School Trustees Elected Saturday

Hodges, Horwood and Humble In

Three members of the school board were named in a board member election here last Saturday. There were 62 voters casting ballots and there were three names on the ballot.

The votes were cast as follows—

Clinton Hodges 62
Stan Horwood 61
Bill C. Humble 60

Three other persons got 1 vote each in write-ins.

Other members of the board are Chesley McDonald, Finis Westbrook, John Copeland, and Reynolds Foster.

AS IT LOOKS FROM HERE

By Omar Burleson, Member of Congress, 17th District

WASHINGTON, D. C. The president has made recommendations for some rather sweeping changes in the Separation of Powers Act. Many of the proposals can be enacted by Executive Order without the approval of the Congress. Parts of the basic law require Congressional action if there is to be a new draft system.

There is no question, however, that the proposals will be debated long and steamily. Many of the proposals have already met stiff opposition in the Congressional leadership.

A major issue on which there will no doubt center is the draft is administered. The present decentralized and local draft board system is being questioned. The question is, is it outdated? The House says it is, and has passed 500 area centers to take over the present functions of the draft boards and apply policies with respect to classification and appeal.

The Armed Services Committee has disagreed, apparently feeling that there is merit in the neighborhood approach to the selection of registrants.

The next issue will be the "youngest first" recommendations of the President's panel. On the surface, there appears to be unanimous agreement between the White House, the Armed Services Committee and the Department of Defense. Underlying this seeming agreement, however, is a basic question of just how the young men are to be drafted.

The House panel recommendations would be termed a "random selection process" using the "bowling method" or computer. They avoided using the word "lottery", but basically this is what it amounts to and both the House and the Department of Defense have objections.

The issue of student deferments is probably the most area of dissension of all. The White House panel recommends abolishing the system of student deferments entirely. The Congressional Committee favors the college deferment program in general.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

John C. Reed
Mrs. V.T. Ferguson
Mrs. E. B. Butler
W. B. Hale
Henry Holcomb

Dismissals since Thursday morning of last week include: Temp Foster
Mrs. Forrest Foster
Mrs. T. W. Neill
Mrs. Jessie Sparkman
Mrs. Tommy Arp

Chicken Supper Saturday Night

The Junior High Methodist Youth Fellowship will plan and prepare a meal of barbecued chicken with all the trimmings on Saturday, April 8 from 5:30 to 7:30 p.m. at the community center.

Costs of the meals for adults will be \$1.25 and for children 75c, said pastor Phil Robberston.

Chicken, beans, salads and dessert will be served, it was said.

Everyone in town is welcome and it is hoped that a large crowd will attend. The money raised will go for the MYF's projects this year.

Named to Fraternity at Abilene Christian College

ABILENE — Shirley Price, daughter of Mr. and Mrs. Foster Price, has been named a member of Texas Psi chapter of Alpha Chi at Abilene Christian college.

Alpha Chi is a national collegiate fraternity to honor junior and senior students who have a minimum grade point of 3.4 and who are in the top 10 percent of their classes.

A 1965 graduate of Sterling City High School, Miss Price is a junior medical technology major. She is a member of Gata social club.

except for non-critical graduate students. But it did insist such students be enrolled on a full time basis and have an age limit of 24 for their study program. After that they would be considered eligible for the draft along with 19 year olds. While this was the general consensus of the Congressional Committee, it was by no means unanimous, and there are a number of objections to the entire student deferment program who have publicly stated they would support the White House panel recommendations in this field.

Both the White House panel and the Congressional Committee are concerned with the National Guard and Reserve Units being a haven for evaders of active duty. The House group proposed that those in reserve enlistment program be liable for additional active duty if they did not complete their reserve obligations. At this time, the Department of Defense has already announced plans to immediately call for terms of extended active duty those young men who have willfully neglected fulfilling their reserve obligations and the individual services are preparing the methods by which these men would be called. The White House group urged that men eligible for draft not gain immunity by direct enlistment in the Guard or Reserves.

So, the outlook is for a long and strenuous debate. What emerges will probably be neither just what the White House panel proposed nor what the Armed Services Committee panel envisages.

Sterling Wins One Act Play Contest

The Sterling City entry in the one-act play contest won first in district competition at Robert Lee Tuesday night.

Not only did the locals win first place, but Chris Frizzell, son of Mr. and Mrs. Cotton Frizzell, won the award as the best actor and Elaine Price, daughter of Mr. and Mrs. Foster S. Price, won the award as best supporting actress.

The group will now be in regional competition at the regional contest later this month at Big Spring. Mrs. Lynn Glass is director of the play. The players include the named above, Chris Frizzell, and Elaine Price, Charlotte Foster, Johnny Copeland, Gary Foster, Lynn Alexander, Jay Clark, Debbie Reed.

Sterling Second at League Meet Here

The elementary and junior high interscholastic league events were held here last Saturday and Sterling school won second. Robert Lee took first place with 56 points, Sterling second with 50 1-3, Bronte third with 49 1-3 and Water Valley fourth with 17 1-3. Forsan did not make any points.

In story telling Melinda Terry placed first; in picture memory, Sterling, Bronte and Water Valley tied for second place. On the Sterling team were Lisa Horwood, Linda Currington, Don Alexander and Jesse Lujan—who had a perfect paper.

In 7th and 8th grade spelling, Sterling was first with Susan Terry and Clark Kilpatrick as the team.

In 5th and 6th grade spelling Sterling City was second. The team included both Gail Currington and Sara Medina.

In oral reading Susan Terry placed second for Sterling; in the same event for boys Clark Kilpatrick was second.

In ready writing Sterling placed third with Bobby Barton as the local contestant.

In number sense Karen Currington (for Sterling) was third.

LOCAL GIRL ON TWU HONOR ROLL

DENTON, Texas—Names of students at the Texas Woman's University who have won distinction because of excellent grades have been announced by Dr. John D. Williams, vice-president of Academic Affairs. Students who achieved a B-plus or better grade average for the first semester have been placed on the Dean's Special Honor Roll.

Included on the list is Miss Lee Douthit, senior history major, daughter of Mr. and Mrs. Jack Douthit of Sterling City.

LIONS CLUB

The Lions Club met at the community center Wednesday for the regular weekly luncheon. Fred McCabe of Robert Lee was a guest.

Talk of bleachers at the Little League Park took some time. President Kirk Hopkins appointed a committee to see about the bleachers. He appointed Dan Glass, Arthur Barlemann and Jim Davis.

It was told that water was to be piped to the ball field this week-end and a work-day for all who would help set for Saturday, April 8 at 1 p.m.

Work Day Saturday at 1
All who will be asked to come to the park Saturday afternoon and help with the work.

City Cafe Opens Wednesday

Mr. and Mrs. Mac Bengel opened the City Cafe here on Wednesday afternoon. The building had been vacant for several years—ever since C. T. Boots Williams had moved his fixtures out of it and out to Monahans.

The Benges have fixed up the inside with brand new fixtures and appliances and decorations. The booths are new, the counters are new, the kitchen fixtures are new, and the place gleams with its newness.

Mac owns the old building just west of the cafe and he is tearing it down for use as a parking place.

Cancer Workers Met Monday Morning

The volunteer workers for the Cancer Drive here had a kickoff breakfast at the community center Monday morning of this week.

Dan Gless, president of the Sterling County Chapter of the society, presided. He introduced Mrs. Chesley McDonald, Crusade Chairman, who handed out the cards of names to the volunteer workers.

Riley Sloan, field representative for the Society, told the workers of the confidential reports that all are asked to fill out and mail in to the unit. The survey will help the society in its efforts in the years to come.

Mrs. Lucy Sykes Davis Buried Here Saturday

Mrs. Lucy Sykes Davis was buried here at the Montvale Cemetery last Saturday afternoon, following funeral services at the Robert Massie Funeral Chapel in San Angelo.

Mrs. Davis, 80, was the mother of T. C. Cutter Davis, Roy C. Davis and Walter Davis.

86 Votes Cast in City Election

Talent Show Entries in by April 10

Entries in the Cancer Talent show should get their entries in by Monday, April 10. Persons wanting to enter the show should list their name and act with Mrs. Danny Stewart or Mrs. Larry Glass.

Mrs. Stewart said that a practice or rehearsal meeting of all contestants would be held perhaps next week.

So if you can sing, play a musical instrument, dance or perform in any way, enter the Cancer Talent Show.

The show will be put on here April 28, it was said.

TENNIS WINNERS

Last Friday George White took the tennis players from here to participate in the interscholastic league competition at San Angelo. The play was for the northern half of the district.

Bobby Barton won the boys singles in his division.

Johnny Copeland and Collin Douthit won the senior boys doubles. Playoffs came Wednesday afternoon at the Bronte courts with Bronte and the locals lost.

Harvey Glass, A. C. Lively and Ross Foster In

A total of 86 voters went to the polls here Tuesday and cast votes in the city councilman election. Winners were incumbent Harvey Glass, Ross Foster and A. C. (Skipper) Lively. Glass and Lively's names appeared on the ballot but Ross Foster was a write-in. Also on write in votes Hal Knight received 38 and Jim Butler 29. Four other persons got one vote each.

The votes were as follows—
Harvey Glass 79
Skipper Lively 50
Ross Foster 48
Hal Knight 38
Jim Butler 29

Other members of the city council include mayor Lee Reed, Roland Lowe, Foster S. Price.

Sgt. Ronald Edwards, son of Mr. and Mrs. Ed Edwards of Sterling City, flew in Wednesday morning and picked up his father and flew him back to El Paso. Ed wanted to go to El Paso for a checkup from his doctor there.

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Now is the time to apply fertilizer to your lawn to get the benefit from the initial growth of the grass. A good application now and periodic applications during the growing season will keep the lawn growing and green—if water is available.

For best results, grasses should receive two pounds of actual nitrogen per thousand square feet when they begin their growth in the spring. In this area the nitrogen is the only critical element; all soil tests made here have called for nothing more than nitrogen. The two pounds of nitrogen per thousand square feet can be supplied in 8 pounds of ammonium nitrate or ten pounds of ammonium sulfate. The fertilizer should be followed by a good watering. Soak the soil to get the best out of the fertilizer.

To keep the grass going during the summer, it should receive three pounds of ammonium nitrate or five pounds of ammonium sulfate per thousand square feet every 30 days.

actually come back into grass earlier in the spring than land not burned. The reason for this is the fire blackens the soil so that it absorbs the sun's rays and heats up the soil faster; this speeds germination and regrowth. It also removes the canopy of foliage and allows more sunlight to come through. Burning must be followed by good management.

Burning could also be combined with chemical and mechanical control measures for a long range program. There is not much doubt that burning is cheap—some claim it can be done for five cents an acre.

Even if it does prove practical, many people will not favor this method. There will always be a tremendous barrier to overcome. Weather, the location in the state, and many other factors will also have to be considered.

Pecan trees are beginning to put out their spring growth. Scab, a damaging disease of many plants and particularly pecans, is a foliage disease that can now be prevented by treatment with fungicides.

According to Dr. Wendell Horne, Extension plant pathologist at Texas A&M University, scab and other foliage diseases can be controlled with two applications of fungicides such as Bordeaux mix, Zineb, Cyprex, Polyram, or Du-Ter. Both sides of the leaf should receive a protective cover of the spray. If there are heavy dews or rains that keep the foliage damp for fairly long periods of time, additional spray treatments will be necessary.

Research is under way at Texas A&M University to determine whether fire, or burning, can be used as a brush control measure. The research is being carried out at the request of a group of ranchers.

At the present time, the research is aimed at finding what temperature is most effective and the duration of the temperature best to kill various species of trees under 4 inches in diameter and brush. Thus far, they have found that a fire with the wind behind it may have a maximum temperature of 1,000 degrees for as long as twenty seconds. A fire burning into the wind will have a maximum temperature of 800 degrees for as long as 2 minutes. This temperature, duration of temperature, and weather factors will be used to determine the effectiveness of fire as a brush control agent. Test ranges will be burned this fall and winter.

Brushland burned off in the late fall or early winter will

THE "ALL AMERICAN" FRUIT

THE OLIVE BRANCH HAS BEEN A TRADITIONAL SYMBOL OF PEACE ON EARTH.

VIRTUALLY ALL THE WORLD'S RIPE OLIVES (45,000 TONS) ARE GROWN AND PROCESSED IN THE U.S.—IN THE VALLEYS OF CALIFORNIA.

RIPE OLIVES BELONG TO THE SEED FRUIT FAMILY, SIMILAR TO PEACHES AND PLUMS.

ONE OF THE OLDEST FRUITS KNOWN, THE OLIVE WAS GROWN AS EARLY AS 3,000 B.C. AND IS REFERRED TO IN THE OLD TESTAMENT.

RIPE OLIVES ARE GREAT WITH MANY DISHES, AND AS SNACKS FOR KIDS. — HIGHLY NUTRITIOUS, CONTAINING VITAL VITAMINS AND MINERALS. — MACHINES INVENTED BY THE RIPE OLIVE INDUSTRY AUTOMATICALLY REMOVE THE PITS.

A PIONEER HOUSEWIFE, USING OLD-FASHIONED AMERICAN INGENUITY, FIRST DISCOVERED HOW TO CAN RIPE OLIVES IN THE 1800's.

SHORT SNAPS

CHIMPS CAN'T DO IT!...
MEN CAN. WOMEN CAN. EVEN AFRICAN BUSHMEN CAN SNAP THEIR FINGERS AS A SIGN OF JOY AND AMAZEMENT, ACCORDING TO HARVARD ANTHROPOLOGIST DEVORE. CHIMPANZEES CAN'T SNAP BECAUSE THEIR THUMBS ARE TOO SHORT!

"YOU ARE NAPOLEON AT WATERLOO!"

THE HYPNOTIST CAN SEND A PATIENT THOUSANDS OF MILES AWAY AND CENTURIES INTO THE PAST AND THEN BRING HIM BACK WITH A SNAP OF HIS FINGERS.

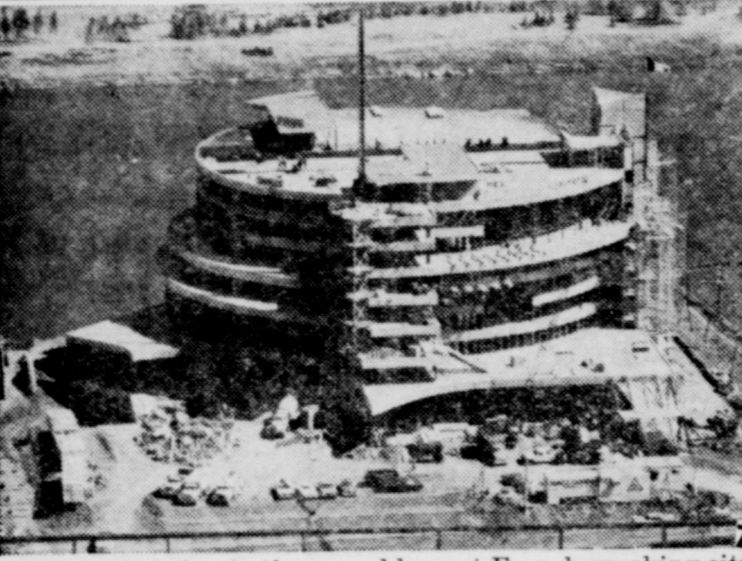

CAN YOU TOP A CHIMP?...

THE ANNOUNCER IN THE NEW CHESTERFIELD TV COMMERCIAL TEACHES A GROUP OF FISHERMEN HOW TO SNAP THEIR FINGERS. IT'S SIMPLE: PRESS THUMBS AGAINST THE MIDDLE FINGER AND TWIST HARD.

Expo Theme Expressed by France

France is going to the second largest French-speaking city in the world with a challenge to 20th Century man's conscience . . . via an impressive pavilion on Ile Notre Dame at Montreal's Expo 67. Based on the storyline, "Tradition and Invention," the French exhibits are designed to stimulate both intellect and emotion.

As at all world's fairs, architecture at Expo 67 will be excitingly modernistic, and the French Pavilion, which is built in the shape of a Venetian lamp, will be no exception. The seven story structure, set on a square grid, boldly reflects the island nature of the Expo site, as it is built partly on the ground, and partly in the water. Inside, visitors will see exhibits showing French progress in all the technical fields. Even the methods of presenting exhibits will be inventive and futuristic. It is planned, for example, to show spectacles by "Son et Lumiere"—impressive sound and light effects.

Striking as it is, the \$4 million Pavilion is not France's first or only contribution to the fair, for the Exposition's very theme, "Man and His World," is drawn from the works of French writer and aviator, Antoine de Saint-Exupery. He wrote, in "Wind, Sand and Stars" ("Terre des Hommes"), "To be a man is to feel that through one's own contribution, one helps to build the world." Expo 67 will express this philosophy through five sub-themes depicting man as Creator, Explorer, Producer, Provider, and Member of the Community. Expo 67 will begin April 28th and run through October 27th. Over 70 countries in addition to France will participate with their own pavilions.

ANNOUNCEMENT OF COMPETITIVE BIDS FOR POST OFFICE QUARTERS

The Post Office Department is seeking competitive bids for a building to house its postal operations at Sterling City, Texas 76951.

Under the Department's Lease Construction Program, a contract will be awarded to the bidder who designates a building suitable to the Department's needs and agrees to improve it according to departmental specifications and then lease it to the Department for a basic period of 10 years, with options to renew the lease for an additional 10 years.

The Department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership, with the owner paying local real estate taxes.

Bidding documents will be available on or about March 20 and may be obtained from V. E. Bell, Real Estate Officer, P. O. Box 1386, Lubbock, Texas, 79408. He will supply bidding forms, specifications, lease provisions and other information.

Bids must be submitted to Mr. Bell by May 5, 1967.

NEW LEGISLATION TO HELP STERLING COUNTY FAMILIES OBTAIN HOUSING

The U. S. Departments of Agriculture's Farmers Home Administration is better equipped to handle the housing credit needs of low and moderate income Sterling County families as a result of legislation recently signed into law, according to Patrick F. Sullivan, Farmers Home Administration county supervisor.

Sullivan said the Demonstration Cities and Metropolitan Development Act, signed last month by President Johnson, makes it possible for a broader range of Sterling County families to qualify for housing loan authorities of the Farmers Home Administration.

The new legislation Sullivan continued, makes more mortgage credit available to low and moderate income families in Sterling County by increasing the level of activity of the Agency's rural housing loan program.

Here are some of the other changes in the rural housing loan program administered by the Farmers Home Administration:

—Many Sterling County who had to go the long route of planning, contracting and building a house can now buy newly constructed buildings. Before the new legislation, these families could only purchase previously occupied buildings.

—Qualified low-income families can now obtain housing

credit from Farmers Home Administration on the basis of a cosigner. Previously, only those rural persons 62 years and older qualified for this assistance.

—The new legislation increases from \$1,000 to \$1,500 the maximum amount of assistance the agency can make for emergency repairs or improvements to owner-occupied rural housing or farm service buildings. This credit is not designed to upgrade a building but only to remove hazards to the health and the safety of the family and the community.

—Rural families on the verge of losing their homes through foreclosure may save their homes if a sound basis can be developed by the Farmers Home Administration to refinance their debts.

—Financial assistance can be given to construct rental housing for low and moderate income rural families of all age groups. Previously, rental housing financed by FHA had to be occupied by rural people 62 years and older.

Loans by the Farmers Home Administration are made to Sterling County applicants who are unable to obtain credit they need from private lenders at reasonable rates and terms.

Applications for Farmers Home Administration rural housing loans may be made at

the Tom Green County Office, 5107 West Twohig Building, San Angelo, Texas.

ELECTRIC CONDITIONED LIVING • **ELECTRIC CONDITIONED LIVING** • **ELECTRIC CONDITIONED LIVING**

What people are saying about...
A CLEAN BREAK WITH THE PAST

"I would have nothing but an electric Gold Medallion home," says Mrs. Bob Corkins of Alpine, Texas. "I like the low operating cost," says Mr. Corkins who thinks the electric bill a good value. Kathy, age 5, and Greg, age 10 months, smile contentedly, and that means they like the comfort of total-electric living.

The Corkins' Early American style home has 7 rooms, 2 baths, and a covered patio—2,000 square feet of living space. The only fuel used for all purposes is electricity. It operates a 4-ton heat pump with 15 KW Auxiliary Strip heating, 4-ton refrigerated air conditioner, electric range, washer, dryer, disposal, dishwasher, refrigerator, freezer, two 1.3 KW bath heaters, and Medallion light for living, yet operating cost averages only \$38.03 per month—22.8¢ per square foot per year!

The Corkins have been living better electrically since 1959 and are well pleased with it all. "I love electric cooking," Mrs. Corkins says. "It's much better, faster and cleaner." The Corkins especially like the even heat throughout the house, and let the temperature stay at 70° year-round.

Would you like to live in total-electric comfort? Then see your electric contractor or visit WTU.

Make a clean break with the past...convenience and comfort are great in Total Electric Living

Cancer Crusade
 The Cancer Education Survey will be conducted in Texas for the first time this year; an estimated 600,000 replies will be collected from households in every section of the state.

Here in Sterling County, the Survey will be carried out by Crusaders during the House-to-House drive. After householders have been given the list of cancer's seven warning signals, they will be asked to fill out a brief, confidential form, asking questions about their own health practices. The completed forms can then be mailed back in the envelope provided and will be counted by volunteers in the District Cancer Society offices.

"This is really a two-fold project," Dr. Swann of the Sterling County Unit Board of Directors has explained. "Not only do many householders need to be reminded through this survey of the need for regular health examinations, but the answers will also guide the Texas Division ACS in planning the most needed and successful educational programs possible."

Mrs. McDonald, Crusade Chairman, has seconded the enthusiasm of her fellow volunteers about the Survey. We will be giving something tangible to our neighbors in this project," she has said, "because we're giving them a chance to help us understand what the greatest needs are in programs to reach all sections of the population."

In line with the American Cancer Society's vigorous campaign against smoking, volunteers are seeking to discover how many people in each community smoke, how many have stopped smoking in the last year, and what the ages are in each group.

A follow-up survey will be conducted during 1968 to compare progress made through the Society's year-round programs of films, exhibits, pamphlets and speakers.

"A survey of this size would be impossible by a health organization were it not for the tremendous cooperation of volunteers," Mrs. Danny Stewart, Residential Chairman, has commented. "The cost of the Survey, as it will be carried out in each of Texas' 254 counties, will only amount to the cost of printing. All other services are rendered free by interested citizens in each community."

The goal for the 1967 Crusade in Texas is two million dollars, roughly a dollar for each Texan now living who will have cancer, if present trends continue.

The climate is hopeful, however, since one-half of all cancer victims could be cured, through early diagnosis and prompt treatment. To emphasize the vital need for regular, complete health examinations, the Crusade this year will seek to reach home in the community.

Volunteers wishing to join in the Crusade and Survey are invited to telephone Mrs. McDonald at 8-2872 for more information.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. TEXAS SHEEP & GOAT RAISERS ASSOCIATION

Do you know the seven warning signals of cancer?

1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in a wart or mole.

Just in case you don't: 1. Unusual bleeding or discharge. 2. A lump or thickening in the breast or elsewhere. 3. A sore that does not heal. 4. Change in bowel or bladder habits. 5. Hoarseness or cough. 6. Indigestion or difficulty in swallowing. 7. Change in a wart or mole. If a signal lasts longer than two weeks see your doctor.

Guard those you love. Give to the American Cancer Society

Gift Shower Honors Mrs. Schneider

Four were hostesses when Mrs. Glenn Schneider was honored with a pink and blue gift shower Thursday morning at the community center. The four hostesses were Mrs. Wayne Posey, Mrs. Troy Templin, Mrs. Charles Allen and Mrs. Tom Crossler. Guests called during the tea hours. Coffee and assorted cookies were served. Favors were tiny diapers and mints. About twenty persons took part in the gift shower.

Behind the 8-Ball

By the editor.

Nelwyn King, daughter of Mr. and Mrs. C. L. King of Sterling City, was one of the finalists in the Miss Photogenic Contest at Angelo State College last Friday night. The contest winners were announced at the conclusion of the Journalism Day Banquet and was attended by newspaper men from this area, as well as students of journalism and parents of the contestants.

Following the banquet and the talks of the evening, the finalists were presented and the winners announced.

Miss King, a sophomore at ASC, was nominated for the contest by the WRA, Women's Recreational Association. Among those from Sterling City attending the banquet included Mr. and Mrs. C. L. King and Mr. and Mrs. Jack Douthitt.

8-BALL

The Norman Butlers have moved back to Houston where he has a job with the MKT freight lines. He had a job with that company before he came to Sterling City to run Gulf Station here.

Dallas Gillum will run the station for owner Leroy Butler. He has rented an apartment at the Crawford house just west of the station.

8-BALL

The Bob Clemmonses have leased the Mixon Dairy Hut and began operating it on the first The Dan Colliers operated the business during February and March.

8-BALL

The Mac Benges tried to open the City Cafe here on Tuesday morning, but with all the problems involved, it was Wednesday.

Search for Miss Wool of Texas Begun

The search for Miss Wool of Texas for 1967-68 has begun, and will culminate in an extravagant pageant in Dallas on Monday, May 29.

For the second consecutive year, the scene for the state wide contest will be in the Apparel Mart.

Fifteen finalists will compete for the coveted title and a year of travel in the state of Texas.

Basic requirements for contestants are:

- *Must be between ages of 18 and 25 inclusive.
- *Must be a resident of Texas
- *Be able to wear standard size 10 dress, suit and coat
- *Be at least 5 feet, 6 inches tall in stocking feet
- *Have completed one year of activities in an accredited college or university.

Sponsored by the Texas Sheep & Goat Raisers' Association, the Miss Wool of Texas program was first inaugurated in 1952. The Miss Wool of America program and pageant is a result of this Texas beginning.

Interested candidates may obtain official application forms from deans of women or sororities on most Texas college campuses. Or, applications may be secured by writing: Frank A. Fecher, Womack-Snelson Advertising, Inc., 203 San Angelo National Bank Building, San Angelo, Texas 76901.

Deadline for all applications is April 1, 1967. A group of 15 finalists will be chosen from all applications received, and this selection will be announced about April 15.

The 15 finalists will compete in a 3-day program which will include personal interviews, climaxing in the pageant to be held in the Great Hall of the Apparel Mart. Through the cooperation of Texas Fashion Creators Association, Inc. finalists will model selected Texas-made made fashions of wool and mohair before an expected 3,000 retail store buyers from all over the nation.

The young woman chosen as Miss Wool of Texas will succeed Patricia Vincent of San Antonio, the present Miss Wool of Texas who was chosen last year. Miss Vincent will represent Texas in the annual Miss Wool of America contest to be held June 30 in San Angelo.

Miss Wool of Texas presents fashion shows at leading department stores in Texas. She receives for her personal wardrobe a fashion-important collection of leading Texas-made dresses, suits, and coats. In addition, her wardrobe is completely accessorized with shoes, handbags, and jewelry. She receives a matched set of Samsonite luggage and a brand new Chevrolet convertible to travel in about the state.

Six Flags to Open on April 29

Six Flags Over Texas will begin its 1967 season on Saturday, April 29.

The announcement came from Angus G. Wynne, Jr., President of Great Southwest Corporation, owner-operator of the famed 115-acre, historical heme entertainment park located midway between Dallas and Fort Worth.

During the Spring, Six Flags Over Texas will be open on Fridays from 5:00 p.m. to 11 p.m. and on Saturday and Sundays from 10 a.m. to 10 p.m. Starting May 26 and continuing through Labor Day, the Park will be open seven days a week from 10 a.m. to 10 p.m. Following Labor Day and until the season closes October 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 3 p.m.

The Run-A-Way Mine Train ride, key project in the \$1 million expansion of the Boom Town Section of the Park which has begun last season, has been completed over the winter months. The ride, one of the most exciting ever developed, was introduced to visitors on a limited basis near the end of last season, while work continued on the project.

An attendance milestone will also be reached during the forthcoming season, as Six Flags anticipates welcoming its ten-millionth visitor sometime during the month of August. The Park, which opened in 1961 has already counted over 8.5 million visitors.

Will sacrifice to responsible party in this area. Cash or terms. Write Credit Mgr. Tallman Piano Stores, Inc. Salem, Oregon.

SCIENCE SKETCHES

BOYS AND GIRLS tend to form attitudes about smoking before they reach the age of 15, according to a study by Harvard School of Public Health. Researchers suggest that programs seeking to discourage smoking might be more effective if started before the youths reach that age.

HOUSEWIVES cannot consistently produce the quality, uniform product manufactured by the food industry, says a food technologist at Votator, Louisville, Ky. John Bolanowski said that anyone can prepare a delicious, nutritious meal if they just follow the directions on food containers.

ASTRONAUTS on the moon might be able to televise their activities and send pictures back to earth on a laser. Electrical engineers at the University of Texas have discovered a method for receiving television pictures transmitted on a beam of laser light.
