Eagles Win District; Beat Forsan 34-0

To Grandfalls Tonight For Last District Game

The Sterling City Eagles cinched the conference championship last Friday night by beating Forsan 34-0 on the local field. Coach Dillard's boys did not have any trouble boxing up the Buffaloes.

Sterling kicked off Forsan as the game opened. Fairly early in the first quarter, Don McDonald got loose on a long run and picked up the first touchdown of the game. And he ran the ball over for the two extra points. Then in the second quarter, Don, on a quarterback keeper pushed over for another counter. He passed to Jack Asbill for the extra two points, making the score at half-time 16-0.

Once during the second quarter Asbill took out two Forsan men on a nice play. It was a Forsan pass play.

Thrilling Run Opens Half

As Forsan kicked off to the Eagles as the second half opened, David Durham took the Forsan kick and ran all the length of the field for a T.D. He took the kick deep in his own end and seemed determined from the first to go all the way.

In the fourth quarter Jack Asbill made a touchdown on a run around left end. Then Sam Nance intercepted a Forsan pass and galloped over to another six-point counter for the Eagles.

Hero and Sweethearts Named

During the halftime pep squad revealed their choice for football hero. Chosen was Jimmy McCarty, an outstanding center and defense lineman this season. He was crowned at the halftime ceremonies. The football boys had voted on a sweetheart and a non-breakable tie developed between Barbara Clark and Elizabeth Cole. They were named and crowned co-sweethearts.

The game was the annual homecoming game and the fathers of the players were honored at the start. They were seated at the sidelines by their sons in chairs just before the game opened.

School officials and the coach are to meet with Jayton officials in Snyder Saturday morning to decide on the site and time for the bi-district game between the Eagles and Jayton. The game will probably be played on next Friday, November 18. The place will be announced later.

Grand Jury Indicts Two Here Monday

Mike Martinez, Jr. was indicted here Monday by the grand jury for the shooting to death of Taylor Garrett in 1957. Now 17 and old enough to be tried for a felony, he is due to be tried here on Dec. 5, said Justin Keever, district attorney.

After the fatal shooting here Martinez had been remanded to the Gatesville School for boys, to remain until he was 17. Somehow he was subsequently released.

And last September Martinez, an Alpine native, was charged with stealing a car from the Casner Motor Co. in Alpine. He was caught and released under \$1,000 bond and presumably awaits trial for that offense.

Martinez admitted firing the fatal shots into Taylor Garrett in a robbery at the Gulf Station here. Four boys had run away from their homes in Big Spring and were passing through here. They were caught in the north part of San Angelo by officers after crashing a roadblock.

Also indicted Monday was Reynaldo Sanchez, 28 on a charge of driving while intoxicated-second offense.

Club Meets in School Library

The talk also included several sketches of books for students of high school age—several of which are not in the library now.

The club voted to place a \$10.00 book in the library. A need for youth clothing for children in the State T.B. sanitarium, Carlsbad, was told by Mrs. Joe Lanek, president. Anyone having clothes for such project are urged to call 8-4261 and the items will be picked up.

Mrs. Billy Ralph Bynum was hostess. Mrs. Wayne Loury had the program. Roll call was answered with "A place I'd like to visit."

Jim Coleman's Step Father Dies

B. B. Stringfellow of Terrell died in a Terrell hospital on Thursday afternoon of last week. Burial was there last Friday in the Oakland Memorial Park.

Mr. Stringfellow was the stepfather of H. D. (Jim) Coleman of Sterling City.

He was born in Louisiana and grew to young manhood there. He attended Centenary College and the University of the South at Sewanee, Tennessee. He came to Texas shortly after and went to work for the Lone Star Gas Company.

He went to Terrell as an employee of the gas company and later was manager there until he retired in 1950. For the past eight years he had served the Terrell Independent School District as tax assessor-collector.

He is survived by his wife, three sons, a daughter, a sister and eight grandchildren.

Mrs. George Murrah of Brady visited with the R. P. Browns and other relatives here last week.

Close Vote Here Follows Trend

Sterling County voters gave the Kennedy-Johnson Demo ticket eleven more votes than the Nixon-Lodge Republican candidates in Tuesday's general election. Outside of the close race in the presidential election, Sterling voters were strong for all the other Democratic candidates from the top to the bottom of the ballot.

So Sterling went as the nation did on the balloting.

The voters gave Kennedy-Johnson column 193 votes as to 182 for Nixon-Lodge. In the U.S. Senate race, Lyndon Johnson got 245 votes to 118 for his Republican opponent, John Tower.

In the governor's race Price Daniel was favored by Sterling voters with 320 to Steger with 64.

Local voters did not go as did the whole state with favor for all four state amendments; they only favored two. The issue to let the State Veteran's Land Board increase interest on the bonds was favored by Sterling 141 to 125. They also favored the new laws on interest rates. Not carrying here were the raise for legislators and the special hospital district issues. The legislative pay raise got 114 votes for and 153 against. The vote on the special hospital districts was 116 for and 140 against.

All other state, district, the county and precinct Democratic candidates won with no opposition. A scattering of one or two write-in names were noted. And Owen Armstrong got some write-in votes for constable of precinct No. 1.

In the presidential race, no definite pattern was set. Kennedy carried voting boxes 2—25 to 10; 3—11 to 6 and 5—15 to 8. But Nixon carried the big box No. 1 129 to 125 and was two to one in the absentee box, 14 to Kennedy's 7.

City-County Get Santa Fe Deeds

Officials of the Santa Fe Railway Co. deeded the old depot here to the city and the stockpens to the county last Saturday. E. A. Tusha of San Angelo made the presentation for the Santa Fe. County Judge W. R. Brooks accepted the stockpens for the county and Mayor Lee Reed accepted the depot for the city. Both acknowledged the gifts with the thanks of their respective bodies and offered regrets that the service had ceased.

With Tusha for the ceremonies were Earl Gillmore, trainmaster and Bill Tilton, livestock man.

Present for the city were Reed, and councilmen Hugh Harzke, Fred Hodges, Harvey Glass and Roland Lowe.

Present for the county were Brooks, and commissioners R. T. Foster, C. J. Copeland, E. F. McEntire and Dayton Barrett; and county attorney Worth B. Durham and county clerk Will Durham. Also present were newspapermen Lee Watson and Jack Douthit.

The officials were hosts to a barbecue dinner that followed in the Legion hut.

Actual presentation of the deeds took place in the county commissioners courtroom in the courthouse. Later the group went to the two places being deeded and pictures of the officials and places were taken.

The Santa Fe came into the county in 1910 and was at the end of the line—a turn-around deal. Much livestock moved

over the line in the early days as well as other freight and passengers and express shipments. Due to falling revenues, passenger service was the first service to be cut out. Next was express shipments and then the depot agent was dropped and nothing but full car shipments came in or out with billings handled by the San Angelo office. Later the train came only at random and the line was completely abandoned this year. The ties and rails were sold for scrap and the land to the counties for highway right-of-way.

Trucks, buses and automobiles have just about ruined the railroads for anything except full car loads and cross country freight runs, said E. A. Tusha.

Two acres of land goes with the depot to the city and ten acres of land goes with the stockyards.

Lowes To Hawaii

Mr. and Mrs. Roland Lowe left Thursday for Hawaii. Roland won the trip for himself and his wife in a G.E. sales contest this summer.

The Lowes will be gone 10 days.

Mrs. George Turner, who underwent an operation in a San Angelo hospital last week is doing fine and is expected to return to her home here Sunday or Monday, said her husband.

Apples-On-A-Stick

8 medium red apples
8 wooden skewers
3 cups sugar
½ cup light KARO Syrup
½ cup water
1 drop oil of cinnamon
1 teaspoon red vegetable coloring

Wash and dry apples; remove stems. Insert skewers in stem end of apples. Combine sugar, Corn Syrup and water in heavy deep saucepan. Cook over medium heat, stirring constantly until mixture boils. Then cook without stirring to soft crack stage (285°F.), or until a small amount separates into threads which are hard but not brittle when tested in very cold water. Remove from heat; add flavoring and coloring and stir only enough to mix. Hold each apple by skewer end and quickly twirl in syrup, tilting pan to cover apple with syrup. Remove from syrup; allow excess to drip off, then twirl to spread syrup smoothly over apple. Place on lightly buttered baking sheet to cool. Store in cool place.

Carrot and Cabbage Salad

1 package (3 ozs) lemon flavored gelatin
1 cup hot water
½ cup cold water

¼ cup garlic salad dressing
¼ cup cold water and salt. Chill until slightly thickened. Meanwhile, marinate carrots and cabbage in salad dressing. Pour into slightly thickened gelatin and pour into individual molds. Chill until firm. Unmold on crisp lettuce. Serve with additional dressing, if desired. Makes 6 servings side salad.

Orange Cream Cheese Sandwich Filling

1 package (8 ounces) cream cheese
6 tablespoons Birds Eye Concentrated Orange Juice
¼ teaspoon salt
¼ teaspoon cinnamon

Beat cheese until smooth. Add concentrated orange juice, salt, and cinnamon; blend well. Chill. Spread on white, whole wheat, or brown bread. Makes 1 to 1½ cups filling, or 6 to 8 large or 24 to 32 tea sandwiches.

Social Security Should Be Paid on Household Workers

Many housewives in this area may be depriving their household workers of social security protection according to a joint statement issued by S. Baker Mallett, Administrative Officer of the San Angelo Internal Revenue office and Floyd B. Ellington, Manager of the Social Security district office.

"Workers' earnings are credited to their social security account from reports of their employers, and most of the employers," Mr. Mallett said, "faithfully report these earnings year after year." Some household employers who only recently hired household help may not realize their responsibility, and their employees, in particular, should make sure they are protected. The next quarterly report is due by July 31.

"Postcard forms for checking your own account with social security are available at all social security offices and should be used at least every three years by all workers, added Ellington.

If statements returned by social security show that your earnings are not posted to your record, steps will be taken to correct the omission and make sure that your employers report promptly and properly.

"Most people need many years of social security credit to qualify for benefits," Ellington said, adding, "It's your social security; make sure you are protected."

Prepared by National 4-H Service Committee, Inc.

The nearly four million projects completed by 2,300,000 4-H Club boys and girls in a single year is further proof that the "learn by doing" system is keeping young minds and hands busy. As a matter of fact, youth specialists say that the hundred or so categories of 4-H projects are the very backbone of the organization which has grown steadily for more than a half century.

During the past three decades the number of girls enrolled in 4-H has topped the boys in just about the same proportion, according to figures supplied by the USDA. There are presently some 300,000 more girls than boys in club work. Ages range from 10 to 21 years.

Originally planned to help farm youngsters, the voluntary educational program now claims nearly half its membership from city and non-farm rural homes. Apparently "pride of accomplishment" is a key factor in the success of this particular brand of youth organization.

Right from the very beginning of 4-H, interested parties have donated awards in recognition of top performance in citizenship, leadership and project achievement. This fall more than a thousand expense-paid trips to the National 4-H Club Congress in Chicago will be given to state, sectional and national 4-H award winners. In addition about 200 teenagers will receive college

scholarships, and one out of 15 members will win medals in local competition.

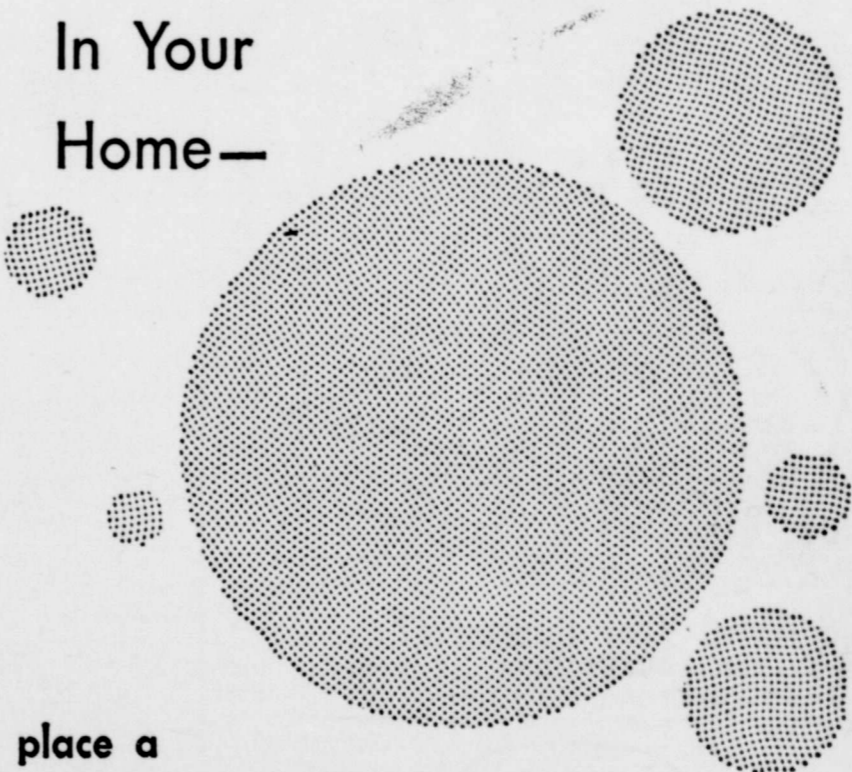

Six persons now engaged in Extension work and who are former 4-H'ers will share \$18,000 in educational grants to be used in graduate study.

Business firms that sponsor programs and awards include: Ford Motors, achievement; Olin Mathieson Chemical, alumni recognition; E. I. du Pont de Nemours, beef; Standard Brands, bread demonstration; Oliver, dairy; Carnation, dairy foods demonstration; Simplicity Pattern, dress review; Hercules Powder, entomology; Arcadian Products Dept. of Allied Chemical, field crops; Betty Crocker of General Mills, food preparation.

Also, American Forest Products Industries, forestry; Whirlpool, frozen foods; Eli Lilly, health; John Deere, recreation; Moorman Mfg., swine; Singer Sewing Machine, clothing leader training; Wm. Wrigley Jr., community relations; Ralston Purina, dog care and training; Pure Oil, public speaking; Chicago Board of Trade, grain marketing.

College scholarships and fellowships in amounts from \$800 to \$3000 each are provided by: California Spray-Chemical, Homelite Division of Textron, Sperry and Hutchinson, Massey-Ferguson and the National 4-H Service Committee.

I. W. Terry and William Foster have received confirmation of their reservations on the Livestock Feeding Tour of the Midwest being sponsored by the West Texas Chamber of Commerce in Abilene. Tentative plans call for their departure from Lubbock on November 26 at 3:05 p.m. via chartered pullman and arrival in Chicago at 2:00 p.m. November 27. The Pullman will be tracked and the persons on the tour will use the Pullman during their stay in Chicago rather than checking into a hotel. Two days will be spent in Chicago at the International Livestock Exposition.

From Chicago, the group will go to Des Moines, Iowa to tour the Des Moines area and the Ames, Iowa area. Ames is the site of Iowa State University. All types of feeding operations, hogs, cattle and sheep will be looked over by the group, plus research facilities at the university. The group will arrive back in Lubbock at 1:00 p.m. on December 1. The tentative plans make an interesting tour; it should prove valuable to any one making it.

The petitions requesting that Sterling County be designated a Type II Brucellosis Control Area have been forwarded to the Texas Animal Health Commission. Sixty-three cattle owners owning 5145 head of cattle on the current tax rolls signed the petitions. Upon receipt of the petitions in Austin, the commission will issue a proclamation designating and describing the area to be covered by the petition, plus the date that the proclamation becomes effective. This date cannot be less than ninety days from the date the proclamation is is-

sued. A hearing will be held on each applying area at least 30 days after proclamation.

The October 31 report of the Animal Health Commission shows that several more counties have completed petitions during the last month. El Paso, Oldham and Stephens counties completed their petitions during October.

Crockett, Sutton, Shackelford and Throckmorton counties completed testing. Testing is now under way in Coke and Reagan counties with crews scheduled to begin testing in Glasscock County next Monday.

Testing in Sterling County could not possibly be started before late February at the earliest because of the 90-day lapse between receipt of petition and the date the regulation becomes effective.

Dates for the spring livestock shows have all been set with the announcement of the Abilene show date.

First show of the year will be the Sand Hills Hereford and Quarterhorse show at Odessa. Dates for it are January 2 through 7th.

Abilene has claimed the dates of January 21 through 25 for their show. Fort Worth will follow Abilene with its dates set for January 27 through February 5. El Paso's dates are February 5 through 12.

Dates for the San Antonio show are February 10 through 19 this year. San Angelo's dates are March 8 through 12 to end the circuit.

Next Wednesday, November 16, is a big day for many Texans. This is the opening day of white tail deer season, a time which finds many people in country seeking this

game. The opening day always produces a number of hunting accidents, many of which are fatal. So, if you are hunting, be careful. Be as careful to make your hunt safe for the other fellow as you would want him to be for your safety; think safety, practice safety, and be around for many more seasons to come.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All deviations concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. TEXAS SHEEP & GOAT RAISERS ASSOCIATION
