## MRS. JOHN PHILLIPS Pioneer Settler Dies; Was Resident Here 67 Years

Mrs. John Phillips, resident here since 1886, was buried in the City Cemetery here Wednesday afternoon following services held in the Presbyterian Church. She was the last of the surviving charter members of the church here, having joined it April 1, 1895. A Rev. Story was conducting a revival meeting at the old church in Montvale.

Born in Greyrock, Texas, Mrs. Phillips came to Sterling in 1886. She was the daughter of R. B. and Mary Jane (Simpson) Cummins. Seventy-nine years old, Mrs. Phillips had been ill for some time, and had been a patient in the Sterling County Hospital for almost three months in a serious condition.

Funeral services were conducted in the Presbyterian Church with the pastor, Rev. Bob Brannon, officiating. He was assisted by Rev. Robert Ritchie, pastor of the Baptist Church and Wayne Zack, minister of the Church of Christ.

Survivors include the husband, of Sterling City; two daughters, Mrs. Larkin Longshore of Forsan and Mrs. Adolph Wood of Colorado City. A son, Wayne Phillips, preceded her in death in 1935. Five grandchildren and three great-grandchildren survive.

Pallbearers were Will Durham, Jim Hinshaw, Aaron Clark, Dr. W. J. Swann, Hal Knight and Fowler McEntire.

## Hallmarks Visit in Mississippi And Florida

Mr. and Mrs. Luther Hallmark have returned from a visit in West-point, Mississippi and Orlando, Florida. In Mississippi they visited the L. B. Hallmarks, Jr. and in Florida they visited a daughter, Mrs. Maudine Myers and family. Luke said they went through Mississippi first and spent a week. While there he and L. B. went fishing and caught 14 bass, weighing four and one-half to five pounds each. In Florida it was raining, in fact said Luke, it had rained 55 days straight running while they were there and on the day after they left, it really rained—about nine inches in one rain.

## USO DISTRICT CHAIRMAN

J. T. Davis, local banker and rancher, was asked to be the district chairman for the USO drive this year. Ben Wooten, president of the First National Bank in Dallas, state chairman, asked him to take the district chairmanship.

**R.T. Caperton County Chairman**  
Davis said R. T. Caperton was to be Sterling County chairman and was now receiving funds. He asked that all the county cooperate in the drive, and help chairman Caperton.

## LIONS CLUB

The Lions club members met on Wednesday noon for the regular weekly luncheon in the community center.

It was announced that R. T. Caperton was to head the Sterling County USO drive this year.

The prize went to Alvie Cole. Fred Campbell told of the vet from Big Spring coming down and testing cows and vaccinating dogs on Monday of this week. He and Alvie Cole went with the vet on the tour.

There were four guests. They included Charles Fitzpatrick of Stanton, Sgt. Jowers, Al Severin, and Eddie Ward.

## North Concho River Soil Conservation News Column

Tom Humble, a cooperater in the North Concho River Soil Conservation District, who ranches ten miles east of Sterling City, has recently completed planting eight acres of improved pasture on his irrigated farm. A mixture of orchard grass, Kentucky fescue 31, smooth broomgrass, evergreen sweet clover and alfalfa were seeded.

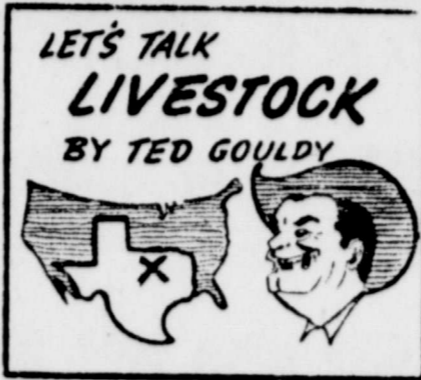

Tommy Foster was elected Supervisor of zone 5 of the North Concho River Soil Conservation District. Tommy replaces Foster Sims Price, who has served in that capacity for the past ten years and did not seek reelection.

Moisture penetration checks were made in the Sterling City area after recent rains by Range Technicians assisting the North Concho River Soil Conservation District. On deep soil sites with a cover of sideoats grama, the moisture penetrated to a depth of 11 inches. On the same site moisture penetrated 7 inches on bare ground.

This shows that even though the rain fell slow there is less runoff and deeper penetration of moisture in a grass cover than there is on bare ground. Grass roots open up the soil where moisture will penetrate faster. The litter from grass slows the water down and gives it more time to soak in.

Mr. and Mrs. Roland Lowe went to Lubbock last weekend for the Texas Tech—A&M football game. Their daughter, Dorothy Sue, a student in SMU, met them there and they were the house guests of the Fred Borens.

B. C. Bristol's mother, Mrs. Frank Bristol of Tyler, has returned to her home following a visit here with her son and his family. Bristol is stationed here with the Texas Highway Patrol.

Fort Worth—Some sort of price support program appears certain for livestock. About the only thing that could prevent this would be a turn-about that resulted in a sharp rise in cattle and other species of meat animals.

Latest straw in the wind: The House Agriculture Committee late last week called on Agricultural Secretary Benson to extend the price supports to cattle immediately to prevent "economic disaster" to producers.

Pressure for price supports has been building up steadily despite strong opposition. Recent indications of this trend were a meeting of several hundred at Matador, Texas, where a group was organized and resolutions were passed favoring supports on livestock if they are maintained on other agricultural commodities.

Latest newspaper poll conducted by the Amarillo Daily News netted a majority of votes in favor of supports.

The proposal outlined by the House Committee was for support at a certain level for "choice" grade cattle. While there are relatively few "choice" grading cattle produced in the Southwest, the reflected strength that would result from encouraging Corn Belt Feeders would help prices here.

Secretary Benson has shown no inclination toward support prices for livestock, and in general is dedicated to self help attitude toward the farm problem. Self help is increasingly difficult for stockmen.

Most observers feel that when the chips are down the present administration will come out with a program of supports, etc., not too much at variance with programs already established. Right now a lot of fat is being trimmed off Department of Agriculture programs.

Along with this fat there are many die-hard New Deal and Fair Deal political appointees being forced to resign or be fired.

No doubt about it, the farm program is shaping up as the No. 1 issue in political circles and the next congressional and presidential elections are sure to be decided on that issue.

At Fort Worth Monday the trade on cattle and calves was slow due to the big run. Probably 50% or more of the grown cattle were cows. Prices were weaker, most cows and bulls 50 cents off, and some bidders trying for bigger reductions. Topy fat calves were steady but stocker trade was very narrow again. Good and choice grain fed steers and yearlings were very scarce, selling from \$17 to \$24, and common and medium grassers drew \$9 to \$15. Cull yearlings sold down to \$17.

Fat cows drew \$8.50 to \$11.00, and canners and cutters drew \$5.00 to \$8.50, some shells below \$5. Bulls drew \$7 to \$11, a few above and below that range.

Good and choice fat calves drew \$12.50 to \$16, a few heavies to \$16.50. Common and medium kinds drew \$9 to \$12, with culls from \$7 to \$9. Stocker steer calves drew \$10 to \$16, one top load at \$17. Heifer calves drew \$14 down. Stocker and feeder steers and yearlings sold from \$9 to \$14.50. A few stocker cows drew \$7 to \$10.50.

Hog prices tumbled to the lowest point since last Spring (April) and top hogs drew \$21.25 to \$21.50. Sows held steady at \$18 to \$20.50. Underweights drew \$19 to \$21.

Buyers credit increased seasonal offerings in Corn Belt areas and the abundance of competitive meats for the dive hogs have taken.

Slaughter ewes at Fort Worth Monday were weak to around 50 cents lower. Fat lambs were steady to weak. However, the quality of the run was lower than usual and liberal fills offset some of the lower bids. Feeder lambs drew strong prices.

Slaughter ewes drew \$4.00 to \$5.50, and some solid mouthed ewes drew \$6 to \$6.50 to go back to the country. Fat lambs of choice grade drew \$16 to \$17. Medium and lower grades sold from \$8 to \$14. Feeder

## Sterling Plays Garden City Here Tonight

### Hospital Notes

Patients in the Sterling County Hospital on Thursday morning of this week include—

D. P. Glass  
Mrs. Ruth Allen  
Mrs. Malinda Mitchell  
Joe Drennan  
Mrs. V. T. McCabe  
Bobby Lee Turner  
Juanita Munoz  
Victoria Munoz  
Dismissals since Thursday morning of last week include—  
Mrs. W. N. Reed  
Doug Womack  
Mrs. John Phillips, died.

### Mrs. Arlene Green Dead

SAN ANGELO—Funeral services were held here Tuesday for Mrs. Arlene Green, 27, who died Sunday in a San Angelo hospital. She was employed in the Central National bank here before her illness.

Mrs. Green was born in Sterling City and was married to W. T. Green, Jr. in 1944. She had resided in San Angelo seven years and was a member of the Methodist Church here.

Survivors include her husband, two daughters, Karen Elizabeth and Sharon Lynette; her parents, Mr. and Mrs. P. C. Abernathy of San Angelo; three sisters, Mmes. R. Q. Roberts, E. C. Stovall and R. L. McKinney, all of San Angelo and four brothers, Harry Abernathy of Amarillo, Master Sgt. Carl Abernathy of Bogota, Columbia, and Richard and J. L. Abernathy of San Angelo.

### SAN ANGELO SYMPHONY ORCHESTRA SEASON

SAN ANGELO—The San Angelo Symphony Orchestra opens its fifth season in City Auditorium here on Oct. 19 with the Teltschicks, famed brother-duo piano team, in the guests spotlight.

Founding director Eric Soratin will be on the podium to lead a program which will feature both old and contemporary works.

The Teltschicks, making their third appearance in San Angelo, will play Mozart's double Concerto in E flat and Benjamin Britten's "Scottish Ballade."

The orchestra will be heard in the overture to Wagner's "Flying Dutchman" and Tchaikovsky's "Capriccio Italiano."

Individual tickets at \$3.20 may be purchased either at the box office or through the Board of City Development. Season tickets, too, are still available, providing four concerts for \$7.20 (adults) and \$3.60 (students.)

The Rufus Fosters went to Las Vegas, New Mexico last week-end to visit their daughter, Mrs. Fred Allen and family.

Mr. and Mrs. R. T. Caperton, Mr. and Mrs. Ross Foster and Mr. and Mrs. Tommie Foster went to Lubbock last Saturday to see the A and M—Texas Tech football game.

Mr. and Mrs. Horace Donaldson went to Lubbock last Saturday to visit the Bill Barbees. They saw the Texas Tech—A&M football game there Saturday.

Mr. and Mrs. Lee Reed and Miss Jo Retta Owens all went to the Tech—A&M football game in Lubbock last week-end.

"MY FIGHT FOR ADOLF HITLER'S FORTUNE" \* \* \* Is Adolf Hitler really dead? His sister, Paula has revealed her identity in a struggle to claim the Nazi dictator's estate . . . but finds herself the victim of persisting rumors that Hitler escaped from Germany, is hiding in a foreign country! Read Paula Hitler-Wolf's dramatic story in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

er lambs drew \$10 to \$13. Yearlings sold around \$8 to \$11. Old wethers cashed at \$6 to \$8. Old bucks drew \$1.50 to \$2 per hundred.

### GAME TONIGHT AT 8 ON EAGLE FIELD

### Lose To Forsan Last Friday Night

The Sterling City Eagles meet the Garden City Bearcats here tonight at 8 p.m. in a conference game.

In the game last Friday night with the Forsan Buffaloes, the Forsan boys took the honors by a score of 51-40, a game in which the outcome was frequently in doubt. Forsan staved off a Sterling City threat to take the lead in the third quarter. Each team had nine first downs.

Marshall and Earl Blair figured prominently in the scoring for the locals and Leslie Cole shone with his conversion kicking.

Forsan scoring honors went to Pat Brunton, Albert Oglesby, Clifford Draper, Lonney Martin, Harold Hicks and Johnny Baum.

The score by quarters was as follows:  
Sterling City 6 6 16 12—40  
Forsan 13 12 13 13—51

### Play Garden City Tonight

Coach Dorsey's boys engage the Garden City Bearcats here tonight at 8 p.m. The lineups for the soiree are as follows:

**The Reporter Says...**

**WHY THEY ACT FRENCH:** "We frequently complain, in our country, that the French are critical of us and not good enough friends of America; but we forget that they are bitterly critical of themselves, and that many a Frenchman is not a good friend of himself. The French are still playing at being a great power, for they know what a great power is, having been one. Some of their parties are still playing at revolution—there have been so many revolutions of all possible kinds in the French past."

**NEW GIMMICK IN AD-LAND:** The merger of psychologists and ad-men has introduced a brand-new phrase—"motivational research"—to the jargon of the advertising world. This involves exploration into the real reasons why a consumer buys or rejects a product. Motivational research applied to the sale of prunes shows, "Prunes are symbols of old age . . . prunes are disliked as a symbol of parental authority . . . prunes are plebeian and without prestige. . . The prune is a witch."

**A FARMER SPEAKS:** "Farmers look to Washington in good times and bad. Those of us who live on the land often boast of our independence and rugged individualism, yet when the going gets tough, like every other sector of the population we expect the government to do something about it. . . There is one thing about which the vast majority of farmers was and is certain. . . This is that some sort of government support for farm prices is a permanent feature in the American economy."

**THE LADY COMMENTATORS:** On the basis of the radio programs to which the typical female listens, one would guess that she is "interested in fashion, home decoration, and children. She is concerned about civic corruption and social welfare. She wants to know about new books and the arts. . . She believes in the popularized tenets of modern psychology. . . Her world is not an eccentric or a passionate one, but it is a pleasant world where problems are solved with 'counseling,' 'packaged savings,' 'Dramedary cake mix, and good will.'"

**THINGS TO TALK ABOUT**  
 BY FRANKLIN J. MEINE  
 Editor, American Peoples Encyclopedia

BECAUSE MANY VISITORS TO NATIONAL PARKS HAVE BEEN INJURED BY APPROACHING WHAT THEY BELIEVE TO BE TAME ANIMALS, THE NATIONAL PARK SERVICE HAS EXTENDED REGULATIONS AGAINST THE MOLESTING OF BEARS TO COVER OTHER LARGE ANIMALS.

HOW ABOUT THIS, MAINE?

New Mexico voters have picked the winner in every presidential election since achieving statehood. In 1912 and 1924 it was by a plurality — in all other elections by a clear majority.

MORE THAN 1,000,000 PERSONS ARE ENGAGED IN FORCED LABOR IN CHINA AT THE PRESENT TIME.

**Ice Cream Plus...**  
 By Betty Barclay

WHAT'S more glamorous than ice cream? The obvious answer is ice cream all dressed up for a party as it is in this Pineapple-mint Parfait Pie! Here vanilla ice cream is spooned into warm lime-flavored gelatin and stirred until melted. The next addition is crushed pineapple which is folded into the thickened gelatin mixture. Then, this frothy pale green mixture is turned into a baked pie shell to chill. Simple as that and ummm good!

**Pineapple-mint Parfait Pie**  
 10 sprigs fresh mint; pineapple juice plus water to make 1 1/2 cups; 1 package lime-flavored gelatin; pint vanilla ice cream; 1 cup drained canned crushed pineapple; 1 baked 9-inch pie shell, cooled.

Place mint and liquid in a 2-quart saucepan. Bring to a boil, crushing mint with a spoon. Cover and remove from heat. Let stand about 5 minutes; strain. Reheat liquid.

Dissolve gelatin in hot mint liquid in the saucepan. Add ice cream by spoonfuls, stirring until melted. The chill until thickened but not set (25 to 35 minutes). Fold in drained pineapple. Turn into pie shell. Chill until firm (15 to 25 minutes). Garnish with whipped cream and additional pineapple.

**A Cake in a Pie**  
 PIE OF THE MONTH

By BETTY BARCLAY  
 This is a unique creation called "Funny Cake" and is based on an old Pennsylvania Dutch recipe. The downy-tender cake is baked in a flaky pie shell with a rich sauce between the two. It's certain to be a sure fire hit appealing to both cake and pie lovers.

**Pineapple-Butterscotch Funny Cake**

Roll pastry on lightly floured board to fit into a 9-to 10-inch glass pie plate. Line plate with pastry, letting it extend 1 inch beyond the edge of the pie plate. Turn edge of pastry under and make a high fluted rim.

**For Pastry:**  
 1 1/2 cups sifted flour  
 1 teaspoon salt  
 1/2 cup blended lard shortening\*  
 2 to 3 tablespoons water

Combine flour and salt. Cut in shortening until mixture is consistency of corn meal. Sprinkle with cold water. Put dough on waxed paper. Press and knead gently into a ball and let stand for 15 to 20 minutes at room temperature while sauce is being made.

**For Sauce:**  
 1/4 cup butter or margarine  
 1/2 cup firmly packed brown sugar  
 2 tablespoons light corn syrup  
 3 tablespoons water  
 1/2 cup drained canned crushed pineapple

Combine butter, brown sugar, and light corn syrup in saucepan. Place over low heat. Cook and stir constantly until mixture comes to a boil. Add water and bring again to a boil. Boil 1 to 2 minutes. Remove from heat. Stir in pineapple. Set sauce aside to cool.

**For Cake:**  
 1 1/4 cups sifted cake flour\*\*  
 1 teaspoon double-acting baking powder  
 1/2 teaspoon salt  
 1/2 cup sugar  
 1/4 cup blended lard shortening\*  
 1/2 cup milk  
 1 teaspoon vanilla  
 1 egg, unbeaten  
 3 tablespoons chopped nuts

Measure into sifter: flour, baking powder, salt, and sugar. Place shortening in mixing bowl. Sift in dry ingredients. Add milk and vanilla and mix until all flour is dampened. Then beat 2 minutes. Add egg and beat 1 minute longer.

**Baking:** Pour batter into pastry-lined pie plate. Pour lukewarm sauce gently over cake batter. (When cake is baked, sauce will form a layer between cake and pie shell.) Sprinkle with chopped nuts. Bake in moderate oven (350° F.) 20 to 25 minutes, or until done.

**Now Take Syrup...**

By Betty Barclay

PROBABLY you do take syrup, often, on those mornings, when there are waffles or pancakes for breakfast. But if you have a tendency to place syrup in the breakfast pigeonhole and leave it there, you miss many a fine bet in good eating. So, take your bottle of maple-blended syrup down from the shelf frequently to use with other good foods in such luscious combinations as this Maple Coconut Sundae. It's made in minutes and sure to please your family—and your budget!

**Maple Coconut Sundae**  
 1/4 cup maraschino cherry syrup;  
 1/2 cup shredded coconut; 1 pint vanilla ice cream; 1/2 cup maple-blended syrup (about).

Combine maraschino syrup and coconut. Let stand an hour, or until coconut has absorbed maraschino flavor and color.

Place ice cream in sherbet glasses. Sprinkle with the coconut. Pour maple-blended syrup over top. Makes 4 servings.

**Let's Make Fudge**

By Betty Barclay

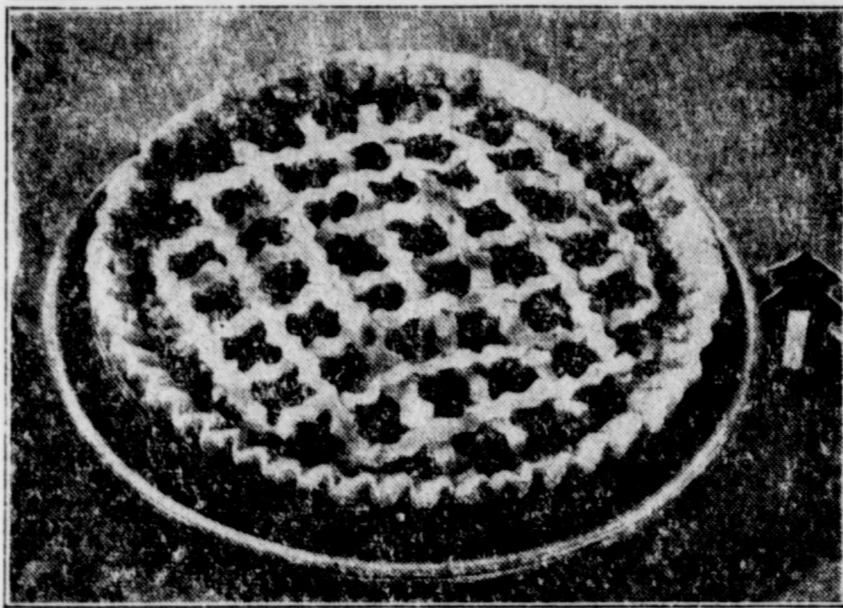

TO say that recipes for fudge are as numerous as the sands would be more than slight exaggeration, but you'll have to admit there are a goodly number. If you could total all the recipe variations of this candy favorite, there would probably be almost as many as the number of people who ever said, "Let's make fudge." Of course, all these fudge recipes aren't good recipes, so if you need something rather special, try this Log Cabin Fudge.

**Log Cabin Fudge**  
 1 cup maple-blended syrup; 1 cup sugar; dash of salt; 1/2 cup light cream; 1/4 cup broken walnut meats.

Combine syrup, sugar, salt, and cream and place over low heat. Bring to boiling point, stirring constantly. Then boil, without stirring, until a small amount of mixture forms a soft ball in cold water (or to a temperature of 236° F.). Remove from heat. Cool to lukewarm (115° F.), without stirring. Then beat until mixture loses its gloss (12 to 15 minutes). Add nuts and turn at once into lightly buttered 8x4x3-inch pan. When cold, cut in squares. Makes 18 large pieces.

**Celebrate With Cranberry Pie**

By JANE ASHLEY

The National Cranberry Association is saluting their special fruit this month with a big Festival in Massachusetts. So, you have your own celebration by serving your family this delicious pie.

**Old-Fashioned Cranberry Pie**  
 2 1-pound cans whole cranberry sauce  
 1 cup raisins  
 2 tablespoons sugar  
 2 tablespoons corn starch  
 1/2 teaspoon salt  
 1/2 teaspoon cinnamon  
 1 teaspoon grated lemon rind  
 1 recipe "Easy-Mix" Flaky Pastry

Combine filling ingredients in a bowl; mix well. Line a 9-inch pie pan with 1/2 of pastry. Fill with cranberry mixture. Roll out remaining pastry for top crust. Make several slits in crust to permit escape of steam. Place crust over cranberry mixture; seal and flute edges, or prepare top crust, lattice fashion, as pictured. Bake in hot oven (450° F.) 25 to 30 minutes.

**"Easy-Mix" Flaky Pastry**  
 2 cups sifted all-purpose flour  
 1 teaspoon salt  
 1/2 cup Mazola Salad Oil  
 1 cup plus 1 tablespoon ice water or cold milk

Sift flour with salt. Combine salad oil and ice water in measuring cup. Beat with fork until creamy. Pour all at once over

flour mixture. Toss and mix with fork. Form dough into ball; divide in half. Roll between two 12-inch squares of wax paper (wipe table with damp cloth so paper will not slip). Remove top sheet, place dough in pan, peel off other sheet. Proceed as above.

National Wine Week is marked off for October, too. So we offer you this fine main dish for this special occasion.

**Chicken in Wine Sauce**  
 1/2 cup salad oil  
 3 1/2-pound frying chicken, cut in 6 pieces  
 1/4 cup flour  
 1 teaspoon salt  
 1/4 teaspoon pepper  
 1/2 teaspoon leaf thyme  
 2 1/2 cups (No. 2 can) canned tomatoes  
 1 medium onion, sliced  
 1/2 cup red wine

Heat salad oil in Dutch oven or heavy skillet over medium heat for about 3 minutes. Put chicken and flour in paper bag and shake until well coated. Sauté chicken over medium heat until well browned. Combine salt, pepper and thyme with tomatoes, and pour over chicken. Add onion and red wine. Cover; reduce heat, and cook slowly for about 30 minutes, or until chicken is tender. Remove cover and cook about 10 minutes longer (sauce will thicken). Makes 6 servings.

**Advertising Doesn't Cost—It PAYS**

It now costs more to amuse a child than it did to educate his father.

Most fellows take misfortune like a man—blame it on their wives.

The taxpayers are beginning to feel like the sick man about whom the doctor inquired.

"Nurse, did the patient take the medicine religiously, as I ordered?"  
 "No, sir," replied the nurse. "He cursed every time he took it."

"From Production to Marketing —

We're Proud to Serve

the Great West Texas Oil Industry"

From production to marketing, dependable electric power is a working partner of the West Texas Oil Industry — an industry which is the basis for the continued growth and prosperity of the area.

A pioneer in serving the Oil Industry, the West Texas Utilities Company has recently put into service — as a part of a \$40,000,000 construction program — new electric generating facilities providing an additional 95,000 horsepower of electrical energy to serve the Oil Industry and West Texas.

**'Round The Clock**

By Betty Barclay

**Y**ES, indeed, the Postum Milk Shake for which the recipe is given below is a beverage that can be enjoyed 'round the clock by all age groups. The secret of its versatility is the instant cereal beverage that can be taken between or at meals by youngsters as well as adults. And, be sure to make enough, 'cause once your family discovers how delicious and refreshing this beverage is, they're sure to want more.

**Postum Milk Shake**  
 8 tablespoons hot water, 1½ tablespoons instant cereal beverage; 2 tablespoons sugar; 3 cups chilled milk\*; ¼ teaspoon vanilla (optional).

Combine hot water and instant cereal beverage in shaker, glass jar, or electric blender. Mix until instant cereal beverage is dissolved. Add sugar, milk, and vanilla, if desired; blend. Makes 3 servings.

\*Homogenized milk is preferred.  
 For 1 serving, dissolve 1½ teaspoons instant cereal beverage in 1 tablespoon hot water in shaker or glass jar. Add 2 teaspoons sugar and 1 cup chilled milk. Add few drops of vanilla, if desired. Shake well to blend.

For engraved announcements, cards, letterheads and envelopes, see the News-Record. Prices are reasonable.

From where I sit... by Joe Marsh

**Modern Art Takes a Licking!**

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week.

His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown:

"Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a

lot of folks — one fellow even wanted to buy it!"

From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fellow's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

**Gasoline**  
 for Sunday driving . . . or **Natural Gas**  
 to cook next Sunday's roast?

Most people think only of gasolines, lubricants, and fuel oils when the petroleum industry is mentioned. The fact is, practically all oil producers are also natural gas producers. So today the driller of a wildcat, or exploratory well, calls his venture successful if the well discovers either oil or gas.

If it is an oil well, then he has helped to supply the country's increasing needs for oil and oil products; if it is a gas well, he has discovered additional supplies of an efficient, economical fuel for household and industrial use.

The petroleum industry's development and conservation of the country's natural gas resources is a practical demonstration of the progress to which Oil Progress Week invites attention.

Beginning with the location of the well, advanced geological and geophysical studies of underground formations aid in the selection of likely oil or gas producing

areas, but still the odds against a wildcat well producing either gas or oil are eight to one.

If a natural gas field is discovered, reservoir engineers immediately begin their studies to determine the best producing methods to conserve the underground energy and to obtain the maximum production for the longest possible time.

If the gas that is discovered is "wet," it is processed in gasoline plants which remove the liquid parts and send them to refineries for further processing into motor fuels and aviation gasolines, or to petrochemical plants to be converted into a long list of useful chemical products, among which are the plastics and synthetic fabrics with which you are so familiar. "Dry" gas, the residue from gasoline plants, and sometimes produced direct from the gas field, is the natural gas that burns in literally millions of homes throughout America and under the boilers of thousands of American industries.

So, whether a wildcat well discovers oil for gasoline or natural gas for the kitchen stove, it adds to the available energy resources of the most highly mechanized nation on earth; it supplies products essential for today's and tomorrow's high living standards; it gives additional strength to measures for National defense.
