No. 28

AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Next week, July 22-28, has been designated as National Farm Safety Week by presidential proclamation. This marks the nineteenth annual observance of the week.

Farm people travel more on the rural highways where three-fourths of all motor vehicle accidents and deaths occur. Motor vehicle accidents account for nearly one-half of the fatal accidents involving farm people but only one-fifth of the non-fatal injuries involve farm people. For instance, farm people account for only 8.7% of the population, yet they suffered 13% of the fatalities. Texas was one of the 17 states where traffic fatalities were lowest. There were 4.9 deaths per 1000,000,000 vehicle miles; lowest was Rhode Island with 1.9 deaths per 100 million miles while Nevada was highest with 8.3.

Traffic fatalities were not only accidents involving rural people of course. There are many more but the traffic portion is being emphasized this year. The farm or ranch is not the safest place in the world according to the National Safety Council. Increased use of machinery, more vehicles, more use of insecticides, and of course livestock are major causes of accidents.

In line with the comments on the increased use of insecticides, it might be well to note here that in 1960 there were 75 deaths due to accidental poisoning in Texas. The high occurred in 1959 when there were 99 deaths due to this cause. Poison causing death were roach poisoning, rat poisoning, alcohol, and petroleum products. The majority of these deaths occurred in the home.

In order to help cut down the rate, the Texas State Health Department has established poison control centers, the nearest one being located in San Angelo. It is located at the Shannon Hospital in the emergency room. They will provide treatment for victims of poisoning and information to anyone needing it. Other nearby centers are in Odessa and Abilene.

Gross income per ewe increased from \$10.08 in 1957 to \$18.07 in 1961 on the Las Moras Ranch of Carl Martin and his father at Menard according to Jim Gray, Extension Service sheep specialist. The same prices for lamb and wool were used throughout the five year period to get a true picture of the difference Gray told the bankers and county agents at a sub-district meeting in San Angelo Wednesday. The Martins entered into the sheep selection program in 1957 and kept accurate records.

The improvements made under the selection program that brought about the increased income were made with no further investment. All that was done about one extra day's work per year spent in separating the ewes into the three groups; A, B, and C. From 1957 through 1961, the following changes were made in the flock of straight Delaine sheep: lambing percent increased from 80% to 110%; lamb weights increased from 60 pounds to 72 pounds; fleece weights increased from 8 lb to 10 pounds; staple length increased from 2-2 1/2 inches to 3 1/2-4 inches; shrinkage reduced from 70-70% to 57%; and for the last 2 or 3 years, 75% of the lambs have gone off in June as milk-fat lambs. Lambs are dropped in February; only finewool are produced.

Similar improvements can be made in any flock of sheep and have been made all over the state. No extra investment

is necessary. The only change in the operation is the one day's work selecting the ewes for the different groups. Flexibility is the keynote of the plan; if three groups of ewes will not fit into the ranchers' plan of operations and pasture set-up, two groups can be used. Some have gone to four groups where it fits their operation. The rams are handled in the same manner and the top rams used with the top ewes, the second best rams with the second best ewes, and so forth. All county agents in the state have been trained to aid the rancher in the program; in addition, Gray and Jack Groff, Extension Service sheep specialists are available to help the agents and ranchers.

At Alamo Village

LEVI GARRETT IN HORSE SHOW AT ALAMO VILLAGE

BRACKETTVILLE—A new horse show, with a black gelding called Thunder, Jr, as star performer, is being seen at Alamo Village every day now, under the expert hand of his trainer, Darrell "Levi" Garrett. Thunder Jr, is out of a daughter of Golden Cargile from the Ketchum Ranch stock, and you will remember that the Ketchum boys were noted, in earlier days, for their good horses and train robberies. Thunder Jr is smart and dependable; he gets right into the act, throwing a rope or throwing kisses, waving a handkerchief or waving goodbye, but he gets the greatest applause when he does the "twist." He loves applause apparently, judging by his look of satisfaction and his "at ease" attitude when he hears it.

His owner and trainer, "Levi" Garrett, comes from Sterling City and recently owned another horse from the Ketchum stock, called Thunder Sr, which he later sold to Wild Bill Elliott. Two more horses, Silver Tip and Peppermint, are performing alternately with Thunder Jr, and all three will perform Labor Day between races when Alamo Village again stages its annual cowboy horse races.

STERLING CONFIRMER

Third producer and a location north extension to the Credo (Wolfcamp) field of Sterling County was indicated with the recovery of 4,500 feet of gas and 3,000 feet of oil, no water, on a drillstem test at Roden Oil Co, Midland, and Cosden Petroleum Corp, Big Spring, No 2 Reed, in 9-30-W&NW, 12 miles northwest of Sterling City.

Gas surfaced in three minutes, no gauges, on the 1 1/2-hour test taken between 7,448-98 feet. Flowing pressure was 295-390 pounds; 15-minute initial shut-in pressure, 2,950 pounds; and final 30-minute shut-in pressure, 2,900 pounds. Total depth is 7,538 feet. Operators ran logs and were preparing to run 4 1/2-inch casing.

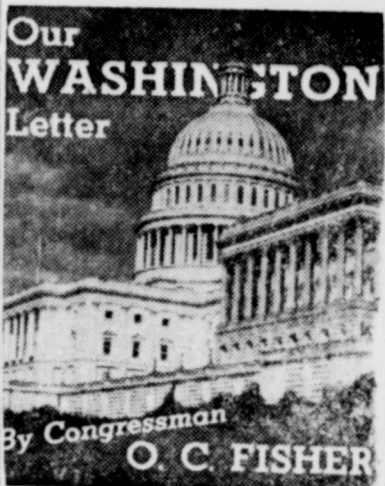

The Church of Christ and the parsonage, the garage and the Sunday School building have been repainted and some other improvements made in the past few weeks. The cream colored paint was used on all the buildings.

The new Mexican Baptist Church is nearing completion. The concrete block structure is being built on the site of the old church, under the direction of the First Baptist pastor, the Rev Sherman Connor.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. E. A. Medart
Mrs. Leroy Hunt and infant son
Paula Cruz
Mrs. Jesusa Urista
Dismissals since Thursday morning of last week—
Mrs. George McEntire
Dave Taylor
Mrs. Danny Balderaz

Our WASHINGTON Letter
By Congressman O. C. FISHER

A \$5 billion foreign aid bill was approved by the House last week with 10 Texans voting for it and 12 voting against it. This must be followed by an appropriation which may vary a bit from the \$5 billion figure. A similar bill was previously approved by the Senate. A conference committee will now iron out the differences.

This runs the total of foreign aid over \$90 billion. During debate the House adopted several amendments, including one to forbid use of any of this money for loans, grants, or purchase of bonds of the UN until all members had paid their share of UN expenses, including UN Congo and Gaza Strip expenses.

Another amendment prohibits any aid to countries that expropriate U S Property without adequate compensation.

A third amendment deals with aid to Communist countries, restricting the use of aid funds unless the President finds and reports to Congress that such aid is vital to U S security, that the recipient is not controlled by the international Communist conspiracy and that the aid would promote the recipient's independence from international Communism.

The bill also includes \$600 million for Latin America under the Alliance for Progress program.

This entire program is badly in need of major overhauling. To much foreign aid money is going down the drain because too often the primary factor in dishing it out has not been in American interest and American security. Yet that should be the controlling justification for any outlay of U S dollars in the name of foreign aid.

When the President was in Mexico recently he announced a considerable amount of assistance to that country under the Alliance of Progress. Yet, Mexico continues to recognize Castro's government and carried on a vast trade program with the Communist government in power there. Therefore, any American aid to Mexico, under the circumstances, would indirectly benefit Castro by enabling Mexico to use American commodities in an export trade program with Cuba.

Actually, in order to protect American interest and security, no aid should be extended to a Latin American country that recognizes and carries on trade relations with Castro. It is proper and right that give-aways should have strings attached.

Showers Hit Sterling

A half-inch rain shower doused Sterling City Sunday midafternoon and .15 inch fell in a light showers Monday afternoon. Spottiness over the county as a whole resulted in heavier or lighter falls in areas.

Stabbing Victim Dies In Angelo Hospital

Robert Rodriguez was stabbed nine times by a gang of thugs May 27 in an incident growing out of a family feud, and died Tuesday.

Peace Justice O L (Pop) Miller of San Angelo ordered an autopsy.

Robert, 24, who was ganged and stabbed when he spoke in behalf of his brother at a dance hall, lost his battle to live at 7:15 P M Tuesday in Shannon Hospital. His weight had dropped from 195 to 120 pounds in the seven weeks he was in the hospital.

Four persons have been arrested and charged with assault with intent to murder in connection with the stabbing. The charges had not been changed Tuesday night.

Charged are Manuel Estrada, 23 of 120 W 13th St.; Guadalupe (Walle) Lopez, 17, 2620 Ben Ficklin Road; Anulfo Gutierrez, 26, of 2620 Ben Ficklin Road; and Juan Lambra Jr, 21, of 118 W Ave P.

Detective B C Dominguez said no statements have been made concerning the stabbing.

Dominguez said he has learned Rodriguez and his brother, Moses Rodriguez, a sheep shearer, went to the Acapulco Club, 1617 S Chadbourne St. to a dance on the night of May 27.

An early disagreement had occurred between Moses Rodriguez and several other youths, Dominguez said.

Detective Dominguez said one youth at the Acapulco cursed Moses Rodriguez and he turned and walked away.

Robert Rodriguez, however, turned and said, "Let's see what he wants," Dominguez said.

While Robert walked up the stairs outside the dance hall a youth kicked him, knocking him down to the first stairway.

Then Rodriguez was stabbed nine times Dominguez said.

Rodriguez had a punctured kidney, lung, liver and spleen. "They hit just about everything but the heart," a hospital attendant said.

Services Held Thursday Morning

Funeral services were held at the Catholic Church here Thursday morning. Burial was in the City Cemetery with Lowe Funeral Home in charge. Fr. Benning officiated.

Pallbearers were Raymond Fuentez, Baldnar Gaitan, Felix Casillers, Atoniel Garza Fidencio Marias and Calostro Rodriguez.

Robert is survived by his parents, Mr and Mrs Moises Rodriguez, five sisters, Mrs Henry Orona, and Mary, Mary Ann and Hilda Rodriguez; three brothers, Moises, Jr Johnny Joe and David Rodriguez and a grandmother, Mrs Petra Gaitan.

NOTICE

Effective July 13, 1962 Whites may swim in the city park pool on Friday, Saturday, and Sunday of each week and Latin Americans may swim on Monday, Tuesday, and Wednesday. The cost will be \$25 per person. Small children must be accompanied by an adult. Not responsible for accidents.

Sell Rams to Colleges

Clinton and L F Hodges sold a registered Rambouillet ram to Kansas State University for use in their agricultural department. The University is located at Manhattan, Kansas.

They recently sold a ram to the agricultural department of Tarleton State College at Stephenville.

Terry and Denise Emery of Wichita Falls, children of Mr and Mrs Harold Emery, are here visiting their uncle and aunt, Mr and Mrs T J Finnegan and other relatives.

1st Lt Hal Knight, Jr and his family are here visiting the Knights and other relatives. Lt Knight is stationed at an air base, Salina, Kansas.

Cotton Truck Hits Town Bridge

LIONS CLUB

The Lions Club members met Wednesday noon for the regular weekly luncheon. Judge W R Brooks presided. Guests present included Billy Bauer, Terry Emery, T J Finnegan, and Lt Hal Knight, Jr. The prize went to Terry Emery.

Earl Bailey brought up a discussion about stop and go signal lights replacing the caution signals now in use on the highway in town.

President Brooks named a committee to see that the yield signs would be erected over the town. He named Jim Butler, Roland Lowe, Dub Fincher, Elroy Butler and H A Chapple.

Other club projects discussed were a larger, covered incinerator for the community center and a swimming tank.

Beverly Brooks and Lynn Alexander will attend the Methodist Summer Camp at Mt Wesley, Kerrville next week.

Weekend guests at the Clint Hodges were the Ross Huffmans of Brady. They came after two of their children who had been visiting at the Clinton Hodges and other relatives. On Sunday a family dinner was held in the W R Brooks home, and present were the Huffmans, the Fred Hodges, the Clinton Hodges, and the Dayton Barretts.

Foster S Price and Foster Conger spent last weekend in Ruidosa, N M.

Visitors at Mrs C L Coulson's the past week include her son-in-law, Mr and Mrs Ira Lee Watkins of Midland. Also their daughter and son-in-law, Mr and Mrs Sam Mercurio of Bonner Springs, Kansas, and Sam's mother, Mrs Bess Mercurio of Des Moines, Iowa; and Mrs Maurine Lancaster of New London, Texas.

Sam Mercurio works for TWA in Kansas City and Mrs Mercurio (Deanna Marie) teaches school in Bonner Springs. Mrs Lancaster has taught school in New London for about thirty years.

Little Lisa Horwood, daughter of the Stan Horwoods, had her tonsils removed in a San Angelo hospital Monday morning of this week.

Jim Davis, summer school student at TCU, came home last weekend for a short visit with his parents, Mr and Mrs Jeff Davis.

Jodie Emery, son of Mrs Joe Emery and a pre-law student at Texas Tech, was home between the two summer sessions last weekend. He will get his degree at Tech in August and plans to enter Texas University Law School in September to work on his law degree.

Sandra Williams, daughter of Mr and Mrs Boots Williams is working in New York City this summer. She plans to go to Texas Tech this fall.

The Buster Gobers of Lubbock visited here over last weekend.

The Forest Smiths have moved back here from the Ballenger ranch near Garden City. After moving back they took off for a visit to Ohio.

Off to Washington, D.C.

Mrs Forrest Foster, her daughter, Temple Ann, Janie Copeland and Miss Radora Massey left Sunday on a two week trip to Washington, D. C. They plan to visit all points of interest between here and there.

In case of fire dial 8-4771.

A heavily loaded cotton truck hit the bridge on 87 by the roadside park Friday at Midnight and overturned. The truck took off the posts and all the rails on the south side of the bridge, spilling some of the bales of cotton and then overturning blocking highway traffic. Gasoline spilled all over the road, but no fire resulted.

The driver, Dave Taylor, colored, of Subline, Texas, had loaded the cotton at Levelland that afternoon and was started on his run back to Hallettsville. He stopped to eat at the truck stop in the other end of town and after about a two-hour rest and eating stop, he had just about gotten through the town when the accident occurred.

Taylor said a car full of teen-agers or young people were coming at him and he thought sure they would hit head-on. He chose the bridge rather than hit the car.

The driver was cut on the right hand and had bruises on the head and body. The car was not located - nor the occupants ever identified.

C W Smith pulled the overturned truck off the highway with his big winch truck and the cotton bales were rolled off into the ditch beside the road.

Patrolman Dale Bryce, Sheriff Jim Cantrell and deputy W G Fincher directed traffic around by the hospital until the highway was cleared.

On Tuesday afternoon as the truck and trailer were being pulled out onto the highway, loaded on another truck, was hit by a car at same bridge losing a fender. The driver, James Alexander, was not hurt, nor was the car, except it lost a front fender.

John Walraven, former mayor of Sterling City, and now a resident of San Angelo, is in a critical condition in a hospital there. He had a stroke about two weeks ago and pneumonia has developed.

Mrs Ruth Allen is still in a San Angelo hospital receiving treatment this week.

TONY ALLEN

Best All-Around Cowboy Wins Saddle at Ozona Junior Rodeo

A young local cowboy participant, Toy Allen, won a new saddle for being the best all-around cowboy at the Junior Rodeo in Ozona last weekend. He also was awarded a silver belt buckle for a first place in the tie-down.

Tony, a college student at SAC, is a son of the Worth Allens of Sterling City. He acted as one of the escorts of the Miss Wool contestants last weekend, so his mother had to accept his new saddle trophy for him.

Bill Davis, son of the Ralph Davises, also a local rodeo participant and SAC student won a first place in ribbon roping and he placed in bulldogging and the tie-down.

Don McDonald Receives Santa Fe Scholarship Award

Don McDonald, an outstanding Future Farmer from Sterling City, today was named the Santa Fe College Winner at the state convention in Fort Worth. McDonald earned the scholarship in heavy competition with an outstanding record in agriculture production, leadership activities, and scholarship.

The Santa Fe Railway Scholarship provides \$400 toward college expenses at the college of the recipient's choice for study in the field of agriculture. This Future Farmer, the son of Mr and Mrs L C McDonald of Sterling City,

has served as his chapter, district, and area president. His supervised farming program consists of lambs for mutton production ewes for lamb and wool productions. McDonald is interested in golf and other sports, and also likes to hunt and fish.

Mrs Dale Bryce and children remained in Gilmer, Texas for a longer visit with her relatives when the Bryces were on vacation. Dale plans to go after them next week.

How do factory installations compare with custom installed units in CAR AIR CONDITIONING?

People not familiar with car air conditioning often think that custom installed units are only for cars now on the road, and that for a new car, an under-the-hood factory installation is the thing. This isn't true.

In our hotter regions where car air conditioning has been standard for years, buyers have found through experience that a good custom installed unit is a far better investment. That's why 40% of the Mark IV Auto Air Conditioners sold each year go into brand new cars... in obvious preference to factory jobs.

Mark IV saves you money two ways: costs less to buy, transfers when you trade cars. As to performance, a demonstration ride shows you as words never can.

New car or old, see a Mark IV before you order any kind of car unit.

GET YOUR MARK IV AIR CONDITIONER AT—

REWARD NOTICE
A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All deviations concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

THE AMERICAN WAY

"The Power to Tax Is the Power to Destroy"

Civil Service Examination

The United States Civil Service Commission has announced a new examination for Transmitter and Receiver Operator and Maintenance Technician for filling positions in field locations of the U.S. Information Agency's Voice of America program. The positions to be filled pay from \$3.05 to \$4.49 an hour and are located at Greenville, North Carolina and Honolulu, Hawaii. In filling the positions in Honolulu, preference in certification will be given to persons living in Hawaii.

The Voice of America broadcast operations are on a 24-hour, 7-day week basis. Assignments to these positions will be made to an 8-hour, 5-day shift based upon a flexible schedule subject to change. Shift assignments are made in accordance with broadcasting schedules. To qualify, applicants must have had responsible experience in the operation and maintenance of broadcasting and receiving equipment which demonstrates a thorough knowledge of radio transmitter operations. Full details concerning requirements to be met are given in Announcement No. 283 B. Applications will be accepted until further notice and must be filed with the Executive Secretary, Board of U.S. Civil Service Examiners, U.S. Information Agency, Room 2738 Tempo R Building, Washington 25, D.C. Announcements and applications forms may be obtained at many post offices

throughout the country or from the United States Civil Service Commission, Washington 25, D.C.

BOYS RANCH STOCK ROUNDUP UNDERWAY

The roundup of stock to be donated to the Boys Ranch of West Texas is underway and Sterling County Wagon Boss Riley King said if anyone had any livestock that they wanted to donate to the ranch they should get in touch with William Foster, Ralph Davis or Ewing McEntire, and they could accept it for the ranch.

Any kind of livestock that can be sold at auction is needed, or money donations will be welcomed, said King.

Government Surplus Depots, located in every State and overseas with pamphlet "How Government Can Ship Direct To You," plus procedures, How to Buy and how to get Free Surplus, mail \$2.00 to Surplus Sales Information Services, P. O. Box No. 1818, Washington 5, D C.

Two Week—Vacation Kit

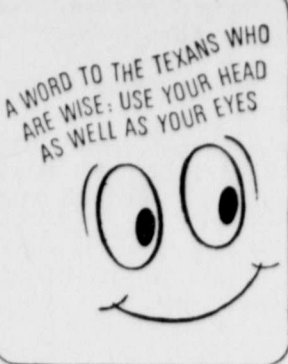

That ageless lament, "A camping trip or vacation bungalow means a vacation for everyone except Mom," can now be relegated into the dim, dark past—thanks to a new "wife-saver" being marketed by the Lily-Tulip Cup Corporation.

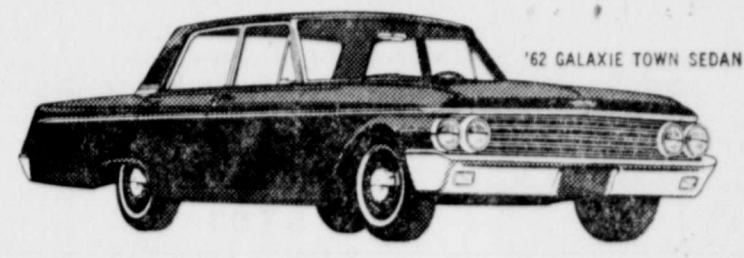

Neatly encased in a compact, cardboard box which can be easily packed away with the other vacation or camping paraphernalia in the family car, the "wife-saver" frees Mom from the daily grind of dishwashing chores during trips away from home so that she can join in the family fun.

Packaged under the appealing label, "Fun Kit!", this gift to womanhood consists of a 14-day supply of sanitary, disposable paper service for a family of four. (A bit of hasty calculations by Dad will determine whether his family will need more than one of the handy pre-packaged kits to see it safely through its scheduled vacation, boating or camping trip.)

Complete in every detail, the Lily vacation kit includes a disposable product for every service need—from early morning juice and cereal to a late night snack. Included are compartmented dinner plates, cold drink cups, insulated hot drink cups, soup or cereal containers, disposable pitchers, heavy duty tubs, paper towels, which can also double as napkins, and plastic forks and spoons.

IT TAKES MORE THAN A ROOFLINE TO MATCH OUR FORD GALAXIE!!

SOME OF THE WAYS OUR FORD GALAXIE BEATS CHEVROLET'S IMPALA.*

- **WORLD'S MOST THRILLING V-8 ENGINE**—Choice of 5 Thunderbird V-8's up to 405 horsepower.
- **GREATER SAFETY**—Husky box-section side rails surround and protect passengers—compared to Chevy's open-sided x-type frame.
- **MORE ROOM**—3 inches more rear shoulder room and over 2 inches more stretch-out room in the back between seats, for passenger comfort.
- **30,000-MILE CHASSIS LUBRICATION**—Compared to every 1,000 miles for Chevy—a big saving in time and money.
- **6,000-MILE OIL CHANGE**—After first 1,000-mile change—a one-third saving over Chevy!
- **SELF-ADJUSTING BRAKES**—Safe, high-pedal stops for the life of the lining! (Chevy specifies brake adjustment every 5,000 miles!)
- **BIGGER BRAKES**—Galaxie has 212-sq. in. gross brake lining area—compared to Impala's 199.5.
- **2-YEAR OR 30,000-MILE ENGINE COOLANT-ANTIFREEZE**—Factory-installed in every Galaxie!
- **WIDER TRANSMISSION CHOICE**—5 to choose from—including an optional new 4-speed manual transmission!
- **YOU SAVE \$104 WITH FORD'S TWICE-A-YEAR MAINTENANCE** in the first 30,000 miles! (According to Official Factory Owners' Manuals which specify service and maintenance periods.)

... AND YOU SAVE 155 BIG TEXAS DOLLARS* TO BOOT!

*Based on comparison of manufacturers' suggested retail prices for a 4-door sedan, equipped with lowest-priced V-8 engine, radio, heater, automatic transmission.

WE FORD DEALERS HAVE A FEELING WE'RE BEING FOLLOWED, THE WAY SOME OF OUR COMPETITORS' CARS ARE STYLED. BUT IT TAKES MORE THAN STYLING TO MATCH GALAXIE'S VALUE! FOR INSTANCE, JUST LOOK AT THE WAYS EVEN THE LOWEST-PRICED FORD GALAXIE SURPASSES THE MOST EXPENSIVE CHEVROLET.

Antonio Munoz Open House July 29

Antonio Munoz will have open house at his new home here on Sunday July 29 from 3 till 10 PM. He said he would serve punch and cookies and wants all his friends to call that day. (adv.)

Barbara Clark just returned from a three week stay in Quemado, Texas. While there she stayed with her college roommate, Molly Kirchner, but also visited other college friends in Eagle Pass and Del Rio. The girls made several sightseeing and shopping trips across the border to Piedras Negras. Also on the program was a trip to Garner State Park and on the 4th of July, Molly and Barbara were taken on a special tour through the Eagle Pass Radar Base. The girls also made plans for the coming school year. They will both be sophomores at San Angelo College.

2½ Miles City Streets To Be Paved

Paving of Sterling City streets will resume about August 1. The City Council said that the Reece Albert Construction Co. would be back for resumption of paving then and about 2½ miles of city streets (that have not yet been paved) would be paved.

If anyone wants any private paving such as driveways, parking spaces, etc. they should call the city office and make such arrangements, said Mrs Horace Donalson, city secretary.

doughBelly Price Reports

I am shore all shook up today. I had one of the State Tax boys come this A M and hit me for taxes that I didn't know I owned. It seems like the Attorney General give an opinion that some high up politician was out of A job and his high standard of living was such that I owed 83 dollars and something to tide him over till election.

He went through all that letting me look at the Hon Attorney General's decision which meant nothing to me. I said, "No Pard, that is the pitch what is the catch". He didn't stutter, stammer or lick his lips, he said "83 something".

And it could have been that they wanted my money to buy one of these computer things so they could figure if I had anything left, they could jump off up here so they could get the surplus. IF.

I am seriously thinking of quitting the real estate game

as well as I love it. Rules, regulations, code of ethics, (SIC) constitutionally. legal opinions, corpus delecti, noll contrende and them boys has got me beat. And it loks like I am going against A marked deck. I am not playing any more to win But just to see how much I can keep from loosing.

I'm not speaking for myself (I am old, out of date, uneducated and I guess, Un-constitutional). I am speaking of the untold millions that is coming behind me.

This column, today is very funny for it is FACTS. Something we hear so seldom nowadays that they create A big grin if not a outright gifle. And they will say another belly ache from the old fossil.

YES, I am thinking of pulling the blinds on real estate (that won't hurt nobody, of course). I am ahead of the game and tired of the struggle. Still able to keep my guard up, so the thing to do is quit before you get punch drunk.

If you don't like what I have said, what did you read it for?

How To Lessen Wage Levies

A workable plan to reduce the chore of employers in handling wage levies against their employees for delinquent federal income taxes, was presented today by Ellis Campbell, Jr, Dalas district director, Internal Revenue Service.

The plan, he said, solves the major cause for wages levied against delinquent workers, namely, that the amount of tax withheld from wages or salaries is lower in many cases than the amount of tax due at the end of the year. Campbell said the worker sometimes is unable to pay the additional amount due when he files his income tax returns and thus becomes delinquent. This necessitates a wage levy for collection purposes in many cases.

"To solve this problem," Campbell said, "workers have the right under law to eliminate one or more exemptions for tax withholding purposes on Form W-4. This automatically increases the amount withheld by approximately \$120 a year for each exemption dropped."

Campbell continued, "If that doesn't cure the problem, workers may enter into an agreement with their paymasters to increase their withholding further by amending their W-4 form. Convenient tax withholding tables, provided by IRS in Circular E, give this computation at a glance."

The IRS official urges area employers to encourage their employees to take advantage of these two devices as to prevent their becoming delinquent and thereby eliminate wage levies.

"Dropping exemptions for tax withholding purposes," Campbell explained, "doesn't mean that taxpayers lose their exemptions. It's merely a system for increasing the amount of tax withheld. The exemptions can be claimed for tax computation purposes when the taxpayers file their returns."

BUSINESS OPPORTUNITY
Man or Woman to service and collect from cigarette, ice, and other operated dispensers in this area, this is a very good position that can be worked full or part time. Person we select must have good serviceable car and 10 or more spare hours a week and \$500.00 to \$2500.00 cash capital Write giving name address and phone no. and all details to P.O. Box 601, Arkadelphia, Arkansas.
