

Sterling City News-Record

VOL. 83 Since '1890' PUBLISHED EVERY FRIDAY IN STERLING CITY, TEXAS 76951 Price 9c FEBRUARY 13, 1976 No. 6

AROUND
THE
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Friday, the thirteenth — some consider it unlucky. Others do not. Anyway you consider it, this is the opening day of the San Antonio Livestock Exposition and fifteen Sterling County 4-H Club members will either be in San Antonio or on their way to the show.

Since Friday is the day that the youngsters lead their steers, before the sifting committee, those who get thumbed to the rail and not allowed to show their steers Saturday will consider it unlucky.

Club members with steers entered at San Antonio are Greg Davis, Cheryl Drennan, Lenard Horwood, Lonnie Horwood, June Humble, Susie Humble and Deborah Miller.

Entries in the lamb show include Greg Davis, Sherri Drennan, Amy Hodges, Becky Hodges, Wesley Hodges, Lenard Horwood, Lonnie Horwood, Brandon Miller and Reed Stewart.

Paula and Delmar Radde Jr. have entered their Delaines in the open show competition.

Wesley Hodges has his Rambouillets entered in the Junior show while Amy and Becky have theirs entered in the Open show.

Lenard and Lonnie Horwood each have a Hereford heifer entered in the Junior Beef Heifer Show.

Total entries by the local club members are twenty market lambs, ten market steers, two Hereford heifers, twenty-five Rambouillets, and eight Delaines.

Amy Hodges showed the champion Rambouillet ram and ewe of the Junior Show at Fort Worth Saturday. Wesley had the reserve champion ram and Becky had the reserve champion ewe.

In the Junior Delaine Show at Fort Worth, all the champions went to FFA member Benny Radde and 4-H Club members Paula and Delmar Radde Jr.

In the Open Rambouillet Show at Fort Worth the preceding week, Wesley had the champion ram and Amy the champion ewe. The three Raddes again shared all the champions in the Delaine competition.

Left-over from the Sterling County Livestock show on January 19: the butane for heating the show barn for the show was contributed by Felix Fuel owner W.Y. Bengé Jr. This notice was received after the show too late to be included in the list of donors. Thanks a lot, Mr. Bengé, your contribution is appreciated at this late date.

Democratic Political Announcements 1976

The following announce their candidacy in the Democratic Primary May 1, 1976:

For County Attorney,
HOWARD V. CUDD
WORTH B. DURHAM
For Sheriff, Tax Collector and Assessor:

J. B. Ratliff
Mrs. Minnie Pinson
Mrs. Noble Read
Mrs. O. M. Cole
Mrs. Mabel Martin

Mrs. Clifford Carpenter
Mrs. Iver P. Mercer
Mrs. Henrietta Long
Roy Morgan
O. V. Anderson

F. W. Ferrell for District Attorney

Assistant County Attorney for Tom Green County will oppose 51st District Attorney Gerald Fohn for that post on May 1. Ferrell, 35, has served as assistant county attorney since September 1973. From April 1967 to June 1973, he was Judge Advocate in the U.S. Air Force with his chief duty as prosecuting criminal cases. His latest position in the Air Force was as Chief of Military Justice at Ramstein Air Base, Germany, and there he was responsible for all criminal prosecutions. While in the Air Force, he received the Meritorious Service Medal, an Air Force Commendation Medal and was a finalist for the 1971 Albert M. Kuhfeld Award, given annually to the outstanding young Judge Advocate in the Air Force.

Since Ferrell became Assistant County Attorney, in September 1973, the office has obtained approximately 1700 convictions and assessed approximately \$300,000 in fines. He is personally responsible for all juvenile criminal cases.

Ferrell received his B.A. from the University of Texas in 1965 and his law degree from the UT School of Law in August 1966. He was admitted to practice law in December 1966.

He is married to Retta Baker Ferrell and they have two children, Melissa, 9 and Marshall, 5.

Call in your news items to the News-Record. 378-3251.

P.T.A. Meeting

The Sterling P.T.A. held its Founders Day program Monday afternoon in the school auditorium. Chesley McDonald was the main speaker of the day, using a patriotic theme. The devotional was given by Robert Hamilton, minister of the Church of Christ.

All past presidents of the organization were recognized and a list of accomplishments of the group was detailed by Mrs. Arthur Barlemann Jr.

Officers for the next year were elected as follows:

Mrs. Johnny Hughes, president
Mrs. Dan Slaughter, 1st v.-p.
Mrs. Corwin Collins, 2nd v.-p.
Mrs. C.J. Copeland, 3rd v.-p.
Mrs. Bobby Dodds, secretary
Mrs. Vivian Sanchez
Bobby Dodds, publicity

These new officers will be installed at the final meeting of this year.

LISA HORWOOD PLEDGES SORORITY AT SMU

Lisa Horwood recently became a pledge of Zeta Tau Alpha international fraternity for women at Southern Methodist University, Dallas, Texas.

Zeta Tau Alpha is a women's social fraternity with approximately 175 collegiate chapters in the United States and Canada. ZTA was founded in 1898 at Longwood College, Farmwood, Va., and today has over 75,000 members.

Miss Horwood is a 1975 graduate of Sterling City High School. She is the daughter of Mr. and Mrs. S.K. Horwood of Box 724, Sterling City, Texas.

On Honor Roll at ACC

Allen Price, son of Mr. and Mrs. Foster S. Price of Sterling City, was among the students on the Dean's Honor Roll at Abilene Christian College for the last semester.

4-H Food Club Show Winners

Donna Moore and Amy Hodges were top winners in the 4-H Food Show contests here Tuesday of this week. Donna Moore won her championship in a main dish (Junior Division) and Amy won top spot in the Senior Division in the Snacks and Drinks class.

Others who won and will go to the district contest include Sherri Foster, John Griffin and Becky Hodges. Teresa Coleman won a ribbon in the main dish category; Sherri in breads and desserts; John in breads and desers and Becky in side dishes.

The contests were held here in the community center Tuesday under direction of Mrs. Jean Holland.

O. V. Anderson, 88, Buried Thursday

Olan Vander Anderson, 88, died Tuesday in the Sterling County Hospital. He was a resident in the Sterling County Nursing Home.

Services were held here at the First Baptist Church Thursday at 2 p.m. with the pastor, the Rev. Traugott Vogel officiating. Burial was in the City Cemetery with Ross Funeral Home in charge.

He was born January 31, 1888 in Bettie, was married to Rosa Purvis November 12, 1953 in San Angelo and was a retired farmer and rancher.

Survivors include his wife, two sons, Dee Anderson and O. B. Anderson, both of San Antonio; four sisters, Lena Horst and Bertha Pool, both of Muleshoe, Bessie House of Los Lunas New Mexico and Mrs. Eva Gibson of Graham.

Pallbearers were Finis Legg, D. Kirk Hopkins, Nolan Stewart, Bobby Dodds, Howard V. Cudd and W. Y. Bengé Jr.

Golf Tournament Winners

Winners in last Saturday's golf tournament here were as follows:

FIRST—Dayton Barrett, Bobby Dodds and Ken Rushing.

SECOND—Bill Jones, C. J. Copeland and Louis Watson.

THIRD—Roland Lowe, Bob Hamilton and Jack Peel.

It was an ABC tournament.

Heart Fund Drive Started Here

A breakfast for the volunteer workers that will help in the 1976 Heart Fund Drive was held here in the community center on Tuesday morning. Twenty-one persons attended the breakfast.

Mrs. Bill Watts and Mrs. T.J. Finnegan are the co-chairmen in this years drive.

Last year \$1,892.00 was collected or donated here and this year the goal is \$1,900.00, said Mrs. Watts and Mrs. Finnegan.

LOSE HORSES IN FIRE

A fire at the Wilkie Downs barns near San Angelo early on Sunday morning destroyed nine horses and two colts belonging to R.T. Foster Jr. The fire also destroyed two horses belonging to R. T. Foster Sr.

CAR OF THANKS

I wish to thank all my friends for their concern cards and visits while I was in the hospital.

L. A. GRIFFIN

FOR SALE—Automatic Gen. Electric washing machine, replaced with gas operated one. Good condition. \$50. Skipper Lively.

LIONS CLUB

The Sterling City Lions Club met at noon Wednesday in the community center. Billy Blair was a guest of Louie Alexander. The prize went to Early Barton.

C. A. Tucker told of a census that was to be taken in Sterling County between now and the middle of March. He said that it had originally started out to be a census on the aging population, but had been enlarged to include a church membership census.

It was reported that the city water tower was being overhauled or repaired by the city. Water pressure should remain the same for users, except that a fire would create a problem due to no overhead storage. Work was to be completed in a week or so.

The fact that the Annual Sterling County Heart Fund drive was underway was brought out. Sterling County has consistently raised the most per capita in the state in recent years. This year the county quota is \$19,000, said a spokesman for the drive.

Last year the county raised a per capita of \$1.89 here, leading all counties in the state.

Census To Be Taken Here Soon

C.O.G. SPONSORED

A census is to be taken here in Sterling County soon. It is sponsored by the Concho Valley Council of Governments and is more or less under the direction of Out-Reach Worker, Rev. C. A. Tucker, pastor of the First Presbyterian Church.

Although primarily begun to get a survey of aging citizens, it now will be a complete census even to being a religious census, said Tucker. Church groups are to take the census, being the La Hermosa Baptist Church or Mission, the Catholic Church, the Church of Christ, the Baptist and the Methodist churches here.

A meeting was held last week working out the plans and another was held this Wednesday.

Tucker said the churches were to line up the house knockers—and rural road workers, and the job will be completed by the middle of March.

Forms for the census have been mimeographed by Tucker and the job will be rather simple.

As the out-reach worker for the COG Tucker said the forms dealt mostly with those who are senior citizens and their problems. COG is sponsoring such censuses around over the area.

City Election Here in April

The first Tuesday in April, which will be April 6, will be the date for the City of Sterling City election for a mayor and two councilmen.

The election will be held in the city hall that day. Mayor L. R. Reed's term is expiring and also the terms of councilmen F. S. Price and Dan Glass.

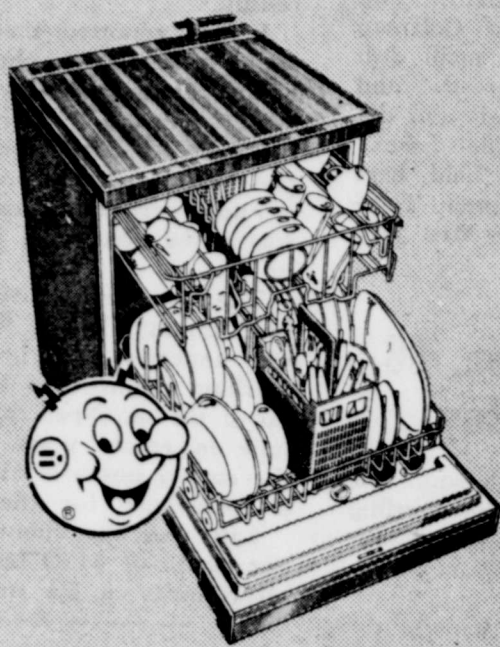

Other members of the council are Ross Foster, Neal Reed and Don Griffin.

Anyone wanting to file for an office must file with the City Secretary Mrs. Horace Donalson thirty days before the election date.

April 3, a Saturday, will be the date for the school board election here. Persons wanting to file for a place on the school board ballot may file with the County Judge, Roland Lowe.

Eddie Edwards underwent eye surgery in Odessa last Friday. He came home Saturday, doing fine.

REDDY'S Conserve and Save Tips for Your DISHWASHER

- ★ Clean the filter screen often. A clogged filter can reduce the efficiency of your dishwasher.
- ★ Use only detergents manufactured specifically for dishwashers. A wetting agent helps prevent water spots on glasses and silverware.
- ★ A dishwasher will usually hold a whole day's dishes. It takes as much hot water and energy to wash 1 dish as it does a full load. Stack your dishes out of sight in your dishwasher and wait until you have a full load to turn it on.

A GIFT OF LIFE

Your contribution to the American Cancer Society in memory of your loved one will help support a program dedicated to the conquest of cancer. Your memorial gift will not only do honor to the dead. It could help provide a gift of life.

Memorial gift funds may be sent to your local American Cancer Society office.

AMERICAN CANCER SOCIETY

V.F.D. Volleyball Tournament Set

For a fund raising project the Sterling Volunteer Fire Department and Auxiliary is going to hold a volleyball tournament on March 5 and 6 in the school gym. Neighboring towns are being invited to enter and compete for first, second and third place trophies. Three or four teams from Sterling will also be entered.

The Firemans Auxiliary is planning the concession. They are asking firemen to donate items from Brocks and Watsons grocery stores. The following list will be placed in both stores—

Cold drink cups, coffee cups, plastic spoons or forks, chili, cheese, onions, pop corn, pickles, paper plates, crackers, tuna fish, bread, crackers, cake mixes, cake frosting, brownie mix salad dressing and coffee.

All donations will be appreciated.

WTU SERVICE MAN

Luther Smith of Winters is the new service man at the West Texas Utilities Company here. He moved in his trailer house last week just south of the Donald Moore home. His phone number is 378-4641.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO:
ROBERT HALTON CUMBIE.

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of March, A.D., 1976, at or before 10 o'clock A. M., before the Honorable District Court of Sterling County, at the Court House in Sterling City, Texas.

Said plaintiff's petition was filed on the 22 day of January, 1976.

The file number of said suit being No. 825.

The names of the parties in said suit are:

Jerry Lynn Cumbie, Petitioner, and Robert Halton Cumbie, Respondent.

The nature of said suit being substantially as follows: to wit: Petition for Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 22nd day of January A. D., 1976.

Given under my hand and seal of said Court, at office in Sterling City, Texas, this the 22nd day of January A.D., 1976.

(Seal) (W.W. Durham, Clerk District Court, Sterling County, Texas

By Sandra Peel, Deputy

NOTICE

The Texas State Department of Health has established, in accordance with the Federal Public Health Service Act, the current annual level of uncompensated services for Sterling County Hospital and Nursing Home, Sterling City, Texas to be that the facility does not intend to deny anyone admission to the facility or any of its services because of an inability to pay. The documents upon which the determination was based are available for public inspection at the Texas State Department of Health, 1100 West 49th St., Austin, Texas from 9:00 A. M. to 4:30 P.M. on regular business days. The level of services set out meets the presumptive compliance guidelines of the Federal regulation.

Social Security Tips

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

'If your check is lost or stolen, get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.'

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

Bicentennial Fair

Spirit of '76—The Miracle of America is the theme of the Bicentennial Fair which the Sterling City PTA is sponsoring to celebrate America's 200th birthday. Students who best express the theme creatively will be winners of special Bicentennial prizes. Deadline for entries will be April 2; winners will be announced on April 12, 1976.

Parents and other friends of students are urged to encourage Sterling City students to participate in the Bicentennial Fair.

FOR SALE—

4 fifty foot lots, all under fence; new irrigation well, underground water pipe. Lots cleared of brush. Located two blocks south of courthouse.

A.M. Richardson, Pr. 378-3111

Ingenious Triumphs Of Chemistry

GOOD NEWS ABOUT SCIENTIFIC ADVANCES

CRACKING GETS THE RUBBING ALCOHOL OUT OF YOUR GAS TANK

What do a washing machine agitator, dog food, aspirin and perfume have in common?

Without propylene, one of the basic chemicals made from oil and natural gas, these and countless other everyday products could not be made.

Propylene holds a unique position as a chemical raw material. It is one of the most important petrochemical building blocks and is also a significant component of gasoline. Catalytic cracking of petroleum to make high octane gasoline produces large amounts of propylene. Last year, only one quarter of this or about 11.5 billion pounds of propylene was separated from the gasoline for chemical use.

Although this is a relatively small volume when compared to other petrochemical building blocks, propylene, an odorless, colorless gas, winds up in countless products vital to the comfort and well being of Americans and to the strength of their economy.

A very significant end-use application of propylene is isopropyl alcohol. Whether it's called 2-propanol, dimethyl carbinol, isopropanol or just plain IPA, this propylene-derived product is, in fact, the rubbing alcohol in your medicine chest.

The Many Uses of IPA

IPA, in addition to its use as a household antiseptic, is also an important ingredient in the manufacture of hydrogen peroxide, solvents, anti-

stalling agents, dyes, aspirin, de-icing agents, surface coatings, insect repellent, printing ink, paint and varnish removers, latex paints and fuel additives.

Another major use of propylene is to make polypropylene, one of the most versatile plastic resins. Because of its superior physical properties—

strength, resistance to work fatigue, chemical and heat resistance, colorability and flex strength—polypropylene is finding its way into applications that dispell the myth that plastics are only good for cheap toys and olive stabbers.

The medical field recently has discovered the many assets of polypropylene. Pacemakers and artificial hearts now have parts made of polypropylene. It is also used as through-the-bone marrow pins, screws, staples, and as sutures to close contaminated wounds. Polypropylene has other medical uses such as dentures, disposable hypodermic needles and syringes, test tubes, soap dishes, graduated basins and thermometer holders.

The appliance and automotive industries are using a great deal of polypropylene these days. For example,

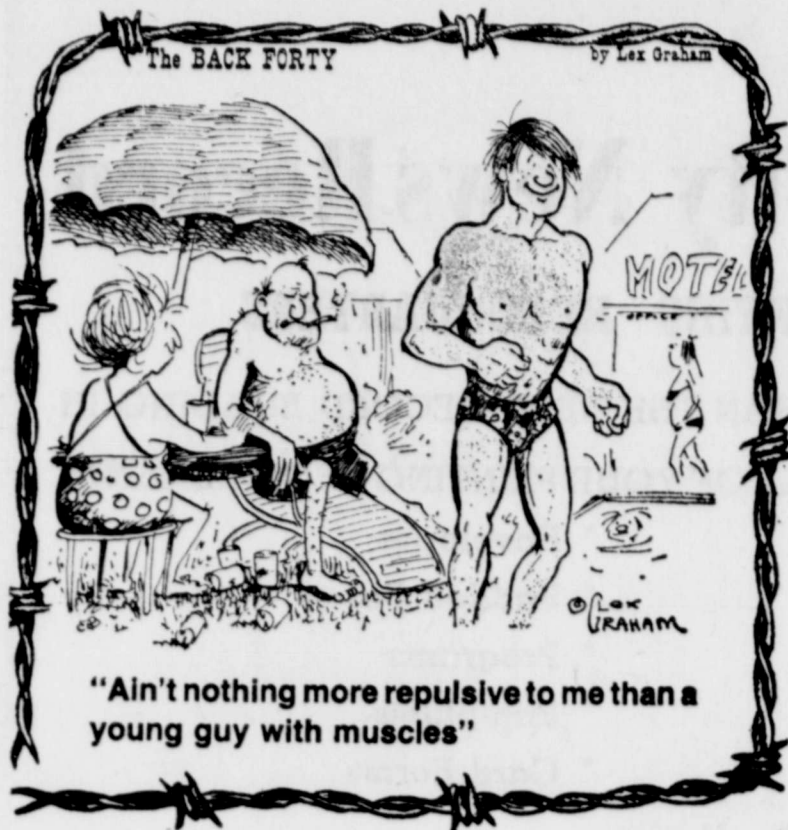

washing machine agitators, dishwasher innerliners and many other parts for major and small appliances are made of it.

When the Going is Tough One of the most revolutionary uses is in car batteries. Most of the 1974-model U.S. cars now have batteries — and numerous other parts such as steering wheels, bucket seat backs and accelerator pedals — made of tough polypropylene.

Polypropylene fibers are being also used by the furniture and carpet industries because of their resistance to stains. And its toughness is causing polypropylene to become widely used in making cordage. These are just some of the many ways polypropylene is being used to provide better quality products for American consumers.

In addition to IPA and polypropylene and their many end-uses, propylene finds its way into synthetic rubbers, medicines, cosmetics, safety glass, food flavoring agents, adhesives, photographic chemicals, epoxy resins, leather tanning products, perfume, antifreeze, brake fluids, herbicides, dog food and poultry feed additives, nylon, wood preservatives, polishes, explosives and paper coatings.

When the many vital chemical applications of propylene are coupled with the fact that it is one of the components of gasoline that keeps the car engine running efficiently, it's easy to understand why propylene often is termed "lifeblood" for American industry.

Put muscle into your checking program. Order your personal checks here. They add distinction and convenience to your checking account. We have lots of designs, one of which will please you.

Son to Frizzells

A son, named Justin Craig, was born to Mr. and Mrs. Craig Frizzell on February 10 in the Sterling County Hospital. The baby weighed eight pounds and one ounce.

Papa Craig works on the Shack ranch. The couple has one other child, Stephanie, age two.

Grandparents are Mr. and Mrs. Cotton Frizzell and Mr. and Mrs. Nolan Stewart

Behind the 8-Ball

By the editor.

Do you know a pharmacist that would like to come here and operate the pharmacy? If so, get in touch with them and let's get the ball rolling.

Check with the hospital administrator Mrs. Joe Emery for details.

8-BALL

OKLAHOMA! The musical, is now running at the Midland Community Theatre, and is playing to full houses. It still captures audiences with the lilt and popular songs. The Midland group never fails to put on a good entertainment—whether drama or musical, but it seems that musicals draw the best crowds and get the best reviews. It is all to one's individual taste. (I lean toward the plays, especially the comedies) but who am I? The musicals fit into a well rounded program each year, and everybody wants to see them, it seems.

I really like 'em all, and, by the way, haven't missed a single production since Hello, Dolly.

Even the Summer Mummies. So, for the most for your entertainment dollar, join the Midland Community Theatre. You can't beat it.

A yearly membership for two costs only \$30, AND it entitles you to 16 seats at the productions. AND you can use them when and as you like. You can pick out one you like and take as many persons along as you want, and forego some of those you don't think you would like. Or you can't get loose to see

8-BALL

Chesley McDonald was the chief speaker at the Rocksprings, Texas Chamber of Commerce banquet last week. Ches has spoken to many gatherings over this area of the state through the years.

8-BALL

BABY Sitter needed, in home preferably. Contact Mrs. Parker 378-5861.

NOW IN STOCK—The New 1976-77 Texas Almanacs, only \$2.50 each at News-Record. They won't last long. Only a dozen in stock.

FOR SALE—'66 white Coupe Cadillac DeVille. Good condition. \$500. Debbie McClure, ph. 378-3162.

TURN IN A 'PUSHER'

If you know or hear of any one who is pushing heroin or hard drugs and want to report it to the federal government—it's easy to do now.

Just dial 112-800-368-5363 and you will get the Department of Justice in Washington and things will start.

This is a toll free number and someone is on duty at all times there. Callers need not identify themselves and rights of all callers will be protected.

Help by turning in a pusher and help this program.

FOR SALE—On bids, Eddie Jones' 1965 Ford Custom. Drop bids at Jim Cantrell's.

I appreciate your past business. I will appreciate your future business. Thanks.

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-up is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

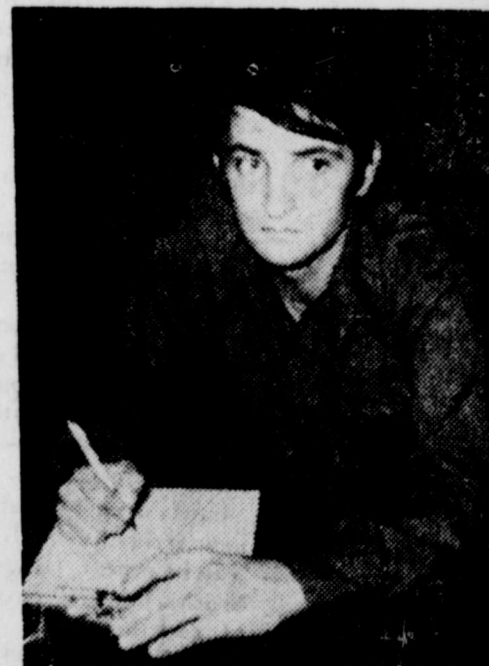

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.
