## Eagles Top Stanton 'B' 20 To 14

### To Wellman Tonight

The Sterling City Eagles were well matched here last Friday night in an eleven man game with the Stanton B football team. Stanton is a AA school in varsity playing and had a large number of boys on the B squad—in fact 28 were suited out for the game here.

Sterling won all right—in the fourth quarter. Until then it looked like the Buffaloes ball game. The final score was 20 to 14 in the locals favor.

Neither side scored in the first quarter. Stanton made 3 first downs and Sterling City 2 as the quarter rolled by.

In the second quarter, Stanton's Dick Polson picked up 6 points as did Jessie Sanchez. Polson accounted for the extra two points following the second touchdown.

The Eagles weren't altogether loafing in the second quarter. Danny Bailey, Sterling's veteran back, pushed over for a T.D., but no points were added. So, the score at halftime was 14-6 in favor of the Buffaloes.

The third quarter was an exact repeat of the first. Neither side chalked up any points.

But in the fourth and final quarter, the Eagles got busy. Little Wayland Foster scooted over for six points. A long pass from Bailey to Crisp Williams accounted for six more. (Crisp did a good job of shagging the pass.) Bailey went over for the extra two points, and the score ended 20 to 14 in favor of the Sterling City Eagles.

### TO WELLMAN TONIGHT

The Eagles journey to Wellman tonight for the third game of the current season. The 8-man game is a non-conference tilt. The Wellman boys always put up a real battle. Last year Wellman

AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

The West Texas Fair at Abilene last week provided another extreme in weather for Abilene. Those who have attended the Fat Stock Show in January in Abilene are well aware of how cold it has been for that show the last few years. Last week's fair made up for that—the thermometer seemed to be overdoing itself at seeing how high it could climb. For three days of the show, the temperature hovered around the 100 degree mark. A number of sheep became overheated and at least two died during the show. In the other end of the barn the hog exhibitors were having the same difficulty.

To make matters worse, the electricity went off about 7:30 Monday night and remained off for about 35 minutes due to a blown transformer. This happened just when the biggest crowd was either on the grounds or entering the grounds.

Show officials and exhibitors agreed that weatherwise, the ideal solution would be to take 30 degrees off the fair's temperature and add it to the January show—then both would be fairly comfortable. Or, as one said, on the average it was all right for those who made both shows. They froze in January and baked in August so on the average it wasn't bad. But everyone knows the value of averages.

Forty-four head of sheep were exhibited at the West Texas Fair by Sterling County people. This includes adult exhibitors as well as 4-H and

FFA members. Sterling County 4-H Club exhibitors were Betty Barrett with six head of Rambouillet and Janis Igo with three Rambouillet.

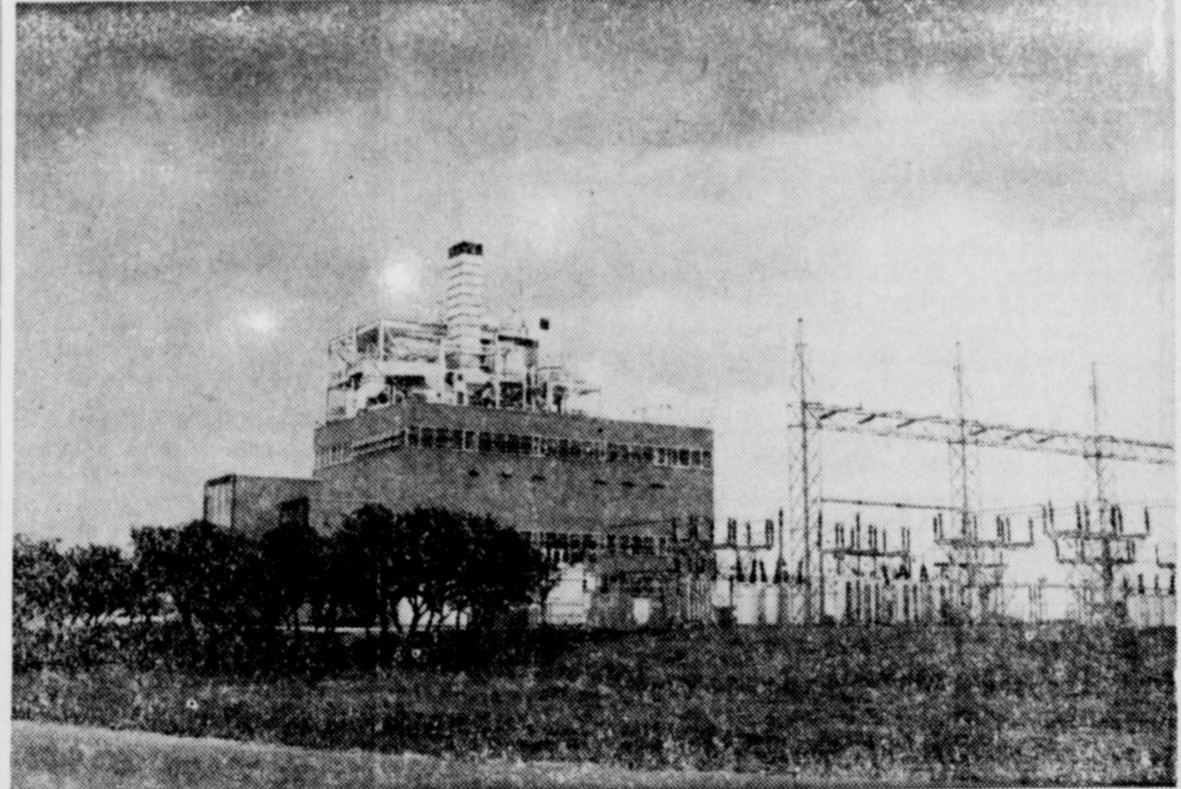

Betty Jo had the sixth place ram lamb in the open show; Janis' ram lamb was fifth in this class. Betty Jo's three ram lambs were third in the pen of three class. Janis had the fifth place ewe lamb. In the get of sire class, Betty Jo's entry placed second.

In the junior show, Janis had the second place ram lamb while Betty Jo had the third place ram. Janis' ewe lamb was third in that class. Betty Jo had the second place pen of three, both sexes represented.

The adult exhibitors in the show were William and J. Q. Foster in the Suffolk division and Clinton and L.F. Hodges in the Rambouillet division. Wayne Smith and James Latheway were the FFA exhibitors in the junior Rambouillet show while Bill, Mike and Wayland Foster exhibited in the Suffolk show.

The annual meeting and barbecue of the Sterling County Game Management Association is to be held next Monday, September 23 at 6:30 p.m. on the Nick Reed ranch. Cal Roberts will do the barbecuing.

The program will be furnished by Charles Heumier, federal game and fish agent. He will bring the group up to date on the progress in the eagle bill.

WEST TEXAS UTILITIES COMPANY'S NEW OAK CREEK POWER PLANT

## Open House at Oak Creek Power Plant Next Thursday

### WTU Invites You

The newest power plant in West Texas and one of the most modern in Texas will be open to the general public for the first time, Thursday afternoon, September 26 from 1:30 to 6:30 p.m.

WTU's Oak Creek Power Plant, located on Oak Creek Reservoir between Blackwell and Bronte, has scheduled a Visitation Day for West Texans.

The Plant Chief Engineer, R. E. Patton, today issued an invitation to West Texas families to visit the plant and see how electrical energy is generated. Patton said guided tours will be conducted for the visitors. The tours will

take from 25 to 30 minutes. Each tour will be conducted by power plant personnel who can answer questions concerning the plant and its operation.

Patton pointed out that the Visitation is to be an informal affair. Refreshments have been planned for the visitors and it is hoped they will remain on the grounds to meet and visit with the plant personnel.

The Oak Creek Plant is located on Highway 70, one mile north of the intersection of Highways 70 and 277. The plant site is about midway between San Angelo and Abilene. The plant, which is the newest in WTU's system, is interconnected with 138,000 volt transmission lines with other plants in the WTU system. High voltage transmissior lines from the plant carry electric power north to the Abilene area, east to the Bal-

linger area, and south to the San Angelo area.

"The Oak Creek Plant," Patton said, "is of the very latest design and engineering. It was completed last year at a cost of approximately \$10 million."

WTU operates six electric steam generating plants and one gas turbine station, providing electric energy for a 52,000 square mile area in 50 West Texas counties. The company provides service for 166 communities and the surrounding areas, and 18 Rural Electric Cooperatives, in a region extending from the Red River to the Rio Grande.

Wayne Loury, local manager for the company, invites all persons from here to go over to the open house. He said he would like to see a large crowd from here present, and he extended a cordial invitation to all.

### D.P.S. Needs Patrolmen

The Texas Department of Public Safety announced today there are approximately 100 vacancies available in the Highway Patrol force for which men between the ages of 21 and 35 may apply by September 14.

Col. Homer Garrison, Jr., DPS director, said applications will be accepted from qualified men for a training school which begins November 19 at the DPS Law Enforcement Academy in Austin. He urged them to submit applications early to insure time for processing.

Three things about the November 19 school will be different than in the past: The school will be for Highway Patrol personnel exclusively; all graduates will be assigned to the Patrol. Every effort will be made to assign them to stations within 100 miles of their present homes. Upon graduation, the new Highway Patrolmen will benefit by a pay increase from the \$412 per month to \$453.

Garrison listed the following benefits: Two weeks vacation, 12 or more holidays each year as provided by the Legislature, 12 days per year sick leave which may accumulate to a maximum of 36 days, \$10 per month added to salary at the end of each five years to a maximum of 25 years, retirement system based on age and/or years of service, social security benefits, travel expenses when away from station as prescribed by law, group hospitalization and life insurance plan available, uniforms and the necessary equipment to perform duties furnished.

"The career jobs offered actually are more than just jobs—they are positions of sacred trust in an organization whose people have earned for it the respect of not only Texans, but everyone who comes to or travels through our state," said Garrison. "We invite young men who can meet the requirements to secure full information by contacting a patrolman or one of the DPS offices."

Qualifications for Highway Patrolmen are as follows: Age, 21 to 35; not less than five feet, eight inches tall; not less than two pounds nor more than three pounds per inch of height; sound physical condition; vision 20-30 without corrective lenses, must not be color blind; high school education; United States citizen and resident of Texas for at least one year immediately prior to date of application.

### GENERAL TELEPHONE TOWNS ON THE MOVE

## Van Heusen Shirts come to Augusta

When the Augusta, Arkansas Industrial Development Corporation set out to secure new industry, they came up with one of America's largest and most respected manufacturers of men's shirts.

The Phillips-Van Heusen Corporation, makers of famous Van Heusen shirts, was brought to this 2300 population town about a year ago. They employed local workers, instituted an intensive training program, and completed the first products in the brief time of 14 days. Such aggressive ac-

tion by local citizens and company officials has caused the plant to become a major factor in the local economy.

It is another reason we say General Telephone towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

## Social Security

"Area residents should file their social security claims before they retire in order to insure prompt payment of benefits," Floyd B. Ellington, social security district manager in San Angelo, said today.

Many people of retirement age do not get their first social security checks as early as they might, simply because they waited too long to apply for their benefits, Ellington pointed out.

Applications may be filed any time within three months of when a person wants benefits to start. Since the average processing time of a claim is 4 weeks, Ellington advised people to take advantage of this early filing and submit their applications as soon as possible.

Many claims are delayed because the applicants do not have the necessary information or papers to establish their eligibility for benefits, he said. These delays could be avoided if people would get in touch with social security office ahead of time to find out what they should bring with them when they apply for benefits.

Ellington stated that a short

visit or phone call to the social security office before the time of filing can significantly speed up the processing time of the application.

The San Angelo District Office is located at 204 Continental Bldg. The phone number is 653-6861.

If you are a social security beneficiary who earned over \$1200 from employment or self-employment in 1962, and you were under the age of 72 in any part of the year, you must file a report of your earnings with the Social Security Administration by April 15, 1963. Failure to report may result in a loss of benefits.

This was announced today by Floyd B. Ellington, Manager of the San Angelo Social Security District Office. Mr. Ellington further explained that an estimate of your 1963 earnings will also be required. This report will enable the Social Security Administration to determine:

(1) Whether you received all benefits payable for 1962. If not, you will receive the additional benefits due for last year.

(2) If you were paid more benefits in 1962 than were due. If so, you will be required to refund the amount of the overpayment.

(3) Whether any of your benefit checks for 1963 should be withheld. This will be determined on the basis of your estimate earnings for the year.

Mr. Ellington noted that beneficiaries who received no benefits in 1962 are not required to file the report. However, they are encouraged to do so as they may be entitled to receive some benefits for the year even though their total yearly earnings greatly exceeded the \$1200. Benefits can be paid to a beneficiary for any month in which he did not earn over \$100 as an employee and did not render substantial services in self-employment.

**EVERY ONE WHO WOULD LEARN TO PRAY**

needs this book

Every right thinker knows that God is, and wants, so much, to approach Him intelligently through prayer—to commune with Him and to listen for His guidance.

In the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy there is an inspiring and practical explanation of prayer.

A great number of people, through the study of this chapter, have found needed health, harmony, supply and well-being.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

MISS LINDA ROY

**Approaching Marriage Told**

Mr. and Mrs. Glenn E. Roy of Pleasure Ridge Park, Kentucky announce the engagement of their daughter, Miss Linda Lou Roy, to Army Pfc. David Carl Gruny, son of Mrs. Ruby Gruny of Sterling City, Texas. Private Gruny, who is stationed at Fort Knox, attended Sul Ross State College in Alpine, Texas. The wedding will be at 8 o'clock September 27 in Beechland Baptist Church.

By Congressman O. C. FISHER

Here in Washington practical politics is taken for granted. I recall hearing the late Sam Rayburn's much-quoted admonition, made during a heated partisan debate: "Those who go along, get along." For years every President has knocked himself out to take care of those in Congress who have heaved the party line. A defeated Senator or House member, is he faithful, is often rewarded with a lush government job.

That is one of the rewards of the party faithful as our political system has evolved. Roosevelt did it. So did Truman. And Ike followed suit. The New Frontier has been generous in that regard. Gracie Post, former Congresswoman from Idaho, a party faithful, defeated last year in a bid for the Senate, holds an \$18,000 job in Federal Housing; Sidney Yates of Illinois, a former House member who tried to unseat Senator Dirksen last year, was put on the UN staff at \$22,500. Frank Smith, Mississippi House faithful, after his defeat was rewarded with membership on the TVA board.

Don Magnuson of Washington, bumped off by a Republican in a re-election bid to the House last year, was consoled with a \$16,000 job in Interior. Floyd Breeding, an able House member from Kansas, draws \$18,000 a year in Agriculture, following his defeat last year. Walter Moeller of Ohio, another defeated party faithful, draws \$16,000 in the Space Agency.

Ex-Congressman Frank Kowalski of Connecticut, who challenged Abe Ribicoff for the Senate, was appointed on the Subversive Control Board at \$20,000 a year. Ex-Congresswoman Kathryn Granaham, a Philadelphia party faithful who lost out in re-districting, now gets \$20,000 a year as U. S. Treasurer; and Catherine Norrell, also a victim of re-districting in Arkansas, was made Assistant Secretary of State.

Many of these appointees are, of course, very capable people. But the general practice causes observers to recall Stonewall Jackson's jibe: "To the victor belongs the spoils." Among recent visitors have been Homer G. Nickel, J. E. Busick, William P. Harris and Russell Willis, all of San Angelo; and Joe Sandlin of Blackwell.

In the ewe lamb division, they placed 2nd in the junior show and 4th in the open. Two ewes were somewhat sick due to the heat and were not shown.

They took a first in pen of three of both sexes, and they showed the 1st place winner in 2-4 tooth ram in the junior show and second in the open.

The Foster boys had both the champion and reserve champion rams in the junior division and reserve champion in the open.

All summer the doors of the red school house at Six Flags have been nailed shut with a sign saying "School Closed, Gone Cotton Picking." The cotton has all been baled and school bells are ringing for many of the Park's hosts and hostesses. Back to school marks the end of summer vacation, and the beginning of Saturday and Sunday only operation for the giant family Park.

**SIX FLAGS BEGINS SATURDAY AND SUNDAY OPERATING SCHEDULE**

Labor Day marked the beginning of Saturday and Sunday only operation for Six Flags Over Texas, and that means that a great many of the Park's collegiate hosts and hostesses will be carrying their happy smiles and courteous manners into the classrooms of dozens of universities and colleges throughout the United States.

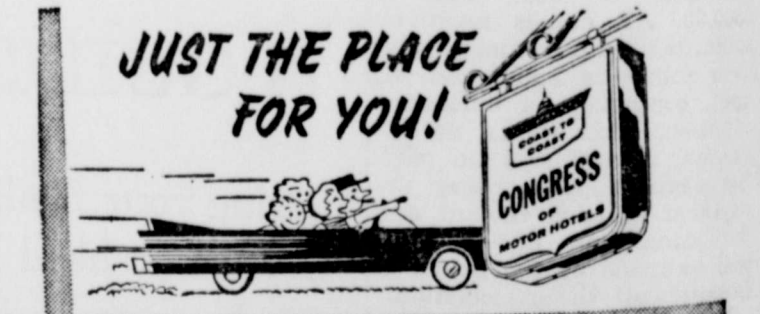

The 1,200-plus student staff who manned the 115-acre family funland every day during June, July and August, has been adjusted with additions of new personnel and deletions of those students who attend school too far distant from the Park to work during the fall when Six Flags is open only on Saturday and Sunday.

Beginning the weekend of September 7, Six Flags will be open from 10 a.m. until 10 p.m. on weekends only. Labor Day marked the end of seven day a week operations for the Park. Thus far during the 1963 season, which opened April 20, 1,300,000 guests have enjoyed Six Flags and its over 70 rides and attractions.

All rides, shows and attractions will remain in full operation until Six Flags closes for the season on December 1.
