The planning group for the Sterling County Bi-Centennial—Old Settlers Reunion and Alumni set (all together) met here Tuesday evening at the Church of Christ fellowship hall and completed plans for the celebration.

Overall chairman Chesley McDonald presided and many of the plans and committees were finalized.

Everyone is invited to be present at the flag raising.

## Rains Last Saturday

Good rains hit Sterling County last Saturday, first early in the morning hours and then that evening between six and seven.

Favored in the heavier rain the city itself, with the rains outlying areas not so fortunate. The early morning rain was .32 inch at the government gauge at Jim Hinshaw's, and that night 1.80 was recorded here in town.

The amounts were so varied that parts of the county did not get any measurable fall, but it was all welcome.

## Only 36 Votes in Runoff Primary Here

Only 36 Democrats turned out here last Saturday for the runoff primary, involving only 2 state races.

Here, Jon Newton for Texas Railroad Commissioner got 30 votes to 6 for his opponent Jerry Sadler. Statewide Newton won handily.

In the runoff for the Court of Criminal Appeals, Sterling voters gave Dally 25 and Phillips 11, but Phillips won statewide.

The turnout was light over the whole state, it was noted. These two races were the only races listed on the local ballot, there being no district or county races.

Voting was consolidated into one box at the courthouse.

## Toastmasters Club

Lacking only four (4) members in order to charter a club, the Toastmasters organizational group met again Tuesday morning at the community center. Under the leadership of presiding chairman Chesley McDonald and Lt. District Governor Mike Joyce of Midland, the group had one of its best fun-filled meetings aimed at self-improvement in the area of communication.

Local participants were Chesley McDonald, Hank Watson, Johnny Hughes, Aven Shipman, Jim Davis, Bill Brooks, Bobby Dodds, James Thompson, Traugott Vogel, Reynold Foster, Dan Glass and David Foster.

## Behind the 8-Ball

By the editor.

### VACATION TIME COMING

We notice among other small papers and in the trade magazines that many small town news papers are shutting down for a vacation period. In order to give their staff and workers a vacation or rest, I assume.

So it is with us now. We usually close down a week for a vacation and that is it.

In our forty years of putting out a paper, first the Mertzton Star and then the Sterling City News-Record, we have never taken off more than a week at a time. That always seemed to be long enough. But, we have decided to try (for the first time in our lives) a two weeks deal. It may be too much, but we will give it a try.

We always come back (after one week) and have to rush and get out a paper in a hurry.

That ruins the vacation we just had. This time we plan to get back, but not get out a paper that second week.

Due to all the costs of publishing, the cost of paper and ink and mailing, we will try a two weeks off deal.

So, for the first time in our forty years of publishing a little paper, we will miss two weeks. If we like it, we will do it every summer, and if we do not, we'll go back to the one week off.

8-BALL

This paper is, as usual, printed on Thursday. At Lions Ladies night program, an outstanding citizen will be recognized with a plaque and recognition from the club. Since the votes have not been counted as this is being printed, we do not know who will get the honor.

Not as many persons voted on the selection this year as in the past. We guess the 13c postage to mail in their selection kept some people from voting. We wish more people would vote in the years ahead. Such honors and recognition are nice for the ones who help in many ways to make our community a better place in which to live.

8-BALL

The Rev. C. A. Tuckers had a nice fiftieth wedding observance here last weekend, but a story on it was not worked up by Bro. Tucker in time for this issue, but will be in next issue. Sorry about that.

Glass, Mrs. Clinton Hodges, Mrs. M.C. Hendry, Mrs. Charles Probandt and Mrs. Neal J. Reed.

As time goes by changes and additions will be made to these committees.

The cleanup committee named is George Turner, Lee Reed and Cledis Smith.

A big time is being planned and a big crowd of—no one knows—how many will be on hand.

It will take a lot of work and planning and should be somewhat like the 75th Diamond Jubilee here in 1966.

**ALPHABET SOUP**—It's not enough everyone else has been cramming alphabet titles down our throats, now the insurance industry comes along with IRA, HR-10, etc. What's it all about?

Okay. Let's forget the alphabet. 82% of the adult population in the United States is now at work. Most work because of necessity and most, when they quit work, need and want retirement income—a result of their past efforts. Unfortunately, a high percentage of this work force either change jobs before becoming eligible for retirement or work where there is no retirement plan. On September 1, 1974 the President signed into law a portable retirement plan, making it possible to have a retirement income even if you change jobs frequently or work where there is no retirement plan. Portable retirement plans that work for the earning individual is what the alphabet...IRA (Individual Retirement Account) and HR-10 (Keogh) are all about. ## OUR GREAT LIQUID ASSET—WATER!

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLIGENCE CAN LEAD TO SERIOUS PROBLEMS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED... PEOPLE SHOULD COME FIRST!

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

## Spotlight on HEALTH

### PROFILE OF A COLD VICTIM

What are your chances of catching cold? According to a booklet on the subject, they're especially good if you're female, live in a large city in the western or north-eastern part of the U.S., and are the mother of a child under 6 years of age. Young children are the greatest cold-spreaders. Your chances are further enhanced if you're going through a period of stress and strain. "Contentment preserves one even from catching a cold," the great philosopher, Nietzsche once said.

The booklet, which discusses the common cold, is distributed by Winthrop Laboratories, the makers of Neo-Synephrine nose drops and nasal spray that are widely used in the U.S. and abroad.

Keeping up one's resistance helps to avoid the common cold, according to the publication, which advises getting sufficient fresh air and exercise, well-balanced meals, and as much sleep as possible in a well-ventilated bedroom. In cold weather areas, an extra hour a night is recommended.

Early stages of the common cold are the most contagious. Every sneeze fills the air with thousands of virus-laden droplets. To help

prevent spreading a cold to the rest of the family, to friends and to co-workers, everyone should have his own glass, cup, silverware and towels. Hands should be washed thoroughly and often, preferably with a liquid antibacterial skin cleanser. pHisoHex is the one that is used in most U.S. hospitals to help prevent spread of infections. Particularly during the cold season, it is wise to keep a handwashing preparation in the kitchen, as well as in the bathroom.

Your chances of catching a cold will be reduced if pre-

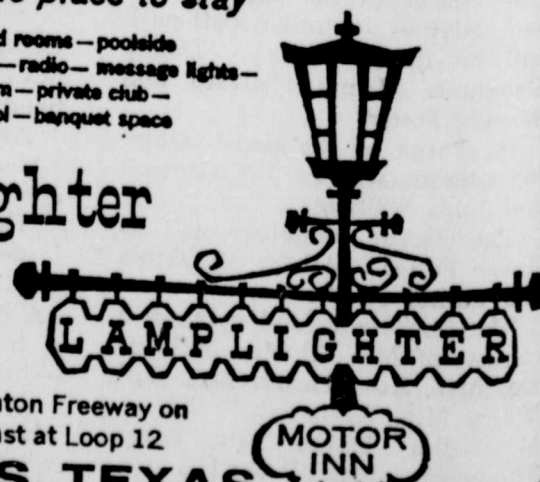

cautions are taken. However, the Winthrop booklet also states that it is not completely possible to avoid a cold. Just breathing the air that someone with a cold has merely talked into offers the possibility of infecting a healthy person.

### MCT PLAYING ADULT COMEDY "A Delicate Balance"

Edward Albee's A DELICATE BALANCE was selected as the fourth play of Midland Community Theatre's 30th Anniversary season. This adult comedy-drama won the Pulitzer Prize in 1967. The plot centers on Tobias and Agnes, an affluent couple who find that the delicate equilibrium they have been able to maintain in their lives together, is threatened by a triple invasion of their tense but carefully balanced household.

Two of the invaders are a neighboring couple, their BEST FRIENDS for forty years who have come to ask hospitality, indefinitely, because they have been seized with an indefinable anxiety, A TERROR.

The third intruder is the daughter of the household who has scurried home from the break-up of her fourth marriage, bringing with her a load of hysterical distresses and accusations.

Coolly observing but not participating in these balance-upsetting events is Claire, Agnes' alcoholic and sharp-witted sister who also lives in the delicately balanced household.

Assuming the roles of Agnes and Tobias will be Pat Griffith and a newcomer to the MCT stage Richard Phillips of Odessa. Another Odessan, Flo Hughes will be seen as their much-married daughter, Julia.

Shirley Ireland and Bickley Powell are cast as Edna and Harry, the frightened couple who seek shelter with the best friends. Mary Lou Cassidy will be seen as the alcoholic, outspoken Claire.

Pat Voss is stage manager for A DELICATE BALANCE. Art Cole is the designer-director and assistant director for the production is Jerry Watson of Midland College.

There are seven scheduled performances of A DELICATE BALANCE beginning on June 4. There will be one matinee, June 13 at 2:30 p.m. Tickets for Friday and Saturday night performances are \$3.00 or by membership card. Reservations may be made by phone or letter.

MCT phone is 915-682-2544, and P. O. Box is 4847, Midland, Texas 79701.
