ONLY 97 VOTES CAST IN DEMO RUN-OFF HERE SATURDAY

Only 97 votes were cast in the Democratic run-off election here last Saturday. There were no local races to draw interest.

Martin Dies, with no opponent as candidate for Congressman-at-large, received 95 votes.

Joe L. Mays, running for judge of the 51st Judicial District, received 75 votes. His opponent, Clyde Vinson, got 22 votes. Mays will replace the veteran John F. Sutton, who did not run for reelection this time. Mays is at the present, County Judge of Tom Green County.

In the race for Associate Justice of the State Supreme Court, the Tarrant County candidate, Frank Culver, received 57 votes to 36 for his opponent, Spurgeon Bell of Harris County.

As Sterling County went, so did the state and district. Culver got high court office and Joe Mays carried the 51st judicial district.

Lions Hear Report of Big Lake Road Paving Committee

Earl Bailey, who is chairman of the club's committee to spur action on the paving of the Big Lake road, made a report to the club at the luncheon Wednesday. Bailey told of the committee first meeting with Irion County officials, then with Engineer Kelly of the San Angelo office of the State Highway Commission. Finally, last week the committee met with the State Highway Commission in Austin. Attending this meeting were Bailey, County Judge G. C. Murrell, R. T. Foster, County Commissioner and Tommy Foster. Bailey said the State group told them that the paving (or construction of the bridge across the North Concho) would start in a few days. Along with the bridge construction there would be about 1½ miles of paving done. This would be the start of the project.

The club voted to buy a set of Christmas cards (for each member) on behalf of the Crippled Children's Camp at Kerrville. Each member would buy a set.

Game Management Assn. Barbecue and Meeting Tonight

Tonight, Friday, August 29, is the time of the annual barbecue and meeting of the Sterling County Game Management Association. The meeting was announced by Fred Campbell, County Agent.

The meeting is to take place at Bubba Foster's said Campbell, unless the plans are changed. Following the barbecue, Delma Johnson of Coleman will show some big game hunting and fishing films of his expeditions. Campbell says the films are well-worth seeing.

New officers will be elected at the meeting. The present officers are as follows:

President—Worth B. Durham
Vice-Pres.—Riley King
Secy.—Tommy Foster
Directors—H. L. Hildebrand, N. H. Reed, and William Foster.

CAROLYN PAYNE HONORED WITH BIRTHDAY PARTY

Mrs. Leslie Payne honored her daughter, Carolyn, on her tenth birthday party at the community center last week. Games were played and favors of plastic baskets of candy, gum and balloons were given to all the children. Birthday cake and punch was served.

Present were Janet Westbrook, Su Speck, Gwendell Dearen, Darla Kay Dunn, Jeannine Jones, David Durham, Gwendolyn Blair, Steve Whitley, Reynolds Lee Foster, Darla Morris, Butch Loven, Jerry Payne, Lee Ruth Reed, Jacque Caperton, Edda Gay Tilley, Jodie Green, Brenda Augustine, Wanda Simmons, Gloria Berry, George Allen and Karrol Davis, Judy Stewart, Willene Glass, Betty Jo Barrett, Craig Sparks, Mrs. Dayton Barrett, Mrs. Jack Whitley, Mrs. Charles Speck, Mrs. Finis Westbrook and Mrs. Reynolds Foster.

Family Get-Together in Germany

Two of the Earl Campbell children and their families had a get-together or reunion in Frankfurt, Germany early this month. The Campbell's daughter, Mrs. Donald Sealy and her husband Lt. Sealy, had been stationed in North Africa and were sent up to Weisbaden on a rest leave. While passing through Frankfurt, they got together with Lt. Tommy Campbell, his wife and little daughter, Sharon. Tommy is stationed at Baumholder, Germany, but was in Frankfurt at the time. His wife and daughter came to Frankfurt for the occasion.

of their stock (due to the drouth) we wonder how long it will take them to restock when and if it does rain in these here parts. Some of the boys just can't stand another year of heavy feeding, so the stuff is going out to the markets in a hurry. Some are taking losses on the stock, having more feed in the animals than they are getting for them.

After all, this has been about a three year drouth around here. And that's bad.

The drouth, too, has caused serious water problems for West Texas cities. Some of the places near Brownwood are beginning to haul water. San Angelo citizens are just about at the end of their rope (as regards water). Wells are drying up in places, according to paper accounts.

Maybe it'll be a wet fall!

John Brock plans to move into his new location on the corner this week end. He bought out the John Hornbuckle Grocery and is moving up to the corner across from the drug store in a newly remodelled building, owned by the Foster estate.

Jack Durham, son of the W. W. Durhams and jet pilot cadet at the Big Spring Army Air Force Base, buzzed the town good Wednesday afternoon. The whole town gets out and watches Jackie when he buzzes his family and town.

And golly, how those jets do MOVE.

The Sterling City School will open on Tuesday morning at 9 o'clock with a general assembly in the auditorium, said superintendent O. T. Jones this week. Johnnie Ozee, the former grade school principal, has resigned and will go to Belvue in Clay County. No replacement has been made yet, said Jones.

The faculty is as follows:

High School Faculty

Oscar Dorsey is the new high school coach and math and history teacher. He is an A.C.C. graduate and taught at Blackwell last year.

Delbert Haralson, Jr. will be the teacher again of commercial subjects and mathematics. He is a 1951 graduate of Texas Tech College and has been working on his master's degree this summer at the Lubbock college.

Mr. Bill Hood will again be the High School English teacher. He got his masters degree at Hardin-Simmons University in Abilene this summer in education. He is also in charge of the library.

Mrs. Marian Moore, the home ec instructor, went to North Texas College this summer and received her master's degree last week. Her bachelor's degree is from Texas State College for Women at Denton.

Supt. Jones will again teach chemistry.

The place of grade school principal is yet to be filled.

Mrs. Johnny Lee is the new fourth grade teacher. She formerly taught in the schools at Pasadena and San Angelo.

Mrs. Mary Crossno will again be at the helm of the third grade. She is a senior student at Sul Ross College where she plans to receive her degree.

Mrs. Irene Lane will also be a first grade teacher again. She is a 1949 graduate of Sul Ross.

An enrollment of 250 or more students is expected.

Attends G.F.W.C. Meeting

Miss Ethel Foster, treasurer of the General Federation of Women's Clubs, returned home Wednesday evening from Jerseyville, Illinois. There she had attended an executive meeting of the G.F.W.C. She went to the meeting last Friday.

Miss Sally Buckley of Dallas returned home Thursday after a visit here with her friend, Elizabeth Hildebrand. The Hildebrands had been in Dallas last week, where they have bought a house, and Miss Buckley came with them on this visit.

Mr. and Mrs. D. J. Norton left Saturday night on a vacation trip to Antonito, Colorado and other points of interest there. Mr. Norton, manager of the telephone exchange here, used to own a telephone company near there, and will visit his old home town.

Mrs. Cecil A. Long accompanied her daughter, Mrs. G. C. Tate and grandchildren to Sacramento, Calif. Wednesday where Lt. Tate is stationed. Mrs. Long will return after September 1st.

FORT WORTH—Heavy receipts again featured livestock marketing at Ft. Worth and other points around the market circle. Prices of cows and bulls on Monday were 50 cents and spots \$1 lower, and grass steers and yearlings suffered a similar decline.

Values were uneven, however, with prices steady on good and choice fed cattle, and steady on good and choice fat calves. The medium and lower grade calves eased off 50 cents or more per hundred. High grade stocker cattle and calves ruled steady but the plainer quality was weak to lower.

The Monday reports from 12 major markets showed the biggest cattle run of the season, over 127,000 head, 28,000 above a week earlier and 54,000 ahead of a year ago on the same day.

Hogs topped at Ft. Worth at \$21.50, around 25c lower. Sows were steady at \$15 to \$18.

Sheep and lambs were steady, except some of the lightweight feeder lambs recovered some of last week's losses.

A few good and choice fed steers and yearlings brought \$26 to \$32, a package weighing 904-pounds

from H. M. Erwin, Ladonia, at \$32. Common, plain and medium kinds drew from \$15 to \$25. Fat cows drew \$15.50 to \$18, odds higher, canners and cutters got \$9 to \$15.50. Bulls sold from \$14 to \$22.50.

Good and choice fat calves \$25 to \$28, plain and medium sorts \$15 to \$24, culls \$12 to \$15.

Good and choice stocker and feeder calves and yearlings sold at \$25 to \$31, a load from L. L. Edwards, Jack County, at 518 pounds at \$31, and a load from W. M. and R. E. Shutts, Clay County, averaged 465 pounds at \$30. Common, plain and medium sorts sold from \$17 to \$24. Stocker cows drew \$14 to \$20. Older stocker steers sold largely at \$24.50 down.

Good and choice fat spring lambs sold for \$25 to \$28, and medium to good kinds sold for \$20 to \$25, with culls down from \$10 to \$15. Stocker and feeder spring lambs brought \$10 to \$19. Fat yearling wethers cashed at \$15 to \$18, and stocker and feeder kinds drew \$10 to \$15. Slaughter ewes sold from \$6.50 to \$8.50, the canner ewes at the best price at Fort Worth in several weeks. Two-year-old wethers sold at \$15 down. Old bucks cashed around \$6.50.

Behind The 8 Ball

For awhile this week there were no preachers in this town. All were on their vacation.

On about half the papers in this week's issue we made a mistake in Chapple's Food Store ad. We listed Beef Ribs at 39c when Chapple's copy called for 49c. So remember, that beef ribs price should be 49c in his ad.

Maybe before too long the price will be 39c. That is, from the way cattle prices are lagging.

Visiting Mr. and Mrs. Owen Armstrong three days of last week were Mr. and Mrs. Albert Foster and Mr. and Mrs. R. J. Foster and children, James Clark and Marie Louise, all of Mansfield, Texas. Mrs. R. J. Foster is Mrs. Armstrong's niece. Owen said the Fosters were really surprised to see the country burnt up as it is here. They thought they were dry at Mansfield until they saw this country.

With only 97 votes being cast here last Saturday and the election costing approximately \$150, makes the election cost here \$1.50 per vote last Saturday. Such was the announcement made by Jack Douthitt, county chairman. Fairly expensive votes, eh?

But shucks, that's not anything. There were only 18 votes cast in Crockett County. And we bet that their election costs run at least as much as ours. That would make those votes cost around \$9 per vote. But, that's the way it is. When there is no local contest, the votes are very light.

A one-third refund was made to the candidates this week. The assessments had been the same as last year but some additional money was gotten from the boys in the district races this year.

The Texas Republicans like our State Democratic nominees so well that they are to list them under the Republican column as well as in the Demo column in the general election this November. This cross-filing has been done in California, Illinois and other states for many years, but this is the first time it has happened here. We don't know how the voters are going to like it.

To even things up, the Texas Democrats might put Eisenhower and Nixon on their column when they meet in Amarillo next month. That would be leaving off the Demo boys (Stevenson and Sparkman) altogether. We just doubt if the Democrats will do it.

We predict that it will be a real issue at the state convention and a fight will probably occur over it.

HEALTH TALKS

Prepared by the State Medical Association of Texas

Hobbies might be thought of as a year-round vacation. If a job is your bread and butter, then a hobby could be your "jelly" to go on it. The kind of a hobby you can choose is limited mainly by your imagination.

What kinds of hobbies are there? It's hard to pigeon-hole every-one, but roughly they fall into the following kinds: (1) collecting things (butterflies, salt and pepper shakers, old jazz records), (2) making things (patchwork quilts, book ends, photographs), (3) learning things all about family trees, birds, stars), (4) doing things (dancing, acting,

biking, (5) seeing things (movies, plays, concerts), and (6) competing in sports and games (baseball, canasta, chess.)

You'd think with such a wide field from which to choose that everyone would pick a hobby which would be just right for him. Instead many people complain that they never do anything but "eat, sleep, and work." To find out why this should be means looking back into their childhood, because most often adults' hobbies are the same they had as children, sometimes in a slightly different form.

Youngsters between 6 and 12 years are interested in many, many activities. As they enter their teens they tend to drop most of them and concentrate their efforts on one or two.

It is hard for an adult, especially an older person, who has never learned to relax through hobbies, a form of play, to develop one. This is the reason that when children begin to show an interest in playing the piano, drawing, clay modeling, weaving, typing, or any other activity involving ability to use the fingers, they should be encouraged. Even though muscular control may not be gained fully until later years, practice should begin early if skill is to be hoped for.

What should you look for in a hobby? First of all, it should be something in which you are deeply interested. Keeping up with the Joneses by golfing at the country club is small comfort if you'd rather be out fishing.

Next, a hobby should be suited to your nature. If you're the kind of fellow who enjoys taking a watch apart (even if you can't get it together again), you probably would enjoy learning a hobby in which you can use your hands. If you are neat and precise and like things nicely arranged, then stamp collecting might be your dish.

Even if you feel your choice of a hobby is too expensive, a second look might reveal a new angle. Are boats your weakness? Collecting yachts isn't necessary to get the greatest pleasure; it might be more fun to strip down and rebuild an old motor for a rowboat. Or, if

you have artistic leanings, a collection of paintings or drawings of ships might prove a source of satisfaction.

A hobby usually can be enjoyed alone or with others. It may lead to pleasant acquaintances with others having the same interest. Even though there may be times when you want to work in the company of others, you should be able to follow your chosen project at will and lay it aside when interest lags. For this reason it is better if working space for it can be set aside at home.

Your hobby will be more enjoyable if it is not too closely related to your work. A workday spent in doors calls for tennis or some form of outdoor life when the five o'clock whistle blows. Cooking might be a hobby for the men of the house but a chore for the little woman—unless she's one in a hundred.

If you alibi for not having a hobby is not enough time, you'd better look at this hobby business in a different light. Devoting all your time to a job in the hopes of making more money—or turning what should be a hobby into a secondary job because of profit may make an old man of you before your time or give you ulcers. If the coins in your jeans begin to jingle loudly because of your hobby, it should be sheer accident, not because making money is your main object.

As you grow older you can enjoy the same hobby, but it might be best to change it slightly, taking into account that you have less physical endurance. Older people who find more time on their hands should steer away from such strenuous exercise as mountain climbing; they might find enjoyment in making a scrapbook of snapshots taken on expeditions, in talking to others interested in the hobby, and possibly in encouraging younger hobbyists in the field.

For a fuller, more meaningful life, a hobby is just what the doctor ordered.

Mrs. Daves Back Home

Mrs. A. G. Daves returned home from Kerrville this week after a 2 week's stay there with her son, Gordon Daves and family. Gordon has undergone another operation and will not be able to return to work for about a year, his mother said.

Mrs. Daves had just returned home from a two-month's stay in California before she went to Kerrville. In Salinas, she had gone to be with her daughter, Mrs. Jerry Owens, who was ill. Mrs. Owens died, and Mrs. Daves brought the two children home with her. The children are Euna Lee, who will go to school here and Billy Bob, who will live in Big Spring with the Clarence Daves and go to school there.

"Grave" Daves returned home on Thursday of this week from a Big Spring hospital. He had undergone an operation there last week.

Vote-Winning Dessert

Yes-siree, this is an election year—and although it may seem a bit early, the air will be filled with campaign ribbons and buttons of all kinds, before you know it. Even the kiddies will be vote conscious as a result of newspapers, magazines, radio and television—or from hearing "Dad" and the next door neighbor engaging in a word battle over various parties and policies.

However, when voting for your favorite dessert, here is a tried and true campaigner that will appeal to ALL AGES. So you good people who are in favor of a "food platform" calling for tastier dessert treats that are healthful as well as delicious—just cast your culinary "vote" for the following:

- 1 package vanilla rennet powder
- 2 cups milk (not canned)
- 1/2 cup well-drained fruit cocktail
- Whipped cream

Divide fruit cocktail among 4 or 5 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels comfortably warm (110° F.) not hot,* remove at once from heat. Stir in entire contents of package at one time. Mix until powder is dissolved—not over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving, top each dessert with whipped cream and a maraschino cherry.

*If milk gets too hot, cool to comfortably warm before adding powder, or it will not set.
