Eagles Play St. Joseph Academy Here Tonight

The Last Non-Conference Game of the Season

The Sterling City Eagles play the last non-conference game tonight when they engage the St. Joseph Academy (Abilene) at 8 on the local field. Originally the date was an open one, but Coach Diddle Young matched a game with the Abilene Catholic boys school when Paint Rock fluked out on the game scheduled for last Friday night.

Conference play gets underway here next week when the Eagles, regional champs of 1956, engage the Garden City Bearkats. The Sterling boys have not yet dropped a game or even had a close one this year. But the story will be different as conference play gets underway. The teams of this district will all be playing "for keeps" and all have their eye on the district title. The Eagles are going to have to play real football after this non-conference tilt tonight.

CITY WATER TESTS SOFTER THAN LOCAL WELLS

Mayor John Walraven got a report from the State Department of Health this week reporting on the hardness of the water in the well on the Jeff Davis property that it is to be used as the city water supply.

The report shows that the well has a total hardness of 355 now as compared to 371 two years ago when the city had the well there tested. Hugh Dickson, city engineer, had kept the report of the well made in 1955 and noticed that the well had improved in softness during the two year period.

The chlorides had been 188 in '55 and had dropped down to 80 in the September, 1957 test.

The fluoride content is now at the level that cities doctor water for teeth decay prevention, said engineer Dickson. Many large cities are putting fluoride in the drinking water supply to prevent teeth decay in children. The amount added to the water is the amount now to be found in the well on the Davis place, according to the department report, added the engineer.

Mayor Walraven said work on the water system pipes, etc. is scheduled for an early start. He had a letter from the successful bidder on the project this week. A load of materials is scheduled to be moved in next week, said the mayor.

Mrs. H. A. Chapple, Alfred Chapple, Jodie Emery and W. G. Fincher attended the Dallas Fair last week-end.

WOMAN FOUND HURT IN CAR WRECK

Mrs. O. L. Hollis, about 40, of Sweetwater, went to sleep while driving on highway 87 west of town Wednesday night and lost the control of her car. Eleven and one half miles toward Big Spring she ploughed through the fence and hit several trees, etc. injuring her leg and badly damaging her car. She could not be seen from the highway throughout the remainder of the night and she stayed trapped in her car until daylight when a passing motorist saw her and reported the accident. She was brought to the Sterling County Hospital by a Lowe ambulance about eight o'clock.

Patrolman Jim Cantrell said the accident occurred about midnight.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. A. B. Sheppard
Mrs. Neal Reed
Neill Munn
Mr. and Mrs. D. P. Glass
Gene Alley
D. E. Smith, Jr.
Mrs. J. A. Revell
Leon Padilla
Mrs. O. L. Hollis of Sweetwater

Dismissals since Thursday morning of last week include—
Mrs. Marvin Churchill
Mrs. Ruth Allen
Mrs. Liska Lyons
Mrs. Joe Balderaz and infant daughter
David Smith.

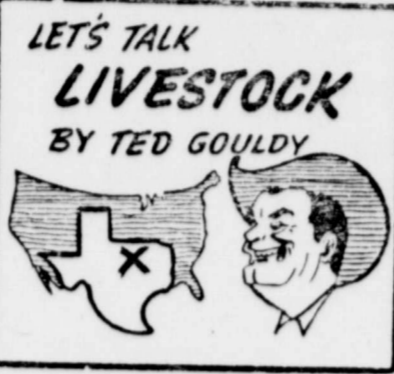

FARNSWORTH DEATH RULED SUICIDE

T. E. Gene Carr, local justice of the peace, ruled that the death of W. D. Farnsworth on October 1 was by gunshot wounds self-inflicted. Carr signed the inquest proceeding papers on Tuesday of this week with that verdict.

Farnsworth, manager of the South Texas Lumber Company yard here for over ten years, was found shot to death last week beside his car on Sherwood Lane about 8:30 a.m. Although it appeared to be a suicide final filing of the inquest proceedings was held up until verification of one or two items was made.

The Bill Greens went to the fair in Dallas last week-end.

FAT STEERS, FEEDER CATTLE AGAIN SLOW

FORT WORTH—Grainfed steers and yearlings were again very slow and bids 50c or more lower prevailed on most of the fed steers. Feeder cattle shared the slow and weak market with the finished cattle.

Thin stockers were steady, and the cow trade was active and fully steady to strong. Bulls ruled steady to weak. Slaughter calves were generally steady.

Comparative prices included: Good and choice fed steers and yearlings \$18 to \$22.50, and medium and lower grades \$13 to \$18. Fat cows \$13.50 to \$15.50, and canners and cutters drew \$8.50 to \$13.50. Bulls mostly \$11 to \$16.

Good and choice slaughter calves \$18 to \$20, a few baby beef heavyweights to \$21 and better. Common and medium butcher sorts \$13 to \$17.50, and culls \$10 to \$13. Stocker steer calves of good choice grades \$19 to \$23.75, and heifer calves drew \$21 down. Stocker steer yearlings cashed at \$20.50 down, and feeder steers cashed at \$18.50 downward. Replacement cows ranged from \$12 to \$14.50.

HIGHER SUPPORT PRICES WEAKEN FEEDER PRICES

Western sources are blaming the higher support prices on feed grains, and especially the \$1.10 support level on corn produced by farmers who did not comply with acreage allotments, with part of the break in feeder cattle prices in the past few weeks, according to word received at Fort Worth this week.

Their contention is that many of the non-compliers will now put corn in the loan and head South for the winter. On the theory that it will save work and be a better bet, perhaps, than feeding the corn to high priced feeder cattle.

Certainly, feeder prices are at least \$2 lower than they were four or five weeks ago, however, most observers here are inclined to credit the sag in fat steer prices with the weakness in feeder cattle prices.

Fed steers and feeder steers and yearlings, are currently selling about in line with a year ago at Fort Worth. Other classes of cattle and calves enjoy a \$2 to \$5 spread above prices of a year ago here.

HOGS OPEN ON WEAK TONE, TOP \$18.50-18.75

Top butcher hogs cashed at weak to 25 cents or more lower prices at Fort Worth Monday. Choice butcher hogs scored \$18.50-18.75 and medium to good butchers sold at \$17 to \$18. Sows held steady at \$18 downward.

The weakness in the hog trade stemmed directly from the resumption of heavier marketings in the Northern livestock centers. The some 80,000 hogs reported at 12 major markets was some 13,000 ab-

Lions Benefit Ropings Here October 19

Wimodausis Club Has Travel Program

Travel was the subject for study when the Wimodausis Club members met Wednesday afternoon in the community center for the regular meeting. Thirteen members answered the roll call.

Mrs. C. B. Stovall gave the devotional. Little Pam McEntire was a guest.

It was decided to have a food sale on Saturday, October 19. The meeting scheduled for October 23 was switched with the December 4th program as printed in the year-book.

Mr. and Mrs. C. C. Pope of San Angelo gave an illustrated lecture on their Australian and New Zealand tour. Colored pictures were given along with the talk.

Hostesses were Mrs. Foster Conger and Mrs. Rufus Foster. Refreshments of hot tea and assorted cookies were served.

Attend Funeral in Stanton

Attending the funeral services in Stanton Sunday for Mrs. Dan McDonald were Mrs. J. Q. Foster of Sterling and Mr. and Mrs. J. D. Reeves of Big Lake. Mrs. McDonald was a sister of Mr. Reeves and an aunt of Mrs. Foster.

ove a week earlier. SHEEP AND LAMBS STEADY; HIGH GRADES LACKING

The offering of sheep and lambs at Fort Worth last Monday was again met by strong demand and steady to strong prices. However, once again the offering contained mostly medium and lower grades and strictly choice kinds were absent.

Some good to low choice fat lambs cashed at \$20 to \$21, and both woolled and clipped lambs sold at \$21, and something strictly choice was quotable higher. Cull to medium lambs drew \$12 to \$19. Stocker and feeder lambs ranged from \$16 on some common stuff to \$20.50 on the better feeders, something fancy quotable higher.

Yearling and aged muttons were virtually lacking. A few old slaughter ewes drew \$7.50 to \$8.50 and some breeders drew \$10 to \$16, with better young ewes quotable well above that.

TEXAS SLAUGHTER FIGURES FAR BELOW YEAR AGO

Current report of USDA received at Fort Worth this week reveals the light marketings of livestock in August, 1957, are reflected in the 19 percent drop in red meat production as compared with August, 1956.

The report shows August, 1957, slaughter of cattle was 24 percent lower, calf slaughter 14 percent lower, hog slaughter 4 percent lower and sheep slaughter 48 percent under August, 1956.

These percentages have been accurately reflected in the numbers reported at markets in the Texas area.

Cutting Horse Contests, Jackpot Ropings and Barrel Races

The Lions Club sponsored matched roping, jackpot ropings cutting horse contests and barrel races set for October 19 is building up for the big day of the show. Most plans have been completed and all work is in process of completion.

The matched roping between Ted Powers and Walton Poage will be the drawing card for the event. Both ropers are well-known over this area and a large crowd of fans will gather to see them.

A number of entries for the cutting horse contest have been received and quite a lot of interest is being generated in that department. Entries are being accepted by Alvie Cole, general chairman of the show.

Jackpot ropings for open as well as a junior class, are coming in for a share of attention. Girls barrel races always add color to a show of this kind.

Trophies will be awarded to the winners in the cutting horse open contest and the barrel races.

Horace Donalson, president of the Lions Club said the club members would have the concession stand and serve drinks, sandwiches, cake, pie and barbecue. Fred Igo will be in charge of the club.

Admission will be 50c and \$1, said Donalson. Money raised will go to finance the club's activities during the coming year.

County agent Arthur Barlemann, secretary for the show, has gotten out publicity letters to the various newspapers, radio stations and TV stations over this area. As well advertised as it is, if the weather is good, a record crowd is expected.

The Tom Green County Polo Club will engage the Sterling Club in a ten minute set during the afternoon.

Set to begin at 2 p.m. the affair will be held at the John Reed rodeo ground just west of town on highway 87. The main events will be over by 5:30 or 6 p.m. it is said, although some jackpot roping and possibly some cutting horse events will be staged that night said Cole.

CHICKEN-SPAGHETTI SUPPER AT SCHOOL OCTOBER 22

The junior class is sponsoring a chicken-spaghetti supper at the Sterling school gym on the evening of October 22. Such announcement was made this week.

Class members are working up a floor show and program for the affair and plan to give the supper eaters a big evening. More details will be given in next week's paper.

Rainfall last Tuesday night was light over most of the county, but good rains fell in the north part of Sterling County. Rainfall reports are:

Aztec-Mayan Rituals To Be Performed At State Fair

Colorfully costumed dancers re-create the mysterious rituals of a vanished race in the exciting Aztec-Mayan Spectacular, free show to be presented twice daily on the Magnolia Midway Stage at the 1957 State Fair of Texas in Dallas, Oct. 5-20. The ceremonial dances are climaxed with the death-defying flight from a 100-foot pole (right) by the amazing "Flying Indians," the Birdmen of Teotihuacan.

METHODIST CHURCH

On Monday afternoon, beginning at 4 o'clock, members of the Woman's Society of Christian Service will have the closing session of the study on the book of Mark. Attendance has increased from the beginning of the study as it is a most interesting study. They urge that others take advantage of the opportunity to hear the closing class session. The study will be held in the Methodist Church.

As announced previously, the evening services have been changed and will begin as follows: Evening worship service at 7 p.m. and the Methodist Youth Fellowship begins at 6 o'clock.

The sermon topic for the morning worship service will be, "Hiding from God and From Ourselves." Following the song service at the evening service the pastor will preach on the subject, "A Great Commission" dealing with Amos, one of the minor prophets.

Sunday school begins every Sunday at 10 o'clock at the Methodist church.

CHICKEN-SPAGHETTI SUPPER AT SCHOOL OCTOBER 22

The junior class is sponsoring a chicken-spaghetti supper at the Sterling school gym on the evening of October 22. Such announcement was made this week.

Class members are working up a floor show and program for the affair and plan to give the supper eaters a big evening. More details will be given in next week's paper.

Vocational agriculture instructor Fred Igo drove the school bus to Dallas last Friday with the FFA boys and FHA girls on the State Fair trip. Mrs. Igo, Mrs. Claude Collins and Mrs. C. T. Williams accompanied the students on the bus.

North Concho River Soil Conservation News Column

The North Concho River SCD held its annual supervisors election October 1, 1957 at Seymour crossing south of Water Valley. Albert Brokaw was reelected to the board of supervisors. He represents the farmers and ranchmen of that portion of Tom Green County that lies in the North Concho SCD. He serves as secretary of the board and also as custodian of the district equipment.

Rainfall last Tuesday night was light over most of the county, but good rains fell in the north part of Sterling County. Rainfall reports are:

Gene Alley trace

Tom Humble3
Gordon Bird 1.1
W.N. & L.R. Reed sprinkle

Grass seed harvest has been completed in most parts of Texas. Ranchmen and farmers who plan to do reseeding work next year should consider buying their grass seed now while prices are low. Indications point to high prices again next year on most grasses. If more in-

formation or price quotations are wanted, drop by our office and we will be glad to give you the information you want.

The D. L. Haralsons plan on attending the State Fair in Dallas this week-end. They will meet some friends and relatives there for the week-end.

FOR SALE—4-room house. \$300 cash will handle. Easy payments. See R. E. Martin. (11-1-57)

HOW MUCH WOULD YOU CHARGE—

TO WASH THESE CLOTHES...?

TO BEAT THESE RUGS...?

TO WASH THESE DISHES...?

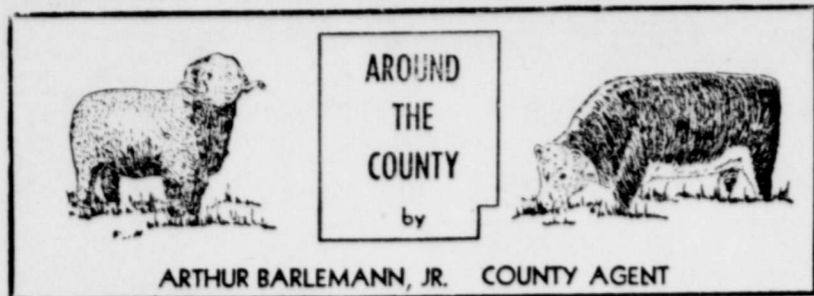

Electricity does it for only a few cents!

Electricity is the biggest bargain in your budget — and even more of a bargain today than it was years ago — in fact in homes served by WTU, the average cost of a kilowatt hour of electric service is 20% LESS than it was 10 years ago. Your electric bill may be higher, but that is because electricity is so inexpensive you can afford to use much more of it these days. Don't you think so?

West Texas Utilities Company

Face covering has long been an important factor in selecting fine-wool breeding sheep. Experiments at the Sonora Experiment Station recently affixed a value to it. Sheep with medium face covering are worth \$5.00 a head more than those with near complete covering which poses a wool blind threat.

Selection of ewes with an intermediate amount of face covering can mean a difference of from 5 to 9 pounds of lamb also. Medium covered faced ewes will mean lambs weighing that much more according to the experiments. Both the heavily covered faces and the too open faces weaned a lower percentage lamb crop that meant the

5 to 9 pounds difference. In addition, heavily covered faces are more susceptible to screw worm pits below the eyes. The ewes are not able to see well and usually are not in as good a condition as medium covered face ewes.

While it is true that the faces can be sheared and the ewe will have a chance to see, this is just another job that the sheepman can get along without. Extra labor at the price of labor this day just adds to the probability of losing money on the operation. Select ewes and rams as well that are medium covered in the face. Cull the ewe lambs that are wool blind and send them to

market as soon as possible.

Johnny Hailey is the new office manager in the county ASC office. Johnny started work on October 1 replacing Mrs. Roxy Brock who resigned. Johnny will work with the county committee made up of Billy Ralph Bynum, chairman; Clinton Hodges, vice-chairman; and Gene Alley, member.

Billy Kidd, associate county agent in sheep and goat work, was in the county last Thursday to help select replacement ewe lambs for Tom Collins. Billy's job has been to help county agents work sheep and goats and mohair as well under the improvement plan set up by the Texas Sheep and Goat Raiser's Association and Extension Service. The plan is aimed at improving the quality of the wool clip and getting more money for the rancher where it can be sold on the improved basis.

Mr. Collins had about 200 ewe lambs this year. From this group we selected the top 100 ewe lambs to go into the breeding herd. Selection was on the basis of body confirmation and wool. In selection each is given full consideration as they go hand in hand. Too much attention or emphasis on size will result in a big rangy sheep with poor wool while if wool is emphasized too strongly, size will suffer and shearing weights go down.

Some time ago a number of buck lambs were topped out in the same manner. These will be used as replacement bucks. To improve the quality of the herd, replacements selected must be better than those being replaced.

For wedding invitations, announcements, at-home cards, etc., see the local News-Record shop.
