

# Sterling City News-Record

VOL. 82 Since '1890' PUBLISHED EVERY FRIDAY IN STERLING CITY, TEXAS 76951 Price 9c FEBRUARY 21, 1975 No. 8

AROUND  
THE  
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

The judging during the San Antonio Livestock Show which ended Sunday the 16th was quite a task for judges, particularly in the market steer and market lamb classes. A total of 1948 lambs were entered by the junior exhibitors. Market steers totaled 1371.

Sterling County 4-H Club members placed animals in all divisions of the show including the market classes and the breeding sheep classes. Market lambs were judged on Saturday and Sunday, February 8 and 9 while the steers were judged Saturday, the 8th and Monday the 10th.

Lisa Horwood's Hereford steer placed eighth in the lightweight class. Lisa's steer was bred on the Foster and Hildebrand ranch. It sold in the auction sale on Friday of last week for 49c per pound. Packer bid on the steers was \$33.81 per hundred compared to last year's packer bid of \$54 according to the auction sale chairman. Floor price on the steers was set at \$44 by the show.

Susie Humble showed the fourth place Polled Hereford steer in the middleweight class. Her steer was bred by Robert Halbert of Sonora. It sold in the auction for 49c per pound. In the market lamb division, Amy Hodges showed the 38th place finewool in the lightweight class. She bred her lamb. It sold for 95c per pound. Floor price on the lambs was set at 57c per pound by the show on a packer bid of 41.30 by Wilson Packing Company of San Angelo. Last year's packer bid was 41.12 according to the chairman. Thus lamb prices are in line with last year while everyone knows what has happened to cattle prices.

Lonnie Horwood had the 43rd place lightweight crossbred lamb bred on the Horwood ranch. It sold for 85c a pound.

The 53rd place lightweight crossbred lamb was shown by Lisa Horwood with a lamb bred by her father. It sold for \$1.40 per pound.

There were over 250 lambs in each of the finewool and crossbred classes. Thus, placing a lamb was no easy matter.

In the Open Delaine Breeding Sheep Show on Monday, Paula Radde showed the sixth place ram lamb and the sixth place two tooth ram.

Delmar Radde Jr. showed his Delaines in the Junior division of the breed. His placings were seventh and eighth place ram lambs and sixth and eighth place two tooth rams. His ewe lambs were second and third while his two tooth ewe placed fifth.

In the Junior Rambouillet Show, Wesley Hodges showed the fourth and fifth place ram lambs and the third and fourth place yearling rams. He also showed the third and sixth place ewe lambs and the third and sixth place two tooth ewes. His entry in the get of sire class placed first.

Amy and Becky Hodges showed in the Open Division of the Rambouillet show with Becky showing the champion ewe of the show with a ewe lamb. In class placings, Becky had the second and third place ram lambs and the second place yearling ram as well as the second place aged ram. Amy had the third and fourth place yearling rams and the first place aged ram.

In the ewe classes, Becky had the first and third place ewe

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week include:

W. Y. Bengé  
Dan McDonald  
Charley Bright  
Dismissals since Thursday morning of last week were:  
Mrs. Marsh Gonzales  
Mrs. Mattie Meyer  
Mrs. Iver Mercer  
Mrs. Tom Cleveland  
Rosario Gomez  
B. O. Bailey, deceased

Patients in the Sterling County Nursing Home on Thursday morning of this week were:

Mrs. Luther Hallmark  
Jim Pate  
Mrs. Lura McClellan  
Mrs. Edith Hudson  
Mrs. Ida Brown  
Mrs. Jim Duke  
Jim Duke  
Mrs. Lucy Norman  
W. J. Williams  
Earnest Turner  
Mrs. J. E. Bynum  
Mrs. Larkin Longshore  
Mrs. Robbie Grace  
Noble Read  
J. B. Ratliff  
Mrs. Minnie Pinson  
Roy Morgan  
Mrs. Henrietta Long  
Mrs. Noble Read  
Mrs. O. M. Cole  
Mrs. Mabel Martin  
Mrs. Clifford Carpenter  
Mrs. A. G. Daves

## District 4-H Food Show Held

The District 4-H Food Show and Project Show was held at the Nolan County Coliseum on February 15 in Sweetwater.

The Junior food show participants were Carl Igo, who won a red ribbon with his cake in the breads and desserts group, and Wesley Hodges, who won a red ribbon with his cookie bars in the snacks and beverages group.

Senior participants were Becky Hodges, who won a red ribbon with her casserole in the main dish group and Amy Hodges who won a red ribbon for her muffins in the bread and desserts group. Amy also assisted in the project show by presenting awards to the participants. Mrs. Clinton Hodges served as a judge in the junior side dish category. Mrs. Fred Igo attended the leader program and the public showing of the food show and awards program.

Each of the food groups were divided into three groups. Blue (first), red (second) and white (third). There were 16 to 22 contestants in each group.

lams, the second place yearling ewe, and the third place aged ewe. Amy showed the first place yearling ewe and the first and second place aged ewes. Becky's entries placed first in the exhibitors flock class and the pen of lambs class. Her pair of sheep placed second and Amy's placed third.

Entries in the Delaine and Rambouillet shows were up this year with the quality also better.

## Heart Fund Close To \$1,000

The Sterling County Heart Association fund drive has reached nearly \$1,000. This total comes from Mrs. Marie Finnegan, one of the co-chairman for the fund drive.

Mrs. Finnegan said \$383.40 was raised by the bake sale. The independent ball game brought in \$97.00. Volunteer workers had turned in \$269.50 (by Wednesday of this week). Memorials from July till now totaled \$224.50. This makes a total of \$974.40 on Wednesday of this week.

Mrs. Finnegan and Mrs. Bill Watts, co-chairmen, expressed thanks to all who had helped at the drive, donating bake goods, attending games, making donations and working as volunteer workers.

## New Man at Bank

CHARLES STEVENS

Charles Stevens is the new man at the bank. He started to work this week.

Stevens is a native of Colorado City and has a B.S. degree from Tarleton State University at Stephenville.

Mr. and Mrs. Stevens have rented and moved into the Ed Bynum house in the west part of town.

## School Kids to Get 3-Day Holiday

The Sterling School will have a local work day for teachers on Friday, February 21 and on Monday and Tuesday, February 24 and 25 the teachers will go to Bronte for in service days.

So, the school students get a total of three holidays this month of February, said principal Bobby Dodds.

## New School Time Set

Daylight saving time starts all over on the last week of February AND the local school will start school classes at 8:30 each morning, beginning February 26 and will get out or dismiss at 3:30 each afternoon, according to the principal Bobby Dodds. The change would take place on Monday but the inservice days being held at the Bronte school make the new schedule start on Wednesday.

On Thursday of last week a fire smoke damaged three rooms in Mrs. Minnie Mae Brown's ranch home east of town. Three rooms had bad smoke damage, along with a rug. She put the fire out with extinguishers but inhaled enough smoke to bother her. There was no structural damage to her house.

Mrs. William Foster is the new flower fund chairman for the Methodist Church Flower Fund now. Please call in orders for flowers for all occasions to her. (Mrs. Rufus Foster has been the chairman up till now.)

FOR SALE TV antenna and pipe. Has been replaced. Call 37843251 if interested for \$25 complete.

MY THANKS GO TO:

Wonderful friends!  
Wonderful food!  
Wonderful visits!  
Wonderful town!  
Wonderful family!  
While I was a little under the weather.  
PATSY BYNUM

SMALL Pet Dog to give away. See Mrs. O. V. Anderson.

WANT TO Buy old guns and coins. Ph. 378-5921

WANT TO Buy old black washpot. Ph. 378-5921.

## B. O. Bailey Funeral Today at 2 P.M.

Broadus O. Bailey, 89, died early Thursday in the Sterling County Hospital. Graveside services will be held a Montvale Cemetery at 2 p.m. today.

He was born February 7, 1886 in Lampasas, Texas. He was a retired employee of the Santa Fe railroad, having worked in the Slaton and San Angelo water service department for many years before retiring in 1955.

Survivors include his wife, two sons, Herbert L. Bailey of Sterling City and Melvin D. Bailey of Altus, Oklahoma; four grandchildren and five great grandchildren.

## NOTICE OF INTENT TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

Notice is hereby given that Colorado River Municipal Water District, 1318 E. 4th, Big Spring, Texas 79720, who holds License Number 75-5 of the State of Texas, intends to engage in an operation to change of attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District located at P.O. Box 869, Big Spring, Texas 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within which, equipment may be operated shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell Nolan, Glasscock, Sterling, and Coke.

2. The target area, within which the precipitation is intended to be enhanced, can be described as follows:

The boundary may be described by a line beginning at a point or origin at Big Spring, Texas, and running along Hiway 87 in a northwesterly direction to Lamesa, thence north-northeast on Hiway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden and Scurry Counties to Hiway 84; thence southeast along Hiway 84 to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southwest to Silver in Coke County; thence south-southwest to Hiway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Hiway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The person in charge of this program shall be Owen H. Ivie, Colorado River Municipal Water District, Big Spring, Texas.

5. The program will be operational during the period from April 15, 1975 to October 15, 1975.

6. Any persons who feel they may be affected in some adverse way by this program may file a complaint to the Texas Water Development Board, P. O. Box 13087, Capitol Station, Austin, Texas 78711.

(Signed) Owen H. Ivie, Colorado River Municipal Water District.

FOR SALE—1 couch with matching chair; chrome table and chairs; kitchen stool; good chair, needs recovering. Mrs. Cledis Smith.

## LIONS CLUB

The Lions Club met at noon Wednesday in the community center for the regular weekly luncheon. Larry Glass provided rag time piano music for the program.

The club voted to sponsor the Bloodmobile here on March 19. Blood may be donated at that time by anyone.

County agent Arthur Barlemann Jr. told of the success of Sterling youngsters at the San Antonio livestock show.

President Bill Watts told the members that March was new membership month. All members are asked to bring a prospective new member as a guest on a Mr. 19.

Jack Peel reported on the ball game here Tuesday night for the heart fund drive.

Mr. and Mrs. Charles Stevens were guests Mr. Stevens joined the club.

The prize went to Bobby Dodds

## Wimodausis Club

The Wimodausis Club met on February 19 for the Bicentennial program 'Our United States'

President Alta McGibany presided and twenty members were present. The treasurer reported that there was \$315 in the piano fund. Mr. Carpenter from Texas Tech, came for records in the county library that might be used in the museum at Texas Tech.

The club will purchase some cushions for the wheel chairs in the nursing home.

Mrs. Arthur Barlemann Jr. Mrs. Harvey Glass and Mrs. Roy Foster will serve as the members of the nominating committee.

Mrs. W. R. Morgan was the program leader. Mrs. H. L. Hilderand led the pledge to the flag. Mrs. Dick Mitchell gave a medley of three patriotic songs.

Mrs. A. M. Richardson, with The Miracle of America, traced events which preceded the American revolution and showed slides of Boston and Philadelphia illustrating some of the events.

Hostesses were Mrs. Hildebrand, Mrs. T. F. Foster and Mrs. Pete Hanson.

## Noratadata Club

GUEST DAY TEA HELD

The Noratadata Club held its annual guest day tea Thursday of last week in the home of Mrs. Dayton Barrett. She and Mrs. Mildred Mitchell of Garden City showed slides of their trip to the mid east and the Holy Land recently. They had tables of items for display they had bought on the trip and told of their experiences.

Sixty-five guests were present at the tea. Hostesses were Mrs. Winn McClure, Mrs. Billy Ralph Bynum and Mrs. Chesley McDonald.

## Free Course in CPR

COURSE IN PULMONARY RESUSCITATION TO BE OFFERED HERE

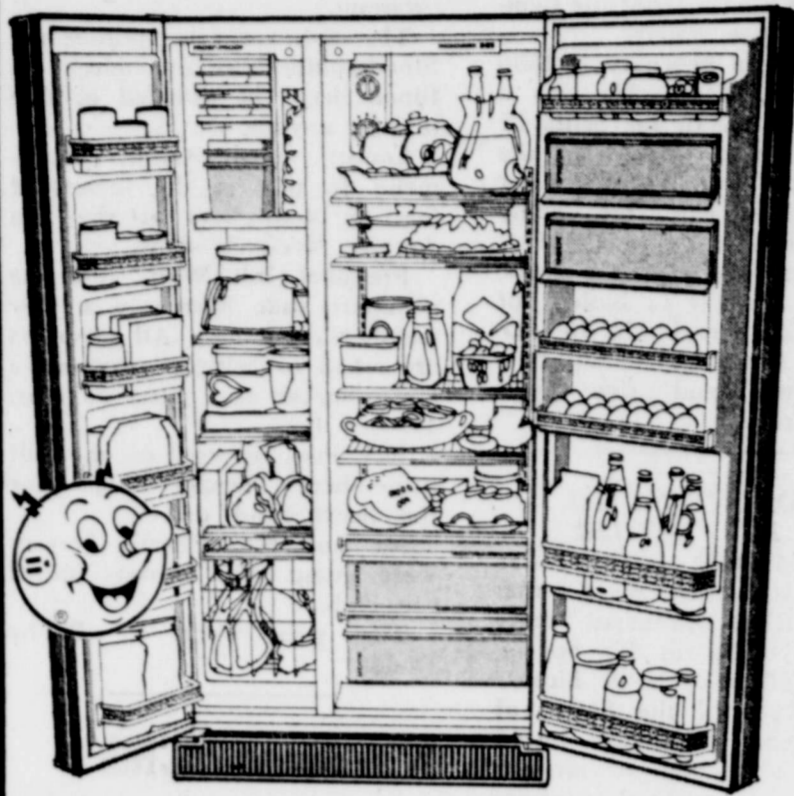

Sponsored by Heart Association

A course in coronary pulmonary resuscitation will be offered here on Saturday, March 1 in the community center for those desiring to take such a course, said R.V. Hamilton, community services chairman of the local herat group. The course is a three hour course lasting from 1 till 5 that day.

A Mrs. Roach of Winters will be here to conduct or teach the course said Hamilton. Anyone interested is invited to take the course and especially firemen, teachers, nurses or nurses aides.

The course is open to all on a free basis.

## REDDY'S REFRIGERATOR SAVINGS TIPS

- Return fresh foods to the refrigerator and frozen foods, such as ice cream, to the freezer as soon as possible. Measure and remove the quantity needed for cooking or for the table, and refrigerate the remainder at once.
- Use cold controls efficiently by selecting the settings that provide about 36° F. in the refrigerator and 0° F. in the freezer.
- Fill the refrigerator with food, but be careful not to overfill. Make sure that food packages don't block air vents in the freezer or refrigerator section.
- Clean the condenser surfaces of the refrigerator; dirt restricts air flow and acts to insulate the condenser, forcing the refrigerator to work harder and longer to maintain proper temperatures.

#### Directions for Packing and Shipping Heads from Suspected Rabid Animals to the Laboratory

Increasing difficulty to confirm a diagnosis of rabies is being experienced with the submission of animal heads for rabies examination when shipment by air takes as long as four days between shipping date and receipt. If at all possible, we recommend to those who use the State Department of Health laboratory service in Austin, that they USE THE VARIOUS BUS COMPANIES. Pack the animal head in a leakproof plastic bag. Enclose a second leak-proof plastic bag filled with ice or use water frozen in plastic bottles. An outside container of sturdy construction (styrofoam serves nicely and is inexpensive) must be used. Also, use packing material to absorb water in the event of leakage. The box should be securely taped down and marked, KEEP UPRIGHT—PLEASE. A note to telephone the Health Department Laboratory (454-3781 Ext. 313) on arrival, should be prominently displayed.

#### ADDRESS OF STATE REPRESENTATIVE

Mike Ezzell, our state representative, has announced his addresses, in case anyone needs to contact him. They are as follows:

#### Austin Address

Capitol Office 108-A  
Ph. 512-475-2617

## NEWS OF ECOLOGY

### ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution cleanup is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.

**Behind the 8-Ball**

By the editor.

**Change Those Clocks**

Time to change, back to old daylight saving time that is.

Come Sunday (this one) you want to move your clocks up 1 hour; say like at 2 a.m. that morning. Or, if you want to kinda fudge on it, change your clocks and watches up as you go to bed. The CIA or FBI will never really know. (I'm jus kidding, Mr. Saxbe, or who ever heads it now.)

So just to be in tune with the rest of the nation (almost) just move 'em up one hour this coming Sunday, February 23. And everybody will be happy.

Even Mr. Sawhill.

Even the sneek of Arabia or those other oil rich sheiks.

You can use some more oil energy getting up earlier and turning on lights and stuff.

8-BALL

Mr. and Mrs. Horace Bates have returned home from California where they have been for the past two months. They have the hotel building here.

8-BALL

Senator Lloyd Bentsen of Texas has joined the ranks of those who will seek the Democratic nomination for president next year. Lloyd has served for four years in the U.S. Senate, having beaten Ralph Yarborough four years ago.

He could very probably get the vice-presidential nomination and possibly get the presidential nomination.

After all, convention time is a long way off.

Anything could happen.

8-BALL

I have a pretty good T. V. antenna for sale, pipe and all. Even a rotor that has quit doing its job. Maybe it could be cleaned up and fixed. I don't know. All for \$25.

Range delivery.

(How is that for sneaking in an ad in this column?)

8-Ball

Students in the fourth, fifth and sixth grades were taken to a play at Angelo State University Monday morning. The play was put on by the ASU drama department and sponsored by the junior league of San Angelo. James Thompson drove the bus on the trip.

8-BALL

**Social Security Tips**

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

'If your check is lost or stolen, get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.'

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

For further information contact the Social Security office at 3000 W. Harris Avenue, San Angelo, Texas 76901 or call 949-4608.

**HOMEMAKERS WANTED IN THIS AREA:** men, women, students. No experience necessary; stuffing & addressing envelopes (Commission Mailers). Earn sparetime money at home, \$100.00 weekly possible. Send \$1.00 (refundable) & long stamped envelope for details to PPS-1038, 216 W. Jackson Blvd., Chicago, Ill. 60606.

**OUR GREAT LIQUID ASSET - WATER!**

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLECT CAN LEAD TO SERIOUS PROBLEMS.

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED... PEOPLE SHOULD COME FIRST!

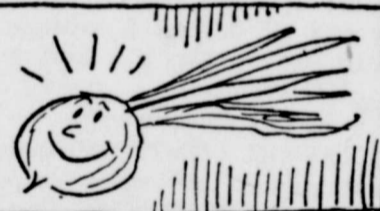

**A GIFT OF LIFE**

Your contribution to the American Cancer Society in memory of your loved one will help support a program dedicated to the conquest of cancer. Your memorial gift will not only do honor to the dead. It could help provide a gift of life.

Memorial gift funds may be sent to your local American Cancer Society office.
