City Grants WTU a 6% Rate Increase

Albert McGinnes, local manager of the West Texas Utilities here, had a request in to the Sterling City Council for a 6 percent across the board on rates here. The city council, in meeting here Monday, granted the increase requested.

Most of the times through the years, the company had lowered rates, but this time they asked for an increase.

The minimum charge will remain the same, but the increase will apply on commercial, residential and industrial, said McGinnes.

NASA Program at School Tuesday

A NASA program in depth about the U.S. Space Program was presented at the Sterling School Tuesday.

The general program included demonstrations and discussions of basic principles and concepts involved in rocketry, satellites, probes, space communications and manned space flights. Individual class discussions in astronaut training, living in space, propulsion, guidance in navigation, meteorology and geology in space, medical aspects, were discussed.

The lecturer with the program was from Oklahoma State University at Stillwater.

Noratadata Club Book Review Held

The annual Noratadata Club guest night and book review was held Tuesday evening in the community center. Hostesses were Mrs. Bill Brooks, Mrs. Dayton Barrett and Mrs. Reynolds Foster.

Mrs. Gene Steakley, book reviewer from Colorado City, reviewed BURY MY HEART AT WOUNDED KNEE, by Dee Brown.

The club room was decorated with the Valentine motif or theme.

The guest speaker was introduced by the club president, Mrs. Alvie Cole. Fifty members and guests were present.

A tea followed the book review. Guests were present from Colorado City and Garden City.

LIONS CLUB

The Lions Club met in the community center Wednesday morning for the regular weekly luncheon. Sgt. Eddie Boyd of the State Highway Patrol was a guest.

The club voted to hold a rummage sale sometime in May as a fund raising project.

Members voted to have the State Senator Pete Snelson come talk to the club on the effects of pending legislation and how it would affect the small counties like Sterling.

It was reported that the Sterling City Basketball team (boys) were in a good position to be in the final playoffs in the district due to Bronte being beaten by Water Valley this week.

The prize went to D. Kirk Hopkins. A Valentine from the club pianist and sweetheart, Gail Ann Lively, was read.

Tommy Roger to Hobbs

Tommy Roger, who has been working here with the State Highway Department for several years, is moving to Hobbs to become a tool dresser for the Baker Oil Tools, Inc. His wife, Mary Ruth, has worked for Ross Hardware (and the Lowe Hdwe.) for the past 3 years.

Mrs. Lois Maricle will take Mrs. Roger's place at the hardware store.

Visiting in the Albert McGinnes home is Sam McGinnes of Eldorado, father of Albert.

LOST—Card case with my driver's license, credit cards, etc. Mrs. Nick Reed.

Pictures Will Be Selected Today at Legion Hut

The Walls Studio representative will be here this morning to show proofs of the pictures of children that will be printed in the paper later on this spring.

The man will be here from 10 a.m. till noon.

In case of fire, phone 8-4771

Jr. High Basketball Tournament Here

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week include:

Mrs. Forrest Foster
Riley King
Mrs. Iver Mercer
Mrs. Mattie Meyers
Frank Stewart

Dismissals since Thursday morning of last week were—

Bobby Dodds
Lloyd Murrell
Rance Hord
Mrs. Alpha Massey
Robert Foster

Started Thursday

The annual Sterling City Jr. High Basketball Tournament is being held at the school gym this week end. In fact, it began yesterday with the first rounds.

The first game was between Roscoe and Bronte girls at 4 Thursday. Then at 6:30 Robert Lee and Sterling girls had the second girls game of the day.

The Roscoe and Bronte boys teams played at 5:15 Thursday and Robert Lee and Sterling City boys played at 7:45.

Playoffs begin today at four for the girls and 5:15 for the boys.

Due to a conflict on Saturday, the tournament is being held on Thursday and Friday.

The only team trophies to be given are first, second and consolation.

BAKE SALE FRIDAY

The Junior High Mothers Club will have a bake sale at the Junior High Basketball Tournament here Friday afternoon (today) at the gym.

Cakes, pies, etc. will be on sale, it was said.

Two Burglars in Custody

The Felix Fuel Fina Station and Stephens Texaco Station were burgled here last week and some money and merchandise were taken.

Two men, now in custody of officials in Albuquerque, N. M. have confessed to the burglaries here and some others in Texas as well.

The two men are Elton David Myers and Clinton Michael Howlett Jr. Myers is wanted on a federal charge in New Mexico and will probably not be returned here for trial.

"Charlie Brown" To Be at School Monday Free To Everyone

Charlie Brown, Lucy, Snoopy, and some of the other "Peanuts" characters will be brought to life on the stage when the Howard County Junior College Drama Department and the College Choir present the musical, YOU'RE A GOOD MAN, CHARLIE BROWN.

The play is a series of typical incidents featuring the loveable small-fry from Charles Schulz's popular Peanuts comic strip.

The production will be performed Monday, February 19 in the Sterling School auditorium beginning at 7:30 p.m. Admission is FREE. You won't want to miss this delightful evening of family entertainment.

FOR SALE—1968 Galaxie 500 Ford Sedan, air-conditioned, power steering, still in warranty. Price \$1,595. See or call David Glass.

Hodges Rambouillets Place at San Antonio Livestock Show

Last week at the San Antonio Livestock Show, Becky Hodges had entries in the Junior Rambouillet Show. In the Ram Lamb Class she won 1st and 2nd. In the Yearling Ram Class she placed 4th and 5th. She had the reserve champion ram.

In the Ewe Lamb Class she placed 5th and 6th. In the Yearling Ewe Class she won 3rd and 4th. She had the winner in the Get of Sire Class.

Becky also won the Silver Shears award for being the premier exhibitor with 104 points.

In the Open Rambouillet Show Amy Hodges had the 1st and 4th place winners in the Ram Lamb Class and Wesley had 2nd and 3rd. In the Yearling Ram Class Amy placed 3rd and 4th; she was 1st in the Aged Ram Class and had the grand champion ram.

In the ewe classes, Amy had 1st and 2nd and Wesley 3rd. In the Yearling Ewe class Amy was 1st and 6th while Wesley placed 5th.

Amy was first in the pen of rams and she won the Exhibitors Flock.

In the Pair of Sheep Amy placed 3rd and Wesley 4th.

On Honor Roll at West Texas State University

CANYON, Tex.—Tim Turner, a Water Valley senior, is one of 291 students named to the honor roll for the fall semester at West Texas State University.

Honor roll requirements are a minimum 2.5 average on a 3.0 scale and a 15 semester hour class load.

Mr. Turner, a finance major, is the son of Dr. and Mrs. Percy R. Turner of Water Valley. He completed the semester with a 2.6 average.

Eagles Beat Mertzon

The Sterling Eagles beat the Mertzon Hornets in a non-conference basketball game here Monday night. The score was 54 to 50.

For the locals Peel scored 24, Bautista 12 and Munoz 6.

Epsilon Zeta Club

The Epsilon Zeta Club members had a Valentine party in the community center Monday evening.

Bingo prizes went to Mr. and Mrs. Bob Browne and high bridge went to Mr. and Mrs. Tommy Roger.

Members present were Messrs. and Mesdames Dan Glass, Bob Browne, Tommy Roger, Louis Watson, Dub Fincher, Danny Slaughter, Milford Wiley, Don Viktorin, and Mrs. Ronnie Kilpatrick, Mrs. Marvin Foster, Mrs. Lynn Rich, and Mrs. Jodie Blanek.

Hostesses were Mrs. Lynn Rich and Mrs. Marvin Foster.

Surprise prizes went to Mrs. Danny Slaughter and Mrs. Milford Wiley.

ATTENTION LADIES

The Ladies' Auxiliary of the Sterling Volunteer Fire Department will meet Feb. 26 in the community center at 7:30. All wives of volunteer firemen are urged to attend. New officers will be elected for the coming year.

NEWS OF EDUCATION

College Students: Bored of Education?

To many concerned parents, today's college students seem much less impressed with the importance of their education than were students of years ago. Sometimes, the students even seem bored.

But educators and psychologists point out—seriously, yet sometimes with a smile—that many college students today are learning far more at school than their parents ever did.

Today education is different. Not only do new teaching methods make learning easier and lots more effective, but also college is seen as a place for social—as well as academic—instruction.

Which is as it should be, when you consider that college is a mini-model of the tough outside world students will soon enough have to cope with and function in. And adjusting properly to that world is just as impor-

tant and just as difficult as any course a school has to offer.

That's why so many students are getting involved with the running of their schools. The actuality of practical campus politics is a good deal more enlightening and instructive than classroom theories.

That's also why students seem to take their competitive sports more seriously than ever before. Trying to do one's best is very much a part of the outside world and these kids are very much aware of it. They play hard and work hard at keeping themselves fit with effective medications like Tinactin cream, solution and powder, which fight most fungus to kill and help prevent athlete's foot, that old college locker room nemesis.

Unfortunately, these kids—the good kids who make up the majority of this nation's student body—rarely make news on radio or TV. But their abilities and straight thinking have not gone unnoticed.

Each year, more and more of these grade-A students are being recruited by business and industry before graduation.

Which would indicate that they were far from bored with their college education.

**LEGAL NOTICE
NOTICE OF INTENTION TO
ENGAGE IN WEATHER
MODIFICATION ACTIVITIES**

Notice is hereby given that Atmospherics Incorporated of 5652 East Dayton, Fresno, California, 93727, who holds License No. 2 of the State of Texas, intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District located at P.O. Box 869, Big Spring, Texas 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide and other artificial nuclei as follows:

1. The area over, or in which, equipment may be operated shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling and Coke.

2. The target area, within which the precipitation is intended to be enhanced can be described as follows:

The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Highway 87 in a northwesterly direction to Lamesa, thence north-northeast on Highway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden, and Scurry Counties to Highway 84; thence southeast along Highway 84 to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southeast to Silver in Coke County; thence south-southwest to Highway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Highway 87 to the point of origin at Big Spring, Texas.

3. The equipment, materials and methods to be used in con-

ducting the operation within this area of approximately 3500 sq. miles include a 3cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The program will be operational during the period from April 15, 1973 through October 15, 1973.

5. Any persons who feel they may be affected in some adverse way by this program may file a formal complaint to the Texas Water Development Board, P. O. Box 12386, Austin, Texas 78711.

Signed:
THOMAS J. HENDERSON
President
Atmospherics Incorporated

**School Board Election
April 7**

There will be an election to name three members of the school board here on April 7. The election will be held in the courthouse as usual.

The three members whose terms are expiring are Larry Glass, Bill Humble and Stan Horwood.

If anyone wants to file for a spot on the board they must file with County Judge Roland Lowe at least thirty days before the election, it was said. There is no charge for filing.

Other members of the board are I.W. Terry, Charlie Davis, Reynolds Foster and C. J. Copeland.

**Alumni Group Sets
Date for Meeting**

The meeting of the Sterling Alumni Association has been scheduled for Saturday, June 16, 1973.

A dinner meeting of the association will be followed by a dance.

Mrs. Bill Watts, president of the association, announced that a display of photographs through the years is being planned. Alumni are requested to gather photos of classes and activities for display at the meeting.

**SUBSTITUTE CLERK EXAM
SET FOR POST OFFICE**

Postmaster Bill Brooks said this week he is accepting applications for those wanting to take the substitute clerk-carrier exam for work in the local post office.

Brooks will accept applications until March 2.

Starting pay is \$4.22 per hour with overtime for Sunday work.

TURN IN A 'PUSHER'

If you know or hear of anyone who is pushing heroin or hard drugs and want to report it to the federal government—it's easy to do now.

Just dial 112-800-368-5363 and you will get the Department of Justice in Washington and things will start.

This is a toll free number and someone is on duty at all times there. Callers need not identify themselves, and rights of all callers will be protected.

Help by turning in a pusher and help this program.

GOOD SAMARITANS TAKE THE BITTERNESS OUT OF 'HOME SWEET HOME'

To this youngster growing up in a makeshift tent city, there's supreme irony in the romantic notion: "Be it ever so humble, there's no place like home." Americans who contribute every year to Catholic Relief Services Thanksgiving Clothing Campaign take a more realistic view of the poverty that plagues millions in underdeveloped countries. Taken to the nearest Catholic church in November, your gifts of clothing and blankets will lend a touch of sweetness to bleak and bitter lives.

Social Security Tips

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

"Processing time can be cut in half if people are prepared when the time comes to apply for social security benefits," says J. M. Talbot, social security manager.

Being prepared is not as difficult as many people believe. Remember to take along your social security card or the card of the person on whose record you are filing. For a widow, this would be the social security card of her late husband. This may sound hard to believe, but many people do come in to file their application and leave their number at home.

The third thing that is needed in all claims is evidence of the worker's last year's earnings and an estimate of this year's earnings. Your W-2 Form or tax return for last year will give the information for last year. Be sure to bring these with you.

The next most important document to take with you is your birth certificate, if available. Proof of age is needed to qualify for nearly all social security benefits. If your birth was recorded when you were born or if you were baptized before age five, you will need one of these documents. If you don't have a copy, make arrangements now to get one, Mr. Talbot advises.

TEXAS REFINERY CORP. offers high income opportunity to mature man in Sterling City area. Fringe benefits PLUS regular cash and vacation.

Regardless of experience airmail A. T. Pate, Pres., Texas Refinery Corp., Box 711, Fort Worth, Texas 76101.

Sonny, This Electric Heating is Sure 'Sumpin'!

Warms your grandad's bones like you warm my heart.

No cold corners or drafts
No work—just flip a switch.

It's easy to convert to electric heating without remodeling—ask an electric heating contractor for details. Low cost operation, too.

WHAT COSTS LESS NOW THAN IN 1952?

The average cost of a kilowatt hour of electricity used by a residential customer served by WTU cost 29% less than it did twenty years ago. . . (1952 - 1972) and . . . in 1972 the average customer used over three and a half times as much electricity as he did in '52."

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-up is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.

YOUR LITTLE BROTHER?

No one is ever too young to join the brotherhood of man. That's why Americans of all ages are being asked to help this youngster from the Indian Ocean Republic of Malagasy, one of over 70 countries aided through the Catholic Relief Services Thanksgiving Clothing Campaign. Taken to the nearest Catholic church in November, your surplus clothing will help millions who live in tatters not only to protect themselves against the elements but to enjoy a dignity otherwise hopelessly beyond their reach. For no matter what his age, you are your brother's keeper.

Phone in news of your visits or visitors to the News-Record. 378-3251.

OUR GREAT LIQUID ASSET — WATER!

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLIGENCE CAN LEAD TO SERIOUS PROBLEMS.

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED... PEOPLE SHOULD COME FIRST!
