Conference Play To Start Next Week

The Sterling City Eagles, in Franks with Tomato Sauce a determined show of power and strength downed Dawson here last Friday night 26-0.

Coach Dillard's boys were in fine fettle as they dug in and played some real ball and seemed determined to win the game from the first blow of the whistle.

In the first quarter the locals started a march downfieldand kept right on the goal line. C. L. King pushed the oval over for the first six points and before the first quarter was over, David Durham racked up six points on an Eagle T.D.

No scoring was done in the second quarter-both teams failed to gain ground in paying amounts and the half ended 12-0 in favor of the Eagles.

The second half was almost a repetition of the first half. All scores were made in the third quarter and none in the last. King got the first one in third quarter scoring with a long run from his own 33 yard line. A third method is to real it in a foil package, as was lone with the vegetables. When

flesh flakes off the bones, done. With or without vegeles, this hot cocoa and fresh a combination provides a lip-acking meal. It's easy; there's

Here's another tip, used by explorers and sportsmen all over the world. Always carry an ample supply of chocolate on outdoor trips. Chocolate is the most compact and delicious of foods for a quick snack on the trail. Also, it provides abundant energy. The prime favorites are three kinds. Many sportsmen prefer to carry a package of "Nestle's" Semi-Sweet Chocolate Morsels to munch on during the day. These little chocolate drops are neither too bitter nor too sweet, and thus are great favorites with sportsmen. (They also come in butterscotch flavor.) Most popular among chocvor.) Most popular among chocolate bars are "Nestle's Fruit-N-Nut" bars, which are filled with raisins and chopped nuts—or "Nestle's Crunch" bars, containing crisped rice. These two kinds are extra-tasty, and filled with proteins for added energy

milk already in it. This famous "Nestle's" product blends instantly with hot water or hot milk, and is especially energizing and delicious.

While sipping the cocoa, lay the vegetable package on or near the coals and let it cook slowly for twenty minutes or so, turning it over once with a stick.
