AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

The Extension Entomologists report that there have been some incidents recently in which animals sprayed with Co-Ral died from phosphate poisoning. Apparently, the cause was some improperly manufactured or formulated lots, which were manufactured in August an are questionable, have all been called back by the manufacturer.

Co-Ral, when manufactured and formulated properly, is still a good product according to the etomologists and can be used safely and effectively.

Ruelene, the pour-on grub control agent, still cannot be recommended as a pour-on because of the damage done by burns to the animals. It is, however, being recommended, and safely so, as a spray.

Betty Jo Barrett will show her registered Rambouillet sheep in the Junior Rambouillet division of the State Fair's livestock show. The sheep will leave here Friday, October 5 and will remain in Dallas until the 14th. The Junior Rambouillet show takes place Tuesday afternoon, October 9.

Betty Jo will have three ewe lambs and three ram lambs entered. They are all of her own breeding.

Other Sterling County residents who will show in the livestock show of the State Fair are Clinton and L.F. Hodges, William and J.Q. Foster. The livestock show, officially known as the Pan-American Livestock Exposition opens the fair and runs through the first week. Opening date is October 6. Many visitors from South American countries and Mexico visit the fair during the first week, thus the name.

Bob Ragsdale, associate range specialist with the Extension Service, set up an enclosed plot on the Dayton Barrett ranch this week for the purpose of studying perennial broomweed. Several such plots are being set up over this part of the state for the study.

Spraying tests have been conducted on the weed for the last few years. During this time, it was found that the weed is rather unpredictable in its habits and more study was needed on this line. This years much of the weed has been dying a natural death over much of the western part of the state. The reason for this is unknown; the studies are being made to see if a definite pattern of growth and die-off can be established. This is necessary before a control program using chemicals can be designed.

The vote on the wool promotion program was 45 for and 2 against in Sterling County. National results of the referendum have not been announced yet.

The referendum was to determine if the Department of Agricultural was to enter into a new agreement with the American Sheep Producers Council for promoting lamb and wool. If approved by the referendum, the agreement will be in effect for this year through 1965. To finance the advertisement, a deduction of 1 cent per pound for shorn wool will be made from producers' checks. Five cents per hundred will be deducted on lambs.

### Mrs. Herman Everitt Buried Thursday

Mrs. Herman H. (Lucille M.) Everitt, 66, wife of a Crane County ranchman, died at 5:30 p.m. Tuesday in Crane Memorial Hospital of a heart attack.

Funeral services were held Thursday afternoon here at the First Baptist Church with burial in the City Cemetery here. The Rev. Sherman Conner, pastor, officiated, and Lowe Funeral Home was in charge of arrangements.

The Everitts moved to the ranch near Crane from here about 15 years ago.

Born in 1896, she was married in 1926 to H. H. Everitt. She was a member of the O.E.S., Nathan Davis Chapter of Daughters of the American Revolution in Odessa, First Baptist Church in Odessa and the Crane Study Club.

Survivors include the husband of Odessa, a daughter, Mrs. Morris Gary of Tyler, her mother, Mrs. J. C. Mayes of Austin, five sisters, Mrs. Ira Houston and Mrs. Ralph Bickler of Austin, Mrs. A. H. McNeese of Dallas, Mrs. Charles Reynolds of El Paso and Mrs. Clayton Wilson of Santo Barbara, Calif., two brothers, A. K. Mayes of Dallas and Jim C. Mayes of Los Angeles, Cal. and two grandchildren.

Pallbearers were Harvey D. Glass, W.W. Durham, Jeff Davis, Dr. W. J. Swann, O. T. Jones, Seth Bailey, Hal M. Knight and H. L. Hildebrand.

### doughBelly Price Reports

The championship fight last night was A joke, not A big joke But A joke just the same. I really don't know if Paterson was knocked out or just wanted to lay down while he tried to get an estimate on what the return bout would get in money.

Liston just stumbled out and clubbed him two times on the head, then lowered the boom to the jaw and the meeting was over. I guess, that is the first champion that was ever knocked out in the first round with one punch. That kind of big fights will bring A federal law against prize fighting.

That also goes to show you that if you are going to fight, do it for yourself. Look how long McArthur & Isenhower fought for our country and I bet they didn't get as much for the years they put in fighting for our country as Patterson got for one punch in the jaw and A rest on the canvas.

Patterson shore didn't want to take no chances on getting hurt. And you can't kick A man when he is down in A prize fight, so Floyd just laid down so he could be ready for the return bout. O Boy, what A joke.

But the great American people like to be hornswoggled and they shore got their likes in that (fistic) combat. Money played A lot bigger role in that combat than fistic science. Somebody should be arrested for obtaining money under false pretense. But that would call for A senate investigation and them boys want to adjourn and go home to campaign.

I reckon the thing will just pass off as another money grab and forgotten in A few days as other grabs will take place. Long live the new Champ and may all his fights be as easy as this one till it comes his time to lay on the canvas and take a rest.

### Polio Vaccine Day NOVEMBER 11 DAY FOR POLIO VACCINE HERE

Sunday, November 11 is the day for the Sabin Oral Vaccine to be given here as well as over the area of the Tom Green-Eight County Medical Society.

The vaccine will be given at the Sterling County Hospital that afternoon. No charge will be made for the vaccine but donations of any amount will be accepted.

### A. F. Brown, 80, Dead

A. F. Brown, 80, died in the Sterling County Hospital at about 8 p.m. Wednesday. He had been ill for some time.

Funeral rites were held Friday morning at 10 a.m. at the First Baptist Church with the Rev. Sherman Conner, pastor, officiating. Lowe Funeral Chapel was in charge of arrangements here. Burial will be in Albuquerque, New Mexico on Saturday.

Born October 30, 1881 in Carbon, Mr. Brown had lived here since 1931. His wife died in Albuquerque in 1958.

Survivors include a daughter, Mrs. Minnie Johnston of Albuquerque; two sons, Ted Brown of Alamogordo, N. M.; and Jim Brown of Coolidge, Arizona; three brothers, Robert Brown of Quanah, Orville Brown of Cisco, and John of Lubbock; two sisters, Mrs. Ella May Ross of Ft. Worth and Mrs. Florence Liles of Redondo Beach, Calif.; seven grandchildren and five great-grandchildren.

Pallbearers were Horace F. Donalson, H. A. Chapple, S. M. Bailey, Hal Knight, Chesley McDonald and Jimmy House, the last being from Odessa.

### Epsilon Zeta Club

The members of the Epsilon Zeta Club met at the community center on September 25. Ten members were present with Mrs. Marshall Blair serving as hostess.

The new yearbooks were presented and an orientation period was spent at the hospital.

Prizes were given for acting out song titles. Prizes were won by Mrs. Joe Blaneck, Mrs. Charles Allen, Mrs. Leon Ferguson and Mrs. Wayne Lourey. Others present were Mrs.

## Eagles Win Over Dawson 34 to 18

### Eaglets Beat Forsan 34 to 8

Coach Fred McDonald took his junior high Eaglets to Forsan Thursday afternoon for a football game and his boys walked away with a 34-8 victory.

The Eaglets scores were the result of three touchdowns, made by Wayland Foster, Jimmy Cole and Andy Gaston got one each. Two conversions after touchdown added four more points. The Little Buffaloes got one TD and added the two points for conversion.

### LIONS CLUB

Members of the Lions club saw a film on wildlife at the non luncheon meeting Wednesday at the community center. The meal was catered by the City Cafe, and handled by Mr. and Mrs. Boots Williams.

Bill Allen from the school ran the projector for the film showing. The prize went to Wayne Lourey.

It was announced that the District Governor, Doc Ellis of Midland, would be at the next weeks meeting. All members are urged to be present.

Guests present included T.D. Joplin, H. L. Bailey, Jake Traylor, Jim Hinshaw and a new member, Jim Coleman.

Jim Coleman, Mrs. Edde Braswell, Mrs. Richard Reed, Mrs. Troy Templin and Mrs. Dale Bryce.

### To Imperial Tonight

The Sterling Eagles downed Dawson there last Friday night 34-18 rather handily. The Dawson boys scored three touchdowns during the game' but coach Dillard played all of his boys through the game' actually opening the way for the Dawson scores.

Early in the game Jerry Payne went over the final stripe standing up for the first counter of the evening. He swung wide around right end and a pass from Paye to Vernon Asbill poked up two more points. Before the initial quarter was over, Payne repeated the performance for another 6 points.

Fairly early in the second quarter Payne did a repeat with a wide end run and passed for two extra points to an Eagle over the goal line. And not too long thereafter Crisp Williams took a Payne pass and went over for a T.D.

Dawson players picked up 3 T.D.'s as the Sterling coaches alternated players. Bill Foster garnered a counter before the final whistle. The final score ended with the locals on the top side, 34-18.

### TO IMPERIAL TONIGHT

The Eagles are due in Imperial tonight at 8 for a pre-conference game. Later in the season, Imperial comes here (Nov. 9) for a conference game.

## Home Economics Covers Large Segment of 4-H Work

### Over Million Learn Home, Career Skills

CANNING was the first 4-H project for girls about 50 years ago came under the heading of "home economics." Cooking and sewing were soon added. Today about 1 1/4 million girls between 10 and 21 years old are engaged in a broad program of home economics projects.

They not only learn many skills for building happy homes, but also acquire important knowledge and experience to guide them into future careers and successful marriages.

In 1933, with the approval of the Cooperative Extension Service, a specific awards program that encompassed all 4-H home economics projects was set up. The sponsor was Montgomery Ward, which already had been an active supporter of 4-H youths for a decade.

Pretty 17-year old 4-H'er Donna Roberts is demonstrating variations of rolls to be made from a basic yeast dough. She might well be preparing for a future career as a home economist in teaching or business.

Since that time national recognition has touched 153 young women because they were selected as the most outstanding members completing home eco-

nomics projects. Their reward was a college scholarship provided by the mail order firm.

Soon another batch of home economics scholarship winners will be named by the Extension Service. In November, six girls will be chosen from among 1962 state award winners who will meet at the National 4-H Club Congress opening in Chicago Nov. 25. The trips will be paid for by Montgomery Ward and all 50 girls will be guests at a banquet in their honor.

And what lies ahead for these talented young women?

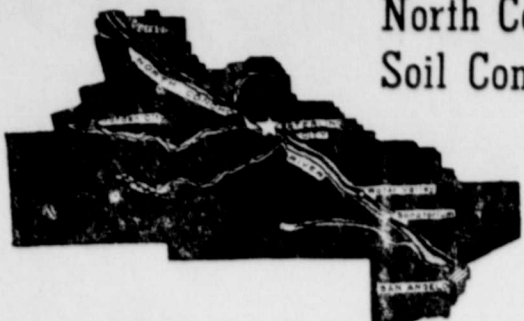

The answer may be found in the results of a recent survey of former home economics scholarship recipients spanning a 25-year period. Of the 110 respondents, 78 per cent had attended college. About 86 per cent of this group pursued home economics careers in the following areas: teaching, dietetics, nursing, Extension Service, library, social work and business.

A review of additional jobs awaiting future home economics graduates suggests journalism, advertising and sales, textile and clothing design, research, interior decorating, and the vast field of human and animal nutrition including outer space travelers.

The National 4-H Home Economics program has much to offer the pre-teen member as well as the older girl.

Shown here are six of the 29 members of the Country Maidens 4-H Club with their leader, Mrs. Ben Illyes (second from right) in Jackson township, Hamilton county, Ind., discussing construction of a garment. A former 4-H'er herself, Mrs. Illyes has worked with this home economics club for the last five years. The girls are, from left, back row: Connie Anderson, 13; Beth Ann Nightenhelser, 16; Front, from left: Marcia Anderson, 14; Tonja Costomir, 13; and her sister Becky, 15; Mrs. Illyes and Jean Nightenhelser, 11. The club is typical of many throughout the country.

### North Concho River Soil Conservation

Elections were held in two zones of the North Concho River Soil Conservation District on October 2, 1962.

Ernest Michalawicz of the Klattenhoff community was elected supervisor for Zone No. 4 (Tom Green County). The election was held at noon at the Dry Creek Park. Supervisors Neal J. Reed, George Skeete and A.S. Brokaw attended the election. Brokaw retired from the board after ten years of service.

Dr Leo Merrill spoke on the deferred-rotation grazing system which has been used on the Sonora Experiment Station for the last fifteen years.

**ZONE No. 1 ELECTION**  
August M. Fryszak of St. Lawrence was elected super-

visor for Zone No. 1 (Glasscock County). Fryszak will serve the unexpired term of Robert E. ayden who resigned. Supervisors Ernest Michalawicz, George Skeete and former supervisor A.S. Brokaw attended the election. Charles Taylor, of the Extension Service from Fort Stockton, spoke on Irrigation Water Economics.

### No Discount on School Taxes

There will be no discount on school taxes here this year, by action of the school board. Jim Cantrell, tax-collector, said discounts will still apply to county and state taxes.

This action presumably will give about \$2,000 or over taxes for the school district to use this year.

### CHURCH OF CHRIST LECTURESHIP SET

October 7-11  
Marion Hays, minister of the local Church of Christ, announced this week that there was to be a lectureship at the church here October 7-11.

Guest speakers will speak each night at 7:30 said Hays.

The speakers in order for the series beginning Sunday night, are Darrell Flynt of Forsan, E. R. Garretson of Big Spring, Joe Barnett of Levelland, Herman Beauchamp of San Angelo and Curtis Camp of Big Spring.

### DISABLED MAY BE ELIGIBLE FOR SOCIAL SECURITY

Over fifty million people have worked long enough under social security to qualify for cash disability benefits if they become disabled. This means that they have social security credits for five years (20 quarters) out of the past ten years, Floyd B. Ellington, district manager of the San Angelo Social Security office said. In the case of a severe disability, the worker and his dependents may be eligible for monthly cash social security disability benefits if he meets this work requirement.

It is not necessary to be completely helpless to qualify for social security disability benefits. These benefits are payable to those who suffer from a crippling disease or a severe impairment which makes them unable to do any substantial work.

Disabled adult sons and daughters of retired, deceased, or disabled workers may also receive childhood disability benefits if they become disabled before they reached age 18.

Anyone suffering a severe disability which prevents him from doing any substantial work should get in touch with the local social security office to determine his eligibility under the Social Security disability program, Ellington stated. He may be losing benefits if he fails to apply for them promptly. The social security district office will explain to disabled workers and their families their rights under the law.

### REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All deviations concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. TEXAS SHEEP & GOAT RAISERS ASSOCIATION

## Our WASHINGTON Letter

By Congressman **O. C. FISHER**

When the House recently adopted an amendment to the foreign aid bill prohibiting any of the funds to be used to benefit any country which permitted one of its ships to be used to transport any form of goods to Khrushchev's Cuba, the amendment was ridiculed as an interference with rights of our NATO allies. And, sure enough, the Senate proceeded to strike out the amendment.

About the same time, dispatch from London announced: "British Government has no present plans to ask Parliament for legislation to control shipping of Soviet cargoes to Cuba in British vessels, the Foreign Office said today."

At the same time West Germany reported steps were being taken to shut off that country's shipping to Cuba.

While this hassle is going on, a Soviet-Castro announcement says the Russians are to build a "fishing" port at Havana. This has every appearance of a smokescreen. Normally Soviet fishing grounds in this hemisphere have been limited up to now to the North Atlantic, rarely touching the Caribbean. Most Russian trawlers are semi-military, elaborately equipped with radar and devices to keep tab on our Cape Cavernall Polaris missile launchings and other tests carried on there.

A Cuban fishing port can readily accommodate Red Submarines and Red torpedo boats, thus becoming a sort of Soviet naval base. This would threaten the Panama Canal and vital inter-American shipping lanes.

This is a brazen move not only to ridicule the Monroe Doctrine but also to provide a foothold from which the Russians could launch a war of subversion and indirect aggression against the Americas.

This threat is not limited to the U.S.A. It involves the entire free world. And this brings to mind recent words of President Kennedy: "If at any time the Communist buildup in Cuba were to endanger or interfere with our security in any way...then this country will do whatever must be done."

The Congress last week accepted a resolution supporting this position. It is the voice of America. It is high time that we demand that our allied line up behind us, cut out the shipping trade with Cuba, and face up to a grave menace. And the time is overdue for firm and positive action by Uncle Sam, either with the help of our allies or unilaterally. Our problem becomes more difficult by the hour.
