Bailey County elected officials sworn into office

By Larry Thornton
Managing Editor

Bailey County elected officials, friends and supporters, gathered in the District Courtroom on Wednesday, Dec. 31, to be sworn into office by County Judge Sherri Harrison.

Elected officials taking their oaths of office included County Attorney Jeanine Backus, Precinct 1 Commissioner Floyd "Butch" Vandiver, Precinct 3 Commissioner Joey Kindle, County Constable Gerry Pierce, County Sheriff Richard Wills, and County Tax Assessor/Collector Melba Clark.

After the ceremonies, the commissioners court met to handle various business items during Wednesday's special meeting. Among these items were:

- Approval of an

interlocal agreement received from the Hale County Attorney, James Tirey, concerning Bailey County's partnership with the Central Plains Center and the Llano Estacado Alliance for Families.

According to the information received

from Tirey, Hale County and the afore-mentioned entities are the recipients of a six-year, \$6 million grant from the federal Substance Abuse and Mental Health Services Administration to establish a program serving children, youth and families in

surrounding counties.

- Discussion only of the possibility of either constructing a large storage building for lawn and maintenance equipment behind the old law enforcement annex, which currently houses the probation and parole offices and

the DPS drivers license office.

A representative of G&S Construction estimated the construction of the 44 foot by 19 foot storage building at \$11,500, with the addition of a concrete pad at \$2,650.

"At the moment, we have no storage,"

courthouse maintenance man Jose Triana told the commissioners in attendance.

No action was taken on the item, which was not included on Monday's posted agenda; however, the court did ask Triana to prepare a proposal for

Liquor sale petition being re-circulated

By Larry Thornton
Managing Editor

Some of the big news from 2008 swept into the new year with the announcement that the liquor sales crowd, who suffered defeat in the Nov. 4 general election, are at it again... seeking enough signatures to place it on back on the ballot.

Although state law prevents the liquor sales proponents from seeking a "county-wide" vote for 12 months after their most recent election defeat, an apparent loophole in state statutes allow the "rapid re-try" of the issue by placing it on the ballot for Muleshoe residents to vote.

Reportedly, the liquor election statues allow either a county-wide, or a city-wide vote. Even though this latest attempt is only city-wide — meaning only voters registered and residing within the city limits of Muleshoe will be allowed to vote on the issue — the actual "call for election" will still fall to the Bailey County Commissioners' Court.

Muleshoe City Secretary LeAnn Gallman said Tuesday that she has been talking with County Clerk Paula Benton, and said the liquor sale election will probably be placed on the May 9 mayoral election ballot, which is an "at-large" city-wide election.

According to county officials, the petition application was filed on Dec. 8, and the presenters have 60 days from that date to return the petition for verification.

Back in November's general election, the liquor sales proposition on the county ballot was defeated with 1,241 voting against the issue, and 979 voting for its passage.

A total of 2,335 of the county's 3,868 registered voters went to the polls, but

Hospital CEO announces retirement

The Muleshoe Area Hospital District's board of directors met in closed session for about 45 minutes during Monday's special session, and returned to open session to acknowledge the receipt and acceptance of Ray Mason's letter announcing his forthcoming retirement.

According to Mason, who has been the administrator of the hospital and chief financial officer of the hospital district since his initial appointment to an interim position on Aug. 29, 2005, his final day at the hospital district will be March 31.

In other business, the hospital board approved the final payment to Andrus Bro. of Amarillo for the repairs to the roof at Park View Nursing Care Center, resulting from the hail storm in June.

Bailey County Junior Livestock Show set

The 2009 Bailey County Junior Livestock Show has been set for Jan. 16-17, at the Bailey County Coliseum.

The schedule for the Friday, Jan. 16, shows are Dairy Cattle — 8:30 a.m.; Beef heifers, followed by steers — 9:30 a.m.; Goats and sheep — noon; Swine — following goat and sheep show.

The presentation of the Jimmy Dale Black Award will follow the Friday shows.

Saturday's sale will begin at noon.

The Year in Review

Looking back at 2008 in Muleshoe, Bailey County

By Larry Thornton
Managing Editor

Part 2

You could safely say that where as conflict headed up the first part of 2008 in Muleshoe —

including Muleshoe's scramble for the state title, the second half of 2008 began with destruction, some at nature's hand and some not.

At the end of June, a great hail storm blew

through Bailey County, damaging crops, vehicles and houses. As a result, Muleshoe had a plethora of roofing company signs dotting the local landscape.

Among the most

significant of the recorded damage was the residence of Ron and Heather Foley, which received both interior and exterior damage due to the extremely large

Sheets receives 'Administrator of the Year' award

Gene Sheets, superintendent of the Muleshoe Independent School District, has been named the 2008-09 Administrator of the Year in the Central Office category by the Texas Classroom Teachers Association.

TCTA presents administrator awards annually to honor exemplary education leaders.

Sheets has worked in public education for more than 20 years, including the past eight years with the Muleshoe Independent School District as superintendent.

He previously served as superintendent of Hedley ISD, superintendent of Hamilton ISD, and as a principal, teacher and coach in Abilene.

Sheets received his bachelor's degree in math and biology/education and his master's degree from Abilene Christian University.

He is currently working on his doctorate at Texas Tech University.

Sheets' professional achievements include uniting the Muleshoe community to pass a \$25 million bond for constructing and rebuilding schools in the Muleshoe ISD.

"His ability to lead and communicate with this team and with our community was phenomenal," wrote the Muleshoe CTA. "If it were not for his research, time and insight, this would have never

happened. Not only is this something that will benefit our students but our community as a whole."

Among his other accomplishments include establishing a scholarship fund that provides \$250 to an accredited college or trade school for every Muleshoe High School graduate.

Sheets also writes an occasional column in the *Muleshoe Journal* to inform the public of issues concerning Muleshoe ISD and the community.

In choosing Sheets, the judges noted, "This nominee excels at community involvement, and he still enjoys being in the classroom. He regularly substitutes and tutors after school."

Nominees are evaluated according to their leadership skills; relationship with teachers; commitment to site-based decision making; support of teacher participation in professional activities; and interaction with community leaders and district parents.

The Administrator of the Year award has been presented since 1981.

TCTA will honor award winners in February in Austin, during the association's annual convention.

Educators from across the state will participate in professional development seminars, elect TCTA leaders for statewide and district positions, review and vote

on the association's 2009 legislative program and adopt policy positions on many current education issues.

Founded in 1927, TCTA is an association for Texas teaching professionals and serves 50,000 members across the state.

Year in Review... Continued from page 1

Additional destruction was noted during July as a local group of teenage gangster-wannabes began "tagging" local buildings and vehicles.

In other news, the Muleshoe Area Hospital District's board of directors approved the issuance of about \$1.7 million in certificates of obligation to fund the expansion of the district's rural health clinic.

Although the district's auditing firm, Parrish, Moody and Fikes, expressed concerns about the board's proposal to issue the certificates rather than seeking a public vote in the issue, MAHD board president Wayne Pierson — who wasn't able to attend the meeting in person, he communicated with the board by telephone and voiced a difference of opinion with the letter received from the auditing firm.

"We are not pursuing this type of financing to avoid bond election," Pierson said.

Also at the hospital district, AccessCare, Inc. began the installation of the new treatment chairs in the dialysis unit under construction.

Since that day, many deadlines for the opening of the dialysis center have come and gone, due primarily to the slow Medicare survey approval rate. At this time, the center is open for private pay and insurance pay patients.

Among the people who made the news in July 2008 were Janae Pyle, who had the honor of placing a wreath on the "Tomb of the Unknown Soldier," at Washington D.C. as one

of two students selected from the 100 students for the honor during the Government-in-Action Youth Tour sponsored by Bailey County Electric Co-op and other cooperative members.

Janae is the daughter of Tracy Been of Muleshoe.

Another person in the news was Lt. Brandon Sheets, the son of Superintendent Gene and Melody Sheets, an H-60 helicopter pilot who was assigned to Helicopter Squadron 4 of the USS Ronald Reagan, which took part in humanitarian mission at Panay, in the Philippines.

"We were in the neighborhood so we were naturally tasked to provide relief efforts," Lt. Sheets said.

While at the Bailey County Commissioners Court action was tabled concerning what had been called an "insurance policy" for capital murder cases

When the issue was readdressed at a later date the court decided it would be in the county's best interest to participate once it was determined the county's assessment would be lower than initially believed.

In August, the Muleshoe Independent School District's board of trustees celebrated after it approved the guaranteed maximum price submitted by Lee Lewis Construction for the expansion of Muleshoe High School and DeShazo Elementary.

At \$15,444,900, the combined project — part of the multi-million expansion approved by MISD voters two years ago, will come in significantly under budget, giving both the board members and the entire district cause for celebration.

"This is almost a miracle that we're at this point," Superintendent Sheets said at the board meeting. "We're in budget... who would have believed it!"

"We're getting to do everything that we wanted to do in the bond proposal," he added.

"It's going to be exciting to cut the ribbon on it,"

said board president David Tipps.

While over at the commissioner's court, problems with the administration of the Bailey County Emergency Services led to some tense discussion.

County Judge Sherri Harrison referred to several issues that had her concerned about the EMS administration.

P r e c i n c t 2 Commissioner C.E. Grant said the EMS budget was "killing us," and said the "checks and balances" that had been put in place regarding the EMS, its staffing and its financial condition weren't working.

Since that time, relations between the court members and the EMS administration appear to have cooled considerably.

Among the people who made the news in August was Curtis Preston, Bailey County extension agent, who was honor along with five other Texas AgriLife Extension Service agricultural and natural resources agents at a gathering in Greensboro, N.C., with a Distinguished Service Award, which is described as the highest award a county agricultural agent can receive from the National Association of County Agricultural Agents.

"It's an honor to be recognized by your peers," Preston said.

Some of the biggest news, however, in August 2008 was the news that the school district had received a \$3 million windfall that would help "return some sparkle to an already gleaming expansion program."

When the multi-campus MISD expansion program was approved by the voters, the two-part bond issue question included the sale of \$20 million in bonds, the majority of which would be repaid through Existing Debt Allotment (EDA) funds received from the State of Texas amortized over a 25-30 year period.

The remaining \$25 million noted in the total bond question was to come from \$5 million in

Instructional Facilities Allotment (IFA) funds.

However, the district's first application for state IFA monies fell through.

Also at Muleshoe ISD senior April Gardea, the daughter of Jose and Adrianna Gardea, was crowned as the 2008 Muleshoe High School Football Homecoming Queen during ceremonies on Friday, Sept. 12.

The coronation was moved up due to the poor weather expected at game time. Members of the queen's court included Caitlyn Durben, junior, the daughter of Bill and Pat Durben; Jessica Behrends, junior, the daughter of Earl and Donita Behrends; Cassie Steinbock, senior, the daughter of Terry and Judy Steinbock; and Lupita Andrade, senior, the daughter of Benito and Antonia Andrade.

While it had continuing financial concerns, the end of September brought a little relief for the MAHD board members, who were pleased with the district's new budget.

"We have some hope we didn't have before," said Zona Gatewood, a member of the Muleshoe Area Hospital District's board of directors, after the approval of the Fiscal Year 2008-09 budget.

The MAHD board approved a district-wide budget of \$11,682,897, which included Muleshoe Area Medical Center's

County commissioners...

Continued from page 1 that included simply roofing the area enclosed by chain-link fence adjacent to the old annex building.

The commissioners court also approved a payment of county bills

totaling \$438,025,68, and approved bonds for various elected officials and their deputies.

And, discussed whether the commissioners court should consider issuing a burn ban because of the dry weather.

Continued from page 1 only 2,220 voted on the liquor issue.

According to Juan Chavez, who filed the petition application and identified himself as the sole presenter of the petition, passage of the liquor sales proposition "would be taxes for the community."

"It'll keep drunks off the street," Chavez added.

When Gene Sheets of the Concerned Citizen of Bailey County, which opposed passage of the issue in 2008, was contacted, he said "I thought the last election spoke the mind of the people. ...I still think that's how the community feels."

Facts About The BIBLE BY JOHN LEHTI
JERUSALEM: ANCIENT FORTRESS WHICH STOOD UNCONQUERED IN THE HEART OF ISRAEL SINCE THE DAYS OF JOSHUA, WAS FINALLY TAKEN 500 YEARS LATER BY THE NEWLY ANOINTED KING DAVID (CIRCA 1000 B.C.)
...THE JEBUSITES, WHO LIVED IN THIS STRONGHOLD HIGH ON MT. ZION, WERE SO CONFIDENT THEIR FORTRESS COULD NOT BE SUCCESSFULLY ASSAULTED THAT THEY INSULTED DAVID'S ARMY BY ONLY MANNING THE WALLS AND BATTLEMENTS WITH MEN WHO WERE BLIND AND PITIFULLY LAME!
BUT DAVID'S MEN FOUND A TUNNEL, LEADING FROM AN OUTSIDE WATER-SUPPLY SPRING, DIRECTLY INTO THE MIDDLE OF THE CITY! IN THE DARK OF NIGHT, DAVID LED HIS TROOPS THROUGH THE TUNNEL, TOOK THE JEBUSITES UNAWARES, AND CAPTURED THE FORTRESS WHICH WAS TO BECOME HIS CAPITAL—THE 'CITY OF DAVID'! AND SINCE THAT DAY JERUSALEM HAS BEEN CONTINUALLY FOUGHT OVER—RIGHT UP INTO MODERN TIMES!
NEXT WEEK: CAN A MAN BE CALLED WISE WHO HAS A THOUSAND WIVES?

Lady Mules bring home tourney consolation prize

By Delton Wilhite
Sportswriter

The Lady Mules came back after the Christmas break to take consolation in the Littlefield Wildcat Classic in the final days of December.

Anton puts a very big team on the floor and the Lady Bulldogs defeated the Lady Mules in the opening round of the Classic 53-40.

The Lady Mules found their range in the second round to down the Farwell Lady Blue 62-52.

The Ralls Lady Jackrabbits could not keep up with the Lady Mules in the third game.

The Lady Mules earned the right to play for consolation with a 48-29 win over the Lady Jackrabbits.

The Lady Mules did most of their damage to the Lady Mustangs of Olton in the second half. The Lady Mule defense was relentless and held Olton to nine second half points, all being made in the third period.

"Anton is a very big team and our post players did a good job against them," said Lady Mule coach Val Acree.

"But their point guard was taller than our posts so when they would post her up we could not stop her. Plus we did not shoot

Pictured above, from left to right, are the Lady Mules with their consolation award: First row — BreAnn Baca, Sarah Johnson and Morgan Smith; second row — Gizell Vasquez, Yvonne Gardea and Janae Pyle; third row — Gabby Agundis, Gabby Perez and Val Olivas.

well from the line," he added.

Yvonne Gardea set the scoring pace for the Lady Mules with 13 points. Sarah Johnson and Morgan Smith made 10 points each.

Val Olivas dropped in four points, Gizell Vasquez added two and BreAnn Baca chipped in one.

Janae Pyle had seven rebounds and Gardea and Johnson made three

steals each. Johnson also had five assists and blocked three shots.

The Lady Mules had defeated Farwell earlier in the year and continued to dominate the Lady Blue.

Smith led the charge for the Lady Mules in the opening period with eight points.

The Lady Mules led 15-6 after one quarter and continued to pound away for a 35-19 advantage at

the half.

Val Olivas came off the bench and scored nine in the third period to help the Lady Mules open a 53-32 lead with eight minutes left to play.

"I was concerned because we had beaten Farwell earlier in the season but we jumped on them early," said Acree.

Janae (Pyle) dominated the boards with 12 rebounds. Morgan (Smith) had an

incredible first half and scored 16 before banging up an elbow and having to sit the rest of the game as we had another game that night.

Val (Olivas) scored 13 coming off the bench to really give us a boost," he added.

Smith led the Lady Mules with 16 points and Olivas added 13. Johnson dropped in 12 points and had eight assists and six steals.

Vasquez added 10 points, Pyle made six, Gardea three and Gabby Agundis chipped in two.

"BreAnn (Baca) and Gabby (Perez) gave us some quality minutes against Ralls," said Acree.

"They are a quick team but we match up better against quick teams. Morgan (Smith) pulled down 10 rebounds, had five assists and three steals for us. Val (Olivas) also had three steals," he said.

Johnson made a trey off an in-bound play to give the Lady Mules their first lead against Ralls with 50 seconds left in the first quarter. Johnson beat the buzzer at the end of the quarter on another in-bound play.

The Lady Mules led 8-6 and would never trail again.

The Lady Mules full court defense ate the Lady Jackrabbits lunch in the second quarter and they started on their dinner. The Lady Mules went on a 17-2 run in the first seven minutes of second period.

Smith picked off a pass and drove the floor and dished to Johnson running the opposite lane for the fast break bucket. Vasquez hit a six-foot baseline jumper before the Rabbits scored.

Baca drained a 3-pointer from the corner before Smith and Agundis ran the give-and-go to perfection.

Johnson hit a trey on an in-bound play before Gardea made a steal and drove to the hoop. Johnson ended the scoring run on a feed from Smith.

Perez dropped in a 3-pointer as the third quarter ticked away with

the Lady Mules leading 42-23.

Johnson led all scorers with 21 points. Smith dropped in eight and Gardea added six.

Vasquez, Baca and Perez made three points each. Olivas and Pyle chipped in two points apiece.

The Lady Mules doubled up on the Olton Lady Mustangs 16-8. Olton got warmed up in the second period and just missed matching the Lady Mules point-for-point to trail 31-22 at the half.

The Lady Mules clamped down a tight defense in the second half to hold the Lady Mustangs to only nine points in the second half.

Johnson led the Lady Mules with 17 points and five steals. She also had eight assists to surpass last season's total of 113 assists.

Olivas added nine points and Pyle dropped in seven points and pulled down 11 rebounds. Gardea and Smith made six points each and Vasquez and Baca chipped in five points apiece.

"This was a good tournament for us as we head into district," concluded Acree. "Some of our kids really came around during this tournament," he said. "Gabby Agundis is my unsung hero. She does not show on the stat sheet but she is vital to what we do. She brings a level of toughness to our team that we need."

"Gizell Vasquez is a presence for us inside as does Val Olivas. Her confidence is growing as the season progresses. If Janae Pyle and BreAnn Baca continue to play like they did in this tournament we will be tough to beat in district."

The Lady Mules traveled to Lockney for their final non-district game of the season Tuesday.

The Lady Mules open district Friday when they host the Childress Lady 'Cats and will be at home for the Floydada Lady 'Winds on Jan. 13 before traveling to Dimmitt to meet the Bobbies.

Mules take fourth place at Littlefield

By Delton Wilhite
Sportswriter

The Mules bounced back from a disappointing 63-57 loss at Amarillo Highland Park to win three of four in the Littlefield Wildcat Classic for a fourth place finish.

The Mules traveled to Amarillo just prior to Christmas.

The Mules out scored the Hornets of Highland Park 35-31 in the second half but could not overcome a 10-point half time deficit. Nick Hurtado led all scorers with 17 points that included five 3-pointers.

Wes Wood was eight of 10 from the charity line and scored 15 for the Mules. Cooper Washington dropped in 11, Dillon Gallman had nine and Lane Wood made five in the game.

The Mules opened the

Wildcat Classic with the Denver City Mustangs. They downed the Ponies 60-47 with Gallman leading all scorers with 19. Gallman made four 3-pointers in the contest.

Washington had 11 points, Hurtado dropped in 10 and W. Wood added nine. Zach Toscano made seven points and Beau Avila and L. Wood chipped in two each.

Dalhart defeated the Mules 56-35 in the second round. Gallman set the scoring pace with 17 points and was the only Mule in double figures.

Washington made seven points and Hurtado had five. Avila added four points and W. Wood chipped in two.

The Mules again found their range in their third round against the Longhorns of Lockney.

Gallman had an 11-point first quarter to lead the Mules to a 59-48 win over the Longhorns.

Gallman led all scorers with 22 points that included five treys. Hurtado nailed four 3-pointers for 16 points and Washington dropped in eight. W. Wood added six points, L. Wood dropped in four, Avila had two and Toscano chipped in one.

The Mules and Nazareth Swifts battled back-and-forth in the first half in the battle for fourth place.

The lead changed hands eight times in the first 16 minutes with seven coming in the second quarter. The Mules led 27-25 at the intermission.

Hurtado opened the second half with a 10-foot baseline jumper to

give the Mules a little breathing room. W. Wood made a wrap-around pass to Washington on the delay break and he fought through the foul for the bucket. Washington made the charity toss for an old-fashion three-point play to give the Mules a 34-26 advantage.

Nazareth went on a five-point run before the period ended to get back to a three-point deficit trailing 34-31.

Hurtado and Gallman each made treys in the first two minutes of the final quarter to give the Mules a 40-33 lead with six minutes left in the game.

The Swifts cut the Mule lead back to just two points before a technical foul sent Gallman to the free-throw line. He made both charity tosses and

Thrift shop volunteers honored

The Muleshoe Heritage Foundation held its monthly board meeting on Monday, Dec. 15, during which the board members recognized the ladies and gentleman who volunteer at the Heritage Thrift Shop. "Their many hours of hard work and dedication continues to make the Thrift Shop a success," a foundation board

member said. Pictured above, from left to right, are Jay Cage, vice president; Gary Hooten, treasurer; LaDene Spears, volunteer; Tom Watson, president; and volunteers Ester Serrano, Ruby Henderson, Ramon Serrano, Mary Jo Burge and Peggy Bates. Not pictured is volunteer Martha Stroud.

the Mules retained possession of the ball.

Hurtado dribbled to the top of the key and drained his second 3-pointer of the period.

The Swifts would not

go away but sent W. Wood to line three times in the final 2:45. He was six-for-six from the line in quarter and L. Wood made both his charity tosses with four seconds

showing on the clock to ice the 53-49 win for the Mules.

Washington and Gallman led the Mules with 13 points each. Hurtado had 12 points

and W. Wood dropped in 10 to give the Mules four players in double digits. L. Wood added three points and Avila chipped in two.

The Mules visited the Lockney Longhorns Tuesday night and travel to Olton to meet the Mustangs on Jan. 9.

The Mules return home to host Lockney on Jan. 13 and will open district in Dimmitt against the Bobcats on Jan. 16.

consideration on Jan.13 will increase the spacing between wells and the distance from property lines about 30 percent. This will prohibit or cause smaller wells to be installed by land owners.

The 2007 rule changes were touted as the water saving asked for by the legislature and the restrictions imposed could be questioned under constitutional property rights.

Also, these new rules give management some powers they should not have, such as giving the manager full discretion on unsealing a well.

The district rules should be the governing factor in these situations; and management will implement according to the rules.

The High Plains Water District #1 board of directors should not pass the 2008 rule changes because they are in conflict with property rights.

Letters to the Editor

Muleshoe resident speaks out against HPWCD rule changes

To the Editor:

The users of the water underlying their land formed the High Plains WaterDist.1.The purpose of this organization was to keep the regulation of this water locally. Local leaders asked the Texas Legislature to pass legislation to allow the district to be formed. This legislation was Chapter 36, "Groundwater Conservation Districts" of the Texas Water Code and allowed by the Constitution of the State of Texas, "Section 52, Article III, or Section 59, Article XVI.

The articles deal mostly with rivers and streams but cover underground water only by stating the legislature may pass legislation regulating the natural resources of the state.

This is where the ownership of the water comes into question, because in the State of Texas Land ownership is the surface and anything underlying said land.

The formers of this district were willing to agree on the spacing of wells according to size, but no one could be refused to develop their water. This is plainly stated in Sec.36.1071 sub-paragraph f, "the district may not adopt any rules limiting the production of wells, except rules requiring that round water produced from a well be put to a non wasteful beneficial use.

This can be interpreted in a couple of different ways:

First, the district cannot limit the production of a well according to size. We all know the production of wells of the same size varies considerably. A high producer is good

luck and a low producer is tuff luck.

Second, the district may not put a limit on the gallons, hours, or days the well is operated. This is the main point that needs to be brought before the public because it pertains to ownership and property rights.

There is one more thing that needs to be stressed and in Sub. Chapter D. Section 36.101 sub. sec. J. A district may use informal conferences to obtain opinions and advise of interested persons about completed rules and may appoint advisory committees of experts, interested persons, or public representatives to advise the district about contemplated rules.

This being the case, all organizations supporting a commodity that uses irrigation or uses water to produce a product should have a water policy and people appointed to support their policies.

The rules that are now before the board for

The Family Budget

There's a "bottom to every family's pocketbook." Families should get together and talk about money matters and the ways they can work together to stay inside the family budget. One thing to talk about is the things your family **needs**: shelter, food, clothes and so on. Then you can talk about things you **want** to have, but that are not truly necessary. You could put limits on spending extra money or find ways to cut back a bit, if needed.

What things do families **need** to budget for? What things are nice to have or do, but are something extra that we **want**? **Read each item below and circle "W" for things we want and "N" for things our family needs. Next, find and circle each word in the family's house.**

Cash Stash!

It's always smart to start to stash a little extra cash away. You can start your own cash stash by doing small jobs for family, friends or neighbors. You might be able to do extra chores around the house. Talk to your Mom or Dad to see if any of these ideas would "work" for you!

Little jobs add up to good "cents!"

Chitter did **four** extra chores this week to earn a little extra cash. He made **\$12.75**. **Read Chitter's list of jobs** (that his parents gave him permission to do). **Check off four chores that add up to \$12.75.**

Texans talk back: Hearing from constituents on key issues

As Americans welcome a new President and a new Congress, I'd like to ask you to share with me your opinions on the most important issues facing our nation and state at this critical juncture.

Capitol Comment
By U.S. Sen. Kay Bailey Hutchison

We often learn the most when we listen. Hearing first-hand what is important to you helps me better represent Texas.

Like you, I am passionate about the issues that most affect our state, and I know how important they are to you and your families. I encourage you to respond online at the survey page on my website or mail in your responses. The mailing address and survey website address are listed at the end of this form.

I appreciate your participation and look forward to reading your responses.

I. Economy

The current financial crisis threatens the economic security of every American family and business. Unemployment has reached a 15-year high, and our economy is in a recession.

My goal is for American workers to earn a living wage and for their companies to be competitive, resulting in long-term success for businesses and their employees.

As we work to find

solutions to overcome the recession, what role do you think the federal government should play in stimulating economic growth in this time of uncertainty?

Please rank in order of importance (1-3).

- ___ Increase Government Spending on Infrastructure
- ___ Cut Taxes

___ Pay Down the National Debt

Additional Comments:

II. Health Care

There is a growing disparity in access to health care because of soaring medical costs and rising insurance premiums. We must find ways to make health care more accessible without sacrificing the quality of care that Americans enjoy.

In your opinion, what

are the greatest barriers in our healthcare system? Please rank in order of importance (1-5).

- ___ High Cost of Insurance and Health Care Services
- ___ Limited or No Access to Health Insurance
- ___ Quality of Care Provided (Please explain below)
- ___ Limitations on Choice of Health Care Practitioners
- ___ Difficulty Understanding Health Insurance Plan Coverage and Payments

Additional Comments:

III. Education

Education is key to America's success, and it will be critical to our leadership in the 21st century. Strengthening our schools, colleges, and universities is a goal all levels of government

share.

First, we must dramatically reduce the high school dropout rate. Second, we must emphasize science, technology, engineering, and math in our schools. These are the disciplines that spur creativity and new discoveries, which are essential to economic growth.

What do you think Congress should do to strengthen public education?

Please rank in order of importance (1-5).

- ___ Expand Choice for Alternatives to Public Schools (Private, parochial, or magnet options)
- ___ Help Attract More Qualified Teachers
- ___ Raise Teachers' Salaries
- ___ Expand Technical and Vocational Training in Community Colleges
- ___ Expand Access to Colleges with Student Aid and Scholarships

Additional Comments:

IV. Transportation

Transportation is a vital part of our daily lives. Yet, every day at rush hour, we are reminded of the strain

that Texas' growing population puts on our infrastructure.

If we fail to meet our transportation needs, businesses and employers may relocate to areas with more suitable infrastructure.

In your opinion, what should the federal government do to enhance the capabilities of our current transportation system?

Please rank in order of importance (1-5).

- ___ Increase Use of Rail as an Alternative to Automobiles
- ___ Replace Aging Infrastructure
- ___ Increase Toll Roads
- ___ Develop More Options for Mass Transit Such as Buses
- ___ Develop More Options for Use of Lanes Dedicated to Multi-passenger Cars (HOV)

Additional Comments:

Bales ginned at Farmers Co-Op

I recently visited with Tracy Provence at the Sudan Farmers Co-Op Gin and she said that the ginning season was good this year but not as the years before.

Bales were down this year from last year. Tracy said that the gin had ginned 54,171 bales this year.

State-fish art contest aims to draw student interest

Deadline for entering the Texas State-Fish Art Contest is March 31, and students and teachers should take time now to review the contest rules and regulations.

Texas students who enter the contest can win prizes of up to \$1,000.

Entries are judged in three grade-level divisions: 4-6, 7-9 and 10-12.

Thanks to funding from the Toyota Texas Bass Classic, the three first-place winners from

Texas receive financial assistance for travel to Minneapolis, Minnesota, to compete in the national competition.

"It's important that entries be prepared in the format specified in the rules," said Texas Parks and Wildlife Department's Zoe Ann Stinchcomb, Texas coordinator for the contest.

"For example, artwork must be the proper size and have the entry form glued to the back. The complete set of rules is posted on our web site, www.tpwd.state.tx.us.fishart.

Links on that page contain everything you need to know to prepare entries and enter the contest."

Stinchcomb noted that

a poster teachers can use to promote the contest to students can be found on the contest page as well.

"However, home-schooled students are also eligible to enter the contest," she said.

The State-Fish Art Contest is a program of Wildlife Forever, a multi-species non-profit conservation organization that works to preserve America's wildlife heritage through conservation education, preservation of habitat and scientific management of fish and wildlife species.

Working at the grassroots level, Wildlife Forever has funded more than 800 conservation projects in all 50 states, Canada and Mexico.

'Fireman of the Year 2008' Gary Clark (left), and Muleshoe Fire Chief Tom Ladd (right).

Clark honored as 2008 'Fireman of the Year'

The Muleshoe Fire Department held its annual Christmas Party on Dec. 6.

Among those in attendance were 13 department members and their families, with special guests, City Manager David Brunson and his wife Dianne.

There was also a special appearance by Santa Claus bearing gifts for all the children in attendance.

After enjoying a barbeque dinner, the new members, Aaron Banks and Roper Fulcher was recognized.

Also, recognized was

Jerry Bruton and Justin Helton for five years of service and Scott Churchman for 25 years of service.

The Fireman of the Year for 2008 was awarded to Gary Clark.

Clark joined the department in 1992 and has held the offices of captain, treasurer, training officer, executive officer and in 2009 will be the Assistant Fire Chief.

Clark and his wife Brenda have two children, Cody Clark of Lubbock and Josh Clark of Muleshoe, who is also a member of the Muleshoe Fire Department.

Publication of Obituaries

Obituaries printed in the Muleshoe Journal are printed free of charge and contain the following types of information: date and details of funeral and place of burial; date and place of birth and parents names; date of marriage; limited biographical information, including the highest level of schooling achieved, service in the Armed Forces, profession (and retirement information if applicable); names of relatives who have preceded the person in death; names of survivors (including husband and wife, parents, in-laws, brothers, sisters, grandparents (only the number of grandchildren, great-grandchildren and great-great-grandchildren) will be included; and where memorials may be directed. We will be pleased to run a one column black and white photo at no charge. A larger photo or a color photo will cause the obit to be paid. Please keep in mind that everything must be submitted by your funeral home.

2008: The Year in review

Continued from page 1 \$8,638,172 budget, and Park View Nursing Care Center's budget of \$3,044,725.

In October, the First United Methodist Church of Muleshoe, celebrated its 100th anniversary.

The Oct. 12 morning worship service included a historical drama and video, and a message delivered by Bishop D. Max Whitefield.

"Tracing the history of the church reveals a legacy of faith and vision from all the pastors and members who have sacrificed in order to

establish and maintain a United Methodist Church in Muleshoe," FUMC church member Pat Watson said in a story that appeared in the Oct. 9 issue of the *Muleshoe Journal*.

October also marked the arrival of Chris Cotton as administrator of Park View Nursing Center.

November and December brought a sense of excitement to the entire Muleshoe community as the residents followed the Mules through the playoff games to the Dec. 13 state championship.

Columnist discusses the importance of leadership

Except some man should guide me...

This is a follow-up to my last column in which Philip asked the eunuch if he understood what he was reading, to which the eunuch responded, "How can I except some man guide me?"

The expression "some man guide me" speaks of leadership, and that is the point I plan to discuss, for, in my judgment, its importance cannot be overrated. There is no unit of activity whose performance will rise above the quality of its leadership.

Whether we speak of a nation, a governmental unit, a business, a church, a ball team, a family or whatever, its performance is a reflection of its leadership. A perfect

example of this is the Muleshoe Mules football team whose coach is David Wood. And the players, as a team, are state champions. That fact reflects favorably on the coaching ability of Mr. Wood, as well as the ability of the players.

Or the Lady Raiders basketball team of a few years ago that won the national championship. Their coach was Marsha Sharp. As far as I know neither her ability nor her contribution to their becoming national champions was ever questioned.

In order to function

well every organization must have a leader. And they are known by different titles. On the state level the leader is the governor. In the nation the leader is the President. Within those there are scores of subordinate units, including "the husband."

The means of selection, and the duties, differ from one to the other, and they can be changed as conditions change, and as the purpose for which were created changes. But in the case of the husband, and the family, his selection, his duties, his qualifications and

the purpose of his being "can never be changed" for they are by divine appointment.

In that connection there is some interesting comments in Ephesians, chapter five, for example, "The husband is head of the wife, even as Christ is head of the Church."

Does this speak of the husband being "the boss?" No, I don't think so. It also says, "Wives submit yourselves unto your own husbands, as unto the Lord." And it also says in verse 21, "Submitting yourselves one to another in the fear of God."

That is a delicate relationship and one that requires understanding. For verse 25 reads, "Husbands, love your wives, even as Christ

loved the church, and gave himself for it"

So the love of the husband and that of the wife — one for the other — should be equal. She be submissive to him, and he give himself for her.

But in the next chapter Paul does speak of the husband as "ye fathers" in bringing up children in the nurture and admonition of the Lord.

I think what he might be saying is that he recognizes the relationship Or husband and wife being as near equal as is possible. But in all relationships some one person has to set the tone, make final decisions and more than any other bare responsibilities. That person, so Paul says, is the husband. Thanks for your kindness, and for your support.

Correction Policy

Although the *Muleshoe Journal* tries to be accurate in the news stories and releases it publishes, the newspaper recognizes that errors occasionally occur.

An effort will be made to correct typographical errors, or misstatements of facts, in news stories voluntarily submitted for publication as soon as possible — if brought to the newspaper's attention in a timely manner, but will not include rerunning the news story or related photographs.

Corrections necessary from inaccurate or illegible information provided to the newspaper will not be published free of charge.

Paid publication items — whether advertisements, obituaries or items that don't meet the criteria for free publication — may be rerun if the original publication includes significant error.
