Spade Ranch to Get Historical Medallion

The 1949 Study Club of Colorado City is having an Informal Reception at the Renderbrook Spade Ranch on April 26, 1964, at 3:30 P.M. A Texas Historical Building Medallion will be presented at this time.

The Study Club would like to invite friends of the family and those who have worked there and lived there to be present. They understand there are many friends and ranchers who live in the Sterling City area that would be interested, and are trying to reach as many as possible. The club will greatly appreciate all the coverage you can give them.

The Texas Historical Building Medallion is to be placed on the "White House", the first house to be built on the Spade Ranch by the Snyder Brothers in 1882. The original structure still stands although it has been modernized. Present owners are Mrs. B. D. Bassam and Mr. Frank Chapel. Mr. Otto Jones is manager of the Renderbrook Spade Ranch.

Our WASHINGTON Letter

Race problems keep popping up in Washington news. It gets a little boring but since March of 1963 a substantial share of the time of the Congress has been devoted to this emotional and political issue.

Last year it was estimated that Bobby Kennedy spent more than 50% of his official time dealing with racial issues. In fact, Bobby was credited with triggering the first Freedom March, featuring bus loads of a mixture of Negroes and whites who invaded the south to test local segregation customs. Freedom marches led to the Birmingham demonstrations and mob actions, the shooting of a Negro NAACP leader in Jackson, a march on Washington, and an assortment of sit-downs, sit-ins, boycotts, blockades, interspersed with a variety of intimidations and threats.

Over in Brooklyn the CORE chapter is threatening a "stall-in" of cars to tie up traffic at the New YorkWorld's Fair on April 22. The plan is to have 2,000 CORE-driven cars run out of gas simultaneously in the main traffic lanes that day, as a protest against racial discrimination. But it may be stopped.

A touch of comedy has entered the picture. Some of the politicians who encouraged the mass demonstrations are now being forced to urge the Negroes to forego this latest threat. Even Bobby Kennedy has quietly suggested that the Negroes slow down.

Here in Washington, which the late President Kennedy said should be the Nation's showcase for integration, the age-old principle of "birds of a feather flock together," has been asserting itself. In 1955 (just after the Supreme Court decision barring segregation in public schools) in the District of Columbia public schools for the first time integrated. In Eastern High School, for example, in 1953, there were 510 white students, and 688 Negroes; eight years later, in 1963, in that same school, there were 5 white and 2,381 Negroes!

At McKinley High School, in the District, in 1955 there were 521 whites and 659 Negroes; eight years later, in 1963, there were 15 whites and 1,774 Negro students!

At Roosevelt High School, also in the District, in 1955 there were 634 whites and 518 Negroes; last year, eight years later, there were 19 whites and 1,319 Negroes!

The same ratio runs through all the District schools. The whites have simply chosen to move into suburban areas or send the kids to private schools. It happened that in the District of Columbia, unlike most places, the people did have those alternatives available.

LIONS CLUB

The Lions Club voted to have J. L. Blaneck do a job of remodeling the community center — when they held the regular meeting Wednesday. Blaneck had submitted the lowest bid of three on the job. The Finnigans will move into the center when the living quarters are repainted.

Karla Jackson will be the club's representative as queen at the district convention May 1 and at Brownwood.

A committee, composed of Seth Bailey, Wayne Lorry and Skip Lively were to raise the necessary money for work on the community center.

The prize went to H. E. Barton.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Wednesday morning of this week included —

- Lee Hunt
- W. H. Spraggins
- Dismissals since Thursday of last week include: Mrs. Winn McClure
- Mrs. Louis Coronado
- Steve Currie

Scattered rains fell over a lot of West Texas this week, but so far none have fallen in Sterling City. Some fell on the divide Wednesday and a little fell south of town.

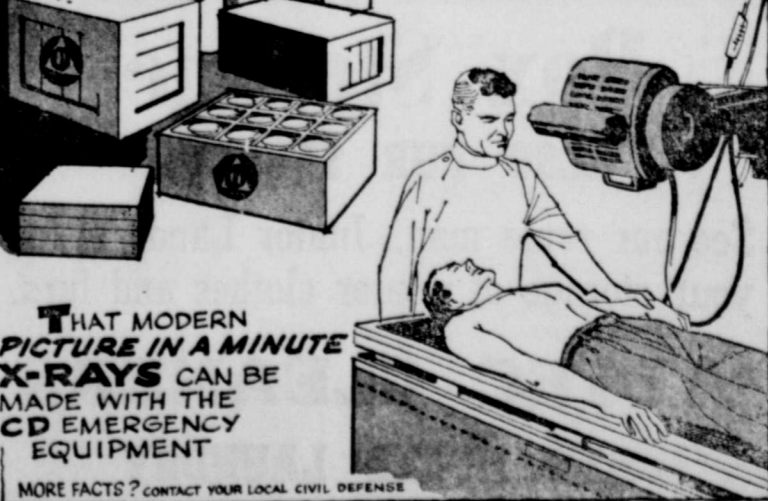

Tests will be announced at 2:00 p. m. in the college auditorium. The winners in the Share-the-Fun acts will be presented for entertainment of the group at 1:30. Winners in the various contests will leave the auditorium in the parade of winners at 3:00 p. m. Anyone who is interested is invited to be present to see the various contests and the announcement of the winners.

Letters have gone out to all Sterling County ranchers in regard to a brush control meeting to be held in the District Courtroom in Sterling City at 2:00 p. m. Tuesday, April 28. Garlyn Hoffman, range specialist for the Extension Service and a former county agent here, will be present. Garlyn is going to cover the outlook for the present year in regard to spraying mesquite, some of the research under way on mesquite, and the new spraying systems being developed as well as some of the new chemicals being tested. Some new methods of controlling pear are being worked on and these will also be discussed.

Garlyn does a real good job on his subject. He is always quick to point out that there is no sure fire method nor is there such a thing as mesquite eradication at this time.

Gun Club Shoot
 The San Angelo Weather Bureau called it "fresh southerly winds gusting up to 23 m.p.h." But to the 14 gunners shooting at 400 ducking and darting clay pigeons in the first "members only" shoot it was trouble. No perfect scores last Sunday either thanks to the wind or some old shells or a bent barrel or the sun was in my eyes or poor shots or

It seems as if one of the younger members and his father have been doing some shooting homework as both Foster Sims Price and young son Frank showed great improvement in the scope department. Several of the "dead eyes" were back again such as Jim Davis and J. D. Helwig. Members out for the first time were Ray Mixon, Johnny Copeland, Riley King, and Skip Lively.

Top shooters were Foster Sims Price and J. D. Helwig with scores of 9 for 10.

The club will hold its first rifle and pistol matches of the year this coming Sunday afternoon. Anything from 22 rimfire to elephant gun size can be fired. There is no limit on scope power. Several different classes will be set up to make the matches as evenly matched as possible from the stand point of bore size and weight of weapon. Several distances and positions will be fired — prizes will be given.
 The cost to the shooter will be a small entry fee to cover the cost of the targets and prizes.

CARD OF THANKS
 I want to thank all my friends for everything nice they did while I was in the hospital — for the flowers, cards, visits, etc. and a special thanks to Dr. Swann and the nurses for their care and consideration.
