

STERLING CITY NEWS-RECORD

VOL. 72 "Since 1890" PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS MARCH 5, 1965 No. 9

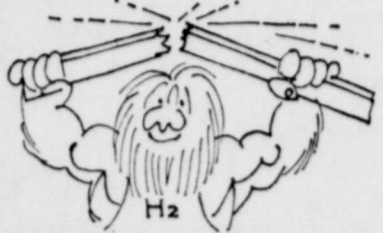

SCIENCE SKETCHES

A HIGH CONCENTRATION of poisonous nitrogen peroxide gas in its atmosphere makes existence of life on the planet Mars highly improbable, says the National Bureau of Standards. The gas was discovered by spectrum analysis of Martian light.

THE NEXT TIME someone calls you hot-headed, don't doubt him. It's a scientific fact. The hottest blood in your body, say University of Wisconsin researchers, is in your liver and brain.

MOLECULES of hydrogen gas can crack hardened steel, reports Alloy Rods Company. The gas, present around a welding arc, diffuses through the pores in the metal and accumulates in pockets. Since the hardened steel cannot stretch, it cracks. Iron powder electrodes which supply an atmosphere low in hydrogen are used to prevent faulty welds.

Salvation Army Drive Begun Here

What does the Salvation Army mean to Sterling City and Sterling County? Through the unselfish work of your local volunteer Salvation Army Service Unit Committee you help provide immediate emergency aid to local people and deserving transients who are less fortunate than you or your children.

The Sterling City committee can and has helped provide the following: Shoes and clothing, food and lodging, medical care, eye glasses, medicines, dental aid, groceries, shelter, disaster service and services to members of the Armed Forces.

Each year you are allotted the right to send 2 underprivileged boys to summer camp at no cost to the local committee; You can have aid in the prison parole work; and if the need should arise, you have the use of two homes and hospitals for unwed mothers.

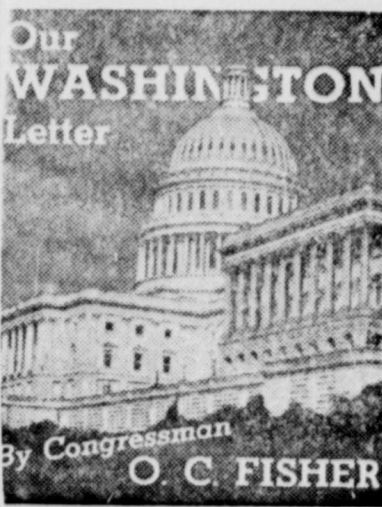

And you can and have aided in a great many other varied welfare services.

Only once a year are you asked to help. Now is the time!

This year the annual Fund Raising drive began Thursday morning with a coffee and donuts gathering at the Zettler Restaurant. D. Kirk Hopkins, chairman of the local committee, is serving as campaign chairman. Other members of the local committee include Rev. Leo Ross, vice-chairman, S. M. Bailey, treasurer, and members are Jim Cantrell, Wayne Loury, William R. Brooks, Jack Douthit and H. M. Knight.

The group conduct the welfare and manage the finances for the local unit. The goal this year is \$600. If you are not contacted by someone for a contribution, and if you do want to contribute, leave or mail a check to S. M. Bailey, treasurer.

One-third of the money is kept in Sterling City; two-thirds of the money stays in Texas.

By Congressman O. C. FISHER

Washington, D. C., America's leading Negro city, may soon have home rule. For 90 years the district government has been under the control of Congress. This has been on the theory that since the Capital City belongs to all the American people, and since a major portion of land (54%) and buildings are federally owned, political control here should be in the hands of the Congress.

But the politicians with an eye on the Negro vote bloc, are pushing hard to turn the city's government over to the local populace. That goes for both Democrats and Republicans. President Johnson has just plugged hard for this.

Population shift in the city has been steady in recent years, with more Negroes moving in and more whites moving out. Twenty-five years ago 23.4% of the people here were colored, 71.6% white. Today 58.2% are Negro. Among youngsters under 20, more than 70% are colored. There are 183,000 fewer whites in the district today than were here 15 years ago.

This upsurge of Negro residents has created many vexing problems. Crime in the district has jumped upward by 83% in the last 7 years, with 87% of all major crimes committed by the colored.

Ten thousand of them are on relief. Of the 4,529 illegitimate babies born in the district in 1963, 4,145 were Negro — one-fourth of all births in the district.

And the Nation's Capitol city has the highest venereal disease rate in the country.

Except for the vote angle, there would seem to be little reason to turn the city over to the local residents to operate. They already have the right to vote in Presidential elections. But the liberals, ADA, and many politicians seem determined. The big push for home rule is now in full swing.

Among recent visitors to our office have been Rev. A. W. Holck of Winters; A. C. Garvin, of Howard Payne faculty, of Brownwood; J. R. Petty of San Angelo; Mayor Melvin Rowland and Manza Hale, of Uvalde; G. W. Athmey, of San Angelo; Rev. B. O. Wood, and Wm. D. Gooch, of San Angelo; Wayne E. Ulrich, also of San Angelo; and Arthur Stehling of Fredericksburg.

NOTICE—Effective March 10 I will be in Sterling City on Wednesdays instead of Mondays as in the past. I can be contacted at my office in the Reed Warehouse. G. C. Murrell, State Farm Insurance Agent.

SNOW HERE TUESDAY
A light snow fell here Tuesday morning for awhile, and toward the middle of the afternoon, it really started in earnest. At first the snow was very dry and powdery. As the fall continued, it got wetter.

In case of fire dial 8-4771.

people of Sterling who might want to sit together—to buy. Since Lynda Rhea Allen of Sterling is one of the contenders, many people from here will want to sit together and pull for Lynda to get the national Miss Wool title. And she very well could be named Miss Wool—in fact—most people here feel that she will be.

Angelo Lions Bring Program Here

The Downtown Lions Club of San Angelo brought the program to the local Lions Club Wednesday noon. Nine members of the Angelo club came up for the luncheon. A program was put on by Bill Crews, minister of the First Christian Church of Angelo.

He gave readings of "Casey the Bat" and "The Shooting of Dangerous Dan McGrew." He wound up on a serious note on "How to Treat Your Minister." Marvin Allen, past president of the visiting club, acted as master of ceremonies for the visitors. Others present from Angelo were Bill Snyder, George Bailey, L. H. Stephens, C. F. Williams, Bill Jones, Porter Bryan, and Roy Shahan.

Local visitors were a new member—Jack Whitley and Joe Moore.

Game Night Announced
It was announced that the pie supper and bingo night was to be Friday night (tonight) from 7:30 to 10:30. Admission will be 50c and 25c. Pie and coffee will be served. Bingo will be played for prizes donated by local merchants and club members. Everybody in town is cordially invited.

Each member of the club is asked to bring two pies or a cake.

Boy Scouts to Meet on Thursdays

Jack Asbill, Boy Scoutmaster, said this week that the Boy Scouts would meet each Thursday night at the Scout Cabin instead of Monday evenings in the past.

R. E. Rutledge, barber at the City Barber Shop, is sick in San Antonio, and it has been reported that he has a case of pneumonia, and will not be back for some time. In fact, it is not known for sure that he will be back.

D. D. Garrett has opened up his barber shop and said he would keep it open if the trade justified it.

Attending State Basketball Tournament in Austin

Attending the state basketball tournament in Austin this weekend from here are Coach Fred McDonald, Mike Foster, Bill Foster, Collin Douthit, Barry Todd Churchill, Speedy Sparks and Crisp Williams.

The group is staying at the Longhorn Motel on the old Waco highway.

LIONS GAME NIGHT TONIGHT AT 7:30

The Lions Club is holding a game night in the community center tonight at 7:30. Pie and coffee will be served to members of the Angelo club everyone at no charge, but admission prices are 50c for adults and 25c for those 12 or under.

A number of small prizes have been donated by members and merchants and they will be used in bingo games. Money raised will go to projects of the club. Everybody is cordially invited to attend, said Lion Club president Wayne Loury.

Basketball Game Snowed Out

The game to decide the championship of the independent basketball league was snowed out here Tuesday evening and will be played next Tuesday night. Jack Asbill, manager of the league, said if it didn't snow then the game would be played—between the Sterling City Independents and the Water Valley group. Admission is 25c and 15c. Everybody is welcome to attend.

School Board Election April 3

Two members of the local school board have terms that are expiring this year. They are Reynolds W. Foster and John Copeland, Jr. A trustee election will be held here on Saturday, April 3. Filings for the two places must be with the county judge.

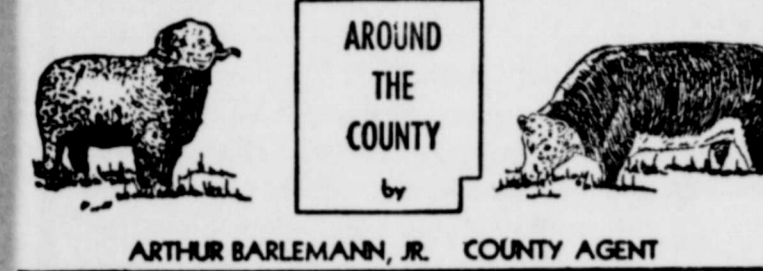

Other members of the local board are Chesley McDonald, Finis Westbrook, Roy Morgan, Stan Horwood and Billy Cain Humble.

At Vocational Guidance Meet

James Ross and Drew Durham are attending the Vocational Guidance Conference at the Mt. Wesley Methodist camp near Kerrville this week end. Mrs. Leo Ross accompanied the two boys.

Mr. and Mrs. Clarence Mogford of Kerrville are here visiting Mrs. Will Atkinson and other friends.

Mrs. Lee Augustine and Mrs. Clell Ainsworth attended the funeral services for a cousin, Mrs. Leo Nall in Big Spring the first part of this week.

AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Sterling County 4-H Club members will be well represented at the thirty-second San Angelo Stock Show next week. A total of twenty-one club members will have thirty-nine lambs, four groups of range ewe lambs, nine Rambouillets, and one horse at the show.

Club members exhibiting in the show and their entries are as follows: Betty Jo Barrett, three Rambouillet rams and three ewes, and one colt in the junior quarterhorse show; Billy Blank, one finewool lamb and two crossbred lambs; Kenny Blank, one finewool and one crossbred; Bobby Bynum, one finewool; Tommy Bynum, one finewool and one crossbred; Jay Clark, two finewool lambs; Charlotte Foster, one finewool; Pat Foster, one finewool and one crossbred; Rosanne Foster, one crossbred lamb; Skeete Foster, one finewool and one crossbred; Steven Foster, two finewool and two crossbred lambs; Janis Igo, 2 finewool lambs, one group of range ewe lambs, and three Rambouillets in partnership with brother Lee Wayne; Lee Wayne Igo, two finewool lambs, one crossbred lamb, one group of range ewe lambs and the partnership Rambouillets; Curtis McClure, one finewool and one crossbred; Jeanie McDonald, two finewool and two crossbred lambs; Mackey McEntire, two finewool lambs; Pam McEntire, two finewool lambs; Allen Price, one group of range ewe lambs; Frank Price, one group of range ewe lambs; David Turner, one finewool lamb and one crossbred lamb; Linda Turner, 2 crossbred lambs.

The livestock will be moved to San Angelo Tuesday afternoon. Wednesday will be devoted to sifting, weighing and classifying the lambs. Scheduled to start at 8:00 a.m., it will take most of the day. Sifted livestock will be sold at 4:00 p.m. The Junior Quarterhorse show judging will take place at 10:30 that morning in the coliseum. Other activities for the day include the judging in the adult Delaine, Rambouillet, and Suffolk shows.

Judging of the fat lambs will start at 8:30 Thursday morning with the finewool lambs followed by the crossbred classes. The Junior Rambouillet and Junior Suffolk shows will be judged beginning at 1:00 Thursday afternoon. The range ewe lambs will be judged beginning at 8:30 Friday morning. Judging in the Junior Rambouillet show will be resumed at 1:00 Friday afternoon. Junior Suffolks, Dorsets, Delaines, Angora goats, Herefords, and Angus will also be judged Friday afternoon.

Sixty prize winning fat lambs will be sold Saturday morning at 10:00 a.m. The grass identification contest will start at 8:00 a.m. as will the livestock judging contest.

All livestock will be released at 3:00 p.m. Sunday afternoon. This will bring down the curtain on the show season for the Sterling County 4-H Club members.

Four club members will attend the District 7 4-H Council meeting this Saturday in San Angelo. Site of the meeting is the Student Center at San Angelo College. Those attending the meeting are the four officers of the Sterling County 4-H Club. They are Tommy Foster, president; David Foster, vice-president; Jeanie McDonald, secretary-treasurer; and Rosanne Foster, reporter.

Function of the District 4-H Council is to plan and coordinate the district 4-H Club activities. They plan the presentation program for district elimination contests to be held May 1 at San Angelo College, district camp activities set for May 26-27-28 at Lake Brownwood this year, and the Gold Star Awards luncheon in December.

Local Teachers Get Math Certificates

Elementary teachers who finished the Modern Mathematics Course taught in Odessa were Mrs. Dayton Barrett, Mrs. Ray Lane, Mrs. Betty Jones, Mrs. Thomas Asbill, Mrs. Arthur Barlemann, Mrs. C. L. King and Mrs. Jack Douthit and were awarded certificates.

New mathematics texts are being adopted throughout Texas for grades 1-6 to be in use in the fall of 1965.

The Texas Education Agency sponsored these math institutes over Texas so teachers in the elementary grades would be better prepared to teach the "Modern Math." The course lasted for 8 three-hour sessions and was taught by Miss Jones of Permian High School.

Behind the 8-Ball

Sgt. Ron Edwards Flying Policeman

Sgt. Ron Edwards of the El Paso police force, is a son of the Ed Edwards' of Sterling City.

Frequently on duty on his police work, Sgt. Edwards will take off in his plane and do ground-to-air searching in the rugged hills and mountains around El Paso.

Not long ago Sgt. Edwards flew here from El Paso to visit with the Edwardses in Sterling City.

He is in the radio patrol division of the force. He owns his own plane, is a Cessna 172.

8-BALL
A state fire insurance commission man was in town last week making notes on the various buildings, etc. He said that due to the nice volunteer fire department here, and the water system, that the key rate was to be cut here from 93 cents to 58 cents—or something close to those figures. Any way you take it, it is a reduction and the volunteer fire department should be proud and glad to finally get a little recognition from the state—in the way of a reduction.

Any reduction is welcome—and it helps.

8-BALL

You Can Get Your Seats for MISS WOOL SHOW at Bank
D. Kirk Hopkins said that there would be some tickets on sale at the bank soon for the Miss Wool show. The association will send a bunch or block of good seats for the

Food Facts And Fancies

FAD DIETS

So-called short cuts to weight control have long been one of America's most popular delusions. Consider, for instance, the "Hay Diet" of the 1930's. Because of its name, many a dieter was convinced that a regular diet of hay was the key to slim, svelte figures.

Not too long ago, cider vinegar, taken in water at every meal, was believed to shed pounds magically. Vinegar was guzzled by the gallon—but overeaters remained just as plump as before.

A current fad is artificial sweeteners and low-calorie foods. According to nutritional experts, they have little or no influence on body weight, and they deprive the body of sugar, an indispensable part of the normal diet. Want to lose weight? Eat sensibly. Eat less. Exercise more. It's the most dependable formula yet.

Legal Notice
NOTICE

This is to give notice of the intention to introduce a bill during the Regular Session of the 59th Legislature of the State of Texas to create a conservation and reclamation district known as "Upper Colorado River Authority," composed of Tom Green, Coke, Runnels, Sterling, Coleman, Concho, Schleicher, McCulloch, Menard, and Irion Counties of the State of Texas, all of the lands contained in said counties being in the watershed of the Colorado River and its tributaries.

The proposed district would be an enlargement of the presently existing Upper Colorado River Authority and would be controlled by a Board of Directors with at least one director from each of said counties and not more than two of said directors from any one of said counties being appointed to said Board by the Governor and confirmed by the Senate. Said proposed district would have the power to control, store and preserve, within or across, but contiguous to, the boundaries of the district, the waters of the Colorado River and its tributaries for domestic, municipal, industrial, mining, irrigation, and other useful purposes, and to use, distribute and sell water without or within the boundaries of the district for any such lawful purpose, to prevent flood damage, to construct pipelines and other water facilities, to acquire land and easements, and to issue revenue and/or tax supported bonds.

No tax supported bond can be issued without a special election approving such issuance by a majority of the property holders in each county of said district, or by a majority of the property holders of each county and/or city within the district for which a special project is undertaken, it being the intention that no tax can be levied by said district without the approval of a majority of the property holders to be effected by any such project requiring the levy of taxes. Where more than one county and/or city are included for a special project within the district, the special election for the issuance of tax supported bonds will fail for such special project unless a majority of the property holders of each county and/or city approve such issue.

A special election will be held in each of the ten counties named above to determine if said counties wish to confirm the establishment of this district by a majority vote of the property holders of said counties. Only those counties which by a majority of such voters, approve the establishment of this district shall be included within the proposed district, and those counties, which, by a majority of the property holders, elect not to establish the district shall not be included within such proposed district. If either Tom Green County of Coke County, by such special election, vote against the establishment of the enlarged district, the bill creating such enlarged district shall become null and void this requirement being imposed for the reason that the original Upper Colorado River Authority is composed of both Tom Green County and Coke County. Other counties and/or cities not named above may petition for admission to the enlarged district.

The Menard County Water Control and Improvement District No. 1, consisting of Menard County, the Runnels County Water Authority, consisting of Runnels County, the Central Colorado River Authority, consisting of Coleman County, and the Lower Concho River Water and Soil Conservation Authority, consisting of Concho County, shall not be affected by the enlargement of the Upper Colorado River Authority except, and only to the extent of, that no future project may be undertaken by said authorities, or such authorities the counties of which have elected to establish the enlarged district, involving an appropriation of water permit by the Texas Water Commission of the State of Texas or any succeeding agency thereof.

This notice is given pursuant to notice requirement of Section 59, Article 1 of the Constitution of the State of Texas,

and inquiry as to further detail of the proposed bill may be directed to any of the directors of the water boards and authorities named above.

MEN WANTED to meet the growing need for CLAIM ADJUSTORS. Earn \$450 to \$1,000 a month.

We train you at home in your spare time for a job that can pay you a big income, provide your car, pay your expenses and give you lifetime security. For Social Security

Floyd B. Ellington, district manager of social security in San Angelo, issued a reminder today to all persons who are receiving social security benefits that they must notify the Social Security Administration whenever something happens that might affect the payment of their benefits. Some of the events which must be reported are:

1. Earnings from all types of work if the beneficiary is under age 72 and expects to earn more than \$1200 during the year.
2. Death of a beneficiary.
3. Change in marital status—unless the beneficiary is receiving payments as a retired worker.
4. Change of custody of a child or other person for whom you are receiving benefits.
5. Change in address.

"Social security beneficiaries received a list of these and other events that must be reported with this check earlier this year," Ellington said. "If they do not have this list, they may pick up another at the social security office.

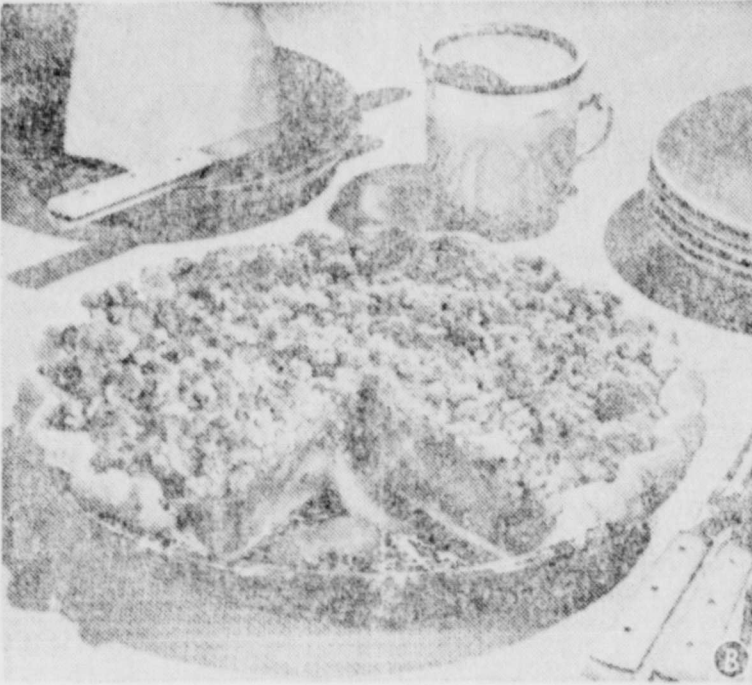

"In fact, anyone who has a question about social security should get in touch with us to get correct information."

Will your social security monthly retirement check be \$100 or \$120? If your wife claims her payments when she's 62, will they increase when she reaches 65? These are some of the questions you might like to have answered before you retire. Floyd B. Ellington, District Manager of the office in San Angelo said it's a good idea to visit their office about three months before that date. There is an advantage of your applying well ahead of time. Most applications go through without any trouble, but every once in a while someone has trouble proving his age or providing some other form of needed evidence. When that happens everything grinds to a stop until a satisfactory age or birth record or other proof is supplied. If you wait until you retire to make your claim, and you don't have the records you need, your first check may be delayed. If you don't need your social security right away, it won't matter, but most folks count on that first check as part of their post-retirement budget.

When you visit the social security office three months before retirement, there are some records you'll need to take. The best way to find out what you should take is to phone ahead. In addition to a record of your age, you may need to taken your last withholding tax statement. If your wife is 62 and wants to apply for benefits also, she'll need a record of her age. If you call the social security office before you pay the pre-retirement visit, they can tell you exactly what you'll need. If there's some record you don't have, they can usually help you get it. Helping people with retirement claims is their business. For example, they know the best, and quickest way to get a record of your age.

Some people delay a trip to the social security office because they think a social security claim will be a lot of trouble. It isn't an automatic thing, but highly trained people will do everything to help you. There are three things to remember. First, plan ahead for your retirement. Second, call the social security office,

APPLE CRUNCH PIE
With Rich Nut Crumble Top

Apple Crunch Pie is solid with plump, juicy canned apple slices, with the extra syrup from the can right along with the slices in the pie. There's brown sugar and lemon juice, cinnamon and nutmeg. And the whole affair rests under a deep, buttery, nut-crunchy crumble top!

This is a pie in which each wedge stands up firm, the juice clinging to the apple slices.

Men, especially, will dote on Apple Crunch Pie because it has solid left, is not oversweet, and is positively bursting with apple flavor and spicy tang . . . to say nothing of the rich nut crumble that tops it all off.

- | | |
|--------------------------|---|
| The Pie | The Crumble Top |
| 1 unbaked 9" pie shell | 1/4 teaspoon salt |
| 2 tablespoons cornstarch | 1 tablespoon lemon juice |
| 1/2 cup brown sugar | 1/2 cup water |
| 1 teaspoon cinnamon | 5 cups canned apple slices (do not drain) |
| 1/2 teaspoon nutmeg | |
| | 1/4 teaspoon nutmeg |
| | 1/8 teaspoon ground cloves |
| | Pinch salt |
| | 5 tablespoons butter or margarine |

Chill pie shell while preparing filling. In a saucepan, mix cornstarch, brown sugar, spices, salt, lemon juice and water. Stir over moderate heat until smooth and slightly thickened. Add apple slices and continue to cook and stir for 10 minutes. Cool apple filling mixture to room temperature. Turn into chilled crust. Mix topping ingredients and work with fingers until mixture is crumbly and butter thoroughly distributed. Sprinkle topping over pie filling to make an even layer. Bake in a hot oven, 400 degrees, 15 minutes; reduce heat to 350 degrees and bake an additional 30 minutes, or until apples are very tender and topping well browned. If desired, top with scoop of vanilla ice cream or pour cream on the warm pie, or a generous chunk of sharp cheese to the cold pie. Makes 6-8 servings.

ASBILL TEXACO SERVICE

12 EQUAL PAYMENTS

NEW FROM WTU

*** EQUAL PAYMENT PLAN**
For WTU residential customers

... is the new approach to a time-tried method of bill paying. Each month you pay one-twelfth of your annual electric service charge. West Texas Utilities Co. makes an estimate of your total electric use for one year, based on your past record, or, with new accounts, records of similar requirements. They divide the total into 12 equal, even-dollar payments. Monthly and yearly review of your account keeps the estimate as close to the actual metered usage as possible. If this review shows a material change in your use of electric service... up or down, due to unusual weather or the addition of some major appliance... you will be notified that a change of estimate is in order. Your 12th payment will be adjusted to balance your account for the Equal Payment Plan Year.

Equalize your monthly payments for electric service now. Visit your WTU office for the complete details.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

Feeding Rid-Ezy stops horn flies so beef cattle can gain more on grass

Cattle treat themselves for horn flies, grubs
Safe to feed free-choice through pasture season
Controls gain-robbing cattle grubs, too

Free-choice feeding of Moor-Man's Medicated Rid-Ezy is easy. And cattle stop fighting horn flies, are quieter, spend more time grazing. Cows produce more milk for their calves.

Grazing cattle gain faster, too—In Moor-Man Research Farm tests, as much as 1/4 to 3/4 lb. more per head daily over cattle fed a salt block.

Rid-Ezy is a complete mineral combination plus rannel, a systemic insecticide that breaks the life cycle of horn flies. And when your grazing cattle eat Rid-Ezy in recommended amounts for 75 days or longer, it prevents cattle grub damage, too.

I'll show you comments of many satisfied Rid-Ezy users.

HUMOR SECRETS

By STEVE ALLEN
Host of "I've Got a Secret"
Monday nights, CBS-TV

"What is the younger generation coming to?" That's a frequently-asked question. I like the answer which goes: "It's turning into the older generation that shortly will ask, 'What is the younger generation coming to?'"

An example of the speed with which youthful thinking and language change can be found in "Bop Fables," a booklet I wrote in 1955 to amuse my sons Stevie, Brian, and David. Still being sold at bookstores, it contains children's classics retold in the musician's lingo of what was then called "bop."

Space science terminology, being a new language, finds its way into this latter-day lingo to such an extent that a West Coast avant garde spot calls itself "The Orbit," and at least one stripper bills herself as the "Anatomic Blonde."

A note of encouragement can be seen in the metamorphosis of "jive" talk. For a while, "Swing" and "bop" were overworked words before they were followed by "cool" and "crazy." And now there's a trend toward "soul." When it's "in," it has "soul." The word probably is related to the attempt to get back to the racial roots found in folk tunes and gospel music.

If ever there is a successful dictionary of these juvenile idioms, it will have to be loose-leaf to be usable. Such is the wildfire spread of teen-age slang expressions that change weekly. The very essence of being "in" makes it essential that, once these new slang words get into general circulation, they aren't "hip" any longer, and neither is the word "hip."

It was only about 20 years ago that one could be a real swing fan, an "alligator," and be cooking on the "front burner" by referring to a "jitterbug" as "cutting a rug" and being "hep to the jive." The way the kids feel about those decadent dillies is about as we reacted to "twenty-three skidoo."

Civil Service Opportunities

The U. S. Civil Service Commission today announced a new examination for filling research and non-research positions in all branches of engineering in the Washington, D. C. area. In addition, positions in certain branches of engineering will be filled throughout the United States. The salaries for these positions range from \$5,650 to \$15,665.

This new examination incorporates revised qualifications standards and replaces previous examinations. Persons who have not yet been appointed from earlier examinations must pass this new one if they are still interested in being considered for these positions.

To qualify for non-research positions, applicants must have an engineering degree or an equivalent combination of appropriate college work and professional experience. For positions involving highly technical research, development, or similar functions a bachelor's degree in engineering is a requirement. Additional professional experience and/or education are required for the higher grade levels.

Full details concerning the requirements to be met as well as instructions on how to apply are given in Announcement No. 332-B.

Announcements and appropriate application forms may be obtained from many post offices throughout the country or from the U. S. Civil Service Commission, Washington, D. C. 20415.

City Election Set for April 6

An election for three city councilmen will be held here on Tuesday, April 6, said Mrs. Horace Donalson, city secretary, this week.

Councilmen whose terms are expiring are Hugh Harzke, Fred Hodges and Harvey D. Glass, said the city secretary.

Other members of the city council are Mayor Lee Reed, Roland Lowe and Foster Sims Price.

The election will be held in the city hall on that date.

Mission of Ysleta by E. M. Schiwetz

THE MISSION OF YSLETA
The Church that changed sides!

When the Indians revolted against Spanish rule in 1681-2 in the upper Rio Grande Valley in New Mexico, refugees sought safety at the mission at El Paso del Norte (now Juarez). One group settled on the Mexican river bank and named its community Ysleta del Sur (South). This settlement was established in 1681 and a mission was completed the following year on a small island in the Rio Grande.

The Rio Grande changed its course and the site is now in Texas. Ysleta and its mission are generally given the distinction of being the oldest permanent settlement in Texas . . . truly a church that changed sides!

CHOOSE THE SIDE OF FREEDOM...with U. S. Savings Bonds!

Thus, Ysleta del Sur, the refuge of the oppressed, became the earliest of settlements to identify itself with a brave, new land of freedom.

Today, millions of Americans choose the side of freedom and they do something about it — by purchasing U.S. Savings Bonds.

Every dollar you invest in Savings Bonds gives Uncle Sam exactly that much help in the vital task of safeguarding liberty for yourself and your family. Buy Savings Bonds at your bank or on the payroll savings plan where you work.

Keep Freedom in Your Future with U. S. SAVINGS BONDS

A Newspaper Depends on Advertising
A Town Depends on Trade . . .

A newspaper can no more survive by simply selling papers than a restaurant can make money by serving only free ice water.

It is through advertising that a newspaper is able to make its way.

Many Sterling City firms advertise regularly in The Sterling City News-Record. Study their advertisements each week . . . you can trade at home and save at home.

Our merchants who advertise are serving a two-fold purpose. They are helping to support the community's newspaper, which the community needs, and serving the public by listing their goods and services at competitive prices.

We cannot survive without our advertisers. They cannot survive without you.

Read your hometown newspaper and support the hometown merchants who use its advertising columns.

SERVE A BUFFET SUPPER . . . IN THE KITCHEN

Many of the best parties end in the kitchen. So why not a buffet supper that starts there? It's fun and an informal way to entertain.

Choose a menu that answers all needs . . . one that has a hearty main dish and that can be served, if you like, right in the same container in which it's cooked.

Veal Marengo is ideal. Tender veal cubes, browned with garlic and seasonings, are cooked in flavorful canned condensed tomato soup with frozen peas, small white onions, and sliced mushrooms. All are simmered together for a lusciously good and colorful mixture to be served over fine egg noodles.

Especially appealing to go along with this savory entree is a big bowl of tossed crisp greens dressed with oil and vinegar. Assorted cheeses and seasonal fresh fruit along with hot coffee round out the menu. This is for 12, and will go to a holiday table, too.

Veal Marengo

- | | |
|------------------------------------|---|
| 3 pounds veal cubes (about 1-inch) | 2 cans (10 3/4 ounces each) condensed tomato soup |
| 1/2 teaspoon salt | 24 small white onions (about 1 1/2 pounds) |
| 1 generous dash pepper | 2 packages (10 ounces each) frozen peas |
| 1 tablespoon lemon juice | 1/2 pound sliced mushrooms |
| 1/4 cup olive oil | 6 cups cooked fine egg noodles |
| 2 medium cloves garlic, minced | |
| 1/4 teaspoon Italian seasoning | |

Season veal with salt and pepper and sprinkle with lemon juice. In large skillet, brown veal in oil with garlic and Italian seasoning. Stir in soups. Cover; cook over low heat 30 minutes, stirring now and then. Add onions; cook 40 minutes longer or until veal and onions are tender. Add peas and mushrooms. Simmer 10 minutes or until done, stirring now and then. Serve over noodles. Makes 12 servings.
