

# STERLING CITY NEWS-RECORD

Vol. 75 "Since 1890" PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS APRIL 29, 1966 No. 17

## Behind the 8-Ball

Well, it finally rained. And we needed it! Now I'm not scared of flying tumbleweeds or even flying saucers.

One was reported being seen over Sterling City early last Sunday morning (still dark). Gosh, they are getting closer and closer.

But that's the way I like my flying saucers—close that is.

### 8-BALL

In re—the Diamond Jubilee for Sterling County, one lady citizen suggested that the clubs and the churches could have a homecoming on a week end or Sunday during the Jubilee month of June and invite all former members to "come back home" for a day or so, and the alumni association could have their affair on that Saturday—right here in Sterling and then there'd be a good crowd for the observance of the 75th founding of Sterling County.

That wouldn't be a heck of a lot of work.

### 8-BALL

James Morgan won second in ready writing at the regional contest in Big Spring last Saturday. That means he will compete at the state level in ready writing next month.

James, son of Mr. and Mrs. Roy Morgan, is a national merit scholar and is valedictorian of this year's graduating class.

He won best actor award in the one act play district contest at Bronte recently and has had many honors come his way in his school life.

Congratulations, James, on winning another honor in this year's senior year of high school.

Hope you win a first at the state contests in Austin next month.

### 8-BALL

Getting back to the subject of rains—I can recall a number of Julys back in the 40s that produced some dillys in the way of rains here.

And the North Concho river would get way up. And even the Currie dam up in Glasscock County (on Lacy) would wash out. And Currie would build it back again.

You know, something has happened to our water setup in our country. The creeks of yesteryear are only draws, the rivers are only creeks and the underground water is going away. The lack of water is getting to be the most serious problem of the future—infact one could say the present. All cities and towns are having to compete for water and the problem is going to be tougher all along.

I attend some water board meetings most nearly every month. They are attended by Corps of Water Engineers, U. S. Army Engineers, water authority members from all parts of the state, and the one thing that always is resolved during or at the close of each meeting is—Water is worth whatever it costs. People will pay whatever it costs in the final analysis.

Never forget that.

### 8-BALL

Chances are that we will all see the salty water of the deep underground reservoirs of the area be desalted and used as water supplies in West Texas and New Mexico. The government has one desalinization plant out near Hobbs, New Mexico and more are due to come.

The deep underground salty water west of San Angelo is saltier than sea water—or so tests have proven. Yet, it's plentiful.

And ways of making fresh water out of salty water are getting cheaper and simpler every year.

What'll they do with all of the salt they reclaim!

### 8-BALL

Luke Hallmark is back—and up and around, following his hospital stay of 27 days—

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. W. B. Atkinson  
Mrs. Nora Coulson  
J. Q. Foster  
Dismissals since Thursday morning of last week include:  
Mrs. Jim Butler  
Marion Hays  
Mrs. Tommy Roger and infant daughter

Mrs. Ray Lane of Sterling and her daughter, Mrs. Jimmy Floyd and children of Midland visited Mrs. John Lane in Brownwood last week end.

in the Shannon Hospital.

He was pretty sick for over a week—stayed in the intensive care ward for 8 days. Luke says he did all right but for a few days he just hung on by a thread.

Anyway, he's back and looks good.

### 8-BALL

Ex-P.O.s to Meet

The monthly meeting of the Permian Basin Chapter of American Ex Prisoners of War, Chapter I, will be held Friday, April 29, in the Bridge Room of the Holiday Inn of Big Spring, U.S. 80 at Interstate 20. An 8 p.m. dinner will precede the meeting.

The American Ex Prisoners of War is a non-profit social organization comprised of ex-prisoners of war and next of kin. Anyone fitting these requirements is eligible to attend Friday's (today) meeting in Big Spring—at the Holiday Inn.

### 8-BALL

The Lions Club met at the Winn's Restaurant Wednesday and will meet again there next Wednesday noon.

All members are urged to attend. There were eighteen members present at the noon meeting this week.

### 8-BALL

Ozona or Crockett County is holding a Diamond Jubilee celebration this summer. They are growing beards and stuff.

### 8-BALL

Twenty two years ago when I moved to Sterling City the State Hotel had a dining room and was the home of the Davis Drug and Dr. Swann had an office in the drug store.

R. P. Davis and Henry Merrell had barber shops, and Oscar Findt had the City Cafe, I. B. Langford had the Cosden Cafe and somebody had a cafe in the Old Town Hall—the Phillips Station.

The Santa Fe ran regularly and Horace Donalson had the Palace Theater. Homer Pearce had an electric shop and M.C. Mitchell had a feed store.

John Walraven and Marvin Churchill had a station and a Chevrolet sub-dealership.

R. P. Brown had the Texaco Service (wholesale) and C. C. Ainsworth had the Texaco Station. Loyd Murrell had a Sinclair Station where the Shell Station is now.

The post office was where the Utilities company is and the show had the other part.

That was nearly a quarter of a century ago.

### 8-BALL

A garden is a thing of beauty and a job forever. How true.

### 8-BALL

Who says you can't do any thing about the weather. You can.

I can make it rain (at least a little) by having the car all washed and shined. I can make it turn cold. For a real norther one can just take down the stoves for the summer or turn off the furnace complete.

Or even removing the electric blanket can cause a mild norther. And beginning to sleep in summer pajamas or shorts can bring on a cold snap.

These are the things that work best for me. I don't hold too strongly with the weather bureau reports or the moss on trees, etc.

I once knew a man that had a real rain-teller in his feet. Whenever his feet began to hurt, a rain was on the way.

## FFA Parent-Son Banquet Held Monday

The Sterling City chapter of Future Farmers of America held the annual Parent-Son Banquet Monday evening in the community center. The year's awards were made and progress during the year was told by different members.

David Foster, chapter president, was master of ceremonies. Other officers are: Phil Cole, vice-president; Bobby Westbrook, secretary; James Morgan, treasurer; Jack Clark, reporter; Johnny Copeland, sentinel; and Mr. Fred Igo is advisor.

The menu consisted of lamb roast, creamed potatoes, green beans, fruit salad, hot rolls, butter, iced tea and pie.

Frank Price gave the invocation. The chapter officers went through their opening ceremony. Dusty Dillard gave the welcome and his father, J. R. Dillard, made the response. James Morgan introduced the guests. Members introduced their parents.

Wayland Foster presented the chapter sweetheart, Elaine Price, who in turn gave out the star awards. The Star Greenhand award went to Frank Price; the Star Chapter Farmer award went to Wayland Foster; and an honorary membership was conferred on Melvin Foster.

Record book awards went to James Morgan, Larry Stewart and Larry Wilson.

Greenhand record book awards went to Frank Price, Randy Nixon and Pat Dear.

Sheep production merit awards went to Randy Nixon, Frank Price and Gary Foster.

The DeKalb Agricultural award went to David Foster; the Livestock award went to Jack Clark and the Farm and Ranch award went to Phil Cole.

Penrose Metcalfe of San Angelo presented the Texas Sheep and Goat Raisers Association award to Corwin Collins.

Gifts were presented to Mr. Igo and Douglas Wilson by the chapter members.

Johnny Copeland told of the year's activities including showing stock at the Abilene, El Paso, San Antonio, Dallas Fair, Odessa, El Paso, Houston and San Angelo shows.

The meal was served by the Future Homemakers of America chapter.

## Young Ranchmen Meetings

The Sterling County Young Ranchers will meet Tuesday, May 3 at 7:30 p.m. in the vocational ag room at the high school. The program for the meeting will be presented by Worth B. Durham, Sterling County attorney and ranchman. The program topic will be wills, trusts, estates, and other legal proceedings concerning the rancher in this modern day of agricultural production and management. Members and others interested in the program are invited to attend. Refreshments will be served.

The June meeting of the young ranchers will feature a program by Gene Alley, Sterling ranchman, concerning the lamb feeding business in Texas. Mr. Alley is chairman of a committee of the Texas Sheep and Goat Raisers Association, which is investigating feasibility of feeding more lambs in the sheep producing areas of Texas, rather than selling feeder lambs to be shipped out of the state for finishing to slaughter lambs.

## PIANO PUPILS TO PLAY IN NATIONAL AUDITIONS

Twelve piano pupils of Mrs. Dick Mitchell will play in the National Piano Playing Auditions April 28 at Howard County Junior College.

Those who will play in the auditions are Lynn Alexander, Beverly Brooks, Marilyn Foster, Lisa Horwood, Judy Brock, Amy Humble, Dow Tanner, Debbie Wiemers, Susan Terry, Alice Rawlings, Sherri Kaye Blank and Tommy Bynum.

## Brother Dies

Richard (Dick) Collier, 83, brother of Dan Collier, owner of the Sterling Drug Co., was buried in San Angelo Monday of this week. He had died in a San Angelo hospital Saturday.

Collier, a resident of Big Lake for a number of years, had been ill for several months.

Burial was in the Fairmount Cemetery with Robert Massie Funeral Home in charge.

Mr. and Mrs. Billy David Sanderson of Logan, Ohio, are here visiting in the home of their grandparents, Mr. and Mrs. Spencer Jackson and other relatives, and also with his parents, Mr. and Mrs. Ted Daves of Big Spring.

## Loy Mitchell to Preach at Baptist Church Sunday Night

Loy Mitchell of San Angelo is to preach at the Baptist Church here Sunday evening at 7:30, said pastor Rev. Andy Daniels this week.

Loy is the son-in-law of Mr. and Mrs. Doc Daves of Sterling City. He married the former Shirley Langford. This will be his second sermon to preach, said Daniels.

## Good Rains Fall

### Club Has Book Review Program

The Wimodausis Club held its annual book review for the members and guests at the local community center Thursday night of last week. Guests were from the other clubs of Sterling City. Seventy-five persons attended the review. Mrs. Edward Martinec of San Angelo reviewed the book "The House of Many Rooms" by Rodello Hunter.

### FHA's To State Convention

Ann Lawson, Betty Jo Daves, and Jeanie McDonald, members of the Sterling City Future Homemakers of America chapter of Sterling High School, will attend the State Meeting of the Texas Association, Future Homemakers of America, in San Antonio, April 29-30, according to Jeanie, president of the chapter. The meeting theme for delegates from the 1,406 FHA chapters throughout the state will be "Citizenship—Youth's Greatest Challenge."

Ann has been selected by chapter members as voting delegate to the State meeting while Betty Jo is the alternate. Jeanie will attend as outgoing Area II President and she is a member of the State Executive Council. Also while at the meeting she will receive her State Degree in FHA. Mrs. McDonald, local chapter mother and Area mother, will attend to receive State Honorary Membership in the organization.

Outstanding visitor will be National Advisor, Miss Mildred Reel of Washington, D. C., who will bring greetings. Main speaker for the opening session Friday will be Dr. Carl S. Winters, lecturer, speaker, and entertainer. He will address the 5,000 delegates on the meeting theme. A program of FHA talent emphasizing Texas' heritage will be conducted Friday night. The closing session on Saturday morning will be given over to business and installation of officers.

During the meeting, the State Nominating Committee will name the ten State officers from the nominees elected by members in the ten areas of the state. Delegates to the National FHA convention in Chicago in July also will be designated; as will be singers in National Chorus and nominee for National pianist.

Nearly 500 members from the 60,473 membership of the Texas Association will receive the state's highest award, the State Homemaker Degree of Achievement. Delegates will confer honorary memberships on forty adults who contributed in an outstanding way to the accomplishments of the organization.

Registration headquarters will be the Gunter Hotel. Meetings will be held at Municipal Auditorium.

Mrs. Early Barton, Vocational Homemaking Teacher, and Mrs. Chesley McDonald will accompany FHA members to the San Antonio meeting.

### Infant Buried Here Thursday

Stephanie Davis, infant daughter of Mr. and Mrs. Bill Davis of Stamford, was buried here in the Foster Cemetery Thursday afternoon. The Rev. Bill Wiemers, pastor of the Methodist Church, officiated at the graveside rites. Lowe Funeral Home was in charge of arrangements.

Survivors include the parents and the grandparents—the Ralph Davises of Sterling City and the Roy Schmidts of Mason. This child, born on April 26, was the first child of the couple.

Mrs. H. L. Bailey and Mrs. O. T. Jones visited relatives and friends in Terrell last week.

Good rains covered Sterling County and the whole West Texas over the weekend and the first part of this week.

Last Friday and Saturday, one and a third inches fell in town and that much or more fell over the county. Then on Sunday and Monday another inch and a third fell by day break or a little later.

Up near Forsan six inches fell Monday morning and five inches fell on the Foster ranch up in Glasscock County. The rains put some water in the North Concho River up the way. The rains in Sterling County proper fell in such a manner that most of it just soaked in the ground and provided no runoff by Monday evening.

The ground is completely wet from the rains and mean a good start into spring for ranges and pastures around the ranching area.

### FFA District Meeting Tuesday in Angelo

The Concho District of the Future Farmers of America met Tuesday night in the vocational ag department of the Lakeview High School.

James Morgan, district president from Sterling City, presided at the meeting. Area II president Rick Dawking of Alpine, explained the Area II training school for area officers and district presidents. He also assisted in the election of an area officer candidate from the Concho District, and in the election of a new district president.

Phil Cole of Sterling City was elected district president for the 1966-67 year. He will attend the officer training school at Prude Guest Ranch near Fort Davis July 26-28. Phil, a Sterling City High School sophomore, is the son of Mr. and Mrs. Bill J. Cole of Sterling City. Mr. Cole is a ranchman in Sterling County as well as a commercial lamb feeder.

Other Area II action made Robert Junginger of Lakeview the officer nominee; the Wall FFA talent team was selected and for public speaking Joe Schriever of Wall was chosen.

### Notice of Hearing in the Matter of Cancelling Certified Filing No. 599 to Appropriate Public Water

By virtue of the authority vested by law in the Texas Water Rights Commission, notice is hereby given that a hearing will be held in Austin, Texas, beginning at 10:00 A.M., on June 15, 1966, in the matter of cancelling:

Certified Filing No. 599 carried in the name of J.C. Reed, Sterling City, Texas. Certified Filing No. 599 declared the intent to divert water from a 10.8 acre-foot capacity reservoir on the North Concho River, Colorado River Watershed, for the irrigation of 27 acres located in Section 8, Block 14, Southern Pacific Railway Co. Survey, Sterling County, Texas, said land being more fully described in said permit to which reference is made for all purposes.

All affected parties are directed to appear and show cause, if any, why the water right listed above should not be cancelled.

Given under and by virtue of an order of the Texas Water Rights Commission, on April 18, 1966.

(Signed) Audrey Strandtman  
Audrey Strandtman, Secretary

### Presbyterians Hear Misionary

The Rev. John C. Stempner, a Presbyterian missionary to Brazil for the past five years, spoke to the Presbyterian Church here last Sunday. The congregation response to his message was good, said minister Hubert C. Travis.

MONAHANS SANDHILLS STATE PARK—Both children and adults enjoy the cool, clean sand at Monahans State Park, a 15-square-mile area of wind sculptured sandhills in West Texas.

## \$677 Raised for Cancer Crusade

On Tuesday of this week, a total of \$677.83 had been turned in by volunteer workers or otherwise raised for the 1966 Cancer Crusade here.

Mrs. Stan Horwood acted as chairman for the drive here this year. Volunteer workers had asked for contributions, and a Hawaiian dinner was held as a money raising affair.

Mrs. D. D. Nichols said she sent in the \$677 Tuesday but that all workers had not yet reported in with their money.

### SPARE TIME INCOME

Refilling and collecting money from NEW TYPE high quality coin operated dispensers in this area. No selling. To qualify you must have car, references, \$600 to \$1900 cash. Use antiseptic, soothing T-4-L FOOT POWDER too—fine for sweaty feet, foot odor; stays active in the skin for hours. NOW at ALL DRUG STORES

### DISABLED MAY BENEFIT FROM SOCIAL SECURITY

Some 3000 Texans who may be eligible for disability benefits under the new Social Security provisions, have not yet applied for them according to Floyd B. Ellington, district manager of the San Angelo Social Security office.

Under recent liberalizations of the law, persons with nonpermanent disability may now qualify for benefits. Ellington said that under the previous law a person was eligible only if he had a severe disability that was expected to last a long and indefinite time. Now benefits can be paid if the severe disability has lasted or is expected to last as long as 12 months by his doctors. There are also more liberal requirements for certain persons who are blind.

# Where I Stand On...

#### FREE ENTERPRISE

"I am not one of those who apologizes for or takes a defensive attitude toward the free enterprise system. It doesn't need defending. It's the best system ever devised for satisfying the material needs and aspirations of the people. There is room for improvement, of course, but this can be done without altering the basic principles which make it function."

#### FEDERAL BUREAUCRACY

"I believe that too much control of our government's affairs has passed out of the hands of Congress, and into the hands of the regulatory and administrative agencies. This authority, which has been lost by default, must be re-claimed by the Congress. The trend of surrendering authority to agencies and commissions—who are supposed to administer the laws instead of making them—should be halted. I think it is time that Congress recognize this usurpation of its power and authority for what it is: government by bureaucracy. When Congress loses its authority, then the people lose theirs, for Congress is the voice of the people."

#### GOVERNMENT SPENDING

"There is no justification for deficit spending except during times of national emergency. I think all new proposals for spending should be carefully screened and that a determined stand be made against unnecessary spending. These are prosperous times, and it is now that we should be paying the national debt, rather than creating more of it. If we don't pay off our national debt during good times, when do we pay it?"

#### VIET NAM

"I will always support an unyielding stand against communism, and I feel that there is no other tenable position for us to take in Viet Nam than that which the President has so firmly taken. We cannot be soft toward an ideology that has set out to destroy our own way of life. At all times, of course, I believe we should keep the doors open for possible negotiations that would bring about a peaceful solution to open conflicts such as we have in Viet Nam. Our goal in Viet Nam is to stop aggression on the part of the communists toward a peaceful people who have every right to seek their own destiny."

#### OIL AND GAS

"I will support legislation aimed toward bringing about a healthier oil and gas industry. This is a prime business—an indispensable business—to our District, and contributes substantially to the welfare of us all. As to the 27½% oil depletion allowance, I am in full accord with it and would resist any measure that would seek to change it to the disadvantage of the industry and the District."

#### EDUCATION

"Education is the single most important function of an enlightened society. We must make it as accessible as possible, for as many as possible, without either reducing our scholastic standards or jeopardizing our traditional academic freedom. I will favor legislation that broadens our educational base, insofar as it does so without giving the Federal Government control over our curricula. The selection of textbooks and the teaching of subjects should be left exclusively in the hands of the local schools, without infringement of any kind on the part of the government."

"I am also interested in seeing our schools extend their efforts in the direction of more technical and vocational training, and would support legislation that would encourage this. I feel that this would lessen the high drop-out rate, as well as provide useful training to those who do not have an opportunity to go to college. This would also enhance the national employment picture, as the overall demand for trained technicians and specialized workers in nearly all fields is greater than the supply."

"As your Congressman, I would support legislation that would give a tax relief to parents of students enrolled in colleges. Such a bill should allow tax deductions for the amount put out for academic expenses such as tuition, fees, and books, or perhaps give the parents an additional standard tax exemption similar to the present \$600 exemptions allowed for dependents. Such educational exemptions, of course, would continue only for the established four year period."

"It is my firm conviction that we cannot legislate poverty out of existence, but we can go a long way toward eliminating it through education."

#### JUDICIAL SYSTEM

"As a former District Judge and District Attorney, I am extremely proud of the lead the legal profession has traditionally taken in the affairs of our government. Especially do I hold our courts in high esteem."

"To keep our court system above the criticism and reproach it has occasionally undergone in the past, I would introduce and urge passage of legislation that would prescribe basic qualifications for Judges appointed to the federal judiciary. In addition I think it would be desirable to establish a mandatory retirement age, and a procedure for removing judges when they become unfit for service because of health or other reasons."

#### NATIONAL DEFENSE

"I will always be a strong advocate of a national defense force large enough and modern enough to maintain our peace and security anywhere it might be threatened. Such a force should be second to none in the quality of its personnel, its leadership, and its weaponry. I believe such a force can be achieved and maintained without a wasteful expenditure of the taxpayer's money."

#### WATER CONSERVATION

"There is no greater problem facing our District than the need for adequate water, now and in the future. I will support any feasible legislation that promises to create greater water resources for our area. Obviously, such legislation is a must, because we don't have enough water as it is, and to neglect it further would be to compound a tragedy. The problem is of such magnitude that it is going to require great study, imagination and vision to solve it. I, for one, am ready to begin."

#### AGRICULTURE

"I believe the present Omnibus Farm Bill places too much authority in the hands of the Agricultural Department and its Secretary. As a case in point, there is the arbitrary policy ruling by the Agricultural Department, that adversely affects the farmer by altering skid-row planting practices. I would favor farm legislation that would take into consideration the different and varying characteristics from one farming region to another. Especially would I work diligently to amend the program to again permit the kind of skip-row planting that the farmer of this district wants and needs."

#### LABOR LEGISLATION

"I have always favored the right of labor to organize for the purpose of achieving desirable objectives for its working members."

I also support the principle of collective bargaining, as it is the only just way to reach a livable balance between labor and management.

I do not believe that either labor or management should be allowed to walk rough-shod over the other. It takes both to produce the goods and manufacture the wealth in which we all share, and both have legitimate viewpoints which must be evaluated and adjudicated equitably in any controversy between them.

I do not favor any act or measure that would directly or indirectly compel anyone to become a member of any labor, trade, or business organization on a mandatory basis. This, to me, is a dangerous encroachment on the freedom of the individual."

#### VETERAN'S AFFAIRS

"As an overseas veteran of World War II myself, I am a supporter of the broad objectives of the Veterans' Program, and I particularly endorse the educational provisions of the G. I. Bill and the extensions of it to include veterans of recent conflicts. As to future legislation for veterans, I will give due consideration to any measure that will tangibly improve the lot of the veteran without putting an unfair penalty on other segments of the population."

MARY.

June 14—Sworn supplement-  
al Statement of account filed  
not more than 10 days after  
June Primary.

Sept. 20—State Convention  
meets.

Nov. 8—General Election.

## STILL TIME FOR MEDICARE SIGNING

Older people in the Sterling  
City area who did not sign up  
for the voluntary doctor bill  
insurance under medicare be-  
fore the close of the first en-  
rollment period on March 31  
have been given a little more  
time, Floyd B. Ellington, so-  
cial security district manager  
said.

In legislation signed by  
President Johnson last week,  
Congress had extended until  
May 31 the deadline for enroll-  
ment by persons 65 or over.

Nearly 90 percent of the  
nation's elderly were enrolled  
for the doctor bill insurance  
when social security offices  
closed at midnight on March  
31, Ellington said. Only 5 per-  
cent had turned down the pro-  
tection which supplements the  
basic hospital insurance pro-  
vided persons 65 or over.

Another 5 percent had not  
made up their minds either  
way, or else were not aware  
of the deadline and the need  
to sign up for the supplement-  
ary protection.

Older people who have not  
yet applied for their medicare  
benefits should get in touch  
with the nearest social security  
office now, Ellington said.

SHORT COWBOY, HIGH HORSE—At Cal Farley's Boys Ranch, a point of tourist interest at Old Tascosa, 36 miles northwest of Amarillo, each youngster must learn to saddle his own horse.

## REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

**AROUND THE COUNTY**

by **ARTHUR BARLEMANN, JR. COUNTY AGENT**

Sterling County finally got under some good rains over the past weekend as everyone knows. The amounts varied but in all cases, the rain fell slowly and very little was lost to run-off. There was a rise on the North Concho River but this was caused by some six inches of rain around the Fort-san area.

The lightest amounts in Sterling County seemed to be in the southwest part of the county. There, Gene Alley reported 1.9 at his home place and 1.6 on some of his other country. In town, the amount generally was about 3.5 inches for the period. Whatever the amounts were in the various areas of the county, they will help. It should bring on some of the grasses and weeds on the ranges; up until the rain, these plants had been standing still and not greening up.

All those who are interested in pecan production are invited to attend a pecan meeting in San Angelo next week. The meeting will be held at the Student Center of the college Tuesday, May 3 at 8:00 p.m. according to Ed Hyman, county agent in San Angelo.

B. G. Hancock, horticulture specialist with the Agricultural Extension Service of Texas A&M, will conduct the program. Hancock is well known for his ability in the field of pecan production. He has worked with the pecan producers of the state to bring about increased production and revenue from pecan grooves.

Hancock will discuss varieties, cultural practices, insect control, and other phases of the industry. He will also have a question and answer session to cover those topics that he might not discuss but are of interest to those attending. Anyone interested in attending is invited to contact the county agent. We will try to work up a group and go down together.

Ten Sterling County 4-H Club members will be taking part in the District Elimination contests at San Angelo College this Saturday. They will be part of the more than nine hundred youngsters who will be on the college campus to take part in more than thirty different contests; the contests include judging contests and demonstration contests.

Sterling County will have a senior and junior grass identification team and a junior range conservation team. Team members are not known at this time but will be selected Friday. A number of boys and girls are working out, particularly in the grass identification, for a place on the teams.

They have completed their study of the seventy grasses and are taking tests this week to determine who the team

members will be.

Now is the time to fertilize fish ponds. A properly managed farm or ranch fish pond can serve as an excellent recreation spot for the family. For the best production, most ponds require some fertilization.

Nitrogen and phosphorus are essential for the production of the plankton which furnishes the fish their food. Most Texas waters respond to an application of 20-20-5 at the rate of 100 pounds per surface acre. The application of the fertilizer does not interfere with the pounds use for livestock water.

In most cases, it will be necessary to make additional treatments of 20 to 40 pounds of the fertilizer at two week intervals to achieve sufficient growth or bloom. The bloom is considered sufficient if a person's cupped hand disappears when immersed to elbow depth in the water. When sufficient bloom is achieved, the fertilizer applications can be stopped.

More information on this topic is included in the publication, **IMPROVE YOUR FARM FISH POND**. A copy is available at any county agent's office.

**Breakfast Browsing**

By Betty Barclay

CEREAL packages have taken on a new look. The backs of many Post Cereal packages are a miniature recipe file containing wonderful new recipe ideas for ways to use and serve cereal.

Did you know that bran and prune flakes are delicious served with sour cream or yogurt? All you do is stir enough milk into sour cream or yogurt until it's the right consistency, pour the mixture over the cereal and sprinkle brown sugar on top.

Another flavorful way to use bran and prune flakes is with sweet potatoes. This casserole would be the perfect accompaniment to roast pork or ham.

**Sweet Potato Casserole**

One 1-lb. 2-oz. can sweet potatoes; one 8½-oz. can crushed pineapple; 3 tablespoons butter, melted; 1 slightly beaten egg; 2 tablespoons brown sugar; ½ teaspoon salt; 1½ cups bran and prune flakes.

Drain and mash potatoes. Blend in pineapple, 2 tablespoons butter, egg, sugar, and salt. Gently stir in ½ cup cereal. Bake in a 1-quart casserole at 350° about 20 minutes. Mix remaining butter and cereal; sprinkle over top of casserole. Makes 4 servings.

**Burleson Support Questioned Here**

Dear Editor:

It is difficult for me to understand why Congressman Burleson had to get a man from Austin, Texas, to come to Eastland to speak in appreciation of his services to this 17th Congressional District. Seems funny that he had to go outside of his district to find someone who appreciated his failure to support the President on nearly every important bill passed in 1965.

The seven percent increase in Social Security payments was not appreciated enough for Cong. Burleson to vote for. The hospital and nursing home care features added to the Social Security Act of 1965 were not appreciated enough for Cong. Burleson to vote for. Instead he voted against these things which helped the retired people and will help people who retire in future years.

Cong. Burleson can retire on nearly \$13,000 a year and I am for retiring him. Retired congressmen can use hospital facilities and doctors in our two great service hospitals in Washington, and you read about them using these facilities every day. But Cong. Burleson does not think that ordinary folks should have any hospital care unless they can pay for it or else they be charity patients.

It's time for a change and most of my friends all agree with me.

**EVERY ONE WHO WOULD KNOW GOD**

needs this book

In these troublesome days thinking men and women recognize that it is only through a knowledge of God that they can find peace and a sense of stability.

Through the study of Science and Health with Key to the Scriptures by Mary Baker Eddy many thousands have found that God is knowable; that He is unchanging divine Love—the protector and governor of His perfect creation.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.
