WATER, ITS CONSERVATION and use has taken a position of pre-eminence as a domestic problem. Not long ago an Advisory Committee concerning water resources was appointed by President Eisenhower and more recently reported its findings. The President pinpointed the issue in these words: "If we are to continue to advance agriculturally and industrially we must make the best use of every drop of water which falls on our soil, or which can be extracted from the oceans."

IN TEXAS water has likewise been a Number One topic of interest in recent years. That has certainly been the case in Southwest Texas where the ravages of drought has dried up springs and lowered water levels to an alarming extent. State and regional meetings designed to find new and more effective approaches to the problem are being held.

ON THE FEDERAL LEVEL, there are three agencies that interest themselves directly in flood control, prevention, and water conservation. Those are the Corps of Engineers, the Reclamation Service and the Soil Conservation Service of the Department of Agriculture. The latter deals with the upstream small dam works, designed to prevent rather than control major floods. The smaller dams are adaptable to tributaries rather than to the main streams where only larger projects are feasible.

On the subject of larger flood dams, this type of work in southwest Texas has in recent years been slowed due to the requirement for re-surveys by the Engineers. And the latter have been plagued by shortage of funds for that purpose.

IN THE CASE OF THE UPPER Colorado watershed, which covers a lot of our area, no dams can be authorized unless the re-survey work has been done. The Chief of Engineers has ruled that an old survey report must be brought up to date. I have arranged to appear before the Appropriations Committee soon to plead for enough funds to permit that important re-survey to begin. All tributaries to the upper Colorado are included. Up-to-date surveys are also required on the Neuces and other major streams.

INCIDENTALLY, in collaboration with the Chief of Engineers, the Reclamation Service, and the Soil Conservation Service, I recently prepared and now have in leaflet form a question-and-answer explanation of the terms and conditions under which the Federal Government is allowed to build dams. These are available for the asking.

J. T. Davis is attending the Cattle Raisers Convention in Fort Worth this week.

Talent Show Set For March 20

The senior class of Sterling City high school is sponsoring a talent show in the school auditorium on Tuesday night, March 20. Contestants from here and out-of-town are entered. A professional master of ceremonies, Roy Thurston, will be on hand for the affair.

Anyone interested in performing in the show are urged to contact E. B. Hosea, senior sponsor or one of the seniors no later than Friday evening, March 16.

Admission charges for the show will be 50c for adults and 25c for children. The show begins at 7:30 p.m.

The class still has a number of cookbooks left. They sell for \$2 each. The class also has picture coupons for sale at \$1. They are for pictures (photos) 11 by 14 inches. When you have your picture made at the Wallace Studio in San Angelo, you pay 95c more. If you are interested contact a senior.

FARMERS AND RANCHERS NOW PAYING ON SOCIAL SECURITY

Many farmers and ranchers have already filed tax returns for the 1955 calendar year, Ed Bowers, manager of the San Angelo Social Security Office announced today. "This year for the first time they have paid self-employment tax for social security protection. Bowers emphasized that all farmers and ranchers who netted \$400 or more in 1955 from farming must file these returns by April 15, 1956. Proper tax returns and advice concerning taxes can be obtained from the District Director of Internal Revenue.

Bowers explained, "This social security credit will mean much to farm and ranch families. Suppose we take the case of a young and prosperous farmer or rancher with a wife and child. His earnings up to \$4200 a year are taxable for social security. In the event he should die soon after the close of his second crop year under social security and had made the maximum of \$4200 in both years, the widow and small child would receive a monthly benefit of \$162.80.

During the drought years, a few farmers or ranchers make \$4200 a year, Bowers continued. "Let us consider an instance where the farmer makes \$1200 a year on an average. At that rate he can qualify for \$55 a month when he is 65. His wife, after reaching 65, may qualify for \$27.50 per month, or a total of \$82.50 for the two. If a farmer or rancher who makes \$1200 each year (two crop years is the minimum requirement) after 1954 should die, survived by a widow and two young children, \$82.60 could be paid them every month, terminating when the youngest child reaches 18. Payments to the widow could be resumed when she reaches 65.

"Write your Social Security Office, San Angelo, Texas, for a booklet showing the benefits payable farm and ranch families under social security", Bowers invited. "And don't overlook the filing of that tax return before April 15, 1956, he cautioned."

NORATADATA GUEST DAY SET FOR MARCH 20

The Noratadata Club met Thursday evening in the home of Mrs. James McEntire with Mrs. Bill J. Cole as hostess.

The program topic was "Safeguarding Public Health". It was announced that approximately \$150.00 was made on the recent style show and spaghetti supper.

Mrs. J. Q. Foster announced the guest day tea would be March 24 at 3 p.m. in the community center. Mrs. Clyde Angel of Big Spring is to be guest reviewer. Members of the Wimodauss Club, teachers and guests of the club members are to be invited. Hostesses will be Mrs. J. Q. Foster, Mrs. Hubert Williams, Mrs. J. S. Augustine and Mrs. Dayton Barrett.

The president reminded members of the Sixth District Convention, Cactus, Hotel, San Angelo, Texas on March 26-27. The club delegate is Mrs. Worth Durham. Alternates are Mrs. Delbert Haralson and Mrs. Neal J. Reed.

Automobile Inspection Deadline April 15

There are 1045 vehicles registered in Sterling County. Only 233 have been inspected for the 1956 inspection so far, said Johnny Marion of the State Highway Patrol this week. This is only barely over 27 per cent of the car or vehicle owners in Sterling County. The deadline for such inspection is April 15 pointed out Marion.

There are two inspection stations in Sterling. They are the R. T. Caperton Chevrolet Company and the Sterling Motor Company.

Beat the rush! Get your car or truck inspected now.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Robert Dill
Neil Munn
Mr. and Mrs. D. P. Glass
Mrs. Neal Reed
Mrs. J. A. Revell
Pamela McEntire
Dismissals since Thursday morning of last week include—
Mrs. Elizabeth Rodriguez and infant daughter
W. R. Davis
Lynn Glass

Hallmarks Back From Florida

Mr. and Mrs. Luther Hallmark returned home last week from a trip that took them to Florida and Mississippi. They visited their son L.B. Hallmark in West Point, Miss. and took Linda Jean Myers back to her home in Florida—to her mother Mrs. Maudine Marlow. Luke said he and Jeff Marlow fished in Florida and caught some fish and on the way back, they and L. B. spent a week-end in Gulf Shores, Alabama fishing and he caught 2 hammer-head sharks, along with a lot of whities. Luke said Mobile, Alabama was the prettiest town or city that he had ever seen, bar none. Also, he said he never saw a sandstorm while away—but oh boy! was his house full when he got back. We'll bet.

Seventh Grade History Club

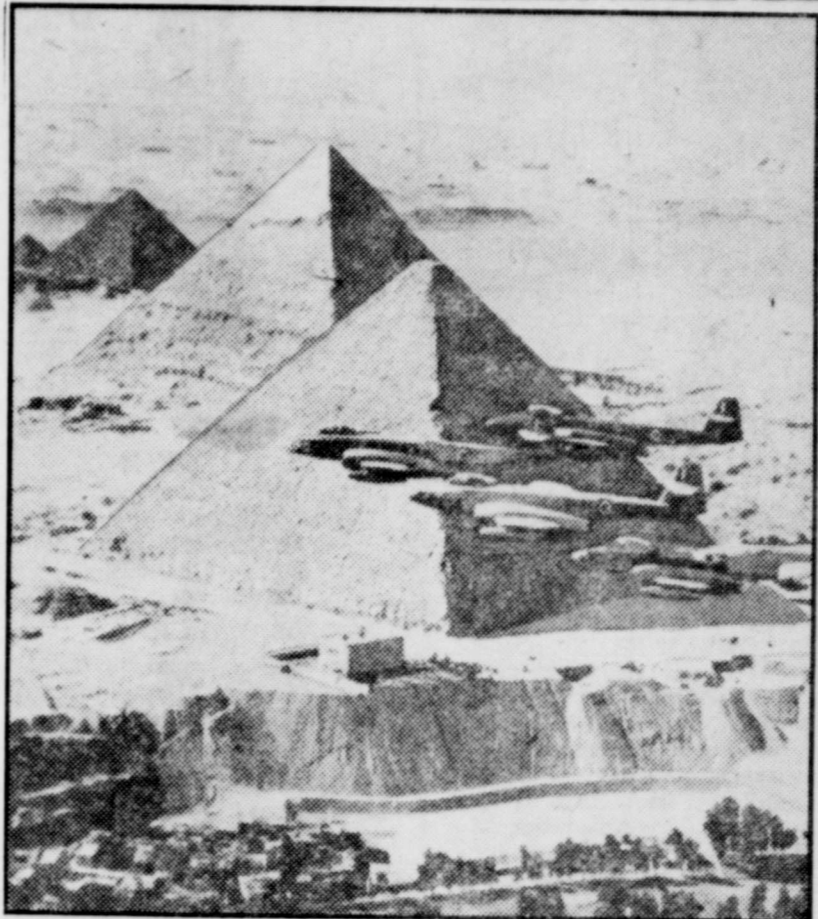

The Seventh Grade History Club met last Friday, with president Barbara Clark presiding. Officers of the club are as follows:
President—Barbara Clark
Vice-President—Milton Reed
Secretary—Jamie Field
Treasurer—Elizabeth Cole
Reporter—Don McDonald

A program was planned by Milton Reed, called "The Fall of the Alamo." Characters are played by Jamie Field, Carolina Rodriguez, Gwendolyn Blair, Daniel Gonzales, Sandra Robbins, Christina Bernal, David Drennan and Enequina Mata.

At the end of the program Reed said a little about the Alamo. The whole room had a round table discussion on the Alamo.

Refreshments were served.

Rufus W. Foster underwent an operation in a Big Spring hospital Wednesday morning. He is doing fine, it was said. Also his brother-in-law, Clyde Reynolds underwent an operation right after Rufus did in the same hospital.

MOMENT IN TIME—Momentous fly-past by British Gloster Meteor F.R.-9 jets fails to disturb the monumental calm of Egypt's ages-old pyramids. Jets' fleeting shadow across the timeless desert marks the departure of Britain's last operational jet squadron to leave Egypt under terms of the Anglo-Egyptian Suez Canal Zone Bases Agreement. Squadron is now based at Malta.

Sterling Lambs Place At San Angelo Show

Lions Club Luncheon

The Lions Club met at the Community Center Wednesday noon for the regular weekly luncheon meeting. Vice-president Delbert Haralson acted in the absence of Rufus Foster, president.

Guests included Steve Heacock of the State Highway Department and Tom Watson.

Lion Diddle Young read letters from Westport, Connecticut about an art school located there. The club was interested in an art course for a local student. A committee was appointed to look into the matter further and report back next week. Haralson named on the committee Diddle Young, G. C. Murrell and R. T. Caperton.

Henry Bauer talked about the coming Red Cross drive. It was decided to have lists made and handed out at the next meeting.

Jim Butler spoke about the trash cans that had been placed over the town. Diddle Young said he would see that the word "trash" got put on the cans (stenciled) this week. Free paint was offered by Henry Bauer and Doug Farnsworth.

The secretary, L. S. Dubberly, said the Blind Caravan would not be here for the club sale until on Wednesday, March 23. The sale had been originally set for March 21.

Sterling County 4-H Club members showed lambs and their placings at the San Angelo Livestock Show last week include—

Light Weight Finewool Class:
LeRuth Reed—4th
Bill Davis—10th
Tony & Lynda Allen—18th
Lee Foster—30th
Don McDonald—33rd.

Heavy Weight Finewool Class:
LeRuth Reed—4th
LeRuth Reed—12th
Lee Foster—22nd

Middle Weight Crossbred Class:
Tony & Lynda Allen—7th
Carolyn & Jerry Payne—8th

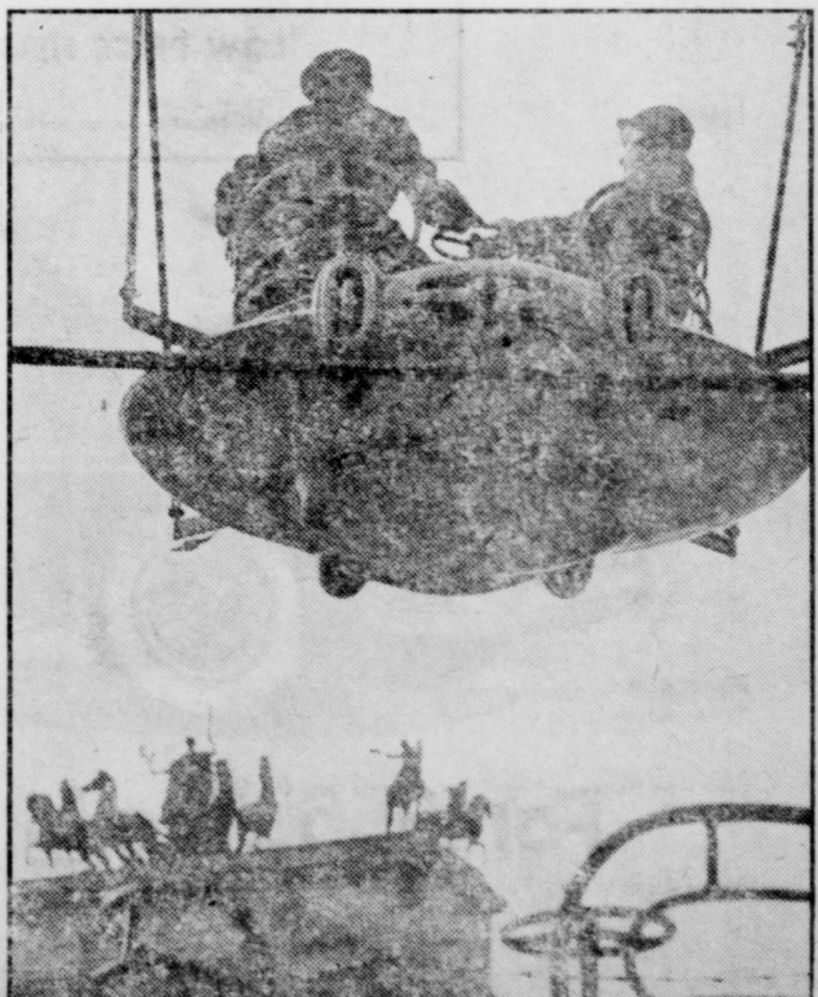

Heavy Weight Crossbred Class:
Don McDonald—6th

Finewool Shorn Lambs:
LeRuth Reed—6th
Lee Foster—7th
Bill Davis—11th

County 4-H or FFA Chapter. Pen of 15 Finewool Lambs:
Sterling Co. 4-H Club—3rd
Registered Rambouillet Breeding Sheep--Ewe Lamb:
David Durham—15th.

Total prize money won by 4-H Club members at the show was \$304 said Fred Campbell, County Agent.

FOR RENT—Two 2-room furnished apartments and one 3-room apt. All complete with private baths. See or phone T. H. Murrell.

VENUSIANS, MAYBE?—Could be. More plausibly, they're law-abiding young visitors from Venice—not Venus. The lads are riding a "flying saucer" car on a Ferris wheel set up near the famed Arch of Peace in Milan, Italy.

The annual Cherry Blossom Festival in the nation's capital is scheduled to begin April 13, unless Mother Nature turns a cold shoulder on Washington. The six-day event is expected to attract half a million visitors.

Largest gem ever discovered on the North American continent by an individual was found recently by a Dallas, Tex., housewife, touring the "Crater of Diamonds," a find-it-yourself diamond field near Murfreesboro, Ark. Valued at \$15,000, the 15-carat gem cost her \$150—the price of admission to the inactive diggings. Its operators will net 25 per cent of the sale value.

Russia has announced that valuable diamond desposits have been found in Soviet Northern Asia. Far more important than their gem value may be the potential for a harvest of industrial diamonds with which to tool Red industry.

HOGS UP SHARPLY AS RUNS DECLINE

FORT WORTH—Butcher hogs raced ahead 50 cents to \$1 a hundred at Fort Worth Monday on the basis of lighter receipts around the major marketing circle. Twelve major markets reported more than 34,000 less hogs Monday than a week ago.

Choice meat type hogs topped at \$13.75 to \$14.25, with the more popular prices at \$14.00. This was the best price many weeks here. The less desirable butcher kinds sold from \$12.50 to \$13.50, some butcher pigs around \$11. Sows cashed at \$9 to \$11. Stags drew \$5 to \$6.

TWO LARGE GROUPS VISIT THE MARKET

Two groups of 4-H and FFA

youths took the spotlight Monday with top sales in their division. The group from Dickens and North Kent Counties had some fancy fat steers that sold mostly at \$19, with a few at \$19.25 and a few at \$18. There were more than half a hundred young people and adults in this group.

The Lampasas County group sold clipped lambs at \$17, the top for those with pelts so short, and there were 50 or more in this group, too. Both groups reported their commercial feeding type programs were highly successful and they felt that the young people learn a great deal about practical livestock production with this kind of program.

CATTLE TRADE STRONG; STOCKERS ARE HIGHER

All classes of cattle and calves found trade active and prices fully steady to strong at Fort Worth Monday. Some fed steers, yearlings and heifers were 25 cents or more higher and some stockers were strong to 50 cents higher. Despite the continued dry conditions in many sections of the Southwest, stocker trade has been showing strength right along.

Many out-of-state cattle men were on the yards, and most of them were in town to meet cattlemen attending the Texas and South-

western Cattle Raisers Annual meetings in Fort Worth.

Some fleshy to fat two-way steers and yearlings sold into feeder channels at stronger prices. Some of these in the \$15.50 to \$16.50 bracket scaling as high as 900 pounds. Lighter yearlings sold upward to \$18 to \$19, and choice steer calves topped at \$20.

Comparative prices: Good to choice fed steers and yearlings \$15.00—19.25; common and medium \$11.00—15.00. Fat cows \$11.50—12.50; canners and cutters \$7.50—11.50; bulls \$10.00—14.75; good and choice slaughter calves \$16.00—19.00; common and medium \$13.00—15.50; culls \$10.00—13.00; stocker steer calves \$20.00 down; steer yearlings \$19.00 down; feeder steers \$16.50 down; stocker cows \$10.00—13.00.

SHEEP AND LAMBS STEADY; TOP \$19.00

Milk fat lambs topped at \$18.00—19.00 at Fort Worth Monday and woolled fat lambs scored \$18.50 down. Some shorn lambs with No. 1 and Fall shorn pelts sold from \$18 down; and shorter pelts sold from \$15.50 to \$16.50. Cull, common and medium lambs sold from \$13 to \$16.

Slaughter ewes drew \$6.50 to

EASTER LAMBS TO MOVE MARCH 19—20

General movement of Easter lambs scheduled for the Easter trade will be concentrated on March 19 and March 20 at Fort Worth. However, lambs to be suitable for this trade should be milk fat lambs of choice grade and should weigh at least 65 to 70 pounds or more.

Buyers and salesmen at the market asked us to be sure and remind growers of lambs that unless their lambs were "ready" it would probably be better to "not get in a hurry." Also, to keep in mind that many strong sales are made before and after Easter, as well as during the Easter shipping season.

THURSDAY STOCKER SALES BEST OF WEEK

The emphasis on stocker and feeder cattle and calves on Thursday got under way at Fort Worth last week with sizeable shipments from Dawson and Childress Counties that sold from 25 to 50 cents above the week's averages.

The program will be started in Denver, Colorado, with fat cattle in the near future. Spreading the receipts through the week to get away from Monday and Tuesday congestion is being urged by all market

people all over the county.

Jay Taylor, Amarillo, past president of the American National Cattlemen's Ass'n said in Fort Worth last week that big Monday and Tuesday runs were costing cattlemen millions of dollars in his opinion. He strongly urged that efforts be made to level out the receipts and get more of them in after mid-week.

METHODIST CHURCH

The Methodist Church will have family night next Sunday evening. Everyone will bring a covered dish (any dish they wish) and the meal will be served promptly at six o'clock. At about 7 o'clock or soon thereafter the young people will take charge of the service and lead the congregation in a short devotional service and this will be followed by a film. The film will be of great interest to those who have had a part in studying the history of our American Indians.

Members of the official board will meet for a brief meeting after the evening meal.

The morning worship service will begin at 11 o'clock with the pastor preaching on the subject "A Religion that Possesses."

The pastor will begin a class Saturday morning on Church membership. The class will start at 10 o'clock.

METHODIST YOUTH FELLOWSHIP

The MYF met at the church last Sunday evening at 6 o'clock. Mrs. Henry Bauer and Mrs. R. T. Caperton substituted for Mrs. Finis F. Westbrook. Refreshments of cookies and cold drinks were served. The group worked on the program for Sunday evening, March 18.

Present were Jim Davis, Jimmy Joe Bauer, Lynda Allen, Janet Westbrook, Jacque Caperton, Jeannine Jones and Jackie and Elizabeth Cole.

Jimmy Lindsey Discharged

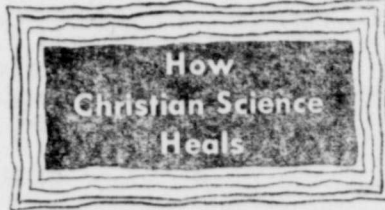

Sgt. Jimmy Lindsey, son of Mr. and Mrs. Fred Lindsey of Big Lake has received his army discharge. Jimmy spent three years in the service, two in the states and one in Germany. He was discharged from Camp Chaffee, Arkansas last week and flew home from there. He, with his family, visited the J. H. Cates' here last Sunday.

From where I sit... by Joe Marsh

Information "On The Line"

I was reading the other day how a person can get all sorts of things just by dialing a number on his telephone.

In New York you can get the time, the weather, or a prayer. In Philadelphia it's the stock reports. In Boston a voice tells bird watchers what's to be watched in the park.

Over in Europe, they go further. Vienna offers a five-minute fairy tale for kids. In Switzerland you can get the news in any of three languages. And a couple of places have "talking menus" for desperate housewives.

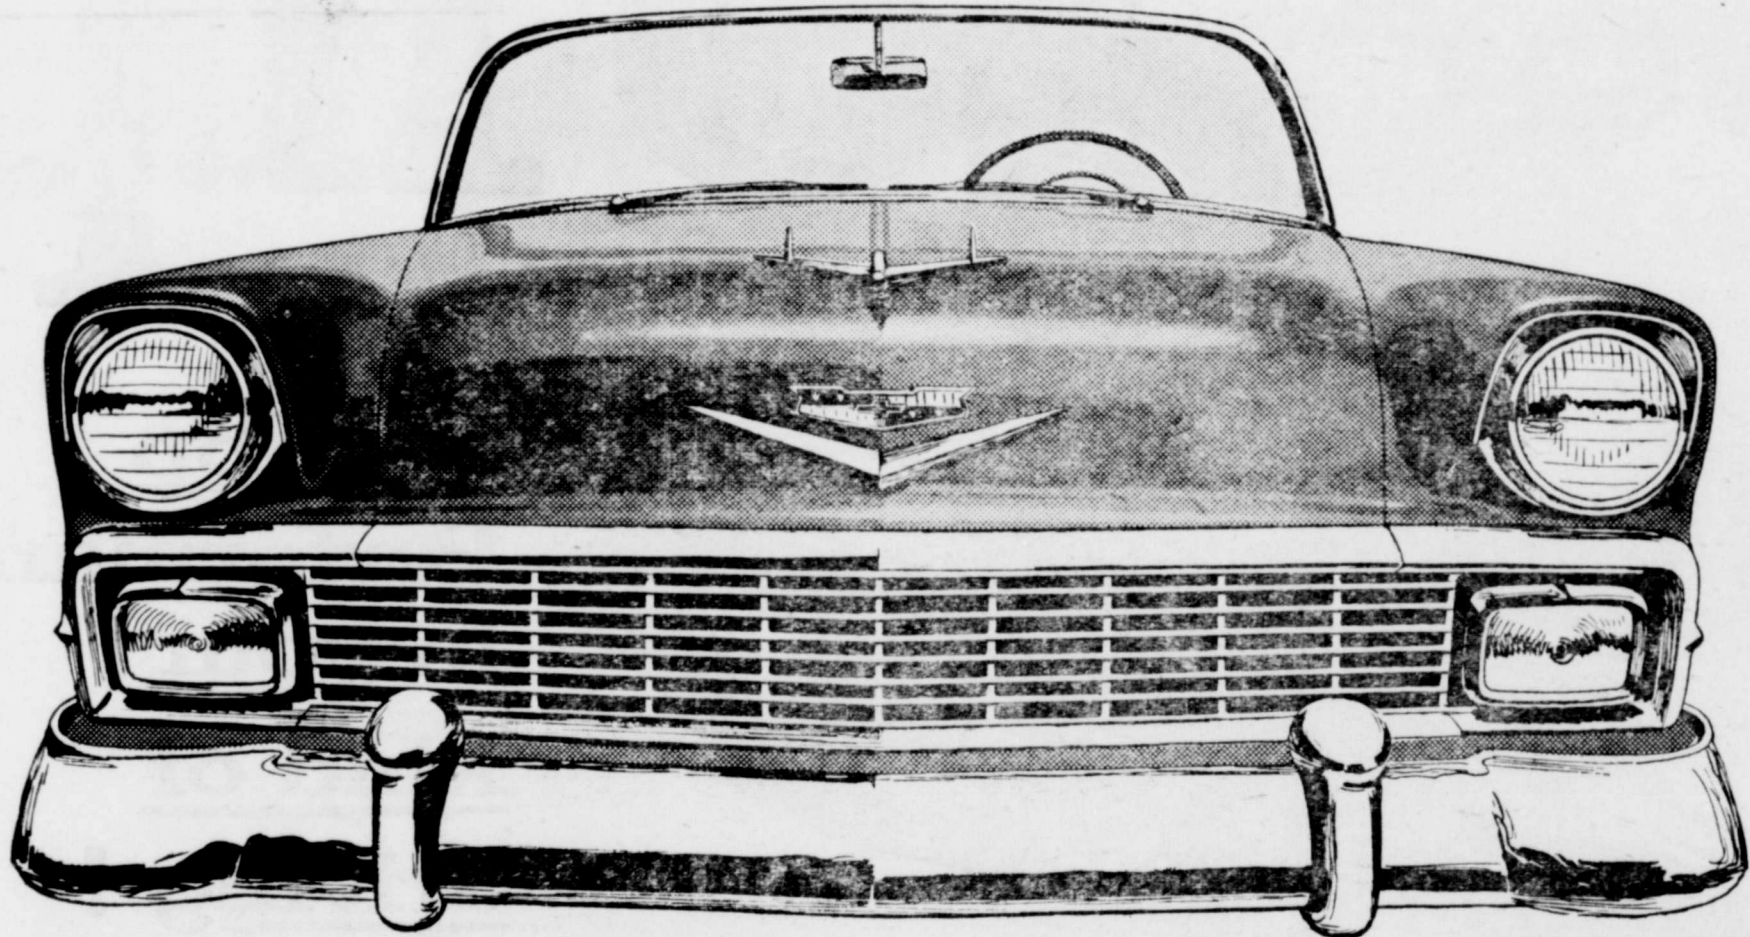

From where I sit, it doesn't matter if ideas are put out by telephone, through editorials, or in person—as long as we can take them or leave them. I happen to like a glass of beer with my supper. You may prefer coffee, tea or branch water. Well, there's no harm in "listening" to another's opinions... but if he should try to force them on you, it's always an American's privilege to simply "hang up!"

Joe Marsh

Never because you pay less . . . only because you get

more!

It isn't the low price that makes Chevrolet the most popular car going. It's the looks and quality—the ride and roadability—the championship power and performance.

Sure Chevrolet's low price is important. It saves you plenty, when you consider what most other cars cost.

But even more important to you are the qualities you get in a new Chevrolet. Like its record-breaking performance (up to 225 h.p.!) and nailed-down stability.

These are just two of the things that go to make driving more satisfying—and safer—in a Chevy. Driven one yet? We'll be happy to arrange it.

More People Drive Chevrolets Than Any Other Car—2½ Million More!

Air conditioning—temperatures made to order—at new low cost. Let us demonstrate!

Pause for Reflection

BY James C. Ingebretson

Sir Basil Henriques, prominent British authority on juvenile delinquency, recently sailed for home after a lecture tour in this country which began January 2. The day before sailing, in an interview in New York, he reportedly said the lack of discipline in the home is one of the principal reasons for the alarming juvenile crime in America.

"The modern mother in America", Sir Basil assertedly declared, reads a few books on psychology which she does not understand. Then she takes care never to require the child to do anything he doesn't want to do, for fear of giving him insecurity feelings and a complex. The result is the child grows up unfitted for life, which consists in large part of doing what we don't want to do."

I think this Britisher is largely correct. Children need authority as much as they need affection. Without either, they are unhappy; they are like a steam engine without a governor—likely to wreck themselves and inflict injury on others.

The writer of Proverbs was right when he said, "Train up a child in the way he should go; and when he is old, he will not depart from it."

Mrs. Billy Graham said recently that the Book of Proverbs is a better guide to child training than all the modern books on child psychology put together. What do you think.

CHAPPLE'S

"WE APPRECIATE YOUR BUSINESS"

A Taste of Erin

By BETTY BARCLAY

It's always fun to celebrate a holiday by serving dishes appropriate for the day. Try the following suggestions. You'll find them ideal for year 'round serving as well.

Serve a green soup for the first course of your St. Patrick's Day dinner. Here is one that can be made in a wink with Lipton's new Green Pea Soup Mix.

In a saucepan, sauté ¼ cup chopped onion in 2 tablespoons bacon fat or butter. Pour in 3 cups cold water, stir in 1 package pea soup mix and ¼ cup chopped spinach. Stir occasionally while heating to boil. Cover and simmer for 3 minutes.

Dumplings in Apple Syrup

1½ cups Karo Syrup, Red Label
1 cup water
2 tablespoons butter or margarine
3 medium cooking apples, sliced
1 3-inch stick cinnamon
Few drops green vegetable coloring
1 cup sifted all-purpose flour
2 teaspoons baking powder

¼ teaspoon salt
2 teaspoons sugar
¼ teaspoon nutmeg
¾ cup milk
1 egg, slightly beaten

Place corn syrup, water, butter or margarine, apples and cinnamon in saucepan. Bring to a boil. Sift together flour, baking powder, salt, sugar and nutmeg. Add milk and egg. Drop by small spoonfuls into boiling syrup. Cover tightly and cook over moderate heat 20 minutes. *Do not remove cover while dumplings are cooking.* When done, remove dumplings to serving dishes. Add few drops green vegetable coloring to remaining syrup and serve over dumplings. Makes 6 servings, 2 dumplings each.

Frozen Lime Pudding

1½ cups (1 15-oz. can) sweetened condensed milk
½ cup lime juice
1 teaspoon grated lime rind
2 eggs, separated
¼ cup sugar

Set refrigerator control at coldest point. In a mixing bowl, combine condensed milk, lime juice, lime rind and egg yolks; stir until mixture thickens. Beat egg whites until almost stiff enough to hold a peak. Add sugar gradually, beating until stiff, but not dry. Slowly pour condensed milk mixture over beaten egg white, folding in carefully. Pour mixture into refrigerator tray. Place in freezing compartment and freeze until firm, about 2 to 3 hours.

NOTICE—I am the dealer for Stanley Home Products, Inc. and take orders for many different kinds of household and personal grooming aids. For those orders that I send in on the 15th, please let me have them between the 1st and the 14th of each month and

for those orders that I send in on the 30th, please let me have them between the 16th and 29th of each month. If you wish to have a party booked, please call me on any day of the month. MRS. CLAUDIA BURNS, Phone 147-J.

Col-Tex Service Station

John Hamilton, Owner

Hamilton Opens New Service Station

John Hamilton opened his new Col-Tex Service Station on the west end of town this Thursday. He did not open with a formal opening but said he might later.

Hamilton, who operates the Humble Station by the Sterling Motel, said he was handling all brands of motor oils, accessories, etc. He has Col-Texas gas in his pumps.

John cordially invited all his old customers and friends to visit his new station. It is located across the highway from the First Baptist Church, at the west edge of town.

Have You

been visiting
had visitors
sold anything
bought anything
had a party
been to one
joined a club or been
thrown out of one
got engaged
been jilted
got married

It's Time to buy a Frigidaire Electric Dryer!

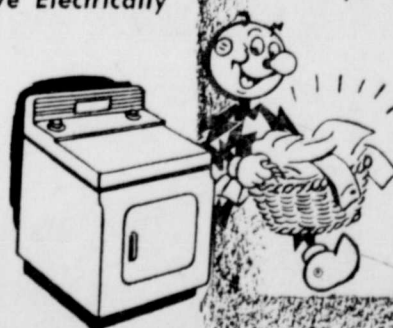

Be wise!
Live Electrically

The Imperial FRIGIDAIRE DRYER
Only \$265 per week

No more weather worries. Sand, wind, heat, or rain make no difference to the woman with a Frigidaire Electric Dryer. She can do her whole laundry automatically—whatever the weather.

Low-cost drying. Drying clothes electrically is economical three ways—the electricity costs only a few pennies, you save your clothes from sun-fading and wind-whipping, and you save yourself back-breaking lifting and stretching.

No expensive venting or plumbing. Frigidaire's exclusive Dryer FILTRATOR removes heat, lint and moisture so efficiently you can use your Dryer almost anywhere.
