Noratadata Club Reunion Here Today

The members of the Noratadata Club will hold a 20th Anniversary Reunion here Friday, June 25. The members will meet at the community center at 1 p. m. and then proceed to the Alvie Cole Ranch. That evening their husbands will join them for a barbecue supper.

Charter members of the club include Mrs. Fred Allen, Mrs. Roy L. Griffin, Mrs. J. S. Cole, Jr., Mrs. John W. Denten, Mrs. R. T. Foster, Jr., Mrs. Harold Gober, Mrs. Harvey L. Hennigan, Mrs. Chesley McDonald, Mrs. Mumpsy Wallace and Mrs. Hubert Williams.

Present members include Mrs. Dayton Barrett, Mrs. Fred Campbell, Mrs. Alvie Cole, Mrs. Bill J. Cole, Mrs. Nan Davis, Mrs. Worth B. Durham, Mrs. Joe Emery, Mrs. Forrest Foster, Mrs. J. Q. Foster, Mrs. Reynold's Foster, Mrs. Ross Foster, Mrs. R. T. Foster, Jr., Mrs. William Foster, Mrs. Delbert Haralson, Mrs. Anna Lee Johnson, Mrs. Chesley McDonald, Mrs. Ewing F. McEntire, Mrs. G. C. Murrell, Mrs. Foster S. Price, Miss Sue Nelson, Mrs. Martin C. Reed, Mrs. Neal J. Reed, Mrs. I. W. Terry, Mrs. Finis Westbrook and Mrs. Hubert Williams.

Present associate members include Mrs. Fred Allen of Las Vegas, N.M., Mrs. Harold Gober of Lubbock, Mrs. Bill Barbee of Lubbock, Mrs. T. A. Revell of Bellaire, Texas, Mrs. J. S. Augustine and Mrs. Garlyn O. Hoffman.

The first president of the club was Mrs. Harold Gober. Mrs. Chesley McDonald is the 1953-54 president and Mrs. Delbert Haralson was installed last meeting as the 1954-55 prexy.

The past presidents in order of service are as follows: Mrs. Harold Gober, Mrs. Mumpsy Wallace, Mrs. Hubert Williams, Mrs. Anna Lee Johnson, Mrs. Martin C. Reed, Mrs. Fred Allen, Mrs. Alvie Cole, Mrs. G. C. Murrell, Miss Sue Nelson, Mrs. Joe Emery, Mrs. R. T. Foster, Jr., Mrs. Edwin Aiken, Mrs. Ross Foster, Mrs. Forrest Foster, Mrs. Worth B. Durham, Mrs. Trinton Revell, Mrs. Foster S. Price and Mrs. Chesley McDonald.

The club actively promotes community projects, handles drives for some of the well-known fund raising campaigns (such as Heart Association, etc.) and participates in federated club activities.

The Fred Allens of Las Vegas, N. M., are here visiting Mrs. Allen's parents, Mr. and Mrs. Rufus Foster, and other relatives and friends.

Lions See Wildlife Film Wednesday

The Sterling City Lions Club members met at the community center Wednesday noon for the regular weekly luncheon meeting. A film on wildlife was shown. The program was secured via the county agent's office by Billy Roland Conger.

Guests included Bob Cramer, Jake Martin, Carl Bently and James England.

R. P. Brown reported on a reported telephone company rate increase here. He said the company assured him that there would be no further rate increase and that the dial system promised by the old San Angelo Telephone Company was to be put into effect in the coming year.

It was announced that Wayne Zuck would install the new officers at the meeting on Wednesday, June 30.

The prize went to R. T. Caperton.

Santa Fe Supporting 4-H Club Program

The Santa Fe Railway will continue its support of 4-H Club work in 1954 by making its annual contribution to the National Committee on Boys and Girls Club Work to be used for awards in states served by the Santa Fe.

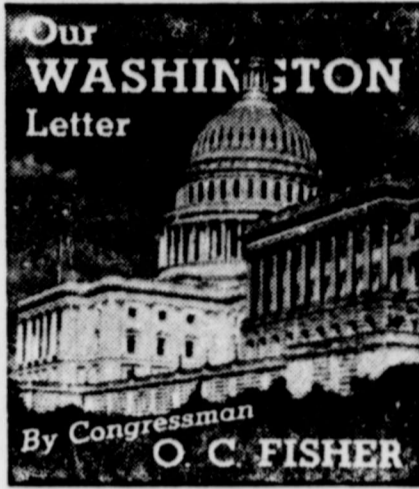

In addition to the awards program, the Santa Fe will contribute \$1,000 to the National Committee's service fund.

Under the awards plan, Colorado receives four awards, New Mexico 3 and Texas 15, and judgment is made by the 4-H Club leaders in each state based on individual achievement records of the boys and girls.

A total of 66 awards are provided for in the Santa Fe grant. Additionally, 20 college scholarships of \$250 each are provided and of these one goes to one boy and one girl in each of the states of Colorado, New Mexico and Texas.

As has been its custom for many years, the Santa Fe will honor its award winners with a special dinner in Chicago while the winners are there attending the National 4-H Club Congress next fall.

Other states participating in the Santa Fe awards are Arizona, California, Illinois, Iowa, Kansas, Louisiana, Missouri and Oklahoma.

Finishing touches are being applied to a major farm bill by the House Committee on Agriculture. It will probably be reported about July 1st, and is due for a rugged going-over in the House and Senate before going to the White House.

That committee has tentatively approved, to be included as a part of the over-all farm measure, the wool bill previously passed by the Senate. The Administration wool program calls for incentive payments to growers at a price that would be designed to encourage eventually reaching an annual domestic production of 300 million pounds. About 230,000,000 pounds are now produced. Such payments, however, would be taken from revenue that is exacted each year from the tariff on imported wool. The committee version would make it expire on March 31, 1956, unless renewed.

Mohair is included in the proposed program. With the help of Congressman Poage we were able to get the bill amended to require the incentive price level for mohair to be in proportion to the parity level that is accorded to wool, with a maximum 10 percent deviation. If retained, this amendment will be a good break for mohair producers.

On the subject of agriculture, the House last week approved a Senate passed bill to funnel \$1.3 billion of farm surpluses overseas. \$1 billion of this could be for foreign currency, while the balance could be virtual donations to relieve famine, etc.

The foreign currency obtained from the sale of surpluses could be used by our government to purchase strategic materials in such countries. I have long advocated this procedure. I objected, however, to the hand-out portion of the bill, believing that such gifts should be examined by Congress as they are proposed.

The plan as approved would have the effect of reducing price-depressing surpluses at home.

Among recent visitors to our office have been Elmer V. McKinney of San Angelo, here to attend the annual convention of the Retail Grocer's Association; Mr. and Mrs. D. A. Mills, and Mr. and Mrs. B. N. Kuhlmann and daughter, all of Kerrville; Mr. and Mrs. Clayton Webster and two sons of San Angelo; Mr. A. J. Kirkpatrick, Editor of the Robert Lee Observer; Col. L. H. Hewitt, retired, newly appointed member of the International Border Commission. The latter will be stationed in El Paso.

Democratic Candidates Assessed

The Sterling County Democratic Executive Committee met Monday and assessed the candidates for the coming primary elections. Assessments were set at 2½ per cent the net salary and fees of the office sought. Where two or more candidates were seeking the same office, the fees were divided accordingly.

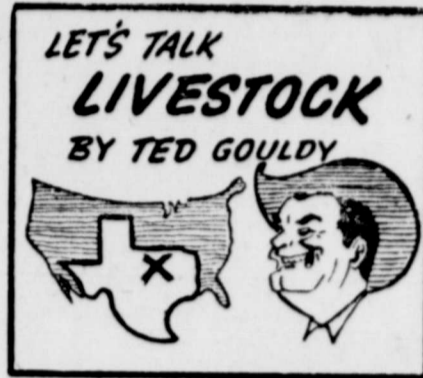

The assessments ran from \$9.00 for commissioners to \$110.00 for Sherriff Bill Green. The county judge's race fee of \$103.88 was split to \$51.94 each for G. C. Murrell, incumbent and Gene Carr. The justice of the peace fee of \$36.66 was split to \$18.33 each for A.W. Dearen and Ira Ratliff.

Assessments must be in by the 26th of June so the ballot copy can be printed. Names of the candidates paying their assessments will go on the ballot and absentee voting is permissible July 4-20.

Assessments here at 2 1-2 per cent compare with 7 1-2 per cent of net salary (with no opponents) in Tom Green County. There candidates for an office with opposition pay a 5 per cent fee.

Mrs. Raymond Vinson and children of Pasedena, Texas left Wednesday for home after visiting Mrs. Vinson's mother, Mrs. Agnes Cole and family.

Sterling City Alumni Banquet Saturday

FORT WORTH--Spokesmen for livestock market at Fort Worth announced that the yards and market would be open Monday, July 5, as usual. The market here has traditionally stayed open at the time because it is a season of heavy movement of livestock to market and often shippers need to move cattle that have been rounded up and are being held in dry pasture or trap pens and they would suffer unnecessary loss if the market closed, because of excessive shrink.

MOST observers at Fort Worth are agreed that Southwestern livestock producers are doing a superior job of marketing their cattle and sheep this year and that it has saved considerable losses in price.

It has now become an established custom for marketings of cattle and sheep to be of considerable size on other days than Mondays at terminal markets, and on several occasions in the past couple of years the Tuesday receipts at Fort Worth have been larger than on Monday. This was an unheard of thing a few years ago.

Reasons for the more even movement to market are several, and it appears to have started during the war years when tires, gasoline and trucks were hard to come by. Many stockmen acquired a Tuesday or Wednesday market habit at that time of necessity.

Now-a-days with fast communications, many livestock shippers wait until Tuesday or Wednesday on the theory that those markets are more stable than Monday and usually the prices are pretty much the same—whereas Monday is difficult day due to being the first day of the week.

There is no argument among market men about the fact that 10,000 head of livestock on Monday, Tuesday and Wednesday, will be handled better and sold higher—than 30,000 head on a single day.

Hog Price Slide Halted at Ft. Worth
The disastrous skid of hog prices that started on June 9 was finally halted at Fort Worth Monday, and sales were 50c higher on both butchers and pasking sows.

The series of losses resulted in a roll-down of prices amounting to \$3 per hundred before the drop was stopped.

The trade listed a number of contributing factors. Hot spells of weather cut into meat eating in densely populated areas of the country, especially Middle West and Eastern seaboard sections. Abundant supplies of competitive meats was another factor in the downward trend. Slackening demand for sows and feeder pigs at country points that increased supplies for slaughter was noted by some observers.

Probably the first real heat-waves of the summer was the bigger factor. Top at Fort Worth Monday was \$23.50 and sows sold at \$14 to \$18.

Fat Spring lambs again topped at \$19 to \$20 at Fort Worth Monday. Feeder lambs drew \$15 downward. The feeder top was 50c above sales late last week, but was considered no more that a fully steady price the kind considered.

Shorn yearling lambs were weak to 50c lower and old wethers and old ewes were also weaker.

Eastern meat trade centers reported some unevenness still on lamb and mutton, but under severe pressure was the old crop shorn yearling lambs. These encountered a hit-or-miss market in all divisions on this account.

J. Q. (Bubba) Foster received a torn ligament in his left knee Tuesday night as he made a first base run at the softball game. His leg was x-rayed soon at the hospital where his injury was ascertained.

The Annual Sterling City High School Banquet and Dance will be held this week, Saturday, June 26 at the Melody Club in San Angelo. Registration will begin at 7 p.m. sharp and the banquet will begin at 7:30, said Mrs. Forrest Foster, alumni president. The dance, which is open to all who want to attend, starts at 9 p.m. in the same place.

The affair will be informal, it was stressed by the officers of the group.

The program, 1954 officers and the menu are as follows:

PROGRAM
School Song _____ Alumni

Showers Monday

Light to heavy showers fell over this area Monday afternoon. Here in town the fall amounted to .15 of an inch.

Heavy flashes up to the west put water over the Garden City highway—stopping traffic for a short while. Two cars were washed down the highway. One couple, Mr. and Mrs. Robert Barlow of Odessa, lost their car and were treated briefly at the hospital here for shock. Their car washed a quarter of a mile downstream. Barlow broke out a rear window and they climbed out. They were rescued by a passerby a short time later.

Clyde Reynolds received 1.10 inches of rain and .71 fell at Garden City.

Attend Sheep & Goat Raisers Directors Meet

Mr. and Mrs. Fowler McEntire and J. T. Davis attended the Director's Meeting of the Texas Sheep and Goat Raisers Association in Alpine last Friday and Saturday. Mr. Davis is chairman of the traffic committee of the association and Fowler is a member of that committee. Mrs. McEntire is active in the auxiliary work of the association.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mr. and Mrs. D. P. Glass
Mrs. Charley Bowen
C. C. Reynolds.
Dismissals since Thursday morning of last week include—
J. T. Davis
Marian Allen.
Betty Jo Barrett
Albert (York) Gruny.

Mrs. John Boyd and daughter, Forrestine and Forrestine's friend, Carol Levy, are here visiting Mrs. Boyd's mother, Mrs. J. A. Revell and other relatives.

Mrs. Rae Jacobs of Houston, visited her daughter, Hounnie Rae Tollett and Mrs. Purvis here last week.

North Concho River Soil Conservation News Column

The North Concho River soil conservation district has entered the national Soil Conservation Awards program sponsored by the Goodyear Tire & Rubber Co. of Akron, Ohio, it was announced today by District Chairman J. R. Mims, of Water Valley.

Members of the North Concho district will compete against other soil conservation districts in the state. Non-partisan judging committees, selected from Texas's outstanding exponents of the soil conservation movement, will determine the state's outstanding district for the period May 1, 1954 and April 30, 1955 on a basis of total points scored in performance of regular district duties.

Grand award for one member of each winning district governing body and the top cooperating farmer or rancher named by the district will be a one-week, expense-free, vacation trip to Goodyear's fabulous winter resort, the Wigwam Guest ranch on Goodyear Farms, Litchfield Park, Ariz., in December, 1955.

Members of the North Concho River district governing body who will compete for the Goodyear award are: J. R. Mims, Tommy Foster, Tommy Humble, A. S. Brokaw of Grape Creek and Fred Hoelscher of St. Lawrence.

National winners of the Goodyear Soil Conservation Awards will be honored at the seven regular area meetings of the National Association of Soil Conservation districts. Plaques will be awarded at these conventions to the hundred first and second place winning districts.

Cool and Easy DESSERT OF THE MONTH!

By BETTY BARCLAY

Here is a summer drink, both "different" and delicious, and one you'll be glad to have "discovered"! The ingredients? Just items you are likely always to have on hand: a box of shredded coconut, a can of concentrated quick-frozen orange juice! The rest? A 10-minute simmer, a thorough chilling—a wonderful beverage for the good old summertime!

Coconut shell beverage glasses aren't a "must" for serving this unusual—as well as unusually delicious—summer drink, but they are fun! If you feel in the mood for making them, here is the formula: puncture the "eyes" of a fresh coconut and pour off the milk. Saw off the upper third of the shell and remove most of the coconut meat, leaving about a quarter inch border. Invert the upper third of the shell for a "coaster." And if you use your favorite old-fashioned glasses, this Orange Coconut Flip will taste just as good—just pass a plate of rich, chewy brownies as an accompaniment.

Orange Coconut Flip
1½ cups shredded coconut (1 box)
3 cups water
¾ cup (6-ounce can) concentrated quick-frozen orange juice

Combine coconut and water in saucepan. Bring to a boil over low

heat. Then cover and simmer 10 minutes. Cool. Strain through cheesecloth. Add orange juice and mix until blended. Serve with cracked ice and orange slices in tall glasses or coconut shells which have been scooped out. Makes 4 to 6 servings.

Free Chest X-Rays Here Next Month

Saturday, July 31, has been set as the date for the mass X-raying of Sterling County residents by the State Department of Health X-ray unit. The department is staging campaign here as the result of being asked by the Noratadata Club. Mrs. Martin C. Reed was named chairman for the affair with Mr. O. T. Jones as co-chairman.

All citizens 15 years old or over are to be X-rayed. Children do not have TB except when an older member of the family has it, so no children will be X-rayed. The findings include not only tuberculosis but lung cancer and enlarged hearts, pointed out Gauss. The goal of the program is 100 percent of the population of the ages mentioned. Gauss pointed out that if TB is found in early stages it can be relatively easily cured.

The club sponsored the mass X-rays back in 1949 and only 577 people were X-rayed. Gauss said people should have their chests X-rayed at least once each year. The older people are the ones that need it worst—because they constitute the reservoir of TB left in the state. The young people are the ones, though, who catch it from the older ones when it is not known. TB is contracted only by constant association of persons with people who have TB in the infectious stage, pointed out the health official.

The X-raying only takes a minute or so. No clothes have to be removed and a minutes precaution in this matter may save your life or the life of one of your family.

Entering into the campaign with the Noratadata Club are members from the Lions Club and the Wimodausis Club of Sterling City.

The hours for the X-raying on July 31 will be from 9 a.m. to 6 p.m. As last time, the machines are to be set up in the showroom of the Sterling Motor Company.

H-Bomb Color Film Now Available

Congressman O. C. Fisher has authorized this newspaper to announce that a 30-minute film in technicolor of the first hydrogen bomb test in history may be borrowed for local showing by writing him in Washington.

The 16-mm film, purchased by Fisher from the Atomic Energy Commission, was made by the Air Force during the "Operation Ivy" test in the South Pacific. It will be recalled that after viewing the spectacular explosion, a sailor wrote home that "an island disappeared." Fisher says he thinks it would be a good thing if every American could see this showing of the destructive power of the H-Bomb. He is making the film available to schools, clubs, or other gatherings for programs or special occasions.

From where I sit ... by Joe Marsh

No Sale!

Right in front of Granny White's beautiful old house on Maple Avenue there's a brand-new sign: "Antiques. Inquire Within."

Now—don't get excited. Granny explained it all the other night—after we settled down in her parlor, me with my temperate beer, Granny with her tea.

I asked her if she was really going in the antique business. "Oh, no," says Granny, "I wouldn't sell anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some outra-

geous figure! I guess I just like people," she said.

From where I sit Granny can be excused for her little ruse. She may be in her eighties, but her mind is young—and open. She's the kind of person who's made this town so wonderful. Granny not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?

Joe Marsh

About 45 years ago Dr. Greer assisted in the organization of a Sunday School and church in the Boldville community, and now has the privilege of taking part in the dedication of a beautiful, debt-free, fully equipped church building. The Greers will return to Sterling City the early part of next week, after a brief visit with their daughters in San Antonio and friends in San Sa-

To celebrate Washington's Birthday, here's a Cherry-Vanilla Ice Cream Roll which makes an elegant party dessert. The cake is like that used in jelly roll, and while the recipe is long, it is not difficult. The filling is delectable cherry-vanilla ice cream which is the February special of ice cream makers throughout the country. You'll find it in your super markets and drug stores pre-packaged in convenient pints and half-gallons. Cut it in slices to make a uniform and attractive filling for the cake roll. This roll serves 10 to 12 and uses 2 pre-packaged pints or half of a half-gallon of ice cream

Cherry Vanilla Ice Cream Roll

- 4 eggs
- 1 teaspoon baking powder
- 1/4 teaspoon salt
- 2 pints pre-packaged cherry vanilla ice cream
- 3/4 cup sugar
- 1 teaspoon vanilla
- 3/4 cup sifted cake flour

Have eggs at room temperature for greater volume. Grease bottom of a 15x10x1-inch pan; line with waxed paper and grease lightly. Beat eggs with rotary beater until foamy. Add baking powder and salt; beat until very light. Add sugar, about 1 tablespoon at a time, and continue beating until very thick. Fold in vanilla and sifted flour. Pour batter into prepared pan. Bake in moderately hot oven (400° F.) 13 minutes. While cake is baking, sift confectioners' sugar lightly over towel or brown paper. Loosen cake from pan with point of paring knife. Invert pan onto towel or brown paper; quickly remove waxed paper. With both hands roll up cake from narrow side. In rolling, first fold all the way across roll; continue rolling by lifting towel or brown paper with left hand and guiding roll with right hand. Wrap towel or brown paper tightly around roll to hold it in shape. Cool on cake rack. To fill with ice cream, unroll cake carefully. Open ice cream carton and cut into slices approximately 1/2 inch thick, or enough slices to cover roll. Reroll. To serve, cut in slices. YIELD: 10 to 12 servings.

Economical for the home! Use cone-shaped paper drinking cups. 2,500 for only \$6.50 at News-Record.

It Layers Itself

By Betty Barclay

THE versatility and simplicity of fruit-flavored gelatin makes it fun to use. Did you know that in gelatin, some fruits float and some sink? In this Rainbow Fruit Mold, for example, the peaches stay on the bottom while the bananas float to the top. Served at a spring luncheon it has all the color and freshness of a day in May.

Rainbow Fruit Mold

1 package lime-flavored gelatin;
 1 cup hot water; 1 cup cold water;
 1/2 cup canned sliced peaches; 1 banana, sliced.

Dissolve gelatin in hot water. Add cold water. Arrange sliced peaches on bottom of mold. Pour on gelatin, being careful not to disarrange peaches. Add banana. Chill until firm. Unmold. Garnish with whipped cream, if desired. Makes 6 servings.
