

## Teen-Agers Add Lively Lift To New March of Dimes Drive

Slave auctions in this Civil War Centennial Year?

It can—and does—happen here, with the flower of American youth on the block.

But in this century, there's a difference. Now it's all in a good cause. Members of the New March of Dimes Teen Age Program (TAP) auction their services to the highest bidder among local merchants. The money goes to support The National Foundation's March of Dimes attack on birth defects, arthritis and polio.

It's all part of TAP members' lively approach to volunteer community service. They also sponsor walkathons (shades of the Thirties!) in which teams from rival schools move toward the finish line as dimes are contributed. They dance for dimes at casual sock hops and formal balls, man concessions at school sports events, and hold community car washes.

Through such ingenious fun-for-funds projects, TAPs raised nearly three-quarters of a million dollars during the 1961 March of Dimes.

For the 1962 New March of Dimes in January, tens of thousands of the youthful volunteers are literally "on TAP." In more than 75 per cent of The National Foundation's 3,100 local county chapters, active TAP committees are determined to hit new highs in fun as well as funds.

Adult advisors who work with TAPs point out that underlying the outward frivolity of the teenagers' projects is a deep awareness of the need for increased research and progress in the fight against crippling birth defects, arthritis and polio. During the year, many youngsters assist in local patient services by reading to disabled children, writing letters for severely crippled arthritics or working as hospital aides.

A prime year-round responsibility of TAP members is distribution of information about National Foundation Health Scholarships to students in high schools and colleges. Each year, more than 500 four-year scholarships with a full value of \$2,000 apiece are offered for study in medicine, nursing, physical therapy, occupational therapy and medical social work. TAP members know the desperate need to reduce the shortage of manpower in the health professions by encour-

aging students to undertake careers in these fields.

Leader of the Teen Age Program for the 1962 New March of Dimes is national chairman Katherine Anne Keith, 18, of Columbia, Mo. Blonde, brainy and born to be busy, Katie will handle her major responsibilities as top TAP while she pursues an ambitious freshman schedule at the University of Missouri.

On the basis of past performance, juggling scholarship and volunteer service won't intimidate Katie. She was 1961 Missouri state TAP chairman during her strenuous senior year in high school. Under her leadership, Missouri TAPs showed record gains in membership, services to chapters and funds raised for the March of Dimes.

At the same time, Katie maintained grades that ranked her third in her graduating class of almost 300 students. She was a National Merit Scholarship finalist and received the Kiwanis Good Citizenship

award. She was business manager—and occasional sports-writer—for the school paper treasurer of the National Honor Society, queen of the major social function of the school year, had a lead role in the school play, "Teahouse of the August Moon," and actively participated in math, history, English and French clubs.

She also teaches a Sunday School class at Missouri Methodist Church in Columbia.

After a summer in Europe, including study at the Sorbonne in Paris, the energetic Katie began to plan for a banner year of TAP activity for the March of Dimes.

"Teenagers who are looking for a sense of satisfaction along with fun and friendship are missing a bet if they don't check TAP activities in their local March of Dimes chapters," she said. "A TAP committee isn't just another youth organization—it's not merely a club to serve youth. Instead, it gives us an opportunity to serve our communities."

WTU HAS SAID ...

"The Center of the Southwest faces Growth Unlimited"

faces Growth Unlimited"

We believe this to be a fact because the Southwest is growing 25% faster than the Nation, and our service area is the heart of the region.

What's more, we are convinced this growth will continue, because expansion of commercial, industrial and agricultural activities all point that way.

On our part we are backing up this belief in coming growth with a multi-million-dollar expansion program. Our service facilities are being increased today, to serve more people, more businesses, more industries tomorrow.

Yes, for all of us, there's GROWTH UNLIMITED ahead.

### Some Benefits for Workers Who Continue to Work After Retirement Age

Just the other day, a local man read an article saying all working people 65 or over who have not applied for their social security benefits should check into it. Well, he thought he was making too much money to collect his old-age insurance benefits. He's earning about \$2200.00 a year as a maintenance man.

He is glad he followed the advice in that article because he found that some social security benefits will be payable to him for 1961, even though he continues to work. You see, a worker doesn't have to retire completely in order to get benefits. Under a law passed just last summer, a worker earning over \$1200 a year has only \$1 in benefits withheld for each \$2 he earns between \$1200 and \$1700. Then, for each \$1 he earns over \$1700, an additional \$1 is withheld.

FOR RENT—House trailer, with two bedrooms. Call Mrs. George Tabor at 8-3261.

 The two Lone Star Staters who are this year's award winners in 4-H achievement programs sponsored by Ford Motors are Beverly Slate of McKinney and Thomas Lutes of Arlington. Both will receive certificates of recognition and in addition Tom will get a \$150 college scholarship. The pair was selected by the Cooperative Extension Service.  
 Tom, 17, son of Mr. and Mrs. M. C. Lutes, has been a 4-H member for nine years, and has developed into an outstanding young poultry farmer. He also has been successful in raising beef, turkeys and rabbits, and doing projects in electricity and tractor operation. Electrical know-how has been especially useful in his poultry project, Tom says. He reports earnings banked from poultry and other projects totaling some \$5,000.

**Beverly Slate**  
 As this year's local 4-H Club president, Tom is proving his 4-H leadership ability. He is a frequent speaker, demonstrator and judge throughout the community. He was named outstanding junior and senior 4-H boy in Tarrant county and was recipient of the 4-H gold star award.  
 Beverly, 18, daughter of Mr. and Mrs. Jesse Slate, has been in 4-H eight years.  
 Since she lives and helps her family on a 200 acre Collin county farm, Beverly has completed many 4-H projects in foods, clothing, homemaking and gardening. She applies safe practices in her poultry and dairy projects. Her entire family is 4-H oriented. Her mother is a local 4-H leader.  
 Beverly has been junior leader for the past four years working with nearly 70 members.

Exit sixty-one and enter you little sixty-two baby with an additional seven billion mortgage wrote across your first diaper. Poor little thing, I wonder what the next year will hold for it?

It looks like there may be a bright spot. The European common market and I don't know much about that. But if that Union can be formed and we trade with one another that will leave Kruchevy old kid out in the cold to rave and rant. But that won't fill the bellies of the hungry satelites of his.

Just see how long it is before he begins to back pedal for want of stuff to keep them red chinks bellies from growing to their backbone. Fill the bellies of our foreign friends not their pocket books. Let communist countries get hungry enough and they will tear one another apart.

Commie countries can be whipped and never a shot fired. No matter how many guns and bombs Nikita has, if he ain't got th groceries he ain't got NOTHING. And we have that. It could be shipped to our friends cheaper than we can pay the storage on it and let it be ruined with rat droppings.

But again, next year is an off year election and most of the people that run our country will have their eye on more polotics than the good of the country. Oh well, we have always got along so I guess it won't change too much. So goodbye sixty-one. HELLO sixty-two and may your stay be A very pleasant one for every body.

### To the Voters of Sterling County

This time four years ago I didn't feel that I would be physically able to run for the office of County Treasurer again, but the time is here to run again and I feel able in every sense to do the work and do it well and on time--so I am announcing as a candidate for County Treasurer and I am asking you for your support and vote in the coming election.

I probably will not be able to see each of you individually but hope you accept this announcement as a personal appeal to every one. I really need the office.

Thanking you kindly,  
SALLIE WALLACE

### David Read Asks for Reelection to State Legislature

David Read, young Big Spring business man, this week announced that he is a candidate for reelection to a second term as a member of the Texas Legislature from the 78th (formerly the 101st) district.

His district is made up of Coke, Glascock, Howard, Irion, Martin, Reagan and Sterling Counties.

Read is currently touring the district, to place his name on file with Democratic chairmen in the various counties.

He first was elected to the Texas House of Representatives in 1960. and said, 'I believe I have established a record that is in service to the state and the district. Certainly any vote I made or any stand I took is open for public inspection. I will be happy to discuss any issue with any individual or groups or people in the district.'

Read continued: "I feel that my experience of the past term now enables me to serve the district even better. It takes some time to 'learn the ropes' in Austin, and I think I have succeeded to some degree in familiarizing myself with the functions and the problems there.

"I hope that the good people of this district can see fit to give me a vote of confidence. I can assure them all that my services in Austin will be devoted to what I consider the best interests of all the people of Texas."

Read is a graduate of Big Spring High School, and in 1959 received his B.A. degree from Baylor University, where he majored in speech and history, specializing in governmental history. He is engaged in cotton buying, in association with his grandfather, Andy Brown of Ackerly.
