

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Two Sterling County 4-H exhibitors in the Junior Ramboillet sheep show at Houston last Thursday gathered up \$168 in prize money. The exhibitors were Amy Hodges and Janis and Lee Wayne go. Janis and Lee Wayne are entering the shows with one group of sheep under both names.

In the placing department, Amy had the first and third place ram lamb while Janis and Lee Wayne had the fourth place ram in the same class. In the two tooth ram class, Amy had the fourth and fifth place rams and Janis and Lee Wayne had the ninth and eleventh place animals. The first place ram exhibited by Amy went on to win the championship in the ram class.

In the ewe lamb class, Amy's ewes won second and fourth place ribbons. Janis and Lee Wayne's ewe lambs took the third and sixth place ribbons. Amy's two tooth ewes won third and fifth place ribbons and Janis and Lee Wayne's ewes were fourth and ninth.

Janis and Lee Wayne won first place honors in the exhibitor's flock class and Amy placed third. In this class, the exhibitors show one ram of any eligible age, two yearling ewes, and two ewe lambs.

In the Junior Hampshire show on Friday morning, Amy Hodges was the only exhibitor from Sterling County. Persons who had seen the open Hampshire show the week before, said the Junior show was much rougher than the open show.

Amy's placing in the Hampshire show included a third place ram lamb, and a second place tooth ram. In the ewe class, her ewes placed fourth and seventh in the ewe lamb class and fourth in the two tooth class.

There were only two 4-H exhibitors in the fat lamb show at Houston. The two exhibitors were Amy and Janis and Lee Wayne. Agass, Janis and Lee Wayne were exhibiting as a partnership. Neither lamb placed in the show.

If you haven't already taken a still time to see some of it, judging in the Junior Ramboillet show, the Junior Range Goat Show, and several other classes will take place Friday afternoon. The Range Show is being held Friday morning and will terminate sometime around noon. Sterling County 4-H club members will be competing in all these shows.

The auction sale of fat lambs, steers, and pigs gets under way 8:00 a.m. Saturday morning.

Sterling County must be re-certified under the Brucellosis eradication program during March. The present certificate expires on March 14; thus the testing must be completed during the month to keep our present standing. There is another article in the paper which gives more details on the testing program.

ATTEND W.O.W. BASIC TRAINING CLINIC

Kenneth L. Peel, field representative for the Woodmen of the World Life Insurance Society, will attend a Basic Training Clinic in Abilene, Texas March 10-12. The clinic, to be held at the Starlite Motor Hotel, will be conducted by Mel Evans, assistant education department manager from the Woodmen office in Omaha, Nebraska.

Southwest Texas State Manager Emmett A. Bowers of Abilene, will assist Mr. Evans in the fraternal features of the training sessions.

Behind the 8-Ball

By the editor.

COYOTE HUNT

On Monday morning a big group of ranchers and interested persons gathered at the John Dorn Willow Ranch for a big coyote hunt or drive.

A barbecue dinner was set up to serve the volunteer hunters. Some poisoned baits had been set over that area in efforts to try and get it. So the day of the hunt, the men spread out to take their stations for the drive—and the coyote was found—DEAD.

It had gotten some of the poisoned bait, and died. Chesley McDonald and Danny Stewart came upon the dead coyote and, of course reported it to the hunters.

Chesley said if it hadn't been SO DEAD, he would have shot it, and carried it in a heroic manner.

The barbecue dinner was served, anyway. T. J. Finnegan was barbecuer.

Then on Tuesday morning as Mrs. Jim Bob Clark was driving in to town for the day, she saw a coyote in the road, she reported it and a quick hunt was organized.

Mrs. Clark said it was a BIG one, and she tried to run over it with her car. It was between the fences on the road, but she couldn't quite make it.

A group of hunters was organized or notified hastily and found the critter about a mile from where Mrs. Clark had seen it. They killed it.

In on the kill were T. J. Finnegan, Bill Humble and Jim Davis.

8-BALL

A new incinerator has been built just back of the courthouse. It was built under the direction of sheriff Cantrell—and is a furnace type set in concrete with a chimney.

8-BALL

Summer has come and—went. Last weekend it was in the 90's around here and then—wham, on Sunday it got to be winter again. I thought maybe that the spring had already sprung, but old man winter was lurking around the corner.

It has been the driest winter that I can remember. That can be proven by the amount of rain or moisture that we have gotten since October 3. That was five months ago, and practically none has fallen since, except three little dribbles.

Oh well, maybe we'll all get used to dry-land living—and develop into the Great American Desert.

8-BALL

Albert McGinnes, local manager of the West Texas Utilities here, has been here for one year this week. He replaced Wayne Loury, who removed to Ozona as local manager there.

8-BALL

Most nearly everybody is planning on going over to the San Angelo Fat Stock Show this weekend, or before it is over. A number of FFA boys and 4-H Club members have entries in the show and are expected to make a good showing.

Vocational agricultural instructor Fred Igo and County Agent Arthur Barlemann are in charge of the youthful exhibitors.

8-BALL

TRASH, Trinket and Treasure Sale Friday and Saturday afternoons, Mar. 17-18 at the C. L. Coulson residence.

T.B. Patch Test Here March 20 for Everybody

Every resident of Sterling County will have an opportunity to have a simple tuberculosis patch test here March 20 at the Sterling County Hospital. The hours for the applying of patches will be from 5:30 to 8 p.m., said Mrs. Foster S. Price. The project is being sponsored by the Noratadate Club of Sterling City.

The club had a committee to meet with Mrs. Katherine Rogers of San Angelo Thursday morning here. She is the executive director of the Tom Green County TB Association.

Meeting with Mrs. Rogers were Mrs. Billy Ralph Bynum, Mrs. Charles Probandt, Mrs. Mildred Emery, Mrs. Joseph Blank and Mrs. Price.

The test is for people of all ages and is very simple. The testing is free and the club hopes all will take advantage of the testing.

Show up at the hospital on March 20 at 5:30 to 8 p.m. and get your TB patch test.

LIONS CLUB

The Lions Club met at noon Wednesday in the community center for the regular weekly luncheon. Guests present included Fred McCabe of Robert Lee and Burl Pringle of San Angelo.

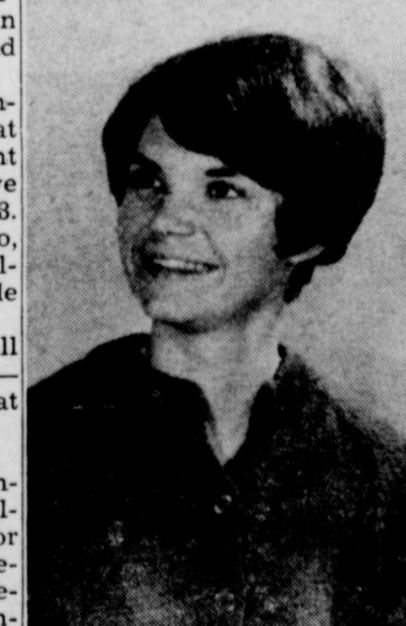

It was reported that the "yield" signs had been put up over town over the weekend.

The club and the park committee are considering pecan tree planting at the park, as well as water fountains. President Kirk Hopkins named a club committee to work out the details. He named Dan Glass, Horace Donalson, Jim Cantrell, Charles Probandt, and Hal Knight.

Worh B. Durham, vice-president of the Texas Sheep and Goat Raisers Association, is in Denver, Colorado, attending the American Sheep Producers Council this week end.

LEAVE ON CARRIBEAN CRUISE THIS WEEK

Mr. and Mrs. H. L. Hildebrand and Mr. and Mrs. Roy Foster left Wednesday of this week for a Carribean cruise of 14 days. They went to Dallas Wednesday and left there by air for Port Everglades, Florida. They will leave there today (Friday) on the S.S. Frederic for the cruise that will take them to Nassau, San Juan, St. Thomas, Martinique, Trinidad, La Guarira, Aruba, Cartagena, Panama and Port-Au-Prince. They will be back in New Orleans on March 24.

MISS KATE NULL

Null-Asbill Engagement Is Told

Mr. and Mrs. John C. Null of Jal, New Mexico announce the engagement and forthcoming marriage of their daughter, Kate, to Vernon Asbill, Asbill, son of Mr. and Mrs. Thomas E. Asbill of Sterling City.

The ceremony will take place Saturday, June 3 at the First Methodist Church in Jal.

The bride-to-be is a junior at McMurry Colleg, Abilene, and the prospective groom is a senior there.

AS IT LOOKS FROM HERE

By Omar Burleson, Member of Congress, 17th District

WASHINGTON, D. C.—This office will probably average six to eight long distance telephone calls a day from people in our 24-County Congressional District. Sometimes more, sometimes less.

Usually, when it is the other person's nickel, an inquiry is made about the weather back home. As everyone knows, weather is always an important subject in West Texas.

Unfortunately, reports in the last several weeks describe a drought situation which is becoming more acute by the day.

This is one thing we cannot do very much about by legislation, although Government has tried to cure about everything else. Even weather control is receiving a great deal of scientific attention.

Conditions of the drought bring to mind a friend, Judge Frank Wilson, who relates a story about a trip he made with his father from Dallas to the Texas Panhandle where they owned a ranch.

It was a hot summer day and their model T Ford was suffering severely from the lack of water when they reached Anson. At that time we had one of the finest horse troughs to be found anywhere located on the northwest corner of the Square. It was fed from the town stand-pipe, equipped with a float valve in the center which kept it at a constant level. This was a great invention and no finer equipment could be found anywhere.

The water, however, was for horses and not for automobiles, so my friend, who was then a boy of seven, remembers his father being advised by the City Marshal.

It was dry and hot and this new fangled automobile from the big city had no business using up our water.

That horse trough has long been gone, having been paved over in the early 1920's. There must be very few horse troughs any place now except Washington, D. C. where you can find just about anything, including a horse trough.

The very last one, however, it soon to be the victim of "Mr. Clean."

Ever since the mid 1800's the Nation's capital was equipped with horse troughs, but now they have all been removed except one because it was decided that they were a health menace. The one remaining one is deep in Rock Creek Park and the purpose of it is explained to children.

No inquiry has been made as to where the horses of the mounted Park Police are going to get a drink of water, but it will probably be frowned upon if they try to drink from fountains provided for people. They could drink out of Rock Creek but the water in it is not fit for man or beast because of its contamination.

The original cast iron troughs were placed around Washington in 1870 by the Washington Humane Society. The present 70-year old president of the society says that the organization, bought the troughs and the City installed them. The ownership is still in the Society, and feeling no

Cow Testing Must Be Done in March

PTA Held Monday

Robert Bass, high school English teacher, spoke at the Monday night meeting of the Sterling City PTA. He spoke on "Education—What Kind? For Whom? How Much?" He pointed out the three factors in education—the students, the school, and the parents.

The Rev. Andy Daniels gave the devotional. Amy Humble played two piano selections.

A special group of readings and music selections were given by students in the sixth, seventh and eighth grades.

Following the meeting, a tea was held in the lunchroom by the hospitality committee.

Open house for Texas Public School week followed.

NAMED TO DEAN'S HONOR ROLL AT A.C.C.

ABILENE, Texas— Shirley Price, daughter of Mr. and Mrs. Foster S. Price, has been named to Abilene Christian College's Dean's Honor Roll for the fall semester.

To achieve this honor a student must take at least 12 semester hours and have a 3.45 grade point average out of a possible 4.0.

A 1965 graduate of Sterling City High School, Miss Price is a junior medical technology major. She is a member of Gata social club.

choice, they permitted their removal. Five or six may be up for sale soon from \$35 to \$40. One very fancy trough was located in the downtown business area adjacent to the site of the new F.B.I. building soon to be constructed. It was also donated to the city in the early 1800's. Pictures show it to be quite elaborate, designed as a fountain to serve horses, birds and humans.

It was only removed last year and is now in storage in the city warehouse. It is the property of the City of Washington, and the District of Columbia being the property of all the people of the United States, everybody owns a little bit of a horse trough. No disposition has been made of it and there is a question whether it will be put in a museum. If so, it will probably be equipped with the same valves, pipe and other paraphernalia that originally made it work.

If not put to use, we may try to get it for the Northwest corner of the Square in Anson.

STERLING COUNTY COW HERDS MUST BE TESTED

Sterling County cow herds must be tested during March to keep the county certified under the brucellosis eradication plan according to Arthur Barlemann, Jr., County Agent. The present certificate expires on March 14. To maintain certification, herds must be tested every three years.

Since the present certificate does expire next week and no word has been received relative to a starting date for testing, Dr. J. B. Henderson, area veterinarian with the Texas Animal Health Commission, was contacted Monday night. Henderson stated that plans were to get the testing started in the county, probably next week. Crews are working out of San Angelo testing Tom Green County, Runnels County, and Sterling County as soon as possible. Henderson also said that as long as a county was tested before the end of the month in which the certificate expired, there was no problem.

Since March 13, 1964, a total of 450 cattle in 85 herds have been tested under the market cattle testing program. To qualify as a certified county, an additional 519 cattle in five herds must be tested. Henderson stated that it will probably not be necessary to test 519 cattle but if that many could be cleared in at least four herds, it would suffice. However, this is not definite. The definite program will not be known until the crew starts to work in the county.

A new method of testing is being done this time. It is not necessary to take a blood sample to the laboratory as it was previously. Testing crews are not using the headgates that were used in the two previous tests. A new method of an injection is used; the test can read on the spot. Reactors can thus be branded on the spot and a second round up of cattle is not necessary. The crew leader is staying in San Angelo and will be contacted this week for more details on when they will be gin work in the county. As soon as this is known, producers will be notified by the best means in order to get the testing accomplished.

Mrs. Robert Foster underwent an operation in the Shannon Hospital Thursday morning of last week. She was removed from the intensive care ward Tuesday and is reported as doing o.k.

THIS SPACE CONTRIBUTED BY THE PUBLISHER AS A PUBLIC SERVICE.

Does your wife watch her figure but ignore her body?

Don't give her the benefit of the doubt. Ask her. Find out when she last had a Pap test. Or examined her breasts for cancer. Or had a complete health checkup.

Put her on the defensive. Tell her that nearly 100% of all uterine cancers are curable if detected early. The Pap test detects them early.

Make her understand that thousands of women with breast cancer are being saved when their cancers are detected early. Monthly self-examination helps detect early signs of breast cancer.

See whether or not she knows the seven warning signals of cancer. She won't. So tell them to her:

1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in a wart or mole.

If a signal lasts more than two weeks, make her see a doctor without delay.

Then, after you get all done lecturing your wife, let her lecture you.

It makes sense to nag your spouse into routine health checkups.

It makes sense to give to the American Cancer Society.

City Election April 4

There will be a city election here on Tuesday, April 4 for the purpose of electing three city councilmen. This will be the regular city election.

Councilman Fred Hodges is dead, Hugh Harzke is moving to Brady, and Harvey Glass' term of office is up, said city secretary Mrs. H.F. Donalson.

THE "UNMENTIONABLE" DISEASES

The diseases that nobody wants to talk about are among the very ones that can blind, cripple, or even kill.

The American Medical Association says venereal diseases are this nation's most urgent communicable disease problem. There's little wonder: VD is infecting 1,100,000 Americans a year—about 3,000 a day, or almost two a minute. And yet, despite the penicillin cure that has been known for more than 20 years, VD continues as a problem, continues to bring tragedy to countless families.

Venereal disease is passed by intimate personal contact. That, of course, is why it is so reluctantly mentioned.

If VD is to be conquered, however, it must be by a straight-forward approach. The AMA and medical societies throughout the country are encouraging people to (1) avoid exposure to VD, (2) seek prompt examination and necessary treatment, and (3) report to their doctor, sincerely and completely, their possible contacts with the disease.

Only by this lawful method can VD be eliminated. And only then can conscientious people stop talking about it.

What people are saying about...

A CLEAN BREAK WITH THE PAST

What people are saying about... "Carried away with it!" say Natalee and Dianna, daughters of the J. D. Locklears of Eden, Texas. Natha and "Sud" Locklear echo their daughters' approval of total-electric Gold Medallion living. Mrs. Locklear's special pride is her total-electric work room complete with home laundry, ironer, sewing machine and professional type hair dryer. She also praises the comfort of electric heat. "I didn't know electric heat would be so warm. We have no need for blankets any more," she says.

"Sud" is amazed at the low cost of operation. The 2,057 square water heater, home freezer, washer and yard light outside. "The children run in and out all the time, and our average monthly cost is \$37.63."

The Locklears use West Texas Utilities Equal Payment Plan. "That way you know what you're going to pay every month."

Make a clean break with the past...convenience and comfort are great in Total Electric Living. TALK TO YOUR ELECTRIC CONTRACTOR OR VISIT WEST TEXAS UTILITIES.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. TEXAS SHEEP & GOAT RAISERS ASSOCIATION

LONGER BENEFITS UNDER SOCIAL SECURITY FOR STUDENTS (Up to 22 Years)

The social security law now provides monthly benefits to unmarried students under age 22. These benefits are payable only on the record of an insured parent who is drawing disability or retirement payments, or who is deceased. The amount of the benefit depends on the earnings of the parent and the number of dependents entitled to payments on the parent's account. Student payments can be as high as \$102 per month and more in future years.

Students whose benefits were stopped under the old law when they reached age 18 may be eligible to receive payments now.

Ted F. Moellering, District Manager of the San Angelo Social Security Office, believes here are many students in this area who could qualify for monthly payments.

These payments are not automatic. Any student who has a parent who is retired, disabled, or deceased should contact the people at the social security office for additional information and application forms. If you wait too long, you risk losing benefits.

The district social security office is located at 3000 West Harris in San Angelo. The telephone number is 949-4608. The office remains open each Monday evening until 8:30 for the convenience of those who are unable to come in during regular office hours.

CONSOLE SPINET PIANO.

Will sacrifice to responsible party in this area. Cash or terms. Write Credit Mgr. Tallman Piano Stores, Inc. Salem, Oregon.

Track Boys at Ozona Tournamnt

Coach J. R. Dillard took his high school track boys to the Ozona Invitational Tournament last Saturday. He took Jerry Currington, Andy Gaston, Esau Vargas, David Currington, Jack Thornton, Bruce Crowder and Randy Peel. Also on the track squad but unable to be at the meet are Alex Sedillo, Jimmy Applin and Frank Price.

In the preliminaries Andy Gaston placed first in the 440; in the finals he placed sixth—but he had just ran the 220.

The 880 relay team placed 4th at the meet. The team is made up of Andy Gaston, David Currington, Jack Thornton and Esau Vargas. These same boys make up the mile relay and they placed 3rd in the mile relay.

Bruce Crowder and Randy Peel entered the mile run; Jerry Currington the 880; and Esau Vargas the 220.

Dillard will take the boys to the Grandfalls tournament March 18, to San Angelo on the 25th and to Gail on April 1.

Six Flags to Open on April 29

Six Flags Over Texas will begin its 1967 season on Saturday, April 29.

The announcement came from Angus G. Wynne, Jr., President of Great Southwest Corporation, owner-operator of the famed 115-acre, historical theme entertainment park located midway between Dallas and Fort Worth.

During the Spring, Six Flags Over Texas will be open on Fridays from 5:00 p.m. to 11 p.m. and on Saturday and Sundays from 10 a.m. to 10 p.m. Starting May 26 and continuing through Labor Day, the Park will be open seven days a week from 10 a.m. to 10 p.m. Following Labor Day and until the season closes October 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 9 p.m.

The Run-A-Way Mine Train ride, key project in the \$1 million expansion of the Boom Town Section of the Park which was begun last season, has been completed over the winter months. The ride, one of the most exciting ever developed, was introduced to visitors on a limited basis near the end of last season, while work continued on the project.

An attendance milestone will also be reached during the forthcoming season, as Six Flags anticipates welcoming its ten-millionth visitor sometime during the month of August. The Park, which opened in 1961 has already counted over 8.5 million visitors.

FOR RENT—2 bedroom furnished house Ph. 8-3921.

NORATADATA CLUB TO SPONSOR PATCH TEST

The members of the Noratadata Club met last Friday evening with Mrs. Ross Foster as hostess. Sixteen members were present and bridge was played.

The club is sponsoring the tuberculosis patch test for all of Sterling County on March 20. The business meeting was a discussion of the project. A committee from the club met with Mrs. Katherine Rogers, executive director of the Tom Green County TB Association on Thursday of this week and finalized plans for the mass patch test here.

SCHOOL BOARD ELECTION HERE APRIL 1

There will be a school trustee or board election here on Saturday, April 1. Three members have terms expiring. They are Stan Horwood, Bill C. Humble and Roy Morgan.

Filing for the spots on the ballots are Horwood and Humble—and Clinton Hodges.

Roy Morgan did not want to be considered for reelection and did not file. Hodges is on the ticket in the third spot.

Other members of the local board are Chesley McDonald, Finis Westbrook, Reynolds W. Foster, and John Copeland.

Mrs. Lee Augustine will be judge of the election and the election will be held in the district courtroom of the local courthouse.

SCHOOL LIBRARY RECEIVES GIFTS

Several books have been added to the memorial collection in the school library:

In memory of Mrs. Robena Keller Horwood: Mr. and Mrs. Seth Bailey have placed Irving Sone's *Those Who Love*, a biographical and historical narrative of early America with President John Adams and his wife Abigail the chief characters.

Mr. and Mrs. Ross Foster have placed Randolph Churchill's Volume I of his life of his father, Winston Churchill, Youth 1874-1900.

Mr. and Mrs. Frank Milligan have placed Elizabeth Montgomery's *The Story Behind Musical Instruments*.

The Sterling School Faculty have placed Marion Bauer's *Music Through the Ages*, a book about composers and the history of music.

In memory of Mr. Dan Ritter Mr. and Mrs. Frank Milligan have placed *Cow People* by J. Frank Dobie and the Sterling School faculty have placed *I'll Tell You a Tale: an Anthology* about the pioneers of Texas, the Mustangs, the Longhorns, life in the saddle, and the folklore of that period, by the same author.

Mr. and Mrs. H. L. Bailey have given the library several books, including the complete collection of Con Doyle's stories, for which the school is especially grateful.

Mr. and Mrs. Reynolds Foster have added to the magazine files as have Mr. and Mrs. Jack Douthit, and Mr. and Mrs. O. T. Jones.

Search for Miss Wool of Texas Begun

The search for Miss Wool of Texas for 1967-68 has begun, and will culminate in an extravagant pageant in Dallas on Monday, May 29.

For the second consecutive year, the scene for the statewide contest will be in the Apparel Mart.

Fifteen finalists will compete for the coveted title and a year of travel in the state of Texas.

Basic requirements for contestants are:

- *Must be between ages of 18 and 25 inclusive.
- *Must be a resident of Texas
- *Be able to wear standard size 10 dress, suit and coat
- *Be at least 5 feet, 6 inches tall in stocking feet
- *Have completed one year of activities in an accredited college or university.

Sponsored by the Texas Sheep & Goat Raisers' Association, the Miss Wool of Texas program was first inaugurated in 1952. The Miss Wool of America program and pageant is a result of this Texas beginning.

Interested candidates may obtain official application forms from deans of women or sororities on most Texas college campuses. Or, applications may be secured by writing: Frank A. Fecher, Womack-Snelson Advertising, Inc., 203 San Angelo National Bank Building, San Angelo, Texas 76901.

Deadline for all applications is April 1, 1967. A group of 15 finalists will be chosen from all applications received, and this selection will be announced about April 15.

The 15 finalists will compete in a 3-day program which will include personal interviews, climaxing in the pageant to be held in the Great

Crisp Williams, son of Mr. and Mrs. Hubert Williams, a student at Henderson County Junior College at Athens, is home with the mononucleosis. Crisp will stay out for a semester to recover.

Ben Atwell underwent surgery at the St. John's Hospital in San Angelo Wednesday morning of last week. Mrs. Atwell said he was recovering nicely.

Ben was released from the hospital the middle of this week, and returned home.

Hall of the Apparel Mart. Through the cooperation of Texas Fashion Creators Association, Inc. finalists will model selected Texas-made made fashions of wool and mohair before an expected 3,000 retail store buyers from all over the nation.

The young woman chosen as Miss Wool of Texas will succeed Patricia Vincent of San Antonio, the present Miss Wool of Texas who was chosen last year. Miss Vincent will represent Texas in the annual Miss Wool of America contest to be held June 30 in San Angelo.

Miss Wool of Texas presents fashion shows at leading department stores in Texas. She receives for her personal wardrobe a fashion-important collection of leading Texas-made dresses, suits, and coats. In addition, her wardrobe is completely accessorized with shoes, handbags, and jewelry. She receives a matched set of Samsonite luggage and a brand new Chevrolet convertible to travel in about the state.

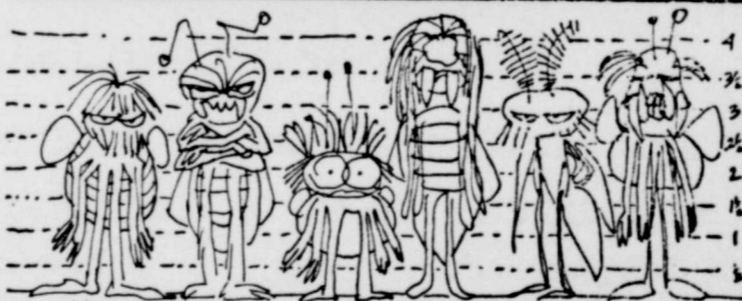

SCIENCE SKETCHES

STUDENTS of marine biology at Cornell University ended their summer studies by eating their biological specimens. Main course for the exotic meal included periwinkles and mussels. Dessert was made from Irish moss plucked from rocks at low tide.

A HANDFUL of aspirin-size catalyst pellets contain a combined surface area equal to a football field, says Girdler Catalysts, Louisville. A complex honeycomb structure gives them a high ratio of surface area to volume.

SIX TINY killers that have caused more deaths than all the wars of history were exhibited by Boston's Museum of Science. They are the house fly, mosquito, flea, body louse, tsetse fly and tick.

Expo Theme Expressed by France

France is going to the second largest French-speaking in the world with a challenge to 20th Century man's science . . . via an impressive pavilion on Ile Notre Dame Montreal's Expo 67. Based on the storyline, "Tradition and Invention," the French exhibits are designed to stimulate both intellect and emotion.

As at all world's fairs, architecture at Expo 67 will be excitingly modernistic, and the French Pavilion, which is built in the shape of a Venetian lamp, will be no exception. The seven story structure, set on a square grid, boldly reflects the island nature of the Expo site, as it is built partly on the ground, and partly in the water.

Inside, visitors will see exhibits showing French progress in all the technical fields. Even the methods of presenting exhibits will be inventive and futuristic. It is planned, for example, to show spectacles by "Son et Lumiere"—impressive sound and light effects.

Striking as it is, the \$44 million Pavilion is not France's first or only contribution to the fair, for the Exposition's theme, "Man and His World," is drawn from the works of French writer and aviator Antoine de Saint-Exupery, who wrote in "Wind, Sand and Stars" ("Terre des Hommes") "To be a man is to feel through one's own contribution one helps to build the world." Expo 67 will express this philosophy through five sub-themes depicting man as Creator, Explorer, Producer, Provider, Member of the Community.

Expo 67 will begin April 29 and run through October 8. Over 70 countries in addition to France will participate in their own pavilions.
