AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Last week's San Angelo Stock Show ended the show circuit for the year. Twenty-two Sterling County 4-H club members had livestock entered in the various departments of the show.

In the judging in the Youth Division of the Quarter Horse show Wednesday morning, Diana Cole placed first in two classes. Diana's entry in the 1965 filly class won the blue ribbon and trophy. In the aged gelding class, her entry also won the blue ribbon and trophy.

In the judging of the fat lamb show on Thursday morning, Tommy Bynum placed seventeenth in the lightweight finewool class. This was not good enough or the sale Saturday morning. Sixty lambs were sold in the sale; as it turned out, fifteen lambs from each of the finewool and cross-bred classes were sold. Quite a number of the local exhibitors' lambs were pulled out by the judge but in the final placings were not used.

A total of thirty-two lambs were entered by the club members. Club members and the number entered are as follows: Bobby Bynum, 3; Tommy Bynum, 3; Jay Clark, 2; Billy Blaneck, 2; Kenny Blaneck, 2; Susan Mixon, 1; Sally Mixon, 1; Rosanne Foster, 1; Charlotte Foster, 1; Skeete Foster, 1; Terry Seago, 2; Curtis McClure, 2; Pam McEntire, 2; Mackey McEntire, 2; Steven Foster, 3; Pat Foster, 1; Lee Wayne Igo, 1; Janis Igo, 2.

In the range ewe lamb show, Lee Wayne Igo placed first. Lee Wayne's ewes sheared 46 3/4 pounds of wool. He scored 95 points on conformation in the wool, 94 points on conformation out of the wool, and 96 points on the fleeces. The total was 285 points.

Janis Igo placed second in the range ewe class with a total of 275 points. Her ewes sheared 42 3/4 pounds and rated 94 points in the wool, 93 points out of the wool, and 88 points on the fleeces. Both groups of the Igo ewes were bred by Clinton and L. F. Hodges; the fourth place group of ewes was also bred by the Hodges.

Frank and Allen Price also had a group of ewes entered, but on Tuesday morning, one of their group lost her lamb's teeth and they were ineligible to show for this reason.

In the Junior Rambouillet show, Lee Wayne showed the 3rd place ram lamb, the 8th place ewe lamb, the 5th and 16th place yearling ewes, and the 7th place group of three. Janis showed the 5th and 9th place ewe lambs, 4th place yearling lamb, the 15th place yearling ram, and the 10th place group of three. Their Rambouillets were bred by Betty Jo Barrett and Clinton Hodges.

Lee Wayne won a total of \$165 in prize money in the range ewe show and the Junior Rambouillet show. Janis' winnings in the two divisions totalled \$142.50.

In the open and Junior Suffolk shows, the Foster Four of which Pat Foster is a member, won all the first and second place ribbons and had all the champions.

There is still time left to spray your pecan trees for scale. Scale is a tiny parasitic insect which attaches itself to the framework, or limbs and trunks of pecans as well as fruit trees. The most effective treatment is a dormant oil spray. The trees have not put out buds or leaves that would be damaged by the oil, hence it is still possible to use the oil spray. A few more warm, summery days like Tuesday and many of the trees will be putting out buds. Then, there is a danger of the oil burning

These buds can cause injury. Recommendations call for the use of three and a half gallons of oil emulsion in one entire framework of the tree and the entire framework of the tree should be covered in spraying.

Young America on the Go-Go

by Patti Poulsen

Flash: The biggest news ever to hit teen travel is the new half-price plane fares! Anyone between the ages of 12 and 22 can now travel for 50% less than the regular price of jet coach ticket—and to just about any place that's anything in the U.S.!

More young people will be taking to the skies than ever before. Know what that means? The scene will be swinging even before the destination is reached!

Some tips for making that next trip the best ever: First, don't wait until the night before to start making plans. Half fare travel is on a standby basis so get your tickets beforehand.

Know someone where you're heading? Then drop him (or her) a card before to set things up. Don't wait 'til you arrive to call; your friend may already have plans and nothing beats the inside know-how of a native for getting you the right spots.

Don't take everything with you that isn't nailed down. Porters are always around except when you need them. Just in case you should be one of "the chosen ones" however, be sure to have some quarters in an accessible pocket.

Now, to get down to important business—where the kids are. The IN spots are: More than ever before *New York* is where the action is. Twenty years ago young people made pilgrimages to Paris; today they come to NYC—the young people's town... *Provincetown*, America's Bohemia on the Waterfront and one of the liveliest, swiftest stretches of sand on the American Mainland... *Washington*—for a cultural-political survey course the fun way!... *Los Angeles* where the liveliest season is the summertime when the Hollywood Bowl, Greek Theater, Disneyland and the indomitable beach parties get into full swing.

Quickies: Don't miss—New York's Washington Square in Greenwich Village, scene of a gigantic art show in the spring and fall and folk singing every Sunday afternoon... the Tombs in D.C.—a noisy cellar where beer starts at 35¢ and you can chew on a Polish sausage for all of 17¢... "Pop" folk music at The Troubadour in L.A. where if you can prove you're 16 you get a 50% discount at the door... San Francisco's Windsor Hotel, the perfect pad for the student shoestring—plushy for the price... "Camp" is IN and so is camping in the Grand Canyon area... One of the farthest out discotheques is Boston's Bibliotheque which *does* look like a library!

For more of where the action is—send for a free 64-page booklet "Go-Go American." It contains detailed information on student priced accommodations, restaurants, and 200 IN discount coupons for top spots all over the country! Just drop a card to Dept. ML, Youth Plan Headquarters, 633 Third Ave., New York, N. Y. 10017.

DISABLED MAY BENEFIT FROM SOCIAL SECURITY

Some 3000 Texans who may be eligible for disability benefits under the new Social Security provisions, have not yet applied for them according to Floyd B. Ellington, district manager of the San Angelo Social Security office.

Under recent liberalizations of the law, persons with nonpermanent disability may now qualify for benefits. Ellington said that under the previous law a person was eligible only if he had a severe disability that was expected to last a long and indefinite time. Now benefits can be paid if the severe disability has lasted or is expected to last as long as 12 months by his doctors. There are also more liberal requirements for certain persons who are blind.

These liberalizations make necessary a revised State-Federal agreement under which the Texas Education Agency will continue to make disability determinations for all Texas residents who apply for benefits under the Social Security Disability Program. Signing ceremonies recently took place in the office of J. W. Edgar, State Commissioner of Education.

An Entertaining Couple

By Betty Barclay
 NOTHING says welcome more clearly than a cup of good coffee—especially if it's served with a slice of home-baked cake. A phone call is all it takes to gather friends and neighbors around—a day or two ahead or even an hour before the first one arrives is plenty of time. Regardless of the time of day, the thoughtful hostess serves decaffeinated coffee.

Serving can be as informal as the invitation. Arrange cups (or mugs) and silver on the dining table along with plenty of napkins—use the gay and festive paper variety.

If the dessert is fairly plain, make the coffee more festive by serving something like Brazilian Coffee:

Brazilian Coffee
 Blend together 2 cups freshly brewed Sanka Coffee, ½ cup chocolate syrup, and ½ cup milk. Heat to boiling point. Serve in cups or mugs topped with a dollop of prepared whipped topping or whipped cream. Makes 4 servings.

Many more ideas and tips on serving coffee, along with recipes for quick and easy cakes and cookies, can be found in a new booklet called "Come for Coffee and Cake." Get your free copy by sending your name, address, and ZIP code to: "Come for Coffee and Cake," Box 1037, Kankakee, Illinois 60901.

GOING FOR MEDICARE

Thousands of people who previously said they did not want the medical benefits under social security, or were undecided, are now electing the coverage that will help pay the doctor bills, according to Floyd B. Ellington, social security district manager at San Angelo.

One reason for the change, Ellington stated, is a recent announcement by a number of insurance companies. They have urged all their policy holders over 65 to enroll for Medicare. They have also announced that they will provide a new policy for those over 65, at reduced rates, replacing those now in effect. The new policies will supplement the coverage provided by Medicare.

"Anyone over 65 who has previously said he did not want or was undecided about this coverage has until March 31 to enroll," Ellington has announced. A simple card form for enrollment is available at the social security office, said Ellington.

Man Dies in 3-Car Crash Here Saturday

A Littlefield man was killed and four persons injured about 8 p.m. Saturday in a three-car pileup, a half mile south of Sterling City on U. S. 87.

Dead was W.C. Davis, 70, of Littlefield. The injured were Jerry J. Stevenson, 32, of Big Spring, and Selmer Tidwell Seljos, 68, and Clara Seljos, 58, both of Clifton.

A Texas highway patrolman said Davis was killed when his car was in a head-on collision which knocked the car driven by Stevenson crossways in the road. The third car, driven by Seljos, then collided with the Stevenson vehicle.

Stevenson suffered possibly broken pelvis and shock and was in fair condition at the local hospital. Also in the hospital were Seljos with cuts and bruises and Mrs. Seljos with chest injuries.

Davis' body was taken to the Nalley-Pickle Funeral Home in Big Spring.

MEDICARE APPLICATION BLANKS AT POST OFFICE

Postmaster Virgie Garrett of Sterling City announced today that application blanks for supplemental Medicare benefits are available at the post office window here.

The application blanks are being made available as the Social Security Administration seeks to contact 3.1 million senior citizens before a March 31 deadline imposed by the Medicare law.

President Johnson has proclaimed March as "National Medicare Enrolment Month." He urged all federal agencies and all citizens to cooperate in enrolling senior citizens in the program.

Initially, some two and one half million application blanks were distributed to nearly 34,000 main post offices throughout the 50 states. Additional forms are available as needed.

Through direct mailings and other means, the Social Security Administration has had contact with 16 of the 19.1 million citizens who will be 65 or over on July 1. Of the 16 million who replied, less than one million aid they did not want to sign up for the supplemental program.

The supplemental program costs \$3 a month and provides doctor bills and other benefits. Everyone 65 and over is eligible for the basic hospital benefits under Medicare.

A copy of the application blank is displayed on the lobby bulletin board of the local post office.

Senior citizens who reached 65 before 1966 face a two year delay if they do not sign up by March 31. The application forms are preaddressed to the Social Security Administration in Baltimore, Maryland.

AS IT LOOKS FROM HERE

By Omar Burleson, Member of Congress, 17th District
Washington, D. C. — References are often made to the depression days when apples were a nickel apiece. It made little difference whether they were or not of you didn't have the nickel.

If our affluent society is to remain affluent, it is time to give more thought to what our dollar will purchase than how to get more dollars into circulation. In other words, inflation is our most serious domestic problem.

Given the habits of our government, even high taxes fail to spare us inflation. There is too much idea in Government that tax increases, bringing more money into the Federal coffers, is license or bigger spending. The productive person gets to spend less, the Government more, and that which the individual has to spend buys less.

As a result of all of this it is obvious that the value of a whole flock of welfare programs, along with the essential necessities of living, is lowered. Thus, those whose plight is supposed to be relieved by Government help are also victims.

It also means that those on fixed incomes, savings accounts, pensions of all sorts and kinds, have these lowered in value. Social Security payments buy less as prices creep up, and if the cost of living continues to rise it will be the same with Medicare and all the rest.

A less obvious danger is a loss of the sense of proportion in dealing with welfare problems. They will benefit no one if they bring on a political and social unraveling by productive people being pressed too far and the Federal Government grows too powerful in the process. There is already evidence that producers may lose hope and incentive, leaving the responsibility to the Government.

It may be well argued that more time is needed to straighten out some of the glaring failures of many programs passed in 1965. A year and a half of experience with Anti-Poverty warring has produced more confusion, politicking and loose accounting than it has any substantial benefits. Some of them may go the way of the Urban Renewal bulldozer, which had to take on a new name and be greatly expanded to survive.

These good things must be paid for at some time or other and their cost will spiral in the years ahead. The reasonable upshot is stiffer taxes.

Two recent official reports point up what appears to be a significant inconsistency in our economic life. The rate of employment is higher than it has been in twelve years, and shortages of labor are appearing in many areas of the Country. The Cost of Living Index is at an all-time high and the upturn has been pronounced in the last year and a half. The Viet Nam war has not been the principal factor in these increases. The effect of a war-producing effort has not yet caught up to be included in these calculations. When it does, there is good probability that both these factors will increase and, in fact, as it affects the work force, it could have no other result.

At the same time there continue proposals to create work and plans for spending more tax money in programs not connected with the defense

At U.T. Orientation

Last Friday four Sterling students were in Austin on the campus of the University of Texas for orientation. They were shown over the campus and through the buildings and told of some of the requirements about entering the University. Going were Frank Balaban, James Morgan, Drew Durham and Collin Douthit.

They were accompanied by high school principal Earl B. Seago. While there he visited the Texas School for the Deaf—a place where he was athletic director and coach 1949—1952.

NEW GI BILL FOR VETERANS

Approximately 6000 veterans in Texas' 17th Congressional District are potentially eligible for benefits and services under the new GI Bill just signed by President Johnson, Congressman Omar Burleson said today.

The New GI Bill provides education and training programs generally patterned after the highly successful GI Bills of World War II and the Korean Conflict. Rep. Burleson was a strong supporter of the bill.

The Congressman pointed out that in the first year alone over 700 veterans are expected to take advantage of the educational benefits, according to statistics from the Veterans Administration. This educational provision is expected to provide the veterans in the district almost \$491,000 in direct benefits in that first year according to Congressman Burleson.

He said the educational provisions of the new bill go into effect June 1, 1966, giving the veteran ample time to plan his schooling program.

The veterans covered under this bill are also eligible for hospital benefits and 1000 patient days at a cost of \$26,000 are expected to be made available to applying veterans in the first year.

All veterans are eligible for educational and guaranteed home loan benefits who were on active duty more than 180 days after January 31, 1955, and honorably discharged, or who were discharged with less than 180 days service because of a service-incurred disability.

Under the education and training sections, monthly payments for full time training are:

\$100 for veterans without dependents.
\$125 for veterans with one dependent.
\$150 for veterans with more than one dependent.

Veterans eligible can receive up to 36 months of schooling or training on the basis of one month or each month spent in uniform.

The veteran must complete his program of education within eight years after discharge.

The Congressman hailed the President's action and praised the meritorious way Congress acted in this urgent matter.

He noted the GI home loan provisions of the bill would increase real estate activity throughout the country.

The formula for eligibility of the veteran to participate in the GI home loan program is the same as that already in existence; that is, 10 years from the date of discharge, plus one year for each three months served. Entitlement shall not continue beyond 20 years, nor shall it expire before 10 years.

Guaranteed or insured loan ceilings remain at \$7,500 while the top for direct loans, made where no private financing is readily available, has been increased from \$15,000 to \$17,500.

Medical and hospital care is available on the same basis as for wartime veterans. Other benefits include burial benefits, employment assistance, and veterans' preference in Federal employment.
