## Sterling County Livestock Show Set for Monday

### Judging to Start at 8:00 A. M.

The Sterling County Livestock show will get underway here at the show barn at 8:00 a.m. Monday, January 25. The judging will begin at that time, and judge will be Lovell Kuykendall, county agent at Brady.

All lambs will be weighed in on Sunday afternoon and classification of the lambs is set for 3 p.m. Sunday.

County agent Arthur Barlemann, Jr. and Vocational agricultural teacher Fred Igo have been at work on their club members and exhibitors and the youngsters are all set for a big show Monday.

Each exhibitor will be allowed to sell a lamb that afternoon. Riley King will again act as the auctioneer.

A number of local businessmen and ranchers, as well as out-of-town buyers, will be on hand to bid on the lambs.

Larry Glass is superintendent of the show. Melvin Foster is assistant. Worth Durham and Kenneth White will act as sales clerks.

A number of trophies are on hand to be awarded to various winners. This is to be the largest show ever held in Sterling.

Wayne Smith 2, David Foster 3, Jack Clark 1, Larry Stewart 1, Jimmy Cole 1, Johnny Copeland 2, Bobby Westbrook 1, John Cooney 1, Ronnie Lawson, 1, Harry Blank 1, Mike Payne 1, and Carl Crowder 1.

### To Serve Stock Show Day Dinner

The Women's Society of Christian Service of the First Methodist Church here is to serve dinner on Monday, January 25, at the community center. Such announcement has been made by Mrs. Foster Conger, president.

The society annually serves a dinner on stock show day at the center and the cost per plate is \$1.25.

Everyone is invited to eat at the community center that day. Money raised goes to the society's projects for the year.

### PAY YOUR POLL TAX!

You have the rest of this month (January) in which to pay your poll tax. Without it you can't vote in the school board election, the city election—nor in any special or called election that might be called.

The cost is \$1.75 and you may wish you had one. Many people have overlooked paying for a poll this year, according to a check in the tax collector's office.

### Gets A&M Degree

Don McDonald son of Mr. and Mrs. Chesley McDonald, received his B.S. degree at Texas A&M University last weekend. He has fourteen mouths to go to get his vet medicine degree (DVM). His wife, the former Sandra Cushing, will get her degree at Sam Houston State College in January 1966.

Attending the graduation exercises at College Station last weekend were Mr. and Mrs. Chesley McDonald and their daughter, Jeanie, Mr. and Mrs. W. N. Reed, all of Sterling City and Mr. and Mrs. J. B. Cushing of Loraine.

### Reception for Miss Wool Saturday

Mr. and Mrs. Worth Allen and Mr. and Mrs. E. F. McEntire are honoring Lynda Rhea Allen, Miss Wool of Texas, with an informal reception and a showing of her Miss wardrobe on Saturday, January 23 from 7 to 9 p.m. in the community center.

The wardrobe that will be shown consists of thirty-nine garments. They have been given or awarded to her by firms, organizations, etc. on her being selected as Miss Wool of Texas.

Everybody is cordially invited to be present.

The national Miss Wool contest will be held in San Angelo April 3rd to 9th and as Miss Wool of Texas, Lynda will be the Texas entrant.

She is going to enroll in Texas Tech next semester. She has some appearances to make the next few months, but she plans to go on to college anyway.

Last weekend, Lynda was in Donna, Texas for the Lamb and Wool Show. She presented the trophies to the winners. They also had a Make It with Wool contest there. The week end before that Lynda was in San Marcos for the Make It Yourself with Wool contest.

### IMPORTANT SCHOOL CENSUS REQUEST

If you know a student who will be six years old by September 1, 1965 whose name does not appear below, please call superintendent O.T. Jones at 8-3531 or 8-3611. This is an urgent request.

Victor Probandt, Mary Pauline Radde, Melinda Terry, Patty Bynum, Carolyn Hopper, Ross Hord, Mike Bowen, Kenneth Gaston, Cheryl White and Kay Beth Kilpatrick.

The above are all that have been reported to superintendent Jones at this time.

If you know of another to start to school next year, call Mr. Jones.

### Shallow Wildcat Test Slated

Duncan Drilling Co., Big Spring, will drill a 2,500-foot wildcat in Sterling County, four miles northwest of Sterling City and 3½ miles north of the Elkay (Clearfork and Glorieta) field. It is the No. 1 Reed.

Location is 2,173 feet from the south and 467 feet from the east lines of 15-14-SPRR.

### OIL TEST SET FOR STERLING

W. A. Moncrief and Champ- lin Petroleum Co. of Fort Worth, will drill a 9,000-foot Fusselman wildcat in south Sterling County 15 miles south-southwest of Sterling City and six miles south of the depleted one-well WAM (Wolfcamp) field. It is the No. 1 Fay Hildebrand.

Location is 660 feet from the south and west lines of 45-A-T&P.

### BASKETBALL NOTES

Friday night the Sterling City basketball boys and girls A teams dropped conference games to the Robert Lee Steers there. The B boys team from Sterling won their game 32 to 23.

The A girls lost to the Robert Lee aggregation 33 to 48. Elaine Price was high Eagle scorer with 11.

The boys lost 40 to 47, and the Steers got their last four points in the last two minutes of play. Todd Churchill was high scorer for the locals with 11. Dennis Gartmann of Robert Lee racked up 14 and Terry Thetford got 13 for the Steers.

On Tuesday night of this week the Sterling teams did better by beating both the A boys and girls teams from Water Valley in games here in the local gym.

The Eagles girls won 36 to 34. Rosanne Foster was high for the locals with 26 points; and Connie Legg got 7. For the Water Valley Wildcats, Sally Munn was high with 21 and Jackie Cliff got 7.

In the boys game Sterling won 42 to 39. Crisp Williams racked up 18 and Butch Seago 13. For Water Valley Wayne Fincher accounted for 15 and Jarrell Millican got 13.

The Eagles go to Bronte tonight for conference games in both boys and girls brackets. Game time is 6:30.

### INDEPENDENTS SET UP SCHEDULE

The Sterling Independents Basketballers have set up the season's schedule. There will be two games each night and the first game will be at 7:00 and the second at 8:15, said Jack Asbill.

The first games were here on Thursday night of this week. Forsan played Sterling City in the first game and Water Valley played Garden City in the second.

The dates for the games to follow and in order of playing will be as follows:

Jan. 28, Forsan vs. Water Valley; Garden City vs. Sterling City.

Feb. 4, Forsan vs. Garden City; Sterling City vs. Water Valley.

Feb. 11, Sterling City vs. Forsan; Garden City vs. Water Valley.

Feb. 18, Water Valley vs. Forsan; Sterling City vs. Garden City.

Feb. 25, Garden City vs. Forsan; Water Valley vs. Sterling City.

Admission will be 25c for adults and 15c for students.

### Gift Tea Honors Bride-To-Be

Six were hostesses when a gift tea honored Miss Ollema Davis last Saturday afternoon in the community center. The honoree will be married on January 30 in a ceremony at The First Baptist Church.

Hostesses were Mrs. W. R. Brooks, Mrs. Bill J. Cole, Mrs. Ross Foster, Mrs. H. L. Hildebrand, Mrs. I. W. Terry, and Mrs. F.F. Westbrook.

In the receiving line were Mrs. Nan Davis, Miss Ollema Davis—the honoree, and Mrs. Rose of Rowena. Misses Edna Davis and Linda Rose registered guests.

Mrs. Joe Emery poured at the serving table. An arrangement of white glads and pom poms formed the centerpiece.

Seventy-five guests called during the tea hours and over 200 took part in the shower.

### Murrells Now Have Humble Station Here

The Loyd Murrells bought out Leslie Payne at the Humble Station here and began operating it last Saturday. The Murrells have bought the motel and station property—City and six miles south of from Skip Lively and now also have the station to operate.

The Paynes are looking at business property in Ruidoso, New Mexico with a view of settling there.

This Congress promises to be a busy one and probably a productive one in terms of more Federal money for welfare, education, housing, transportation, hospitals, and other local projects. The Congress is expected to spend about \$6 billion more than is taken in during the next year. This deficit will, of course, be added to the mounting debt which now has a ceiling of \$324 billion.

I have introduced several bills, including one to allow farm and ranch estates to be appraised (for tax purposes) on a basis of productive capacity of the land rather than speculative and unrealistic values as is now the case.

Another bill would place labor unions under anti-trust laws as is now applied to similar organizations in the field of business. The public is entitled to protection against monopolistic abuses by both business and labor.

In addition, I have filed resolutions to amend the Constitution in three respects: One, to allow one branch of state legislatures to be apportioned on factors other than population; two, to put a ceiling of 10% on social security taxes; and, three, to repeal the present outmoded electoral college method of electing Presidents and have electoral votes in each state divided among candidates in proportion to the number of popular votes each candidate receives in each state at general elections.

Seniority in Congress has always been an important factor in legislative processes. All committee chairmen are automatically chosen on the basis of seniority. And many other prerogatives are accorded members who have served longer than others. By and large, the system has worked fairly well, although in recent time it has been under fire from the radical-liberal element, both in and out of Congress. This criticism is due mainly to the fact that southerners build up more seniority than members from other areas, and hence are chairmen of more committees. Many of the chairmen are conservative-minded, and the liberals

don't like that.

Carl Vinson of Georgia retired at the beginning of this year. He had served in Congress for 50 years--a new record. At present Emanuel Celler of New York is the senior member, with 42 years behind him. Of the 435 members of the House at present, only 27 have been here longer than I. Only 4 Texans of the 24 were here when I came. Time takes its toll. There is quite a turnover in this business.

Members of the board and the commissioners court commended the administrator for the way the hospital was run.

John Brock entered the Shannon Hospital this week and was scheduled for surgery Thursday morning.

A son, named Michael Earl, was born to Mr. and Mrs. M. C. Prather in Reno, Nevada January 19. Mrs. Prather is the former Ann Hays.

### Annual Meeting of Hospital Board

The annual organizational meeting of the board of the Sterling County Hospital was held Monday night of this week at the hospital. Robert Foster was named chairman for the current year, H. L. Hildebrand vice-chairman and E. L. Bailey secretary. Foster S. Price is immediate past chairman.

The other members of the board are Dr. Wm. J. Swann and Worth B. Durham. The Sterling County Commissioners Court reappointed Dr. Swann, Robert Foster and Worth Durham last month—and their terms expire in 1967.

A dinner meeting was held with guests being members of the Commissioners Court--E. F. McEntire, C. J. Copeland, Dayton Barrett, Horace Donaldson, W. R. Brooks and W.W. Durham. Also present were hospital administrator Mildred Emery and Jack Douthitt.

The administrator, Mrs. Emery, had a yearly report ready for the board. Average patients per day in 1964 were 3.91, compared to 4.68 in 1963. However, there were 14 more patients in 1964 than 1963—276 compared to 262. There were 20 births in each year of the two past years. There were three deaths in 1964 and four in 1963.

Total income was up in '64—being \$57,849.26, compared to \$54,332.86 in '63. Expenses in '64 amounted to \$56,282.82 compared to \$50,331.12 in '63. Actually collected in 1964 was \$47,381.28.

Members of the board and the commissioners court commended the administrator for the way the hospital was run.

John Brock entered the Shannon Hospital this week and was scheduled for surgery Thursday morning.

A son, named Michael Earl, was born to Mr. and Mrs. M. C. Prather in Reno, Nevada January 19. Mrs. Prather is the former Ann Hays.

### SCIENCE SKETCHES

WHALES, largest animals ever to inhabit the globe, come in many varieties including sperm, killer, humpback, narwhal and bottle-nose. But most curiously named, reports the Chicago Natural History Museum, is the "right whale." It was dubbed "right" by whalers because it contains large amounts of the precious oil they seek, has the longest and best whalebone, is a slow swimmer and conveniently floats when killed.

A POSSIBLY EXTINCT animal is being tracked in the rugged forests of Tasmania, an island Australian state 200 miles south of the mainland. Object of the hunt: the mysterious Tasmanian tiger. Once found in large numbers, the beast was brought to the verge of extinction in the late 19th century when the government put a bounty on its head. The last positive identification was in 1939.

'INSTANT' citrus juice crystals will be processed for the first time in South America at a 500-ton-per-day Argentine processing plant. Votator vacuum dryer equipment produces pure crystals by removing more than 90 per cent of the water from orange, tangerine or grapefruit juices. The crystals are light to ship, require no refrigeration and reconstitute instantly with the addition of cold water.

The Mothers March of the March of Dimes will be held here in Thursday, the 28th of January, it has been announced by Mrs. W. R. Brooks—who is chairman for the drive this year. Members of both the Noratadata and Epsilon Zeta Clubs will help in the March, said Mrs. Brooks.

The drive will begin at 5:30 p.m. and last until the town has been covered by the volunteer workers, it was said.

**NEW EXAMINATIONS**

A new examination for Food and Drug Officer has been announced by the U. S. Civil Service Commission for filling positions paying from \$7,030 to \$15,665 a year in the Food and Drug Administration in Washington, D. C. metropolitan area.

Persons appointed to these positions will perform professional work requiring scientific knowledge in connection with the overall enforcement of food, drug, cosmetic laws, orders, and regulations.

No written test is required. To qualify, applicants must have had appropriate education, or a combination of education and pertinent experience. The experience may have been acquired in food, drug, and related law enforcement work or in a business or industry that is subject to regulation by food, drug, or related laws.

Applications for these positions will be accepted until further notice and must be filed with the Board of U. S. Civil Service Examiners, Food and Drug Administration, Washington, D. C. 20204. Full details are given in Announcement No. 334-B.

By Mary Whitman

A new silver dollar is being minted for the first time in 30 years, but it's not likely to have much extra value as a collector's item.

That's the advice to coin hobbyists from Richard S. Yeoman, one of the nation's top numismatic authorities.

Present plans call for the minting of 45 million new "cartwheels" at the Denver Mint, says Yeoman, who is vice president of the Coin Division at Whitman Publishing Company, Racine, Wisconsin.

The new coin will carry a 1964 date into 1965 in common with all other newly minted American denominations. Distribution will be strictly through commercial banks and the coin is scheduled for release only in the Western states. The U.S. Mint says it will neither sell the dollars to anyone, nor arrange for persons to receive them.

The current Peace design first issued by the Mint in 1921 will be continued on the new dollar, notes Yeoman, whose firm is the country's leading manufacturer of coin collecting supplies and materials.

"While issue of a new silver dollar is an event of historic importance, the coin is not likely to serve any significant role in commerce," he continues, "because much of the supply will probably be taken out of circulation by souvenir hunters and speculators."

"We expect it to assume the immediate status of a souvenir coin, similar to the John F. Kennedy half dollar. And once a coin is in this category, its value as a rarity is usually nullified," he says.

The silver dollar is a traditionally popular coin in numismatic circles. It has always been one of our standard coins, and throughout the world a similar denomination is called a crown.

Our "cartwheels" were authorized by Congress in 1792, and the first issues appeared in 1794. There were several lapses in coinage over the years, the latest being from 1935 to the present.

Silver dollars are strongly identified with the West, where they are a long accepted standard of commerce.

"It would be desirable to own one or two of the new silver dollars, but the coin probably will not have any special value as a rarity or an investment possibility," he concludes.

**Civil Service  
Opportunities**

The U. S. Civil Service  
Commission today announced  
a new examination for filling  
research and non-research po-  
sitions in all branches of en-  
gineering in the Washington,  
D. C. area. In addition, po-  
sitions in certain branches of  
engineering will be filled  
throughout the United States.  
The salaries for these positions  
range from \$5,650 to \$15,665.

This new examination in-  
corporates revised qualifica-  
tions standards and replaces  
previous examinations. Persons  
who have not yet been ap-  
pointed from earlier examina-  
tions must pass this new one  
if they are still interested in  
being considered for these  
positions.

To qualify for non-research  
positions, applicants must  
have an engineering degree or  
an equivalent combination of  
appropriate college work and  
professional experience. For  
positions involving highly  
technical research, develop-  
ment, or similar functions a  
bachelor's degree in engineer-  
ing is a requirement. Addition-  
al professional experience and/  
or education are required for  
the higher grade levels.

Full details concerning the  
requirements to be met as  
well as instructions on how to  
apply are given in Announce-  
ment No. 332-B.

Announcements and appro-  
priate application forms may  
be obtained from many post  
offices throughout the country  
or from the U. S. Civil Service  
Commission, Washington, D.  
C. 20415.

any person (other than law  
enforcement officers) giving  
information causing the ar-  
rest and final conviction of  
any person or persons found  
butchering or stealing any  
sheep or lambs or goats be-  
longing to any Association  
member in good standing.  
When two or more persons  
give information, the above  
sum will be divided at the  
discretion of the Board of  
the Association. When two or  
more defendants are involved  
in a single crime, the total  
reward is limited to \$500.00,  
but the conviction of one de-  
fendant, even though the oth-  
er defendants are acquitted,  
will entitle the claimant or  
claimants to said sum of  
\$500.00. All claims must be  
submitted within ninety (90)  
days following conviction. If,  
upon conviction, a defendant  
confesses other thefts, no ad-  
ditional reward will be paid.  
All devisions concerning the  
payment of such reward and  
the conditions of payment  
will be made by the Board of

**For Social Security**

Floyd B. Ellington, district manager of social security in San Angelo, issued a reminder today to all persons who are receiving social security benefits that they must notify the Social Security Administration whenever something happens that might affect the payment of their benefits. Some of the events which must be reported are:

1. Earnings from all types of work if the beneficiary is under age 72 and expects to earn more than \$1200 during the year.
2. Death of a beneficiary.
3. Change in marital status—unless the beneficiary is receiving payments as a retired worker.
4. Change of custody of a child or other person for whom you are receiving benefits.
5. Change in address.

"Social security beneficiaries received a list of these and other events that must be reported with this check earlier this year," Ellington said. "If they do not have this list, they may pick up another at the social security office. "In fact, anyone who has a question about social security should get in touch with us to get correct information."

Will your social security monthly retirement check be \$100 or \$120? If your wife claims her payments when she's 62, will they increase when she reaches 65? These are some of the question you might like to have answered before you retire. Floyd B. Ellington, District Manager of the office in San Angelo said it's a good idea to visit their office about three months before that date. There is an advantage of your applying well ahead of time. Most ap-

plications go through without any trouble, but every once in a while someone has trouble proving his age or providing some other form of needed evidence. When that happens everything grinds to a stop until a satisfactory age or birth record or other proof is supplied. If you wait until you retire to make your claim, and you don't have the records you need, your first check may be delayed. If you don't need your social security right away, it won't matter, but most folks count on that first check as part of their post-retirement budget.

When you visit the social security office three months before retirement, there are some records you'll need to take. The best way to find out what you should take is to phone ahead. In addition to a record of your age, you may need to taken your last withholding tax statement. If your wife is 62 and wants to apply for benefits also, she'll need a record of her age. If you call the social security office before you pay the pre-retirement visit, they can tell you exactly what you'll need. If there's some record you don't have, they can usually help you get it. Helping people with retirement claims is their business. For example, they know the best, and quickest way to get a record of your age.

Some people delay a trip to the social security office because they think a social security claim will be a lot of trouble. It isn't an automatic thing, but highly trained people will do everything to help you. There are three things to remember. First, plan ahead for your retirement. Second, call the social security office.

**Woolly Gifts from the U.S.**

In a people-to-people airlift nearly halfway around the globe, 400 prize sheep were recently flown in two chartered cargo planes from Texas to India. The flying American sheep will be used to upbreed wool flocks on the Asian subcontinent.

The 300 Rambouillet ewes and 100 rams were part of America's contribution to the Freedom from Hunger Campaign of the United Nations Food and Agriculture Organization (FAO).

The 8000-mile flight represented a cooperative effort sponsored by Heifer Project, Inc., of Upper Darby, Pa., a voluntary agency organized to help underdeveloped countries to upgrade livestock strains.

The sheep were purchased from Texas breeders as a gift from the Councils of Churches of Elkhart and St. Joseph Counties, Ind., to the Indian Freedom from Hunger Campaign committee. India's government paid transport costs. FAO arranged the shipments.

The sheep, airlifted from Houston to Jaipur, were consigned to the Malapura Sheep and Wool Institute. Crossed with local flocks, they are expected to produce three to five times as much wool as Indian breeds yield.

*What in the WORLD!* by TED

**International Tribunal**

In the turreted Peace Palace at The Hague, Netherlands, 15 judges sit hearing periwigged advocates supporting their arguments with citations as new as jet planes or as old as the Norman Conquest.  
This historical spread in testimony dramatizes the range of business of the International Court of Justice (IJC), the juridical arm of the United Nations. The IJC is the tribunal for settling legal disputes between nations. The 15 judges, no two from the same country, are elected for nine-year terms. They serve as individuals, not as representatives of their countries.  
Nations apply to the court to interpret treaties, settle boundary and territorial-waters disputes, seek damages for loss of life or property and a broad range of other subjects. Except for advisory opinions, the court's judgments are binding.  
Of some 35 cases dealt with since 1946, when the IJC was founded, nine have involved aerial incidents—the action of one country against the aircraft and crews of another.  
In an Anglo-French dispute over two English Channel islands, the court heard supporting arguments based on agreements going back to the Norman Conquest of 1066. The IJC awarded the islands to Britain.

**Behind the 8-Ball**

Well, for the first time in history, both the president and the vice president are from west of the Mississippi. Both are from small towns, both were from rather poor families, and both have been teachers.

Both men like politics and like to work at it.

**8-BALL**

The beagle Him, got a good seat to review the Inaugural parade. Who says a dog's life is bad?

**8-BALL**

Texas governor John Connally looks and acts more like a president than either LBJ or HHH. This reminds me of the time in Austin that Governor Price Daniel said his brother, Bill Daniel, looked more like a governor than he (Price) did. Said he was considering letting Bill's pictures be used for all campaign literature, and he would be the governor sorta backstage.

Bill mighta liked that.

**8-BALL**

If this Thursday morning moisture would turn into a good rain, it would help an awful lot around here.

**8-BALL**

Whatever his power of persuasiveness is, LBJ can get Congress and the people surrounding him to do more than any other president in history—with the possible exception of FDR. His "let us reason on this out" approach takes on a teacher-preacher attitude. But it works.

**8-BALL**

As the Texas U. Longhorn band swung into action leading the inaugural parade, the Eyes of Texas number brought applause from the Johnsons. Johnson will probably be the only president to be from the state of Texas. He seems to be determined to make the most of it—for Texas.

**8-BALL**

It looks like the time has come for Winston, the Lion-Hearted (Churchill). It can be said of him in coming years in history books—that he was just what England needed in his time and age.

Our society does not breed enough of his kind of men—any more.

He may be the last of his kind that England will ever produce.

More is the pity.

Eleven 4-H Club members exhibited lambs in the Abilene Stock Show on Monday of this week. Those exhibiting were Bobby Bynum, Tommy Bynum, Charlotte Foster, Rosanne Foster, Skeete Foster, Steven Foster, Janis Igo, Lee Wayne Igo, Mackey McEntire and Randy Mixon.

A crossbred lamb shown by Bobby Bynum placed fifth in the heavy weight crossbred class. Pam McEntire's heavy weight finewool lamb placed twenty-second in its class.

The club members and their parents did an excellent job of getting the lambs ready for the show. Some who are not club members or parents of members also helped those showing in getting the lambs ready on Saturday before the show. Due to a bout with an infection, I was in the hospital and could not help get ready or make the show, either. Fred Igo took charge of the transportation and getting the lambs into the show and back home.

I would like to take this opportunity to express my appreciation to all who helped get ready for the Abilene show. It was a good cooperative effort by all.

The winter months are the time to spray fruit and nut trees for scale, if you have this problem. Scale is an insect which saps the tree of its vitality and usually causes a rundown condition which makes trees more susceptible to diseases and insects. Eventually, it will kill a tree.

The recommended treatment is spraying with an oil emulsion spray during the dormant season of the tree. Recommended rate of spraying is three and a half gallons of 97 per cent oil emulsion in one hundred gallons of water. The entire skeleton or trunk and limbs of the tree should be well covered with the spray. It may be necessary or advisable to spray twice if the trees are severely affected by the scale.

There is no other treatment than the oil emulsion at the present time that is as effective against scale. It must be done during the dormant period of the tree's life since the oil will burn the leaves of the tree.

**Memorial Books Received at School Library**

In memory of Mr. Joe Elliott, Mr. and Mrs. C.J. Copeland have given the high school library "A Fair Wind Home" by Ruth Moore. This pre-Revolutionary narrative is set chiefly in the colonies of Maine and Massachusetts where shipbuilding had already become an important industry.

In memory of Mr. Julius Bade, Mr. and Mrs. Copeland have placed in the library the Revolutionary narrative, "Secret Road" by Bruce Lancaster. This story concerns General Washington's secret service and the perilous travels of those who carried information to him.

The high school library has already received a collection of like-new magazines. We are grateful to Mr. and Mrs. Larry Glass for this gift.

Mr. and Mrs. Robert Kennedy of Winters were guests in the home of Mrs. D.C. Durham last week. Mr. Kennedy is a brother of Mrs. Durham's and he observed his 90th birthday last September. After a long illness he is still active and alert.

**Flameless Electric Water Heaters**

New Ease of Installation...

Economical, Convenient

No need to stand and wait for hot water to travel from a distant water heater. Flameless electric water heaters can be installed conveniently near the point of use. No flue or vent is required for clean, quiet, flameless electricity. And now, with WTU's new low rate, a separate meter is unnecessary.

**SPECIAL 1¢ RATE**

The 1¢ rate in effect for residential customers of West Texas Utilities using an electric water heater adds up like this—the first 300 KWH used are calculated at the regular rate. The next 400 KWH used are calculated at the special 1¢ rate. Ask for details at any WTU office.

\* Plus Fuel Cost Adjustment and Sales Tax.

**FREE WIRING** — to customers served by WTU who purchase an approved Electric Water Heater from a local appliance dealer or local plumbing supplier. Ask about this FREE WIRING at your local WTU office.
