County Re-Appportionment Plan Approved

School Improvements Will Save Dollars In Energy

Energy conservation measures proposed by the school in the upcoming bond issue will save substantial sums of tax dollars. Insulation and heating/cooling measures will save.

Figures from specialists from the school's electrical power company have just completed a survey as to the possible savings if energy conservation measures are enacted. Presently, 72 cents per square foot is

being spent in a typical room in the high school for heating alone. With the closing of windows and insulating the closures, estimated heating and cooling will cost only 58 cents per square foot. That is a savings of 14 cents per square foot in a typical classroom or a 19 percent savings.

Plans are to go further: Plans include lowering ceilings and insulating above the ceilings. By doing

this an estimated savings of 30 percent to 40 percent can occur - even with the addition of cooling. Tax dollars can be saved.

Resident voters of the Muleshoe Independent School District will to the polls November 24 to decide the fate of the newly proposed school bond election for much needed school building improvements.

In some cases, rooms and buildings are in a sub-standard condition and are badly in need of complete renovation.

This issue is of vital importance to the future of Muleshoe schools. It is also of great importance that this Bond Election come about now, due to the bond market situation.

There will be one election precinct for this election, and that being the High School cafeteria. Hours of voting will be from 7 a.m. to 7 p.m.

Absentee voting may be done until November 20 from the hours of 8 a.m. to 5 p.m. in the Bailey County Clerk's office.

Gospel Sing Scheduled

The "Gospel Sing" scheduled for Sunday, November 22 at the Bailey County Civic Center will feature many local talents as well as some out of town groups.

The event starts at 3 p.m., but those wishing to actively participate should be at the center by 2:30 p.m.

This event is free of charge to the public and is being sponsored by local merchants.

Harold Tant, a gospel disc jockey from KFYO Radio in Lubbock will be the acting MC and he says that "a good time is promised to all."

MULESHOE VISITORS.....A chartered bus brought 40 members of the Lubbock Women's Club to Muleshoe Monday for a tour of the city. The ladies are shown here in the Art Loft, one of several stops they made.

County Is Forerunner In Appraisal Districts

Many new laws and regulations are mandated by the Texas legislature each year which vitally affects all local taxation. The most wide-sweeping change was the creation of the appraisal district concept in which each county would have one office to determine the taxable value of all property which would be based on market value. Each taxing entity would then apply their tax rate to this one value to determine each property owner's tax bill.

Bailey County is among the forerunners of the state for not only having in operation the appraisal district which wasn't required until 1982 but for also implementing the collection for all the entities of

the county. These taxing entities are the City of Muleshoe, Muleshoe ISD, Three Way ISD, the High Plains Underground Water Conservation District No. 1, and Bailey County.

The Bailey County Appraisal District has a staff of five which include the Chief Appraiser, Dale F. Jones; the Assistant, Rose Lee Powell and staff members, Wanda Hutton, Anita Lobough and Julie Bruns. The office is located at 104 E. Ave. D and all local taxes and exemption applications must be obtained, paid or mailed there.

The Bailey County Appraisal District mailed 21,960 tax statements in the month of October including 7180 statements for the Muleshoe I.S.D.,

3881 for the City of Muleshoe, 1653 for the Three Way I.S.D., and 9245 for Bailey County and the High Plains Water District.

The staff collected and distributed to the entities \$1,027,106.26 in the month of October. The breakdown for collection and distribution are as follows: Muleshoe I.S.D.-\$441,411.79; City of Muleshoe-\$205,310.66; Three Way I.S.D.-145,695.75 (offers no discount for early payment) Bailey County-\$327,981.60; High Plains Water-\$6,706.46.

During this first month of the implementation of the collection for all taxing entities, the staff would like to express their appreciation to all property owners for the patience and cooperation.

Assistant Chief Appraiser of the Bailey County Appraisal District, Rose Lee Powell, accompanied by her husband, Kenneth recently attended the annual convention of the Texas Association of Assess-

Precinct Maps Will Be Available Soon

By a letter received from Gerald W. Jones of the Department of Justice in Washington, official word has come to County Judge Glen Williams that the county re-apportionment plan recently submitted by the Commissioner's Court has been approved.

The plan consists of re-defining the Commissioners, Justice, and Election Precincts of the County. They were re-defined in order to equalize the population, and it was done without diluting minority population.

The 1980 Census was used as an official basis, with consideration being given to current house and head counts made by the Commissioners. The Court worked several weeks on the re-apportionment and they believe they have implemented a plan that is fair to all. The concentrations of minority population have not been disturbed, the distribution of roads has not been changed, and election precincts were drawn to be as convenient as possible.

According to the best estimates the population by Precinct is as follows: Precinct #1 2,080 Precinct #2 2,016 Precinct #3 2,032 Precinct #4 2,040

Before re-apportionment these precincts were badly

out of balance.

Maps will soon be made public so the people can tell which Precinct they live in - and where they will vote.

In an effort to define these precincts, the following descriptions are offered. There is a need to bear in mind, however, that Commissioner's precincts in the rural area were not changed.

So far as the city of Muleshoe itself is concerned, Commissioner's Precinct #1 basically lies north of Highway 84 and embraces the Lenau and Country Club additions, together with what is generally known as the Hilltop area, with the following exception: A certain area presently situated in Precinct #1 is to be transferred to Precinct 4. That embraces the area from the center of Birch Street south in the Lenau Addition and the area lying west of Highway 214 north of the railroad, extending to the XIT Drive in Theater and west to the Cotton compress.

The area between Highway 84 and the railroad and between Odessa Street and the west side of the Coliseum was transferred out of Precinct #1 and into Precinct #2. It also embraces an area two blocks wide from Highway 84 to

Driver Caution Urged For Coming Holidays

Major C.W. Bell, DPS Regional Commander, is asking drivers to be cautious during the Thanksgiving holidays.

"Thanksgiving is a time for us to rest and be grateful for many things. Each individual has his own feelings about Thanksgiving, but those drivers who practice good driving habits can be truly thankful that they were not

involved in a traffic accident during the year," he said.

Major Bell pointed out that Texas is well on its way to a record number of traffic fatalities this year. "Last year 4,424 people were killed and 1981 is going to be another record year unless motorists take special precautions to protect themselves and o-

City Council Adopts Retirement Ordinances

The Muleshoe City Council met Tuesday, November 17 for their regular meeting.

Council opened bids on a pickup truck for the sewage department. The low bid was from Robert Green, Inc. and was accepted by the Council with the exception of the spare tire and wheel, which will be purchased elsewhere.

Council also passed two ordinances with regard to retirement system changes for the City of Muleshoe employees. One ordinance authorized updated service credits in the Texas Municipal Retirement System

for service performed by qualifying members of the system in the employment of the city of Muleshoe, providing for increased prior and current annuities for retirees and beneficiaries of deceased retirees of the city; and establishing an effective date for the actions.

The second ordinance passed was to adopt the plan provisions affecting participation of employees of the city in the TMRS and granted additional rights, credits and benefits authorized, provided that such rights shall be supplementary to those already allowed and in force at the effective date of the ordinance.

Scout-O-Rama December 5

Jim Blagg, Assistant City Manager for the city of Lubbock, has been named the general chairman for the 1981 Scout-O-Rama. The big Scout show is staged annually to demonstrate to the public the many feats of skills and knowledge the youth of the South Plains Council possess.

Blagg said, "This year our theme is "Scouting Game: Play it with a Cont. Page 6, Col. 2

Muleshoe Ag Boosters will sponsor skating Friday night at the Coliseum. Admission will be \$1.00.

State Comptroller Bob Bullock has announced that Phillip Land from his Lubbock field office will be at the Bailey County Courthouse in the Commissioner's Courtroom on December 8, 1981 from 2 p.m. to 4 p.m.

ENGULFED IN FLAMES.....Muleshoe Volunteer Firemen were called to a mobile home on Reno Street at approximately 11:45 a.m. Tuesday. The home belonged to Bill and Nelda Crawford. The fire apparently started in a bedroom. Mr. Crawford was overcome by smoke and was taken to West Plains Hospital where he was listed in satisfactory condition late Tuesday.

Banquet Will Honor Gold Star Winners

Two outstanding 4-H club members from Bailey County will be honored at the South Plains District 4-H Gold Star Banquet at 6:30 p.m. Monday, November 23 in Lubbock.

Among the top 4-Hers in the district being honored will be Tim Sain, son of Mr. and Mrs. Walter Sain of Muleshoe, and Tamara Gilliland, daughter of Mrs. Jessie Robinson of Muleshoe.

Dr. Uel R. Stockard of College Station, state leader for county programs with the Texas Agricultural Extension Service, will be the banquet speaker. Dr. Sam E. Curl, Dean of the College of the Agricultural Sciences at Texas Tech University, will be master of ceremonies. The program will be in the cafeteria of Coronado High School, 34th Street and Vicksburg Avenue, Lubbock.

Some 450 persons, including parents, distinguished guests and special friends of 4-H will attend the banquet to salute the

county winners, Jim Irwin, county Extension Agent said.

To qualify for the Gold Star Award, highest 4-H honor at the county level, a 4-Her must be a least 13 years old, have completed three years of club work and be active in 4-H. The award is intended to stimulate winners to higher Cont. Page 6, Col. 2

Lazbuddie FFA Places In Contests

Several Lazbuddie FFA members and their supervisor, Ricky Copp, traveled to Friona Monday for the FFA District Leadership Contest. A total of fifteen school participated in these contests, with each school having several team entries.

A Lazbuddie radio team placed fourth in the radio contest. Team members included Terry Steinbock, Terry Jesko and Joe Gonzales.

The the senior skills Cont. Page 6, Col. 2

Gig Pierce Wins First Place

Gig Pierce took first place in this week's football contest for ten points. Running second was a previous winner, Todd Allison. Todd will add the six points from this contest to a previous second place win, giving him a grand total of 12 points.

Taking third place was Earl Richards. Richards was a previous first place winner and now has a total of 14 points.

Pierce was 59 points off in the tie-breaker games, with Allison and Richards close behind with 66 and 68 points off, respectively.

Still in the running with sixteen points for first place is David McVicker. Earl Richards' win this week puts him two points behind first place, while Allison is four points behind with 12 total points.

Cont. Page 6, Col. 2

A WORTHY PROJECT.....Mrs. Jeannie McVickers explains needs for the community room at the Senior Citizens Housing Center to the Rotary Club as they toured the facility Tuesday. Many items are still needed for the center and the Rotary has made this a project.

Congratulations Mules On A Great Effort! We're Proud Of You!

Rules Of The Games:

- The contestant must be 12 years or older.
- Only one entry per person may be made for any one contest.
- Weekly contests are open to everyone except employees and families of this newspaper; bring or mail your entries to the Journal office.
- Mailed entries must be postmarked not later than 5:30 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly contest.
- Check the team you think will win; 10 points for 1st place, 6 points for 2nd place and 4 points for 3rd place determines the Grand Prize winner.
- The tiebreakers will count as one of the games picked, the predicted scores will be used to determine the top three places in that week's contest, if necessary, and cash prizes and points will be divided between winners in event of ties. Please write FOOTBALL CONTEST on the envelope of the mailed entry. Decision of the Journal's scoring judges will be final.

Please Write Football Contest, Box 449, Muleshoe, Texas on Envelope of Mailed Entry.

All-Important Games Scheduled This Weekend

This is THE weekend, and it doesn't make any difference where you live, you've got an all-important game being played in your area - or at least in your conference. Whether it's Michigan-Ohio State, Nebraska-Oklahoma, Southern Cal.-U.C.L.A., Arkansas-S.M.U., Washington-Washington State, or Penn State-Notre Dame, college football has something for you.

Oklahoma leads its 62-game series with Nebraska by ten games, but the Sooners are not favored this year. They'll be playing at home, but Oklahoma

has been beaten by Southern California and Texas, and tied by Iowa State. Florida State and Penn State beat the Cornhuskers so, for a change, no national championship is at stake. Oklahoma was the winner last year, 21-17, but this year it'll be Nebraska by eleven points.

The Michigan Wolverines, in defensive struggle, won last year's game with Ohio State 9-3. In view of the offensive power of teams all over the country, this score won't be that low. The point spread Michigan by 13.

Southern California has

dominated the series with U.C.L.A., leading in games won by a two to one margin. But the Trojans, coming off a toughie on the road with Washington and anxious to get back in the Rose Bowl after a year's absence, won't dominate this meeting. The Bruins, though losing to Iowa and Stanford and being tied by Washington State, will be a big hurdle. We're picking Southern Cal by just three points.

S.M.U. has enjoyed an outstanding season, but because of ineligibility, the Mustangs will be sitting it out during the post-season

bow games. S.M.U. will beat Arkansas in Fayetteville by six points. And Texas is favored over Baylor by seven.

Notre Dame has had some recent success, but will be chased back out of the winners' circle Saturday by Penn State. The Nittany Lions will clip the Irish by six points.

P.S. Here are the Harmon system forecasting results through games of November 7th: 1259 right, 423 wrong, 16 ties, for a .749 average.

New drug now available for heart patients.

Southwestern Fat Stock Show Judges Announced

Judges for the variety of events scheduled during the 86th annual Southwestern Exposition and Fat Stock Show Jan. 27 through Feb. 7 have been announced by show president manager W.R. Watt, Jr.

Watt also reminded exhibitors of cattle, horses, sheep, swine, donkeys and mules that entry deadline is Dec. 10, while exhibitors of poultry, pigeons and rabbits have until Jan. 15 to enter.

Information on exposition entries as well as mail orders for Stock Show Rodeo tickets should be requested at P.O. Box 150, Fort Worth, Texas 76101. Tickets for all night and weekend rodeos are \$7

Three Way News
By Mrs. H.W. Garvin

Mr. and Mrs. George Tyson entertained the senior citizens at Amherst Tuesday evening.

Mr. and Mrs. Tommy Galt spent the past three weeks in Baytown with their daughter, the Clarence Albus family. Their grandson Matthew Albus was selected to play to the all state ball team by the Rotary Club.

Mr. and Mrs. Robert Shucks from Bisby, Arizona spent Thursday night with his aunt Mrs. Minnie Dupler.

W.E. Latimer is a patient in Methodist Hospital in Lubbock.

The Three Way basketball girls played Welman on the home court Tuesday night with Three Way winning the game. Friday night the Three Way football boys played their last game at home playing Dawson with Dawson winning.

Mrs. H.W. Garvin spent the weekend in Clovis visiting her daughter the Kenneth Fox family. Others visiting in the Fox home were Mr. and Mrs. A.G. Fox from McAdoo and Mr. and Mrs. Kevin Ging and boys from Paduca.

The Three Way Baptist had lunch at the church after morning services Sunday.

Mr. and Mrs. Carl Dupler from Muleshoe, the Jerry Duplers and the Bill Duplers visited Mrs. Minnie Dupler Sunday afternoon.

each, and Monday through Friday 2 p.m. matinees are \$5 each. When ordering by mail, include an extra \$1 per order for return postage and handling.

Watt reported the livestock breeds and their judges include Hereford, Dr. Robert Kropp of Stillwater, Okla.; Polled Hereford, Dr. Stan Coley of Grovetown, Ga.; Shorthorn, Dr. Glenn L. Richardson of Longview, Tex.; Angus, Jim Gilooly of Washington, Ind.; Brahman, Dr. Hollis Chapman of Baton Rouge, La.; Santa Gertrudis, John Kiker of Rockport, Texas; Brangus, W.F. Wackman, Jr. of Brenham, Tex.; Charolais, Clarence H. Marek of New Ulm, Tex.; Chianina, Dan Hoge of Kewanee, Ill.; Devon, Dr. Randall Grooms of Overton, Tex.; Maine-Anjou and Simmental, Dr. Miles McKee of Manhattan, Kan.

Judging open dairy will be Richard Keene of Gilbertsville, NY; junior dairy, B.J. Shepherd of Bridgeport, Tex.; open

sheep, Rex Stultz of Del Rio, Tex.; junior breeding sheep, Jack Groff of Kerrville, Tex.; junior lambs, Fred T. Wilkinson of Crane, Tex.

Judging open breeding swine will be Lauren Christian of Ames, Iowa; open barrows, Dr. Doreald Orr of Lubbock, Tex.; junior barrows and champions, Dr. T.D. Tanksley of College Station, Tex.; junior steers, Bill Able of Manhattan, Kan.

Junior heifer judges will be Hereford, Dr. Kropp; Polled Hereford, Dr. Coley; Shorthorn and Charolais, Dr. Richardson; Angus, Gilooly; Brahman and Santa Gertrudis, Dr. T.D. Rich of Kansas City, Mo.; Brangus, Dr. L.D. Wythe of College Station, Tex.; Simmental, Dr. Grooms, and Limousin, Charles Rollins of Crowley, Tex.

Other judges include Poultry, John S. Garrett, Haynesville, La.; Harold F. Halback, Waterford, Wis., and J.B. Harrell, Jr. of El Dorado, Ark.; Rabbits, Joe

Frizzle, Johnstown, Ohio, and Gary Grimm, Marion, Iowa; Pigeons, Walker Graham, Dr. Jack Horn and A.J. Stratton, Fort Worth, Tex., and Fred Langridge, Dallas, Texas; Birmingham Roller Pigeons, Merl Ed Emerson of Muskogee, Okla., and Floyd L. Mayberry, Marlow, Okla.

Judges in the Horse Show include Show Horses and Walking Horses, Dan Breakbill, O'Fallon, Mo.; Arabian, Palomino and second judge for Quarter Horse cutting, O.L. (Red) Lott, Logandale, Nev.; all classes of Appaloosa and Paint horses, Tom Gibbs, College Station, Tex.; Pony of the Americas, Donkeys and Mules, and second judge for Appaloosa and Paint Horse cutting, Latham Riley, Aledo, Tex.; all classes of Quarter Horses, Bobby Ingersoll, Pleasant Grove, Cal; Open and Non professional Cutting Contests, George Combs, Salado, Tex. (second judge pending).

P.R. Pierce's Celebrate Anniversary

Mr. and Mrs. P.R. Pierce celebrated their Golden Wedding Anniversary Sunday, Nov. 15, 2 p.m. in the Willie Room of the Lamb County Electric Building in Littlefield.

The couple's four daughters are Mr. and Mrs. J.C. Jackson of Lubbock, Mr. and Mrs. Cliff Baker of Gordon, Mr. and Mrs. Huston Jones of Hawley, and Mr. and Mrs. Jim Carpenter of Muleshoe.

Mr. and Mrs. Pierce were married November 12, 1931, in Portales, N.M. They are farmers in the Bula Community and have been for 47 years. They are members of Bula Baptist Church.

There were 105 guests registered. All of their daughters were present for the reception. Their gift was a set of dinner ware, they received many useful gifts.

DECEMBER WEDDING....Mr. and Mrs. Cleo Webb wish to announce the engagement and approaching marriage of their daughter, Tracie Ann to Steve Claybrook, son of Helen Bickel of Muleshoe and Bill Claybrook of Vernon. Miss Webb and Claybrook are both 1981 graduates of Muleshoe High School. Vows will be exchanged December 18 at the Richland Hills Baptist Church in Muleshoe.

Mrs. Lopez Honored With Lullaby Shower

Mrs. Eugene Lopez, former Debra Edwards, was honored Saturday with a lullaby shower in the home of Mrs. Dale Hanna. The honoree was presented a corsage of baby socks and silk flowers in yellow and white.

The table was covered with a white lace-edged cloth and centered with Mr. Stork standing by a log covered with miniature babies tied in yellow ribbon. Yellow punch and cookies

Women, prepare yourselves.

By 1990, 60 percent of women will either have jobs or will be looking for them as compared to 52 percent of 1980, predicts Bonnie Piernot, a family resource management specialist.

Piernot is with the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

were served from crystal appointments.

Hostess gifts included a play pen and a car seat.

The honoree's sister, Mrs. Linda Anderson of Llano, assisted in the opening and recording the gifts.

Other special guests included her mother, Mrs. Bob Edwards and the honoree's sister-in-law, Herlinda Lopez of Amherst.

Hostess included Ann Hill, Marge Cardwell, Billie Doty, JoAnn Chester, Norma Poe, Ariene Provence, Sue Chester, Sandra Humphreys, Mary Hanna, Juanda Fields, Frances Gardner, Madge Beauchamp, Totsie Noles, Dot Nix, Pill Bellar, Jo Boyles, Peggy Ray, Evelyn Ritchie and Jean Harvey.

Labor is exercise continued to fatigue; exercise is labor used only while it produces pleasure.

-Samuel Johnson.

WIN ONE HALF BEEF....The Muleshoe Twister Booster Club will be giving away a half of beef Wednesday, November 25 on KMUL Coffee Time. With each \$2 donation to the Twister Club you will receive one chance to win the beef. Pictured (L-R) back row: Jana Brown, Krystal Angely, and Jay Hawkins; front row (L-R) Caroline Liles and Amy Montgomery, Larry Winkler in the background.

Gymnastics Meet To Be Held Here Saturday

Hawkins and Purdy's School of Dance and Gymnastics will host a gymnastics meet next Saturday, November 21, beginning at 9:30 a.m. at their gym. Nine West Texas Gymnastic teams will compete in this Class IV meet. Those teams that will be represented will be Madeline Graves School of Gymnastics of Pampa, Golden Spread School of Gymnastics of Amarillo, Oh Jays Gymnastics of Amarillo, Nards Gymnastics of Amarillo, Hamiltons Gymnastics of Lubbock, Briercroft Gymnastics of Lubbock, Midland School of Gymnastics, Midland YMCA Gymnastics, and the Muleshoe Twisters Gymnastics.

Muleshoe Singing Group Meets

The Muleshoe Singing Group met Saturday, November 14 in the fellowship hall of Trinity Baptist Church with 42 present, including visitors, Mr. and Mrs. Roger Harvey of Red River, five from Portales and six of Clovis. Harvey is the brother of Clara Coffman and Lois Witherpoon.

Buford Hobbs gave the invocation. Cecil Rundell and Janie sang a duet.

Mr. Ramah was requested to sing "Across the Bridge". Another request was for Klye Krebbs to sing "One Day at a Time."

Roger Harvey, Clara Coffman and Janie Moraw sang a trio.

The competition will include beam, uneven bars, vaulting, and floor exercise.

Gardner, Boyd Engagement Announced

The parents of Diana Loraine Gardner and Mark Alan Boyd are pleased to announce their engagement and forthcoming marriage. Diana is the daughter of Mrs. Douglas Gardner of Sudan and the late Rev. Douglas Gardner, former pastor of Circle Back Baptist Church.

Mark is the son of Mr. and Mrs. Howard Boyd of Fort Sumner, New Mexico.

They will be wed on December 5 at 6:30 p.m. in the First Baptist Church of Sudan.

Drive widens to stop food stamp fraud.

Farwell Woman Completes Advanced Training

Mrs. Herman Schelter, the volunteer leader for the work center of Luthern Braille Workers, Inc. (LBW), St. John Luthern Church, Rt. #1, Farwell, Texas, recently completed four days of advanced training at the headquarters of LBW in Yucaipa, California.

Volunteer leaders from 152 work centers located throughout the United States, Canada and Hawaii attended the seminar. They participated in a number of training workshops ranging from new trends in Braille transcription to recruiting, directing and organizing volunteers.

More than 14,000 volunteers work for LBW producing 14 million sheets of religious materials in Braille and in a large print format called Sight-Saver each year. The materials, distributed in 40 languages, are given away to visually handicapped persons in more than 100 countries.

Locally, there are 36 volunteers from Clovis, Littlefield, Hereford, Bovina, Friona and Farwell. At present they are producing "The Acts of the Apostles" in the Greek language. These books are shipped to the Bible Society in Greece at Athens.

The leadership seminar was made possible by a \$50,000 grant from Aid Association for Lutherans (AAL), a fraternal benefit society based in Appleton, Wisconsin. The money subsidized the travel costs of the participants as well as the seminar itself.

For more information about AAL, call Phil Snyder at (414) 734-5721.

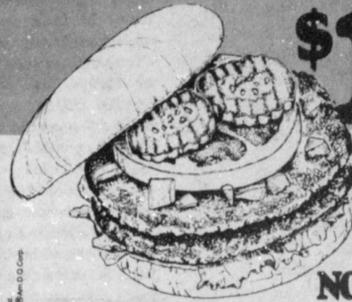

For more information about LBW, call Helene Loewe Koehler at (714) 797-3093.

ENGAGEMENT ANNOUNCED.....The parents of Diane Loraine Gardner and Mark Alen Boyd are pleased to announce their engagement and approaching marriage. Miss Gardner is the daughter of Mrs. Douglas Gardner, of Sudan and the late Rev. Douglas Gardner, former pastor of the Circle Back Baptist Church. Boyd is the son of Mr. and Mrs. Howard Boyd of Ft. Sumner, N.M. The bride-elect is a 1979 graduate of Sudan High School and Boyd is a 1978 graduate of Ft. Sumner High School. Both are 1981 graduates of South Plains College. The couple will be married on December 5 at 6:30 p.m. in the First Baptist Church of Sudan.

Lingerie Shower Honors Miss Cindy Powell

Cindy Powell, bride-elect of Jimmy Nichols, was honored Sunday with a lingerie shower in the home of her aunt, Mrs. Butch Hall, she and Debbie Hall were the hostesses. The table was covered with a lace cloth and enhanced with a navy blue candelabra. The cake was decorated with light blue roses. Cake, punch, and white mints, with blue roses were served. Attending were her

grandmother, Mrs. Minnie Powell and Mrs. Arnold Beckett of Sudan and Mrs. Wanda Boone and Brenda of Lubbock, Mrs. Linda Powell and Tanya Crawford and Mrs. Maxine Donaldson and Tereé Donaldson, all of Muleshoe, the honoree and her mother, Mrs. Mary Powell and her sister, Kim; another aunt, Mrs. Mattie Price and the hostesses. The hostesses presented the honoree a gown set.

Lubbock Woman's Club Visits Muleshoe

By members of Lubbock Woman's Club

Lubbock Women's Club, with a membership of 700, has a long tradition of providing quality entertainment and enriching experiences for members and their guests.

In order to save this large group, whose interests are varied, many different programs and activities are planned. At frequent luncheons, a member may choose to see the latest fashions, hear the facts of finance, enjoy the lively arts or appreciate great literature. Other times are set aside for cards, holiday meals, and gourmet dinners which may include family and friends.

One event at the Club, which is very sought after, is under the direction of the Heritage and Enrichment Committee. These eight women arrange travel days, most often to small area towns, but occasionally by air to the cities.

These are wonderfully happy trips, giving Lubbock women an opportunity to take the day "off" to make out-of-town friends, and to relish the hospitality of other Texas towns which is always in the spirit of the true West.

The time spent in travel fosters fellowship among members, as well as acquainting those who are newcomers to the Plains with the culture and heritage of this part of our state.

Monday, November 16th is Hats off to Muleshoe and Lubbock Women's

Texas 4-H'ers Attend National Congress

Forty-one Texas youth will be among more than 1,700 4-H'ers from across the country taking part in the 60th National 4-H Congress, Nov. 29-Dec. 3, in Chicago.

The youth are all winners in various awards programs and have received expense-paid trips made possible by private sector donors with contributions of more than \$20,000.

"Pathways to the Future" will be the theme of this year's educational program at Chicago's Conrad Hilton Hotel.

The program will challenge youth to become self-directing, productive and contributive members of society, points out George McArthur, 4-H and youth specialist with the Texas Agricultural Extension Service, Texas A&M University System. The Extension Service is the parent organization of 4-H.

During Congress, 287 scholarships valued at \$265,000 will be awarded in some 40 program areas.

Joining the 4-H'ers during the week-long event will be some 500 key leaders in business, agriculture, education and public affairs who will be taking part in seminars, field trips

and special events.

Texas 4-H'ers attending Congress, their counties and award-winning program area, are as follows: Shawn Behlen, Gonzales, poultry; Todd Cash, Willacy, petroleum power; Wade Dooley, Moore, agriculture; Kent Dykstra, Ector, automotive; Courtney English, Webb, food-nutrition; Robin Ethridge, Howard, home environment; Lisa Frerich, Tom Green, and Mary Kaye Halfmann, Glasscock, leadership; Joni Foster, Comal, family life; Glenn Grimm, Comal, health; Bobby Hamilton, Dickens, photography; Brent Hillery, Wichita, beef; David Hilscher, Wise, swine; Vickie Huebner, Harris, bread; and Jeana Johnston, Childress, public speaking.

Also, Melissa Kester, Hockley, achievement; Monica Koliba, Hidalgo, clothing; Deborah Mangold, Medina, safety; Keith McEntire, Hemphill, conservation of natural resources; Vicki Munie, Comal, horse; Monica Ostrowski, Camerton, food preservation; Kristine Riddell, Blanco, home management; Teresa Rosson, Hill, fashion revue; Leon Schwartz, Washington, dairy; Amy Smith, Lamb, citizen-

ship; Stanley Stanukinos, Bexar, electric; Jenny Stewart, Tarrant, consumer education; Maria Teel, Hopkins, food conservation and safety; Mark Till, Caldwell, rabbit; Douglas Tschoepe, Fort Bend, wood science; Montza Williams, Smith, forestry; Steve Wolf, Hunt, sheep and goats; and Richard Woodbury, Johnson, veterinary medicine.

Eight 4-h'ers making the trip are winners in the Santa Fe program. They are Angela Airhart, Dawson; LaNell Chumney, Erath; Shari Jeter, Brazoria; Betsy Leatherwood, Crosby; Dawn Lemons, Mitchell; Scott Robinson, Howard; Ramona Valerius, Camerton; and Nadalee Wheaton, Willacy. The first four are winners of \$750 scholarships.

Accompanying the Texas delegation to Chicago will be Dr. Martha Couch of Lubbock and Marshall Crouch of Brownwood, Extension 4-H and youth specialists; Janice Gaskamp, Austin County Extension agent; and Andy Vestal, Crosby County Extension agent.

Elisha Burdett Honored On First Birthday

Elisha Renee Burdett, daughter of Mary Burdett of Sudan and Carl Burdett of Oklahoma City, Okla. was honored October 28 on her first birthday with a party held in the home of her grandparents, Mr. and Mrs. Innocent Martinez.

Pink and white birthday cake and punch were served to several of her playmates.

The best way to earn a rest is to complete your work.

Tenesha Janette Ingle

Mr. and Mrs. Jim Ingle are parents of a new daughter born Tuesday, Nov. 10, at 3:35 p.m. in the Littlefield Medical Center.

She weighed seven pounds and eight ounces and was 19 1/2 inches long.

The little miss has been named T.J. Tenesha Janette.

Her grandparents are Mr. and Mrs. Harold Ingle of Sudan; and she has a great grandfather, R.V. Boren of Littlefield.

T.J. has a sister, Renee who is seventeen and a senior in Sudan High and a brother, Jamie who is fourteen and a freshman of Sudan High.

Jason Lee Reeves

Mr. and Mrs. Gary Reeves of Olney are parents of their second son, Jason Lee who was born November 10, at 9:45 a.m. at the Olney Hospital.

Jason Lee weighed nine pounds and seven ounces.

His grandparents are Mr. and Mrs. Truman Parish of Sudan and Mr. and Mrs. George Reeves of Dalhart.

Jason has a four year old brother, Cody.

Mrs. Reeves is the former Cynthia Kay Parrish.

Christopher Adam Richards

Mr. and Mrs. Steve Richards are parents of their first child, born October 28, in the Muleshoe

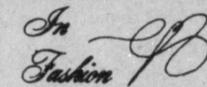

RECEPTION PLANNED.....Mr. and Mrs. Garland Freeman will be honored with a reception in honor of their 50th wedding anniversary on November 22 in Amarillo. They were married in Norton, Texas on November 22, 1931. The couple have one daughter, Mrs. Mamie Bussey and one grandson, Randy Sanderson, both of Amarillo. Mr. and Mrs. Freeman are former residents of Muleshoe, where Freeman served as a deputy sheriff for 15 years.

Humphreys Host Reunion

Mr. and Mrs. Rick Humphreys hosted a class reunion last week following the Homecoming game for the graduating class of 1971.

Attending were Mr. and Mrs. Tim Nix, Mr. and Mrs. Lonnie Narramore, Mr. and Mrs. Johnny King, Mr. and Mrs. Don Harper, Mr. and Mrs. Freddie Maxwell, all of Sudan. Mr. and Mrs. Bobby Foster of Farwell, Mr. and Mrs. Randy Glover of Lubbock, Mr. and Mrs. Gregory McNabb of Amherst, Mr. and Mrs. Terry Obenhaus of Muleshoe, & Judy Hanna of Petersburg and Sharon Adams of Sudan.

A blend of finely tailored wool and nylon is seen in some classic winter coats. The single breasted chesterfield features a velveteen and back belt.

VISITING MULESHOE.....Ladies from the Lubbock Women's Club visited in Muleshoe Monday and had lunch at the Muleshoe Country Club. Pictured are the ladies on board their chartered bus.

 the south side of the Courthouse; and was designed so that all of Precinct #1 would continue to vote at the courthouse.
 The south-easterly boundary of Commissioner's Precinct #2 was changed from West 8th Street to the center line of West 17th Street. Therefore, all persons living west of the center of 17th street, together with those described in the area above which was transferred out of Precinct #1 are all now in Precinct #2.

The south-easterly boundary of Precinct #3 was moved to the center line of West 3rd with the exception of the two blocks situated between Avenues D and F; and those two remain in Precinct #3.

The western boundary of Precinct #3 was moved to the center line of West 17th Street.

The northwestern boundary of Precinct #4 runs along the center line of Highway 214 from the Crossroads to Avenue F; and then extends West two blocks to the center line of West 3rd Street and from there south to the city limits.

The East boundary of Precinct #4 extends along the East side of East Houston Street and basically follows the city limits from there until it goes south to Highway 214.

It must be kept in mind, that these are Commissioner's Precinct lines. Information relative to the voting precincts and boxes will follow in a later article.

According to law, Bailey County was re-apportioned in 1970; and it was the intent of the Court to re-apportion again after the 1980 census. But in 1978 a class action suit was filed in Federal Court in Lubbock by Alberto Daniel of Muleshoe for immediate re-apportionment. That case was settled by an agreed judgement of March 31, 1980. Under the judgement the Court agreed to re-apportion again following the 1980 General Election after the 1980 census was completed.

Jealousy is often fatal and never productive of good.

November 20-26 Farm-City Week

Farm-City Week, Nov. 20-26, focuses on the involvement of farm and city people as partners in growing, processing, marketing and consuming food and fiber.

"In Texas, movement of food and fiber from field to factory to the family table provides jobs and income for about a fourth of the working force," points out Dr. Carl Anderson, marketing economist with the Texas Agricultural Extension Service, Texas A&M University System.

"One out of every 30 Texans is a farmer or rancher, and 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products," says Anderson.

Many businesses, financial institutions and individuals are involved in providing supplies, credit and services to farmers and ranchers and in processing and marketing agricultural commodities.

While the overall cost of living has increased about 11 percent from a year ago, food prices in the grocery store have increased 6.4 percent and apparel has risen less than 5 percent, notes the economist. This compares with an increase of nearly 13 percent in housing, 16 percent in fuels, 11.5 percent in medical care and 25 percent in public transportation.

"Americans spend far less of their take-home pay on food than people in other countries of the world," Anderson points out.

"Together, farm and city people make the best food and fiber team in the world," he believes. "This gives a country the capacity to feed its own people and to export for economic gain as well as for humanitarian purposes."

With more than \$3 billion in farm exports last year, Texas is one of the leading states in shipment of agricultural products abroad. Texas led the nation in shipments of cotton, cottonseed and animal fats; was second in meats and

meat products, hides and skins; and third in rice, peanuts and peanut oil.

On a national scale, farm exports total about \$44 billion. Anderson estimates that production from about one out of every three acres of cropland is exported. Leading customers are Japan, Netherlands, Mexico, China, Canada, Germany and Korea.

"Farm exports support more than a million jobs, and the added business stemming from agricultural exports about equals the value of products shipped," says Anderson. "Exports help both farm and city people make a living. At the same time, they boost the economy and offset some of the cost of imported oil."

Trespassing Law Changed In Texas

With the approach of hunting season in Texas, both property owners and sportsmen should be aware of recent changes in state law regarding trespassing, the Texas Farmers Union states.

A person has committed criminal trespass if he has entered or remains on property or in a building and was notified that entry was forbidden or received notice and failed to leave the premises.

The law states the notice can be any oral or written communication from the property owner or a person who is acting under the owner's authority. Also, any fence which is designed to contain livestock is described under Texas law as a notice to a potential trespasser.

Signs which are posted on property or a building indicating trespassing is not allowed is sufficient notice of a violation.

Persons who violate the trespassing law are subject to a Class B misdemeanor if found guilty. However, if a person carries a deadly weapon in his possession and found guilty of trespassing, that violation is elevated to a Class A misdemeanor.

These changes in the trespassing law became effective September 1, 1981.

This information was brought as a courtesy to both property owners and sportsmen by the Texas Farmers Union.

 Postpone a trip until everything is "all set" and you'll stay home forever.

 It's time to start shopping for Christmas presents.

Holidays...

Cont. From Page 1
 thers," he said.
 "Many of these deaths could have been avoided if people would stay sober, drive at reasonable speeds and use their seat belts," said Bell. "Putting on a seat belt only takes a few seconds, but that simple act can add years to one's life," he emphasized.

DPS statistics show that last year, about 1200 lives would have been saved if all drivers and their passengers would have clicked their seat belts on. "It's better to be safe than sorry," Bell concluded.

During last year's Thanksgiving holiday period, 63 persons were killed in traffic accidents in Texas. The DPS regional commander said that the Operation Motocycle traffic death count is not conducted during Thanksgiving, but that doesn't mean that drivers should be less cautious. Bell said DPS Troopers would be active during the holiday trying to cut down on needless traffic fatalities.

Rural Hero Search Underway

The search is under way for Texas' rural hero of 1981.

The Rural Heroism Award, sponsored by the Texas Farm and Ranch Safety Council, is presented each year to some person judged to have performed an act of exceptional bravery during a time of crisis, according to Ben Bullard, Council president and assistant safety director of the Texas Farm Bureau.

March 1, 1982, is the deadline for entries to be received by the Rural Heroism Award Committee, Texas Farm and Ranch

Texas Banks Major Source For Agricultural Lending

As of the first of the year, 1,212 of the 1,500 banks in Texas held farm loans of more than \$2.9 billion was devoted to agricultural real-estate lending.

"Of the total amount Texas banks provided for agriculture, \$2.35 billion went for non-real estate purposes, while over \$550 million was devoted to agricultural real-estate lending," said Bob Greer, TBA president, citing results of the American Bankers Association's annual agricultural credit activities report.

"By comparison, Production Credit Associations provided \$963 million; the Federal Intermediate Credit Banks, \$146 million; the Farmers Home Administration, \$865 million; and the Commodity Credit Corporation, \$90 million in non-real estate farm loans in 1980," Greer said.

In real estate loans, Fe-

deral Land Banks provided \$1.8 billion, Life Insurance Companies, \$994 million; Farmers Home Administration, \$324 million; and individuals and others, \$1.9 billion.

Nationally, banks held a total of \$40.3 billion in agricultural loans, 38.3 percent of the market share of non-real estate loans and 9.5 percent of the market of the market share

for loans secured by farm land. The total farm debt held by all major lenders during 1980 was up 11.3 percent from the year before.

Greer, who is also chairman, Cullen Bank, Houston, said that banks in Texas are making every effort, through improved lending programs, to meet the changing credit demands of Texas farmers.

Ranch Heritage Center Begins Development

Ranchers and others who support the Ranching Heritage Center of The Museum of Texas Tech University began at \$4 million development program recently with \$1.4 million already in their permanent fund.

Kickoff for the development program began with a dinner at the unique center, a 14-acre outdoor exhibit depicting the history of ranching in America.

John R. "Rich" Anderson, Gail rancher who is chairman of the Development Council, announced that in addition to a \$1 million challenge grant from Mrs. B.F. (Anne W.)

Phillips, members of the Board of Overseers of the Ranching Heritage Association have individually given an additional \$400,000.

Anderson said that the permanent fund will help provide for the operation, maintenance and administration of the center as well as for future expansion.

The development program is sponsored by the Endowment Fund for the Preservation of Ranching Heritage in America.

Members of the Development Council include: Mr. and Mrs. J.D. Cage of Muleshoe.

Letters To The Editor

omy? Are there alot of people unemployed down there as there are up here? Thanks for your Time. Please write back.

Sincerely,
Scott Aubertin

Dear Scott:

Thank you for your letter. We will be sending you a copy of our paper in the near future.

One of our state's major resources in oil; another is our underground water. As you probably know, Texas is vast and contains a little of just about everything. Our farm land is also a precious resource.

Besides being one of the largest states in the U.S., Texas is know for its wide open spaces and rolling plains. Our winters are usually very cold and bone chilling winds sometimes push the mercury several degrees below zero. On the other hand, a warm Texas winter day cannot be ma-

ted for beauty. The present state of Texas economy, like others, is reflected in the overall national economy. However, our economy is not in as bad a shape as the national. Our natural resources play a important roll in economy, in that our farm land and oil lands lend a

Pesticide risk minimal according to A&M scientist

COLLEGE STATION — A Texas A&M University wildlife scientist says there's little danger from the pesticide found in ducks in Montana, Wyoming, South Dakota and Colorado and he plans to hunt and eat ducks just as before.

"Based on the amounts of pesticide found, an average adult would have to eat 15 pounds of duck meat a day to feel the effects of the poison," said Dr. Wallace Klusman, head of the department of wildlife and fisheries sciences.

"I don't feel there is any real problem for Texans at all. The news has blown the episode out of proportion as relatively few ducks have been sampled," said Klusman. "The probability of killing a duck in Texas that had picked up the pesticide in the western states is extremely low."

Klusman said hunters concerned about levels of the pesticide found in ducks killed this year can reduce the amount simply by skinning the fowl rather than picking them. He explained most of the poison would be found in fatty tissue that would come off with the skin. The Texas A&M scientist added the Texas Parks and Wildlife Department and the Texas Department of Health will be monitoring the situation and will let people in Texas know of any danger.

Drivers Can Save On Required Insurance

Texas drivers will soon be required to have auto liability insurance--but those not currently covered can save money on their purchase.

The new compulsory liability law goes into effect January 1. Everytime Texas drivers are stopped for traffic violations or are involved in an auto accident investigated by law enforcement officials, they will be required to show proof of liability insurance coverage. Drivers will have to be covered for medical expenses of \$10,000 per person (\$20,000 for two or more persons) and property damage of \$5,000.

But most Texas drivers can save ten percent a year for three years on this insurance cost by enrolling in and graduating from the National Safety Council's Defensive Driving Course (DDC).

Administrated in Texas

by the Texas Safety Association (TSA), the eight hour course is taught by **A&M recruiting motivated graduates for ag careers**

COLLEGE STATION — More than 40 business and agriculture leaders from throughout Texas have called for a major effort to recruit the best high school graduates to pursue college careers in agricultural studies.

"It is essential that we recruit more of the bright, highly motivated young people," said Dale Nix, chairman of the Federal Farm Credit Bureau of Dallas and acting chairman of the Texas A&M University Agricultural Development Council. "We need to educate them to form the matrix of leadership for agricultural industries and agencies in Texas."

more 600 agencies across the state. Many large employers teach the course to their employees. To find a DDC agency near you, consult the Yellow Pages for 'Driver Improvement of Driver Education.'

Graduates of the eight hour course who are insured by rate-regulated companies are eligible for a ten percent premium reduction in insurance for three years on liability, bodily injury, property damage, medical payments, personal injury protection and collision coverage. In all cases, drivers will find the first year's savings are more than the \$15.00 fee usually charged for the course.

If you are unable to

locate a DDC agency near you, call TSA at (512) 451-7421.

Technology keeps fuel prices down

Two Texas A&M University economists say technology that could produce oil from shale or coal, or gas from plants will ultimately keep fuel prices down.

"As prices have increased over the years or as resources have become more difficult to obtain, man has always looked towards alternative methods for meeting demand," said Dr. Charles Smithson. "Certainly new methods for getting fuel are more expensive, but they supply our additional energy needs," he added.

Smithson and Dr. S. Charles Maurice, both of the university's economics department, have authored a study on the economic feasibility of assimilating new technology.

Dear Editor,

I would like to have you publish my letter to help me with a school paper. And if you publish my letter would please send me a copy of your paper. What is a major resource in your state? What is different about your state than anybody elses? What is the climate like during the winter? What is the present condition in your states economy? What is one of your natural resources. What role does your natural resources play in the econ-

Major Crimes On Rise In Texas

The number of major crimes reported in Texas during the first six months of 1981 rose 3.3 percent compared to the same period last year, according to

DPS Director Colonel Jim Adams. "Although this is a significant increase, it does indicate that the volume of major crimes in our state is rising at a lower rate that we saw last year," Adams said.

In 1980, major criminal offenses in Texas increased 9.9 percent in comparison to 1979. Major index crimes recorded by the DPS Uniform Crime Reporting Bureau during the first half of this year totaled 431,409.

"Based on reports from Texas police agencies for the first six months of 1981, burglary showed the largest increase by category, rising 8.2 percent to 133,621 cases," Adams pointed out.

The DPS Director said one of the major crime categories actually registered a decline. "Murder cases reported during the first half of this year totaled 1,143--a decrease of 2.1 percent from the same period in 1980."

The remaining violent crime categories showed increases, with aggravated assaults up 3.8 percent and rape and robbery each posting increases of 3.5 percent. The property crime categories of motor vehicle theft and larceny-theft rose 2.5 percent and point-five percent respectively.

Total property loss attributed to major crime in the first half of 1981 was estimated at \$400 million. In addition there were 3,941 arson cases reported during the period which resulted in estimated property losses of \$50 million.

Three police officers were killed in the line of duty by criminal action during the 6-month reporting period. Three other officers perished in duty-related accidents.

Therefore I was as astonished as I would be if I heard an economist say he didn't know what he was talking about when I read that people in Los Angeles are up in arms over coyotes.

The animals, finding few lambs and baby calves in pastures that have been paved for shopping malls and parking lots, have turned to garbage cans and table scraps inside the city. They've even attacked children.

At that point, the romantic yawping of a pack of coyotes ringing out across the land in the stillness of the night has been found to be no longer environmentally desirable. Those city people want the blamed cut-throats shot on sight.

At this point, no further comment is necessary.

Yours faithfully,
J.A.

The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm on Sandy Creek discusses the music of coyotes this week.

Dear Editor:

The loudest environmentalists, I've noticed, live in cities. It's only natural.

Like ivory tower economists who advise business men although they themselves have never been in business, city environmentalists take bold stands on environmental matters although they never experience much environment themselves. If they live in high-rise apartment buildings and work in high-rise office buildings, they can go for days without running into any.

Now country people, they're surrounded with environment. There's a mass of it every way they look. Step out the back door and there it is.

This brings up the subject of coyotes. City environmentalists are in favor of them. They don't even want a rancher to bother one when it's after a lamb or a baby calf. Oh, it's all right to chase it away, but don't hurt it.

Therefore I was as astonished as I would be if I heard an economist say he didn't know what he was talking about when I read that people in Los Angeles are up in arms over coyotes.

The animals, finding few lambs and baby calves in pastures that have been paved for shopping malls and parking lots, have turned to garbage cans and table scraps inside the city. They've even attacked children.

At that point, the romantic yawping of a pack of coyotes ringing out across the land in the stillness of the night has been found to be no longer environmentally desirable. Those city people want the blamed cut-throats shot on sight.

At this point, no further comment is necessary.

BUY A NEW JOHN DEERE TRACTOR NOW. FORGET THE FINANCE CHARGES UNTIL JUNE.

Now is the best time to buy that new John Deere tractor you need. From now through January 30, 1982, come in and make your best deal on a new John Deere tractor, models 4040 through 8640. No finance charge will begin until June 1, 1982. And the same special offer applies to the new John Deere or used implements you buy with your tractor.

If you prefer to lease, you will receive a 10% discount on the same tractor models. Ask about it. Come on in now and look over our selection. You could end up working with a new John Deere tractor while you save on finance charges.

Sherri's Spots by Sherri Stovall

Hello! Did everyone have a good week? Did everyone survive through Friday, the 13th?

M.J.H. had their last pep rally Thursday. Everyone showed a lot of spirit. After each grade gave their best yell for the spirit stick, the eighth grade won it. Congratulations!

Monday was the last day to buy annuals. The annual staff has sold 271 annuals, which is 30 more than last year. Good for all of you! Did everyone get one?

The annual staff has started working a little on the annual. We work on the annual till February and in April we get the finished copies back. Busy days are here!

Thursday, the eighth grade boy's and girl's basketball teams travel to Plainview for a tournament. Good luck!

Student Council is still collecting Campbell soup labels. Bring them to Mrs. Mary Scoggin in room 9 and Mr. Mike Richardson in room 2. They need all they can get, so be sure and save them!

Well, that's about all that's been happening. See ya next week.

The paths of glory lead but to the grave.
-Thomas Gray.

Wildcats Beat Mules

The Muleshoe Mules 7th grade met in the last game of the season against the Littlefield Wildcats, Thursday, the 12th.

The Mules made a few mistakes, but for the last game of the season, the Mules played very well.

The Mules offensive line played well by making a touchdown in the second quarter. Ramon Martinez made that touchdown, as well as the extra two points for the Mules. The Wildcats made a touchdown as well as the extra two points. The Mules led at halftime, 10-8.

Later on in the game, the Wildcats made two more touchdowns, plus the extra two points. They also made a safety. The final score was 26-10, Wildcats.

Concerning the 7th grade team, Coach Jones commented, "The 7th grade was 4-4 on the year and showed improvement the last two games of the year."

CORRECTIVE ADS FAIL
WASHINGTON, D. C. — Many consumers still use Listerine mouthwash as a cold remedy, despite \$10.2 million worth of advertisements saying it won't help, a new study revealed recently.

Teacher of the Week

Every week the Jr. High Student Council selects a teacher of the week. This week the teacher of the week is Mr. Mike Richardson, who is currently teaching 8th grade Math.

Mr. Richardson is a graduate of Bula High School. He went to college at South Plains Jr. College, and then finished his college education at Texas Tech University, where he majored in Math and English.

He and his wife, Jean, have two children, Misty who is five and Michael who is seven.

When asked his comments about Muleshoe, he replied, "Muleshoe is a great place to teach. The administration and faculty are all behind every project we do in student council and we have their full support and cooperation. Almost every student in Jr. High is willing to work and learn."

Mr. Richardson has taught ten years in Muleshoe and has been a Student Council sponsor nine of those years. Recently the Student Council traveled to Austin for a Student Council Convention.

Here are his comments about the convention, "We enjoyed our trip to Austin. I think the Student Council members brought back some good ideas for projects and they are eager to work harder at being a better student council."

Mule Spirit

The spirit was raised greatly at M.J.H.S. at a pep rally in the gym, Thursday. Everyone was fired up and in support of the 7th and 8th grade Mules.

The band played the Fight Song as the football boys came in. Cheerleader Stacy Smith gave a speech, then the cheerleaders did "Red Hot" to get the pep rally really going. Genie Lopez introduced Todd Bessire, who gave the 7th grade football boys speech. Juanita Garcia introduced Jarrod Embry to give the 8th grade boys speech. The cheerleaders led several yells. Showing the greatest amount of spirit was the 8th grade, thereby winning the spirit stick. Laurey Grant introduced Coach Dodson who gave the coaches speech to inspire the players and students. The Fight Song was played again by the band as the football boys left out. Cheerleaders closed with, "Go, Mules, Go!!"

Sudan Jr. High Hornets Zone Champs

The Junior High Hornets successfully completed the season last Thursday as they defeated the Anton Bulldogs 24-12. This finishes the Jr. High with a perfect 8-0 record.

Sudan grabbed the early lead as James Harmon scored on a 55 yard sweep to the left. Harmon cut back across the field and was cleared by a devastating block thrown by Gordon Martin.

Harmon also scored in the 2nd quarter as he again took a pitch from QB Martin and scored on a 60 yard run to make the halftime score 12-0.

In the 3rd quarter on their first possession the Hornets drove the ball downfield and scored their 3rd TD on a 6 yard run by Jeff Kinnie. Late in the 3rd quarter Anton scored their first TD on a run from the 1 yard line to cut the score to 18-6. In the 4th quarter Kinnie again scored on a 4 yard run.

Late in the game Anton again scored on a 1 yard run to make the final score 24-12.

FBI: violent crime up in 1981.

RECIPE

By Sarah Anne Sheridan
HAM CASSEROLE

- 1 8 oz. pkg. noodles
- 1 1/2 c chopped celery
- 1/2 c chopped green pepper
- 1 8 oz. pkg. cream cheese, softened
- 3/4 c grated Parmesan cheese
- 1 c milk
- 1 garlic clove, crushed
- 2 c cubed, cooked ham
- 1 4 oz. can mushroom stems and pieces, drained
- 1 1/2 T margarine

Cook noodles as directed on label; drain. Then in medium saucepan over medium heat, cook celery and green pepper with 1/2 c water until tender-crisp, about 5 minutes; drain.

In a 2-quart casserole, mix cream cheese with Parmesan cheese, milk and garlic until fairly smooth. Gently stir in noodles; celery and green pepper, ham and mushroom pieces. Dot with butter. Cover and bake at 350 degrees for 35 minutes. Makes 6 servings.

Redeeming Feature
"I trust you found that novel interesting," the librarian remarked hopefully. "No, not very," he replied, "but the letter someone left in it for a bookmark was certainly a lulu!"

Mules Lose District Title

The 8th grade Mules came on the Muleshoe field with spirits high and eager to win a district championship against the Littlefield Wildcats. The final outcome of the game was 18-6 with the Cats on top.

On Littlefield's first possession they drove down the field for the first 6 points of the game. The Mules kept their spirits high and came back on a long drive which resulted in 6 points. Throughout the second quarter, it remained scoreless.

In the 3rd quarter Littlefield intercepted and on the next play scored. The 2 point conversion failed and Littlefield led 12-6. In the fourth quarter the Mules were threatening on the

goal line, but the Cats pounced on a Mule fumble. The Wildcats had to punt after several tries for a first down. The Mules drove the ball down to the 50 yard-line, but were turned away on a fourth down. Littlefield tried to score but failed as the clock ran out.

The 8th grade Mules had a 6-3 record.

Stars given for the game were: Loy Triana, fumble; Mike Holt and David Vela, pitch and touchdown; Rudy Pena, good block. Player of the week was Micheal Precure. Every player received a star for a good year.

Coach Jones commented, "We're real pleased about the year. We showed a lot of improvement. Our record was 6-3.

MJHS Spotlights Reading Lab

Spotlighted this week at MJHS is the Reading Lab, under the direction of Mrs. Donna Black, teacher and her aide, Mrs. Ruby Henderson. The function of the Reading Lab is to meet the needs of students who do not read at their grade level.

When asked how they operated their program, Mrs. Black answered, "None of us has the time or the money to experience everything we can experience through reading. Reading is a subject that is basic in order for any child to be able to do his best in school, he must master some basic reading concepts. In Jr. High, each student that enters the Reading Lab is given a diagnostic test to determine the reading skills in which he needs improvement so that we can help him in these areas.

The Reading Lab has a maximum of fifteen students per class. This type of classroom allows the individual attention that is required to build individual skills. On some days the entire class will be working with the same material. Usually each class is divided into three or four groups and each group works on a different skill using different material.

There are many methods we use to teach and retach in the areas of word attack,

comprehension, and study skills. These methods include reading with a controlled reader, which allows a student to read at this own comprehension speed and eventually to raise his reading rate. Throughout the year Mrs. Henderson and I will be working with the students on units based on their own interest and comprehension levels. We will also be working on units to develop better study skills in the areas of math, science and social studies.

Nursing Home News

By Joy Stancell

The Spudnut Shop bro-
ught fresh, plump spud-
nuts to the nursing home
Wednesday afternoon. Th-
ank you Spudnut Shop.

June Gore took her mo-
ther Marie Patton shop-
ping Wednesday.

Alma Henley went shop-
ping with her daughter,
Celo and son-in-law Stan-
ley, Friday. Mrs. Glenn
and Mrs. Barber were a-
mong her visitors.

Ruby Gore returned to
the nursing home Tuesday
after being hospitalized.
Welcome back Ruby.

We welcome our new
resident. She is Margaret
Beard, she was born Feb.
2, 1910 at Dodge City,
Texas. She is a Baptist.

Our thanks to Sherman
Inman and Ben Roming for
the beautiful gourds and
squash. Ben for raising
them and giving them to
us, and Sherman for deliv-
ering them to the nursing
home.

Clara Weaver was visit-
ed by Mrs. Gallman, Iva
Carpenter, Jerry Hutton,
Cherl and Bobby, Jerry
Weaver.

Juanita Garrett received
a beautiful bouquet of silk
flowers from her daughter,
D'Ann and her family, on
her birthday, which was
Oct. 24th.

Mrs. Lula Trout has a
new perm.

Ethel visited her mother,
Bulah Connell, Tuesday.

Thank you Auxillary lad-
ies for coming Tuesday and
giving shampoos and set-
ting the ladies hair. You do
such a nice job.

Marie Engram was visit-
ed by Juanice Glascock,
Ruby Garner, Josie Garce-
ia, and daughter, Betho-
lene Harper, Teresa Camp-
bell, Jean Geary, Maude
Kersey, Mrs. Lynn Camp-
bell, and Wilma Waddle.

Thank you Cashway Gr-
ocery and Western Drug
for making it possible for
us to receive copies of the
Amarillo Daily News and
Lubbock Avalanche Jour-
nal. We look forward to
them each morning.

Thank you Muleshoe
Journal for bringing us
copies of our local paper.

Muleshoe, TX

Glenda Jennings, Bro.
Louis Crenshaw, Jackie
Johnson, Ann Hall, from
the Lazbuddie Methodist
Church came to have a
sing a long for the resi-
dents Wednesday.

Thank you Janie Maraw,
Mrs. T.R. White, Mae Pr-
ovence, LaNell Stancell,
Alma Henley for the nice
gifts you gave us for our
Halloween party.

Thursday morning Bro.
James Williams and mem-
bers of the Nazerene
Church came to have a
devotional with the resi-
dents.

Thursday afternoon, C.
W. Wilhite, Reta Shipp,
Mrs. Taylor, and Mrs.
Kersey came to play 42,
dominoes and checkers
with Russ Duncan, Alma
Henley, Ora Roberts, Lena
Bell Thomas, Jerry Mud-
gett, and Celo Bellar.

Friday afternoon ladies of
the Assembly of God
Church came to have a
devotional. Songs were
sung, Bible reading were
read, thoughts and feelings
were shared. I'll Fly Away
was sang upon the request
of Lena Thomas. Refresh-
ments of ice cream and
homemade cake was ser-
ved to those attending and
those in their rooms.

Sunday morning, E.B.
Wilson came to have Bible
Study with the residents.

Sunday afternoon The
Circle Back and Needmore
Singers came to sing to the
residents.

Tuesday the Hospital &
Nursing Home Auxillary
came to shampoo and set
the ladies hair.

Wednesday afternoon
Glenda Jennings, Bro.
Louis Crenshaw, Jackie
Johnson, and Ann Hall
from the Lazbuddie Meth-
odist Church came to have
a Sing-A-Long with the
residents.

Mildred Head visited
Dottie Wilterding Wed-
nesday. Mildred brought
Aunt Dot to the Sing-A-
Long. Lona Embry also
visited.

Willie Steinbock was
visited by his wife Wed-
nesday. Rex and Betty also
visited last week. Vanessa
visited him Wednesday.
Vanessa is the "Little Swe-
etheart" of the nursing
home.

Keith Fuller is working
on crafts in her room. They
sure are nice Keith.

Lena Hawkins, Ruby
Garner visited the nursing
home Wednesday.

Texas Farms Increasing Nation's Total Drops

While the total number of farms in the United States continues to decline, Texas is bucking the trend.

The most significant reason for the increasing number of farms in Texas is the division of Medium-sized farms in East Texas, according to Dr. William E. Black, economist with the Texas Agricultural Extension Service, Texas A&M University System.

"But a relatively small portion of the total number of farms are now producing an increasingly larger share

of agricultural products," Black notes. "This is called concentration."

According to the 1978 Census of Agriculture, about 2.8 percent of the Texas farms produced 60 percent of the value of farm cash receipts. This compares with about 2.8 percent of the U.S. farms producing about 36 percent of the nation's cash receipts from agriculture.

The U.S. Census Bureau defines a farm as "any place from which \$1,000 or more worth of agricultural

products were sold or normally would have been sold in the previous year."

This general definition of a farm, which has been changed since the 1974 Census of Agriculture, is part of the reason for an increasing number of farms in Texas, adds Black. Along with this is the disappearance of medium-sized farms.

"In West Texas, medium farms are being consolidated to form bigger, more profitable farms,"

Black explains. "But in East Texas, medium farms are being subdivided into smaller farms to be used as weekend retreats by folks who have to live and work in the city during the week."

In 1974 there were about 174,000 farms in Texas and in 1978 the number had increased to 194,253, according to Census Bureau figures. During the same period, the number of U.S. Farms declined.

"Technical advances since the '50's, market pressures and growth in nonfarm employment in rural communities are three reasons for the overall decline of this nation's farms," notes Black.

Agent Discusses Fertilization Advantages

Fall application of fertilizers for next year's crop has some real advantages over waiting until next spring. Spencer Tanksley county extension agent identifies some of the factors in favor of the practice.

Of first importance, it is proven that phosphorus, potassium and other plant nutrients are relatively immobile in our clay loams.

When fall applied, they stay there ready for plant use next year. Except on sandy soils, fall-applied, nitrogen loss is negligible. Research with grain sorghum shows equal yield response from fall and spring application on the heavier soils.

Anytime after corn, sorghum or cotton harvest is a good time to fertilize.

Presently, our soil moisture conditions are favorable for ammonia application and retention. If you are concerned about residue decomposition, the present combination of warm soil, moisture and the addition of nitrogen are in your favor.

Now that much of the fertilizer is custom applied in bulk with heavy equipment, there is less danger of compaction in the fall. Good weather generally prevails making the job easier for all concerned. Availability of materials and equipment is a distinct advantage, and quite possibly, there may be price incentives now versus the price next spring. Talk to your dealer about price.

The kind and amount of fertilizer needed can best be determined by having a soil test made and interpreted in light of research that has been conducted in your area. Tanksley points out that the Extension Soil Testing Laboratory has recently added considerable equipment to improve soil testing. In addition, to determining nitrate nitrogen, six other tests are routinely made. The micronutrients, zinc, iron and manganese are made on request.

Prompt attention can be given soil samples received in the fall, but it may take a little longer next January or February. Information on how to collect and mail soil samples can be obtained from the office of the county extension agent.

STERN NOTICE
BRUSSELS, BELGIUM -- The Kremlin will take "countermeasures" if NATO deploys medium-range nuclear missiles in Western Europe, a member of the Soviet Communist Party Central Committee warns in an article published in Brussels.

NIXON & LEADERS
AMMAN, JORDAN -- Former President Richard Nixon said recently that the Middle East is facing a "dangerous time" and described the assassination of Egyptian President Anwar Sadat as "A setback to peace in the region."

South Plains To Offer Night Welding Course

Beginning in the fall of 1982, South Plains College here will offer a half-time welding program in the evenings.

The occupational training program will meet 15 hours a week (five hours per session for three nights) in SPC's expanded welding facilities, due for completion by next fall. "We've had a number of requests for an expanded night program from students currently enrolled in one-night-a-week classes," explained Pete Stracener, SPC welding instructor. "They simply wanted to go ahead and learn as much as they could, as quickly as they could," he said.

He estimated that, by attending the night program, students will be able to complete their welding studies in eight semesters.

SPC's welding programs emphasize pipe welding and pipe layout, since much of the welding done on the South Plains is related to the oil industry, said Stracener. "With the current boom in the oil fields, welding skills are at a premium for construction of new plants, repairing rigs, fabrication of new equipment, etc.," said the SPC instructor.

SPC's expanded welding facilities will include about 6,000 square feet of floor space, a self-contained classroom and several new pieces of welding equipment.

Persons needing more information should contact Stracener at SPC, 1400 College Avenue, Levelland, Texas 79336 (806) 894-9611, ext. 251 or 295.
