Pretty Waffle Treat!

By Betty Barclay

DO something different with waffles! With a quick "twist of the wrist" you can serve these pretty waffle "butterflies"... an excellent dessert idea, or a teenage TV "make-it-yourself"! Use the Maple Cream Cheese filling for topping doughnuts, sandwiching cookies or on pancakes.

**Butterfly Waffles**  
Toast or broil frozen waffles as directed on the package. Split and fill each waffle with about 1 tablespoon Maple Cream Cheese Filling. Then cut each waffle diagonally in half and arrange on plate, with points touching, to form butterfly wings. Place a spoonful of Maple Cream Cheese Filling at point where wings meet, for body of butterfly. Use red cherry stems for antennae and banana slices for wing patterns. Serve with maple-blended syrup.

**Maple Cream Cheese Filling:**  
Mix 2 packages (3 ounces each) cream cheese, with ¼ cup chopped California dates and ½ cup Log Cabin Syrup. Makes about ¾ cup filling.

**doughBelly Price Reports**

As I began to cut in on the last quarter of this life, things get more complicated all the time. And this ain't intended to be a gripe at all. I have blundered along and I think done all right. BUT as I slow down and the mad, rat race of life gets faster, I just wonder if what I have accumulated will see me through the last part of my time. I have had lots of fun making it. BUT it is getting to be A grinding task to try to keep it.

As long as I am around and not handcuffed I can make A living for me and the secretary of war that I am shackled to. For if I can't make A living I shore know how I can get it. But should I hump up and all the breath run out of me I wonder what she would have left after it was probated, rebated, castorated and the different taxes paid. And what I have managed for sent to some foreign country that would take the money, kick us in the pratt and vote with the communist block. It don't make sense to me.

It is against the law in the country to buy votes. YET, the U.S. pays dearly for the votes of the little countries and don't get what we pay for. Sometimes I think some of the big boys is giving them red countries money so they can buy our groceries so they can be able to fight us.

We, I am going to keep blundering along doing the best I can. There is no way to prepare a long range program any more. by the time you get it prepared Congress has passed A law that will knock in in the creek. And if you get completely stymied like I am, see Jimmy Hoffa of Nikata Kruchev. They know the score.

cial security work before he died, says Floyd B. Ellington, manager of the San Angelo Social Security Administration District Office.

Before the Social Security Amendments of 1960, no monthly benefits were payable to the survivors of a worker who died before 1940.

Under the new law, if such worker had worked under social security for at least a year and a half, benefits are payable to his widow and dependent mother at age 62, to his dependent father at age 65, and to his disabled children who were disabled before they became age 18. This is true even if the family had collected the "lump sum" at the time he died.
