

Eagles Open 1963 Season Tonight

Play Gail There at 8:00 P. M.

The Sterling City Eagles are off to the season's first football game tonight with Gail. The first game of the season is played with Gail on a home and home basis. Last year Gail beat Sterling here 28 to 0 in the opening game.

Coaches J. R. Dillard and Fred McDonald have been working out the Eagle squad getting them into condition for the past two weeks and now have 24 boys on the squad. 18 of the boys are freshmen and sophomores, leaving only six juniors and seniors. The heaviest boys on the local team are Larry Stewart and Troy Murrell, 155 and 165 pounds.

The coaches did not have enough jerseys to give each boy a number early this week but the boys, their number, classification and weight and position at this time are as follows:

- Danny Bailey, Sr., 145 lbs., back, No. 82
- Billy Bauer, Sr., 125 lbs., end, No. 21
- Jack Clark, Soph., 145 lbs., center, No. 60
- Jimmy Cole, fresh., 120 lbs., back, No. 80
- Johnny Copeland, fresh., 140 lbs., guard, No. 63
- Gerald Currington, fresh., 125 lbs., center, No. 60
- Dusty Dillard, soph., 135 lbs., end, No. 10
- Collin Douthit, fresh., 135 lbs., end, No. 81
- Bill Foster, Jr., 135 lbs., back, No. 23
- David Foster, Soph., 120 lbs., center, No. 49
- Mike Foster, Soph., 135 lbs., center, No. 55
- Wayland Foster, fresh., 130 lbs., back, No. 83
- Andy Gaston, fresh., 125 lbs., end, No. 41
- Ernest Longoria, soph., 135 lbs., end, No. 22
- James Morgan, Soph., 135 lbs., back, No. 61

- Alex Sedillo, fresh., 130 lbs., guard, No. 60
- Adolph Balderaz, fresh., 120 lbs., back, No. 80

Team managers are James Latham and Tommy Foster. Cheerleaders this year are Mitsy Davis, Lois Ethel Price, Temple Ann Foster and Janie Copeland. Twirlers are Betty Barrett and Rosanne Foster.

Football Barbecue Held Last Saturday

The annual football barbecue and rally was held in the city park last Saturday night with about 350 persons attending. Barbecued goat, beans, salads, bread, tea or coffee and cake was served to those present.

Joe Hodges of Odessa made a talk. He was introduced by superintendent O.T. Jones. He talked mostly to the football boys, pep squad girls and the students in general. Hodges, who was visiting here with the Kirk Hopkins family is with the First National Bank of Odessa.

Coaches J. R. Dillard and Fred McDonald talked briefly and Dillard introduced the football boys. The pep squad leaders led the group in some yells and the school song.

231 Enrolled as School Opened

Sterling Schools opened on Tuesday morning with 231 enrolled. This compares with 239 last year on opening day.

Superintendent O. T. Jones said there were 66 enrolled in high school and 165 in grade school here Tuesday.

The faculty this year includes Jones as superintendent; Earl Seago as high school principal; J. R. Dillard, grade school principal, and Fred McDonald, Fred Igo, Mrs. E. A. Crook, Miss Radora Massey, George White and Mrs. Frank Milligan, high school teachers, and the grade school faculty members are Mrs. T. C. Davis, Mrs. Hubert Travs, Mrs. Jack Douthit, Mrs. Arthur Barlemann, Jr., Mrs. Thomas Asbill, Mrs. Dayton Barrett, Mrs. C. L. King, Mrs. Ray Lane and Mrs. Betty Jones.

George White is the only new member of the faculty this year. George, a 1963 graduate of Howard Payne College will teach social studies, biology, general science and he will coach girls basketball and assist in other coaching and sports programs.

School got underway with a full day of school Tuesday, rather than the usual general assembly. The first holiday of 1963 will be the Thanksgiving holidays in November.

Last June the President promised the American Committee on Italian Migration that he planned to ask Congress to liberalize our immigration laws, and his special message followed.

Despite our present restrictions, which do not apply to the Western Hemisphere, total immigration runs about one million per year now. The line against pressures to liberalize admissions has been held, largely due to the efforts of the late Congressman Francis Walter, Chairman of the Committee handling immigration laws in the House. Walter's death two months ago has caused proponents of more liberal immigration laws to step up their efforts.

This move is unfortunate for many reasons. In the first place, the increase would add to unemployment and housing problems. And, it is believed by many observers that with the scrapping of our National Origins System on the average a more undesirable class of people would be admitted. Pressures for abolishing present restriction stems from many foreign-born organizations in this country. These groups are often referred to

AROUND THE COUNTY
by
ARTHUR BARLEMANN, JR. COUNTY AGENT

The West Texas Fair at Abilene starts next Monday, September 9, on the fairgrounds located on the Cross Plains road. Sterling County 4-H Club members who will exhibit in the fair are Betty Jo Barrett and Janis Igo. Both will compete in the Rambouillet sheep show, junior and open divisions. Abilene allows the juniors to show their animals in both classes.

First classes to be judged on Monday are the mutton breeds of sheep, J.Q. and William Foster will be competing in the Suffolk show as will their boys. Judging of the mutton breeds gets under way at 8:00 A.M.
Rambouillets will be judged Tuesday morning beginning at 8:00 A. M. Both junior sheep and open sheep are judged at the same time. At the conclusion of the class, the open sheep are removed and the juniors then are placed in the order they were in the open show. In addition, to Betty Jo and Janis, Clinton and L. F. Hodges will also be showing. Betty Jo will show three rams and three ewes; Janis will show one ram and two ewes.

Other judging on Tuesday includes the Angus show. Herefords will be judged on Wednesday.
The fair closes Saturday night, September 14th. If you haven't visited the West Texas Fair, why not take it in this year?

What is a dollar worth? A dollar in 1930 was worth what it would buy in 1930. A dollar in 1962 was worth in terms of what it would buy in 1930. But, a 1962 dollar is not worth a dollar in terms of what it would buy in 1930.

In terms of purchasing power, John G. McHaney, Extension Economist, says the value of the dollar has fluctuated widely since 1930. Based on the 1930 values, it took 84 cents to buy the same things in 1940; the dollar was actually worth \$1.19 at that time. The 1950 dollar was worth fifty-eight cents, based on the 1930 values; it took \$1.72 in 1950 to buy what a dollar would have bought in 1930. The 1960 dollar was worth 81 cents based on the 1930 dollar being worth 100 cents. It re-

quired \$1.23 to buy what a dollar would have bought in 1930.

Based on the 1930 dollar, the 1962 dollar is worth only fifty-five cents, according to McHaney. It took \$1.81 to buy what the 1930 dollar would have bought.

Remember that your ballots for the ASCS committeemen must be returned to the County ASCS office before 5 p.m. September 12, next Thursday. Ballots and instructions have been mailed out from the county office with the slate of names. All ballots must be in the office in the courthouse by the close of business on that date if delivered in person. If mailed, they must be post marked prior to that time. Don't forget to vote for the men who will administer the farm program on the local level.

Sterling County has had no screwworms identified by the laboratory since July 27th. This is the first month that has elapsed without a case since the first one was reported on May 1 on the Claude Collins ranch on what is known as the Douthit country.

Thus far this year, there have been eleven cases in the county. At the same time last year, ninety-three cases had been identified. Nineteen of them were sent in during the month of August compared to none for the month this year.

Flies are still being dropped on the river areas. Will Durham reported finding some new boxes on his place east of town as well as the home place in the last week. According to information released by the laboratory, all flies not needed in the drop area in South Texas and for the hot spot treatment out of the drop area are being dropped in the river areas.

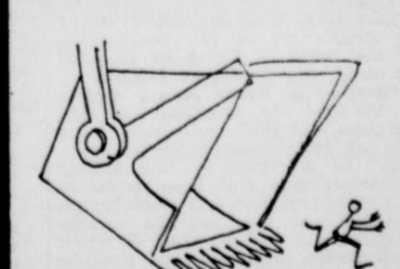

Stan Horwood says that a milk pen calf on the Santa Fe ranch had a case of screwworms this week. The sample was sent in by Nolan Stewart on Sunday and positively identified. This is the twelfth case for the county this year and the first on any of the Foster & Hildebrand ranches.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1963.
SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

"Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of all voters. Should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

100 Vacancies in Highway Patrol

The Texas Department of Public Safety announced today there are approximately 100 vacancies available in the Highway Patrol force for which men between the ages of 21 and 35 may apply by September 14.

Col. Homer Garrison, Jr., DPS director, said applications will be accepted from qualified men for a training school which begins November 19 at the DPS Law Enforcement Academy in Austin. He urged them to submit applications early to insure time for processing.

Three things about the November 19 school will be different than in the past: The school will be for Highway Patrol personnel exclusively; all graduates will be assigned to the Patrol. Every effort will be made to assign them to stations within 100 miles of their present homes. Upon graduation, the new Highway Patrolmen will benefit by a pay increase from the \$412 per month to \$453.

Garrison listed the following benefits: Two weeks vacation, 12 or more holidays each year as provided by the Legislature, 12 days per year sick leave which may accumulate to a maximum of 36 days, \$10 per month added to salary at the end of each five years to a maximum of 25 years, retirement system based on age and/or years of service, social security benefits, travel expenses when away from station as prescribed by law, group hospitalization and life insurance plan available, uniforms and the necessary equipment to perform duties furnished.

"The career jobs offered actually are more than just jobs—they are positions of sacred trust in an organization whose people have earned for it the respect of not only Texans, but everyone who comes to or travels through our state," said Garrison. "We invite young men who can meet the requirements to secure full information by contacting a patrolman or one of the DPS offices."

Qualifications for Highway Patrolment are as follows: Age, 21 to 35; not less than five feet, eight inches tall; not less than two pounds nor more than three pounds per inch of height; sound physical condition; vision 20-30 without corrective lenses, must not be color blind; high school education; United States citizen and resident of Texas for at least one year immediately prior to date of application.

Fabulous, Fancy—and Easy Ice Cream!

By Betty Barclay

REMEMBER how good homemade "marble cake" used to be? And how exciting it was to savor the marbled bites—a special treat after a bit of the plain cake! You'll feel the same way about "marbled ice cream"—an excellent and very easy dessert to make—especially good with the new glazed chocolate chips!

Chocolate Marbled Ice Cream
2 egg whites; 4 tablespoons granulated sugar; dash of salt; 1 cup heavy cream; 2 egg yolks; ½ teaspoon pure vanilla.
1 cup glazed chocolate chips; 4 tablespoons milk.

Beat egg whites until foamy throughout. Gradually add 2 tablespoons sugar; continue beating until meringue will stand in moist peaks. Add remaining sugar and salt to cream and whip until thick; add egg yolks and beat only until blended. Add vanilla. Fold in meringue.

Heat and stir chocolate chips and milk over low heat until chips begin to melt. Cool. Pour half of cream mixture into freezing tray. Pour ½ of chocolate sauce over this in an irregular pattern. Cover with remaining cream mixture; then spoon remaining chocolate sauce over top. With knife or spatula zigzag through ice cream. Set control for coldest freezing temperature. Freeze until firm, about 3 hours. Makes 1 quart.

Social Security

"Area residents should file their social security claims before they retire in order to insure prompt payment of benefits," Floyd B. Ellington, social security district manager in San Angelo, said today. Many people of retirement age do not get their first social security checks as early as they might, simply because they waited too long to apply for their benefits, Ellington pointed out.

Applications may be filed any time within three months of when a person wants benefits to start. Since the average processing time of a claim is 4 weeks, Ellington advised people to take advantage of this early filing and submit their applications as soon as possible.

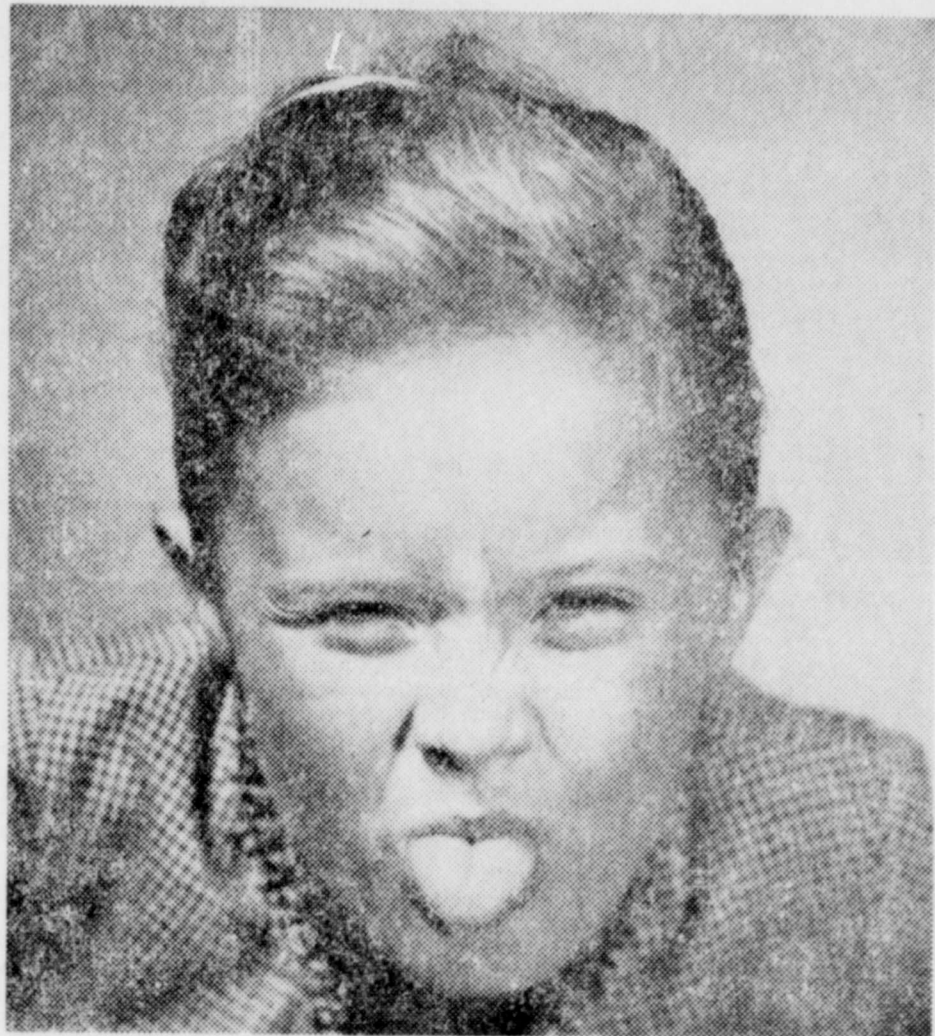

Many claims are delayed because the applicants do not have the necessary information or papers to establish their eligibility for benefits, he said. These delays could be avoided if people would get in touch with social security office ahead of time to find out what they should bring with them when they apply for benefits.

Ellington stated that a short visit or phone call to the social security office before the time of filing can significantly speed up the processing time of the application. The San Angelo District Office is located at 204 Continental Bldg. The phone number is 653-6861.

Penny dislikes school...

but she'd like it less if she studied by a kerosene lamp per grand-dad's era. In present day education Penny doesn't realize how much importance is placed upon adequate school lighting. Unlike her superiors she is unaware that Reddy Kilowatt is her silent friend, protecting her precious eyesight by lighting up the pages for faster, easier and more accurate reading. When Penny grows up she'll realize how fortunate she was to be able to study under modern electric lighting.

... adequate study light is important in the home too.

EVERY ONE WHO WOULD LEARN TO PRAY

needs this book

Every right thinker knows that God is, and wants, so much, to approach Him intelligently through prayer — to commune with Him and to listen for His guidance.

In the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy there is an inspiring and practical explanation of prayer.

A great number of people, through the study of this chapter, have found needed health, harmony, supply and well-being.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

To Help Them Live Again

The blind can lead the blind. At the Lisbon government's request, the International Labor Organization (ILO) sent a rehabilitation expert to Portugal for a year to advise on the vocational training of blind workers. The expert, who had successfully completed a similar mission to Brazil, is sightless. ILO mentions the case in reporting on 10 years of expanded aid to the physically handicapped. As a United Nations specialized agency, ILO has set up or assisted at vocational centers for the handicapped in the Philippines, Indonesia, Egypt, Korea, Ceylon and elsewhere. Through its efforts the blind have learned to weave, type, operate telephone switchboards and work in factories. Disabled trainees have been graduated into such diverse fields as welding and poultry-raising. All of ILO's rehabilitation aims at equipping the disabled for full integration into the community's productive activities. Success has been gratifying, says ILO, concluding: "By modern vocational rehabilitation techniques, earning power can be restored to the majority of disabled persons."

Quick Roast Chicken Stuffing

Dinner parties present a true test of a homemaker's table-setting arrangement as well as her culinary skill. The food served must measure up to the table finery, hopefully without chaining the hostess to the kitchen. Modern convenience foods such as instant whipped potatoes and Brandywine canned sliced white button mushrooms help the modern hostess to short-cut dinner preparation. The Borden Kitchen shows how this can be accomplished in this recipe for a roast chicken stuffing:

- Instant Whipped Potato Stuffing**
(Makes enough stuffing for one bird)
- | | |
|--|---|
| 1 (4 to 4 1/2-lb.) roasting chicken | 1 teaspoon salt |
| 4 tablespoons butter | 1/4 cup milk |
| 2 medium-size onions, chopped | 1 1/2 cups (4 servings) instant whipped potato flakes |
| 3 (4-oz.) cans sliced button mushrooms, drained well | 1/2 teaspoon black pepper |
| 1/4 cup mushroom liquor | 1/2 teaspoon poultry seasoning |

Clean and truss bird; salt the inside. Melt butter in small skillet; saute onions and mushrooms in butter until onions are tender and slightly transparent. Pour mushroom liquor and salt into small saucepan. Cover and bring to a boil. Remove from heat and add milk immediately. Add potato flakes. Stir with a fork until all moisture is absorbed. Whip briskly. Add sauteed vegetables, pepper and poultry seasoning and mix well. Cool slightly. Lightly stuff bird with dressing and close cavity. Cover bird with clean cheese cloth which has been dipped in melted butter. Roast, breast side down, on rack, in an open roaster in slow oven (325° F.) about 1 1/4 hours or until tender. Remove cloth, turn bird breast side up and continue to roast 15 minutes longer. If desired, garnish with small bunches of green Thompson grapes, spiced red peaches, green minted pears . . . and parsley.

COURTROOM DRAMA

We've all seen a great many courtroom dramas in the movies, on the stage or on television. Too many, some may say, but there's no denying the drama to be found in the courtroom.

A theater seat or a comfortable chair in front of the TV screen is the closest many of us ever get to a courtroom. It's from such a vantage point that most of our ideas come today about court procedures and how a trial is carried on.

Stage and screen trials normally present only the highlights and take many shortcuts in the interest of brevity and audience appeal. Often an attorney is pictured making objection after objection to the questions and answers as witnesses testify. He makes these objections vehemently, pompously, or sarcastically—and often in a voice louder than necessary—according to the demands of his role, and depending upon whether he's on the side of the villain or the hero. The judge then raps for order, and booms out, "sustained," or "overruled," and those of us in the audience usually are at a loss over why he made his decision.

In a real courtroom it's true that attorneys protest against what's being done or said, as a means of assuring a fair trial, and the judge must allow or disallow each objection.

The principals in the real courtroom are just practicing common sense when they follow the "rules of evidence" in placing facts before the judge and jury. If there's to be a fair trial and a just verdict, there must be true facts.

Evidence in the courtroom may take several forms, but two are most common. Answers to questions from a witness under oath are the best-known type of evidence. Exhibits—written records, letters, "the murder weapon," and other physical objects having to do with the case—are the next most common. "Depositions," or written statements, from a witness who for some reason is unable to appear personally in court, are sometimes admitted as evidence received and the law as explained by the judge.

That's about the size of it, and that's the way each of us wants it to be if ever we are placed on trial or taken to court for even so much as a speeding ticket.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)
