Eagles Play Jayton Here Tonight

Drop Game to Forsan Last Friday

The Sterling City Eagles football squad wind up the 1876 season here tonight with a game against the Jayton Jaybirds at 7:30.

Coach Slaughter's boys lost 34 to 0 last Friday night to the top team in the district, Forsan.

The Forsan Buffaloes have racked up more than 300 points this season to their opponents 6. That was on a T.D. by Garden City. The Buffaloes seem to be in control of this zone of the district.

HOME COMING ACTIVITIES

Last Friday night was homecoming here. Lee Fleming, son of Mrs. Don Fleming was named football hero by the pep squad girls. Patti Bynum was named football sweetheart by the boys on the team, and the couple were feted at halftime.

The last pep rally of this season will be held in the school gym this afternoon at 2:20 and the pep leaders cordially invite all interested townspeople to attend. The game tonight is the final and the leaders hope for a good crowd.

LIONS CLUB

The Sterling City Lions Club met at noon Wednesday in the community center.

Dan Glass reported on the turkey shoot that the club had sponsored Sunday afternoon. A total of 16 turkeys were won by participants. \$170 was taken in.

GOLF TOURNAMENT HERE SATURDAY
It was announced that the last golf tournament of this year was to be here Saturday beginning at 12:30. Everyone is invited to enter.

Pounding Honors Couple

Mr. and Mrs. Wayland Foster and Mr. and Mrs. Winn McClure hosted a pounding for Miss Judy Copeland and John Eubank at the Wayland Foster home last Saturday night. Forty persons were present at the affair, which was a masquerade party. All guests came in costume and the prize winners were Virginia Copeland and Johnny Copeland.

The Halloween motif was carried out in the decorations as well as the refreshments.

Lions Turkey Shoot Held Here

A small crowd showed up at the Lions Club turkey shoot on last Sunday afternoon. It was held on the shooting range west of town.

In the trap shoot Ross Foster won 1 turkey, Loren Cantrell 4, and Jim Davis 2.

Winning turkeys in the 100 yard rifle target shoot were Joe Williams and Gary Foster.

Don Moore, Gary Foster and Royce Murrell were winners in the pistol competition.

In the rannin deer competition Jim Davis won 2, and Danny Glass 1.

Fifteen turkeys were awarded to winners that afternoon.

\$170.25 was grossed by the club that afternoon.

SHS Starts Season's Basketball

The Sterling basketball girls traveled to Loraine Tuesday night to start the basketball season. The B team lost 31 to 30 to the Loraine B team. Forwards for Sterling were Melinda Terry, who scored 12 points, Lisa Rich, who scored 10 and Janice Greenfield, who scored 8. The guards end of the court was made up of Susie Humble, Marcy Jordan and Vicki Lawson.

The A team lost to Loraine 45 to 56. The forwards were led by Kay Beth Kilpatrick with 17 points, Lisa Rich with 16 points and Lynese Gaston with 12.

A very fine defensive agme was played by Kim Rich, Patti Bynum, Debra Watson and Marcy Jordan.

Our next game is Tuesday, November 9. Everyone that can or will attend will be pleased to see the girls in action.

Noratadata Club

Mrs. Hubert Williams entertained the Noratadata Club in the community center Tuesday night of last week. The Halloween theme was carried out in decorations.

The club decided to hold the annual rummage sale in November. A date will be set soon.

A dinner plate was served to Mmes. Bill Brooks, Henry Bauer, J.L. Cope, Worth Durham, I.W. Terry, Hank Johnson, Chesley McDonald, F. S. Price, Bill G. Watts, Forrest Foster, Finis F. Westbrook, Winn McClure, M. C. Reed, Dayton Barrett. Guests were Mrs. Danny Slaughter and Mrs. Crisp Williams.

Prizes went to Mrs. Danny Slaughter, Mrs. Crisp Williams, Mrs. Winn McClure and Mrs. Bill Watts.

Rummage Sale

The Noratadata Club will hold its annual rummage sale here on November 16 and 17, it has been announced.

The sale will be held in the American Legion Hut both of those days, said Mrs. Foster S. Price, president.

Clothes, and odds and ends of all kinds will be on sale.

once or twice, they are damaging pecans in some areas. Because of the longer than normal infestation period, one or two sprays did not control them.

Several pecan shows that have attracted local entries will be held in the next few weeks. The Trans Pecos Pecan Show is scheduled for November 22 in Rankin. Thus far, we have not received information on the date of the Tom Green County Show but this should be available soon.

If you would like to make an entry in one of these shows, contact the County Extension Office here for help in preparing your entries.

General Election Is Held Tuesday

W. R. Morgan Buried Tuesday

Wm. Roy Morgan, 84, retired banker and rancher, died in the Sterling County Hospital on November 1, 1976 after an extended illness.

Funeral service were held at 2 p.m. Tuesday in the First Baptist Church with burial in the Montvale Cemetery under the direction of Ross Funeral Home.

Mr. Morgan was born in Irion County, Texas, near Sherwood, on August 30, 1892. He was the son of William Cyrus Morgan and Ellen Gibson Morgan, early day settlers of the area. He grew up in San Angelo and graduated from San Angelo High School.

He served with the U.S. Army during World War I in the European Theatre in France and Germany with the 5th Division Ammunition Train, and was in the battle of San Miguel. He was stationed in Luxemburg after the war and returned to the United States in July, 1919.

After graduating from San Angelo Business College, he accepted a position with the First State Bank at Sterling City in January, 1923. After this bank was consolidated with the First National Bank of Sterling City in 1925, he served with the latter bank for twelve years until 1937.

In 1937, he acquired a ranch in Upton County and was active in ranching business there until October 1948, when he returned to Sterling County and continued to ranch for several years.

He was a member of the First Christian Church and served as a deacon and teacher in that church in Sterling City for many years.

He was active in civic affairs of the community, serving as a member of the Sterling County School Board for 8 years from 1959 to 1967. He had also served as secretary of the Lions Club and had held various posts in the American Legion.

He was married to Prebble Durham, then County & District Clerk of Sterling County, on April 8, 1944, in Sterling City, Texas.

He is survived by his wife; one son, James Durham Morgan of Austin, Texas, and one brother, H. W. Morgan of Monahans; two sisters, Mrs. Lillian Loe of California and Mrs. Jack Smith of Rankin; and by three half-sisters, Mrs. Charles Coombes and Mrs. O. W. Carlock of Corpus Christi and Mrs. Inez Davis of San Antonio, Texas.

P.-T.A. Carnival

The annual Parent-Teacher Association Halloween Caarnival was held at the school last Saturday night. Over \$1,000 was grossed and over \$700 was netted, it was reported.

Ginger Collins was chairman for the event this year.

Money raised will go toward the association's projects

THANK YOU

To the people of Sterling County:

Mary Jo and I appreciate your vote and support as your county attorney in the general election just held.

I will perform to the best of my abilities in carrying out the duties of the office.

Thank you again.
Worth B. Durham

Ford 202; Carter 174

Gerald Ford and Bob Dole found favor with Sterling voters Tuesday in the general election to the tune of 202 to 174. But the state went for Carter and thereby nullified the Sterling vote.

In the local box Carter was ahead of Ford 132 to 127, but all other boxes gave Ford the nod, some two to one.

Lloyd Bentsen was reelected as U.S. Senator over Steelman 247 to 121 here and a big majority all over the state.

Congressman Bob Krueger got 307 votes here to 60 for his opponent, Bobby Locke.

For the state Supreme Court, Don Yarbrough got 199 votes to Sam Houston's 87 in his write-in campaign.

Democrat Elrod was renamed to the state school board over Dell Foster. Here he got 260 votes to Foster's 74.

District Judge Earl Smith got 299 votes here, District Attorney Gerald Fohn 291, Neither man had opponents.

In county races Sheriff, Tax-Assessor, Collector Jim Cantrell got 315 votes. County Attorney Worth Durham got 282 and a write-in for Howard Cudd developed and he got 46. For the two unopposed county commissioners, Cledis Smith got 236 and Bill Bynum 37. There was a sprinkling of write-ins for the county offices but none of any consequence.

On the water bond amendments to the state constitution—both went in this county. Number 1 went 141 to 136. Number 2 went 148 to 122.

Nationwide Carter and Mondale won the presidential race.

Texas went for Carter and both amendments passed statewide.

Grand Jury Met Here Monday

TWO INDICTED

The 51st District Court Grand Jury met here Monday morning. Earl Smith is the district judge and Gerald Fohn is district attorney.

In docket number 527 Jesse U. Amador was indicted for assault with intent to murder.

In docket case number 528 Larry Arnold was indicted for burglary.

On the civil docket case number 830, R.C. Gunter vs. Dorchester Gas Producing Co. the case was found for the defendant and the plaintiff was ordered to take nothing.

In the case number 835, that of T. L. and Ethel Murrell vs. National Stone and Siding Co. judgment of \$3,095 was awarded the plaintiffs.

A jury trial in the civil case of Jackie Thornton and W. Y. Bengé Jr. vs. Seidel, Inc. and Donny S. Brandstetter was set for November 22 by the judge.

Engagement Is Announced

Mrs. Beth Wells announces the engagement and approaching marriage of her daughter, Jeanie Elizabeth to Royce (Speedy) Sparks. The wedding has been set for January 22.

Miss Wells is a student in Angelo State University and Speedy is employed at the Dorchester Gas Producing Co. here.

AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Below freezing temperatures in much of the county on October 20 have not had time to slow down the screwworm flies according to the last report from the Mission laboratory. Ten confirmed cases have been recorded in the county since the last report in this column.

The Stringer Ranch recorded two cases while the following recorded single cases: R.T. Foster, Jr., J.Q. Foster, H.L. Hildebrand, S. K. Horwood, Caldwell and Palmer, Marvin Foster, Collins & Wilson, and the Little F Ranch. During the same time two samples were identified as nonscrewworm, one on the R. T. Foster Jr. Ranch and one on the L.C. Clark Ranch.

Eradication program officials say that the worlds largest sterile fly production plant, the recently opened one in Mexico should be producing 200 million flies weekly by this time. Rated capacity of the plant is 300 million weekly. The majority of the flies is now being used in the southern third of the Baja California peninsula. Future use of these flies calls for the majority to be used in north-eastern Mexico.

Dr. M. E. Meadows, director of the Mission lab, says that sterile fly distribution will be pulled back to the overwintering area south of a San Antonio-Victoria line shortly after November 1; this means drops here will probably cease around that time.

Ranches, farms, and other enterprises defined as 'agricultural operations' with ten or fewer employees at any time have been exempted from previous provisions of the Occupational Safety and Health Act (OSHA) for another year. Originally, they

were to have come under the provisions of the Act on October 1 this year but have now been exempted until October 1, 1977.

The change came about when the bill was amended during Congressional debate on an appropriations bill this year. The amendment stipulates that no civil penalties would be imposed on first-instance violators (other wilful, serious or repeated violations) and exempted agricultural operations with fewer than ten employees.

The Sterling County Livestock Show Association has set January 10, 1977—a Monday—as the date for the county livestock show. The date along with a list of people to be contacted as possible judges was selected at a recent meeting of the association.

A slate of officials for the association was also selected at the meeting. President of the 1977 show is Charles Probandt. Melvin Foster will serve as vice president; Mackey McEntire was elected treasurer. Frank Price will serve as superintendent and David Drennan is assistant superintendent. Worth Durham will head the sales clerk force. Auctioneering duties will be handled by Riley King and Chesley McDonald.

Classes will be similar to those in the past.

Pecans are being harvested here with most people reporting a good crop of nuts. Like some other areas, there is damage from weevils, scab, and shuckworms, however. This year the weevils, or REDHEADS were strung out over a longer than usual period of time due to the rains and even though you may have sprayed

NEWS OF EDUCATION

College Students: Bored of Education?

To many concerned parents, today's college students seem much less impressed with the importance of their education than were students of years ago. Sometimes, the students even seem bored.

But educators and psychologists point out—seriously, yet sometimes with a smile—that many college students today are learning far more at school than their parents ever did.

Today education is different. Not only do new teaching methods make learning easier and lots more effective, but also college is seen as a place for social—as well as academic—instruction.

Which is as it should be, when you consider that college is a mini-model of the tough outside world students will soon enough have to cope with and function in. And adjusting properly to that world is just as impor-

tant and just as difficult as any course a school has to offer.

That's why so many students are getting involved with the running of their schools. The actuality of practical campus politics is a good deal more enlightening and instructive than classroom theories.

That's also why students seem to take their competitive sports more seriously than ever before. Trying to do one's best is very much a part of the outside world and these kids are very much aware of it. They play hard and work hard at keeping themselves fit with effective medications like Tinactin cream, solution and powder, which fight most fungus to kill and help prevent athlete's foot, that old college locker room nemesis.

Unfortunately, these kids—the good kids who make up the majority of this nation's student body—rarely make news on radio or TV. But their abilities and straight thinking have not gone unnoticed.

Each year, more and more of these grade-A students are being recruited by business and industry before graduation.

Which would indicate that they were far from bored with their college education.

DUMP GROUND USERS—New regulations require burning of trash before dumping. Please dump from both sides of the pit. No car bodies or wire or old large appliances allowed.

Do not put burnable paper or stuff any where in dump ground. Burn it first.

STERLING COUNTY

OUR GREAT LIQUID ASSET—WATER!

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLIGENCE CAN LEAD TO SERIOUS PROBLEMS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED... PEOPLE SHOULD COME FIRST!

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

Directions for Packing and Shipping Heads from Suspected Rabid Animals to the Laboratory

Increasing difficulty to confirm a diagnosis of rabies is being experienced with the submission of animal heads for rabies examination when shipment by air takes as long as four days between shipping date and receipt. If at all possible, we recommend to those who use the State Department of Health laboratory service in Austin, that they USE THE VARIOUS BUS COMPANIES. Pack the animal head in a leakproof plastic bag. Enclose a second leak-proof plastic bag filled with ice or use water frozen in plastic bottles. An outside container of sturdy construction (styrofoam serves nicely and is inexpensive) must be used. Also, use packing material to absorb water in the event of leakage. The box should be securely taped down and marked, KEEP UPRIGHT—PLEASE. A note to telephone the Health Department Laboratory (454-3781 Ext. 313) on arrival, should be prominently displayed.

A golden opportunity in law enforcement awaits qualified young men. Get in touch with your Texas Department of Public Safety office or patrolman.

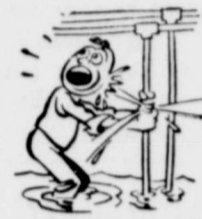

Thanks for you past patronage.

Spotlight on HEALTH!

PROFILE OF A COLD VICTIM

What are your chances of catching cold? According to a booklet on the subject, they're especially good if you're female, live in a large city in the western or north-eastern part of the U.S., and are the mother of a child under 6 years of age. Young children are the greatest cold-spreaders. Your chances are further enhanced if you're going through a period of stress and strain. "Contentment preserves one even from catching a cold," the great philosopher, Nietzsche once said.

The booklet, which discusses the common cold, is distributed by Winthrop Laboratories, the makers of Neo-Synephrine nose drops and nasal spray that are widely used in the U.S. and abroad.

Keeping up one's resistance helps to avoid the common cold, according to the publication, which advises getting sufficient fresh air and exercise, well-balanced meals, and as much sleep as possible in a well-ventilated bedroom. In cold weather areas, an extra hour a night is recommended.

Early stages of the common cold are the most contagious. Every sneeze fills the air with thousands of virus-laden droplets. To help

prevent spreading a cold to the rest of the family, to friends and to co-workers, everyone should have his own glass, cup, silverware and towels. Hands should be washed thoroughly and often, preferably with a liquid antibacterial skin cleanser. phisoHex is the one that is used in most U.S. hospitals to help prevent spread of infections. Particularly during the cold season, it is wise to keep a handwashing preparation in the kitchen, as well as in the bathroom.

Your chances of catching a cold will be reduced if pre-

cautions are taken. However, the Winthrop booklet also states that it is not completely possible to avoid a cold. Just breathing the air that someone with a cold has merely talked into offers the possibility of infecting a healthy person.

Social Security

Social Security benefits were being paid to residents of Sterling County at a rate of \$30,913 a month at the start of 1976, Frank Upp, social security manager in San Angelo, said.

Of the 194 social security beneficiaries living in Sterling County, 104 are retired workers and 7 are disabled workers. Another 83 are receiving benefits as the dependents of workers who are retired, disabled, or deceased.

In Sterling County, 47 people under age 65 and 147 people age 65 and over are receiving monthly social security benefits. Of total beneficiaries 74 are men, 93 are women, and 27 are children. The children receive payments because a working father or mother has died or is getting social security disability or retirement benefits.

THE LANGUAGE OF FOREIGN MARKETS

Called "diner" in Spanish, "argent" in French, and "gelt" in German, money is luring increasing numbers of American executives to visit distant lands in search of business.

Progressive companies are realizing that the demand for the bilingual executive is growing. They have, therefore, begun adopting language training programs for their personnel.

Previously, training of employees was done in classroom groups. But most companies have found that the busy businessman couldn't be tied down to a 10:30 class twice a week—and preferred an individualized approach to learning.

Employees of Control Data Corporation had an even more troublesome "time" problem. Twenty-five employees of this computer company were being sent to Germany to set up a system for Volkswagen. They wanted to learn German but couldn't be pinned down to a schedule, since they were needed whenever computer time was available.

The Sullivan Language Schools, a nationwide network of centers with headquarters in Palo Alto, Calif., solved their problem by setting up an individualized "school" on their premises. The unique Sullivan method was developed under a Carnegie Foundation Grant by the noted linguist Dr. M. W.

Sullivan. It uses programmed texts and coordinated cassette tapes. The student can work whenever he wants to and at his own pace. With this set up, the Control Data personnel fit their lessons in between projects, when computer time is not available.

The Sullivan Language Schools have also helped Sears, Roebuck and Co. fashion buyers to learn French and the Latin American Section of A.B. Dick Co. to learn Spanish. The ambitious Japanese of Mitsui Corp. who already speak English are moving on to French, German and Spanish.

Even if their employees are not assigned to overseas duty, some large firms are offering language lessons as a fringe benefit. Companies with plants in Spanish-American districts sponsor courses in Spanish so that their people can better relate to the community.

All in all, the executive who says, "I don't need a second language—there's always someone who speaks English" may become obsolete.

Insur-Mation

By Waldon Millican

COKE-STERLING FARM BUREAU
Box 11 Robert Lee Ph. (915) 453-2812

ARE THERE ROUTES LESS EXPENSIVE THAN OTHERS FOR SETTLING ESTATES?

Yes. There are no penalties; therefore, no interest if the estate is settled on time. Furthermore, no shrinkage, no 'for sales', no anxiety having to sell the South 40 for \$100 an acre when it's worth \$225. The key... liquidity. The foolproof product that will provide the money to pay the cost of settling an estate at the time of death is life insurance. Many substitutes have guaranteed not to shrink, ravel at the seams or fade out to provide cash to settle an estate but nothing compares with life insurance. There is no estate; therefore, no cost of estate settlement until death occurs. When it does, life insurance becomes money bought on installment to solve this problem.

A GIFT OF LIFE

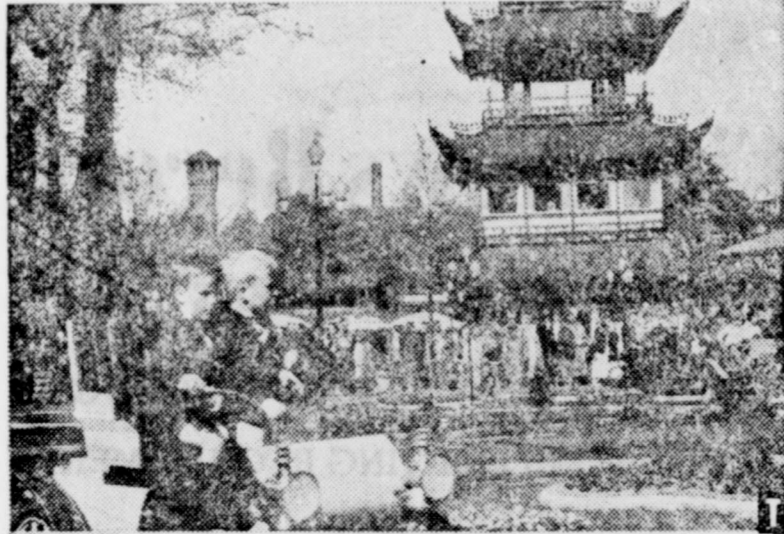

Your contribution to the American Cancer Society in memory of your loved one will help support a program dedicated to the conquest of cancer. Your memorial gift will not only do honor to the dead. It could help provide a gift of life.

NEWS of Travel

LET YOUR CHILD TAKE YOU THROUGH DENMARK

One of the questions you hear over and over again when tourists plan their vacation is: "Where do we find a place where all members of the family can have fun and where prices fit our family budgets?"

The answer is easy. For tots and teenagers, for 20-year-olds to senior citizens, Denmark offers a variety of fun that can't be found anywhere else.

Your children will be completely captivated by a visit to a real fairy-tale park with its Renaissance castle Egeskov, erected in a lake, on the island of Funen. In the barn there is a museum filled with vintage aeroplanes, cars and motorcycles.

Denmark is truly a children's wonderland. Of course there are summer camps, riding schools and sailing schools. But what about the real children's traffic school at Legoland? The miniature village in Jutland is virtually a children's paradise.

From June through September, you can ride the Veteran Railway every Sunday from legendary Elsinore (site of Hamlet's castle) to the resort of Gilleleje, and there's a parade every Friday by the Elsinore Girl Guards.

For the adventurous, there is Givskud Lions Park, where you'll see African Lions, enor-

mous elephants and gentle giraffes in natural surroundings. Driving your car among these exotic animals is comparable to enjoying a mini-safari.

At the Circus Building, Benneweis, Scandinavia's biggest circus, presents world artists in the ring every night, from mid-April to September 30. Tivoli, Denmark's world-famous fairy-tale garden in the heart of the city, is filled with amusements for children and adults, restaurants and dancing from May 1 to September 16. It features a fascinating playground, Children's Holiday Shows, the Pantomime Theater, The Open-Air Stage, the Tivoli Boy Guards, parades and fireworks. And every Tuesday throughout the summer, there is a very lively children's circus in the Odense Zoo.

Denmark even has its very special Hans Christian Andersen Festival held in the Funen Village, in his native town Odense, from July 6 to August 5, where children enact Andersen fairytales on an open-air stage, that will delight the whole family.

For more information on events for children in Denmark this year, write to: Danish National Tourist Office, Scandinavia House, 505 Fifth Ave., New York, N.Y. 10017.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week include:

W. J. Williams
Enochs Hooper

Dismissals since Thursday morning of last week were;

Mrs. Fred McCabe
Mrs. Calvin Poindexter
Roy Morgan, deceased
Janis Osieja

Residents in the Sterling County Nursing Home on Thursday morning of this week were;

George Case
Mrs. Lucy Chaney
Mrs. Blanche Copeland
Mrs. Luther Hallmark
Mrs. Lura McClellan
Mrs. Edith Hudson
Mrs. Ida Brown
Mrs. Jim Duke
Jim Duke
Mrs. Lucy Norman
Mrs. J. E. Bynum
Noble Read
Mrs. Minnie Pinson
Mrs. Noble Read
Mrs. O. M. Cole
Mrs. Mabel Martin
Mrs. Clifford Carpenter
Mrs. Iver P. Mercer
Mrs. Lena Key
Roy Foster
Mrs. Walsie Gibbs
Mrs. Tiny Longshore
Mrs. Nora Dunn
Mrs. Mandy Abernathy

SCHOOL LUNCH ROOM MENUS

(All Type A lunches served with 1/2 pint milk, bread and butter.)

LUNCHES

MONDAY, NOVEMBER 8

Steak Finges
r Green Beans
Potatoes
Cake

TUESDAY, NOVEMBER 9

Enchiladas
Pinto Beans
Salad
Cookies

WEDNESDAY, NOVEMBER 10

Hamburgers
French Fries
Lettuce
Tomatoes

THURSDAY, NOVEMBER 11

Pizza
Blackeyed Peas
Cole Slaw

FRIDAY, NOVEMBER 12

Sandwiches
Potato Chips
Lettuce and Tomatoes
Brownies

BREAKFASTS

MONDAY, NOVEMBER 8

Pancakes
Pears

TUESDAY, NOVEMBER 9

Scrambled Eggs
Biscuits

WEDNESDAY, NOVEMBER 10

Cheese Toast or Cinnamon
Toast

THURSDAY, NOVEMBER 11

French Toast
Orange Juice

FRIDAY, NOVEMBER 12

Cereal
Banana

PICTURES

In our method of printing at the News-Record, we have to mail off pictures and have a cut or engraving made to print from. This takes at least a week; and it costs money. We make a regular charge for using pictures—which is our cost; only. The cost runs \$3 for a single column picture to \$6 for a big 2 column wide picture. This includes all pictures, like weddings, winners and the like.

News Items—if you have a worthy news item, call it in to the paper. 378-3251.

TEXAS OIL COMPANY has opening in Sterling City area. No experience necessary. Age not important. Good character a must. We train. Air Mail A. S. Dickerson, Pres., Southwestern Petroleum Corp., Ft. Worth, Tex.

THAT'S A FACT

THE LONG WALK

COL. RUSSEL FARNUM OF NEW HAMPSHIRE WALKED FROM ST. LOUIS, MO. TO ST. PETERSBURG-NOW LENINGRAD-IN 1912-13. FROM ALASKA, HE CROSSED THE FROZEN BERING STRAITS TO SIBERIA.

WEALTH HAZARD!

THAT'S YOU-IF YOU DON'T SALT AWAY SOME OF YOUR SALARY EACH WEEK! JOIN THE PAYROLL SAVINGS PLAN WHERE YOU WORK, AND THEY'LL SET ASIDE A SPECIFIED AMOUNT FROM YOUR PAYCHECK. IF YOU CAN'T TRUST YOURSELF... TRUST U.S. SAVINGS BONDS!

DON'T BOTHER TO COUNT!

BUT IF YOU'RE AT ALL INTERESTED, THERE ARE 25,344,000 BUBBLES CONTAINED IN A POUND OF SOAP!

I appreciate your past business. I will appreciate your future business. Thanks.

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-up is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.
