Behind the 8-Ball

The park committee is putting in new concrete tables and benches in the park. The old, old ones are to be removed. They are shot.

The park looks better all the time. The park committee is composed of Hal Knight, Seth Bailey and Jim Butler.

8-BALL

FOUND—one parasol, left in the Douthit car since Baytown trip to State Junior Classical League. Owner may identify and claim any old time.

Demurrage is not much.

8-BALL

We haven't seen any flying saucers recently, but if it doesn't rain (and good) soon, we are going to see a lot of flying dirt and sand, etc.

And maybe a few of last year's tumbleweeds.

8-BALL

Don't laugh, friends. Some day those flying saucers are going to be explained; and it may surprise all of us.

But not really me.

8-BALL

Many of the college students were home for Easter—and they brightened up the town for a few days. Texas Tech practically gives their students a real vacation.

Heck, they could have gone to Fort Lauderdale, Florida—for the "Rites of Spring" rites—and still had time left to visit the family and friends.

8-BALL

If you have any real old pictures of Sterling, like the first courthouse, etc., or old settlers, I'd like to look at 'em for possible use in a 75th Jubilee Edition of the paper. Must have 'em soon.

Surely Sterling could have an old settlers reunion and a sort of homecoming here in June. It possibly could be held in connection with the Sterling Alumni meeting.

There'll never be another Diamond Jubilee Year roll by.

A homecoming for old settlers, a barbecue supper and a dance, at least.

Lots of people would come—we bet.

8-BALL

The "Prophets" will play for a dance here at the community center Friday, tonight. These combos are made up of school bids that play for the dances. They play mostly the fast, frug, watusi etc. type of music. But that seems to be what the young folks like.

They dance about two to ten feet away from each other, making it quite a game.

8-BALL

The John Copeland Jrs. are building a new house in the east part of town, just in front of the Forrests.

Sterling is getting to be a city of pretty homes.

8-BALL

Don't forget that the primary elections are less than a month away. The primary is to be held on Saturday, May 7.

The Democrats will hold theirs in the courthouse and at the four other voting boxes over the county and the Republicans plan to hold theirs in the Legion Hut. Larry Glass, Republican chairman, told of plans for holding the Republican primary this week.

Jack Douthit is the Democratic County chairman.

There are no contested races on the precinct, county or district races—except that of Congressional Representative between Omar Burleson of Abilene and Eldon Mahon of Abilene.

Not enough votes in Sterling County to worry a candidate about. But, as a rule, they want all they can get.

We won't get to vote on any of our old standbys. O.C. Fisher, Congressman, Dorsey Hardeman, State Senator, and Rager Brown, State Representative, all got restricted out of our district—or was that in reverse? Anyway, we are not

in their districts any more. Oh well, a hundred years from now, no one will know the difference.

8-BALL

Anyone wanting to make application for community center hostess, should apply to the Sterling City Lions Club soon. The Finnegans are moving to O'Donnell soon.

8-BALL

The Flavy Davises of Houston, with a bunch of company, were here for the Easter holidays.

8-BALL

The West Texas Utilities Co. here held open house on Tuesday, serving coffee, cold drinks, sandwiches and cookies to over 200 visitors.

The new manager here, Albert McGinnis, formerly of Eldorado, held sway, assisted by some of the bigger shots from San Angelo.

A drawing was held at the close of the open house and a coffee percolator went to Mrs. Spencer Jackson and a portable mixer to Olivia Rodriguez.

New manager McGinnis, expressed his pleasure at so many turning out for the affair. A good time was had by all.

8-BALL

Sterling County will be 75 years old this June. Gosh, a Diamond Jubilee Year!

Shades of the James brothers and other old timers in these parts, who would have thought it?

In some places they grow beards for this sort of thing. That is, if they are old enough.

8-BALL

"Tempus is fugiting" as Orrie Deal used to say, when the children of children you used to know are getting married.

Time marches on, and on! The prophet said that it is impossible for one generation to enter into the next generation. They can teach, guide—and hope, but they cannot enter into the new generation.

Or vice versa!

I'll bet the new generation is always glad, too.

Each generation manages to go forward, in spite of the fears and forebodings of the older generation, and seem to come out all right.

Gosh, they'd almost have to. Wouldn't they?

8-BALL

Human nature is the same as always. One generation should not expect too big a change, if any, along that line—in human behavior.

The caveman's basic human nature was the same as ours is now. The sail on, sail on—feat of the future may come in the galaxy of space rather than on the ocean, but it will come. There's quite a field for the daring-do men of the future ahead.

8-BALL

I can remember when the height of human pleasure was to go downtown on Saturday nights and park one's car in a good place. (The best of all was in front of Woolworth's or McClellans. There one was able to visit with friends, to buy ten cent hamburgers or nickel ice cream cones, etc. or the younger ones could go to the Crystal, the Ritz or the Palace shows for prices of 15c to 25c, depending.

And, law, you really didn't have to spend anything. You just had to go to town though.

Every body did!

You couldn't be left out!

No-sir.

And the favorite programs on radio were the Sinclair Minstrels, the Maxwell House Showboat, Amos and Andy, old Ben Bernie (the old maestro (the mosta of the besta), and perhaps for a real relig-

The Miracle Worker April 19 at 7:30

The play that won Sterling City first place in district competition in interscholastic league competition will be presented here at 7:30 Tuesday, April 19 in the school auditorium. This is the last performance of the play before regional contests at Big Spring on April 21.

The play "The Miracle Worker" is directed by Mrs. Lynn Glass. Excerpts of the play about Helen Keller, the blind and deaf girl, the cast did a creditable job in district competition and Jeanie McDonald won the best actress award, James Morgan won the best actor award and Elaine Price got the best supporting actress award.

A large crowd is hoped for and the play should be seen by all Sterling residents.

Other members of the cast include David Foster, Rosanne Foster, Ann Lawson, Lynn Alexander, Dusty Dillard, Jaynell Cope and Drew Durham. Stage hands are Debbie Reed, Cris Frizzell and Bill Allen.

Hawaiian Dinner To Aid Cancer Crusade

A Hawaiian dinner will be held in the community center Monday evening, April 18 as an event helping raise money for the Cancer Crusade.

Cost of tickets for the dinner will be \$1 for adults and 75c for children, said Crusade Chairman Mrs. Stan Horwood.

The center will be decorated in the Hawaiian motif and the dinner will be suggestive of Hawaii. Everyone is cordially invited to attend. Tickets are already being sold by volunteer workers.

PTA Monday Afternoon

The regular meeting of the Sterling City P.T.A. will be held at the school auditorium Monday afternoon at 3:15, it was announced this week.

The devotional is to be by Chesley McDonald and music will be furnished by Lynn Alexander.

The first and second Latin-American students will put on the special feature program.

A panel of the four ministers is scheduled to discuss "What Is Our Town and the Churches Doing to Develop Healthy, Happy, Responsible Youth."

Election of officers will be taken care of at the business meeting.

School Certified by Southern Association of Colleges and Schools

The Southern Association of Colleges and Schools has certified that the Sterling City Elementary School has submitted a plan for continuing school improvement for the scholastic year 1965-66 and is a member of The Cooperative Program in Elementary Education of the association, and is entitled to all the services, privileges and professional recognition resulting therefrom.

Such certificate was received here by superintendent O.T. Jones recently.

Luke Hallmark, who had an operation recently in the hospital in San Angelo returned home last Saturday and is doing fine.

ious feeling on Sunday night—Seth Parker—just came on when you got home from the church service. (The pastor always turned out so he could get home to hear Seth.)

Life was relatively somewhat simpler then. The cars were model Ts and As and the town was full of lots of others that aren't heard of any more; Pierce-Arrow, Over-

Students to Robert Lee for Contests

On Thursday of this week the high school speaking events are being held in Robert Lee for Interscholastic League district contest. Then today—Friday, the remainder of the high school literary events will be held there.

Speakers in the speaking events Thursday included Jeanie McDonald and Frank Balaban in persuasive speaking, Debbie Reed and Jack Clark in extemporaneous speaking, Rosanne Foster and David Foster in prose reading, Elaine Price and James Morgan in poetry reading, and Jeanie McDonald and James Morgan in ready writing.

Friday's events and participants are—Jeanie McDonald and Collin Douthit in spelling and plain writing, Jaynell Cope and Pat Dearen in typing, Debbie Reed and Collin Douthit in number sense, David Foster and Frank Balaban in science, and Collin Douthit and Jerry Currington in slide rule.

Dance Friday Night Combo from San Angelo to Play

There will be a dance in the community center here Friday night with a combo from San Angelo playing. The combo bunch call themselves "The Prophets".

Admission to the dance will be \$1 per person, either dancers or watchers, it was said; and everybody is invited.

The dance will begin at 7:30 p.m., said a spokesman.

Barbecue Supper at School Tonight

The sophomore class of the Sterling City school is serving a barbecue supper tonight at the school cafeteria as a class project. Cost of the supper is 1.25 for adults and 75c for children.

Serving will start at 6:00 p.m. and go through 8:00.

Everybody is cordially invited to be at the supper, said Kathy Gaston, for the class.

Walker-Drennan Wedding Saturday

The marriage of Miss Mary Beth Walker of Robert Lee to Wayland Joe Drennan of Sterling City took place Saturday in the First Methodist Church of Robert Lee. The Rev. Bill McKinley, pastor, officiated.

Mrs. Drennan is the daughter of Mr. and Mrs. Roy Walker of Robert Lee. Her husband is the son of Mr. and Mrs. Charlie Drennan of Sterling City.

The bride wore a dress made by her mother of Alencon lace over peau de soie styled with softly pleated skirt which extended into a chapel train. Seed pearls trimmed the scalloped neckline, the long sleeves and the waistline.

Mrs. Wilson Bryan, soloist, and Miss Della Katherine Dean, organist, furnished music.

Miss Mary Wotjek attended the bride as maid of honor. Cheryl Drennan of Forsan, niece of the bridegroom, was flower girl.

Danny Robertson served the bridegroom as best man. Ronnie Walker, cousin of the bride, and Jerry Blair, ushered. Dwayne Davis and Russell Davis, both of Silver and nephews of the bridegroom, were candlelighters. Scott Davis of Silver was ringbearer.

Assisting at the reception in the county recreation hall were Mrs. Charlie Davis and Mrs. Wayne Drennan, both of Silver; Mrs. David Drennan of Forsan; Mrs. Mickey Brown of Winters and Mrs. John Jacobs.

The bride, a 1964 graduate of Robert Lee High School, attended Angelo State College.

The bridegroom, a 1960 graduate of Sterling City High School, attended San Angelo College and Texas Technological College in Lubbock. He is a rancher near Sterling City where the couple will live.

Lions Club to Have "Blind Made" Sale

The Lions Club voted to have a sale of blind made products here on Friday, April 29. The van will be parked on the east end of the courthouse square and members are to engage in selling over the entire town. Billy Pullin of San Angelo will furnish the items made by blind people.

Guests at the Wednesday luncheon included Pullin, C.T. Ducote, Elaine Price, Mrs. Lynn Glass and Billy Bauer. The prize went to Seth M. Bailey.

Rosanne Foster read a prose selection, The Eulogy of Mike Mansfield on the Death of John F. Kennedy and Elaine Price read a poem by Edna St. Vincent Millay. The girls are entered in the interscholastic league speaking events, which will be held in Robert Lee this weekend.

President Stan Horwood presented club pins to new members Albert McGinnis and Wayne Posey.

It was announced that the club as a whole would vote on the Lions Club Good Citizenship Award next week.

District Convention in San Angelo This Weekend

The Lions Club district convention is being held in San Angelo this weekend. Of interest to Sterling people is the Queen's Contest in which the club's pianist, Rosanne Foster, is entered. The contest will be held in the Sarah Bernhart Theater at the Central High Auditorium at 8 o'clock tonight. Most business sessions will be held on Saturday.

Wimodausis Club Book Review the 21st

The Wimodausis Club of Sterling City will present a book review on Thursday night, April 21st, at the Community Center at 7:30 p.m. Mrs. Edward Martinec of San Angelo will review "The House of Many Rooms," by Rodello Hunter. Mrs. Martinec feels that this book is very delightful and suitable for the occasion and that all will enjoy the presentation.

Mrs. Martinec has reviewed books in Sterling City in the past and will be remembered by her friends as the former Miss Gloria Thorp.

The Club invites everyone, both young and old to enjoy this special and unusual feature.

Miss Mitzi Ann Dais became the bride of Mr. Loren William (Bill) Benson in a double ring ceremony last Saturday evening in the First Methodist Church.

Parents of the couple are Mr. and Mrs. Ralph Davis of Sterling City and Mr. and Mrs. Norman L. Benson of San Angelo.

The Rev. Bill Wiemers, pastor, officiated at the ceremony. Wedding music was by Stan Horwood of Sterling City, soloist, and Mrs. I.W. Terry, organist. Mr. Horwood sang "O Perfect Love," "Where Thou Goest" and "The Lord's Prayer."

Mrs. Billy Ralph Bynum of Sterling City served her sister as matron of honor. She wore a floor length bonded crepe sheath of two shades of pink. The long sleeved lace over blouse was set off by a matching pink hat. Mrs. Bynum carried a bouquet of pink carnations.

Flower girls were Miss Patti Bynum, niece of the bride, and Miss Malinda Terry. They wore white floor length pique dresses set off by a lace edging on the front panel. The empire dresses were accented by a pink ribbon streaming down the back. Their head-dresses were of matching ribbon.

Mr. Terry McMillan of Mason was best man. Ushers were Bill R. Davis, brother of the bride, of Stamford, and Mr. Jarrell Harmon, brother-in-law of the groom of San Angelo.

Entering the church with her father, the bride was attired in a formal gown of silk organza over taffeta. Designed with a scoop neckline with motif of re-embroidered Alencon lace enhanced with crystal and pearl beading. A molded bodice with lace featured the bracelet length sleeves. The sheath controlled skirt repeated the beaded lace design and was fashioned with a wateau shouldered train of graceful chapel length. Her veil of fingertip English illusion fell from a small queen's crown of lace embellished with seed pearls.

Mrs. Benson carried a lace handkerchief belonging to her grandmother, Mrs. E. W. Davis of Big Spring. She also carried a white Bible on which was an arrangement of chrysanthemums centered by a small rosebud.

The reception was held in the community center following the ceremony. Mem-

POSTMASTER EXAMINATION

An examination for Postmaster at Sterling City, \$6361 a year, will be open for acceptance of applications until April 26, 1966, the Commission announced today.

Competitors for the postmaster vacancy in this city must have at least 1½ years of experience (education above high school level may be substituted for 9 months of experience) showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with service.

Competitors must also show that they are of good reputation and that they can deal with the public agreeably and effectively.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, and fitness for the position. They must have resided within the delivery of the office for one year immediately preceding the closing date of the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. Persons over 70 years of age cannot be appointed.

All qualified applicants will receive consideration for appointment without regard to race, religion, color, national origin, sex, politics, or any other non-merit factor.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U.S. Civil Service Commission, Washington, D.C. 20415, and must be received or post-marked not later than the closing date.

Worried About Your Business??

TRY NEWSPAPER ADVERTISING. All successful businesses make advertising pay off for them. IPTA

It's news to you that there actually is something you can do about cancer? Fine. Doing that something may save your life. And what could possibly be more important than that? Your grip on life is not so fragile that you must feel intimidated to the point of paralysis by the very mention of cancer. Cancer is not necessarily a death sentence. Many cancers can be cured, but they must be detected early. Neglected, cancer will kill. Detected, there is a good chance of cure.

Each year more than ninety thousand Americans die of curable cancers. They were not detected in time—treatment that could have spared these people death came too late.

You must have a complete physical checkup at least once a year. Just tell your doctor that you want one. The examination is relatively simple and absolutely necessary.

With the knowledge that we now have about cancer, we could save one out of two people, with early detection.

With the knowledge that we need, we could save all. But we must have that knowledge.

For this we need more research to bring us closer to the solution of cancer's terrible mysteries. Is it caused by a virus? Is it inherited? Is it contagious? Is it for once and for all completely curable? We will get these answers. With your help.

How do you avoid dying of cancer? You do something about it.

DISABLED MAY BENEFIT FROM SOCIAL SECURITY

Some 3000 Texans who may be eligible for disability benefits under the new Social Security provisions, have not yet applied for them according to Floyd B. Ellington, district manager of the San Angelo Social Security office. Under recent liberalizations of the law, persons with nonpermanent disability may now qualify for benefits. Ellington said that under the previous law a person was eligible only if he had a severe disability that was expected to last a long and indefinite time. Now benefits can be paid if the severe disability has lasted or is expected to last as long as 12 months by his doctors. There are also more liberal requirements for certain persons who are blind. These liberalizations make necessary a revised State-Federal agreement under which the Texas Education Agency will continue to make disability determinations for all Texas residents who apply for benefits under the Social Security Disability Program. Signing ceremonies recently took place in the office of J. W. Edgar, State Commissioner of Education.

EVERY ONE WHO WOULD KNOW GOD

needs this book

In these troublesome days thinking men and women recognize that it is only through a knowledge of God that they can find peace and a sense of stability.

Through the study of Science and Health with Key to the Scriptures by Mary Baker Eddy many thousands have found that God is knowable; that He is unchanging divine Love—the protector and governor of His perfect creation. Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

Help conquer cancer in 25 words or less.

Year by year, medical science and research advance toward the day when cancer will no longer threaten the lives of millions. You can bring this day closer with these words in your will: "I give to the American Cancer Society, Inc. (or to its Division) the sum of _____ dollars, to be used for the general purposes of the Society." Today, your legacy will be a gift of hope. Tomorrow, it could be a gift of life. What legacy could be more precious? For more information on how a legacy will help fight cancer, write to your nearest ACS Unit.

CEREAL packages have taken on a new look. The backs of many Post Cereal packages are a miniature recipe file containing wonderful new recipe ideas for ways to use and serve cereal. Did you know that bran and prune flakes are delicious served with sour cream or yogurt? All you do is stir enough milk into sour cream or yogurt until it's the right consistency, pour the mixture over the cereal and sprinkle brown sugar on top. Another flavorful way to use bran and prune flakes is with sweet potatoes. This casserole would be the perfect accompaniment to roast pork or ham. **Sweet Potato Casserole**
One 1-lb. 2-oz. can sweet potatoes; one 8½-oz. can crushed pineapple; 3 tablespoons butter, melted; 1 slightly beaten egg; 2 tablespoons brown sugar; ½ teaspoon salt; 1½ cups bran and prune flakes. Drain and mash potatoes. Blend in pineapple, 2 tablespoons butter, egg, sugar, and salt. Gently stir in ½ cup cereal. Bake in a 1-quart casserole at 350° about 20 minutes. Mix remaining butter and cereal; sprinkle over top of casserole. Makes 4 servings.

REWARD NOTICE
A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

An Entertaining Couple

By Betty Barclay
NOTHING says welcome more clearly than a cup of good coffee—especially if it's served with a slice of home-baked cake. A phone call is all it takes to gather friends and neighbors around—a day or two ahead or even an hour before the first one arrives is plenty of time. Regardless of the time of day, the thoughtful hostess serves decaffeinated coffee. Serving can be as informal as the invitation. Arrange cups (or mugs) and silver on the dining table along with plenty of napkins—use the gay and festive paper variety. If the dessert is fairly plain, make the coffee more festive by serving something like Brazilian Coffee.

Brazilian Coffee
Blend together 2 cups freshly brewed Sanka Coffee, ½ cup chocolate syrup, and ½ cup milk. Heat to boiling point. Serve in cups or mugs topped with a dollop of prepared whipped topping or whipped cream. Makes 4 servings. Many more ideas and tips on serving coffee, along with recipes for quick and easy cakes and cookies, can be found in a new booklet called "Come for Coffee and Cake." Get your free copy by sending your name, address, and ZIP code to: "Come for Coffee and Cake," Box 1037, Kankakee, Illinois 60301.

lands, Moons, Dusenburgs, La-Salle, and others.

A kid could tell 'em all at a glance a full block away. Now it's darn near impossible to do that.

Then boys would go down on the river and camp all night, set a few lines, swim till the skin got wrinkled, and go home so tired that a sleep around the clock was necessary. But, no. Too much was usually expected. You kinda had to pay for all that joy—by doing extra yard or garden work, or clean the lot or something.

We bought our milk from an old granny Reed (a widow)—kept it in large flat pan with wet cloths over it. Milk was 20c a gallon, butter 20c per pound, and the clabber and butter milk was usually free.

And the milk had gobs of thick cream on top and was it yellow and rich. You could whip it almost down an inch from the top.

College was not for everyone, and so understood. Fact is, high school graduating was considered real good. Allowances hadn't come into being, and kids minded their parents—or else. Working hours were lots longer and a \$175 a month wage or salary check was almost the ultimate.

Remembered joys were the first long pants (everybody waited till about 15 to get their first ones), hot light bread on Saturday afternoons (dripping with butter), the new car (touring, of course), and the joy of finding a new suit that just fitted you on sale at Hoyt Bros. or S&Q for only 11.95.

And many, many others.
8-BALL

Protracted revival meetings where the preachers really took a stand against sin—against dancing, against picture shows, pool playing, and bobbed hair. All would nearly equal the unpardonable sin.

Yessir, Old B.B. Crim, John Brown, in their tents, Hyman Appleman (converted Jew of an intense nature), or the in-between ones. Boy, you really had something to talk about for weeks and weeks.

And trips. One one the old slow Santa Fe to Dallas from San Angelo. Now you could go around the world in that same amount of time. In fact I've laid over in Temple for some unknown reason, long enough for a jet to go around the world, I guess.

Oh well, progress is wonderful, and I'm glad we've got it. But the old days served their time and purpose.
8-BALL

In the old days, St. John's was the only hospital in San Angelo and one went there usually just before death—or so it seems. We kids couldn't go in, but we could peek in through a basement window at a skeleton hanging there.

Oh, we had pleasures, all right.
8-BALL

The Casino (before washing away in the '36 flood, had a real swimming pool and the big name dance bands would come through, playing regularly. Anson Weeks, Skinny Ennis, Guy Lombardo, and many others. We could peek through the many windows—and listen long as we wanted to.

Fun and pleasure was lots cheaper then.

Linguistic Courses Completed

Mrs. Betty Jones, Mrs. Halley Barlemann and Mrs. Irene Travis completed eight three hour sessions in Linguistics in an in-service program in San Angelo during the fall of 1965 and early spring 1966 on Saturdays and received certificates affirming completion according to Supt. O. T. Jones. Several other teachers attended most of the sessions, but not enough for a certificate. It was sponsored by the State Department of Education.

CARD OF THANKS

I want to express my sincere thanks and appreciation to all my friends for the cards, flowers, candy and other gifts while I was hospitalized.

Folks, I appreciated everything you did for me.

LUKE HALLMARK

AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Early April is the time to apply insecticides to the lawn for the control of grubworms. The grubworms, or white grubs, are the larva or worm stage of the hard-shelled May or June bugs. They live in the soil and feed on the grass roots with the most of the damage showing up in late April or early May, as brown dead spots in the lawn. Upon examination, these spots will show to have been cut below the ground level.

Four insecticides, aldrin, heptachlor, dieldrin and chlordane used either as sprays or granules will give good control. If the emulsion form of these insecticides is used, it should be mixed with water to the recommended strength. It should be applied to the soil at the rate of 25 gallons per thousand square feet of lawn.

If the granules are used, they can be applied to the lawn as they come from the package. The lawn should be watered following an application of granules. Keep children and pets off the lawn until it is dry.

Homeowners who desire more information on this as well as other insects on ornamental plants can get it by asking the county agent for the leaflet on the control of insects on ornamental plants.

The discovery of a new drug, poloxalene, represents the first breakthrough in the search for a preventative of legume bloat in livestock. Tests made in Kansas and other states indicate that the drug is very effective in preventing legume bloat which annually costs U.S. livestock producers \$100 million.

Poloxalene was developed at Kansas State University in cooperation with other colleges and pharmaceutical houses. The drug will be marketed under the name "Bloat Guard" by Smith, Kline & French Laboratories of Philadelphia. "Bloat Guard" is a dry product which may be spread over the grain. If this is fed to cattle a few minutes before they are turned on pasture or fed freshly cut legumes bloat will be prevented, according to Dr. C. M. Patterson, Extension veterinarian at Texas A&M University. Animals weighing 1,000 pounds or more will need 20 grams per day and smaller animals 10 grams.

Although the specific causes of bloat still elude researchers, the anti-bloat product had to prevent bloat for 12 hours in animals fed green legumes. It could not leave any residue in the meat or milk or cause any effects on health, reproduction, or any body functions. Tests conducted in six states show the new drug has satisfied all these requirements.

Though not many animals graze legumes in Sterling or are fed fresh cut legumes, the new drug shows that some progress has been made in the field of bloat control. No mention was made of other types of bloat in the announcement but perhaps it will prove successful in feedlot operations, also.

A request for assistance in stocking the library shelves of a vocational agricultural high school in South Viet Nam has come from the director of the National Agricultural Library in Washington, D.C.

The shortage of material in the library came to light when Agriculture Secretary Orville Freeman visited the school on a mission for President Johnson. Adults, 4-H Club members, and FFA members who have non-technical and elementary text books, charts, and similar materials dealing with agriculture are being asked to contribute them to the library. Main interests of the Viet Nameese students are cattle and rice. This is the only school in the rich delta farming area at Ca Tho. The

STILL TIME FOR MEDICARE SIGNING

Older people in the Sterling City area who did not sign up for the voluntary doctor bill insurance under medicare before the close of the first enrollment period on March 31 have been given a little more time, Floyd B. Ellington, social security district manager here said.

In legislation signed by President Johnson last week, Congress had extended until May 31 the deadline for enrollment by persons 65 or over.

Nearly 90 percent of the nation's elderly were enrolled for the doctor bill insurance when social security offices closed at midnight on March 31, Ellington said. Only 5 percent had turned down the protection which supplements the basic hospital insurance provided persons 65 or over.

Another 5 percent had not made up their minds either way, or else were not aware of the deadline and the need to sign up for the supplementary protection.

Older people who have not yet applied for their medicare benefits should get in touch with the nearest social security office now, Ellington said.
