**Know the Proposed Amendments**

Editor's Note: A brief explanation of the 16 constitutional amendments to be voted on in November follows. These 16 amendments appeared in the paper through August.

- Amendment No. 1**  
Provides that all land owned by natural persons and designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.
- Amendment No. 2**  
Would authorize creation of airport authorities composed of one or more counties.
- Amendment No. 3**  
Increases the permissible term of office for directors of conservation and reclamation districts from two to six years and validating present statutory terms of office for such officials.
- Amendment No. 5**  
Would authorize the legislature to provide for a system of retirement, disability and death benefits for county officials and employees and others.

ing persons to vote for state officers and for president and vice-president of the United States without having fulfilled residence requirements to vote for other officers, as well as laws permitting former residents of the state, for a certain period, to vote absentee for president and vice-president.

**Amendment No. 9**  
Increases to five the number of judges on the Texas Court of Criminal Appeals and lengthens the term of that court.

**Amendment No. 10**  
Provides that taxes or bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy after such change without further election.

**Amendment No. 11**  
Would authorize the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon two-thirds vote of the Legislature and expanding the uses to which money in the Texas Water Development Fund may be put.

**Amendment No. 12**  
Provides the method and manner for dissolution of hospital districts.

**Amendment No. 13**  
Would authorize the Legislature to provide for consolidating the functions of government within a county having 1,200,000 or more inhabitants and to provide for inter-governmental contracts between political subdivisions of the county.

**Amendment No. 14**  
Would allow members of the armed forces to vote in Texas upon satisfying the residence

requirements applicable to Texans in general.

**Amendment No. 15**  
Authorizes the channeling of funds from private and federal sources through the state for use by privately owned or local agencies in establishing and equipping facilities to assist the handicapped in becoming gainfully employed.

**Amendment No. 16**  
Establishes the date on which newly-elected members of the Legislature qualify and take office.

**DISABLED MAY BENEFIT FROM SOCIAL SECURITY**

Some 3000 Texans who may be eligible for disability benefits under the new Social Security provisions, have not yet applied for them according to Floyd B. Ellington, district manager of the San Angelo Social Security office.

Under recent liberalizations of the law, persons with nonpermanent disability may now qualify for benefits. Ellington said that under the previous law a person was eligible only if he had a severe disability that was expected to last a long and indefinite time. Now benefits can be paid if the severe disability has lasted or is expected to last as long as 12 months by his doctors. There are also more liberal requirements for certain persons who are blind.

**MEN WANTED** to meet the growing need for CLAIM ADJUSTORS. Earn \$450 to \$1,000 a month.

**SCIENCE SKETCHES**

A MAGNET with 88,000 times the strength of the magnetic field of the earth has been developed at Argonne National Laboratory. It is doughnut-shaped and 24 inches in diameter.

**HARDY** bacteria that can exist in temperatures up to 170 degrees F. and in arctic regions are being studied at Purdue University. Biologist Henry Koffler says their immunity to extremes and chemicals is due to their cellular structure.

**PLANISOL**, a hot-water-soluble compound that can emulsify any known oil, makes sterilization of cargo compartments of ocean-going tankers a simple job, reports Northwest Chemical, Detroit. The quick sterilization enables ships to carry crude oil on one leg of a trip and edible oil on the return.

**REWARD NOTICE**

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

**AS IT LOOKS FROM HERE**

By Omar Burleson, Member of Congress, 17th District

Washington, D.C. — Lying in the center of old Indochina Thailand proves to be the best friend of the United States on the mainland of Southeast Asia.

Almost surrounded by Burma, Laos, North and South Viet Nam and Cambodia, it is strategic as well as vulnerable.

At the moment, she is threatened by forces from without and within. Only recently did we publicly reveal our activities in Thailand.

We are already there in an advisory capacity, much like the situation we assumed ten years ago in South Viet Nam. Our counter-insurgency experts are there at the invitation of the Bangkok Government to help them against Communist guerrillas inspired and directed from Red China. The prevailing view of the State Department seems to be that we should step up aid to the Thailand Government, even to the point of sending in helicopters and planes to bomb guerrilla concentration points. On the other hand, it seems the general feeling at the Pentagon that another South Viet Nam not be allowed to develop.

The problem becomes highly complicated by reason of Thailand's location, which is strategic and important, and the cooperation we have had from the Government in efforts in Viet Nam.

In the meantime, the explosion of the Viet Cong mine in the main Saigon shipping channel had a greater significance than simply blocking and delaying supplies to the Port of Saigon.

It proved a great deal more. For a long period of time the principal reasons given for

**Sterling Field Extended**

Champlin Petroleum Co., Abilene, No. 1 Harwood-Hildebrand, 5-8 mile south and very slightly west of a recent 3 1/4-mile northwest extension to the WAM, South (Fusselman) field of Sterling County, 10 miles south of Sterling City, was finished for a daily pumping potential of 67 barrels of 44 gravity oil, plus 3 percent water, with gas-oil ration of 1,378-1.

Production was through perforations at 8,571-89 feet, which had been acidized with 5,000 gallons.

Drilled to 8,627 feet, 5 1/2-inch casing was set at 8,626 feet.

Location is 1,707 feet from the most easterly north line and 2,432 feet from the most easterly west lines of F. G. Howard, Abst. 39.

The extended, the firm's No. 1 Foster (was finished May 24 for 410 barrels of 44.7 gravity oil, with gas-oil ratio of 2,240-1, and perforations between 8,482-8,506 feet. It also indicated production in the Wolfcamp with recovery of oil on tests at 5,167-5,206 feet and 5,285-325 feet; and shows of oil on a test between 5,168-80 feet.

**J. O. FOX DEAD**

Mr. and Mrs. Earl Bailey attended funeral services for J. O. Fox in Paris last Saturday. Mr. Fox had died in a Paris hospital on Wednesday of last week. The Baileys returned home the first part of this week. Mr. Fox was a brother-in-law of Mrs. Bailey.

Mrs. David Wallace, the former Johnnie Bess Reed and her daughter, Judy, were guests of Mrs. Wallace's parents. Mr. and Mrs. John Reed during the Diamond Jubilee. Judy is now a freshman in the University of Mississippi.

no mining the Harbor of Haiphong were that to do so might bring Red China into the war. This was given as the excuse by some who opposed our bombing of supply lines and oil and warehouse storage in North Viet Nam. It was the same given earlier against bombing North Viet Nam at all, and particularly against bombing railroad bridges leading from Red China.

It was also contended that to seal off Haiphong would offend our allies, but the same consideration did not stop the British from diverting a Greek ship carrying oil to Rhodesia.

Probably the best of all the poor excuses for not doing something about the only big port of North Viet Nam was the frequent statement that to mine Haiphong's harbor would bring retaliation against the Harbor of Saigon and the channel of the Saigon River leading to the ocean.

The mine exploded in the Saigon River channel should remove any doubt about the advisability of playing "after you, Alphonse."

While we are doing less than we could do and less than we should do, North Viet Nam forces continue to build up in the Northern Area of South Viet Nam, and those knowledgeable of the situation have no doubt that under present circumstances they have the capacity of waging aggressive and effective warfare for a long time to come.

Here at home the voices of the "new isolationists" continue to be heard, advocating greater welfareism and opposing our efforts in South Viet Nam. The new isolationists, although apparently with less influential advocates, have long passed the "butter or guns" issue of a year ago. It is now only butter.

To his credit, Vice-President Humphrey recently took to task those who assert that the Administration should spend its money and resources on domestic programs instead of Viet Nam and Southeast Asia.

Mostly these are the same people who have never shown great concern about governmental expenditures for what ever purpose. Could be they are like the boy, who having killed his father and mother, stood before the judge pleading for clemency on grounds that he was an orphan.

**Noratadata Club Has Dinner**

Members of the Noratadata Club held the reassembly dinner Monday evening at the community center. Husbands were guests and Mr. and Mrs. James Thompson were guests.

Hostesses for the dinner were Mrs. D. Kirk Hopkins, Mrs. Nan Davis and Mrs. Robert Foster.

Bridge and forty-two were played. President Mrs. Billy Ralph Bynum welcomed new members Mrs. Henry Bauer and Mrs. Charlie Probandt.

The yearbooks were handed out to the members.

Present were Messrs. and Mesdames Dayton Barrett, W. R. Brooks, Billy R. Bynum, Robert Foster, Ross Foster, Lynn Glass, Kirk Hopkins, W. J. McClure, Chesley McDonald, Foster S. Price, Charlie Probandt, I. W. Terry, Hubert Williams and James Thompson, and Mrs. Worth Durham and Mrs. Nan Davis.

**Spinal Meningitis Victim**

Mack Wilson, five year old son of Mr. and Mrs. Bob Wilson of Houston, died early Sunday morning of spinal meningitis. Mrs. Wilson is the former Caralyn McCabe, a daughter of Mr. and Mrs. Harold McCabe, former Sterling residents.
