Eagles Win Over Grandfalls 36-6

Play Dawson There Tonight

In a non-conference tilt on the local field last Friday evening, the Sterling Eagles beat Grandfalls-Royalty 36-6.

As the game opened the locals kicked off to the visitors. They tried mightily but had to kick on the fourth down. Sterling made a first in two tries and Sam Nance pushed over for another. Jack Asbill picked up 6 yards but a Sterling fumble gave Grandfalls the ball on their own 40 yard stripe. They made a first but fumbled and Sterling took over on the 35 yard line Nance gained four yards and then Asbill picked up 20 yards on a nice end run. Nance picked up 4 yards; Sterling fumbled but recovered. Then little Sam Nance pushed over for a touchdown. Jack Asbill got caught in a bind and passed to David Durham for the two extra points. Thus ended the first quarter, score 8-0.

Asbill booted the ball on play resumption and Grandfalls returned it to the six yard line. The visitors made three first downs in a row, and then fumbled and Nance recovered the pigskin on the mid-field stripe. Asbill went 11 yards for a first on the first play from scrimmage for the Eagles, and Nance racked up another by taking the ball on down to the 11 yard line. Then he took it on over for a TD for the Eagles. Don McDonald ran the ball over for the two extra points. Jack, the kicker, Asbill booted the ball "plumb" over the goal line as usual. Grandfalls advanced the ball upfield on a series of pass plays, until Leroy Churchill intercepted one and took the oval down to the visitors 11 yard line. Then McDonald heaved a long pass to Bill Coleman which was good for a touchdown, and they worked the same combination for the extra points.

The half came soon and the score stood Sterling 24 and Grandfalls 0.

As play resumed McDonald took the kick and made a good return. The Eagles drew a 5 yard penalty for backfield in motion. Grandfalls had to kick on the fourth down and the Eagles started moving. Nance got 5, Asbill 3 and then he pushed over for a 1st for the Eagles. Then Don got a first down in one try and As-

The Cub Scouts cleaned up around the Legion on Thursday afternoon. Boys doing the work were Mike Payne, James Fields, Tooter Fields, Frank Price, Randy Mixon, Billy Blaneck and Johnny Coleman. Jack Peel is the Cubmaster.

bill pushed the ball to the end of the chain for another first and then McDonald got the oval down to the 3 yard line and without further ado he ran over (standing up) for a TD. The try for extra point was good but Sterling drew a 15 yard personal foul penalty which nullified it.

Early in the fourth quarter C. L. King pushed over for a Sterling counter. Before the game ended Sam Trees for the visitors pushed over for a Grandfalls touchdown, making the score 36-6.

TO DAWSON TONIGHT

Coach Dillard's boys are to play Dawson a six-man game here tonight. It is a non-conference tilt.

J. T. Conger, 52, Buried Here Wednesday

J. T. Conger, 52, of McCamey, was buried here in the Foster Cemetery Wednesday morning. He had died in the McCamey Hospital Monday night.

Services were conducted at the First Baptist Church with the Rev. Billy Crews, pastor, and Rev. Jerry Spear of McCamey officiating. Lowe Funeral Home was in charge of arrangements here. J. T. had been ill for several years leukemia.

Mr. Conger was born May 12, 1908 in Sterling County and finished high school here.

Pallbearers were Earl and Seth Bailey, Foster Conger, H. A. Chapple, and Herbert and Lloyd Cope.

Survivors include two sisters, Mrs. Ann Barnett of California, and Mrs. John Cole of McCamey; three brothers, Joe Conger of Fort Stockton and Bill Conger of Forsan; and a number of nieces and nephews.

LIONS CLUB

LIONS NOT TO HOLD MEETING NEXT WEEK DUE TO WORLD SERIES

The Lions Club members voted to not hold a meeting next week due to the interest in the World Series baseball games. Meetings will be resumed on the next week.

Dayton Barrett was a guest at the Wednesday luncheon.

Talk of money raising activities took up most of the discussion at the meeting.

Departing member and secretary, Billy Crews, was given an ovation.

Now Deputy Sheriff

W. G. (Dub) Fincher has gone to work as a deputy in the sheriff tax assessor-collector's office here. He is under sheriff Jim Cantrell.

Fincher has been in Washington, D.C. working in an insurance company office.

York Grunys' mother, Mrs. A. G. Grunys of Hawthorne, New Jersey, will arrive here next week for a two week's visit with the Grunys.

Fall Lectureship at Church of Christ

The annual fall lectureship at the local Church of Christ is scheduled to be held Oct. 2-6. Sunday services will be held at 11 a.m. and 7 p.m., said Marion Hays, minister.

The theme for this year's series is "It is time to wake up"

Mr. Hays will be the Sunday speaker. Other speakers for the week night services include Thomas E. Cudd of Big Spring, Carl Breechen of San Angelo, Darrell Flynt of Sterling City, and O. C. Lambert of Winfield, Alabama. He is nationally known as an evangelist, author and lecturer, said Mr. Hays.

A special invitation is extended to the public to attend.

Democrats To Have Fund Raising Dinner October 20

The Democrats of Sterling County are planning a fund raising dinner here on the evening of October 20. Present plans call for a dinner to be held in the back part of the City Cafe.

Money raised will go to the Dollars for Democrats Drive for campaign expenses.

Costs to the dinner will be a donation to the Democrats of at least \$3.75, said Jack Douthit, chairman of the Sterling County Democratic Executive Committee. He and Mrs. Mildred Emery, secretary of the county organization, are in charge of arrangements.

October 20 is a Thursday evening, and the dinner will be held at 7:30 p.m. An out-of-town speaker might possibly be secured, but it is not known for sure at this time.

Reservations for the dinner should be made now with either the chairman or Mrs. Emery. No drive for Democratic Party funds have been made here this year.

SUPERVISOR FOR NORTH CONCHO RIVER SOIL CONSERVATION DISTRICT TO BE ELECTED OCT. 4

On the first Tuesday of October (October 4) an election for Soil Conservation District Supervisor for Zone 2 of each Soil Conservation District in Texas will be held. The election will be at a mass meeting held at an hour and place set by the Supervisors of the local Soil Conservation District.

Zone 2 of the North Concho River Soil Conservation District includes Sterling County north of the river and a little bit of Howard and Glasscock Counties.

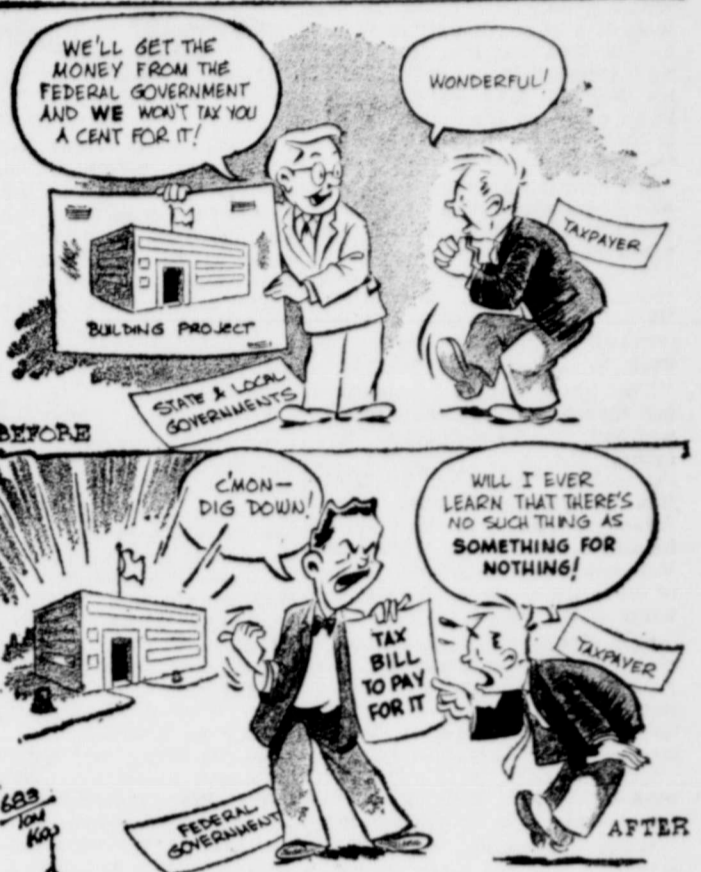

All persons (both husbands and wives) who own land in Zone 2 and live in a County all or some part of which is in the district who have attained the age of 21 years are eligible to vote. Nominations are made from the floor and the person receiving a majority of the votes of the qualified voters present is elected for a term of five years. The present supervisor is J. Q. Foster.

Supervisors serve without pay except for a small allowance for expenses. The Supervisors constitute the administrative and policy forming body of the Soil Conservation District just as the school board members manage the school district.

To be a district supervisor a person must be 21 years of age and a landowner in the zone from which he is elected. He should be practicing conservation on his own ranch, be a leader in his area and be willing to spend sufficient time to fulfill the responsibilities of the office.

We have in this vicinity, 3 repossessed pianos—which include one small blonde Spinnet and one dark finished Spinnet, also one nice small baby grand. Responsible parties may assume attractive balances. Write only—Credit Manager, McBrayer & Sons Piano Co., 3123 E. Lancaster, Fort Worth.

THE AMERICAN WAY

The Taxpayer—Only Source of Government Money

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Election of a supervisor for Zone 2 of the North Concho River Soil Conservation District will be held next Tuesday, October 4. The meeting will be held on the Lee Stringer ranch where the group will make a tour of some aerial spraying of mesquite which Mr. Stringer had done in 1959. The meeting will start at 1:30 p.m. at the ranch headquarters. In event of rain, the meeting and election will be held in the courthouse at the same time.

Zone 2 is all that part of Sterling County lying north of the North Concho River. Qualified voters are landowners in the area. They will elect a supervisor who will serve for the next five years. J. Q. Foster is the present representative of the area on the board. All landowners are invited to the meeting.

About two weeks ago, Charles Probandt brought a bug into the office for identification. The larvae stage, worm or grub-like stage, feeds on perennial broomweed or turpentine weed. It spent its time in the roots of the plant eating there and causing the plants to die.

None of the entomology books in the office gave any help in the identification of the bug so it was sent to Extension Entomologist at College Station for identification. There it was identified as one of the longhorned beetles. Scientific name was given as Crossidius pulchellus.

This is the same bug that has been quite harmful to the broomweed in New Mexico in the past year or two. However, according to the entomologist, this was the first of the bugs they knew of in Texas. Since the broomweed is a poisonous plant, the bug can be considered beneficial in that respect. Its other habits later on might cause it to be considered something other than beneficial.

To date, 16 4-H Club members have about 75 mutton lambs on feed for show purposes. Four club members have 13 head of registered Rambouillets as their demonstrations, and six club members have range ewe lambs for their club demonstrations. More mutton lambs are still needed for several of the club members. It is getting

close to the time to get all of them on feed but a place for a good lamb can always be found. There will be about 90 or 100 lambs on feed when all are placed.

"Your Cow and Calf Business" is the title of a new publication dealing with beef cattle production.

This bulletin should be helpful to ranchers in analyzing their cattle business. It goes into the various phases of production and analyzes each of them.

Some of the topics are percentage of calf crop, weaning weights, selling price, pounds of calf produced per cow, pounds of production to pay annual costs, increasing production at no increase in cost, and profit in pounds of calf.

This bulletin, B-956, is available in the county agent's office. Anyone desiring a copy may have it by coming by and picking up one, phoning or writing for it and it will be mailed.

Gift Shower

PINK AND BLUE SHOWER HONORS MRS. BRYCE

Mrs. Elroy Butler and Mrs. L. B. Hallmark, Jr. were hostesses at a pink and blue shower honoring Mrs. Dale Bryce on September 12 at the community center.

Guests and those taking part in the gift shower included Mmes. Jake Traylor, C. R. Johnson, John Gibbs, Jim Cantrell, Jake Martin, Earl Bailey, Charlie Pate, Luther Hallmark, Tom Asbill, Leroy Butler, Nolan Stewart, Fred Igo, Monty McGuire, John Reed, Brock Bill Brooks, Martin C. poisonous plant, the bug can be considered beneficial in that respect. Its other habits later on might cause it to be considered something other than beneficial.

Visitors here the the Leon Wallaces have been Mrs. Wallace's sisters, Mrs. Ernest Her-ring of Melrose, New Mexico, and Mrs. J. C. Ross of Dallas. Mrs. Wallace's daughter, Mrs. Ben Stapleton, brought the two visitors here from Dallas.

LOT IN SAN ANGELO ON S. Van Buren to trade for equity in house and lot here in Sterling. Jack Foree, ph. 8-3872.

**Check . . . Mate,
if you are Buying Furniture**

Of all the commodities on the American Market, furniture is one of the most difficult to buy with any degree of certainty. We look at a chair, we sit in it, we decide that we like the fabric with which it is upholstered, and we buy it. But do we really know what we are buying? What is under the cover? We are attracted to the basic styling of a wood cabinet. It is the right size and contains the required amount of storage space. But again, what do we know about the wood, the finish, or the construction? Buying a "Brand Name" can be a guide, but this method should not always be used as a hard and fast rule.

The important factor in buying furniture is not always the number of dollars spent, but rather the value received for the dollars spent. A combination of three elements establishes the quality of the piece of furniture — design, craftsmanship, and materials used. If any of these elements is missing, the value of the piece is diminished.

Selection of design is a matter of personal preference, but ask yourself this question, "Do I like to look at the piece of furniture, and why? Does it fit into the over-all decorative scheme which I have established?" If it passes this test, then delve into the construction of the piece.

Wood furniture (commonly referred to in the trade as case goods) should be constructed in such a manner that over a period of time the basic frame does not warp, the drawers continue to open and close, regardless of temperature or humidity, and any doors, whether hinged or sliding, continue to function. Check to see that drawer openings have center drawer guides (a small rail extending from the front to the back of the case which keeps the drawers in perfect line). Check the sides of the

drawers to see that they are dove-tailed together, and not merely glued or nailed. The sides of the case should be glued and doweled. Scrutinize the interior of the case to see that all supporting members are held in place with screws. These manufacturing methods are used in any wood furniture, regardless of price, which has any degree of quality.

Make certain of the materials used in the furniture which you are selecting. There is no substitute for the fine hardwoods and fine hardwood veneers in the furniture industry. Frames for upholstered furniture should be made of hard kiln-dried lumber, eliminating warpage and pulling apart, which necessitates expensive repair. Select upholstering fabrics for weave, not weight—or a combination of both. Finished wood pieces should have solid wood structural members, and either solid or fine wood veneer surfaces. Determine whether you are buying a fine cabinet wood, or whether you are buying another material which is finished to resemble what is represented to you. Remember that fine hardwoods have been designed by Nature to withstand the test of time. They give a natural beauty through the years, and can always be refinished at nominal cost, when necessary.

Buy the best quality that you can afford, but learn to look for the trademarks of quality. This is where value received—and not dollars spent—becomes important.

A CORDIAL INVITATION TO ALL
CHURCH OF CHRIST
Sterling City, Texas

**Service & Parts
Department**

We invite you to visit our parts and service department and we solicit your repair work on your cars and trucks.

We have two good and conscientious men, Mr. Jack Foree and Johnny Dawson, who can handle every service for your cars and trucks.

We try to have at all times all equipment necessary to do all your repair work. We also have in stock (as well as Ford parts) a good stock of Chevrolet parts and most all small parts for every make car and truck. We promise you our prices will never be more than Factory recommended charges for parts and labor. Also we carry insurance to cover nearly every kind of loss or damage that could happen to your car or truck while it is in our custody.

We are the only franchised new car and truck dealer in this county. We live and vote in Sterling City and pay a goodly amount of taxes. We get every car and truck that we can registered in this county. Our county gets to keep this money for local uses. We gladly contribute to all school programs and boys and girls clubs, and all civic and disaster requests.

We believe that most everyone here is glad to have a new car dealer in Sterling City. We solicit your patronage in sales and service.

Notice is hereby given that a SPECIAL Election will be held on Tuesday, the 11th day of October A.D. 1960 at the City Hall, City of Sterling City, in Sterling County, Texas, for the purpose of Electing a MAYOR for the unexpired term, ending April, 1962.

L. R. REED
 Acting Mayor of the City of Sterling City, Texas
 In Case of Fire Dial 8-2121

Mrs. York Grunys parents, Mr. and Mrs. E. P. Asbill of Ramon, New Mexico, left for home Thursday following a visit here with the Grunys.

Announcing the 1961 Ford...
 Beautifully proportioned to the
CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease racks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic '61 Look... beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

Tour Hill Country

Mrs. Jim Hinshaw, Mrs. Taylor Garrett, Mrs. Clell Ainsworth and Mrs. Horace Donaldson toured the Hill Country last week-end. Part of the time was spent in San Marcos, taking the glass bottomed boat tour and the underwater show in the submarine.

Mrs. H. D. Morgan, a friend of Mrs. Hinshaw's and a teacher there, sponsored a tour through Warm Springs Foundation at Gonzales. Two of the larger buildings were closed and several on the waiting list for lack of funds from the Polio Foundation. At the present time the National Foundation owes the Warm Springs Foundation \$114,000.00 for treatment of patients.

BROTHER OF LOCAL RESIDENTS DAED

Ted Nichols, 64, of Odessa, died Sunday, October 18 in Odessa. Burial was held in the Old Runnels Cemetery near Ballinger on the 19th. He was a brother of Mrs. Jim Duke and Dally Nichols of Sterling City.

The funeral was held in the Spill Funeral Chapel in Winters at 3 p.m. on the 19th. Attending the funeral from Sterling were Mr. and Mrs. Nichols. Mr. and Mrs. Duke, Marion Hays, Mrs. Nan Davis, Merton Ferguson, and Mr. and Mrs. Leon Ferguson.

Seven to twelve hours weekly can net up to \$400 monthly. More full time. For personal interview write P.O. Box 1055, Boise, Idaho. Include phone number.

Welcome—

to the **NEW Republican Party**
of Texas

The Young Guard of Democracy

The NEW Republican Party of Texas believes in the principles of Thomas Jefferson, Andrew Jackson and Woodrow Wilson now abandoned by the leaders of the Democratic Party. The Democratic Party has buried those principles in its efforts to please the various and well organized pressure groups and others to whom those principles mean little or nothing.

We address this message to the rank and file of Texans who bear the brunt of all give-away programs through their tax load—the forgotten people of America and Texas, those who own a home, a business, a bond, a share of stock, a savings account, a pension—an earned share in America's future—and who would like to conserve what they own or hope to own.

In leaving the Democratic Party to vote the Texas way—as the majority of Texans voted in 1952 and again in 1956—Democrats are not deserting the party of Jefferson, Jackson and Wilson. The principles on which the Democratic Party was founded are still on the label

but the Democratic donkey of old is now a horse of a different color.

The time has come for Texans to see the two parties as they are today—not as they were 50 years ago.

The Republican Party embodies those principles upon which this country was built and on which Texans fought for and won independence—self reliance, individual initiative, limitation of governmental power, government which makes it possible for most citizens to do most for themselves—and then assists those who cannot provide the basic necessities for themselves.

Republican candidates need not apologize for their party's platform nor hide its intent from Texans as Texas Democratic leaders have attempted.

We, the Republicans of Texas, with your help will preserve the principles of sound, responsible and enduring government in America and Texas. We ask your help in electing Nixon and Lodge and in establishing a long-past-due two party system of government in Texas.
