HOSTING HINTS

By AUSTIN NICHOLS

When inviting guests let them when inviting guests let them know what time to come and what to expect. "Drop over on Sunday" could mean either for cocktails, dinner, or possibly for after-dinner cards and conversation. Avoid this confusion by making your invitation specific. making your invitation specific. Have a special

place near the door ready in advance for hats and coats. This may avoid crushed clothing (and feelings) and prevent wet garments from being carried over your best rugs.

When serving refreshments observe this rule: keep them ample, easy to prepare, and high in quality. Whether your guests are bourbon connoisseurs or just enjoy a drink of good whiskey, it may add to your pleasure and theirs to have a quality brand such as Wild Turkey.

If conversation lags, try the Big Question technique: ask a question of one person, a question on which many guests are likely to have an opinion. Sample: "Does a woman's intelli-gence really show on her face?" two of water in the refrigerator. To get extra ice cubes in a hurry, just fill the empty tray with the extra-cold water. Don't keep ice

cubes too long as they can absorb food odors.

Social Security

"A termendous boost for many youngsters" is the way Floyd B. Ellington, District Manager of the San Angelo Social Security District Office, described one of the changes which was made in the Social Final hint: keep a bottle or Security Law last month. He explained that children between the ages of 18 and 22 can continue to receive their monthly social security checks if they attend a public or accredited school as full-time students. Children of deceased, retired, and disabled workers are included.

Under the old law, checks for children stopped at age 18 references, \$600 to \$1900 cash. even if they continued to go to school Mr. Ellington stated that, "If there are any of these come. More full time. For per- young people under age 22 who sonal interview write P. O. are going to school now or in BOX 10573, DALLAS, TEXAS September, they or their par-75207. Include phone number, ents should get in touch with their social security office right MAN OR WOMAN to serve away; and since this provision

TX I 1220 11, Memphis, Tenn. age 22 earlier this year."

"These younsters are eligible for these payments and we are anxious to get their checks to them as quickly as possible." Mr. Ellington stated. He added that anyone with any question about this change should get in touch with their San Angelo Social Security Office immediately. The office is located at 3000 W. Harris and the phone number is 949-4608, or see your representative when he is in your community.

NEW EXAMINATION ANNOUNCED BY THE CIVIL SERVICE COMMISSION

A new examination for Communications Specialist has just been announced by the Civil Service Commission. These jobs, located in the Department of Defense and other Federal agencies in the Washington area, require experience in one or more fields of communications, such as telephone, teletypewriter, data transmission or other media of communications. Salaries range from \$7-220 to \$10,250 a year. Other specific details are in Announcement No. 3d2-B. File applications with the Board of U. S. Civil Service Examiners, Department of the Army, The Pentagon, Washington, D. C. 20310.

Also announced today was a new examination for work in Washington as a Photographer in such branches as aerial, laboratory, medical, motion picture, scientific, still, television, and underwater. The jobs pay from \$4,480 to \$7,220 a year and require appropriate experience. The requirements are in Announcement No. 363-B. File applications with the Board of U. S. Civil Service Examiners, Washington Navy Yard, Washing-on, D. C. 20390

These two new examinations require no written test and applications for them will be accepted until further notice.

SCIENCE SKETCHES

A MINIATURE RIVER built by the University of Michigan may prove the undoing of a vexing bacteria, "Sphaerotilus Natans," which create slime that rots fishing nets, reduces the fish population and destroys the recreational value of streams and rivers. By creating bacteria growth conditions in the 15-foot waterway, researchers hope to discover how the bacteria function and grow, and then develop a method of destruction.

SOCIAL SECURITY

"You don't have to retire completely to get social security benefits," Floyd B. Ellington, social security district manager in San Angelo said

"If you earn \$1200 or less in a year, you are considered to be completely retired and would be entitled to all your benefits," he added.

If you earn over \$1200 in a year, you may be considered partly retired and entitled to benefits. For example, a worker would have only one dollar in benefits withheld for every two dollars earned between \$1200 and \$1700. For earnings over \$1700 annually, one dollar in benefits is withheld for each dollar of earnings.

Ellington emphasized the fact that, no matter how much you earn in a year, you can be paid your social security benefits for any month in which you neither earn over \$100 as an employee, nor render substantial services as

a self-employed person. Avoid any misunderstanding you may have about the social security retirement test, especially if you are over 65 earning anywhere between \$1201 and \$3600. Get all the facts from your social security office at 3000 West Harris, San Angelo, Texas.
