. Master. It is known as the Melba Bandy Masters Clinic.

For further information about the disease of the clinic, you may contact: Jenne McVicker at 272-4741 or Jo Harmon at 272-4090.

4. Where may this statement be found?

Answers to Bible Verse

1. The Lord Jehovah.
2. Through Jahaziel, a Levite.
3. King Jehosphaphat and all of Judah.
4. II Chronicles 20:17a.

Crime A Major Fear Of Older Citizens

Protection from crime is the most frequent reported area of concern by citizens 60 years and older, according to a survey sponsored by the Tarrant County Area Agency and conducted by Texas Christian University.

One in eight older people in a sample of 522 randomly selected households was victimized by crime in the preceding 12 months, the report stated. Five percent were physically injured.

The research project for planning outreach and service programs also indicated that more help and information were needed on housing, transportation, health-related issues and Social Security.

The primary housing problem reported was repair and upkeep of homes, but a sizeable proportion also reported concern about safety hazards and problems of access. Respondents strongly preferred living in their own homes, as indicated by a

home ownership of 82 percent of the sample surveyed. One in four respondents did not have his or her own transportation.

In the area of nutrition, one-half the sample did not have an adequate daily

diet. This was defined as two cups of milk, two servings of protein, a source of Vitamin A and a source of Vitamin C on a typical day.

Other emerging areas of concern to older citizens were legal counseling, help with funeral and burial plans and a need for information about insurance.

As a United Agency in Tarrant County, the Area

Free Gate Passes To Fair Distributed

Approximately 170,000 free gate admission passes to the 64th annual Panhandle South Plains Fair are being distributed this week to city and area students and teachers.

General manager Steve L. Lewis said the free tickets are distributed annually to encourage the students and teachers to visit the fair on their three special days.

The exposition opens an eight-day run of Sept. 26.

Area school day, which also will feature the parade of bands, is on Sept. 28, followed by Lubbock school days on Sept. 29-30. City students are released early on those two dates and allowed to attend the fair.

There are other special days as well.

Oct. 1 is senior citizen day, when all patrons over 60 are admitted free. Oct. 2 is college and military day, with free admission afforded those with proper identification.

Although the five special days have been scheduled, Lewis said that gates are open to all each day and

attendance is not limited to the special dates.

A record of \$75,000 in premiums is being offered for Fair Park Coliseum.

Charley Pride opens the stint on Sept. 26, followed by Mickey Gilley and Johnny Lee, Sept. 28; Don Williams, Sept. 29; Marty Robbins and Little David Wilkins, Sept. 30; Slim Whitman and Boxcar Willie, Oct. 1; Mel Tillis and the Maines Brothers, Oct. 2; Jacky Ward and the Kendalls, Oct. 3.

All seats are reserved and tickets are \$6, \$7 and \$8.

Tickets may be purchased at Hemphill-Wells (mall store only), Dunlap's, Ed's Wagon Wheel, the Coliseum or Luskey's Western Wear. Ticket information may be obtained by calling 744-9557.

Mail order reservations are being accepted at P.O. Box 208, Lubbock, Texas 79408, and requests will be filled in the order in which received. Requests must be accompanied by a stamped, self-addressed envelope.

Nursing Pre-Test Date Set

The Licensed Vocational Nursing Pre-Test, a requirement for entrance into the one-year vocational nursing program at South Plains College, Levelland, will be administered the following dates:

Sept. 28, Oct. 26, Nov. 23, Dec. 7 and Dec. 14, 1981 and Jan. 4, 1982.

The pre-test will be administered in conjunction with the Nelson-Denny Reading Test, according to Keith Bratton, counselor and chief examiner at SPC.

Testing will be conducted beginning at 9 a.m. at the Student Assistance Center, located on the third floor of the SPC Library. Fee is \$4.

Bratton said that examinees should bring complete information on three personal references and come prepared to stay all day. A personal interview for each examinee will be conducted with SPC vocational nursing personnel on completion of the testing.

Bratton described the Nelson-Denny Reading Test as a diagnostic tool to determine the students' current reading level and whether or not they are going to need additional help during the course of their studies.

Effective Parenting Program Planned

Men and women or single parents who want to be more effective in their parenting role can take part in a new life enrichment program sponsored by Mental Health Resources, Inc. Systematic Training for Effective Parenting (STEP) is a six-week program which begins Friday, October 16. The class will meet from 12:30 until 2:30 p.m. at the Clovis MHR office, located in the Memorial Service Center, 816 West 12th.

The STEP program is designed to help parents relate more effectively to their children according to Carolyn Ruiz and Kenzie Hardee, MHR counselors and co-leaders of the group. STEP will also help parents learn to express their needs and values and teach them to their children. The desired result is more effective communication between parents and their children, and the development of mutual respect in their relationships. There will be a nominal charge for the STEP class which will cover the cost of class materials and hand-outs. The class size will be limited, so early registration is encouraged. For more information or to enroll, please call Terry Popescu, 769-2345.

Topics to be covered include: 1) Understanding your child's behavior and misbehavior, 2) Understanding more about your child and about yourself as a parent, 3) Encouragement and building of your child's confidence and feelings of worth, 4) Communication techniques to help you listen effectively to your child, and 5) Communication techniques to help parents explore alternatives and express their ideas and feelings to their children.

Also, 6) Natural and logical consequences - A method of discipline that develops responsibility.

Golden Gleams

He trespasses against his duty who sleeps upon his watch as well as he that goes over to the enemy.

8th Grade Mules Stopped By Hornets

The 8th grade Mules played the Tulia Hornets Thursday, Sept. 17, at Benny Douglas Stadium. The final score was 14-8 with Tulia coming out on top.

In the first quarter the Mules kicked off to the Hornets and play by play, the Hornets drove the ball down the field. Then, a Tulia back took the ball in for six. The two-point conversion was good and the Hornets led 8-0.

On their first possession the Mules were held by a tough Hornet defense. A bad snap resulted in another touchdown for Tulia. The two-point conversion failed, and the score at the half was 14-0.

The second half was a totally different story for the 8th grade Mules. They kicked off to the Hornets and held three plays, and the Hornets were forced to punt. A poor punt from the Hornets put the Mules in good field position. On the second play from scrimmage, quarterback Mike Holt threw a strike to David Vela and aided by a good block from Loy Triana the Mules were on the board. On the point after, a Mule back took it around the end for two points.

On the Hornets next drive, a Hornet back went back to pass, but the pass was intercepted by Sean Shipman.

The Mules tried desperately to score but were stopped by a tough defense. The Mules got their final chance but failed to capitalize. The final score of the game was Tulia 14, Muleshoe 8.

Players receiving stars were: Loy Triana for Big Dick, David Vela for a touchdown catch, Monte Horne for a fumble recovery, Gig Pierce for a fumble recovery, Sean Shipman for an interception, and Mike Holt for a touchdown pass.

7th Grade Mules Kick Hornets

An excited group of 7th grade Mules defeated Tulia here in Muleshoe Thursday, September 17, 1981, by a score of 14-8. It has been four years since Muleshoe 7th Mules beat Tulia.

In the first quarter, Tulia made a touchdown and 2 points, but that didn't bother the Mules. With 52 seconds left in the first half, Ramon Martinez scored six points for the Mules, and he also made the extra two points. In the second half, Martinez made another touchdown, but the quarterback made an incomplete pass to Martinez for the extra 2 points.

The 7th grade Mules were rewarded with stars for their outstanding performance. The tough Mule defense made some hard licks, and these Mules were: Joel Soto, Nathan Lloyd, Francisco Ybarra, and Ramon Martinez. The Tulia offense made several fumbles, and the Mules that recovered these fumbles were: Michael Angeley, Mark Mata, Shawn Bussey, Joel Soto, and Ramon Martinez. All these Mules received stars.

The best friend is one who gives you criticism straight.

Sherri's Spots by Sherri Stovall

This week has been exciting here at M.J.H. Student Council elections were held, and it was very exciting. Congratulations to all the winners. Student Council also started selling popcorn and Kool Aid. They are 25 cents a piece, so start saving your quarters. Student Council is still collecting Campbell Soup labels, so start saving your labels and give them to Mrs. Mary Scoggins.

Pictures were taken Tuesday, September the 22nd. Everyone anxiously awaits their pictures.

Today the 7th grade Mules play Springlake here

at 5:00 p.m. The 8th grade plays Texico there at 5:00 p.m. So come support the Mules.

Don't forget that the annuals are still on sale. They are \$7 until October 26th, then they go up to \$8. The last day to purchase your annual is November 16th.

Just think: Too many people behave as if the Ten Commandments were merely Ten Suggestions. See you next week.

Student Council Election Held

This past week Student Council Representative elections were held. The representatives for the sixth grad are: Amy Bean, Ali Cage, Jennifer Green, Caroline Liles, and alternate, Fancy Rodriguez. The seventh grade representatives include: Lisa Black, Brent Black, Debbie Isaac, Genie Lopez, alternate, Lance King. Those for the eighth grade are: Michael Lopez, Ricky Rasco, Julie Sanders, Laurie Grant, alternate, Sherri Stovall.

Last May the election for the officers were held and they are president, Mike Holt; vice-president, Michael Angeley; secretary, Jessie Holmes; historian, Wade King; parliamentarian, Sergio Leal; chaplain, Monte Horne; reporter, Loy Triana.

Congratulations to you all!!!!

Committee to study engineering problem

COLLEGE STATION — A national plan to combat critical shortages of engineering faculty and postgraduate students is enacted by fall, says the dean at the nation's largest college of engineering.

Dean Robert Page of Texas A&M University said 2,500 engineering faculty are needed today in the nation's colleges. He feels the shortage of qualified faculty is at the heart of problems facing engineering educators.

Page chairs a special national steering committee appointed by the American Association of Engineering Societies to direct an industry-financed executive who will work on a government/industry/education-coordinated solution.

Letters To The Editor

Dear Editor,

One year ago on September 29, my husband and I went shopping for a new car. We purchased a beautiful Cadillac Coupe de Ville from Bender Oldsmobile in Clovis, New Mexico. The car had a bad paint job which became very noticeable. On numerous occasions we took the car back to have them look at it. Of course as usual we got the runaround. A few days ago, and almost one year later, we received a call, saying to bring the car over so the area Cadillac representative could look at it. He had some papers on the car, looked at it and said, "I'm sorry, I can't do anything since it was a USED car before you bought it." We found out the car had been leased out for 8 months before we bought it, therefore it was considered used. We were never told this and paid new car price. I feel like a fool not to mention how furious I am. How do we the consumer know how to find out such things before buying any kind of automobile? What can we do about our situation? Thank you.

Sheryl Engelking Rt. 3, Muleshoe, Texas

Cars Carrying Fruit Stopped At State Border

AUSTIN—Sixteen passenger cars carrying fruit from California counties quarantined for the Mediterranean fruit fly were stopped at the Texas border from Aug. 28-Sept. 10.

Most of the cars, traveling through Texas to points east, were stopped at Vega, near Amarillo. The fruit was confiscated.

"We have had no problems with the trucking of produce industries trying to evade the quarantine," said Agriculture Commissioner Reagan V. Brown. "The difficulty has been with private citizens.

"We are urging people who buy fruit in California to eat it before leaving the state. Texas Department of Agriculture inspectors will continue to confiscate all fruit from quarantined areas at border crossings.

Sooners Play Underdog To Southern Cal Trojans

Washington's Pac-10 champions of 1980 finished with a 6-1 conference record, whipping both Southern California and Stanford on their way to the title and the Rose Bowl. That lone conference loss was delivered by the Oregon Ducks who rather thoroughly demolished the Huskies 34-10. Oregon hosts Washington Saturday, but the Ducks don't look to be the stumbling block they were last fall. The Huskies should win it by sixteen points.

And the powerful Bulldogs of Georgia entertain the very dangerous Gamecocks of South Carolina. The Gamecocks were 8-3 in 1980, one of their losses being to Georgia by just three points, 13-10. The Dogs hold a commanding lead in their series, 27 wins to six losses. The pick is Georgia by 17 points.

Researcher nixes use of vegetable oil in farm equipment

COLLEGE STATION — A farmer could pour a bottle of plain of vegetable oil into his tractor's diesel fuel tank, but a researcher studying the substitute says he wouldn't recommend it. At least not yet.

"There are several reports in the literature that vegetable oil off the grocery shelf has been used successfully as a direct substitute for diesel oil for short periods of time," said Dr. Cady Engler of the Texas A&M University Food Protein Research and Development Center. "But we don't know what the long-term effects on the engine will be.

"Also, the same type of oil will work in one engine but not in another. A given diesel engine may work with one oil, such as sunflower, but not with oil from another crop," Engler said.

If you have a real friend, never let him go.

Oklahoma has had a two week rest since its opener with Wyoming. The Cowboys lost 37-20, but they put up a fierce fight. Saturday the Sooners hit the West Coast, more particularly the Trojans of Southern California. The Trojans have already played two games. They obliterated Tennessee two weeks ago 43-7 and met Indiana last week. Southern Cal and Oklahoma haven't met since 1973 when they finished in a 7-7 deadlock. Saturday? The Trojans will win by a field goal.

Nebraska wiped out

Penn State two years ago 42-17, then repeated its act last year, beating the Nittanians 21-7. This year could be different. Iowa proved two weeks ago that Nebraska was not invincible, and Penn State may hand the Cornhuskers another loss. Though the game is in Lincoln, the Nittany Lions are two point favorites.

Two of last year's bowl participants, Mississippi State and Florida, meet in a biggie in Jackson. Florida was the winner last year 21-15...the State Bulldogs will turn it around Saturday by two points.

Elsewhere, Texas will slip by Miami by seven, and Stanford is a 16 point underdog to Ohio State.

Long-time Enemy: The Boll Weevil

Cotton farmers are facing both bad and good news about their long-time enemy, the boll weevil.

The bad news, according to National Cotton Council President Frank M. Mitchener, Jr., centers on reports that the boll weevil, like the medfly in California, is making a comeback in major cotton areas.

"State extension entomologists in the Mid-South, for example, reported severe boll weevil infestations in many counties this summer, with losses and control costs exceeding those from budworms and bollworms for the first time in several years," Mitchener said.

The Sumner, Miss., grower added that the resurgence of the pest poses a serious threat to cotton in many areas over the next few years.

"Reports indicate boll weevils are causing some concern even in Arizona," Mitchener said.

The good news, according to the Council president, is contained in reports by U.S. Department of Agriculture teams charged with evaluating Beltwide boll weevil/cotton insect management programs.

"The reports state that both the eradication trial in North Carolina and the optimum management trial in Panola County, Miss., were technical and biological successes," Mitchener explained.

"We are greatly encouraged by the finding in the eradication trial, for example, that insecticide applications were reduced 88% from the pre-trial average for 1974-77. This compares with only a 25% reduction in the state outside the trial area," the Council president said.

"Also convincing was the evidence that populations of natural enemies of bollworms and budworms during July and August, 1980, were almost doubled those found in adjoining areas under conventional control," he added.

Experience of Marshall Grant, a Garysburg, N.C., grower in the eradication trial area, backs up the evaluation reports.

"For the five years preceding the trial, my average insecticide application was between seven and eight per year, with a high of 11. The past two years the average has been less than one per year and I've found that worm control is more manageable in the absence of weevils. Growers here are very enthusiastic about the program," Grant reported.

"Marshall's experience certainly underlines the environmental and economic implications. Both are important to growers and the public," Mitchener said.

Clarence Leary, Chowan County, N.C., producer and an insecticide dealer in Edenton, said that his county has been rid of weevils since June, 1978.

"I'm sold on the program. This year we handled heavy pressure from worms, relying mainly on

beneficial insects and biological insecticides," Leary reported. "We're more bullish on cotton now than we've been since World War II."

Chowan County is isolated from other cotton in the trial area and was the site of pre-eradication test.

Dr. Milton Ganyard, a private pest management consultant, Raleigh, N.C., said the benefits of the program clearly continued in 1981, a year after its completion. He provided insect control advice to farmers accounting for one fourth of the acreage in the

eradication zone.

"With the boll weevil out of the picture, we had lower costs and more flexibility in our insect control program. We estimate that applications in the eradication zone averaged less than three this year compared with 10-12 outside

the area," Dr. Ganyard reported. He was program manager of the 1978-80 eradication trail:

Mitchener explained that a National Research Council report varies in some respects with the USDA team evaluations.

The USDA now is examining all of the studies to develop program options for the Secretary of Agri-

culture. Options and combinations under consideration include Beltwide optimum pest management, boll weevil eradication, targeted area management with producer-approved regulatory authority, and continuation of current programs.

A decision by the Secretary is expected before the end of the year, Mitchener said.

Texas A&M grads fare well in survey of Texas businesses

COLLEGE STATION — A survey of 1,600 chief executive officers of Texas-based firms found the businessmen rate Texas A&M University business graduates first in the state.

The survey, conducted by Texas A&M's College of Business Administration, also found the college's emphasis on teaching tops among busi-

ness programs. "The executives also rated the university's overall reputation number one," said Dr. William V. Muse, dean of the college. In addition, the business school's Executive Development Program was also rated first in the state.

Public Notice

Dear Band Alumni:
Last year we had an
Alumni Band at the high
school homecoming ball-
game. As this was enjoyed
by all who attended it has
been decided to make this
an annual event. This
year's homecoming is Oct-
ober 30th against the Dim-
mitt Bobcats at 7:30 p.m.
at Benny Douglas Stadium.
We are making every
effort to locate all ex-band
members and directors to
make this a memorable
event. If you know the
address of any alumni
please advise us. If you do
not have an instrument let
us know and we will ar-
range for one for you to
use. There will be announce-
ments made for those
who can attend practice
sessions. The alumni band
will perform at half time
and play with the Mighty
M Band in the stands
under the direction of their
new director Mr. Eddie
Chance. Any ex-directors
attending will be invited
to direct also. If possible,
you should be at the band
hall at 6 p.m. to tune up
and get music. We will play
music from the past that
most should remember and
easy for all.

There will be a reception
in the band hall following
the game. We hope to
organize and elect officers
for an Alumni Band Asso-
ciation at that time. Re-
freshments will be served,
and past marching files

**Small towns face
water shortages,
A&M experts warn**

COLLEGE STATION —
Small to mid-sized com-
munities are in danger of losing
their fresh water reserves to
aggressive big cities scrambling
to provide water for their
booming populations, warns a
Texas A&M University
sociologist.

"Our smaller cities are losing
out to the major metropolitan
areas for water rights to nearby
rivers and lakes because they
haven't the foresight of the
larger cities and usually cannot
afford the kind of political ex-
pertise available to the big
cities," said Dr. Ruth Schaffer.

Schaffer said the nation's
largest cities are scraping for
water rights in regions several
hundred miles away. They are
seeking ways to build dams,
reservoirs and transport sys-
tems that would allow them to
import surface water from
other areas for aquifers that
are being depleted faster than
they are being replenished.

In the classroom, they study
such subjects as basic survey-
ing, soil mechanics, and gaso-
line and diesel engines.
All this training is tuition-
free to the student through a
grant by the Texas Depart-
ment of Highways and Public
Transportation, he explained.
There is a charge for room and
board.

Applicants to the program
must be at least 18 years old,
must be Texas residents and
U.S. citizens, and must have a
recent physical examination by
a qualified physician.
Hosey said the course is
taught several times a
year, especially in the summer
and early fall when the weath-
er is best, at the Texas A&M
University Research and Ex-
tension Center near Bryan.

Classes are limited to 36 stu-
dents on a first-come basis, he
said.
For further information or
to file an application for the
construction equipment train-
ing program, persons should
contact the Texas Engineer-
ing Extension Service, F. E.
Drawer K, College Station,
Texas 77843, or should call
(713) 845-6501 or 845-6369.

An attractive ensemble
for early fall is a grey, poly-
ester shantung dress with a
long sleeve burgundy jacket.

will be shown. If you have
any newspaper clippings or
memorabilia please bring
them.

The 1982 Senior Class is
having a Chili Supper in
the high school cafeteria
prior to the ballgame if you
wish to attend that. Ticket
prices are not known at
this time.

Limber up those lips and
fingers and let's make this
a memorable event. If you
were a twirler and wish to
perform you may.

Please advise one of the
below people if you can
attend and your instrument
in order that we might
know how many to plan for
and also to get music for.

**Equipment school
gives career training**

BRYAN — "I'm sorry, but
you don't have any skills.
We're looking for experience."

Most job applicants have
heard this at least once in their
search for employment, and it
can be very devastating to the
person with few skills.

Finding skills training can
sometimes be as difficult as
finding that first job, but the
Texas Engineering Extension
Service (TEEX) has an an-
swer, says Kirby Hosey of the
extension service's Construc-
tion Equipment Training Divi-
sion.

Recognizing the need for
skills training in an area with
abundant job opportunities,
the TEEX Construction
Equipment Training Division,
part of the Texas A&M Uni-
versity System, initiated a
heavy equipment operators
program.

Students in the program
spend eight weeks learning to
operate bulldozer-like "craw-
ler" tractors, motor graders,
motor scrapers, draglines and
hydraulic backhoes, said
Hosey.

In the classroom, they study
such subjects as basic survey-
ing, soil mechanics, and gaso-
line and diesel engines.
All this training is tuition-
free to the student through a
grant by the Texas Depart-
ment of Highways and Public
Transportation, he explained.
There is a charge for room and
board.

Applicants to the program
must be at least 18 years old,
must be Texas residents and
U.S. citizens, and must have a
recent physical examination by
a qualified physician.
Hosey said the course is
taught several times a
year, especially in the summer
and early fall when the weath-
er is best, at the Texas A&M
University Research and Ex-
tension Center near Bryan.

Classes are limited to 36 stu-
dents on a first-come basis, he
said.
For further information or

Ruby McCamish was taken by Melba to get a new perm. Monday. Ruby and Barbara went out for a hamburger Sunday night. Jennifer Thornton read Ruby her Sunday School lesson Tuesday.

Annie Brown and her daughter, Sybil Simpson went shopping and ate out Tuesday.

Cleo Bellar is visited daily by her husband.

Harvey Highlights Potato Promotion

Harvesting of the 1981 Fall potato crop is well under way and growers are hopeful of another good year, said Robert L. Mercer, executive vice president of The Potato Board.

The U.S. Department of Agriculture predicts this year's Fall potato acreage at six percent above last year's acreage, still three percent below acreage for 1979 and 10 percent below 1978. It appears that late spring frosts in Idaho and poor weather conditions in some other areas could reduce the effects of the increase in acreage, Mercer said.

Promotional support by the Board for this Fall will include commercials by popular radio broadcaster Paul Harvey, ads in consumer magazines and trade publications, and recipe releases for newspapers.

For the third year Harvey is being used as the Board's radio spokesman. His commercials begin Oct. 1 and run for 26 weeks on his two ABC shows, "Paul Harvey News" and "The Rest of the Story."

Harvey's messages will stress that the potato is nutritious, economical vegetable that's low in calories. The schedule for the first half of the rotation includes: Oct. 1 - Noon Show; Oct. 6 - Noon Show; Oct. 16 - AM Show; Oct. 21 - Noon Show; Oct. 26 - Noon Show; Nov. 3 - Noon Show; Nov. 11 - PM Show; Nov. 21 - Noon Show; Nov. 27 - Noon Show; Dec. 1 - Noon Show; Dec. 10 - Noon Show; Dec. 14 - AM Show; Dec. 26 - Noon Show; and Dec. 29 - PM Show.

Two four-color ads that

emphasize the potato as a vegetable, "Everything a vegetable should be. Except Green." and "Quick! Name the vegetable that comes in a plain brown wrapper.", will be appearing in these consumer magazines: Redbook in September, Reader's Digest in October, Redbook in November, and Ladies' Home Journal in December.

Trade advertising will provide merchandising support to all segments of the supply chain and generate retail awareness of the potato's nutritional story. Two black and white ads, "A potato bin without nutrition information is a has been." and "What all the best-selling potatoes will be wearing this season," will appear in The Packer and The Produce News.

Publicity releases last year featured recipes from four well-known fashion designers. This year's program will further promote the concept of the potato as the "fashionable" vegetable to encourage more consumption by light potato users. Authorities in fields such as economics and nutrition will address specific attributes of the potato.

Accounting prof develops formula for retirement plans

With the changes in the income tax laws, a Texas A&M University accounting professor suggests it is time for Americans to consider taking advantage of deferred tax retirement investments.

"It's important that people invest their money for retirement during inflationary times," says Dr. Karl Putnam. "Assuming a 7 percent inflation rate, a dollar 30 years from now will only buy what about 13 cents does today."

Putnam has developed a formula that will help Americans determine how much money they will need upon retirement to live as they do today. He pointed out that saving \$100 each month at a monthly-compounded interest rate of 12 percent would net \$349,496.42 after 30 years.

That \$349,000-plus would be worth only \$45,012 by today's standards, however, assuming 7 percent annual inflation. Last year the inflation rate averaged 13 percent. This year it has been about 7 percent, he explained.

Senator Bill Sarpalius Reports

GENERIC DRUGS COME TO TEXAS

AUSTIN - Before the last session of the Legislature, Texas was one of only two states in the nation that did not allow its citizens to purchase generic prescription drugs. We changed that.

Generic drugs are prescription drugs identical to brand-name drugs. Generally, they are cheaper than the brand-name variety. It is the same principle many of us use in our normal shopping. Instead of buying a well-known brand of

aspirin or antitreeze, we often buy the same thing in a plain package at a lower price.

Now, we can do the same thing at the pharmacy with prescriptions.

We included safeguards in this new law to make sure no patient was injured by the substitution. For one thing, the generic drug must be identical, either in its chemical formula or its therapeutic effect, to the brand-name drug.

Also, if either the patient or the doctor objects to the

use of the generic substitution, the pharmacist must fill the prescription exactly as the doctor wrote it. Finally, the generic drug must be cheaper than the brand-name drug. If it were not cheaper, there would be no reason for the substitution.

We supported this legislation because we thought it would save money for the consumer. Many times, the price of an illness is more than people can bear. Many prescriptions are written for older people who may be on fixed incomes and cannot afford the higher brand-name prices.

We think this new law will help improve the quality of health care in Texas without spending state money or disrupting the free marketplace. That's one of the things we went to Austin to accomplish.

We would like to hear your suggestions on how to improve the quality of health care in this state.

ENERGAS

Gas heating saves \$226 per year!

Compared to the heat pump, gas heating can save you \$226 per year on your utility bills. So if you hear that a heat pump is "more economical", remember, that is comparing it to other electric heating... not to gas! No other heating system even comes close to gas for economy. At Energas, we are committed to help you get the most for your heating dollar. Gas heating, combined with good conservation practices, saves energy, too.
