Ingenious Triumphs Of Chemistry

GOOD NEWS ABOUT SCIENTIFIC ADVANCES

CRACKING GETS THE RUBBING ALCOHOL OUT OF YOUR GAS TANK

What do a washing machine agitator, dog food, aspirin and perfume have in common?

Without propylene, one of the basic chemicals made from oil and natural gas, these and countless other everyday products could not be made.

Propylene holds a unique position as a chemical raw material. It is one of the most important petrochemical building blocks and is also a significant component of gasoline. Catalytic cracking of petroleum to make high octane gasoline produces large amounts of propylene. Last year, only one quarter of this or about 11.5 billion pounds of propylene was separated from the gasoline for chemical use.

Although this is a relatively small volume when compared to other petrochemical building blocks, propylene, an odorless, colorless gas, winds up in countless products vital to the comfort and well being of Americans and to the strength of their economy.

A very significant end-use application of propylene is isopropyl alcohol. Whether it's called 2-propanol, dimethyl carbinol, isopropanol or just plain IPA, this propylene-derived product is, in fact, the rubbing alcohol in your medicine chest.

The Many Uses of IPA

IPA, in addition to its use as a household antiseptic, is also an important ingredient in the manufacture of hydrogen peroxide, solvents, anti-

stalling agents, dyes, aspirin, de-icing agents, surface coatings, insect repellent, printing ink, paint and varnish removers, latex paints and fuel additives.

Another major use of propylene is to make polypropylene, one of the most versatile plastic resins. Because of its superior physical properties—

strength, resistance to work fatigue, chemical and heat resistance, colorability and flex strength—polypropylene is finding its way into applications that dispell the myth that plastics are only good for cheap toys and olive stabbers.

The medical field recently has discovered the many assets of polypropylene. Pacemakers and artificial hearts now have parts made of polypropylene. It is also used as through-the-bone marrow pins, screws, staples, and as sutures to close contaminated wounds. Polypropylene has other medical uses such as dentures, disposable hypodermic needles and syringes, test tubes, soap dishes, graduated basins and thermometer holders.

The appliance and automotive industries are using a great deal of polypropylene these days. For example,

washing machine agitators, dishwasher innerliners and many other parts for major and small appliances are made of it.

When the Going is Tough

One of the most revolutionary uses is in car batteries. Most of the 1974-model U.S. cars now have batteries—and numerous other parts such as steering wheels, bucket seat backs and accelerator pedals—made of tough polypropylene.

Polypropylene fibers are being also used by the furniture and carpet industries because of their resistance to stains. And its toughness is causing polypropylene to become widely used in making cordage. These are just some of the many ways polypropylene is being used to provide better quality products for American consumers.

In addition to IPA and polypropylene and their many end-uses, propylene finds its way into synthetic rubbers, medicines, cosmetics, safety glass, food flavoring agents, adhesives, photographic chemicals, epoxy resins, leather tanning products, perfume, antifreeze, brake fluids, herbicides, dog food and poultry feed additives, nylon, wood preservatives, polishes, explosives and paper coatings.

When the many vital chemical applications of propylene are coupled with the fact that it is one of the components of gasoline that keeps the car engine running efficiently, it's easy to understand why propylene often's termed "lifeblood" for American industry.

Social Security News

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

'If your check is lost or stolen, get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.'

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and first conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When 2 or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If upon conviction, a defendant confesses other thefts, no additional rewards will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

Important for Women

Please Read

DEAR LADIES:

I am asking the women of my district for their support, and to give them a better knowledge of my views.

I do not believe, as my opponent believes, visiting with a few groups and sending a few documents to county libraries, which they would receive anyway, is representing the people. Our main industries in this district are agriculture, cattle and oil. These industries produce employment for our citizens, support our businesses and schools. Every citizen in this district plays an important role towards the betterment of our district and our state.

Constructive Legislation is what we need—we have not received it in the past. What we do TODAY should be for our young people TOMORROW. This can be obtained by working for passage of a bill that would allow exemptions to be raised from \$60,000 to \$200,000 on the inheritance tax. As for Women's Rights, I believe that every woman has the right to receive equal pay for the job she chooses and is qualified to perform. My opponent is chairman of a committee to study the advisability of creating a commission on the Status of Women. As you know, bureaus result in too many rules and regulations. In talking this over with many women, I find they do not want a ridiculous bureau of this type. I have contended during this entire campaign that our country was formed on the basis of free enterprise and not bureaucratic monopolistic views. If we do away with our unneeded bureaus and agencies, we will cut the cost of our Government and help put the Government back into the hands of the people.

All of a sudden two years later (three weeks before the election) my opponent has become concerned about the high price of natural gas. Why wasn't he concerned with this when he voted in the last session?

Yes, I believe I can accomplish more than just visiting with a few groups and sending documents to libraries. I will help to keep and upgrade the quality of our education for our children, help to save the taxpayer's dollars, and help to insure our senior citizens the social security to which they are entitled. I will help find doctors for our counties in this district that need them, as I have been asked to do. I will help bring a suitable water program to West Texas.

You CAN have strong representation in our State Capital. Your vote and influence will be appreciated.

Thank you, BILL ATWOOD JR.

Please Vote for Bill Atwood, Jr.

Your State Representative on May 1st

History of Sterling County Books

Memorial Pages to be Sold
The History of Sterling County is in the hands of the publisher. The book is much larger than anticipated at the beginning and additional funds are required to finance the book. The response to our requests for material has been tremendous. Due to increased publication costs the price of the book will be raised to \$15.00 (fifteen dollars) beginning May 1.

It has been suggested that memorial pages be included in the book to aid in financing its publication. The memorial pages are being offered at \$100.00 (one hundred dollars) each. The 8½ by 11 inch page will accommodate from one to four members of a family. Pictures or written memorials are considered appropriate. We urge your immediate response in this matter as the number of pages is limited and the deadline for publication draws near. Please contact Alta McGibany at the What Shop (378-1811) or LeRuth Stewart (378-2531) if you are interested.

The book will contain the History of Sterling County by Ira Lee Watkins, family histories, histories of clubs, churches, transportation, industries, city and county government, and a fascinating section of reminiscences. The book will be enhanced throughout with old pictures. A special section has been designated for memorials. Your memorials need to be turned in immediately. Books may be purchased at the What Shop.

NOTICE

Judge Truman Roberts

TRUMAN ROBERTS has established an outstanding record over the past five years as judge of the state's highest court in criminal matters. Before election to the Texas Court of Criminal Appeals he served 11 years as County Attorney and District Attorney, then 10 years as Presiding Judge of the 52nd Judicial District.

Judge Roberts has been endorsed in his race (over a Dallas opponent) by 76.4 percent of more than 11,000 attorneys voting in the State Bar of Texas poll.

Vote to keep a man with this excellent experience and recognized ability. Vote in the Democratic Primary on May 1 to re-elect Judge Truman Roberts to a second term on the Texas Court of Criminal Appeals.

Texas Railroad Commission

JON NEWTON BELIEVES:

"Texans are going to get a handle on rising utility costs only when we reject phony political promises and attack the problem both here and in Washington."

LEADING JOURNALISTS AGREE:

"The public will expect and demand of the commission a performance more judicious and exacting than ever before in its 85-year history. Of all the candidates in this important race, we believe Jon Newton is best qualified to meet the needs of this new day for the commission." *Dallas Morning News, April 19, 1976.*

"Jon Newton is an unusually well-qualified candidate for this office which today is of tremendous and growing importance to our state and nation." *Kilgore News Herald, April 18, 1976.*

"He has worked successfully for consumer and environmental causes, he is for a realistic and wise use of our state's resources and he has spoken out in federal forums for adequate energy policies." *Port Arthur News, April 20, 1976.*

"If a voter wants to do something about solving energy and transportation problems, one effective way would be to vote for Jon Newton for Texas Railroad Commission." *Houston Chronicle, Feb. 15, 1976.*

"Newton talks common sense on energy and is ready to go to bat for all Texans . . . (his) views are sound, his goals admirable and his qualifications superior." *Victoria Advocate, Feb. 15, 1976.*

"We need men like Jon in every capacity in state government." *Beeville Bee-Picayune, Jan. 19, 1976.*

MCT Sets "THE FANTASTICKS"

Midland Community Theatre is planning a FANTASTICK birthday celebration beginning on Friday, April 23. The Midland Theatre was chartered 30 years ago this month, and to mark the occasion, MCT has revived one of its most popular productions, THE FANTASTICKS. This remarkable little musical by Tom Jones and Harvey Schmidt is still running in New York, nearly 17 years after it opened. MCT first did the show in the summer of 1964.

Highlighted by songs such as *Try to Remember* and *Soon It's Gonna Rain*, THE FANTASTICKS is really a simple story of a boy and a girl in love, yet it is told with great wit and style. Sherri Reeves (of Odessa) and Kenneth Hunicutt will portray the sweethearts in the Midland production. Their fathers will be played by Dee Rose and Bill Shaner. The role of El Gallo, the show's narrator as well as a participant in the action, will be handled by Jim Salners. Bill Adam and George Lindsey will appear as two wandering actors, one a Shakespearian, the other a specialist in dying. Lisa DeMasi has the show's most unique role, that of the Mute, an on-stage prop person.

Art Cole is director-designer for the production. Paul Lavery, Jr., is Musical Director and Loree Fitz-Gerald serves as stage manager.

The opening night performance of THE FANTASTICKS will be followed by a gala birthday party at the Midland Petroleum Club.

Ten performances of this musical have been scheduled, including matinees on April 25 and May 2. Tickets are \$4 and \$5 to non-members of Midland Community Theatre, and the box office will accept reservations beginning Monday, April 19.

4-H Club Column

Ten Sterling County 4-H Club members have completed a project called Exploring 4-H, according to Mrs. Jean Holland, County Extension Agent at large. This 4-H project group met 6 times to complete lessons on 6 different subjects. The purpose of this project was to acquaint youngsters with the wide variety of projects available through 4-H. Girls completing the project are as follows:

Jerri Greenfield, Pearl Garcia, Virginia Mirales, Lesa Delgado, Johanna Vogel, Deane Bautista, Letzia Zapata, Lynn Medina, Kim and Kyla Davis.

Project group leaders are Mrs. Jim Davis (Kay) and Mrs. Mackey McEntire (Kathy.)

Certificates of completion were presented to the girls at a party on April 22.

ALPHABET SOUP- It's not enough everyone else has been cramming alphabet titles down our throats, now the insurance industry comes along with IRA, HR-10, etc. What's it all about?

Okay. Let's forget the alphabet. 82% of the adult population in the United States is now at work. Most work because of necessity and most, when they quit work, need and want retirement income—a result of their past efforts. Unfortunately, a high percentage of this work force either change jobs before becoming eligible for retirement or work where there is not retirement plan. On September 1, 1974 the President signed into law a portable retirement plan, making it possible to have a retirement income even if you change jobs frequently or work where there is no retirement plan. Portable retirement plans that work for the earning individual is what the alphabet—IRA (Individual Retirement Account) and HR-10 (Keogh) are all about. Learning your ABC's—planning for the future.

The People's Choice
I Sincerely Want Your Vote
Here Are the Reasons Why:

- I will work to get better telephone service.
- I have written 5 different brochures for the people of District 63.
- Have discussed on several occasions the problems facing our Highway Department personnel and have got proposals to be made in the next legislative session to help Texans continue driving on good highways.
- Agriculture is the backbone of your economy. I have ranching interests and will work for improvements in ranching.
- I believe I can get legislation passed that will lower our utility costs.
- Will work for a program to bring water into West Texas for our farm and ranch land.
- Will work for constructive legislation today for the benefit of our children tomorrow.
- I will work at the state level with U.S. Representative Bob Krueger on de-regulation of gas.
- I will again work at the state level to get passage of the Curtis-Burleson Bill. This will raise exemptions from \$60,000 to \$200,000 on inheritance tax.
- YES, I will do more for the citizens of Sterling County than just visit a couple of times in a two year period, and send papers to county libraries. This is not good representation.
- I will do you the same good job at the state level as Bob Krueger has done for you at federal level.
- I want to thank the citizens of Sterling County for their warm welcomes.

FURNITURE

The term 'furniture' first came into use around the legislature to describe members who, by virtue of their ineffectualness or stupidity, were indistinguishable from their desks, chairs, and inkwells. It is now used, casually and more generally, to identify the most inconsequential members.

The Furniture List for the 64th Legislature:

HOUSE

Jim Clark	Pasadena
Tony Dramberger	San Antonio
Michael Ezzell	Snyder
Tony Garcia	Pharr
Forrest Green	Corsicana
Don Henderson	Houston
Joe Hernandez	San Antonio
Sam Hudson	Dallas
Elmer Martin	Colorado City
Ed Mayes	Granbury
Robert O'Kelley	El Paso
Tony Polumbo	Houston
Don Rains	San Marcos
David Stubbeman	Abilene
Ruben Torres	Por Isabel
Kenenth Vaughan	Garland
Leroy Wieting	Portland

This is how you have spent your tax money for representation. A leading magazine of Texas rated your representative as a piece of furniture in the Legislature.

LEGAL NOTICE
ORDER RE: LAND VALUES FOR TAXATION

The Commissioners' Court of Sterling County, Texas, in special session on this 15th day of March A.D. 1976, in order to achieve a more equitable tax valuation base and remove the great variation in existing valuations for the agricultural lands of Sterling County, it was moved by Commissioner C.W. Smith and seconded by Commissioner Billy R. Bynum, and unanimously adopted by the Court that, effective for the tax year 1976, no agricultural acreage land shall be assessed at a value less than \$7.50 per acre, and that all other agricultural acreage lands having an assessed value of \$7.50 per acre or more, shall remain at their present assessed value.

RODENT CONTROL SPECIALIST AVAILABLE

Sterling County is one of 19 area counties selected to be serviced by an urban Rodent Control Specialist, U.S. Fish and Wildlife Service and Texas A&M University cooperating.

Larry J. Killgo, a native of Snyder, will be stationed in the County Extension Office in Abilene. He is the son of C. J. Killgo of Snyder and has a B. S. degree in Wildlife Management from Texas Tech University.

He will give talks, demonstrations and help where needed on rodent control—like mice, rats, and even sparrows, starlings, skunks, armadillos and racoons.

He can be contacted through the local County Extension Office or by writing him Care of County Extension Office, County Courthouse, Abilene, Tex., 79602 or phone 673-0331.

The Texas Department of Public Safety is offering immediate career employment to qualified young men. Contact your nearest DPS office or patrolmen for more information.

WE NEED TO KEEP—

Gerald Fohn

BECAUSE:

- The only issue in the District Attorney's race is the **EFFECTIVE** prosecution of **FELONY** cases.
- In only 6 months since Governor Briscoe appointed him, **GERALD FOHN** has earned 41 felony convictions—that is 25% of **ALL** the felony convictions for **BOTH** District Courts for the past 3 years.
- Additionally, only **GERALD FOHN** has the valuable experience of working with Sterling County Grand Juries and law enforcement personnel to serve our area's needs.

THAT'S AGGRESSIVE, CAPABLE LAW ENFORCEMENT LEADERSHIP.

That's why Governor Briscoe chose GERALD FOHN over a field of applicants INCLUDING HIS OPPONENT.

On Saturday, May 1st, vote to continue the work
Gerald Fohn has begun—

Twenty-one Sterling County 4-H Club members will be competing in the District 7 2-4 Elimination Contests in San Angelo Saturday. All of the contests with the exception of the rifle contest will be held at Angelo State University with the majority being held in the Science Building. The rifle contest will be held at the San Angelo Gun Club on the Knickerbocker road.

There are two senior divisions entries from Sterling. Senior club members are those who had reached their fourteenth birthday

before January 1 of this year. First and second place winners in the senior division have the opportunity to compete in the State 4-H Contests at Texas A&M University on June 1-2-3.

Seniors in the Electric Demonstration Team contest are Lenard Horwood and Alan Phillips. Their coach is Mrs. S.K. Horwood.

Senior entry in the Swine, Sheep or Goat Demonstration Contest is Amy Hodges. She is being coached by Mrs. Clinton Hodges.

Junior contestants do not participate in the State 4-H Contests. The district contest gives them experience in preparation for their entry in the senior division.

Cynthiajean and Margaretann Schovajsa are competing in the Clothing Educational Activity Demonstration contest. They are being coached by Mrs. Calvin Schovajsa.

Junior Range Judging team members are Wesley Hodges, Lenard Horwood and Joe Sanchez. Their coach is the county extension agent.

Six boys are practicing their rifle marksmanship under the coaching of Mrs. Marvin Foster and Bill Watts. Four members of the team will be selected in an elimination contest later this week. The six sharpening their shooting are Loren Cantrell, Jim Copeland, Carey Foster, Craig Foster, John Foster and Reed Stewart.

Nine members are working on their entertainment talents for the Share the Fun Contest under the direction of Mrs. Charlie Da-

vis and her helpers. The nine are Greg Davis, Sherri Drennan, Sheri Foster, June Humble, Vickie Lawson, Brandon Miller, Deborah Miller, Donna Moore and Audrey Thompson.

Last week in reporting the results of the District Horse Judging Contest in Abilene, we omitted the name of Melvin Foster who was fifth high individual in the Open Division. Some thirty coaches, extra members of county teams, and others took part in the Open Division.

The number of confirmed screwworm cases by Friday of last week totaled 588 in Texas with another in Arizona. While the location of confirmed cases did not move much nearer Sterling County, a positive case in Concho County north of Eden did mark the northernmost advance of the pests. This one was in a shearing cut. Sutton County joined the list of counties with confirmed cases with a sample from a calf's navel. These cases

in navels are almost guaranteed to be positive.

Dr. M. E. Meadows, director of the Screwworm Eradication Program, was both pessimistic and optimistic in the latest news release from Mission. On the pessimistic side, he says there is no doubt that screwworms are already bad in Texas and are going to get worse.

He is optimistic though about a new strain of flies being released now. The new strain is larger and more vigorous and their performance in the field is promising.

THANKS, FOLKS:

Thanks to everyone who came to see me when I was in the hospital. To Dr. Swann for being Dr. Swann, Elton and Mildred for finding out that I am a freak. To Mac and Rachel Benge for being so kind. I love you all.

Thanks again, saw bones, for cutting me off my drinks.

Your friend,
GEORGE GARNER

**AN OPEN LETTER
TO THE PEOPLE
OF THE 21ST DISTRICT.**

Two years ago you gave me one of the greatest opportunities for service that could be given to any person--that of representing you and our part of Texas in the U.S. Congress. When I sought this high office I pointed out that I would be only one of 435 Congressmen, and that I could promise no specific legislative accomplishments. I pledged, instead, only my hardest efforts to work in Washington for all the people of this broad District, to have my door open to them, to remember the people who had sent me there, not to forget them. I have tried to do that, and I hope, in the process, to have made some small contribution toward re-establishing the trust of our citizens in this great nation.

In this work, I have sought to keep before me, above all, my responsibility not just to vote for the most comfortable, or the most politically popular policy today, but for the policies that will strengthen the long-range goals of the American people, and make this a better land for the next generation. I am an American, a Texan, and a Democrat, in that order--proud to be all three, but convinced that America should be put above state or party in our considerations.

I deeply appreciate the privilege of representing you in Washington, and hope to be worthy of your support on May 1st so that I can continue to represent you there.

Sincerely,

ROBERT KRUEGER
Member of Congress
