AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

The other day a lady jokingly asked how she could tell which flies to swat. She said she didn't want to kill any of the sterile flies air-dropped into the area to bring the screw worms under control. But she certainly didn't want her house full of flies. I don't know of anyone that can tell the difference in the flies if they need swatting, swat them and hope they were the common housefly and not one of the sterile flies.

It seems that the screw worm situation is responding to the treatment. There have been no confirmed cases of screw worms in the county since June 25. The last samples sent in have all been identified as non-screw worms. Two samples sent in this past weekend by Clinton Hodges and Bill Cole were identified as non-screw worms.

Sterile flies are still being air-dropped here. Clinton Hodges reported seeing the plane this last Saturday. One of the boxes fell in his yard and another in the pens around the barn. Continue to send in all samples for identification and keep a watch on your stock. This will be the best method for the eradication officials to determine if they are getting the situation under control.

The hot dry weather of the past few weeks and the heavy crop of vegetation on the ranges here makes range fires a distinct threat. Lots of the vegetation on the ground is weeds such as annual broomweeds. Everyone knows how the broomweeds burn when they are dry. If we don't get rain pretty quick, they are going to be in fine shape for burning; they are already drying fast.

Livestock sprayers are excellent for firefighting if they are kept loaded with water. A sprayer full of water ready for use could mean a lot. Many small fires could be controlled before the equipment from town could get there. The tank trucks are being kept loaded by the volunteer fire department for instant use. In addition, some improvements have been made on the trucks for range fire-fighting. Remember the number to call is 8-4771, the sheriff's office.

The volunteer fire department is also trying to secure some fireproof brooms that are available for range fires. They are said to be much easier to use than the old wet sacks used to follow behind the trucks. The brooms can be used to sweep out the small fires behind the truck. They would also be handy on the ranch for pick-ups. According to Ross Foster, who is looking into the broom prices, several ranchers have already expressed an interest in having one or two brooms on their pick-ups. If you are interested contact Ross.

There have been several cases of sleeping sickness in horses in Reagan County. If you have not already inoculated your horses, you might want to consider this and do it pretty quick. They inoculations are not expensive. They do furnish protection and might save a valuable horse.

Entry blanks have been received for the 9th Annual Reagan County Junior Rodeo. The rodeo is sponsored by the Reagan County 4-H Club and sheriffs posse. Dates for the rodeo are July 30 and 31 with entries closing at 6:00 p.m. on July 30.

There are three age divisions twelve and under; thirteen through fifteen; and sixteen, through eighteen years of age. Events include calf roping, ribbon roping, breakaway roping, har pulling barrel races,

Our WASHINGTON Letter

By Congressman O. C. FISHER

Amid high jubilation, liberals last week steamrolled an anti-Southern Voter Registration measure through the House.

Nine Texans were recorded for the Voter bill, while 11 of us dissented.

This bill was, by and large, an exercise in demagoguery. Only last year the Congress enacted the most far-reaching Voter bill in history. It gave the Federal courts full authority to prevent discrimination on account of race in the exercise of the voting privilege.

But Civil Rights advocates feel they must have an issue each year. In the old days, when I first came to Congress it was anti-lynching legislation—even though lynching had virtually become a thing of the past. Then the anti-poll tax brigade screamed holy horror, and they kept that old issue alive for years. Then came FEPC, and last year they passed a bill that had everything—including the kitchen sink—in it.

It took the ingenuity of Martin L. King to come up with a new one this year. Invading Selma, Alabama—where Negroes were then being registered at the rate of at least 100 per day, under Federal Court order—the King put on his infamous blood-splattered demonstrations. This blood and thunder paid off handsomely. The King's treasure was enriched by a million dollars, and it triggered the hysteria which pushed the Reconstruction Voter measure through Congress.

Martin Luther promised the people of Selma that Federal registrars would be sent down there to take over the elections. And sure enough the Congress supinely responded to his demand by approving the new bill which allows Federal registrars, at the behest of the Attorney General, to move in, push election officials aside, ignore state laws and virtually dictate who can vote.

A significant side-light during debate on the Voter bill was an amendment which makes it against the law to register falsely or vote illegally, or to encourage others to do so. This "clean elections" amendment was bitterly contested by 165 diehard liberals who could not care less about "clean elections."

While perhaps the Nation can live with this act of major concentration of more power and control in Washington, at the expense of the states, it is quite conceivable that at some future time the wrong people, with evil purposes, can virtually take over and control the outcome of local elections. Therein lies the real danger.

Three Pickups Are Damaged in Crash

Three pickups were banged up in a three-way smash here at 9 p.m. Tuesday. Ed Bynum was pulling out of the Texaco Station and as he got into the right driving lane, his pickup and one driven by Leroy Butler collided or side-swiped.

Not much damage was done to the Bynum pickup, but the Butler vehicle skidded on into (head-on) a parked pickup owned by Raul Rodriguez. It was parked in front of the Sterling Feed & Supply. The parked pickup was damaged along with more damage to Butler's pickup, said Charles Williamson, highway patrolman.

DO YOU WANT BROOMS FOR GRASS FIRE FIGHTS

Fire Chief Ross Foster said this week that the department is buying some brooms made to fight grass fires with and would have some to sell to ranchers or anyone who wants them at cost. He said three of the brooms would be put on each fire truck and the others would be sold to interested persons.

MACHINING RUBBER is easy when it's frozen solid. Flashings left on rubber parts taken from the mold are removed, reports Cardox, Chicago, by quick-freezing them with liquid carbon dioxide (-100 degrees F.) and then breaking them off by tumbling or exposure to high velocity steel shot.

Sonora Diamond Jubilee

Residents of Sonora and Sutton County will turn the calendar back 75 years August 15-21 when they observe the Diamond Anniversary of this West Texas community whose history of outlawry is as colorful as any in the west.

Old-fashioned fun and general hullabaloo will be the theme of the six-day celebration which will feature town-wide decoration, costume and beard contests, shoot-outs and other activities during the week.

The Diamond Jubilee celebration will begin Sunday afternoon, August 15, with an old-time basket dinner, preaching and hymn-singing on the lawn of the Sutton County courthouse. Dr. Andrew Edington, president of Schreiner Institute, Kerrville will preach the sermon.

An open house and reception is scheduled for Friday, August 20, with former residents, members of pioneer families, and out of town guests as honorees.

The Jubilee Parade, with bands, wagons, antique cars and other entries, will be held on Saturday morning and is to be followed by a barbecue. A pageant depicting the history of the town and county will be presented Friday and Saturday nights at the Sonora Park and Horse Show grounds. Street dancing is scheduled for Saturday night with floor shows at intermissions.

Sonora, once the hang-out of such Western badmen as Will Carver, Black Jack Ketchum, Sam Ketchum, Kid Curry, King Fister and John Wesley Hardin, was founded in 1890 by the late Charles F. Adams shortly after the creation of Sutton County from a portion of Crockett County. The area was settled by sheepmen and is now one of the largest wool and mohair producing counties in Texas.

Sonora is the burial place of Will Carver, member of the notorious Hoke-in-the-Wall Gang known also as the Wild Bunch from Robbers' Roost. Carver was killed in downtown Sonora, April 2, 1901 in a gun battle with then Sutton County Sheriff E. S. (Lije) Briant, one of West Texas' most famed law enforcement officials. The stone on Carver's grave in Sonora Cemetery bears only the date of his death.

Among celebrities receiving special invitations to be present during the Jubilee are President Lyndon B. Johnson, Governor John Connally, Congressman O. C. Fisher, State Senator Dorsey B. Hardeman and former resident Dan Blocker.

Occasionally a child has to stay in the hospital. There are many ways to bring him cheer.

Today many hospitals recognize that a child adjusts more easily to hospital routine if a parent can spend some time with him and engage him in familiar activities.

The right pastime can reassure and refresh a child. A youngster, like an adult, often prefers a simple diversion to small talk. Of course, a doctor's word is law so that play won't be tiring.

Children's card games such as Authors can be pleasant, quiet pursuits for a visiting hour. Tick-tack-toe can be played on magic slates. Cutting out paper animals and standing them up is restful.

Punch-out and sticker-fun books please most children. It's a good idea to bring along a brown paper bag and a safety pin. The bag, pinned to the mattress, is a handy wastebasket for scraps of paper.

"A diary is often welcomed by a child in the hospital even if he never kept one before," points out John Rocknowski of Whitman Publishing Company of Racine, Wisconsin. "He can keep notes on meals, visitors, names of doctors and nurses, and feel more an active part of his surroundings. His family can add notes about home activities."

Some children who have to put in time in sick-bay enjoy books. There are biographies of great physicians written for youngsters and stories about nurses and how they train and work.

A surprise a day helps the hours fly. A batch of small materials can be wrapped and dated, so that he opens one each morning. The present may be a card signed by his class, an I.O.U. for a trip to the ball game, a box of crayons and some sketch paper, a story book.

Small entertainments, scaled to his needs, can do much to smooth his day, strengthen his confidence, and make him feel fully at ease in new surroundings.

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Cooler are:

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

A calendar quarter is a 3-month period beginning with January, April, July or October. Room and board are not counted, but carfare is, if paid in cash.

If you have a domestic emment, you are required to report these wages to the Internal Revenue Service and pay the social security taxes. A report for the quarter just past is due not later than April 30. Failure to file timely tax returns may result in additional penalty and interest charges.

If you earn over \$1200 in a year, you may be considered partly retired and entitled to part of your social security benefits. For example, a worker would have only one dollar in benefits withheld for every two dollars earned between \$1200 and \$1700. COMMUNICATIONS — Your Tool for Progress

In case of fire, this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

Shower Honors Mrs. Mrs. Charles Evans

On Monday afternoon Mrs. Charles Evans, formerly Miss Connie Legg was honored with a bridal shower in the community center. Hostesses were Miss Diana Cole and Miss Beverly Brooks.

Serving was Miss Debbie Reed, and registering guests was Miss Lynn Alexander.

In the receiving line were Miss Cole, Mrs. Evans and Mrs. Finis Legg, mother of the honoree.

Forty-five persons took part in the gift shower.

Terry Seago, daughter of Mr. and Mrs. Earl Seago, is spending a month in Baytown visiting her uncle and aunt, city attorney and Mrs. George Chandler and their children, Vivian Jean, Cathy, Steven, Georgann, and Anita.

Terry is getting in a lot of water skiing and surfing. Mr. and Mrs. Seago have gone to Cleburne this weekend to visit his parents, Mr. and Mrs. N. E. Seago.

Mr. and Mrs. Tommy Merrell and family of Davenport, Iowa, have been visiting his mother, Mrs. A. L. Merrell and the Claude Ditmores in Water Valley.

THANK YOU!

My family and I are extremely grateful for the kindness and generosity extended to us for the past four years, and we would like to take this seemingly impersonal method to thank you for your last kindness and gifts. I hope to be able to personally say thank you to each of you at some future time.

F. W. McDONALD
