LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—F.F.A. youths had the top fat cattle at Fort Worth Monday at \$23. The top was earned by the Burnet County F.F.A. group and the Frisco group from Collin County. The "commercial" type of feeding project is taking hold and we have seen better than a dozen such climaxed here this year, while a couple of years ago no more than a couple or three existed.

The "commercial" feeding tests teach youngsters how to fit cattle for market, instead of the showing. It teaches how to make a profit, or how to make a loss. This year has been bitter for many young folks because of adverse price trends, high feed costs, and in many cases, feeders that cost too much. These lessons, while hard, are teaching the boys and girls the facts of economics—profit and loss—and may save them from much costlier mistakes in the years ahead.

We simply cannot fail to add our bit in this matter. We think commercial feeding projects are the answer to the farm youth livestock feeding program. A tiny percentage of livestock producers in adult life fit livestock for shows. Yet every livestock producer fits cattle for market whether on grass or in the feedlot.

It seems to this writer that every town, county and district can solve the headaches of show sales which in many cases were getting burdensome to merchants and local business men. It's certainly worth looking into.

Cattle were steady to strong at Fort Worth Monday. Hogs drew 25 to 50 cents higher prices, topping at \$21.25—21.75. Sows sold \$17.00—19.00; pigs \$17.00 down, Spring lambs were steady to 50c lower, topping at \$23.50. Old crop shorn lambs were steady to 50 cents higher, topping at \$20.00. Yearlings and two's sold for \$15.00—18.00. Old wethers \$12. Old ewes \$7.50—9.50. Shorn feeder lambs \$18.50 down.

Good and choice fed steers and yearlings \$19.00—23.00, and lower grades \$13.00—19.00. Fat cows \$12.50—14.50, few higher; canners and cutters \$9.00—12.50. Bulls \$1.00—18.00. Good and choice fat calves \$19.00—23.00; common and medium kinds \$13.00—18.00; culls \$10.00—13.00. Stocker calves \$15.00—23.25; stocker yearlings \$22.50 down; stocker cows \$12.00—22.00.

The button "to remind others" is prominent on the lapel of each. Benny, Red Cross radio star.

(In the absence of Congressman Fisher, this week's newsletter is by Congressman A. S. Herlong, Jr., 5th District of Florida.)

Because of a death in the family of my good friend Clark Fisher, he was called home Tuesday. As he was leaving he remarked to me that he was certainly sorry, in the rush of getting away, that he had not had time to make his weekly report to you, the people of the 21st Texas district. I volunteered to make the report for him, so here goes:

The Committee on Agriculture, of which I am a member, has been holding hearings all this week on the extension of the bill to permit the importation of Agricultural workers from Mexico. While Congressman Fisher is a valuable Member of the Committee on Armed Services, his interest in this legislation was so great that he has been sitting in with the Committee on Agriculture at these hearings.

A strong case has been made by witnesses before the Committee for a continuation of the present bill for a period of three years with, of course, some recommended changes in administration. It seemed rather silly to the committee, for example, that workers living just across the border and wanting to work in the U. S. should have to make the 900 mile trip to Irapuato in order to be processed and then, at the expense of the employer, have to be brought back the same 900 miles and more in order to get work.

Very helpful to the Committee was the testimony of Ernest Williams of San Angelo, Secretary-Treasurer of the Texas Sheep and Goat Raisers' Association. We also received good help from R. W. Hodge of Del Rio. Vice-president of the association. They certainly spiked the opposition's claim that these Mexican Nationals were only brought in groups of 400 or 500 for certain large corporations and that they were of no benefit to the small rancher of farmer.

One witness testifying on behalf of the American Federation of Labor, said there was enough American labor and we didn't need to import workers. His position was obviously wrong and very shortsighted. He said, in effect, that farm labor should be paid the same as labor in the great industrial plants at Detroit. This could be done if the farmer and rancher could set a price on what they sold. Unfortunately the farmer or rancher is the only person who invests his money to produce something, then puts it on the market and says: "What will you give me for it?" When the price of the product of the farmer or rancher goes up, however, this witness, as a consumer, is the first person to ask Congress to clamp on ceiling prices or controls. If Agricultural workers wages were on the same basis as industrial workers, ranchers and farmers would lose money. They couldn't therefore continue in business. There would be a shortage of their products. Consumers then would have to bid for the scarce products at tremendously high prices or we would have to have rationing. There is no need for this. Our Committee and Congressman Fisher along with us, are working for a reasonable and common sense solution to the problem. We think we can get it.

Let's Have Another Kind of Pie...
PIE OF THE MONTH

By BETTY BARCLAY

For sweet variety's sake serve the coffee tonight with individual tarts, made with a new and different crust, filled with ice cream and topped, sundae-fashion, with a chocolate-peppermint sauce! And, best of all, we'll be ready to serve this party dessert in just about 15 minutes! The brand new crust is just butter and shredded coconut, toasted in the oven, and the quick and luscious sauce is made in a jiffy with a sweetened cocoa mix.

Sundae Tarts
2 tablespoons soft butter
1 package (1½ cups) shredded coconut
Vanilla ice cream

Chocolate Peppermint Sauce
Spread butter evenly in 6 miniature pie pans, shallow coconut cups or tart tins. Sprinkle coconut in one, pressing coconut into the butter. Bake in moderate oven (350° F.) 10 to 12 minutes, or until golden brown. Cool. To serve, fill tarts with vanilla ice cream and pour Chocolate Peppermint Sauce over top.

Chocolate Peppermint Sauce
1 cup instant sweet cocoa mix
Dash of salt
1½ cups hot water
2 tablespoons butter
5 or 6 drops peppermint extract

Combine cocoa mix and salt in saucepan. Add water. Place over medium heat, bring to a boil, and boil 4 minutes, stirring constantly. Remove from heat, add butter and flavoring, and mix until smooth. Cool and serve on Sundae Tarts. Makes 1½ cups sauce.

LOVING A SOLDIER

Loving a soldier is not always gay. For with the price you must pay—It's mostly loving but not to hold; It's being young and feeling old; It's sending a letter with an up-side stamp

To a faraway lover in a far-away camp. Being in love with merely your dreams Brings thoughts of heaven with lovelight gleams.

It's having him whisper his love for you And whispering back that you love him too. Then comes a kiss, a promise of love Knowing you're watched by the God above. Reluctantly, painfully, letting him go While you're crying inside—wanting him so.

The day goes by. No mail for a spell And you wait for word that he is well.

And when letters come you shiver with joy And act like a child with a new toy.

It's loving a soldier, the boy you adore: And hating the world, yourself and war.

And it's going to church, to kneel down and pray And really mean the things you say. And though you know he is far away

You love him more and more each day.

Loving a soldier is bitterness and tears.

It's loneliness, sadness and well-founded fears.

No! Loving a soldier is no fun: But it's worth the price when the battle is won.

Chevrolet is the only low-priced car to offer...
Extra-Easy Power Steering

The Bel Air 4-Door Sedan (above) and the "Two-Ten" 2-Door Sedan (right)—two of 16 beautiful models in 3 great new series.

You park and steer with finger-tip ease, yet the familiar feel of the road is still there. Driving is easier—and safer than ever!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Power Steering! It's yours in Chevrolet for 1953 and in no other low-priced car!

This wonderful new feature, optional on all models at extra cost, marks the most important advance in driver convenience and safety since the automatic transmission, which Chevrolet also introduced into its field.

Power Steering makes steering virtually *effortless* on all roads and at all speeds. It permits you to park, even in a tight space, with finger-tip ease. It cuts steering effort approximately 80%; reduces driver fatigue; makes driving simpler, safer and more enjoyable than ever before.

But come in! See and drive Chevrolet for 1953 with Power Steering and all its other exclusive advantages!

Continuation of standard equipment and trim as illustrated is dependent on availability of material.
